

## Godly Choice 3851

Chapter 3851: Each has its advantages

In this adventure in the desert, Alice originally gave everything she had to Li Yun, including her body, and he was in charge of all actions, so naturally she didn't need so many people.

At least, it's the first time that Li Yun saw her in the forest. There was a large group of mercenaries around her. The princess of the Kingdom of Sunset was also wearing a camouflage uniform, armed with a submachine gun, a housekeeper and a cook, and a pair of robbing the tomb. With the enjoyment of the team, it seems very small bourgeois sentiment.

"Li Yun, is that goddess Amaterasu powerful?"

"Normally amazing...it should be considered more amazing, but she hasn't really intervened in things for the time being, and it's all done through Ise Jinzakura."

"Ise Jinzakura? Is she a very beautiful girl?"

"...It's pretty pretty."

"Is it beautiful with me?"

"Uh, each has its own advantages."

"I don't believe it! Then tell me, what are my strengths? I think I'm so bad. The first time I met you, and now this time, I'm a tomb robbing..."

Alice asked a bunch of things about Li Yun's current situation, but at last she didn't know how to turn to herself again, shook her head and sighed.

Li Yun couldn't laugh or cry, and shook her hand, "It was you who ran to the tomb, but not me. Although the first impression was really bad, I also believe that you are not the kind of greedy and plundered person, or curious?"

"I am curious, but I am still ashamed~"

Alice felt ashamed when she thought that she had taken a group of people to Huang Xuanguo's tomb. Why did she do such a thing at the time?

Fortunately, because of a blessing in disguise, I met Li Yun and fulfilled all her illusions about ancient tombs: there are corpses, treasures, and a super big dungeon. In the palace of the dungeon, a person who has been sleeping for four hundred years has entered. The former little princess, named Zhu Shue, is titled Princess Yongning?

All kinds of things made Alice, who was the same princess as Zhu Shu'e, feel extremely satisfied.

She does have a strong curiosity about the unknown, otherwise she won't go to the tomb.

It's just that she cares more about how to make her country stronger again than her curiosity, and to reproduce the style of a country that never sets in two hundred years ago!

"Okay, I'll be entangled with these things."

Li Yun shook her hand, and Alice leaned her head in his arms along the way, her long golden wavy hair looked very beautiful.

"cloud."

"what?"

"nothing much."

Alice opened a pair of azure blue eyes and said with a smile: "I just think it's amazing. Since I met you, many things I have experienced are beyond my imagination before!"

She obtained many benefits from Li Yun, including some of Huang Xuan's elixir, and strangely, imitation weapons and equipment from some gods in the West, and so on.

She also believed in a goddess named Athena, and seemed to be given some dim guidance from the goddess while praying.

"Does the princess also show a very silly expression?" Li Yun smiled and stroked her golden hair. It was really smooth. Compared with other girls, or compared with Fan Linglong, they have different feelings. .

"Your Royal Highness? Who?" Alice pretended to look around, "Is that the little princess who has been sleeping for four hundred years? I didn't see her!"

Joanna, the driving maid, almost drove the car onto the sidewalk.

It's amazing! Will the princess speak in such a coquettish tone?

"Aren't you your Royal Highness the princess?"

"I....."

At this time, Li Yun's cell phone ringtone interrupted Alice's words.

Chapter 3852: Alice and Gong Qingyu

The phone was connected, and Gong Qingyu's voice came from inside.

"Are you in Cairo?"

"Yeah, it's finally here, a full 13-hour flight!"

From Zhonghai City to Pharaoh, it basically spans most of the earth, and more than ten hours can be considered a very fast speed.

"See the princess?"

Gong Qingyu asked again, making Alice who was sitting beside her nervous suddenly, her waist also sitting straight, showing a solemn expression.

She had met Gong Qingyu and others before, on Penglai Island.

