Chapter 3731: Please mirror

"Bang! Bang! Bang!"

When the audience was shocked by the beauty of Ise Jingu's Mikami and the solemnity of the festival, the knocking sound resembling a wooden barrel sounded again.

Everyone's expressions were stunned, and they opened their eyes and looked at each of the next scenes seriously.

"Tingling bell~."

Mikako turned her back to the camera, and the golden Kagura bell she held in her right hand slowly lifted, shaking it gently, and the crisp bell sounded again.

With a slender and graceful back, Mikami danced solemnly.

The movements are very slow, and the bells are not loud enough, but with the hundreds of kneeling priests and witches, and the golden brilliance that she shakes every time she shakes the bell, they all give the audience a sense of sacredness that washes their hearts.

Even the dead otakus on the nico website shouting wives and wives, after seeing the slow dance of Ise Jinzakura, they all fell silent one by one, the volume of barrage was drastically reduced, and everyone was appreciating quietly, ecstatically intoxicated. Watching Ise Jinzakura dance on the Kagura Hall.

The toes rise on tiptoes, and then slowly fall.

The bell shook, and the voice was soft.

The slender body revolved around, and the audience saw her pure and holy face, and saw Mikami's serious and serious look, and they liked it even more.

In Ise Jingu, she is the only one still dancing.

Only she was still dancing and spinning slowly on the stage.

The bells are crisp and the light spots burst.

The brilliance of the ground splashed on the ground like water drops, and more than a dozen maidens kneeling on the stage looked up and admired the beautiful dance of Mikami.

Surely Omikami would be very happy when he saw it, right?

"Jingle Bell!"

Ise Jinzakura suddenly rang the bell, as if to end Kagura Dance, and it was a pity that countless viewers hadn't watched it enough!

Fortunately, Kagura Dance is not over.

On the contrary, tonight's ceremonial ceremony has just begun!

Ise Jinzakura made a strange movement. She raised her right hand, and Kagura bell in her hand was facing the altar on the stage, her left hand was raised back, the toe of her right foot was raised, her waist was bent, and she seemed to be making a Respectful posture.

She will respectfully invite someone or something to the stage.

"I see, it's Amaterasu!"

"Yes, yes, only Omikami can make the Mikako of Ise Jingu make respectful moves."

"It is said that there is one of our three sacred artifacts, Yata Mirror, in Ise Jingu."

"Isn't it?"

"Jingle Bell."

When the audience was speculating, Ise Kamakura once again rang the bell. This time the ringtone spread widely, as if it had spread to the hearts of countless audiences.

Let them all refresh.

"Gong please [Ya Zhi Jing]"

Afterwards, a mirror shrouded in white brilliance flew out of Ise Jingu, and landed straight on the altar of Kagura Hall. It briskly rotated for a full circle without any support, but this sacred mirror stood on the spot. , The mirror was aimed at the audience, and a slight golden light burst into the mirror.

"Yatayama mirror?!"

The audience understands that this is indeed one of the three artifacts of Sakura Country.

But what surprised them was that the Mikamiko of Ise Kamakura shook the bell again.

"Jingle Bell."

Amid the crisp sound of bells, a sword flew out of Ise Jingu again, and flew around Kagura Temple for a week, as if showing off its strength, and then suddenly fell on the altar, located in Yatayama Mirror. On the left side, not in the middle.

"This sword is... Kusanaru sword?!"

Chapter 3732: call

By the time the third artifact, Bashaqiong Gouyu fell to the right side of the mirror, the audience in the Kingdom of Sakura was all dumbfounded.

Even when the emperor came to the throne, they had only seen the handover ceremony of two artifacts, Qiong Gouyu and Kusuna Sword, passed to the new emperor.

But now, a night festival in Ise Jingu has produced a complete set of three artifacts, and this Mikami leads hundreds of clergy to worship the three artifacts together!

In a sense, the Ise Jingu festival in this live broadcast room is more grand than the emperor's ascension to the throne!

"So, Ise Jingu is the custodian of Yata Mirror."

"Emperor Linghe was actually willing to bring out two artifacts to her?!"

"Hey, don't ask me why I know."

"Did you see? Fool!"

