Chapter 3811: Lose face

Facts have proved that the silly little witch never worried about these things.

According to Li Yun and Xiao Mingzhu's chat with her, the thought she said by herself was: Throw it to others if you don't understand in the future, if it's important, ask Li Yun and Mingzhu, if you still can't, just pray. At the time, he would report to Omikami and let Omikami pass her the oracle.

The oracle's instructions should always be correct, right?

Li Yun and Xiao Mingzhu were relieved now, and no longer expressed concern about her future situation.

Xiao Mingzhu took the little witch and ran to the Grand Shrine and whispered, but Li Yun didn't follow it, because the two women obviously wanted to avoid him and chat, and they didn't know what to talk about.

"General Xia?"

Li Yun received another call from Xia Ming.

"How is it? How is Ise Jingu? How is your Mikami girlfriend?"

Xia Ming said in a ridiculous tone, obviously in a very relaxed and happy tone after winning a battle.

"It's okay. They are planning to change the position of the emperor in the Constitution and Law to Ise Jinzakura. It is estimated that there is a heated discussion, and I don't care."

"Changed the position of the emperor in the constitution? Hiss, this is not a small project!"

"Hehe, I guess it is, but I don't bother to care."

"That's right, as long as Ise Jingu maintains a good deterrent, basically no one dares to move her."

Li Yun always felt that there was something in his words, but he still didn't bother to care about it. Now he is really connected to the extreme, and he doesn't want to be involved in most things.

One of the reasons is that his "Li Chaoren" has become more and more influential. Once he does something, it will attract the world's attention, and everyone will stare at him.

For example, this time the Sakura Nation changed its constitution. If Li Yun said a little more, it might cause a strong backlash.

Li Chaoren is a hero, but he is not a politician who rules the people. This image needs to maintain purity and involves too much interest, which will attract huge criticism.

Xia Xia Ming said again: "Our side is basically over, and the beautiful country is still pretending to be dead and dare not come out."

Li Yun raised his eyebrows, "Couldn't they be planning the next wave of attacks?"

"Our judgment is that there is a high probability that it will not."

Xia Ming explained: "This time, the beautiful country suffered the biggest loss since Midway Island. When fighting against the Korean Peninsula and South Vietnam, they did not receive such a big insult. After all, those two wars were tug-of-wars. Beaten unilaterally."

"Lost face?"

"Correct!"

Xia Xia Ming smiled and said: "The face of the beautiful country is basically lost. The key is that the people in the White Palace dare not speak out loudly. They are afraid that the Kusana sword will be stabbed by the sword."

"It's a bit exaggerated." Li Yun smiled, "In fact, it's not that powerful. The person who shot this time is not Ise Jinzakura, but the Amaterasu goddess. Based on my understanding of the gods, they are now All of his strengths are still severely damaged, and it takes a long time to recuperate after basically one shot."

"It turns out that the gods made the move." Xia Ming said with emotion: "Even if it is the same as you said, but in the future, if the power of the gods is fully recovered, what will human society become? Gods are always unstable factors."

"Perhaps, I don't know, take a step and take a look at the cloth."

"Sure, it's enough to have you, then I'll hang up? If you have time to play with Mingzhu in Beijing, don't you still have two confidantes in Beijing?"

"Ahem, almost."

Chapter 3812: Faint worry

"Hahaha, you are still shy, do you dare not be? As long as you don't get married, no one will say you. Hang up."

"it is good."

"Sure, let's talk back. Recently, you and Mingzhu have fun in the cherry blossom country, and you will find me if you have anything."

Xia Ming hung up the phone.

Li Yun held the phone and was silent for a while.

In fact, in the words before Xia Ming, there is a lot of suspicion about him, or more accurately, worry!

Ancient things are always a hidden danger, whether it is the aura of Penglai Island or the Biyu Palace that no one can enter, or this time Amaterasu, the remote control of Ise God Sakura outrageously shot.

This action is undoubtedly a victory for the Ise Jingu side, and Ise Jinzakura defeated the evil beautiful country.

There will certainly be many people singing praises on the Internet, and many people will be angry, but Li Yun is sure that most people will have all kinds of fears of gods deep in their hearts, whether they are boasting or cursing.