It's just that the situation was very complicated at the time. She was going to deal with the Elizabeth and seizing and consolidating the land on the edge of Penglai Island. It was tantamount to giving Huang Xuanguo, Xionguo, etc. together with the beautiful island of Weiyi Island. Bite a piece raw.

At that time, the country of no sunset has long become a vassal of the beautiful country. God knows how Alice withstood domestic pressure and fully supported Huang Xuanguo's actions, and she succeeded in occupying a good piece of land in the new Haowei Island. .

This is also the reason why the temple power she led has won the huge abbot of the nation: Her Royal Highness Princess Alice is the hope for the future of the country that never sets, at least it is promoted on social platforms.

"Yes, Alice is by my side. We are about to go to the hotel and we are exhausted after flying for more than ten hours." Li Yun replied with a smile.

"You can't be tired, there are big beauties...huh!"

"Ahem, didn't I say goodbye to you? Want me to go back and make up for you?"

When Li Yun came out this time, Gong Qingyu was the one who opposed it most. Since she returned to Zhonghai City, she would watch anime with Li Yungan basically every night. She was used to this kind of life a long time ago, but he ran out again. .

"Don't... forget it, you have a good rest tonight, and be careful when you go on adventures!"

Li Yun listened to the touch. The arrogant genius house girl became a little wife who cared about him over time. Li Yun couldn't help but miss her. At this time of the night, all the girls generally fell asleep, only Li Yunhe She was nestled in the study, and the two of them huddled on a sofa, watching anime together under a blanket.

"Don't worry, I will."

Li Yunrou said.

"Okay, okay, you're fine, I'm not the kind of...what kind of woman."

Gong Qingyu's face blushed, even her voice was a little shy, and she quickly said, "You give the phone to the princess next to you."

"Alice."

Hearing the voice from the microphone, Alice took the initiative to introduce herself again: "My name is Alice Windsor, Miss Gong Qingyu, we met on Penglai Island last time."

Alice didn't dare to put on airs. She had too little contact before, and she couldn't see which woman around Li Yun was the most important one.

But I probably understand it now.

Being able to get off the plane at Li Yun in the middle of the night and call on behalf of the women for inquiries is enough to prove Gong Qingyu's status among the girls next to Li Yun!

In fact, it is true.

Fang Xue, Li Feng and others are now living in Gong Qingyu's No. 3 mansion. Other Yongning princesses, sisters Caiwei, and even Su Muxin, etc., are all chatting and playing on mobile phones in the living room on the third floor of the mansion. Oh, wrong. Now, Princess Yongning has fallen

asleep, and sisters Caiwei and Shan Xiaoxiao have also fallen asleep. They will have classes tomorrow.

The girls were afraid that Li Yun would have trouble answering the phone one by one, so they pushed Gong Qingyu out together and asked her to call Li Yun.

Chapter 3853: Tentative

"Yes, of course I know you, and the sisters around me also know you!"

With a hint of interrogation, Gong Qingyu made Alice realize that she was under the scrutiny of the woman next to Li Yun. If she could not pass, she would only be Li Yun's lover, and could not be taken by the woman next to him. We admit.

"It's my honor." Alice smiled slightly and said frankly, neither humble nor humble.

"Oh? I'm honored to say that. You are the princess of the empire without setting sun, and we are some civilians, and we don't even have titles."

Gong Qingyu held a spear and a stick, but said in a flat tone, Li Yun's eyebrows jumped, really afraid that Princess Alice would get angry directly.

But to be honest, if Gong Qingyu's words ignore the ironic tone, they are actually not fake at all.

Alice is the princess of the empire who never sets the sun. She has titles and fiefdoms—even though the fiefdom is imaginary and has no real income rights, it is always a fiefdom.

More importantly, Alice still has the right to inherit!

In the future, if her grandmother supports her, the people support her, and the House of Lords also supports her, she can completely replace the heir No. 12345 in front of her and directly become the queen of the empire and call it: Windsor I.

