Godly Choice 3861

Chapter 3861: Interrupted

The room bell rang several times before it finally opened.

Joanna didn't dare to raise her head at all, but respectfully handed over the high-heeled shoes in her hand that still had the body temperature of Her Royal Highness, and whispered: "Your Royal Highness, you just dropped a shoe, sorry."

Sorry, referring to her disturbing the intimacy between Her Royal Highness and Mr. Li Yun.

All fools know that they can't bother at this time, let alone just a shoe, let alone Princess Alice, who entered the five-star hotel suite with Li Yun, doesn't need to walk in shoes at all at night.

So, this high-heeled shoe is purely taking off your pants and farting, it's superfluous!

But Joanna's original intention was not on this high heel.

She was just to interrupt Her Royal Highness, to prevent her from devoting her life as soon as she met because of a moment of brain fever, or because she hadn't seen Li Yun for a long time.

therefore!

Joanna made another remedy. After the Mr. Li Yun took the high heels, she bowed respectfully and said: "Your Royal Highness Alice, Mr. Li Yun, I'm very sorry to bother you. About tomorrow morning I have arranged the off-road vehicle. Will it leave tomorrow morning, or do I have to wait for a day and leave after a rest?"

Because you are going to the sofa tomorrow, it's impossible for you to do anything tonight, right?

Li Yun understood what the maid meant.

Alice also understands.

So she looked at Li Yun, her eyes filled with teasing smiles, as if she was saying: You bad guy can't make things happen tonight, right?

"No, just tomorrow."

Li Yun made a very regrettable expression, but in fact, he didn't plan to eat Alice tonight. How could it be the first night of a date? How could he have to play for a few more days, and wait for the relationship to sublimate. Something.

"Yes! Mr. Li."

The maid Joanna apologized again, and Li Yun waved her hand and said, "You don't have to apologize, go to bed early tonight, and we will leave tomorrow... By the way, you will follow along too?"

"Yes, we need to protect the princess personally, and we will follow along!"

Joanna was obviously relieved and smiled gratefully at Li Yun, "Mr. Li, it's actually only eight o'clock, so you can rest at ease for a night."

"Eight o'clock?"

Li Yun was taken aback, looked at the time between 11 o'clock and 12 o'clock on the phone, and realized that the time zone was different.

"Well, I'm stupid."

Li Yun patted his head, "The Pharaoh Country and Zhonghai City are four or five time zones different, and it's only 8 o'clock in the evening? I have to calibrate the clock later, haha, the poor family went abroad for the first time.

"Is it the first time that you, the chairman of Baiyun Technology, have gone abroad?" Alice asked in surprise and teasing again.

"Except for Sakura, this is indeed the first time I have come to a place with such a big jet lag."

Li Yun shrugged. The Sakura Country is similar to the urban area of Zhonghai City, and he didn't feel any changes in time when he went abroad. The Pharaoh Country is different.

Alice's expression is very wonderful.

She learned more about Li Yun.

Before, she thought that Li Yun, as the chairman of Baiyun Technology, would go abroad to sign contracts with some big country markets or some multinational companies, no matter how he didn't care about the company's affairs?

Even if it's a cutscene, you have to go.

Unexpectedly, Li Yun didn't care about the company at all, and even went abroad only once...

Are you too confident? Still too lazy to care?

Chapter 3862: Alice's sacrifice

Alice thinks it is the latter, of course she has self-confidence, but it must be the latter, he is too lazy.

——This guy spends every day with the girl, especially at night!

"Mr. Li, do you need me to prepare dinner for you and your Royal Highness?"

Joanna asked. After getting Li Yun's affirmative answer, she finally raised her head and glanced at the man under the princess.

Afterwards, retired and left.

Before leaving, she glanced at the princess who had just been carried into the room.

This look almost made her fall to the ground in shock!

Her Royal Highness, who was still in the room, had messy clothes, her coat was missing, and a red mark could be vaguely seen on the snow-white collarbone and large areas of skin.

It was obviously kissed by Mr. Li just now...

