

Godly Choice 3841

Chapter 3841: Prince of God

Finally coaxed her.

Li Yun found it magical. They are both people who have survived from ancient times. The young woman and an old woman who stepped into the ground with one and a half feet into the ground only occasionally showed vitality. The Yaqi Orochi is quite arrogant, that heaven. The goddess is very pretending.

But the saint son Xiaosu really seemed to be reincarnated and reincarnated as a child, and even his personality became much more naive.

Otherwise, how can Li Yun not dare to hug a **** in the embarrassment...

It is the blonde loli who usually shows the immature appearance of loli, Li Yun dare to do this!

"Do you really want to know the past? And want to know more?"

Seeming to understand something, Shengzi asked him in an unprecedented solemn tone.

It's just that their current postures are a bit strange. Li Yun was sitting on the solo sofa and the blonde loli was sitting on his lap. In the end, it seemed a little inconvenient. She also changed her posture into a face-to-face hug with Li Yun.

Just like a couple sticking together and whispering.

"I....."

Li Yun just opened his mouth to say something, the system prompt sounded again after a long absence.

"Ding, trigger the option event, please choose from the host:

Option 1: Answer: Yes, reward the super-high affinity of the son Xiaosu, the host will become her only spokesperson in the world, gain all her trust, and have a high probability of becoming the prince of gods in the future. Note: After this selection, the host will face a huge challenge, please choose carefully.

Option 2: Answer: No, I will no longer care about ancient things. Reward: No, the trust of the son Xiaosu is slightly reduced.

Choice three: vaguely, as far as you are concerned, reward: none. "

"...Cough cough!"

Seeing the first option, Li Yun was shocked on the spot.

He can understand the super high affinity of the son Xiaosu, after all, after New Year's Eve, after Li Yun pulled her out of the castle to have a New Year's Eve dinner, the attitude of the son Xiaosu to him is getting better and better.

For example, when Li Yun is holding her, as long as the two are alone, this kind of intimate shots and scenes happen. Either the son Xiaosu approached him intentionally or unintentionally, or Li Yun took the initiative to touch the blonde Lolita's head. Squeeze her little face.

In the end, I don't know when, it becomes as long as the two are together, the scenes of Saint Son sitting on his lap like this often happen.

Of course, only when two people are alone, if Li Yun behaves like this in front of other people, she will definitely be stared at by the blonde loli, and her face will be blushed slightly.

Affinity, the only endorsement, all trust, Li Yun can understand, but this...the Prince of God, what is it?

The prince, in the context of Huang Xuan country, is the emperor's brother, or son, belonging to the group of people closest to him.

And abroad, if an emperor is a female, that is, a queen, like Elizabeth and Catherine II, the prince they bestowed...

It can only be their husbands!

"what happened?"

Saint Xiaosu leaned in front of Li Yun and stared into his eyes: "I always feel that you suddenly become so strange. Who gave you any instructions?"

Li Yun was suddenly shocked, she almost guessed the truth!

"Who is there really?"

"No, not human!"

"Isn't it a human? What is that? Don't tell me it's destiny."

The blonde loli shook her finger in front of him and said confidently and proudly: "The Goddess of Destiny is just one of my followers, and everything she says is deceptive!"

Chapter 3842: Life Pursuit

What the goddess of fate says are all deceptive?

Li Yun couldn't laugh or cry, forget it, don't care, he doesn't even know which goddess of fate is, so he can control so much?

"It is the destiny of our east."

Randomly found an excuse to fool around, Li Yun turned the topic back: "Xiao Su, do you think I shouldn't care? Shouldn't I learn about ancient things?"

"I'm doing it for you."

Saint son Xiaosu glanced at him and nodded Li Yun's forehead with his finger: "Don't think that you have a little power, and you have acquired a little weird thing, just feel that you are very powerful. I was in ancient times... "

"What's wrong with you?"

Li Yun still wanted to know her identity, no, or in other words, the past life of the saint son Xiaosu, that is, who she was before her reincarnation?