No, maybe Alice has greater ambitions. She wants to obtain real rights, whether it is the queen, the prime minister, or even the pope of the temple, she wants it all!

Gong Qingyu and others are indeed civilians. They don't have any titles. Even the titled Princess Yongning has lost the fief, the princess mansion, and no inheritance rights. It can be said that Zhu Shu'e's title of princess is not worthy of the truth. Can barely be considered.

Therefore, what Gong Qingyu said is the truth, it depends on how Alice responds.

Not to mention Li Yun's worry, even the group of girls sitting next to Gong Qingyu looked at her in surprise, including Xiao Mingzhu.

"It is indeed my honour."

Alice's tone did not change, she still said with a hint of enthusiasm: "Miss Gong, you followed Li Yun before he grew up and became Li Yun's right-hand man and the person who accompanied her, and I I also met him a long time ago, but it took a long time to realize Li Yun's excellence. From this point of view, I am inferior to you."

Not as good as you, it is naturally an honor to know you.

"In addition." Alice said again: "The people's recognition of the royal family is getting lower and lower in the non-sunset country. If the status quo is not changed, I am afraid that after my grandmother, the royal family will be abolished by the parliament. In my opinion, the princess It's just a position that needs to take on more responsibilities, not just a distinguished name."

Gong Qingyu's daughters fell silent.

If Princess Yongning was here, she would have opened her eyes wide in surprise, she had never thought about these words...

After all, she was just a princess of a feudal dynasty, and her knowledge and wisdom were not as good as that of a modern princess, which was normal.

"at last."

Alice smiled slightly, her tone of humility: "You followed Li Yun earlier than me. Although I am a princess, I must abide by the principle of first come first come... It seems that in Huang Xuanguo, I am called a concubine?"

Cough cough cough!

Li Yun and Gong Qingyu all coughed.

It's beautiful to think of a princess from a never-setting empire as a concubine...think about it.

Chapter 3854: Tomb Robber

"What kind of concubine is not a small concubine, it's terrible." Gong Qingyu's tone changed quickly, from indifferent to casual, with a smile on his face:

"What I said just now is just to test you, I hope you don't mind Alice... Because Li Yun is a \*\*\*\* who is attracting bees and butterflies outside, we have to be careful to prevent the current harmonious family environment from being destroyed, although I don't want to be Li Yun This \*\*\*\* hears, but we are watching TV together now, you probably know our relationship, right?"

Alice first glanced at Li Yun with a weird face, and then said to Gong Qingyu: "You... are watching TV together now?"

She still doesn't know how the girls around Li Yun get along.

But based on her knowledge of men in the upper class, many of these successful men have different lovers. There are even some lovers around the world who are not lovers, but can also be called to accompany them on the go. Sleeping woman.

In addition, these men, known as "gentlemen" to the outside world, maintain a certain secret relationship with many wealthy women, businesswomen, and female parliamentarians. Even their husbands know these things, but they acquiesce in not posting them.

The upper-class society belongs to a small circle of interest exchange, and the relationship between men and women is very messy. Alice once heard some from the housekeeper, and it was so disgusting that she was in a bad mood for a few days.

She never wanted to be like that!

But the way the girls around Li Yun get along has surprised her.

They, will watch TV together?

And after Li Yun left, still gathered together to watch TV?

This is beyond Alice's imagination.

In her opinion, even if these Li Yun women gather together, it is because of Li Yun. Once he leaves, these women will be jealous or look down on each other because of various relationships. , Or the gap between the three views is too big, in short, they will not play together.

But now Gong Qingyu's words have subverted her imagination!

"Yes."

Gong Qingyu said meaningfully: "So I, Fang Xue, Su Muxin, everyone, don't want some inexplicable women to break the current harmony. Although I believe in Li Yun's vision, I have to guard against it, regardless of you. The answer just now comes from my heart or from some kind of disguise. I hope you can join in instead of... thinking about quarreling!"

Using quarrels to summarize the relationship between women is actually inaccurate.