Even religious believers will show rejection of other gods.

I am afraid that even in Sakura, there are quite a large number of people who disagree with this so-called Amaterasu, and don't bother to care about it.

As Xia Ming said, what will the world be like in the future?

I'm afraid no one knows.

"Li Yun, what are you thinking about?"

When Xiao Mingzhu came back, she saw Li Yun sitting alone on the railing of the divine palace and looking at the scenery. You could clearly see the worry from him.

This was something she had never seen before.

"Nothing." Li Yun shook his head.

"Say!"

"It's really nothing, it's just worrying about the gods." Li Yun added, "Useless worry."

"Ah? Why are you worried?"

Ise Kaminakura also returned, her face was a little red, and she didn't know what Xiao Mingzhu was talking about with her.

"Da Yushen is a very good god!" The little witch wanted to lean over and hug Li Yun's arm, but suddenly she thought of something. Her little cheek became a little redder, she backed away in a panic, and turned her arms around Xiao Mingzhu. arm.

"I know." Li Yun smiled.

"Know that you are still worried!" The little witch added again, "It's strange."

"Haha, okay, I'm just worrying about it, forget it, the boat will go straight to the bridge head, it's useless to think too much."

Li Yun jumped off the railing and walked towards the two with a smile.

Xiao Mingzhu murmured: "As Li Chaoren, you still want to be unreasonable, then what are we? It's up to someone like you... Forget it, don't put pressure on you."

Li Yun looked embarrassed, "I can't afford this pressure. The country is the main force in dealing with disasters. At most, I just give a little opinion."

"Then you are still worried?"

"Uh."

Well, this is Xiao Mingzhu's special way of comfort, and Li Yun accepted it.

Yes, that's right, he doesn't need to worry at all. Everything has the top of the country, and he doesn't hold any positions or privileges. At most, he is the chairman of Baiyun Technology, and he needs to bear some responsibility.

Other things...just do your best.

If he can't solve it with his best efforts, it can only be said that it is beyond his ability.

"Go, Little Miko, Pearl."

"Where to go?"

"While there is still time for dinner, we are strolling around the Ise Jingu. It has been several days since we came to the Jingu, and we didn't even take a good look at this place!"

Li Yun held a girl in a spirited hand and took them around in the Ise Jingu. The Mikako of the Jingu was the tour guide himself, which was nothing in the world.

Coupled with the fact that she can kiss the **** child from time to time, making her face flushed, it is even more impossible for others.

Chapter 3813: Mikako forever

the next day.

It wasn't until nine o'clock in the morning that Ise Jinzakura woke up, looking at the top beam of the dormitory with a pair of confused eyes, and it took him a long time to wake up.

"Oops, I'm going to pray!"

Ise Jinying hurriedly got up, but her legs felt sore and weak. After seeing Xiao Mingzhu sleeping on her left and Li Yun sleeping on her right, her little face turned red.

Last night... She learned a lot of knowledge.

Yesterday afternoon, Sister Mingzhu deliberately took her to a remote corner and explained a lot of things between husband and wife at night, and Ise Jinzakura's face was red.

But at night, when Sister Mingzhu asked her to choose whether to watch or not, Ise Jinzakura barely hesitated, and blushed and agreed.

The result of the observation was that she was also drawn into the squabbling team, all kinds of mess, and things that she couldn't even think of before happened.

It is a hundred times more powerful than a kiss.

"Woo, I'm going to take a shower, and then pray, otherwise it's disrespect to the Omikagami!"

"I will confess to Omijin again later...Ah, do you want to confess these things with Omijin?"

"Say, or don't? Well, let's not say it, so shameful, Omijin may not want to listen...or else, if Omijin asks, I will say it again?"

"Hmm, that's it!"

After the decision was made, Ise Kamakura quickly got up, holding back the strange feeling all over her body, and hurriedly found her chubby chi and pajamas from the mess of clothes on the ground. After putting them on, she hurried out the door and called. Hanako prepares hot water for her.

"Mikako, you..."