And on Mr. Li's face, there is also obviously the lipstick applied to the lips of the Princess Palace when she went to the airport to pick him up...

"This this....."

The door was closed again, and Joanna stood there for a long time before she showed a wry smile.

Tonight, no, no, even when the meal was delivered, she was not surprised to see that the princess could not get up in bed.

The relationship between the two is so strong that they can't wait as soon as they enter the door, what else can be stopped?

Forget it, Mr. Li is the strongest man in the world and the chairman of the world's strongest company. Even if Her Royal Highness is only one of his wives, that would be a high priority for him.

The current Nation of Never-setting Sun is so decayed that it can only save face. Joanna, who is in the royal family, understands the weakness of her country far better than outsiders.

He also understands the struggle and sacrifices made by Her Royal Highness for this country.

sacrifice?

Maybe it's not even counted.

At least Her Royal Highness really likes Li Yun. When she didn't meet him before, she kept talking about him, including when she was dealing with work before, as long as she was free, she would search online to check Li Yun's news.

Fortunately, Mr. Li also responded to the feelings of the princess.

As long as the relationship between the two is not exposed, it will not be dismantled... The reason for the need to keep secret is, after all, Alice is still a royal princess, and her face is still needed.

It is estimated that the relationship between her and Li Yun will never be exposed. Her Royal Highness Princess Alice can give birth to Li Yun's heirs, and even choose one of the princes or princesses to support her ascend to the next throne.

But the relationship between the two can never be exposed.

Unless... gain power beyond the secular, suppress all opposing opinions, so that the citizens of the country of no sunset will be speechless.

In this way, the marriage of the two may be blessed.

But is this possible?

• • •

"I blame you!"

Entering the door, Alice walked directly inward in anger, God knows how much she tried to maintain her majesty just now in front of her maid.

result.....

"Um?"

As soon as Alice walked out a few steps, she felt something wrong with her foot, looked down, her face flushed, and she lifted her foot decisively and threw the other high-heeled shoe into Li Yun's arms.

"Take it! Help me wash it!"

"Wash high heels too?"

Li Yun didn't dare to resist now, because when he entered the door just now, he hugged Alice directly. He wanted to have a warm intimacy, but was interrupted.

"Wipe it clean, I blame you!" Alice was wearing black socks and stepped on the marble-clad living room. She felt too cold. When she was about to turn around, Li Yun had already taken out a pair of hotel slippers from the shoe rack at the door.

Chapter 3863: Upper and lower basin

A pair of slippers successfully resolved the little complaint of Her Royal Highness.

A satisfied smile appeared on Alice's beautiful face, but instead of bending over to put it on, she raised her foot.

Li Yun understood her meaning inexplicably.

And as soon as my heart became hot, I put on slippers for her.

Very warm, very fragrant and soft, very... ambiguous.

In the five-star suite with the door closed, the couples feel like they will get a sense of luxury when they do anything together.

"Hee hee hee."

Alice covered her mouth and smiled, blushing, and fled into the living room, leaving Li Yun a sentence: "That sister named Hu Xiaomeng said that you are in control, and that's true!"

Li Yun looked innocent, he did everything just now.

When she helped her put on slippers, she massaged her soles by the way so as not to catch a cold.

Cough.

Li Yun walked in. The five-star hotel has a large suite, with a living room of more than 100 square meters. Two large bedrooms are equipped with a kitchen, a study room, and a small gym. The study room is equipped with a small theater, and there are two bathrooms. In two bedrooms.

The space in the suite is definitely big enough, and there is definitely enough entertainment. Of course, the price is also expensive enough. One night can cost one month's salary of a white-collar worker in a big city. This still does not include the price of breakfast, lunch and dinner.

It is a luxury.

"Alice, do you want to take a bath together?" Li Yun shouted as Alice, who had chosen a bedroom with a cheeky face, was of course "impossible".

Li Yun shrugged and walked into another bedroom. From the space ring, he took out the things Lian Yi had prepared for him, pajamas, slippers, toothpaste, towels and other messy things. These hotels have them, but Li Yun is not used to using them. Many of them are used by themselves, and there is no need to take them back when the time comes, let the hotel staff clean them up.