But once there is a conflict, there will definitely be a quarrel, which is very accurate in a sense.

Alice glanced at Li Yun. Li Yun shrugged and said to Gong Qingyu on the phone: "Don't worry, Alice is an independent person. Although she likes tomb robbers, she must be a good princess. When she was in the Penglai Island incident, she resisted all opinions and led the Elizabeth to Penglai Island, which was enough to prove her ability, although she liked tomb robbery."

Princess Alice's eyes widened a little.

"In addition, she is also an initiative to accept the temple, believe in a goddess I call, named Athena, and also founded a related church... Although her short golden spear was also a tomb."

"Ahhhhhhh!"

Alice finally couldn't help it. She covered Li Yun's mouth and shouted in shame: "Dear Yun!! Can't you not mention the tomb?!"

On the other side, Gong Qingyu all the girls laughed together.

Chapter 3855: Pull the princess into the group

While Xiao Mingzhu was smiling, she also had a better understanding of Gong Qingyu's abilities.

She is undoubtedly a very strong person in the field of commercial methods, or in the field of interpersonal communication and commercial cooperation, even if she is a bit stronger than Su Muxin, who is also a wealthy fellow and even a little better than her family background, Xiao Mingzhu feels that she is herself There are also great advantages.

But in some areas that need to penetrate people's hearts or cut chaos with a sharp knife, she is not as good as Gong Qingyu.

From the last time I went to the Sakura Country, I can see that Gong Qingyu and Li Yun are the best matchmakers. Both of them have a somewhat arbitrary personality, and they have a kind of unrestrained pleasure that despises mundane etiquette.

Gong Qingyu had this point among the girls around Li Yun, not even the Lord Saint.

"Well, let me ask you, when did you and I met?" Li Yun smiled.

"...Grave Robber."

"Then before I met you, why did you go to the tomb because of?"

"...In order to find something like a golden short spear."

"It's also a tomb robber, right?"

"Correct....."

"Then what are we going to do now?"

"... Still Robber!"

After a few conversations, Alice was about to collapse. Why did she and Li Yun act together for the purpose of robbery?

—Strictly speaking, Penglai Island is also a tomb robbed. The tombs of ancient gods are stolen.

"Hahaha!"

"Do not laugh!"

Alice grumbled, took his mobile phone and chatted with Gong Qingyu for a few words, then hung up the phone and returned the mobile phone to Li Yun.

Then, she used her mobile phone and used the V letter, but the V letter of Huang Xuan's domestic version, and Gong Qingyu's chat number was added.

Immediately afterwards, under Gong Qingyu's guidance, Alice downloaded another chat software, which is the button group.

After one operation, she finally joined a group called "Fairy Club".

Qing Guo Mingyu: "Welcome!"

Little Baixue: "A warm welcome!"

Little Mengmeng, the fox: "Wow, this is the legendary Princess?"

Lingxian: "Princess?! Is there a foreign princess? Is there a photo?"

Last time on Penglai Island, Shangguan Lingxian only met Alice from a distance, and the two did not talk at all.

In fact, most of the girls around Alice and Li Yun had never talked, and only chatted with Gong Qingyu, Xiao Mingzhu, Jin Liuli, and Xia Feiyao.

"Here is... all of them?"

Alice suddenly reacted, suddenly surprised.

She took a close look at the people in the group, there were more than twenty people!

Gong Qingyu, Xiao Mingzhu, Xiao Liuli, Feiyao, and many girls she didn't know were all in this group!

Among them, she also saw a person named "Little Princess", who should have been found in the deepest part when she and Li Yun went to dig the tomb last time, and Li Yun resurrected her from Yongning!

At that time, Alice still clearly remembered the meeting between the two princesses, but unfortunately afterwards she returned to her country and had no time to chat with the little princess.

Unexpectedly... Oh, of course, that little princess also became Li Yun's woman.

Zhao Fengfeng: "Princess? What princess? Foreign? Li Yun has gone abroad again?"