Hanako Miko was shocked when she saw Ise Jinzakura walking out of the wall with her arms behind her, with a tired look on her face.

But when she was about to ask what happened, she suddenly thought of something and hurriedly covered her mouth.

It turned out... It was Mikamiko and another divine envoy from Huang Xuanguo, that is, Mr. Li...Finally, they were together!

In the past, when Mikami lost her chastity in his place, she had to be questioned by priests and other maidens in the shrine, and if it was more serious, she had to be killed to calm the anger of the gods.

Mikami can only be with the person she likes after she resigns from this position, otherwise, let alone losing her virginity, even if she is tempted to other people, she will be disrespectful to the gods and must be punished.

But today's Mikami is different from the previous Mikami.

Sakura can communicate with the real Amaterasu Omikami, her words are God's words, her will is God's will, and what she says is what she says.

As long as Omikami does not punish him, Ise Kamakura will always be Mikami.

Therefore, even if Hanako guessed what happened to Ise Kamizura and that Mr. Li Yun last night, she would never have any opinions.

"No, no, it's not!"

Ise Kamakura waved her hand quickly, her face flushed, and she said shyly: "Last night...I didn't talk to him, I, I just...studied!"

She used a rather subtle and accurate word: learning.

What to learn? Of course it is to learn something that cannot be said.

Who to learn from? Of course, it was Li Yun and Xiao Mingzhu. The two taught by themselves, and Ise Jinying also personally practiced this experience. Anyway, after a long time of mischief, she fell asleep in a daze.

Chapter 3814: witness

I remembered that when she fell asleep, Li Yun and Xiao Mingzhu were still rolling around, but she was exhausted at the time, and the noise of the two was like hypnosis, and Ise Jinying closed her eyes within a few clicks. , Huhu fell asleep.

So, she was the first to wake up this morning, and the two people who were fooling around to know what time are still asleep now!

"Oh oh!"

Huazi's face was a little red, and nodded, oh twice, indicating that she understood.

Ise Jinzakura couldn't explain it well, so she pursed her lips and asked her to prepare hot water.

Fortunately, when Hanako usually serves her to take a bath, and when she serves Mikako, Hanako finally understands something about last night.

Mikako is still in perfect condition, but there are many messy and scattered marks on her body, from top to bottom. Hanako really cleaned her in the bathroom for an hour before she restored her white beauty. status.

After putting on her neat and solemn Miko decorations, Mikami really returned—it was not easy.

Hanako was almost crying after Ise Jinzakura walked into the Imperial Shrine.

Because, in the bathroom just now, seeing all kinds of marks on Mikami's body, she wondered if Mikami was going to be severely scolded by Omikami?

What a mess!

Hands, feet, knee sockets, armpits under arms, toes, small ears, etc.

Hanako had washed out many strange things on Mikako's dark hair.

It should have been left by Mr. Li Yun indiscriminately.

Damn, woo, really disgusting, that man is too disgusting, not gentle at all, making Mikako...so tired.

Mikako, you have paid so much for Ise Jingu!

As the only witness, Hanako was deeply moved by Ise Jinzakura's dedication-she felt that it was Li Yun who coveted the beauty of Mikako, so she came to help them!

Mikamiko, you have suffered.

Hanako silently watched Ise Jinzakura walk into the Imperial Shrine with a weird pace, feeling that Mikako was a bit sacred.

...

For the next three days, Li Yun led a happy life.

In the daytime, I wandered around with the two girls, traveled around in the country of Sakura, and went to a hot spring hotel unique to the country of Sakura to experience it, and played the game when I was in the hot spring of Ado Mountain.

It was three people playing the game of kings and concubines together, but the little witch was not Hu Xiaomeng after all. She played halfway and said nothing to continue. She ran into the hot spring and buried herself with hot spring water, revealing only her nostrils and a pair of eyes. Staring at Li Yun shyly.

As a result, I saw that Li Yun and Xiao Mingzhu were continuing to play the game of kings and concubines, and it lasted for a long time. In desperation, Ise Kamakura had to return to the shore and took the initiative to act as a concubine to succeed Xiao Mingzhu.