"I'm being spoiled by Lian Yiyang now."

Li Yun shook his head. The service of the five-star hotel is absolutely top-notch, but every time he comes out now, Gong Lianyi will carefully prepare all kinds of salutes for him, from pajamas and slippers, to snacks, and even some cooked food, frozen. His drinks and fresh fruits are all stuffed into his space ring.

And every time after going back, Gong Lianyi would let him take out these things again, saying: "Although the food in the space ring can be kept fresh, it is best to change it and give it to the guards and maids to eat. I will prepare another copy for you."

With such a gentle and considerate wife of Lianyi, it is normal for Li Yun's appetite to be nurtured.

Looking out the window, the capital of Pharaoh is brightly lit. It is only nine o'clock in the evening. As a tourist city, many tourists like to take advantage of the night to visit the sights around Cairo.

There is a particularly interesting place in Pharaoh's country. Its territory is very large, but 99% of the people are concentrated on both sides of the Nile River. The other places are all next to the desert and are rarely inhabited.

Moreover, this has always been the case since ancient times.

This has led to Cairo being the capital of the Pharaohs in modern times. In ancient times, it was also an extremely important city, basically unchanged.

In other words, most of the pyramids built by the ancient pharaohs were also distributed in this city and in the lower basin of the Nile.

Call it: Upper and Lower Pharaohs.

Just like the north and south of Huangxuan Kingdom, the upper and lower Pharaohs have undergone many divisions and recombinations. Cairo was the capital of the Upper Pharaohs in ancient times, and the capital of the Lower Pharaohs was called Thebes.

Chapter 3864: Rashen

The main deity of the Upper Pharaoh Kingdom is called Ra, and is called Ra God.

Like the goddess Amaterasu whom Li Yun had just met in Sakura Country, Rashen is also a symbol of the sun. In ancient times, almost all ethnic groups worshiped the sun, moon, earth, air, rivers and other embodied things.

If we put it in the past, when humans thought that myths and legends were false, these sun gods, moon gods, could all be explained as the worship of nature by the ancestors, which was just an instinct generated by facing unknown and great things. fear.

But now that the gods are reappearing in the world with the revival of spiritual energy, Li Yun has to think, what is the so-called symbol of the sun god?

Is it just the mortal's view of the power of the gods?

For example, the goddess Amaterasu is a goddess who uses light, so when mortals see her, they mistakenly believe that she is the sun goddess.

Another example is "Rashen", or so.

Before seeing the power of Rashen, Li Yun couldn't speculate. Strictly speaking, he has seen a **** now: Amaterasu.

As for the saint son Lori raised in the family, apart from her ability to create Peach Blossom Village and maintain a small world in her sleeping place, she did not show her other powers.

So Li Yun still can't guess what kind of **** she is.

The same goes for young girls.

•••

After taking a bath, Li Yun casually put on a pajamas prepared by Gong Lianyi for him, went to the living room and sat on the sofa, turned on the TV and watched some programs in the Pharaohs.

The TV, which is completely different from Huang Xuanguo's style, is quite exotic.

"Li Yun, did Anna bring dinner here?"

Before long, Alice also came out of her room. She had just taken a shower and was washing her hair with a towel while walking. She was only wearing a thin silk pajamas. Li Yun turned her head and saw her Royal Highness. The appearance of a beautiful figure in the thin clothes.

Not to mention, this figure is really great.

"I want to ask you something!"

Alice groaned, this guy just admires her figure, and still looks absent-minded?

Is it so good-looking?

```
".....what?"
```

"My maid, Anna! Bring dinner here, no?!"

Alice stared at him word by word, and said.

"Oh, not yet, just sit and wait for a while." Li Yun suddenly realized.

"Really, I still want you to finish dinner earlier and rest earlier. Tired of flying all day?"

"It's okay, who am I, your husband? That's nothing!"

At this moment, Li Yun claimed to be her husband, and the meaning was self-evident.