After regaining consciousness, the audience was arguing, but everyone was quite excited, because this is a rare sight, no, it has never been seen before, for the first time the three artifacts of the Kingdom of Sakura gather together!

Moreover, judging from the golden light that this Ise maiden shook the Kagura bell, she seemed to possess some kind of magical power.

What will happen next?

"The Sacrifice Ceremony of Omikari begins!"

Ise Jinzakura rang the bell again, and the priests and maidens in the audience began to chant prayers. The solemn voice replaced the beautiful Kagura dance before, which lasted for a long time.

After chanting the prayers, Ise Jinzakura also knelt down in front of the three artifacts, closing her eyes and chanting.

Li Yun, there are others who don't understand this ancient language, which is similar to Sanskrit, and only thinks it sounds very sacred, with empty inspiration to wash the soul.

The chanting of prayer lasted for a long time, until Li Yun, who was sitting on the railing, was about to fall asleep before it finally ended.

But he was not surprised, after all, the orthodox Kagura dance and the Kagura dance used in the anime to show the heroine's beauty are not used. They are more solemn and solemn than to show the beauty of the shrine maiden.

Of course, the beauty and beauty of Ise Kamakura is no worse than the heroines in the anime, and even because of her pampering relationship, her temperament is a bit better than the heroines in the anime.

Moreover, when she was chanting the prayers, her petite and exquisite body was also emitting a faint radiance, and her whole person seemed to be shrouded in sacredness. Although she was kneeling, she gave people a sense of lofty dignity.

"As expected of Mikamiko, so amazing."

"Can't you make a mistake after reading for so long?"

"Ise Jinzakura... the name is as beautiful as a person."

"My wife!!"

"Shut up, you guys, I said before that those witches are your wives."

Li Yun glanced at Xiao Mingzhu, who was broadcasting live on her mobile phone, and took out her mobile phone to look at it, and found that 90% of the audience's topics were about the little witch. From her height, age, to name and experience, she planned to dig it all over again.

It's a pity that if Xiao Mingzhu hadn't explained it and said Ise Jinzakura's words, they would never know who the Mikamiko of Ise Jingu was.

"Jingle Bell!"

The ringing sounded again, which represented the end of the prayer session. Ise Jinzakura, who was kneeling on the ground, shook the bell and slowly got up.

Everyone on and off the stage was still kneeling, only she walked on the altar alone, walking all the way, shaking all the way, the Kagura bell jingled, and in the silent night, the sacred maiden walked up to the altar step by step, giving People have a very solemn look and feel.

Chapter 3733: Come

"What is she going to do?"

The audience's question did not last long. Ise Kanzakura put down the Kagura bell, took out the middle Yata mirror, closed her eyes and held it to her chest, seeming to be muttering something in her mouth.

Afterwards, she lifted the magic mirror aloft, and shouted with a crisp voice, majestic and majestic: "Oh God, please come here!"

"what?!"

Those who understood her were shocked.

Was it really summoning Amaterasu Daimikami?

However, Li Yun looked dazed, how did he feel that every time the curse of this little maiden summoned the Great Royal God, it was different? Dare to love spells are not fixed!

The spell is casual, but the effect is extremely shocking.

I saw a golden and white brilliance falling from the sky, like a shooting star across the sky, landing on the Kagura Hall, penetrating the roof, hitting the Yata mirror heavily, and then rebounding, the light blooming like a firework As soon as he opened, Xiao Mingzhu pointed the camera of his phone at the sky, and the stunned audience saw that half of the night sky was shrouded in light.

What was even more shocking was that a pale golden goddess slowly landed on top of Ise Jingu.

At first it was just a huge phantom, but after approaching Ise Jingu, the golden goddess phantom gradually solidified and turned into a noble goddess wearing female armor, holding a sharp blade, and staring flatly at the people below.

At this moment, the tens of millions of viewers in the live broadcast room seemed to have stopped breathing.

The majesty of the golden goddess seemed to escape from the screen, deeply shocking the audience in front of each screen.

Especially the indifferent eyes of the goddess, when facing the camera of the mobile phone, millions of viewers hurriedly diverted their eyes, not daring to look directly at the true face of the goddess.