Fortunately, Li Yun still had a bit of saneness. The most important first time she didn't take away Ise Jinzakura. After all, she was still a maiden who was the goddess of Amaterasu. Li Yun didn't talk to that goddess officially, so she grabbed The witch who walked her was a little sorry.

Of course, more importantly, Xiao Mingzhu said that if Li Yun had eaten the little witch, then he must be a big **** ghost!

Some little girls around Li Yun, except for Jin Liuli who belonged to Jianghu people, he took good care of the little princess, Hu Xiaomeng, and absolutely did not do anything to earn the death penalty for three years of blood. .

Everything is pure communication.

probably.

Chapter 3815: go home

"Sakura, we are leaving."

Happy days are always short, and Li Yun has a deep understanding of this.

A week after coming to Sakura Country, before the Lantern Festival, Li Yun and Xiao Mingzhu finally decided to return.

This trip was basically declared a success. Xiao Mingzhu left incomparably deep memories. Li Yun obtained some information about the gods and spent a wonderful seven-day holiday with her.

In four days, he and Xiao Mingzhu went to various places in the cherry blossom country to have a great time. At night, they also went crazy together, so that Xiao Mingzhu had to eat a few small recovery pills. Otherwise, she would add Ise alone. Shenying, a weak scum, couldn't hold back the harassment of that big bull at all.

But everything is perfect.

This week is an exclusive date for her and Li Yun. Even if she adds a little witch, she is still within Xiao Mingzhu's tolerance and has not become a big family to join in the mess.

Originally, Xiao Mingzhu invited them to come together. Although she also hoped that this time this time belonged to her and Li Yun alone, she did not exclude Fang Xuegong, Qingyu, Su Muxin and other sisters from visiting the cherry blossom country.

If they come, Xiao Mingzhu will try his best to accompany Li Yun with them and go shopping with them.

There will be no complaints in her heart, because after all, she has occupied Li Yun for a week and can no longer be selfish.

It's just that, perhaps she knew her desire to be alone with Li Yun, or they both spent the New Year in their hometown and did not return to Zhonghai City until after the Lantern Festival.

In short, Xiao Mingzhu got a precious opportunity to date Li Yun for a whole week.

Exclusive, let her unforgettable seven days and seven nights.

...

"Okay, you go back!"

At a bifurcated intersection on the hillside of Huangting Mountain, Xiao Mingzhu stepped out of the scooter and smiled at Li Yun in the driving position, revealing a bright smile.

Compared with before leaving for the cherry blossom country, Xiao Mingzhu now undoubtedly has less girlish temperament, and a little more mature girl's atmosphere, and his smile is full of some indescribable charm.

After all, I just spent a few days and nights with Li Yun in Sakura Country. Xiao Mingzhu hasn't recovered from those experiences. At least I have to go home and be isolated from Li Yun for a while, read a book, and work. Only a little bit of fascination will fade.

Of course, it does not disappear forever. Once you mess around with Li Yun, Xiao Mingzhu will show this amazing charm again.

"Don't go home with me?"

Li Yun raised his eyebrows, and said the word "go home" confidently.

"Why go home? That's your home, not my home~~"

Xiao Mingzhu pretended to be a girl and nodded her face, and an unconcealed smile appeared in her eyes: "I'm just going on a date with you... because you have found too many girlfriends, so you are not. My boyfriend, at most..."

"Friends in the hotel room?" Li Yun smirked, causing Xiao Mingzhu to irritate, and looked around with a guilty conscience, but fortunately there was no one.

Otherwise, people in Huangtingshan would be dumbfounded when they heard that she and Li Yun went to the Sakura Country to make an appointment to set off firecrackers.

"No more talk!"

Xiao Mingzhu is serious, "From now on, I am not your wife, or your baby pig, let alone your girlfriend, fiancée, anyway, I am still Xiao Mingzhu, you are still a big slutty with a bunch of friends around you!"

Chapter 3816: In a flash

"Neither?" Li Yun asked in surprise.

"neither!"

Xiao Mingzhu said solemnly.

After she got on the plane, she couldn't help thinking back to the absurd life of playing around in Sakura Country with Li Yun and Ise Kamakura in her mind for the past three days.