Alice gave him another white look, looked around the sofa, and suddenly asked, "Where shall I sit?"

"What?" Li Yun didn't react for a while.

"I, ask, you: Where do I sit?" Alice's face was flushed, she covered Li Yun's foolish face with a towel that had just scrubbed her hair, and said with a smile, "I'm sitting next to you," Or sit opposite you?"

Is the man she likes a fool? Still can't think after seeing beautiful women? Why is this guy just... looking silly when she was still wearing her pajamas?

"I chose... of course to sit on me!"

Li Yun smiled, took Alice's hand, let her fall to sit on her body, and then hugged her slender waist, the two instantly became a couple in a intimate position together.

Chapter 3865: Meal delivery

"You're going to die."

Alice struggled slightly, but soon there was no movement, and she shrank into Li Yun's arms honestly, just like a blonde cat.

At this time, Li Yun had time to take off the towel covering his face, but unexpectedly discovered that this unusual towel that had been scrubbed by Her Royal Highness Princess Alice had become full of fragrant scents, and when you smell it carefully, it can be clear. Smelled a rose-like fragrance.

"What are you doing?"

Alice was taken aback for a moment, and then her blush was so dripping that she grabbed the towel by Li Yun's nose, threw it away, and said with great shame: "You...perverted!"

"Cough cough cough!"

Li Yun was embarrassed for a while, but he was not an "ordinary person" after all. He quickly approached Alice with a cheeky face, sniffed hard, and said, "No wonder the towel was so fragrant just now, and the real person was so scented!"

He is so stupid, really, the real Princess is clearly in his arms. If you want to smell the fragrance, just hold her and smell it. Where else is the towel needed!

Alice really blushed now, and took a pillow from the sofa and pressed it on Li Yun's face, as if to smother him.

But in fact, she knew that Li Yun's strength did not need to breathe a long time ago, in other words, she could live a long time without breathing.

The doorbell rang again as the two were fighting.

"It is estimated that Anna delivered the food, you go to open the door!"

Alice turned over and left Li Yun's embrace and sat on the sofa upright, but suddenly thought of something, she quickly took out the mirror and took a photo, and found that there was some blush on her face and the collar became untidy. Cleaned up again.

When the maid Joanna came in with the dining car, she saw a princess in her pajamas sitting on the sofa in the living room, hugging a big pillow, and looking very quiet.

"...Your Royal Highness, Mr. Li, please have a meal."

Joanna lowered her eyebrows, ignoring the messy hair of her Royal Highness—it was obvious that she had played with Li Yun. She pushed the dining cart to the restaurant and put the dishes on the table.

Finally, he said: "Mr. Li, if you have finished eating, please call me to pick up the tableware... Or you can put the plate in the dining car and push it out of the door, and I will clean it up in time."

If she is afraid to come in again, Li Yun and the princess are already on the sofa in the living room...

"Don't you eat together?" Li Yun asked her politely, and naturally he got a negative answer. There is no saying that the maid and the master have a meal together?

Not a little wife.

...

"Li Yun, tell me the myth of the Pharaoh Country."

While eating, Alice thought of a question and asked actively.

She has to prepare for tomorrow's affairs, and can't mess around with him all the time!!

"The **** of the Pharaoh kingdom? Wait, let me see."

Li Yun had some deeds of the gods of this country in ancient times in his mind, but he didn't know how it was different from what has been circulated in the outside world. While eating with Alice, he used his mobile phone to surf the Internet and searched for the legends of the gods of the Pharaoh Kingdom in English.

Speaking of it, the Pharaoh country is also plagued by disasters. 1,500 years ago, it was constantly conquered by outsiders. Not only was the culture invaded, but the race was changed.

The current Pharaoh country has become a subsidiary country of a certain region. The people who lived here three thousand years ago have no longer occupied the mainstream, and it can even be said that they have been wiped out, and their genes have been mixed into various races.

Chapter 3866: conflict

Therefore, Huang Xuan country is the only one of the four ancient civilizations that retains the race thousands of years ago. The culture also originated from the beginning and belongs to the inheritor of one of the oldest civilizations on this planet!