It sounds awesome, is it a goddess that hasn't appeared in the mythological knowledge of the system?

I don't know if the saint son Xiaosu's previous life was married and had children...

"What are you thinking about writing?"

Blond Lolita blushed, patted his face, angrily said: "I am not as silly as you think!"

"I didn't seem to say anything?" Li Yun said innocently.

"So I tell you not to underestimate the power of the gods!"

The blonde loli nodded his forehead again, "I already got something in your mind just now, I know what you are thinking subconsciously!"

Including me wondering if you got married?

"Correct!!"

The blonde loli gritted her teeth and answered, stretched out her hands to pull the corners of Li Yun's mouth, and yanked, "How could I be married... Bah, I don't like those men... I don't like women, I don't even need to get married. , Different from your heavenly court!"

Li Yun could only smile wryly.

Xiao Su just put something in his head?

He did not find it, but it was also because he trusted this little Lolita that she easily succeeded.

"do you understand?"

"What do you understand? You haven't gotten married?"

"Ahhhhhhhhhhh! I am mad!"

Blond Lolita did not answer, and began to pinch his face again. Li Yun hurriedly begged for mercy, so she shouldn't tease her.

After the two were messing around, Li Yun finally overwhelmed the little girl with a big deal and put the blonde little Lolita into the town uniform, making her blush, her blonde messy, panting and raising her hand panting.

But still reluctant to accept: "How can you fight against other gods if you can't even stop one of my tricks like this?"

"The trick that tapped my head just now?"

"Correct."

"I trust you!"

Little Lori said nothing, she seemed to be pleased with this answer.

After a long while, Li Yun said to her: "Don't worry, I've never been a reckless person. I can't escape if I can't beat them? I have the Qinglian Immortal Mansion. Even you can't break this thing, and you can't find it. Born to be invincible."

Shengzi Xiaosu didn't refute this, she really had nothing to do with things made of chaotic treasures.

"As for why I want to understand," Li Yun paused and said faintly: "I can only say that after coming to the top of the mountains, no one will not look up at the clouds in the sky!"

"I am the cloud!" Shengzi Xiaosu replied loudly.

"I know." Li Yun smiled.

This blonde loli is the cloud in the sky on the top of the mountains, the target Li Yun needs to chase.

He started with the system, and now he has acquired wealth and status that ordinary people can't imagine. Even if he does not rely on the system now, Li Yun can still live very well, and he is still surrounded by beautiful women.

but.

If there is only pleasure in life, it would be too boring.

Chapter 3843: Just look at me

If Li Yun is just a small town, going to college step by step, or going to work and earn money after graduating from high school, to provide for Li Feng and his two sisters to go to college, then he will only pursue a life of enjoyment, and a safe life will be enough.

But now he has mastered countless wealth, gained a powerful force, and has a plug-in that is beyond common sense.

He has stood at the pinnacle of the mortal world, even if the two cultivating sects still have some problems and people need to deal with, it is only a matter of time to solve them.

In the realm of Li Yun, if his goal in life is only to enjoy...

Then he really returned to the basics.

Li Yun thinks he can't do such a thing yet, he still has energy, and wants to see more magical or secret things from the previous era!

Even if you just satisfy your curiosity, it's worth it!

However, the son Xiaosu said something that made Li Yun...stupid for a long time.

"Then you just look at me!"

"..."

Li Yun looked at the blonde Lolita in Luli. He didn't react for a while, and kept looking at her until her little face was red, and she said defensively: "I mean, you don't need to do anything, in Zhong Hai It's enough to just have fun in the city. When the time is right, I will let you be my god, when the time comes..."

Become her obedience to God, so... we can only return to the small world of Taohua Village with her.

Perhaps, if the timing is not right, Li Yun, the Congshen, will still be with her in the small world of Taohua Village... marrying and having children, reincarnation again and again, until the next suitable time and destiny come, the two will leave the little world again. The world, come to the mortal world...

"From God..." Li Yun didn't know what to say for a while.

"you are not willing?"

Saint son Xiaosu squinted at him, and his heart became very nervous.