Only one thought reverberated in my mind: This is the Amaterasu God! It is the highest deity of Sakura Country and the patron saint of Sakura Country.

Omikami was personally summoned by Mikami of Ise Jingu, a true **** with powerful power!

Enough to protect the cherry blossom country from disasters in the future era of aura, all the monsters and ghosts spawned by the aura, all dare not enter the cherry blossom kingdom!

Ise Jinzakura, the messenger of the Omikami, is a true **** witch.

It's just... they suddenly heard an exclamation."

"Wow!!"

In the live broadcast room, there was an exclamation sound that almost frightened many viewers' jaws.

what happened? !

When such a solemn goddess descends, there is actually a little girl yelling!

"Wait, this voice...how do I feel like Ise Kanzakura?!"

Someone reacted.

"Yes, it seems to be the voice of the Mikamiko."

Li Yun at the scene could see clearly, it was the exclamation of the little witch.

Xiao Mingzhu turned the lens from the goddess in the night sky to the Ise Shenzakura walking out of the Kagura Hall.

Thousands of viewers have seen it. The formerly serious and solemn Mikami is now full of exclamation on his small face. He walked out quickly with the Yata Mirror in his hand, and looked up at the golden goddess in the night sky. .

"what!"

The **** maiden who was pointed at by the camera cheered: "It's really the Great God, great! Great God, here and here, look here!"

"..."

A large group of people fell over.

Countless thoughts flooded into their minds, and finally they all converged into a ridiculous thought: You are not sure if you dare to summon the Great God? !

Chapter 3734: Cheering little witch

The priests and maidens who were kneeling at the scene also looked at each other. It turned out that Mikako didn't know if he could summon the Omijin, but that's right, the three artifacts were not gathered together until today. It is normal for Mikami to not know.

Knowing this, they would have obtained the other two artifacts as soon as possible. It is best to bring the Kusana Sword and Qionggou Jade out of the palace every year and bring them to the shrine to hold a festival.

Instead of the way it is now, during the live broadcast, in front of countless viewers, their Mikami...have done such a less solemn act!

But it was this yelling, seemingly unreliable Mikamiko, but got the goddess' favor.

The golden Amaterasu Great Imperial God phantom gradually condensed and shrunk, like a true **** slowly descending from the sky, falling into the sky above the Kagura Hall.

Countless viewers held their breath, afraid of the goddess on the screen, suddenly stretched out their hands to kill them in front of the screen.

The mighty power is like a sea, this moment is vividly manifested.

The golden Amaterasu God did not show his power, but the way he appeared on the scene and his own demeanor were enough to shock countless people.

"Amaterasu, Great God..."

Li Yun squinted. As a member of Huang Xuan country, he really couldn't have any interest or favor with this goddess. If it weren't for Ise Jinzakura, he would not bother to stay in Ise Jingu.

Therefore, even if the golden goddess phantom descended, Li Yun didn't intend to stand up. He still sat on the railing and watched indifferently.

Fortunately, he is not in the live broadcast of his mobile phone now, otherwise I don't know how many people from Sakura Country will scold him.

Of course, whoever dared to scold him in Sakura now, Li Yun asked the little witch to impose divine punishment on them. Anyway, his relationship with the little witch was good enough, it is estimated that even if the great **** turned his face on the spot, the little witch would not attack him immediately.

"Omitama, Omitama, Omitama~~~! Great!"

The priests and witches were kneeling respectfully, only Ise Jinzakura was still waving happily.

The audience seemed to have noticed that to other clergy, Amaterasu Omikami was like a god-this is actually nonsense, and she needs to be respected solemnly.

But for Mikami, Omikami lives with his close master since childhood, respectful but close.

Seeing this, everyone can tell that among this group of people, it is the yelling Ise God Sakura who trusts and admires the Great God the most.

Other people... it's hard to say.

The scene fell into silence again.

Ise Jinzakura happily looked up at the top, a full three to four meters tall goddess phantom.

The Great Royal God still did not speak, but Li Yun, who watched it closely, could tell that she was different from the golden Great Royal God phantom that had appeared before him and Xiao Mingzhu before.