"Tsk tsk, the people in the pharaoh kingdom have almost perished. Even the most orthodox Coptic people in the ancient pharaoh kingdom have now converted to Jesus."

Li Yun sighed again, and said with a little ridicule-the main reason for the ridicule is because he is proud of being the heir to the ancient civilization of the dragon. Seeing that people in other ancient civilizations have lost their faith, it is natural. Pride.

Even the gods they originally believed in have been thrown away. Are the Copts still ancient Pharaohs?

"Hahaha."

Li Yun is proud, and Alice is equally proud, "Ancient Rome once conquered the Pharaoh country. After all, the land here is too barren to compare with the prosperity of our side!"

We in Alice's mouth naturally refer to the West.

Ancient Rome was too powerful, and its culture spread throughout the West. Basically all Western countries said they were the heirs of Ancient Rome, even the beautiful country.

Ancient Rome conquered the Pharaoh country, and the country equivalent to Alice also conquered them, so she was proud too!

Both of them are proud, and the poor man is naturally only the ancient pharaoh country...

Li Yun looked at Alice with a weird face and said, "I think Alice, don't laugh, because... the gods who once believed in the ancient pharaoh country, if they also wake up and see their country occupied by other races, What do you think will happen to those gods?"

Alice's expression petrified.

"The race actually doesn't matter, after all, after so many years, it is estimated that many of the genes of the race have been integrated into the world."

Li Yun smiled and said: "But with regard to the gods Ra, the gods of death, the gods of Horus, the gods of Osiris and other nine pillar gods, seeing that their beliefs are all lost, do you think..."

Alice's pupils widened suddenly, and she stood up suddenly: "Oops!"

"Huh? What's the matter?" Li Yun looked at her with a smile.

"Ah no!" Alice sat down again, patted her head, and stuck her tongue out, "I have forgotten that I now believe in the goddess Athena, and my original belief has nothing to do with me... ah, it's still wrong! "

She looked at Li Yun firmly again, "Goddess Athena, is there a conflict with the gods here, and the gods of Christianity?"

Alice didn't realize how terrible it was until now.

Conflict of beliefs is actually rarely mentioned in the West, because even if Christianity is split into Eastern Orthodox, God, Protestant, etc., since the Renaissance, the power of religion has been greatly weakened, and many people can believe freely. A sect.

Moreover, Western societies all believe in Christ and God, and there is no other belief.

The so-called conflict of beliefs, Alice was only in the history books, seeing the Crusades a thousand years ago, and the struggle between certain kings and the pope, and realized that there was such a thing.

Well, recently there are extremists from a certain sect, which can be regarded as a conflict of beliefs.

However.

The world is different now!

The gods seem to be recovering one by one. What will happen to the gods of the ancient pharaonic kingdom that were once defeated by the Western world?

Then, because of Li Yun's relationship, Alice chose to believe in another unknown goddess: Athena.

And what is the relationship between this Athena and **** God in the Western world?

Chapter 3867: What a messy legend

Just thinking about these belief issues made Alice a headache.

too terrifying.

If in the future world, the gods recover one after another, wouldn't it really be a **** war?!

"Uh, this..."

Li Yun also started to hurt his brain.

Even if he had seen the phantom of the goddess Amaterasu with his own eyes, he had personally dealt with Yaki Orochi, and even became boyfriend and unmarried couples with priests of the goddess Amaterasu.

But he has never known what exactly these gods are making!

It seems that the only certainty is that gods need faith, and the higher the status of gods, the more they must spread their faith.

But that's not necessarily true. The ancient aunt and young girl had never seen her preaching, and she was lazy and motionless all day long.

"Don't you know?" Alice asked in a low voice.

"Um."

Li Yun could only nod his head. He didn't lie, simply told her his own inference, and said: "We don't know now that after the nine pillar gods in this place have recovered, people who see the ancient pharaoh kingdom no longer believe in them, it will be. What are the consequences, but the more we don't know, the more we have to understand. After saving, they will recover, but we have no preparation."

