

Godly Choice 3831

Chapter 3831: I'm very happy

Not to mention Caiwei and the three of them whispering in the bathroom, they flushed with shame as Shan Xiaoxiao said that they were discussing things in the group.

On the third floor, Li Yun put his arms around a beautiful woman and lay in the bathtub to rest.

This beautiful and flowery woman, whose glamorous temperament has disappeared because of what happened just now, and turned into a charming look with a red face. If she is seen by her daughter on the second floor, she will definitely be surprised, a strong woman and a female president. Mom, will there be such an expression?

The reason is naturally because Li Yun and her just now...

"Li Yun."

Shan Ruqing, who was taking a bath in her arms, spoke softly, murmured, and rubbed her face against his chest.

Not like the mother of a nine-year-old child, but a girl who has just been in love and is as cute as a clingy cat.

"what happened?"

Li Yun put his arms around her waist, and the two of them lay in the bathtub together to enjoy the bath. While talking, Li Yun held up a handful of water and poured it on her beautiful face that still had a red charm. superior.

Just now, Shan Ruqing was exhausted.

It's weird.

Obviously she already had a daughter Shan Xiaoxiao, but at this time, when the two were alone, Li Yun felt that she was more obsessed than any other girl around him.

Maybe Fan Linglong can barely match her. Fan Linglong has been alone for many years before she has the man she likes. So at some point, she will be very annoying. Li Yun estimates that she will be tomorrow morning. Will come, specially reserved for Shan Ruqing tonight?

"No, nothing, just... I want to hear your voice."

"..."

Li Yun is in a complicated mood. Does the woman in her arms love him so much?

"Fool, you can listen anytime you want!"

"Different."

Shan Ruqing raised his head, kissed lightly on his lips, and rubbed his face again, a cat.

"What's the difference?"

"Well... it's just different."

Shan Ruqing murmured, "I am very happy tonight. Once in a year, I will be very happy and happy once such a day occurs."

"Uh, to be with you alone?"

"Hmm... I know you accompany me more than once a year. I am also very happy on the night of New Year's Eve. I will be very special after the first, second and third day of the new year, until you go to the cherry blossom country. happy."

Shan Ruqing's voice made a smile, "So I am a particularly happy woman. One night to experience this kind of happiness is something I could not even think of before, but now I am in a year, I will be happy every day."

On the winter night just after the New Year, the two hugged each other, lay in the hot water of the bathtub, and said some affectionate words, which seemed particularly happy and sweet.

To use a novel word is: little luck.

Li Yun sighed, "Ru Qing, what do you want me to say?"

"Then do you want to say that I am a very good woman, but you are sorry for me, so many girls around me?"

"Um."

"Sure enough, but I am tired of listening, and they are tired of listening too!"

Shan Ruqing adjusted her position and changed her posture to lie down on Li Yun's chest, put her hands on his chest and put her chin on, looking at Li Yun closely with her beautiful eyes.

"I have to talk too much if I'm tired of listening." Li Yun rubbed one of her wet hair and placed it on her slender waist along her back.

Shan Ruqing snorted comfortably without feeling uncomfortable.

Chapter 3832: Remember the time

"I don't know about other people, but I am really happy and I will never regret it."

Shan Ruqing squinted, like a cat being stroked on the back by the owner, very lazy, and said: "Even if it's not for the sake of being a little kid, I... will like you."

"What if it's for the little one?"

"I like you too."

"Uh...if,"

"No matter what, I like you~"

Shan Ruqing made a summary in a cheerful tone, then moved closer, and kissed Li Yun's lips very hard.

"Since when?" Li Yun suddenly wanted to ask this question.

"When? From... when we were in the cave, I was inside, you were outside, and Xiao Xiao was **** with you?"

Shan Ruqing used an interrogative sentence.

The encounter between her and Li Yun was very dramatic. At that time, the plane she was travelling in was hijacked by people from Six Doors and used to spread some kind of demon blood. She, her daughter, and several passengers were all kidnapped into a cave in an old forest deep in the mountains. .