Xiao Mingzhu did not aim the camera at her, as if he was also afraid to look directly at the true face of Amaterasu, so the audience could no longer see the face of the goddess, only occasionally could see the goddess' dress and a pair of war shoes. .

But Li Yun could directly see the face of this goddess up close.

It can also be clearly seen that this great imperial **** is observing hundreds of priests and witches below with a pair of indifferent eyes.

The goddess looked at Xiao Mingzhu, and was so scared that the phone in Xiao Mingzhu's hand almost fell to the ground. She didn't dare to continue taking pictures of the little maiden happy, and turned to the kneeling priests.

Chapter 3735: The gaze of the goddess

Fortunately, the goddess quickly looked away, glanced at Li Yun, then looked at the many priests and witches who were kneeling underneath, then looked away expressionlessly, and scanned the surrounding temples. In a circle.

Immediately afterwards, she looked into the distance, as if she had seen the feasting scene of Ise City in the distance. I wonder if it was Li Yun's illusion, but vaguely realized that the goddess seemed a little surprised.

"Great God, Great God?"

Ise Jinzakura asked in a low voice.

The goddess looked at everyone, but didn't look at her, which made her very sad!

It seemed that he was the only one who uttered a sound, finally attracted the attention of Amaterasu Omikami, or... she just left her last gaze specially, staring at her most loyal little witch.

The gaze of the goddess fell on Ise Jinzakura.

Looking at each other with eyes of one person and one god, Ise Jinzakura flushed with excitement:

"Woo, Omitama, do you, you, do you have any oracle?!"

The little witch was very happy, but asked with a guilty conscience.

The guilty conscience was naturally due to the Yaki Orochi matter before, and she unexpectedly did not expect to gather three artifacts and hold the festival. As a result, none of the previous Mikotos could see the real Omita, and could not listen to the oracle, which was indeed negligent.

Fortunately, with the help of Li Yun, she finally saw the real God of God!

"..."

Amaterasu still did not answer. It seemed that the god's mouth would not open easily, or the goddess didn't want to issue any oracles, at least he didn't want to convey the oracles in front of so many people.

However, she did not disappear directly, but raised her hand and beckoned at the Kagura Hall.

Three artifacts flew out, no, two!

Li Yun clearly saw that Qiong Gouyu had also flown out together, but after seeing the Qiong Gouyu, Amaterasu threw it back into the temple, seemingly not waiting to see it.

Xiao Mingzhu's mobile phone camera clearly witnessed this scene.

In the palace, Emperor Linghe, who also watched the live broadcast, turned pale with fright. He had already knelt in front of the screen, facing his "goddess ancestor", confessing crazily.

After seeing Qiong Gouyu being abandoned by the Great Imperial God, Emperor Linghe was even more shocked and kowtow.

Because Qiong Gouyu exists in his imperial palace as a symbol of the imperial family, and the Kusanaru sword flew to Ise Jingu last night, Qiong Gouyu was also left behind. It was not until the afternoon that Mikamiko came and took it away. .

Now the Great Royal God also hates Qiong Gouyu, so how can Emperor Linghe not be afraid?

"Omikami?"

Ise Jinzakura tilted her head and looked towards the sky. She saw Omikami stretch out her hand and wiped a hand on the mirror, as if she was wiping off some seal or cleaning the filth left by the Yaki Orochi.

Immediately afterwards, Kusanaru sword clank let out a sword sound, the rust on the body of the sword was wiped out, and it turned into a golden sword.

Yata Kayami and Kusanaru sword fell in front of Ise Kamizakura together.

Xiao Mingzhu's cellphone lens once again recorded this scene.

All the audience can see at a glance that this is the gift that the goddess bestows on her most loyal believers.

Regardless of whose hands Yata Kagami, Kusanaru Sword, and Joong Gou were in the hands of, from this moment on, these three artifacts belong only to Ise Jinzakura, unless someone risks offending Amaterasu Omikami's oracle and forcibly takes them away. Piece of artifact.

No matter who intends to take away the artifact, it is equivalent to standing on the opposite side of the Great God!

Chapter 3736: Goddess reward

"Da Mijin gave it to me? Good!"

