

Godly Choice 381

Chapter 381: Give you a safety class

At six o'clock in the evening, Li Yun declined the kind invitation of a general-level leader and chose to return to Zhonghai City to have dinner with Gong Qingyu.

"Well, then I won't keep you, I'll treat you to dinner when I have time!"

Knowing that Li Yun was going to have dinner with his girlfriend, the leader had no choice but to pat Li Yun on the shoulder with an expression that I understood, and then asked a driver to drive Li Yun back to Zhonghai City in an off-road vehicle.

This place is located on the outskirts of Zhonghai City, in a hidden valley, and belongs to the station of a certain soldier force. It is usually responsible for protecting Zhonghai City from threats.

Guide missiles, radars, satellite monitoring, soldiers, heavy firearms, etc., all the things for combat are available in this base.

And Li Yun is here to test, if top hackers invade, what is the security performance of this base?

"Mr. Li, the destination is French Concession, isn't it?"

"Yes, just drive there. Someone will pick me up when I get to the place."

"Okay." The driver respectfully said: "You can take a break first. It will take about half an hour. I will call you when I get there!"

Li Yun nodded and closed his eyes for a while to rest. It was really tiring just now.

The driver glanced at Li Yun from the rearview mirror, his eyes full of admiration!

When Li Yun first arrived, the leader even organized a welcome party. Everyone in the military base thought it was an important leader, but unexpectedly it was a young man who was only seventeen or eighteen years old. !

But what everyone did not expect was that this terribly young teenager brought them a lingering nightmare.

The monitoring failed, the electronic door suddenly closed, the radar turned frantically, the sirens continued to flash and whine for three hours, until Li Yun took the initiative to shut down, the controlled sirens stopped.

What's more frightening is that the silo that automatically launched the guide egg suddenly started, making everyone pale with fright.

Fortunately, all of this is an exercise. Fortunately, the silo is not pre-installed with guide eggs. Otherwise, if the silo is really controlled by a hacker, the loss will be incalculable!

"Horrible hacker power!"

This is a warning Li Yun brought to all soldiers in the base. While relying on scientific and technological power, it will inevitably bring great security risks. Hacking must be done to the extreme, otherwise it is extremely dangerous!

After half an hour.

"Here, Mr. Li Yun!"

The driver replied respectfully that Li Yun alone could paralyze the heavily guarded base, and he could not help but disrespect the top hacker genius.

"Okay, thanks a lot, then I'll go first."

"Yes, you walk slowly and look forward to driving for Mr. Li next time!"

Seeing the driver drove the off-road vehicle away, Li Yun smiled. Although it was tiring to invade the base in the afternoon, the harvest was not bad.

In addition to receiving the system's choice event rewards, Li Yun also brushed his face in front of these big bosses. In the future, it is equivalent to saying that he has a backer and background.

In addition to having capital to do business in Huang Xuanguo, relationship is also a very important condition.

"Qingyu lives... Mansion No. 3?"

Li Yun stood there and looked around, trying to find the so-called Mansion No. 3, but was shocked by the beautiful scenery in front of him.

It is located on both banks of the Huangjiang River in Zhonghai City, with more than a dozen high-rise buildings in the distance, including the most famous Twin Pearl Tower in Zhonghai City.

The height of 400 meters, the twin structure, the left and the right complement each other, the whole building is shining with lights, and it is more shocking under the night.

Chapter 382: A drunk gold fan, the night view of the Yellow River

In addition, there are green grass on both sides of the Yellow River, and there are luxuriant flowers and trees in the riverside parks, and the lights are hidden in them, which are brilliant and beautiful.

The sparkling river water, cruise ships, beauties, and rich people constitute a scene of intoxication.

What's even more wonderful is that beautiful women with long legs and beautiful beauty can be seen everywhere in the riverside park, which is more and more attractive.

Li Yun stopped and watched for a long time before shook his head and said with emotion: "It is worthy of the world-famous night view of the Huangjiang River. It is a pleasure to live here tonight!"

Gong Qingyu lives here and can see such a beautiful scenery every day. Li Yun is fortunate to follow her to enjoy the night.

But some people are not happy.

"Live here?" The female yin and yang of a young couple gave Li Yun a weird glance, "Where do you live? Do you work on a cruise ship on the river? Or sleep on a deck chair in a riverside park? Ha ha!"