"It's not unwilling."

"Why is that?" asked immediately.

"But now I don't even know your real name, how do I make a decision?"

"...My real name is Xiao Su!"

"Believe you to blame!"

"Ahhhh, how dare a divine envoy not believe in the Lord's words?"

The blonde loli who was entangled with Hu stubbornly fought for a while, and Li Yun received a reward from the system.

"Ding, the host made a choice to reward the super-high affinity of the son Xiaosu, the host will become her only spokesperson in the world, gain all her trust, and have a high probability of becoming the prince of gods in the future. Reminder: the future of the host There will be huge challenges."

Li Yun cursed secretly in his heart, the system became more and more stingy, looking at rewarding a lot of awesome things, in fact it was nothing.

"Don't blame me, the time has come and I will tell you."

A word came out of Shengzi Xiaosu's mouth, and then got up from him, went to the bookcase, took out a book, opened it, and took out a...bald feather from it.

"This... do you want it?" Shengzi hesitated, not knowing whether to give it to Li Yun.

"what?"

Li Yun took it and took a look, and found that the feathers did not know what kind of bird they were. When they looked bald, there was only a handful of feathers left, which was about to fall out.

"This is the feather of an angel." Saint Son Xiaosu said softly, his eyes showing a bit of nostalgia and sentimentality.

"Angel?!"

Li Yun looked at her again in surprise.

"Yes, and it's the feather of a holy archangel."

Chapter 3844: Angel's Feather

Li Yun finally took away this feather.

In the words of the son Xiaosu: "This feather can do a lot of things, but it will also bring unforeseen consequences. If you want to use it, you must pray to me every time before you use it. you are dead."

Li Yun estimated that this was a thing at the bottom of the box, and it could force him to use this feather. The situation at that time must be very dangerous, and he couldn't care about that much. It must be used.

So he chose to accept the gift from the Son of God.

"Okay, take it!"

The blond son reluctantly gave up his love, and handed the feather of the legendary sacred archangel into Li Yun's hands.

Without waiting for Li Yun to say anything, she waved her hand, "You can go now, I'm going to read a book, go with your women."

For some reason, Li Yun seemed to be jealous?

It must be an illusion, right?

However, before leaving, Li Yun lowered his head and hugged the blond Lolita's small waist. In her surprised eyes, he kissed her cheek and made a loud kiss.

Then... Li Yun ran away quickly.

"I, want, kill, you ah ah ah!!!"

Behind him came the scream of shame and indignation, Li Yun didn't dare to stay for a long time, and hurriedly slipped to the third floor.

Say goodbye to Fang Xue and the others.

...

The next day, Li Yun chose to leave Zhonghai City and came to the airport again.

Sitting in the airport terminal, there was a kind of excitement in his heart for some reason, which made Li Yun feel strange.

Does he yearn for those adventurous lives?

Or is it that the closer he gets to the ancient ruins and the more they unearth their secrets, the more he has a sense of accomplishment?

Li Yun couldn't tell why he was so excited, maybe he just wanted to see the clouds on the top of the mountain.

"Little handsome guy, can you sit here?"

While Li Yun was waiting for the plane to land, there was a slightly hoarse and sexual voice from a mature woman beside him. Judging from this voice alone, this woman was a rare beauty.

Li Yun turned his head and looked, and found that she was indeed a fashionable, down-cotton, black thermal socks on her lower body, and a pair of large sunglasses. Her lips were painted bright red. She looked very expensive, and she was looking at him. A slightly ambiguous smile appeared.

As if... I'm going to eat small fresh meat!

"Yes, please."

Li Yun nodded calmly. He was just having a fight with a group of girls last night on a super-large bed of tens of square meters. He didn't go to bed until late at night. How could he care about a beautiful woman's ambiguous eyes?

The housekeeper booked him business class and he could enter the VIP lounge, but Li Yun felt that the VIP lounge was too far away, so he waited in the lounge and the plane would arrive in less than ten minutes.

"Little handsome guy, are you alone?"