Little Mengmeng fox: "Sister @爱丽丝, let's see the photo. Neither I nor Zhao Fengfeng have seen you."

Zhao Fengfeng: "How did my remark name become...Hu Xiaomeng, you changed it randomly again?!!!"

"La la la."

"It should be forbidden to change the name of the remarks."

"No, I object."

"Agree."

"How is Li Yun?"

Chapter 3856: Quick photo

In the noisy chat of a group of girls, Alice deeply felt what Gong Qingyu said before, this big family is very harmonious.

Unlike the girls who were jealous of her imagination, the girls in the Fairy Society were more like to treat Li Yun as...the object of ridicule and scolding?

It's like a group of girls who have a crush on a certain boy, scolding the boy and refuse to admit that they like him, but in fact they are very happy in their hearts. The conversation topics are all around him?

"Boom!"

"Hurry up!"

The lively Hu Xiaomeng and Su Muxin began to urge Alice to post a photo. She hurriedly searched for it in the album. After finding a recent selfie, she hurriedly posted it.

"Why is this? Don't do this, take a selfie!" Hu Xiaomeng protested first.

Alice was stunned.

To be honest, the selfie she sent was that she was with Buckingham Palace and grandmother. The two talked about the future of the country. At that time, Alice was very happy, so she took a photo with her grandmother, Queen Elizabeth II. The photo was posted on the Internet to prove that his grandmother is still in good health.

She in the photo is of course bright and beautiful. She has received more than half a million likes on social platforms.

This girl named Fox Xiao Mengmeng is not satisfied?

Alice couldn't figure out what the little girl meant for a while, but as a newcomer, she didn't want to put on airs. After hesitating, she raised her phone to take a picture of herself.

As a result, Li Yun came over and joined her in the mirror.

"This one is not good either, some big bad guy has joined in!"

"Okay, okay, Xiaomeng, don't toss other princesses."

Fang Xue stopped her with a smile, "@爱丽丝, you can just order anything in the group, everyone is... good friends, good girlfriends, good sisters, um, that's it, just chat freely."

"That's right." Li Feng also said, "It's night on your side too, right? Rest and pay attention to safety."

The girls in the group are very enthusiastic and very nice, making Alice feel less uneasy.

Arriving in front of the hotel, after getting out of the car, Alice was basically familiar with the speech and character of many people in the group, at least not so restrained.

"Li Yun and I are now at the hotel. The local time is now eight o'clock in the evening, which is about the same as Huang Xuanguo's side, about five hours late.

Alice also probably knew that one of Gong Qingyu's purposes for pulling her in was to know Li Yun's movements. They wanted to know what Li Yun did with her at any time, instead of waiting for nothing in Zhonghai City.

This is what Alice heard from the group. Last time when Li Yun was in the cherry blossom country, Miss Xiao Mingzhu also broadcasted the whole process of what she did with Li Yun.

Basically, everything she wants to do with Li Yun must be said in the group, and even some things she does herself can also be complained in the group.

This made Alice a little uncomfortable for a while, because it almost exposed all her personal privacy.

But.....

"They are Li Yun's women after all, and I am also Li Yun's woman. If I want to fit into this big family, I must do this!"

Alice was thoughtful, the girls in the group chatted in a wide range, and they barely concealed anything. They talked except for some private matters.

Even... at night.

Chapter 3857: whatever

Fox Xiao Mengmeng: "Sister Princess Princess Sister, have you arrived at the hotel with him? Have you opened a room? Is it a room? Isn't it?"

Full of ambiguity and ridicule, Alice, who grew up in a Western open society, couldn't bear it. This Hu Xiaomeng asked too carefully!

However, this Hu Xiaomeng seems to be just a young and beautiful girl, calling her sister...Is there any problem in age?

"Well, here we are, ready to open... the room."

Alice didn't know how to answer.

She doesn't know if she wants to live with Li Yun...