When she and her daughter were under immense pressure and were about to collapse, Li Yun showed up with someone. He deliberately pretended not to see the cave covered by illusion and chose to camp outside the cave.

Looking back now, Shan Ruqing felt incredible.

At that time, she still hated men as always and ignored the appearance of rescuers, but after she fell in love with Li Yun, she recalled the time when she was in the cave. In fact, Li Yun had calmed down her self-confidence. Seen as the only hope for escape, right?

It's just that she was too stubborn and stupid at the time, and all sorts of unpleasant things happened to Li Yun.

"so early?"

"It could also be... when you and I and Xiaoxiao boarded the plane together."

"Oh?"

"It's also possible that you, I, and Xiao Xiao spent a night in the forest together."

Shan Ruqing couldn't help laughing. She spent the night in the forest without even thinking about it, but at that time she had no fear in her heart. As long as Li Yun was there, she would not be afraid of the various beasts and snakes in the forest. .

Li Yun can solve everything.

So, she must have liked him at that time.

"So late?" Li Yun said deliberately.

Shan Ruqing pursed her lips and smiled: "Then a little bit earlier, when you hold Xiaoxiao in your sorrow, and carry me on your back, I probably...like you."

Li Yun raised his eyebrows: "Then you were still so... owed? Well, just owed, like a high-cold female president!"

He said so, but Li Yun was secretly refreshed at the moment.

She could turn such a cold female president Shan Ruqing into what she is now, lying lazily in him, taking a bath with him, and kissing him with affection from time to time.

This kind of obsession is in sharp contrast to the high cold at the time. Who can bear not being proud?

"At the time... I think any man is very upset!"

Shan Ruqing pursed her lips, "I was deceived by that guy. Fortunately, I was not deceived by him. I just did an IVF... Okay, well, I won't emphasize this, I know Li Yun you don't care. "

"I know you care!" Li Yun said.

"Um... I care a little bit, but I don't care much, because now I have you~."

After the confession seemed to be said, Shan Ruqing brought the topic back again: "I was lying on your back at the time. Because I was too nervous and tired before, I actually wanted to sleep at that time."

Chapter 3833: Princess Yongning's sense of security

"I want to sleep? Then what?" Li Yun asked.

"I'm actually... a very insecure woman."

Shan Ruqing said embarrassedly: "At that time I still refused to let you carry it, but you were very strong, so I could only lie on your back and Xiaoxiao was taken away by you... I could be there. When I felt sleepy, it was because I believed you deep in my heart, so I relaxed my spirit... You don't know, after you left, I didn't feel sleepy for a moment, I just kept on guarding Xiaoxiao!"

Li Yun smiled bitterly: "If you didn't tell me then, if I knew I would not leave, I would stay with you."

"No way." Shan Ruqing shook her head, "How can you stay with us if you want to do things? However, you came back later and camped with us to rest. At that time, I was... very happy. "

"I can see that you ate a lot of food at that time."

"Hate~"

Shan Ruqing groaned.

Li Yun smiled. In fact, she was not cold at all, but she was used to disguising her vulnerability with indifference in front of outsiders. Over time, this indifference became a habit.

Peeling off her shell, only Li Yun can see the girl in her heart.

"Ru Qing, have you rested?"

"Huh? Come again, do you want to call Xiao Qian out?"

"Just me and you tonight! Come."

"Woo."

Shan Ruqing's happy face turned into a bitter melon look, but he still met Li Yun's request, and he was very tired after spending more than an hour in the bathtub.

After the end, Shan Ruqing was taken by Li Yun to the living room with the heater turned on as a princess. She placed her soft and weakened in the living room, and her hair was dried by magic power and it became dry again.

"Let's go to bed, it's late."

Strictly speaking, Li Yun did not have his own bed on the third floor, because only the super-large bed, occupying dozens of square meters, was his room.

Many other girls' things are piled up in the locker room of the room. Some are not cleaned up, and some are spare. Anyone can live in that big room.