Her tone was very mocking, and Li Yun couldn't help but glance at her and her boyfriend.

This woman is in her early thirties. She is dressed up in gorgeous, vulgar lipstick and thick makeup. She looks good, but she has the appearance of a net red face. Even if a deep groove is exposed in front of her, Li Yun sees it. There are no waves in my heart.

Coupled with the big belly of the man holding her, the hair on his head is about to fall out, and the couple looked at the problem.

Li Yun smiled faintly, and pointed to a bungalow next to him and said, "Isn't there a house here?"

He wanted to add another sentence, "You are blind," but considering this woman's temperament, Li Yun didn't bother to conflict with her.

Unexpectedly, the system showed up at this moment.

"Ding, trigger the option event, please choose from the host:

Option 1: Take this big sister Wang to see the real giants, reward experience value of 10,000, and random gift bag*1.

Option 2: Give a smile, no reward.

Option 3: Taunt the opponent directly, and then beat them up. The reward is +200 for evil, +100,000 for experience, and +100 for free attribute points. "

The corner of Li Yun's mouth twitched. What fun is the system coming to join in?

"Aren't you stupid?!" Sister Wang, who was dressed up and dressed up, became more and more disdainful on her face coated with thick white powder. "This is a scenic spot. Didn't you see people coming in and visiting? You actually thought that Someone lives here, are they mentally retarded?"

"Wife, ignore this kind of stuffed buns!" Her boyfriend's hands moved around restlessly, "Hey, let's go to the riverside park to play, it's darker there!"

The riverside park is very large, ten kilometers long. If you look carefully, you will definitely find a place suitable for couples fighting in the wild.

Sister Wang gave him a white look, and said, "You damned ghost want to mess around."

With that, she was about to twist her hips and leave.

"I don't know, it's not certain who is a soil bag." Li Yun shook his head lightly, and walked forward along the street.

"What did you say?!"

Sister Wang was furious, turned her head and glared at Li Yun: "Little kid, you actually said we didn't see it?"

"Also say I'm a soil bun?" The potbellied man was also taken aback, then raised his wrist sarcastically, and showed Li Yun what he was wearing on his wrist: "Do you know what brand this is?"

Li Yun shook his head.

"Rolex, the most expensive watch in the world, two million one!"

The man was arrogant, and many passersby looked over, and when they saw his luxurious and exquisite watch, they all exclaimed in amazement.

"It's really a Rolex!"

"The world's top, no, it should be the most expensive watch brand in the world!"

"Local tyrant, please hug your thighs!"

Chapter 383: The lady who lives in a bungalow

The envious eyes of passersby made the "couple" even more proud. Sister Wang held her boyfriend tightly, with an admiring face, the man was radiant and proud.

"Ahem, I really want to meet the rich and feel the feeling of living here, just follow me."

Li Yun smiled meaningfully, "I hope you don't get hit and feel inferior."

"I'm Cao? I'm still inferior?!"

The successful man wearing a Rolex was furious and took his girlfriend's hand and walked to follow Li Yun: "I still don't believe it tonight, you can find out what wealthy family to come!"

Sister Wang also yelled: "You kid don't know where this is? This is the night view of the Huangjiang River. The commercial residential area where you can see the night view here is Tangcheng Yipin, which starts at 500,000 yuan per square meter! Do you kid know that??"

In the distant Tangcheng Yipin commercial residential area, because of the night view of the Yellow River, the price soared directly to 500,000 yuan!

If you really live near the night view of the Huangjiang River, or are you located in the residence of the upper class nobles in the old era like French rent, what is the price?

No, there is no price at all, and no one will sell the house here because of lack of money!

"This kid!"

Sister Wang and a group of curious passers-by followed Li Yun, past the location of the scenic spot, and walking all the way forward. There were fewer and fewer pedestrians. The surrounding bungalows were very different, but most of them were hidden behind the trees and only a little bit was seen. light.

It was only then that they were shocked, it seemed that someone really lived here!

"Here." Li Yun looked at the sign at the door and said lightly: "Mansion No. 3, my friend lives here."

The man wearing the Rolex has long been cold and sweaty. The door in front of him and the hidden buildings behind them are all garden-style bungalows from the old age, with pointed roofs, elegant garden pavilions, and even the door that was blown by wind and rain. Revealing a low-key luxury belonging to the nobility.

This Nima is really a mansion!