Alice thought for a while and nodded silently.

"Regarding the myths circulating in this place of Pharaoh Country, let me tell you briefly, it is not necessarily correct, no, it is definitely not all correct."

"Of course I know that unless it is a former god, who can guarantee that it must be right? Say it!"

Alice picked up the knife and fork again, and had dinner with Li Yun, who was holding chopsticks.

The mythology of the ancient pharaoh kingdom is also very simple. You don't need to know too much about the process of creation and the grudges and grievances of the gods, just know a general idea.

First of all, in the mythology of the ancient Pharaohs, the **** Ra created the world. Then, in his own saliva, the **** Ra gave birth to the **** of air (male) and the goddess of lake, and the brother and sister gods reborn the two gods of the sky and the earth. Then, the gods of the sky and the earth gave birth to the other four gods.

The order is: God of Creation \rightarrow Air, Lake \rightarrow Sky, Earth \rightarrow Four Gods.

There are a total of nine deities, so they are called: Nine Pillar Gods.

Among the nine pillar gods, the first five are the laws of heaven and earth, and basically do not show up, and there are not many legends about them.

The mythology of the ancient pharaoh kingdom is similar to the mythology and legend of other peoples. There are creation gods, and there are brothers and sisters, just like Fuxi, Nuwa and Eve and Adam.

In ancient times, in order to maintain the purity of bloodlines, many royal families and nobles would practice close relatives. If you open the history book, the pharaohs of the ancient pharaoh country will be in a mess.

There are mothers marrying sons, daughters marrying fathers, siblings, siblings, and uncles and nieces. All sorts of messy combinations can almost blow up the three views of modern people.

Of course, Li Yun would never criticize. After all, the social order at the time worked like that. People at that time believed that the pharaoh was the son of Rashen, and the rules of the world were completely ineffective for them, so they could go wild.

Moreover, marrying descendants of gods is also an important means for the smooth change of the dynasty.

"No, there is another god."

After listening, Alice raised a doubt: "I only saw Rashen, Hades, and Death on the Internet, but there is one other **** you didn't mention."

"Amon?"

"Yup!"

The Amon mentioned by Alice was actually the **** of the sun, no, he was a hidden **** in the earliest days, a **** highly respected in the Kingdom of Pharaoh.

Chapter 3868: Myths and legends

Later, the Lower Pharaoh Kingdom unified the entire Nile River, and the **** Amon became the supreme **** of the ancient Pharaoh Kingdom.

Later, history slowly evolved, and it became the coincidence of the **** Amon and the **** Ra. The images of the two gods gradually merged together and called: Amon Ra.

It is a sun **** with two incarnations.

Similar to God, Jesus, Son, and Trinity.

"God can also fuse?"

Alice was surprised, "Doesn't that mean that gods are just a concept, based on people...ahhh, I was wrong again!"

Alice wanted to understand and corrected it immediately: "Amon is the worship of the sun **** by humans. In fact, Amon is Amon, and Ra is Ra. The two gods are not fused at all, right?"

Li Yun smiled and said, "I don't know, maybe I told you, or maybe Amon defeated the **** Ra, thus robbing him of his faith, incorporating his god's name into himself, or there was nothing at all. God Amon, there is no such thing as a God of Ra, just follow us Huang Xuanguo... Oh forget, you are not from Huang Xuan country."

"Whee."

Alice laughed, and her gossip heart burned: "Then our western **** defeated the **** of the pharaoh country, did God also defeat Amon Ra?"

"Attention, you believe in Athena!" Li Yun nodded her forehead.

Only then did Alice react, sticking out her tongue to express her embarrassment.

She believed in Athena, mainly because she obtained a golden short spear, which according to Li Yun was an artifact belonging to the goddess Athena. Later, she obtained "Athena's Favor" from Li Yun and a very powerful one. The golden double-stranded forks are all related to the goddess Athena.

Therefore, Alice simply turned to the goddess Athena.

Anyway, she's not a faithful believer of Protestantism, and it's okay to convert... right?