However, Shan Ruqing didn't want to go there tonight, because there were not so many girls.

"Go to the little princess's room!"

Shan Ruqing put his arms around Li Yun's neck and was hugged away by him, without opening his eyes, and said lazily.

"Go to her?"

"Well, go to sleep with the little princess."

The little princess has a separate small room on the third floor. There is no bathroom and no desk. There is only a wardrobe to store some things. The other items are stacked on the bed by her. It is a very warm and sweet little room.

After all, she sleeps for 16 or 7 hours a day. She doesn't need a desk or anything. Her mobile phone, dolls, pillows, and some pajamas are all on the bed.

Cosmetics are not needed, she has an exclusive maid to serve her.

Li Yun has slept in this small room many times. Generally speaking, it is a pretty girlish boudoir, but the bed is very big, two or three times bigger than the double bed, and there are fences along the bed to ensure that Princess Yongning stays at night. I went to bed at 8 or 9 to noon the next day without falling off because of rolling.

In the words of the little princess, a fenced bed is particularly safe.

"Row."

Li Yun held Shan Ruqing and pushed open a door connecting his room, that is, the room where the little princess was-this was specially remodeled, and Princess Yongning's room was connected to Li Yun's large room.

Chapter 3834: Warm feeling

When remodeling the house, the little princess Yongning even wanted to block the door connecting her small room to the corridor. In this way, she would have to enter from Li Yun's room if she wanted to enter her room.

Although she didn't say anything, everyone guessed the reason she wanted to do it: to increase her sense of security.

Because the door that opened in the corridor was blocked, her small room became more closed, and it formed an integral existence with her husband's room, and no one could enter her room from the corridor.

Isn't it more secure?

But in the end, because of aesthetic issues, she still didn't do this. Princess Yongning had to ask Li Yun to help her move the closet behind the corridor door and use a large closet to block the door.

In fact, this meant that she could only enter and exit from Li Yun's room, and the princess's boudoir became extremely secretive, full of girly warmth and security.

When Li Yun carried Shan Ruqing into her princess's boudoir, the little princess was wearing a pink pajamas, and was sleeping on the huge bed with her legs tucked in a soft velvet quilt.

The heated room saves her from having to cover a thick quilt. The petite princess sleeps on a large fenced bed. The pink-toned room and bed give people a very cute and warm room.

"very nice."

Shan Ruqing put her arms around Li Yun's neck and couldn't help but smile when she saw the scene of the little princess Yongning sleeping soundly on the bed.

The window of this big bed is four or five meters long and wide. Three sides lean against the wall and walk up. One side of the bed faces the door. As you can imagine, the sleepy and confused little princess came from Li Yun's room, opened the door and entered his boudoir, kicked off the cotton slippers, stepped over the fence of the bed, and fell on the soft big bed.

The little princess rolled a few times on the pink soft big bed with fence, hugged the quilt, and found a pillow to sleep.

With a large bed against the wall on three sides and a fence, she didn't worry about falling down no matter how she rolled on the bed.

When Shan Ruqing met the sweet and cozy boudoir of the little princess Yongning for the first time, she wanted to come and experience for herself what it was like to sleep with the little princess for a night.

It's a pity that on New Year's Eve and the next few days, she spent in Li Yun's room, and Tang Anxi, Fan Linglong and others were messed up by Li Yun and were very tired. There was only time to glance at the little princess's room.

"What's so good?" Li Yun put her on Princess Yongning's big bed, but Shan Ruqing did not let go, and the two rolled in like this.

After kicking off the shoes, Li Yun came to the little princess in a hug, and hugged them one by one.

"Husband~ Jun?"

The little princess who was awkwardly asleep felt something vaguely, stretched out her little hand and touched Li Yun's face, then leaned forward and smelled Li Yun's body, which matched the

familiar taste in her memory that made her feel at ease. Later, she fell asleep again, and only whispered: "Husband, let's sleep together..."

"Go to sleep, sleep until the next day, you little lazy pig."

"Um....."