The kind of place that was only seen in the movies of Zhonghai City in the old age, belonging to the rich family and nobles, the place where the upper-class socialites lingered.

Sister Wang glanced at the garden behind the gate, and she could vaguely see the neatly built garden. She couldn't help but think of the ladies in the gothic noble dresses in the garden leisurely sipping tea. Still standing several courteous maids wait on them.

This kind of aristocratic life, she can't even think about it now, and only in the girlhood can she dare to dream of such a princess-like dream!

"You, you, your friend?!"

The lips of the man wearing the Rolex began to tremble, and his wrists quietly drooped, hiding the two million Rolex.

There is a saying that the poor play cars, the rich play watches.

But the real high society, such as the people living in this mansion, their realm has long transcended mortals, reaching the point where ordinary people can't even imagine.

For example, to buy an aristocratic garden house from the old era, only this one called a cultural relic is enough to separate him from ordinary people.

The so-called Rolex watches, luxury cars, Mercedes-Benz, BMW, etc., are incomparable with the force brought by this foreign mansion!

"Li Yun!!!"

A crisp and beautiful girl's voice came, and the closed door was opened. Then, everyone saw a beautiful lady who walked out of the movie, carrying her skirt, and walking out with light steps.

Beauty is simply too beautiful, like a fairy out of the world!

Chapter 384: Real giants

"Qingyu."

Li Yun smiled and hugged Gong Qingyu who flew over. The soft and graceful girl's body gave him endless wonderful enjoyment.

Everyone was dumbfounded, what a friend, this is obviously a girlfriend!

The man with the Rolex concealed his wrist swallowed, his feet moved slightly, trying to sneak away.

He just thinks he is a fool now.

"Huh?" Gong Qingyu looked at him curiously, "Li Yun, who are these people? Why are so many people visiting today?"

Everyone dared not meet the gazes of this eldest daughter, and all bowed their heads in fear.

"This girl is so beautiful, she deserves to be a rich lady!"

"Don't stand stupidly, go quickly, she will be dead when she calls the guard out!"

"Visit? It seems that this woman really lives here, she is used to having tourists visiting her door!"

"I'm so sour, how many billions does this house cost? It's good to divide me a bit!"

"You have everything in your dreams, go ahead and let those two idiots attract firepower!"

In an instant, the people who came to watch the excitement ran away, leaving behind the couple of local tyrants and shrews.

"They said they would like to visit the place where Qingyu you live." Li Yun smiled. Gong Qingyu blinked and looked at the two people beautifully, "You want to visit?"

"No, no, we just, that..."

What else does the man want to say, but Sister Wang said jealously, "I'm afraid you won't make it?"

She lifted her foot and walked inside, "Huh, I guess you must have rented this house, how could someone live in..."

"Snapped!"

Her man was taken aback, too late to stop. He was so frightened and angered, he slapped it over, "You **** shut up for me!"

Sister Wang was so dizzy from being beaten, she clutched her face with five finger prints in disbelief, and pointed her fingers tremblingly at her lover, "You, you dare to hit me... Ah, you dare to hit me, okay, Gan Yongsheng After playing with me for ten years, I only gave me a house. You bastard, scumbag, dare to beat me!"

Sister Wang was furious and rushed to grab Bao Bao. The man who had raised her for more than ten years pulled his hair vigorously.

"Bitch, let me go!"

"I'm cheap? You're not a good thing either. Look at how many sneaky things you've done over the years, you're cheap!"

"Go to hell!"

The two scuffled together, the scene was very messy, and passers-by who had not left in the distance looked dumbfounded.

"This....."

Gong Qingyu couldn't laugh or cry, and patted her little white hand. Two Kong Wu's powerful bodyguards walked out of the mansion. They stretched out their hands and they separated immediately.

"Let them go." Gong Qingyu's originally slightly sad eyes, a smile appeared, and turned to the bodyguard to order.

"Big brother, misunderstanding, I'm really not...!"

Gan Yongsheng was bruised and swollen by Sister Wang, but he had to pay the bodyguard for a smile.

Unfortunately, before he finished speaking, the two bodyguards threw the two men a few meters away.

Sister Wang also knew that she was scared. After she got up from the ground, she didn't even dare to say harsh words, and went directly with her lover in disgrace.

"Ding, the host has made a choice, and the reward (experience value +1 million, random gift bag*1) has been distributed!"