It stands to reason that the relationship between her and Li Yun must be able to live together. When she first came back, and when she was at the airport just now, she hugged Li Yun and kissed for a long time. Theoretically speaking, it is time to take the last step. .

But... this kind of thing in the group always makes Alice feel weird.

Especially when asked like this by a little girl named her sister, who seems to have not gone to college.

"My sister is still shy, what does it matter~"

Hu Xiaomeng gave a smirk, "Tell the princess sister you, sisters in our group, all have a relationship with Li Yun~~"

A group of girls have shy expressions.

Only Shangguan Lingxian sent an expression of sitting silently on the ground in circles, not knowing whether it was expressing that he had not dated Li Yun, or that he was ashamed to participate in such topics.

"Hu Xiaomeng talking nonsense~~!" Qingzhu's little maid bubbling unexpectedly, "I, I, and the saintess, didn't do anything with that big villain, big pervert... and didn't do anything with him!"

Spring, Summer, Autumn and Winter: "There are still us!"

The four maids also said weakly that they did not.

Alice feels a little kind inexplicably, but the chat between girls is really so intimate?

She also has a lot of people who can be called friends, but most of them don't talk about this topic straightforwardly. Even if they did, it was after she joined the circle...

Alice didn't want to become that kind of chaotic woman.

However, she didn't hate the atmosphere in the group, but found it interesting.

"You all....."

Just when he was about to ask something, Li Yun took her hand, "Go, why are you in a daze?"

The maid on the side also looked over, and only then did Alice raised her head, looked away from the phone screen, nodded blankly, and was dragged away by Li Yun.

She was a little addicted to chatting with Gong Qingyu and the others.

So, subconsciously asked: "Yun, how many...rooms shall we open tonight?"

After saying this, Alice's face turned red, and her maid, Joanna, looked over with a surprised look, as if asking: princess, when did you become so impatient?

"A few rooms...cough cough."

Li Yun thinks this is a problem of the century. How many rooms are there?

For one, he was not reconciled.

Two rooms, will Alice agree?

The other bodyguards and maids can live wherever they live, but Li Yun will definitely live in the room next to Alice. Logically speaking, several rooms are the same, as long as they walk a few more steps.

"whatever."

After careful consideration, Li Yun said one thing that a girl said most often.

"Whatever" "You decide" "I can" "No problem" "You're right, it's my fault."

The classic sentence patterns of girls stunned Alice directly.

"Casual?"

An idea came to her mind: What kind of random is random? Why is Huang Xuanguo's words so difficult to understand?

So Alice decided to ask the sisters in the group for help.

Chapter 3858: Speak directly

Alice Windsor: "Ladies, I am at the front desk of a five-star hotel in Cairo. Just now Li Yun asked me if I want to live in the same room together. I don't know. I used an excuse and didn't answer for the time being. He said casually... ..Excuse me, what does it mean? Does he want to share a room with me, or does he not want to?"

"Ladies? It's a strange name, haha, whatever." Hu Xiaomeng smiled and said: "Sister Alice, you go on a date with him, aren't you ready to go to the hotel with him?"

Hu Xiaomeng was very straightforward. Alice's face was red, and she was about to say something, but when she saw Miss Gong Qingyu in the group, she sent a message that shocked her:

"Whatever you are in the hotel, you don't need to prepare a 'balloon set'. That guy is no longer a human being, so he can't easily give birth to a child, so he can just mess around."

Alice was shocked on the spot.

The so-called balloon sleeve is something that couples use when they go to a hotel and can be blown into a balloon.

And Miss Gong Qingyu... just said it directly?

and!

The point is!

Can Miss Gong Qingyu also allow and agree with her and Li Yun? Not jealous?

Little Chili: "Oh yes, yes, Qingyu is right, @爱丽丝, you don't need to prepare that thing, just remember not to arrange anything the next day, otherwise, you will definitely be too tired to move and don't think about it for a day. verb: move."