"What kind of goddess is Athena?"

Alice couldn't help asking again.

She only knew that Athena represented wisdom and war. She was a goddess with a golden shield in one hand and a short victory spear in one hand, driving a chariot soaring into the sky, looking very majestic.

But she didn't know the specific deeds of Athena, which caused her current church to have no way to spread it.

"She...she is a goddess." Li Yun said.

"disgusting!"

Alice slapped Li Yun's arm and said, "I'm telling you something serious, what a goddess, it's terrible!"

Li Yun's face was innocent: "I'm not talking nonsense, Athena is one of the goddesses!"

"what?"

Alice was stunned, "Li Yun, I'm not very good at Huang Xuan's Mandarin. The virgin you are talking about, is the English word...Virgin?"

When speaking Li Yun's national language, there was nothing, but when speaking of his own country's language, the sense of shame was particularly strong.

She is now a virgin, but not soon...

"Yes!" Li Yun nodded, expressing affirmation.

".....You lied to me?"

Alice stared at Li Yun's eyes, and said dissatisfied: "Where is there a **** who claims to be the goddess of virginity, is Goddess Athena also the **** of guardian virgins?"

"Puff, haha, well, I won't tease you anymore." Li Yun couldn't help laughing.

Alice thought she had been cheated, so embarrassed she used a fork to fork a piece of beef and stuffed it into Li Yun's mouth.

Li Yun was forced to eat the beef. Doesn't it make her feel the taste when she waits?

"Ahem!" Li Yun said sternly: "I'm not a lie. The goddess Athena is the goddess of wisdom and war, but she is also a goddess, because she and the other two goddesses vowed never to marry. For men, so in the Olympus myth, she is the pure goddess!"

Chapter 3869: Luxury

Alice was stunned, but after returning to her senses, she felt that she was a little closer to the goddess.

It turns out that the goddess Athena is not only a symbol of wisdom, but also an incomparably pure god. She would rather swear not to marry than be harassed by those hateful male gods!

The goddess must have not met the male gods she likes, and have been harassed by those **** male gods, so I swear it?

Thinking about it this way, the goddess is actually a bit pitiful...

No, no, you can't arrange the goddess like this, the goddess Athena has now become her belief, she can't talk about the goddess behind her back.

However, she was still very curious.

Alice couldn't help asking, "Where are the other two goddesses who don't marry? Is it a certain angel? Or the moon goddess?"

In many myths, the gods of the moon are held by women.

"No, the Olympus mythology and the God Christ you originally believed in are not the same at all. These are two **** systems!"

Li Yun denied her statement, and Alice was surprised for a while, and then there was another silence.

"The gods of the two systems...that is to say, the faith of the goddess Athena has been destroyed?"

Her voice is a bit bitter.

Because the people who destroy the faith of the goddess Athena seem to be the Christian churches that believe in God...

Li Yun hesitated and shook his head: "I don't know anything about the gods. Let's eat, it's useless for us to think too much now. Since the goddess Athena has some information passed down, it proves that she may... still be there."

In theory, since the system rewarded him with something about Athena, it must be because Athena, the goddess, was still alive.

"Oh."

Alice stopped asking, and ate silently.

It can be seen that her heart is quite restless.

Li Yun is not very comforting. It's a big deal to let her convert to a deity. Anyway, the belief in the gods is just like that in Li Yun's eyes.

But is it really that way?

• • •

the next day.

When Li Yun woke up, there were no girls with Wenxiang Nephrite around him. At this time yesterday, he woke up with seven or eight girls around him.

It's a pity that there is nothing to be gained today, and Alice has no idea of sharing a room with him last night!

"Alice?"

After Li Yun finished dressing, he went and knocked on her door. The beautiful princess did not have the habit of sleeping late. When Li Yun knocked on the door, she had already woke up.

And when he didn't wear his clothes or tidy up his messy blonde hair, he wore a pair of slippers and opened the door lazily.

She didn't care about her own image at all. After all, she and Li Yuntian had been crooked last night and didn't know how long they said goodbye to each other.