Princess Yongning didn't move anymore, she shrank in the quilt and used her husband as a pillow, tucked her head under his arm, and fell asleep~.

"very nice."

On the other side, Shan Ruqing propped his head with one hand, looked at the little princess in a deep sleep, and couldn't help but say again.

"So what's so good?"

Li Yun squeezed the little princess' face and asked her with a smile.

"What a... happiness~"

Shan Ruqing also lay on his chest, circling her fingers in circles, "I think of Xiaoxiao when I see the little princess."

Chapter 3835: All my daughters

"Isn't Xiao Xiao downstairs?"

Li Yun took out his mobile phone and chatted with some night owls who were not asleep. For example, Gong Qingyu, she will definitely not sleep until 12 o'clock in the evening, and Shangguan Lingxian, she has been busy learning how to make alchemy recently. , And go to bed late.

"It's different."

Shan Ruqing murmured, looking at Li Yun's mobile phone, he did not shy away from himself, so Shan Ruqing could see what he was chatting with several girls.

In fact, it is nothing more than asking about the latest situation with concern.

Compared to what these girls were talking about in the Fairy Society, Li Yun talked with them more clearly.

"You mean, both the little princess and the little princess are your daughters?"

"Think of it~ the little princess is so cute~"

Shan Ruqing got up and came to Princess Yongning's side, and happily hugged her from behind: "Look, isn't the little princess very cute? If Xiaoxiao grows up, she...definitely will not grow like this. "

"Haha, you also know that Xiaoxiao won't look like this?"

"Hmph, I'm her mother, can I not understand my daughter?"

Shan Ruqing said quietly: "Xiao Xiao is very smart, I knew about this very early... It's just that I was too paranoid at that time, I didn't want to believe this, I just wanted to give her the best material. Condition, treat her as the best-behaved child in the world. Later I learned that she was actually...too smart."

"Smart is a good thing."

"I didn't say it was bad, no matter what Xiaoxiao is like, she is my daughter."

Shan Ruqing looked at Li Yun, her face flushed slightly, "It's also your daughter!"

Li Yun looked embarrassed, "Can it be inappropriate? We talk about different places, you are her mother, I am your husband, but Xiaoxiao calls me brother!"

"And then? You want to marry her in the future?"

"puff!!"

Li Yun spewed out old blood, Shan Ruqing quickly knocked him a few times, "Stop, it won't be good to wake up the little princess!"

"...Don't worry, don't want to wake up easily after the little princess falls asleep."

"Then you can't bother her, you see, the little princess is frowning."

The two talked about other things again. They didn't mention the matter just now. It seemed that Shan Ruqing was just making a joke.

Li Yun didn't take it seriously either.

"But come to me?"

"Why in the past, I slept with the little princess in my arms, so that you don't have to be a beast." Shan Ruqing's face became even more red, and her eyes were a little bit shy. "Get the little princess's room away. It's dirty, I can't spare you!"

Li Yun couldn't laugh or cry, "You just came to sleep in the little princess's room just to avoid being me...so?"

"I'm exhausted."

Shan Ruqing complained in a low voice. It was said on the Internet that there was no land damaged by ploughing, but why did it fail to come to her?

Blame this guy for being so strong...

"Okay, okay, whatever you want."

"Are you angry?"

"Nonsense."

"Hehe, okay, wait for me to hold the little princess for a while, and then go to your side when I'm satisfied."

The two chatted, Shan Ruqing was exhausted in the bathroom after all, and before going to Li Yun's side, she closed her eyes and fell asleep.

When she fell asleep, Yuli really kept holding the little princess, and Li Yun alone protected the little princess...

the next day.

Sure enough, Fan Linglong came early in the morning, with the excuse that she came to Huangting Mountain to practice, and she also attracted her apprentice, the saint woman, and the little maid Qingzhu drove them to the villa.

Tang Anxi also came during the Lantern Festival, and Li Yun lived a life of Hu Tianhudi. During the Lantern Festival, Liu Xianxian's family and Xiao Mingzhu's family all came to have a sumptuous dinner together, and the excitement lasted for two whole days. sky.