The beautiful woman with red lips sits elegantly beside Li Yun, her beautiful legs in black socks overlap, and she faces Li Yun, as if she wants to show off her perfect pair of jade legs, with leisurely toes. Shook.

Li Yun suddenly had twenty or thirty envious eyes on him.

Especially the beautiful woman's phrase "Are you alone?", it simply puts her own purpose in front of people clearly, making it hard for people not to be crooked!

"Who is this beauty? Isn't she too thirsty?"

"You don't look at how handsome that man is, I am willing to change!"

"The parents are handsome, there is no way."

"It's shameless, mother. The cow wants to eat tender grass? Shameless S goods! Humph!"

Chapter 3845: Airport Encounter

In the terminal, men and women expressed their envy.

Men admire Li Yun, women admire the red-lip beauty.

But everyone knows that handsome men and beauties of this level are a good match. Although that beauty is a little older than the handsome, she is better than her, and she is well maintained when she is nearly 30 years old.

"Yes, alone."

Li Yun faintly replied, "But I don't want to add another person to my trip, I want to walk alone."

Refuse directly without any hesitation.

Even if this beauty with red lips was ten times more beautiful, Li Yun wouldn't be tempted. There were enough beauties in his family.

"Little handsome guy is so ruthless?"

The red-lipped beauty was slightly shocked, as if she was surprised that her beauty had failed, but soon recovered, she smiled and said, "Little handsome guy is very guarded...Is it the first time to travel? It doesn't seem like you are too much. How come out alone? Not in class?"

"Has skipped class."

Li Yun said lightly, basically working towards the title of Chatter Terminator, and being an ordinary person can live and die.

"Stop class? Haha, little handsome guy...what a funny thing to say."

The beauty leaned in front of Li Yun and said with a smile: "My sister likes you very much. Would you mind changing the itinerary, or ~~~ My sister will change the itinerary for you?"

Li Yun rolled his eyes secretly, and said, "Why are you alone? Not going to work? Not working? Not at home...what?"

"Ha, you ask my sister?"

The beauty made a slick hair movement, her eyes getting more and more ambiguous. She looked at Li Yun ambiguously, "Sister, I have such a good congenital condition, and I still need to go to work? I recently fired my boyfriend and I was thinking about going abroad. Relax."

Fired your boyfriend? Become an ex boyfriend?

This argument is really awesome.

Li Yun smiled and said, "Really, I don't think you are just a...outer." He used a gentle way.

The so-called "periphery" are actually women who are packaged by the rich. No, they have not been packaged yet, but are waiting to be packaged, so they are called "peripheral", which means they have not yet started.

"Oh?"

The red-lipped beauty blinked at Li Yun, asking how do you see it?

Li Yun shook his head, expressing that he was too lazy to explain.

This woman exudes a hypocritical meaning from beginning to end. She has at least two or three levels of identity. She looks like a peripheral, but in fact, she may be a killer. She looks like a killer, but in fact, she may be a spy. Looks like a spy, but it's really just a periphery!

Where does Li Yun have time to dig deep into her so-called identity?

"Well, the little handsome guy is indeed very cold."

The red-lipped beauty sighed, then, covering her mouth with her hand, she whispered: "Actually, the identity of my sister... is a tomb robber with supernatural powers!"

Li Yun's pupils widened slightly.

"Ding, trigger the option event, please choose from the host:

Option 1: Exploring the identity of this beauty, reward experience value + 5 million, all attributes +1 million, golden gift bag*2, and get some unknown reward.

Option 2: Too lazy to bird her, quickly let her go, reward: blue gift bag*3.

Option 3: Take a shot and grab her, ask everything she knows, reward the golden gift bag*3, and get an unknown reward. "

Unknown reward? Has the cheating system also come to fight the dumb riddles.

Li Yun squinted his eyes, and stared at the charming eyes of the red-lip beauty.

For some reason, he thought of someone.

But it's definitely not her, or it would be a coincidence.

Chapter 3846: Tomb Raider

"Ability Tomb Raider?"

Li Yun repeated the words of the red-lip beauty again, and was affirmed by the other side violently nodding.