Ise Kaminakura did not refuse, nor did she reject the idea in her mind. She stretched out her small hand and grabbed one in each hand, grabbing both the hanging Yata Mirror and Kusanaru sword in her hands.

The light on the Kusanaru sword dissipated and turned into a plain golden sword.

However, Yata Kagami shrieked and disappeared into the palm of Ise Kamakura's hand, which surprised the audience.

"what?"

Ise Jinying gave a surprised cry. After a while, she opened her small hand again, and a magic mirror appeared in her palm again.

"Hey? That's amazing!"

The little witch was very happy, and directed Yata Kyou to circle around her.

Yata Kyou followed Ise Kanzakura's mind, with her as the center, flashed anywhere within a range of five or six meters, and could also expand or shrink with his mind, or burst into the light of his debut.

Breathtaking.

"OMG!"

Even foreigners can see that this magic mirror has become an extremely magical defensive equipment. With the movement of Ise Shenzakura's mind, the magic mirror can be manipulated to block attacks from any direction.

In addition, Yata Mirror seems to be able to use light to attack, and it has become a real artifact of offense and defense, from the hand of the goddess!

Rather than the sacrificial offerings that could only be used for worship.

The auxiliary magic mirrors are so powerful. When the golden magic sword is pulled out of its sheath, how can it shine and kill demons and demons?

I am afraid that it is not a sword that can split Mount Fuji, divide the mountains and rivers, and capture the sun and moon.

At this moment, the audience in front of the screen was silent.

Those high-level social workers who blocked Mikami in the afternoon were wiped with cold sweat on their faces with fear.

The current Mikamiko and the previous Mikamiko are completely two concepts.

The former Mikami would not make any noise for almost his entire life, nor would he interfere with external affairs. Even if he interfered, it would only act as a voice, and would not affect the situation at all.

However, the current Mikamiko is truly a powerful man who can convey the will of the gods. She holds the artifacts from the Mikami, and has the power bestowed by the Mikami. Every word and deed will cause countless disturbances, and even a word of death!

Mikako does not need the influence of Ise Jingu, nor does it need the thousands of shrines in the Sakura Kingdom to follow her. She only needs her to overthrow the entire country.

"My people."

When everyone was deeply shocked, Amaterasu finally spoke.

Her voice was illusory, neither happy nor sad, and she only spoke lightly: "I can see that over the years, earth-shaking changes have taken place in this land of Weiyuan Zhongguo."

Ise Jinzakura raised her head blankly, seeming to be speechless with excitement.

"I don't believe in anymore, but I don't care, just pity you, etc. The disasters that will happen in the future will bring painful memories to the people on this land."

"Believe in me, you have to be sheltered."

"Don't believe me, wait, fend for yourself."

After the indifferent words were said, Amaterasu no longer paid attention to the priests and witches who fell down. It seemed that she had said this because these people's beliefs were not pious enough.

It can even be said that the only person who can be counted as a believer is Ise Jinzakura alone!

A group of priests and witches shivered with their foreheads against the ground.

Fortunately, Da Yushen was indeed very tolerant and didn't punish them. Instead, he looked at Li Yun and stretched out his hand.

The camera was aimed at the little witch, and she also looked at Li Yun.

Chapter 3737: Golden arrow

"this?"

Li Yun knew what this goddess wanted. She couldn't **** the treasures from Li Yun. There was only one thing that belonged to the goddess.

Therefore, Li Yun directly took out the small golden arrow and threw it into the sky.

The camera followed the golden arrows and turned a little distance. In the eyes of the audience, it was as if Li Yun took out a golden sharp arrow and attacked the goddess brazenly.

Thousands of people were scared.

"Too bold, isn't it?"

"Hi, so crazy!"

"Who is this guy?"

"How dare he..."

Fortunately, Xiao Mingzhu pointed the camera at the goddess' hand in time, and the audience saw the golden arrow firmly pinched by the goddess.

The small arrow burst out with a faint brilliance, and then it was projected down by the goddess, falling behind Li Yun again.

"Benefactor, go back and tell your God, I already know what she means, if the future changes in the world, you will come to me again."

After speaking, the goddess Amaterasu disappeared neatly. She didn't seem to have a word with Ise Kamakura.