Chapter 3836: Unexpected call

Time flickered. After the Lantern Festival, the girls returned to Zhonghai City one after another or went to the capital to study. Li Yun spent a few days picking them up and taking Gong Qingyu, Fang Xue and others back to Zhonghai City. He sent Hu Xiaomeng back to the capital, and went to see Zhao Tianfeng by the way, and then played with them in the capital a few days and nights.

It wasn't until Hu Xiaomeng got tired to get down before Li Yun returned to Zhonghai City.

By the way, he also sent Jin Liuli to Penglai Island. Xiao Liuli and Xia Feiyao often stationed on the island to support the daily operations of the Fairy Society.

Shangguan Lingxian ran around, sometimes to Penglai Island, and sometimes back to Tiandanmen.

Ten days after the Lantern Festival, schools across the country opened one after another. Zhonghai City was no exception. Li Yun finally returned to his usual school, home, and happy life at night.

It's normal, but it's just wishful thinking.

The situation of the world is changing drastically every day. Since the kingdom of Sakura is very early, the god's power and power have been confirmed and spread all over the world, and along with the beautiful country, it has found an excuse to "because of the spirit of changing the flora and fauna, The people of fifty states need protection, so the implementation of the strategic contraction order" as the reason, the beautiful country officially withdrew from the cherry blossom country.

From then on, the Sakura people really stood up...hehe, they got on the stage.

There are still fathers in the Sakura Country. Li Yun is considered to be half of the father's country, and Mikako of Ise Jingu is the other half of the mother. The orders of the two belong to the imperial existence in the Sakura Country, and almost no one dares to disobey. .

Li Yun's majesty comes from his strength and Huang Xuanguo standing behind him.

As for the majesty of Ise Jinzakura, it comes from the goddess Amaterasu whom she believes in.

Li Yun did not pay attention to how many times Ise Jingu has expanded, how many believers there are, how much house prices within a 100-kilometer radius have soared, how much rent flows into the pockets of Ise Jingu, and what about the House of Sakura. Amend the constitution to guarantee Ise Jingu, to be precise, to protect the rights of Mikami, so that the power of the gods can also become a legal existence.

Yes, it is legal.

The so-called legality means to meet the expectations of the majority of people in this country, and to be supported and protected. If most people in this country believe that the Mikako of Ise Jingu deserves a transcendent status, then Mikako is an unconstrained existence. , This is also legal!

Li Yun didn't pay much attention to all of the above, but when chatting with Ise Kamakura, he learned something from her mouth, and then read the news by the way.

He doesn't need to pay attention to this. If the situation is important, the little witch will call him to explain specifically, and Liao Hua or Xia Ming will also come to ask his opinion.

If these are not there, it proves that those things are secondary.

Li Yun returned to the rhythm of school.

Every day I go to Zhonghai University with Fang Xue, Gong Qingyu, Xiao Mingzhu and Su Muxin. Occasionally, Liu Xianxian will come back from the shooting and go to school together.

It wasn't until half a month later that an ocean phone call broke the rhythm of Li Yun's life.

"Guess who I am~?"

"Alice?"

"Hey? Why did you guess that it was me? Obviously I used Huang Xuanguo's Chinese specially!"

Yes, the owner of this ocean phone call was another princess whom Li Yun knew, and who had a good affinity with him: Alice Windsor, the country of never setting sun.

Known as Her Royal Highness, Her Royal Highness Princess Valkyrie!

Chapter 3837: do you miss me

To be honest, Li Yun was quite surprised.

Although this princess Alice already had a full-value friendship with him, Li Yun always felt that this kind of friendship included some other things and reasons that Alice had more of.

For example, when Alice first wanted to use herself in exchange for Li Yun's support for her country, so that she could drive her aircraft carrier into the misty island of Penglai, which was also called Weiyi Island at that time.