Li Yun smiled. Although the rewards are not many, the feeling of slapped face is very cool!

"Miss." The two bodyguards saluted Gong Qingyu respectfully, and the latter nodded, "Good job, let's go back."

After speaking, Gong Qingyu took Li Yun's arm and walked very intimately into this bungalow left over from the old era.

Chapter 385: luxurious

"boom!"

The iron fence gate was closed, and the road man in the distance slowly breathed a sigh of relief.

They were very enjoyable. It turns out that there are really top giants, and they are hidden in these places that the public cannot see.

Occasionally peeping into some situations is enough to give ordinary people the capital to brag.

Just like the celebrities that many people chase, no, these big ladies are much rarer and more noble than celebrities!

Armed by Gong Qingyu, feeling her soft figure, Li Yun walked into this bungalow with a history of over a hundred years.

The bungalows, or mansions, are buildings left over from Zhonghai City in the last century.

It used to be a place where missionaries or foreign aristocrats and comprador classes lived, so it was built extremely luxuriously.

The mansion is the size of a football field. After entering the gate, there is a beautiful garden planted with exotic flowers and weeds. Beautiful flowers of various colors are in full bloom out of season. The flowers are clustered and beautiful like a fairyland.

A high fence isolates the mansion from the outside world. It is covered with slightly yellow vines. A circle of big trees is planted around it. The luxuriant foliage makes it difficult for passers-by to see the scenery inside.

"This is where Qingyu you live? It's beautiful."

Li Yun admired.

After walking through a path full of flowers, I saw the beautiful rockery in front of the spire building, the spring water is ding-dong, the pool is clear, and the goldfish of all kinds are leisurely cruising. The beauty is so beautiful that it is touching and happy.

"Hee hee, it's okay."

Gong Qingyu seemed to be in a bad mood, barely smiled, and said, "This house is the elder in the family. It was given to me during my birth celebration. At that time, I happened to be angry with my parents, so I came here in a fit of anger. I did not expect to study in Zhonghai City for two years."

Li Yun nodded. The palace family is a martial arts family with a thousand years of inheritance. There is still some foundation for this.

"Innate celebration? Qingyu, you were only 16 years old when you were born!"

"Yeah." Gong Qingyu was a little bit shy, and said quickly: "Actually, I don't care about my husband... No, it doesn't matter if the person I like is born."

"Ha ha!"

Li Yun held her little hand and said confidently: "Qingyu, I am now in the middle of the acquired stage, but believe me, I will definitely reach the innate in half a year!"

"Eh?"

Gong Qingyu tilted his head and looked at him, "Li Yun, you are in the Houtian Realm? Why didn't I hear you? So, you are also from the rivers and lakes?"

People in the rivers and lakes originally referred to the sects and families that have been passed down since ancient times. Later, all those who practice martial arts can be called the people in the rivers and lakes as long as they enter this ancient martial arts circle.

The concept of rivers and lakes appeared very early, and Zhuangzi once said that it is better to forget each other in the rivers and lakes.

"Not really, but it has something to do with it."

Li Yun had a little conflict with a sect called Feihumen in Zhonghai City.

"It's great." In this way, the gap between Li Yun and her is even smaller, and his parents will recognize him.

Gong Qingyu smiled with crooked eyebrows, but Li Yun saw a trace of worry in her smile.

"Qingyu, have you encountered anything?" Li Yun asked directly.

"Me? Nothing happened to me."

"Don't lie." Li Yun scratched her little nose and smiled: "I know your smile is not like this, let's go, did you encounter something unpleasant? Tell your husband to help you!"

Gong Qingyu's cheeks were slightly red, and his heart was very sweet. Just as he was about to say something, an angry voice came from the front.

"Let go of your dirty hands!"

Chapter 386: Sudden attack

Accompanied by this angry and murderous voice, a figure rushed towards his face with a billowing heat wave. Li Yun's eyes condensed. With more than 10,000 mental points, his reaction speed at the moment was incredible.

Similarly, the dynamic vision of both eyes is unparalleled in the acquired realm.

Li Yun clearly saw that the person who rushed in the raid, slapped his right palm fiercely at him, and wanted to destroy him with one blow!

"Huh! Looking for death!"

The killing intent in Li Yun's heart was aroused, and he was about to fight back, but the system prompt sounded by coincidence.