But everyone understands that the oracle can be directly engraved into the mind of Ise Kamakura, and that the future Mikako will have time to communicate with the gods.

"..."

"Ise Jingu-Amaterasu Daimikami Festival, this is the end of the live broadcast!"

After Xiao Mingzhu finished this sentence in Chinese, he quickly cut off the live broadcast, no matter how much impact the live broadcast might have, he quickly turned off his mobile phone.

She has a hunch that her cell phone will definitely receive countless calls next.

From parents, friends, those executives from her family's company, and some leaders from Zhonghai City, and even some leaders from Beijing.

So she simply shut down and waited for tomorrow to talk about anything.

Anyway, Amaterasu is gone, and things are a foregone conclusion. I can't be anxious, right?

"ended!"

Li Yun took the golden arrow that had grown a little bit bigger, jumped off the stone railing, smiled at Ise Jinsakura, and said.

"It's over? Oh, it's over, um, it's over~!"

Ise Jinzakura was obviously very happy, and shouted at the kneeling priests and shrine maidens: "Everyone, get up, Omikami does not blame everyone. From now on, as long as we continue to believe in Omikami, everyone will get Omikami in future disasters. Asylum!"

The words of the goddess just now almost didn't scare these priests and witches who were not very firm in their beliefs to death.

Until now, Mikami asked them to get up and said that Omikami was not angry, and they breathed a long sigh of relief.

Mikako said it was okay, it must be okay.

After all, Mikami has become a true ***** witch, her words are oracles, there is no doubt!

As a result, a group of priests and witches stood up slowly, and Li Yun clearly saw the group of people wiping the cold sweat on their foreheads, as if they were escaping from death.

Even the maidens who were dancing at the Kagura Hall collapsed on the Kagura Hall, but they quickly stepped off the stage and did not dance the Kagura dance. Without the order of Mikako, they would not dare to stay in the Kagura Hall.

The Qionggou jade is still on the altar.

"It's over, everyone!"

Ise Jinzakura once again emphasized, "This time Mikako did not come down, but just gave me some cultivation methods, and let me pass it on to those who come to worship. Anyone who believes in Omitami can practice, and anyone who doesn't believe in it. It is forbidden to practice, and it is also forbidden to slander the Daiyu God. In short, as the Daiyu God said, people who believe in are protected, and people who do not believe cannot be protected!"

Chapter 3738: Chaos

Needless to say Ise Jinzakura, all the people present already understood the meaning of Omikami.

The tens of millions of viewers who followed this extremely special and unprecedented live broadcast all understood the meaning of the words spoken by the golden goddess.

Anyone who believes in Amaterasu Great God can be sheltered in the future.

Those who do not believe can only fend for themselves in the future.

"My God, it's a real god!"

"It's not surprising, it's not surprising at all, it's too normal. Since the earth-shaking changes that have taken place on Haowei Island and the various ancient sites around the world, I know that there will be such a day."

"The monster is here, and so is the god."

"OMG, what will become of the future?"

"I also want to go to Sakura Country, seek refuge, and join Ise Shrine!!"

"Idiot, how powerful is the **** of an island country? Our God, omniscient and omnipotent, the seven archangels, Michael, Gabriel, Raphael, which one is not more powerful than the **** of that island country?"

"That's right, I will go to church tomorrow, no, I will go to church to pray every night from now on!"

"Take me to pray!"

"Wulahula!"

"We Huang Xuan has a heavenly court, Buddhism, and ghosts and gods in the underworld. Hey, there is definitely no shortage of gods."

"Pray for God's blessing [hands put together]"

"The world is going to be in chaos again."

"I went, and the Sakura Country sent news overnight, saying that people from other countries are not allowed to enter their country, and other people are not allowed to believe in it."

"They're afraid that Omikagami won't be able to shelter so many people?"

"What a stupid island country! Don't you know the importance of faith?"

"The world is going into chaos again..."

Following the live broadcast of Xiao Mingzhu's mobile phone, the Amaterasu God appeared in Ise Jingu, and countless news explosions were born.