"Yes, it's an ability ~ Robber~ Tomb, one!"

The beauty emphasized again.

A thousand heads of grass flashed in Li Yun's heart. Your horse was whizzing and rushing. His expression became stiff. He took a deep breath and asked, "I don't know, what is... ability, tomb robber, person?"

This is just as ridiculous as the vampire vs. King Kong Gourd Baby, or Jaya vs. Ultraman.

It revealed a strong egg pain.

Li Yun felt that she was like a person.

"It's just that I have supernatural powers, supernatural powers, do you know?" The beauty looked quite proud, stretched out her hand a little, and a flame appeared on her fingers out of thin air.

The people around the terminal looked at it.

But compared to last year, there are now a lot of supernaturalists. Although they are surprised, they will not be surprised at seeing them as before, and they can still remain calm.

"Nice power."

Li Yun nodded, unaware that this beauty used mana, it seemed that she was really a supernatural person.

"Then, you are going to robber the tomb?" Li Yun asked with a weird face, wouldn't it be such a coincidence?

"Correct!"

The beauty was triumphant, and whispered: "Little handsome boy, do you know the Pharaoh country?"

The so-called Pharaoh country is the country with the pyramids, and it is also the destination that Li Yun will explore with Alice this time.

"Unexpectedly, it was such a coincidence! I also went to Pharaoh's country!"

A faint smile appeared on Li Yun's face, staring at this beauty, but unfortunately, only surprise and surprise were seen on her face.

"Little handsome boy, do you want to go to the Pharaoh country?" The beauty with red lips was surprised.

"Correct!"

"That's great, we're on the same road... Wait, wouldn't you also go..."

"Don't you...?"

Li Yun asked her back.

The smile of the red-lipped beauty gradually diminished, and she patted Li Yun's shoulder meaningfully: "Little handsome guy, I advise you not to join in the fun, do you know what's going on there now?"

"What?"

Li Yun didn't know exactly where she was talking about, but it was probably a place, because the information Alice had obtained was passed to her through the official intelligence agency of the country without setting sun.

Every country has spies in other countries, or some twenty-five boys betrayed, this is already the default fact of every country.

Alice knew about this, and other countries would soon know about it, but Li Yun didn't expect it to spread so quickly!

"Become... the appearance that can swallow you little handsome guy in one bite!"

The beauty with red lips smiled again, stretched out her finger on the back of Li Yun's hand and scratched it ambiguously. The silky and greasy feeling made people feel stunned.

This woman!

not simple.

Li Yun suppressed the restlessness in his heart, calmed down, and said: "It's really that powerful, then I'm going to have a look. It just so happens that I am quite confident in my own strength!"

"Oh?" The red-lipped beauty looked at Li Yun up and down, frowning: "Wait, you little devil...how do I seem to have seen it? Have you been on the news?"

"He is the president of the Association of Supernaturalists of China Overseas University!" A man wanted to join in the fun, and took the initiative to explain to the beauty.

Li Yun's fame is not big or small on the surface, and he has a certain popularity in Zhonghai City, as well as in Huang Xuanguo's circle of supernaturalists.

He invented the S-E-level power division, many people have already used it, but many people are still using the 1-10 level power division method.

Chapter 3847: Qin Tianmeng

"So, it's no wonder the little handsome guy is so confident."

The arrogant and smug look of the red-lip beauty faded a little, and she looked at Li Yun deeply: "Little handsome guy, are you going to go alone?"

She didn't even look at the man who came out, which made the man quite embarrassed, but she didn't dare to harass her. This beauty is supernatural!

"Aren't you alone?" Li Yun asked rhetorically.

"Little handsome boy, you can't do this, how can you talk back to beautiful women so much?"

"...I just hate that the other person knows me, but I don't know how the other person feels."

"Hahaha, little handsome boy, you are really..."

The beauty with red lips smiled so much that tears came out, and her fingers touched Li Yun's hands, arms, and chest again. She didn't know what she wanted to do.