Alice: "..."

What else can she say?

Liu Xianxian: "Ah, when did Alice come in? Li Yun that bad guy... If Alice goes to the hotel with you, Alice, you must remember not to be used to her, that guy is a powerful bull! "

Liu Xianxian? !

Alice continues to be shocked, she is also in this group, and is also Li Yun's girlfriend? !

This internationally famous big singer and movie star also has a certain intersection with her. The two can be regarded as ordinary friends. They also met several times on Penglai Island last time.

Unexpectedly, she was here too.

In the fairies group, everyone talked and gave Alice quite a few suggestions.

Some prepared her to get tired for a night, and some joked shyly that it was not like this. In fact, she was very comfortable, and she uploaded a few sketches directly, and there was also a photo with strange traces on the mirror.

—In the sketch, it is clear that Li Yun, Gong Qingyu and another mature woman are messing around, and Alice is startled again.

Then Gong Qingyu chased Hu Xiaomeng for a violent beating: a lot of Hu Xiaomeng's shameful deeds were made.

A group of girls exposed their experience, leaving Alice dumbfounded, even Li Yun called her several times without hearing.

Because she was exposed to this kind of thing for the first time.

It turns out that the group of beautiful, lovely, noble and beautiful girls that I saw on Penglai Island had already happened so much with Li Yun in private?

There were seven days and seven nights on the Ocean Princess cruise, four or five days trip to Mount Taihuang, and Liu Xianxian and Li Yun went to the film and television city to take pictures, and played with five or six girls for a few days.

Hu Xiaomeng, who was still a girl, and another tall beauty named Zhao Tianfeng, followed Li Yun to a volcano for two days of adventure, and then went to a hot spring hotel for two days and two nights.

In addition, Li Yun and them also live together. On the third floor of some mansion and big villa, they are also messing around with Li Yun in Beijing.

All kinds of things deeply shocked Alice.

Chapter 3859: Gentleman Li Yun

"Sure enough, Li Yun wasn't with the 'gentleman', but I even called him intimately to call him. Isn't it true that Li Chaoren is like this in private?"

Alice glanced at Li Yun, and said secretly in her heart.

She knows that she likes Li Yun, and there must be a considerable part of it because of his outstanding strength. There is nothing hard to admit.

Men like women to look beautiful, and women also like men who are powerful, because Li Yun is strong, so Alice likes him.

It's just that in the two previous incidents, what Alice saw was Li Yun's glorious and heroic side: He entered the ground with a divine sword, fought against Huang Xuanguo's characteristic mummified corpse, and took out the magical medicine, which will last four hundred years ago. The dynasty princess was rescued.

Then, Li Yun led the fleets of various countries into the fog and entered the Haowei Island, fighting against those who gained the power of evil gods, destroying their conspiracies, and releasing them to make people all over the world. The aura of income, let the earth enter the era of aura.

All these made Alice subconsciously think that Li Yun is a real gentleman!

result.....

After entering the chat group of women next to him, Alice realized how crazy Li Yun was playing with them in private. Before the last time on Haowei Island, Li Yun was actually on a cruise with a few girls. After playing for a few days and nights, I accidentally ran into Penglai Island?

"Alice?"

Li Yun didn't know that his image had changed drastically in the eyes of Princess Alice, and he leaned over and asked, "Are you going to share a room with me or.."

"Do not!"

"no way!"

Alice took a deep breath and gave him a full smile: "I don't know Mr. Li Chaoren, you, you, and your girlfriends have done so many things!!"

"what?"

"Huh! Tonight, no, for the next few nights, we will be one person and one room!"

Alice walked to the front desk in a pair of high heels, spoke to the waiter in fluent English, and quickly got the result.

"Miss, we only have a suite here."

The polite words of the front desk clerk surprised Alice, "What a coincidence? There are only suites? When will the five-star hotel be full?"

"This is fate." Li Yun stepped forward and smiled and said to the front desk: "Then come to a suite and open two rooms for them by the way."