"Ding, trigger the option event, please choose from the host:

Option 1: Run the Chi Yan palm of Yu Wensheng's invigorating body's invigorating force, relying on the high-grade steel and iron bones to harden the palm! The reward experience value is +100,000, and the steel and iron bones are promoted to master level, but the host has a chance to be severely injured.

Option 2: Fight back and kill Yuwen on the spot, reward experience value +500 thousand, justice value +500, all attribute points +1000, purple gift bag*1, host is chased by Yuwen family, extra bonus skill: desperate return pregnancy.

Choice 3: Take this palm just right, reward experience value +200,000, all attributes +500, and a random martial arts skill will be promoted to master level.

■ ■ ■ ○○○○∩└

"

After the system prompts, time seems to slow down, and Li Yun can see the face of Yu Wensheng on the opposite side.

He was in his early twenties. He looks good and looks good, but his eyebrows are furrowed, and there is a monstrous killing intent in his eyes, as if Li Yun and him have the hatred of taking his wife and killing his father. anger.

Li Yun was very upset!

If it weren't for the Yuwen family who won this Yuwen, no, it should be said that if you look at Gong Qingyu's face, Li Yun will definitely kill him!

This kind of despicable villain who doesn't say a word and makes a tough shot, Li Yun has no reason not to kill him!

"Just give Qingyu a face, it's always bad to kill in her house."

The cold killing intent in Li Yun's eyes faded, and he said silently in his heart: "System, add all my experience to the Nine Suns Book of Heaven!"

"Ding, Jiuyang Tianjing has been successfully upgraded, current level: Advanced!"

He has gained more than two million experiences during this period, all of which were added to the Nine Suns Heavenly Scriptures and successfully elevated him to a high level.

Suddenly, a powerful force spread from his limbs, and Li Yun's strength instantly increased more than twice!

"In the latter part of the day after tomorrow, with my skills, coupled with all-round development of physical attributes, I don't think you will die!"

Li Yun sneered, facing Yu Wensheng's Chi Yan palm, he chose to fight back with the same technique.

"Yiyang Fist!"

boom!

The fist and the palm collided fiercely, both of them were positive energy of the Yang attribute, and the moves were also fierce and violent. Therefore, the collision was like a volcanic eruption, bursting, and the surrounding flowers and plants seemed to be burned by a fire. Withered and shriveled instantly.

The bodyguards hidden around looked at all this in horror. They only felt that a wave of heat was rushing toward their faces, and the air was actually ignited, and the heat was terribly hot!

After Li Yun's punch, his body did not move at all, but Yu Wensheng who made a sneak attack took three steps backwards, his face was blood red, and the blood in his body was surging. After staring at Li Yun two eyes, he finally couldn't hold it back, and he let out a wow. Take a bite of blood.

"Do you want to die?" Li Yunqiang drew out a sword, put it on Yu Wensheng's neck, and asked coldly.

Everyone was stunned, where did he draw the sword?

Chapter 387: Storm hammer

"you!"

Yu Wensheng's handsome handsome face showed an expression of anger.

He was born in the Yuwen family, one of the four great masters of Jianghu. Since he was a child, he has studied the "Yandi Zhenjing" in the family. He has a masculine and mighty inner force, and he has practiced with the red flame fist to the realm of Xiaocheng, even if he has not broken through to the innate. Realm, but the punch just now definitely has the power of the innate realm!

But Li Yun's boxing technique was actually more powerful than him, and with the same yang attribute zhenqi, he suppressed all of his Yan Emperor's scriptures!

This kind of exercise is unheard of in the arena, how can you let Yu Wensheng not be surprised!

Li Yun defeated him with one blow, how not to make Yu Wensheng angry!

"I ask you one more sentence, do you want to die?"

Li Yun's tone was flat, with a long sword in his hand pressing on his neck, and Yu Wensheng's great head would fall to the ground with just a little effort.

"Don't, don't!"

Gong Qingyu reacted and quickly stopped Li Yun.

"Qingyu, you should ask what is going on with your guest."

Li Yun smiled faintly, patted Yu Wensheng's face with the long sword, taunted the opponent fiercely, and then took the long sword back.

Yu Wensheng's handsome face became distorted because of anger, but he did not lose his reason, because he knew that Li Yun was better than him, and Gong Qingyu was beside him, and he was not suitable for fighting anymore.

"Yu Wensheng!"