All kinds of ridiculous things that have happened, all kinds of messy postures and play methods, every time they come to mind, Xiao Mingzhu will be embarrassed. When she is in the first class of the plane, she can only cover it by pretending to sleep and cover her face. Own shame.

In the past, Xiao Mingzhu didn't quite understand why Li Yun was able to play with Su Muxin, Xia Feiyao, and Jin Liuli on the Ocean Princess cruise ship for seven days and seven nights.

What are you playing? Won't you get bored?

But now she understands.

It turns out that love is good for couples who are in love. If you really get together, even if you don't do anything, you won't get bored even if you do anything.

Three days and three nights passed by in a flash.

Up to now, recalling the absurd things of the past three days, Xiao Mingzhu can hardly remember what happened. She only feels that every time she recalls, her heart will be filled with sweetness and a trace of dryness. She can't help it again. If you want to rush into the arms of the man you like, put your arms around his neck, even if you don't do anything, just sitting on the sofa and lazily watching TV will make her feel extremely happy.

Even though there was another Ise Kamakura who was holding Li Yun's arm on the other side, Xiao Mingzhu did not feel the violation. The three lived and played for three days and three nights, and they were very harmonious.

But this is what Xiao Mingzhu has always been afraid of.

She was afraid that she would indulge in this kind of enjoyment, indulge in fooling around with Li Yun, and those sisters, becoming reluctant to work hard anymore, just thinking about fooling around with Li Yun every day.

Really, she was scared before, because she knew that her feelings for Li Yun were getting deeper and deeper. Once she was addicted, it would be difficult to get out, and she didn't want to get out.

And after playing with Li Yun for three days and three nights, hot springs, hotels, the little witch's bedroom, tatami, and other places, the fascinating joy made Xiao Mingzhu scared a lot. .

This feeling made her addicted more than she had imagined before. No wonder Su Muxin and Hu Xiaomeng, the two little girls, clamored in the group every day to play nonsense together, sisters together.

Before that, her best friend Liu Xianxian was also different, and a proud fellow like Gong Qingyu was also held by Li Yun while watching anime.

Wait a minute, Xiao Mingzhu is very afraid that she will become a waste. She needs to watch herself.

"Too unfeeling."

Li Yun touched his chin, and couldn't figure out what his girlfriend was thinking, so he hooked her finger.

"what?"

The bright girl who had a face that I wanted to make a clear relationship with Li Yun obediently clung to Li Yun.

But soon, Xiao Mingzhu woke up again: "What do you want to do? Don't do this, we all said... We are not boyfriends and girlfriends, even if it is, then I have to agree! Don't mess around!"

She worries that once the chaotic opening is opened, Villa 36 in Huangting Mountain, that is, Li Yun's home, will directly become a place of hoopla. Li Yun, her, and a group of sisters will be able to chuckle from morning to late night.

Including Gong Qingyu's mansion, without her Xiao Mingzhu alerting them in the future, Li Yun, the big satyr, would definitely take action!

Chapter 3817: Ruthless, shameless and unreasonable

And once Li Yun shot, Xiao Mingzhu knew that no one in the mansion could stop him anymore.

From Gong Qingyu, Gong Lianyi, to the little princess, Su Muxin, Fang Xue, and then to Gong Qingyu's four maids, they were all swept away by Li Yun.

Even the Master Saintess's master was properly cleaned up by Li Yun.

And Lord Saintess is cold-tempered, even if she sees Li Yun and those confidantes messing around on the third floor, all kinds of clothes are thrown all over the floor, it is estimated that Lord Saintess will not say anything, even Will not run away, just stare at them and Li Yun with a pair of curious eyes, or sit down and read slowly, letting Li Yun and them mess around.

Therefore, when no one in Zhonghai City can stop Li Yun, Xiao Mingzhu can't be this guy's girlfriend anymore!

Once she joins the messy team on the third floor, it will really be... Jiuchi Roulin, lively and fragrant.

It is estimated that Li Yun will become the emperor, and perform various behaviors in Jiuchi Roulin with a group of concubines.

You have to criticize that kind!