Joanna will also live in the vicinity of Princess Alice, so she can take care of her at any time.

The front desk clerk noticed Alice's extraordinary family background, and said cautiously: "For some reason, a lot of distinguished guests have suddenly come in these days and many rooms have been booked. I'm really sorry!"

"Honorable guest?"

Li Yun thought of something, turned his head and looked outside the hotel door, and happened to see the beautiful Qin Tianmeng getting out of a car.

"Do you know her?"

Alice quickly put aside her little displeasure and asked in a low voice.

"Actually, she has the same purpose as ours."

"Same purpose? Also to...?"

"Let's go, go up and talk, there is no need to meet them now."

Taking the room card, Li Yun took Alice's hand and walked towards the guest elevator. Joanna, behind him, hesitated and did not choose to follow.

Although their room is also close to Her Royal Highness, the time that allows her to get along with Li Yun should be left to the two of them.

Chapter 3860: Lady first

Ride the passenger elevator to the sixteenth floor of the five-star hotel. Li Yun took Alice to find where the suite was.

"Ah, I get it!"

Shutting with Li Yun in the high-quality carpeted corridor of the hotel, Alice said suddenly.

"Understand what?"

"In fact, the hotel still has rooms, but the front desk deliberately said that there is no room in order to please you!"

Alice gave Li Yun a roll of eyes, as if she was saying: I blame you.

The noble princess showed such a girlish air, and the only Li Yun who could appreciate this scene was pleasing to the eye.

"Nonsense...I'm talking, maybe he saw that I and you are a good match, and a certain princess is just arrogant?"

"What does Tsundere mean?"

Alice could not understand such online language, including in the fairies group just now. In fact, she also had quite a lot of vocabulary that she couldn't understand.

"It's just getting tired and can't help it. In English, it's..."

"What is it?"

"It's ILOVEYOU."

Li Yun smiled, Alice's face reddened again, enduring a happy smile, and groaned: "How can I confess such a casual confession!"

"Then when you were on the plane last time, weren't you just casual?"

"Have it?"

"have!"

The two chatted blindly. After finding the door, Li Yun opened the door with his room card and made a gentleman gesture: "Ladies first."

"Li Yun."

"what?"

"Western gentlemen, there is no way that a man invites a lady into his room. You are...wrong."

Alice's face was completely red, she didn't even know what she was talking about.

What's bad is that her maid and bodyguard didn't come. Now there is only Li Yun in front of the hotel, this big bad wolf who eats girls and doesn't spit out bones!

"Really? But we have in the East, beautiful lady, can we spend candlelightdinner with you?"

Li Yun acted politely and said a "romantic" English word.

Alice had been holding back her laugh, and finally couldn't help but laugh out loud. After reaching out and hitting Li Yun's shoulder, she sorted her clothes and walked into the suite with high heels.

As soon as her right foot stepped into the threshold, Alice suddenly stopped again and stared at Li Yun: "When I go in, you won't want to directly...Ah!!!"

"Your Royal Highness, don't you think you talk too much?"

In the scream of Princess Alice Windsor, Li Yun picked her up and strode into the hotel door.

Then, he kicked back and shut the door of the room heavily!

"your Highness....."

The maid, Joanna, was already behind the two, just sitting on another passenger elevator and following far away when she reached the 16th floor.

When she first heard the scream of Princess Alice, she suddenly felt nervous, but she hurried forward and saw Princess Alice, who was hugged by the tall and handsome Li Yun. In the same way, he was carried into the hotel suite...

Joanna took a deep breath and tried to calm her shock.

She hardly needs to think about it, no one needs to think about it, just by seeing that scene, she can know what will happen tonight.

Your Royal Highness, it should be the honeymoon with Mr. Li Yun.

only.....

Joanna came to the place where Princess Alice was standing just now, picked up a high-heeled shoe, hesitated, and rang the bell.