"Well, sister, my name is Qin Tianmeng." The beauty with red lips reported her name.

"Qin Tianmeng? Good name!"

The man who struck up just now took the initiative to praise him again, and the red-lipped beauty glanced at him with a smile, and then looked at Li Yun.

Li Yun nodded, "It's a good name, and it sounds like it really is."

"Hate, this is my sister's real name!"

Qin Tianmeng punched Li Yun on the chest, and said with a sigh, the enchanting look in his eyes had fascinated the man just now.

Li Yun was indifferent. After patted her hand, he stood up and said, "The plane is coming. If it's on the way, let's go together."

"Okay, little handsome guy, you still like your sister. Sister will take care of you later~"

Qin Tianmeng picked up his mobile phone bag and followed Li Yun's pace.

Li Yun glanced at her bag, and when she saw that she took out a mobile phone from it, he didn't pay attention.

After she stood up, the announcement that the plane was about to check in was broadcast immediately. Many passengers brought their luggage and rushed to the boarding gate together.

"Little handsome boy, do you mind giving your sister a V letter?"

Holding the phone, Qin Tianmeng looked at Li Yun with pitiful eyes. She was not much shorter than Li Yun while wearing a pair of high heels, and her beautiful slender legs were even more eye-catching.

"I have a girlfriend." Li Yun refused.

"Weird, what does your girlfriend have to do with me? Could it be ~~~" Qin Tianmeng leaned in front of Li Yun, blew his red lips into his face, and chuckled: "Little handsome guy treats me. Heart touched? Want sister me to be your girlfriend?"

A pound sign appeared on Li Yun's forehead, "You play too much!"

"That's no way, sister, I just like a handsome boy like you, if you have any boyfriend, you can also introduce it to me~"

"Fuck off."

Li Yun uttered two words.

"Ding, the host made a choice, too lazy to bird her, let her go, reward: blue gift bag*3, extra reward: purple gift bag*3."

Li Yun's heart moved slightly. Now this system is getting lazier and let it take the initiative to give rewards. It seems that this beauty is really not easy.

I hope this woman won't let him run away with these two words.

Fortunately, Qin Tianmeng was really shameless. He just ignored Li Yun's cold attitude and got on the plane with his hand. He also shamelessly changed positions with the first-class passenger next to Li Yun-she too. She didn't do anything, but when she moved her hair, she inadvertently showed a red light on her fingers, showing her identity as a superpower.

Then the passengers around Li Yun were busy changing positions with her.

Chapter 3848: coincide

"Little handsome boy, how is it?"

With another triumphant look, Qin Tianmeng sat down beside Li Yun. Fortunately, the first-class positions were very wide apart, otherwise Li Yun guessed she would have to sit on him!

"Are you proud?"

Li Yun said lightly. After seeing the flight attendants and air police officers whose expressions suddenly tightened, the passengers in the first-class cabin had even more uncomfortable expressions like shit.

When no one wants to take an airplane, there is an element of instability on the airplane he is flying.

At this moment, Qin Tianmeng is like a terrorist who takes a gun on the plane and can kill the passengers of an entire plane at any time. She doesn't need to do anything to make the passengers fearful.

In the final analysis, the superpowers are too strong, and ordinary people are too weak.

"I'm not proud."

Qin Tianmeng said indifferently: "I just showed my identity as a supernatural power in front of him. I didn't say to beat him or what to do with him, but he took the initiative to give me my position!"

Li Yun was sure now that this Qin Tianmeng must be a woman, otherwise a man would not be able to say such irrational lines.

"Are you going to the Pyramid?"

Li Yun stopped talking nonsense with this woman, and asked directly.

"Little handsome guy, aren't you?" Qin Tianmeng said with a smile.

At this time, the plane took off and flew towards the Pharaoh's country.

Li Yun said, "I went with a friend of mine, how about you?"

Before she spoke, Li Yun said again: "I advise you to tell the truth, otherwise you should stop talking nonsense with me. I have no time to play any tricks with you!"

"Little handsome guy is so ruthless, and so irritable, you will definitely not find a girlfriend in the future."