Gong Qingyu was very angry, and said with a cold face, "What are you doing? Why did you suddenly act on my guests?! Get out of me immediately, I don't want to see you again!"

Her tone was extremely severe, Yu Wensheng couldn't take care of her anger, so she managed to squeeze a smile and said, "Qingyu, I think..."

"Don't call me Qingyu!"

"...Junior Sister Gong." Yu Wensheng swallowed his breath, "I saw this kid move your hands and feet, so..."

"What's the matter? You just wanted to hurt someone?"

Gong Qingyu choked him unceremoniously. If it weren't for Li Yun's Hou Tian, he would be injured by Yu Wensheng's palm, and his internal organs would be burned and destroyed by Yuwen's Yang attribute innocence.

Yu Wensheng didn't dare to make another noise.

The palace family is comparable to the Yuwen family, but Gong Qingyu is the daughter of the palace family head, and she has an excellent talent. She was born at the age of sixteen and shocked the world.

And he Yuwensheng, only the son of the Yuwen family, was incomparable with Gong Qingyu's talent, and he was only completed at the age of twenty.

"You go, I don't want to see you again!"

Gong Qingyu took a deep breath and said coldly.

"Qingyu!"

Yu Wensheng was taken aback, and pointed at Li Yun and shouted, "You are angry with me for this kind of person? What is his origin?"

"He is my boyfriend." Gong Qingyu took Li Yun's arm and said coldly: "Besides, I have already said that I don't like you, no, I don't like people who are weaker than me, Yu Wensheng. From the beginning you have no chance!"

Li Yun smiled lightly, holding her small smooth hand and said: "Qingyu, it is not guilty to be angry with him, although he offends me, but for your face, I won't pursue it this time, but."

Li Yun stared coldly at Yu Wensheng, "Don't take this as an example. If you dare to attack me again, I will kill you!"

Yu Wensheng shuddered, he could feel that Li Yun would really kill him!

"Ding, the host has made a choice, and the reward (experience value + 200,000, all attributes + 500, Yi Yang Fist has been upgraded to master level) has been issued."

The corner of Li Yun's mouth was hooked. Although it is a pity that the most important Nine Suns Scripture has not been promoted to the master level, the power of Yiyang Fist is not bad, and the master level is enough to contend the martial arts of the innate realm!

Chapter 388: Old man

In the end, Yu Wensheng stayed with a faceless face. The excuse was that he had found a genius doctor to help Gong Qingyu treat a certain patient.

Li Yun nodded secretly. It turned out that this was the reason why Qingyu was unhappy. It turned out that the elder in the family was sick.

The three of them walked into the mansion, Yu Wensheng was a little embarrassed, but barely maintained his face.

When he came to the living room, Li Yun saw an old man sitting inside, holding a teacup and drinking tea.

"Senior Huang!"

Yuwen Sheng concealed the murderous intent and displeasure before, and walked to the old man with a smile, and saluted respectfully: "Old Huang, we are back. I am embarrassed to keep you waiting."

"It's okay."

Senior Huang smiled and waved his hand, looking at Li Yun, "Is this the little girl you are going to pick up?"

"Yes." Gong Qingyu smiled and introduced: "Lao Huang, this is Li Yun, who is the same age as me, and he is cultivated in the Houtian realm. Li Yun, this is the elder Huang, the elder of Tiandanmen. , The medical skills are extremely superb.

The old man?

Li Yun knew that there was a medical book in ancient times called "Qing Nang Shu". According to legend, it was written by the genius doctor Hua Tuo's life's hard work and medical experience.

But unfortunately, due to various reasons, this medical book only circulated the next few pages, which recorded the contents of Ma Fei San, Wu Qin Xi, etc., no more.

The person who can be labeled as "green capsule" by the people of the rivers and lakes must really be a doctor with a superb medical book.

"Hello, old man." Li Yun saluted him and practised medicine to save people. He was of immense merit and worthy of Li Yun's respect.

A gleam flashed in Huang's eyes, and he smiled and asked, "Look at your demeanor, don't you look like a quack?"

"It's not." Li Yun admitted frankly.

"No wonder."

Huang Lao smiled and said: "You are not from the rivers and lakes, but you have gained the favor of the palace girl. It seems that you are good at you, little friend!"

This remark was full of irony.

Li Yun was taken aback, frowned and glanced at the window before he woke up.

You can see the garden from here, and it must be Huang Lao who saw his battle with Yu Wensheng.