Therefore, Xiao Mingzhu absolutely must persist! ! Don't fall into it! !

"How do you look at me like a bad guy? Am I that scary?"

Li Yun looked innocent, but smiled in his heart.

During these three days and three nights, Xiao Mingzhu has no idea how many times he begged for mercy. Every time he called his brother or father, his face flushed with shame, but Li Yun refused to stop, helpless, Xiao Mingzhu. Only weakly shouted a few times.

The result of course was that it didn't stop immediately, and it stopped after at least half an hour.

If she wanted to come, she probably was scared, so she looked vigilant.

"Aren't you a badass?" Xiao Mingzhu stretched out a green finger and pointed it on Li Yun's forehead.

"You wronged me again, didn't you? I just wanted to take a picture with you."

"Why are you taking pictures? We all live in the same community again...Oh, I see!"

As expected to be a smart and beautiful super white rich beauty, she quickly understood what he meant.

Xiao Mingzhu also took out his mobile phone, her face leaning against Li Yun's face, and said to the camera: "Come on, then take a picture, you take a picture of you, I take a picture of mine, and then send it to Sakura after taking a picture."

Yes, the purpose of taking a selfie, of course, is to send it to the little witch who is far away in the Sakura Country, and now it is estimated that her small face is full of resentment and nostalgia.

Li Yun said: "Then you can send it?"

"Relentless guy!"

"Uh, well, well, I will post it too, otherwise the little witch's mouth will be high."

Li Yun smiled, and took a photo with Xiao Mingzhu, and the two of them sent different photos to Ise Kamakura.

"If only me, and you don't, what do you think the little witch would think?" Li Yun suddenly thought of a question. Xiao Mingzhu and the little witch's relationship is actually very good. After these few days, Xiao Mingzhu would sleep every night. He put his arms around her, saying that Mikami was more comfortable than a pillow.

"Suppose it doesn't exist, because I am not as ruthless as you! Humph~!"

"Why am I ruthless?"

"You are ruthless, otherwise why would you assume that I won't send a message?"

"If I want to be merciless, then I won't think of Sakura."

The two chatted nonsense for a while, and they both couldn't convince each other, and finally turned into Li Yun hugged her and used his mouth to convince the stubborn white rich and beautiful girl.

Xiao Mingzhu gave up almost instantly, and his head started to faint again after being kissed, and it took a lot of effort to push him away.

"Okay, see you tomorrow?"

"It's just been playing for three days...the ghost came to see you, I'm going to work, I'm going to go to my relatives, I won't see you!"

Chapter 3818: go home

Xiao Mingzhu embarrassedly refused Li Yun's request to send her. He left in a panic and walked to the top of Huangting Mountain.

To say that there are disadvantages to a large community, Li Yun wanted to send her to the door of the house, but Xiao Mingzhu refused.

Li Yun probably guessed her thoughts.

Xiao Mingzhu has always been an independent girl. Even after three days of mischief with him, once she returns to Zhonghai City, she will become a strong girl again, and she resolutely refuses to mess with him every day.

Next time I want to sleep with her again, I guess it will take Li Yun to perform well.

"...So it's still friends who set off firecrackers together!"

The more Li Yun thinks about it, the more he feels right. She refuses to be her girlfriend, but she won't refuse to sleep with him. Isn't she a friend who set off firecrackers?

"Hahaha, next time, she must be a good joke!"

Li Yun drove the scooter with satisfaction and drove towards his home halfway up the mountain.

It is the thirteenth day of the first lunar month, and there is still the smell of the New Year on the Huangting Mountain. The housemaid and bodyguards of the housemaid and bodyguards who went home for the New Year in Villa 36 on the hillside have also returned to the mountain to continue to work for the host family.

Their return has brought more popularity than New Year's Eve, making Huangting Mountain, the rich mountain full of laughter and laughter.

Li Yun's heart to return home was a bit eager.

Although his sister Li Feng was not there, she was still celebrating the New Year at Zhang's family, and Gong Qingyu and the others were all in their hometowns, but in the current home, there were at least five people waiting for him to return.

The little princess, Caiwei, Caixia, Shan Ruqing, Shan Xiaoxiao, and Tang Anxi, who is not known to be there, counted her as six.