"What are you doing?"

Seeing Alice, whose hair was messy, looked lazy, and could not walk steadily, she opened the door and walked towards the door of the suite. Li Yun hurriedly held her: "Sleepwalking?"

"Why? Of course it was to ask Anna to come in." Alice hadn't woken up yet, but she took it for granted: "She combed my hair and prepared the clothes for today, and by the way, tell me what to do today... ...Oh, we're in the Pharaoh's country now, so I'm free from the report, just change my clothes."

Li Yun: "..."

Worthy of being a princess, even more outrageous than Gong Qingyu.

Gong Qingyu wakes up in the morning, although there will be maids, that is, four maids in spring, summer, autumn and winter, but basically, if Gong Qingyu does not go out, the four maids can go or not, let Gong Qing Yu just dresses alone.

You can see what the princess meant, the maid dresses her every morning.

Just two words: luxury!

Still two words: corruption!

Chapter 3870: very nice

However, when Alice changed her clothes and walked out under the service of the maid Joanna, it gave people a bright feeling.

Standing in front of Li Yun was a sassy and heroic girl with long golden hair and a nearly perfect figure.

"Does it look good?"

Alice blinked at Li Yun and asked triumphantly.

"very nice!"

"Are you saying that to all girls?"

"Absolutely not, and the girls around me can get my praise."

The two chatted and walked downstairs to the hotel. Joanna accompanied two tall bodyguards in suits. The way to the restaurant on the second floor of the hotel for breakfast was unobstructed.

"Hi, little handsome guy~."

As soon as Li Yun stepped into the dining room, he heard a familiar voice in his ears. When he fixed his eyes, he saw that Qin Tianmeng, who was dressed up and dressed in bright red dress and bright lipstick, was sitting in the dining room enjoying breakfast.

It is also winter in the Pharaoh country. There was only one possibility in the past to be able to wear skirts in this season: fools.

But now there is one more possibility: the supernatural being.

People close to Qin Tianmeng felt a kind of scorching heat radiating from this beautiful woman, and they immediately realized that this woman is a fire-type supernatural person, and she can wear anything in winter without knowing it. Feel cold!

It must be said that the supernaturalists began to affect everyone on the earth with a slow but unstoppable trend.

"Why are you here?" Li Yun frowned slightly, it seemed that this time was destined to be entangled with this woman.

However, Li Yun has no interest in her.

Alice glanced at him, then looked at the woman in the red dress, the fire supernatural person?

"Why can't I be here?" Qin Tianmeng blinked, "My companion and I live in this hotel. Isn't it normal to eat here? Besides, we are going to steal the Pharaoh's tomb later!"

In a word, it drew at least seven or eight eyes.

When Li Yun discovered this, a surprise flashed in his mind: The conversation just now was in Huang Xuan's national dialect, and the surroundings were basically foreigners, so they all understood it too?

"This lady, are you also going to the pharaoh's tomb in the depths of the Valley of the Kings?"

Alice was blunt and pointed out where she wanted to go this time.

However, this time I saw a lot less eyes.

Imperial Valley, this translation is a bit tacky. Alice also looked at Huang Xuanguo's translated name when she checked the information last night.

But in fact, in the world, the real name of the Valley of the Kings is: The Great Field, literally translated as a great cemetery.

From the name, it can be seen that the "Emperor" of the ancient pharaoh countries is buried in the Imperial Valley. From the name, it is more appropriate to call Pharaoh Valley, but the pharaoh is also equivalent to the emperor, which is not wrong.

"have no idea."

Qin Tianmeng answered quite confidently, reaching out his hand and pointing at several people at the other table: "They are my teammates. I am not personally responsible for the rest. I only need to fight. If you want to ask, just ask them."

Li Yun glanced at him. Qin Tianmeng's "teammates" were about five or six, including men and women, white, black, and yellow. They were all capable and capable, and could almost be judged to be mercenaries or battle-tested. People.

What's more special is that these people have a certain temperament, arrogant, aggressive, and strong, and it can basically be determined that they are a group of supernaturalists.