She must have a good impression of Li Yun, but this affection is definitely not as simple as Gong Qingyu, or some other girls, but mixed with some feelings that she thinks about her own country.

In general, Li Yun and her are boyfriends and girlfriends, and Alice will never like other men again in her life, but she will not come to Zhonghai City to live with Li Yun. She wants to save her country in her own country. People.

It resembles Ise Jinzakura.

But it's not the same.

The little witch's sentiment towards Li Yun is also very pure, even if there is no order from the goddess Amaterasu, she will regard Li Yun as the person she trusts most.

"What's wrong? You finally want to call me?"

Li Yun asked with a smile.

"What do you mean by finally wanting to call you!" Alice still used Chinese to talk to Li Yun, and said annoyed: "I always wanted to call you, OK, I called you the last time I called you a New Year's greetings!"

"Uh, good, my fault."

"Huh, it's good to know what's wrong... Have you missed me lately?"

Before Li Yun could answer, she continued: "I don't think...there are so many girls around you who ran to the cherry blossom country and the **** envoy to kiss me and me. I must have forgotten this princess..."

Alice was full of resentment.

In the world, the only princess of the royal family of a big country can worry about her, and the only person who doesn't want her at all is Li Yun!

".....sorry."

Li Yun gave a wry smile, "Alice, have you been busy doing things? I..."

"No matter how busy you are, you can't help but answer your call, or else... You will call me a week and I will also call you. I will fly to you every month. What do you think?"

"One phone call a week? Could it be less?"

"A lot, I have to be busy too, okay, it's so decided, hehe~."

Alice chuckled, and finally her relationship with Li Yun had changed. She couldn't help but feel fortunate to have kissed him a few times before leaving, otherwise the relationship would be even stranger now.

Fortunately... after all, the two like each other, and neither distance nor time are the factors that annihilate this relationship.

Li Yun chatted with her for a while and learned about her current situation. Knowing that Alice had already formed a "force" of her own, called a party? Or is it called the power of the temple?

Not sure what it is called, it should be a mixture of the two. Alice now claims to be a believer of the goddess Athena in the world, so as to call on those who have no faith to believe in the goddess Athena.

But to be honest, apart from Li Yun and some ancient records, most people in this world don't know who she is. Therefore, Alice's power is not so much a temple, but a temple. Party. faction is more appropriate.

Be able to run for parliament, thereby getting into the power of the prime minister

"Tsk tusk, Alice, you are so good."

Li Yun sighed and praised her a few words.

There is no doubt that Alice is the most powerful of the girls around him!

Chapter 3838: Alice's goal

Of course, the so-called powerful refers to the field of leadership in politics and leadership.

The House is an extremely complicated circle. If Alice can really defeat other forces in the future, and if her temple power becomes the majority in the House and is successfully elected as the female prime minister, then her achievements will definitely be no better than that of any other women around Li Yun. The child is poor.

Although I don't want to compare, and I can't make simple comparisons, but if Alice becomes a female prime minister, she is undoubtedly better than Hu Xiaomeng, Gong Qingyu, Shan Ruqing, Xiao Mingzhu, Su Muxin, etc., these girls.

Only in terms of life achievements, it does not mean that Alice lives more meaningful than them.

For example, Gong Qingyu, she is a slacker at first, thinking about remote control of some companies of the Gong family, hiding in the mansion, watching anime, drawing, and becoming a proud and gifted housemaid.

Gong Qingyu didn't care about the so-called life achievements. She would rather see that her cartoons could be published without the power of capital, on her own, not on money, so Gong Qingyu's submissions of cartoons are anonymous.

Another example is Xiao Mingzhu. She has no idea of political affairs, she just wants to be a female president. In the past, she wanted to maintain her father's company and expand it to a consortium level, making the Xiao family a real wealthy family, not a nouveau riche.

After getting to know Li Yun, she felt that she could do it with both hands, not only inherited her father's company, but also went to Baiyun Technology to help him manage this giant company.

With her current energy, Xiao Mingzhu told Li Yun that she would definitely be able to do it!