Li Yun's cell phone was about to be blown up. He had to learn from Xiao Mingzhu, send Fang Xue and the others a safe message, and then send a message to Liao Hua of Zhonghai City that he will talk about everything tomorrow.

He didn't even answer the phone call from President Wu Ke.

Too many people want to know the inside story.

Li Yun could understand their eagerness. After all, the Amaterasu God who suddenly appeared in Ise Jingu was the first ancient **** to appear publicly, whether it was related to the aura of Penglai Island or the super black technology of Baiyun Technology, and Or some ancient secrets.

Even without these, just an ordinary person who has lived from ancient times to the present, who can speak and communicate, possesses and represents terribly high value.

Not to mention the Amaterasu Omikami whom Ise Jinzakura believes in is still the highest **** of the divine system, and his status belongs to the creation **** level in the Sakura Kingdom.

Although compared to the three major religions in the world, Shintoism's influence is too small.

But the influence is still extremely exaggerated.

Li Yun didn't pay attention to what was going on online, but he was still from outside Ise Shrine. The group of residents who arrived late at night, crying and expressing their pious beliefs, could see how much the incident had affected.

"what to do?"

Xiao Mingzhu held the turned off mobile phone and stared at Li Yun with big eyes.

Originally, she just wanted to show Ise Kanzakura to the sisters in the group, so that they could be prepared to accept it in the future—perhaps to accept, Ise Kanzakura.

But with the help of Hu Xiaomeng, in order to expand the influence of Ise Jingu, and to let the little maiden gain the trust of the outside world again, a live broadcast was created.

Chapter 3739: Gift Arrow

The result turned out to be like this: Ise Shenzakura directly summoned the true phantom of Amaterasu Omikami in the festival with the help of three divine tools. Judging from her ability to communicate, it might even exist as a clone.

It is also inferred from the brand-new artifact that Omikami can bestow on Ise God Sakura, she at least retains a certain amount of divine power, which can affect the real world, and is better than the son Xiaosu and Qingnv.

This may also be due to the fact that the main ethnic group of Sakura Kingdom has not changed, the emperor has always passed on, and the dynasty has not been changed, and Ise Jingu has been passed down for nearly two thousand years.

In short, the impact of this incident is really not small.

"Cold."

Li Yun shrugged, threw the golden arrow in his hand to the little witch who came by, clapped his hands and said: "If you have a lot of debts, there is a saint like Xiaosu, there are Yaqi Orochi, and Penglai Island. For those things, I don't think it's a big deal to have an Amaterasu Grand Royal God. Fortunately, at least it proves that there are good gods. These gods are willing to protect humans and prevent monsters from attacking ordinary people."

"At least it can maintain social stability?"

Xiao Mingzhu added.

There is no need for Li Yun to answer, the answer is already affirmative.

There are evil monsters like Yaqi Orochi, and there is a great **** who is willing to defend believers.

The future world will be plagued with disasters, but at least it will not fight the gods and kill or enslave all ordinary people.

At least judging from the information Li Yun obtained and the contact with these suspected gods-Qingnv, Xiaosu, Da Yushen, etc., these people did not seem to be in collusion.

"Of course Omitama is a good god!"

Ise Kamizakura protested dissatisfiedly, "Look at how good Omikado was to me just now, and he also rewarded me with two artifacts...Ah, by the way, why are you throwing this thing to me?"

"This was originally your stuff, and it's just returned to you."

This golden arrow was given to Li Yun by the son Xiaosu, and it was said to be related to a certain **** on the side of the Great Imperial God. In this case, Li Yun did not plan to take it. He does not lack good weapons, so he might as well leave it to Iraq. Shi Shen Ying.

"give me?"

Ise Jinzakura is a little surprised, she seems to be able to use this arrow?

"Yes, here it is, but don't give it to others."

Li Yun knocked on her little head, and exhorted: "These three, no, they are four artifacts. Keep them well. No one asks you to give them. Unless you get the oracle and ask you to Give these things to others."

"what?"

The little witch was obviously surprised when she heard that the oracle could be transferred to others.

"Ah for what!"