Moreover, Huang Lao is towards Yu Wensheng!

"A little bit of strength, not enough, it's enough to teach some people who don't know what they can do."

Li Yun's tone was flat, Huang Lao was a bit aggressive, but he was not easy to provoke, and his understatement instantly aroused Yu Wensheng's anger.

"you!"

"Okay, don't make a noise."

Gong Qingyu quietly stopped the fight between the two, and the voice was very soft, as if he was afraid of disturbing someone.

Yu Wensheng could only shut his mouth, and after staring at Li Yun bitterly, he squeezed a smile at Gong Qingyu: "Qingyu, this time I specially invited Huang Lao to come from Donglin Province overnight. The thing is to see Senior Gong, I believe that under Huang Lao's superb medical skills, he will surely cure his illness!"

"The old man can only say his best." Huang Lao reservedly stroked his gray beard, but anyone could see the pride between his brows.

"Then Qingyu, thank you for your help."

Gong Qingyu suppressed his unhappiness and thanked the two of them.

Li Yun was confused, and after inquiring about Qingyu, he learned the whole story.

It turned out that three days ago, an elder in Gong Qingyu's family suddenly became ill and went to the hospital that night.

Gong Qingyu didn't care too much either, because this elder named Gong Lianyi was discharged from the hospital the next morning, and nothing could be detected at all.

But unexpectedly, for the next two days, every night from 1 to 7 o'clock, Gong Lianyi would inevitably have a splitting headache and had to be sent to the hospital for analgesics.

Chapter 389: Gong Lianyi's weird condition

Gong Lianyi also concealed Gong Qingyu for two days, but this afternoon she couldn't keep it from her, causing Gong Qingyu to become nervous instantly.

This elder named Gong Lianyi is more than 30 years old this year. She was born in the late stage of cultivation. For some reason, she was not married, so she raised Gong Qingyu as a daughter. The relationship between the two is deep.

After Gong Qingyu came to Zhonghai City to study in anger, Gong Lianyi followed along to Zhonghai City, while sitting in Zhonghai City, escorting the palace family in Zhonghai City, supervising the palace family's business in Zhonghai City, and protecting and caring for the palace. Pour jade.

Therefore, after learning that Gong Lianyi was suffering from this inexplicable disease, Gong Qingyu was extremely nervous, for fear that something might happen to her.

Li Yun touched his nose, and Qingyu said that this was not her home, which caused Li Yun to think that there were no her parents, so he didn't prepare gifts, and came with empty hands.

But now it seems that Gong Lianyi is equal to Qingyu's godmother?

It's really embarrassing to come empty-handed, just bring some fruit!

"Now at 6:45 in the evening, time is running out!"

Old Huang looked at Gong Qingyu, and said solemnly: "Now I want to ask a few questions, Gong girl, you must answer truthfully!"

"Okay, I must know everything!"

Gong Qingyu replied earnestly, Gong Lian took her from childhood to adulthood, and her relationship is as deep as that of her family. She must cure her auntie's illness.

"Did the patient become ill on time at 7 o'clock in the evening for the past three days?"

"Yes, it was true on the first day. In the next two days, I listened to the maid's report. I also asked Aunt Lian. It was true that she would have a headache at 7 o'clock."

Gong Qingyu thought carefully, knowing what Huang wanted to ask, "After I learned about this, I immediately investigated everyone in the mansion, carefully searched and tested everything that my aunt might have eaten or touched, but there was nothing. Find evidence of someone poisoning."

Li Yun frowned and fell ill on time at 7 o'clock every night. What kind of illness is this?

He didn't know much about medical knowledge. He only knew that some rheumatism would inevitably come on when the weather was humid.

There are also some pollen allergies, which will also 'on time'.

"In addition, Aunt Lian spent the night in the hospital. The environment changed and the food she ate changed, but she still got sick."

As if synchronized with Li Yun's thinking, Gong Qingyu pointed out that Auntie Lian could not be allergic.

"I got sick on time..."

Old Huang groaned for half a minute before he asked, "In this case, the patient has already gone to the hospital. Has anything been found?"

"no."

Gong Qingyu shook his head affirmatively, "Auntie Lian is a master of the late congenital stage. Most viruses can't harm her. Usually there are some colds and fevers, and there is absolutely no incurable disease!"