"I have too many girlfriends, are the nonsense finished?"

"It's over, I admit, I confess."

Qin Tianmeng raised his hand, "I am also going to look for a pyramid. I heard that a very powerful pyramid appeared over there. It was buried in the depths of the desert. I didn't put it together with other pyramids. It is also said that there are many supernaturalists. All rushed."

"Are you alone? It's impossible, right?" Li Yun expressed his disbelief.

Unless he has the power of a plug-in level in his hand, he will not know how to go to an ancient ruins.

"Originally, I wanted to reunite with my friends in the Pharaoh Country, but after seeing you, the handsome guy, I wanted to be with you..."

Qin Tianmeng looked at Li Yun pitifully again.

"impossible."

Li Yun rejected her.

"Why is it impossible?"

"It's impossible to say impossible. I don't want a person of unknown origin to be around!"

"How do you call it an unknown source?" Qin Tianmeng grabbed Li Yun's hand and said with a smile: "We have known each other for a full hour. If you think it is not enough, we can go to the hotel once after we get off the plane. Are you familiar with and trust it?"

Li Yun waited, and indeed did not wait for the system's selection event, and decisively chose to ignore it.

Qin Tianmeng murmured, but in the end he couldn't help Li Yun, so he could only give up, and bored his cheeks and looked at the scenery outside the window.

Li Yun thought of something. He looked at her hand from the corner of his eye. It was very slender and white. It didn't look like a worker. It is estimated that there is no need to do housework at home. The typical ten fingers do not touch the sun. Missy.

It's just a little strange, people who came from the eldest lady will take risks alone?

There may be, or it may...rarely.

Chapter 3849: Memphis

The plane flew in the sky for a full 13 hours. Li Yun did not land at Cairo Airport, the city called Memphis in ancient times, until after ten o'clock in the evening, after eating two expensive Chinese meals and dinner on the plane.

To be precise, the ancient capital of Memphis is in a village called Mitte Racina, 23 kilometers southwest of Cairo. This city has a history of more than 5,000 years. As a symbol of one of the four ancient civilizations, Memphis's history is longer than that of Huang Xuanguo's city, and there are clear historical written records, and there are a large number of cultural relics left behind, which belongs to the exact history.

It's not the shameless expressions of those in the West who have been forced to copy, insisting that their own country has so many years and years of shamelessness.

The pharaoh country, although the ancient pharaoh country has been wiped out, the people of the current pharaoh country and the pharaoh country thousands of years ago are no longer the descendants of the same people. It can be said that the pharaoh countries of the four ancient civilizations have perished.

But no one can deny that the Pharaoh country thousands of years ago had the most glorious and unbelievable civilization in human history!

Li Yun is a native of Huang Xuan and is also proud of his country's five thousand years of history.

But when it comes to the long history of civilization, the Pharaoh country is stronger. The Pharaoh people of five thousand years ago, the pyramids they built... can be called extraordinary craftsmanship!

This is a place that Huang Xuan Kingdom couldn't compare to the Xia Dynasty five thousand years ago. To be precise, the Xia Dynasty began to rise after the fall of the Pharaoh Kingdom (around 1500 BC).

In the third millennium BC, the Pharaohs unified most of the Nile River basin and built the first capital: Memphis.

Therefore, in terms of its long history, Huang Xuanguo is indeed inferior to the Pharaohs.

However, Huang Xuan country has a long history and culture, and it is also the only civilization that has been passed down among the four ancient civilizations, and the Pharaoh country has been perished for two thousand years.

"This is the Pharaoh Country..."

After getting off the plane, even Qin Tianmeng, who had always been triumphant before, sighed at this country full of mystery, ancient times and a long history.

In a few words, it is really difficult to describe the magic of the pharaoh country, and Li Yun also feels this way.

Of course, he is not feeling sorry for the current pharaoh country. Now this country has long been rotten. For example, one of the country's Grand Canals called Suez was blocked by a ship, making it impossible for countless freighters around the world to pass. Everyday global trade Lost one hundred million dollars.