Not to mention other people, Hu Xiaomeng is still in school and thinking about dating Li Yun plus her Tianfeng Sister, go to the hotel to mess around, go to the Qinglian Immortal Mansion through the teleportation bead, and roll on the spacious grass. also.

She is not very clear about the future.

So, Alice may be more successful in life, but other girls also have a meaningful life. Everyone has their own way of living.

But this also proves that Alice's methods are definitely not low!

"You called me, wouldn't it be just to say this?" Li Yun asked her.

"is it not OK?"

Alice acted like a baby, and appropriately lowered her posture in front of her boyfriend, which can make the man more emotionally inclined.

This is what her housekeeper suggested to her.

"Yes, yes." Li Yun smiled: "But as a princess's boyfriend, I think there is another thing my girlfriend called me. Am I right?"

The princess is acting like a baby, what else is he reserved?

As a girl who has a lot of affection around Li Yun but has not dated yet, Li Yun still cares about her.

"Hehe, my mouth is so sweet~, okay, let's not talk about anything else, let me tell you one thing."

"I'm listening... In addition, the words such as the mouth is really sweet are mostly spoken by adults to children in Huang Xuanguo!"

"Hey? Is that so... But I still want to say, what should I do?"

After Alice was full of satisfaction with her miss for Li Yun, she said seriously: "Okay, let's not laugh, this time I will really tell the real thing!"

Really say the real thing...

"What's the matter?" Li Yun didn't complain about her.

"It's... the pyramid!"

Alice switched back to English. Her Chinese was not very good, but Li Yun's English was very good and could understand her.

In the future, she must speak Chinese with Li Yun.

Chapter 3839: prove yourself

"pyramid?"

The scene from Penglai Island immediately appeared in Li Yun's mind: six things of different shapes, which he temporarily named the Gate of Life and Death, emerged from the ancient relics of Penglai Island.

Among the six gates of life and death, one of them is a golden cone-shaped pyramid!

"You found the door to life and death!?" Li Yun asked, really excited.

During this period of time, he did a lot of things, and settled a dispute between the Six Doors and the Hidden Sacred Valley. The two schools fell apart for this, and they ran to the South Pole to dig out a sacred child named Jin Luo. Li; I also ran to the cherry blossom country and ran into the real phantom of the gods.

But to be honest, these messy things are secondary, and what can really change the world is the moment when the door of life and death is opened on Penglai Island and the spiritual energy is released!

If another door of life and death is found, the earth will definitely undergo a huge unknown change.

"no."

"Oh."

Li Yun's interest is lacking. If the Pyramid is not the gate of life and death, it is nothing more than an ordinary ancient site, and it is not worthy of his long-distance attention.

"maybe."

"what?"

"I mean, it doesn't have to be!"

Alice complained to him: "You are not worth it. The things left by the ancient gods are very strong and weird. Even if we find anything, we can't open it, so..."

"So you asked me to take a look in person?" Li Yun was a little interested, "What is it?"

Alice gave a hum, nodded, and said, "It's a pyramid buried in the desert. It is very small and completely covered by yellow sand... I won't talk about the details. Anyway, let me tell you this pyramid. It's very strange. Hundreds of people have disappeared one after another. I went to check it personally and found out what was abnormal there!"

"You know that someone is missing, do you go by yourself?!" Li Yun's voice became louder.

"Hehe, I know you are there... I told my grandmother that if I can't get out, I will contact you immediately. Fortunately, everything went well. I used the artifact you gave me and managed to escape!"

Li Yun took a deep breath, "I don't know what to say about you, don't do this next time, call me if something happens, am I still not your boyfriend?!"

"it is good."

Alice agreed softly, she actually wanted to prove herself.

Because everything she can have now is actually given to her by Li Yun.

It was precisely because she met Li Yun in the ancient tomb that she received a sea **** trident as a gift, so she was able to persuade the parliament to send an aircraft carrier to Penglai Island, which accounted for a large part of the Penglai Island aura outbreak. Cheaper, even more so that the country that does not set sun gains a piece of land on Penglai Island.