Influenza is actually very strong, otherwise it will not spread so widely, it is just not lethal.

Li Yun was a little surprised. He thought that Huang Lao, who was born in the rivers and lakes, would despise modern medicine, but he did not expect that he also valued it.

Old Huang nodded, "I know roughly. Next, I'm going to check the pulse of the patient and ask about the detailed condition. Gongmai, you will lead the way."

"Okay, Huang Lao you come with me."

Gong Qingyu winked at Li Yun and motioned for him to follow suit.

As for Yu Wensheng, he originally invited Huang Lao and should be respected by Gong Qingyu, but because of his arrogant behavior before, Gong Qingyu doesn't bother to pay attention to him.

Chapter 390: Sudden guest

A flash of resentment flashed in Yu Wensheng's eyes and a cold snort. After Huang Lao cured Gong Lianyi, and after he regained Gong Qingyu's favor, he secretly found someone to kill this kid!

At this moment, Xia Zhihe, a maid of Gong Qingyu, hurriedly walked in, "Miss, a young man came outside the door, saying that he can cure the elder palace's disease!"

"what?!"

Not only was Huang Lao very surprised, even Li Yun showed a weird expression.

Someone appeared inexplicably, saying that Gong Lianyi's strange disease could be cured?

Li Yun had reason to suspect that it was his poison that caused Gong Lianyi to become ill.

After all, Gong Lianyi's illness, unless specifically inquired, it is not so easy to know.

Gong Qingyu was also suspicious of the people coming, but now she couldn't care about so many people. Even if there were problems, she would invite the young man in first.

Soon, the uninvited guest was led by the maid to Gong Qingyu.

Li Yun gave him a calm look.

This young man is about twenty-three or four years old. His height and appearance are very ordinary. He can only be said to be Xiaoshuai. The only thing worth paying attention to is that he

has a mustache, long hair and a slightly wicked look in his eyes. He looks at Gong Qing. At Yu's first glance, Li Yun clearly saw the greed in his eyes.

"Ding, trigger the option event, please choose from the host:

Option 1: Kill Mo Liang on the spot, reward justice value +500, experience points +200,000, all attributes +500, a random martial arts skill.

Option 2: Expose his conspiracy, investigate his origin, reward experience value +500,000, all attributes +1000, medium detoxification pill*3.

Option 3: Do nothing, no reward. "

There was an inscrutable sneer at the corner of Li Yun's mouth. The young man who came unexpectedly really had a problem!

But what is his conspiracy?

Undoubtedly, Mo Liang came for Gong Family, for Gong Qingyu? Or is it to control the power of the palace family in Zhonghai City?

Li Yun didn't know for the time being, and silently followed Gong Qingyu's side.

Mo Liang's face looked like an expert hermit. After introducing himself, he claimed to be an invisible descendant of the martial arts. When he passed the door, he saw evil spirits permeating the mansion. He saved his life and defeated the man who built the seventh-level Pagoda. Spirit, came in and asked who was sick.

"Evil spirit pervades?"

Gong Qingyu frowned his willow brows tightly, Huang Lao's entire face was darkened, and Yu Wensheng was more straightforward, and shouted sharply: "You guy of unknown origin, what are you talking about? The evil is pervasive? You think we are those. The ignorant villager?! Get out of me right away!"

"Be quiet." Gong Qingyu spoke again to stop him from disturbing Aunt Gong Lianyi.

"Haha, you are ignorant!" Mo Liang looked smug, disdainful of arguing with Yu Wensheng too much.

Li Yun smiled. Does Yu Wensheng regard Gong Qingyu as his possession? When you open your mouth, you get people out...wait!

"Evil?!"

Li Yun suddenly thought of something, and looked at Mo Liang, his eyes sharpened instantly: "You can poison!?"

"what?"

Everyone looked at Li Yun in astonishment, Mo Liang's eyes were blank, "Gu poison? What is it? You mean the legendary poison of Miaojiang? Hahaha, you can talk more than me!"

Li Yun stared at him for a long time, and after confirming that Mo Liang had not lied, he looked away.

Strange, this Mo Liang really doesn't know how to poison him?

"I'll talk about extra things later." Huang Lao waved his hand, indicating that he didn't want to listen to Li Yun and Mo Liang's nonsense, "Gong girl, lead the way faster, it will be too late."

"Oh yes, it's almost 7 o'clock, come with me, don't make noise!"