Li Yun threatened her and said: "You have seen this before. This small golden arrow was only in the hands of your Great Royal God and unlocked some of the seals, proving that it was related to the Great Royal God, but accidentally fell into the hands of other gods. I'm so embarrassed to take it back, so I handed it back to me. I didn't want it, so I handed it to you! Understand?"

Ise Jinzakura finally understood, nodded fiercely, patted her chest and said that she must take good care of Omikami's arrows.

Li Yun finally breathed a sigh of relief. He was actually telling the truth. This golden arrow has a long history. It can be kept in the hands of the son Xiaosu, and the goddess Amaterasu personally unlocked some of the seals, which means that its power is at least It is of the same level as Kusanaru sword.

Therefore, Li Yun didn't plan to take it by himself, so let's return this thing to the gods of Sakura Country.

Saint Son Xiaosu said that this arrow is for him to open the door, but Li Yun currently sees that it is not entirely the case.

Chapter 3740: Too outrageous

Strictly speaking, the gate is three artifacts. The function of the golden arrows is to activate them, and then these three artifacts will impart some sacred arts to the believers, and Ise Shenzakura can summon the golden phantom of Amaterasu.

In short, Li Yun gave her this arrow, and didn't plan to take it, so as not to get involved in the struggle of the gods.

As for the saint son Xiaosu's side... she won a bet on this arrow, so she shouldn't care too much.

"Ding, the host made a choice to find the real Amaterasu God, reward: justice value +100,000, attribute value +200,000, golden gift bag*5, the host's reputation in Ise Shrine and Sakura Kingdom has been greatly improved, And received the service of Ise Jinzakura."

Li Yun almost coughed.

The previous reward is okay, but the last one, are you serious about the system?

To serve, is it pure service, or is it...like a bed-warmer?

Think about it, I can turn a respected and messenger of Amaterasu Omikami, holding four artifacts, standing at the highest point of the cherry blossom country, and becoming a noble maiden who exists like a pope in the future, and let her go Warm the bed.

How can such a feeling be...excited, no, cough cough, it is outrageous, too outrageous!

People like Li Yun definitely don't need this kind of service.

Cough.

"Li Yun?"

Found that he had been looking at him with weird eyes, the maid Ise Jinzakura tilted her head and looked at him stupidly.

"No, nothing!"

Li Yun resolutely denied that his heart was moved, and turned away from the subject: "From now on, Sakura, you will become a real noble person. Remember, don't kill people easily. You have powerful power in your hands, but don't change. People who kill indiscriminately, even if the other party violates the oracle, cannot kill indiscriminately!"

From these words, Xiao Mingzhu understood that he was changing the subject!

"Oh... I know."

This time Ise Jinzakura promised quickly, "I don't want to kill people either. I leave the troubles to others to do, how about?"

Omiyajji and others couldn't help but look over.

This is Mikami's plan to delegate power!

Li Yun thought for a while, "You can come and ask me, or you can ask Mingzhu."

"Okay! Great!"

Ise Kaminakura happily threw himself into Li Yun's embrace, grabbed his arm, and chuckled: "I just wanted to think so, but I was afraid that you would despise me, so I didn't say it."

"Really?" Xiao Mingzhu smiled.

"Yes, really!"

Ise Jinzakura nodded vigorously, "I am the most annoyed of these things, but I can't handle them well, and Omiya and others can't handle them well. Recently, the situation in Jingu is very bad. I feel like our enemies are everywhere, and things are always bothering me. As soon as I, Li Yun and Mingzhu, you came here, things were resolved, so I like you to help me solve things!"

Li Yun and Xiao Mingzhu couldn't laugh or cry.

Little Witch, your mind is too simple, you can say anything.

Innocence can no longer explain her stupidity, um, just stupid and cute!

Stupid and cute.

Li Yun felt that she would have a lot of topics in common with Master Saint. Both of them belong to that kind of otherworldly people, except that Saint Fanqing rarely talks, while the little witch talks a lot.

Of course, if she was in the state of Mikami, she would still have a solemn feeling.

Daily life is just silly and cute, and I don't want to worry about anything.

"Then I will pull you into our group?"

Xiao Mingzhu took her little hand and said with a smile: "I introduce some very powerful girls to you. They have high IQs. Just ask them if you have anything."

"Okay, pull me quickly~!"