Now Penglai Island, the land price is incredibly expensive.

And can establish a resident, let the rich in this country go to Penglai Island, accept the washing of aura, so as to obtain supernatural powers, or learn magic and so on.

This is an extremely huge benefit!

It is precisely because of her outstanding performance in the Penglai Island incident and the support of Li Yun that Alice's power in the Temple of Athena will be thousands of miles away, and now she has become the second opposition party. With a little effort, she can become The largest opposition party has officially moved towards the position of female prime minister.

All this was given to her by Li Yun.

Alice, who is self-respecting and self-reliant, does not want to live in his shadow, even if Li Yun is the only boyfriend she believes in her life.

She wants to prove herself!

Chapter 3840: Son Loli

Li Yun did not leave in a hurry. The pyramid heard Alice's description as a bit weird, but it was not an important matter, so there was no need to rush to leave.

"Huh? Brother is leaving again?"

In the evening, after Li Yun told them that he was going to go abroad temporarily, the women looked at him with surprise and interrogation.

"Dad, why are you leaving when you come back?"

Shan Xiaoxiao rushed into Li Yunqi and said pitifully that the days since New Year's Eve have been her happiest time, but now it's gone...

"You can't stay at home all the time."

Li Yun rubbed her little head, "I just went out for a few days, and it is estimated that I will be back in ten and a half months."

"Ten days is a long time," Cai Wei whispered, and Caixia agreed.

But all the women knew that this matter could not be changed, and they could only take advantage of being able to stay with him for a while tonight.

After pacifying them one after another, Li Yun found the son Xiaosu alone, intending to chat with her.

"Why are you looking for me? I'm busy!"

Blond Lolita now basically lives with Caiwei and the others, either in the villa of Huangting Mountain, or in Gong Qingyu's No. 3 Mansion, and rarely returns to the rented castle on the top of her mountain.

Living alone in the castle is still too lonely.

"Holy Son, what book are you reading?"

Li Yun walked over, smiled, and asked.

This blonde loli wore a beautiful down jacket today, nestled on the sofa in the small study in her room, and ran back after dinner. Li Yun guessed what she was doing, but she was reading a book.

""Humanities"?"

Seeing the big guy in her hands, Li Yun was shocked. After all, a little Lolita, who was only eleven or twelve years old, was holding a book that a doctoral student would only read, which seemed very contradictory.

"You can control it!"

The blonde loli threw her big toe at Li Yun, poured herself a cup of tea, took a sip with her small mouth, moistened her throat, and asked, "What messy things have you found again? Persuade you Still don't look for trouble, it's useless! Some are still dangerous. When you are so lucky, a kind

**** can save you every time? Just last time, without the help of that woman, you would have been..."

"I already won!"

Li Yun interrupted her.

The blonde loli opened her mouth, as if she couldn't refute it?

"Huh! Anyway, the more you manage, the faster you die!" The son Lori began to arrogant words.

"Isn't this my holy son, your envoy? You won't help me?"

Li Yun slapped her flattery, and sat on the solo sofa under her **** by the way, picked up the blonde loli, and hugged her in the shackles.

The originally arrogant son Xiaosu, who was so obediently sitting on his lap by a man, he also lay in him by the way, supporting his chest with one hand, and hitting him with the other. Face.

Although it's a fight, its strength is only at the tickling level, and it's not much different from acting like a baby.

Maybe it's just the last stubborn tsundere of the arrogant little loli who doesn't want to be held into the dull by a man like this?

"Humph!"

After a hit, the blonde loli stopped resisting and only hummed her dissatisfaction.

"I'm right?" Li Yun began to flatter little Lolita again, "Holy son Lolita, you are so powerful, you can defeat any Yaki serpent by just giving me something, not to mention the mummy of the pharaoh in the pyramid. ?"

"What the saint son Lori, it's so terrible!"

Xiao Su patted Li Yun's face with her small palm again, but her own small face was filled with an unstoppable smile.