Of course, there are also the saintly son Xiaosu who looks at people with his nose, and the ancient young girl who doesn't appear often and stays in the room watching TV and playing games online.

As for Xiao Qian in the Qinglian Immortal Mansion, she doesn't even go out of the Immortal Mansion, and Li Yun goes in to visit her.

"Caiwei, Caixia, little princess, I'm back!"

Li Yun launched the scooter, broke into the villa gate, passed through the garden in front of the villa, and parked the car by the rockery pool.

The housekeeper Zhou Jian walked quickly and said respectfully: "Master, when did you come back? Next time, if you come back, call me or the housekeeper in the inner courtyard. We will arrange a car to pick you up at the airport." ."

"Let's talk about it next time."

Li Yun doesn't care about this kind of pick-up and drop-off problem. Besides, Xiao Mingzhu's driver will pick up and drop off.

"Or you can just send a message!" The butler still tried to convince Li Yun. After all, the host was really kind to them. The treatment was high and he was so easy-going. As long as they finished their work, they would not have any blame, female. The owners are also very kind and treat the people very well.

"It must be like this?" Li Yun asked.

"Master, after all, the drivers are paid handsomely. This is their job." The steward explained with a smile. Now there are five or six drivers in Li Jiaguang. Some belong to the Li family, and some are exclusively brought by the hostess's family. Their exclusive driver.

For example, the new mistress, Shan Ruqing, also has a female driver who specializes in picking up and picking up Shan Xiaoxiao. Of course, she usually uses the Li family's driver. She seems to have assumed that she is also the Li family's mistress, so Don't mind calling the driver here.

Li Yun agreed and nodded, "You are right, yes, I will let you arrange the pick-up and drop-off next time. By the way, are they at home?"

Chapter 3819: Changes in the home

Li Yun went home without notifying them in advance, so it was a surprise for the family, although he had already said that he would be back for the Lantern Festival.

The steward said: "The two young ladies are at home, and the little mistress is also there. Now I think I am awake and will be coming down to exercise for a while. Miss Tang has not come back for a few days, saying that she has something to do. Mrs. Shan has been busy with herself recently. About the company, but when she went out in the morning, she took Miss Xiao Xiao away, and she won't be back until the evening."

The housekeeper explained the situation at home one by one. Judging from the name, he knew how close these women and girls were to Li Yun.

The first person to introduce is of course Caiwei and Caixia. These two master's sisters seem to be... also the master's wife.

The housekeeper Zhou Jian is not a fool. Even though he has never been to the third floor, he can still learn from the usual words of these two young ladies, or from the excitement that every time they mention Li Yun, plus that they and the master are not brothers and sisters, etc. Details, so as to guess something.

In the future, there is a high probability that these two twin girls will also become the mistress of the Li family.

From the lady of the Li family to the mistress of the Li family.

This is not surprising in ancient times, cousins can also get married, not to mention that the two young ladies are not the master's biological sisters?

Besides, the housekeeper knows that the mistress named Li Feng is also the master's god-sister.

This proves even more that Caiwei and Caixia, the two twin girls, will also become the master's confidantes in the future.

The butler is ready to change his mouth!

The second introduction is naturally the little mistress, that is, the princess Yongning who has been sleeping and is not in good health. She is inseparable from the master and is of course very close, and may even be much closer than the two young ladies.

As for the Miss Tang, it was Ruozhiruoli's relationship, and Mrs. Shan Ruqing had just joined, and the butler was not sure about the master's... taste.

Simply put, Mrs. Shan Ruqing, does it suit the taste of the master?

Don't let the madam they called so many times, it would be embarrassing for Shan Ruqing to be driven out in the future.

So she can only introduce it later.

"Oh, that's how it is."

Li Yun nodded, never expected that there would be so many twists and turns in the housekeeper's call, but thought it was not bad, and then asked: "Little Lolita...no, where's Xiao Su? And the young girl? , Are they all there? What have they done during this time?"

A projection of a **** appeared in the Sakura Country. Li Yun didn't believe that they didn't pay attention, but the two of them were treacherous and cunning, and they wanted to pry something out of their mouths.