The results of it?

The Pharaoh Country sent a poor excavator, which was ridiculed by people all over the world, and the big teeth would laugh out of it.

From this we can see what the decline of the Pharaoh State became.

Li Yun cannot be in awe of such a country. Instead, he pays a little respect to the people who have built great buildings on this land and who have left strong pens in the history of mankind.

Again, the pyramid was built by aliens!

Or is it the product of gods?

"Little handsome guy, do you want to go together?"

At the airport, Qin Tianmeng glared at Li Yun again.

Li Yun shook his head, walked out of the airport with empty hands, looked around, and quickly found a group of people waiting nearby.

Qin Tianmeng wanted to leave, but when he saw Li Yun walking towards a blonde woman, he was stunned.

"This little bastard!! It's really inseparable from a woman for a moment!"

With a gritted teeth, Qin Tianmeng barely hesitated and walked towards Li Yun.

Chapter 3850: Goodbye alic

But not far away, a few people greeted her and saluted her respectfully.

Qin Tianmeng hesitated. After seeing Li Yun hugging the blonde woman, he grinds his teeth, but finally he didn't choose to follow.

"Huh, I'll make you look good again!"

With a bitter word left, Qin Tianmeng got in the vehicle that came to pick her up and left the airport first.

...

"Cloud~~~!"

Blond, blue-eyed and long legs, with a height of nearly 175, with long and beautiful legs. After seeing Li Yun, his eyes suddenly lit up, opened his hands directly, and rushed towards him. Throw into his arms.

Before Li Yun could react, the noble beauty with long golden wavy hair took Li Yun's cheek and kissed her hard.

"Wow!"

The people around let out a sound of admiration and envy. It is winter now, and it is more than ten o'clock in the evening. The people who get off the plane are already tired and cold, but they still have to watch other couples show their affection in front of them. Everyone will be envious. .

After half a minute, Li Yun's lips were loosened by the blond beauty.

This is definitely the most enthusiastic and unrestrained one among the girls around Li Yun!

"Alice."

Li Yun touched the face of the blonde beauty that was a little red from the cold, and said softly: "Long time no see."

"Whee."

Princess Alice Windsor smiled happily, and said tiredly: "You know it's been a long time since you and Xiao Mingzhu went to the cherry blossom country for your honeymoon. I allow you to miss me, but now I am here. You are not allowed to think about them anymore... Well, you can think about it occasionally, but you must focus on me~!"

Li Yun was taken aback, with a weird expression on his face: "Couldn't you come to me, the pyramid is next, and dating me is the most important thing, right?"

If it was another girl, she would definitely not admit it.

But Alice looked different. She kissed Li Yun directly, put her head on his shoulder, and looked at him and said, "I miss you... The pyramid is real, and I think you are real, so I will accompany you this time. Let me play for a few days, okay?"

"Then do you want to go to the Pyramid after playing, or go to the Pyramid and come back to play?"

"While playing, look for the pyramids!"

Alice's face was flushed slightly, and she sighed, "Tonight...Are you going to be tired?"

It means, if you're not tired from flying for so long, can you...?

"Ahem, I can do it anytime, but..."

"But wait a minute? I see~."

Alice took Li Yun's hand and pulled him into the car, "Then let's go back to the hotel first, are you tired? Let's take a rest first, and we will talk about the pyramid tomorrow!"

It seems that she really put Li Yun first, and the so-called ancient Pharaoh's tomb pyramid, second. Li Yun followed her into the car, the car is not very good, probably because the local consumption level is average.

The driver was an older maid in her thirties. Li Yun had seen him before, named Joanna Rumley. She seemed very capable. After Li Yun came up, she just nodded slightly, not too much. Words.

There were also a few bodyguards who accompanied Alice. Two of them, Li Yun, had still seen them. They were called David and Abel. They were both Alice's princess knights and their strength was not bad.

Apart from that, nothing else. As a princess and a temple leader, Alice did not bring a large group of bodyguards, nor any secretary or other deputies.

Because there is Li Yun.