Some things can only be inferred from their attitudes.

"Miss Xiao Su has been living on the second floor of the villa recently, playing with several ladies and ladies. For example, in the afternoon, Miss Xiao Su will play with the two ladies, the little hostess, Xiao Xiao and the others on the court."

Li Yun nodded. The large villa is still very convenient. There are badminton and volleyball courts at home, and there is also a golf hall in the community. You can find almost everything you want to play in Huangting Mountain.

"As for the senior young girl..." The butler gave a rather strange title: Senior!

This is also a last resort, because no matter what she is called, she feels weird and can only be called senior.

"What's up with her?"

"She hasn't changed much. She seems to go to bed very late every night. The next day she woke up at the same time with the little hostess. In the afternoon, if the weather is good, she can bask in the sun. If the weather is bad, she will be in the living room on the second floor. Chat with people at home."

Chapter 3820: Missing girl

Through the words of the housekeeper, Li Yun learned about the family's affairs during this period.

The reason why I asked in such detail is that I am concerned about whether Shan Ruqing's mother and daughter, and Tang Anxi, can be integrated into the big family. At present, it seems that there is no problem. Even the somewhat paranoid Tang Anxi has a personality. A lot has changed.

The second thing, of course, is to understand how the two ancient figures in the family would react to the appearance of the goddess Amaterasu.

At present, it seems that Li Yun has been thinking a lot.

"Okay, go ahead."

Li Yun waved his hand to let the housekeeper leave, and he walked into the large living room.

He had just walked to the spiral staircase on the first floor when he heard the voice of a familiar girl: "Housekeeper Zhou, I just heard the voice of my brother...Ah!!!"

A young and lovely girl stunned at the corner of the stairs, looking at him with incredible eyes.

"What's the matter? I'm stupid when I see my brother?" Li Yun smiled and opened his hand to her.

The next moment, accompanied by a scream from her brother, the young and lovely girl jumped suddenly and flew into his arms, and was firmly embraced by Li Yun.

"Caixia, you little girl! Don't worry about falling?"

Li Yun pretended to be angry and hit the back of Da Caixia. After the hit, something strange arose in his heart inexplicably.

His Caixia has grown up, and it is no longer the green feeling of bones in the palm of her hand when she hit her before, but now she has a fleshy feeling, soft and elastic.

Caixia has grown into a young and invincible girl, exuding the youthful charm that belongs to this age.

Maybe every brother or dad will sigh with emotion, right?

"Hee hee, what's the matter, now I have become super powerful, there will be nothing wrong with jumping down from the third floor, besides, my brother will catch me too, right?"

Caixia spit out her small tongue and said playfully.

"Of course... wait, what did you just say? Did you jump down on the third floor?"

"Hmph, try it... ah no no, no, neither I have done this before... sister, elder sister, come down quickly, go downstairs with the little princess, brother, ah no, Brother Yun is back!! "

Caixia yelled upstairs, and soon two girls hurried down eagerly.

"Brother~~~"

"Husband~~~"

Li Yun hurriedly caught the two girls who rushed forward like Caixia, one in each hand, Caixia smiled and hung in front of him, holding his neck with a crooked smile:

"Brother Smelly, ah no, it's Brother Smelly Yun, now you know how bad the girls around you are?"

"..."

Li Yun hugged them, went up to the second floor, put the three petite girls on the sofa in the living room, and knocked them alone.

"Hee hee hee."

"Why did your husband hit me~?"

"Brother Yun~~~"

The three little girls reacted differently, but after Li Yun sat down on the sofa, they all rushed over, one by one, and plucking occupying the middle, entangled him.

I haven't seen each other for more than a week, and the three of them thought he was thinking hard, and they were a little out of control when they met.

"Okay, okay, I'm wrong, I will definitely take you to play next time I go out!"

Li Yun turned on the TV, chatting closely with Caixia Caiwei and the little princess Yongning, while telling them about what happened in Sakura Country.

He didn't hide too much, at least Li Yun told them about the Yaqi Orochi, the Three Divine Artifacts, and the Amaterasu Goddess Oracle.
