

Godly Choice 391

Chapter 391: Lady Fox

The four people went up to the third floor of the mansion. Li Yun saw countless luxurious decorations along the way. For example, the floor of the mansion was covered with high-quality red soft carpets. Walking up quietly, soft and comfortable, walking barefoot would definitely be very comfortable. .

In addition, Li Yun saw many celebrity calligraphy and paintings in the corridor. These expensive antiques were placed and decorated at will, which is extremely extravagant.

Gong Qingyu came to a master bedroom and knocked gently on the door, "Auntie Lian?"

"Qingyu? Come in."

Li Yun listened to the voice coming from the door, not like the patient's extremely weak voice. Although he was a little tired, he was generally full of breath.

Entering the door, Li Yun frowned slightly. It was spring now, but the air conditioner had been turned on in the room, and the temperature was very low, which made people shiver.

This large bedroom is divided into two parts, inside and outside. The inside is the master bedroom, and the outside is a slightly smaller reception room. The decoration is very luxurious, with mahogany bookshelves, high-end sofas, exquisite tea tables and cups, etc.

Li Yun looked at a young woman sitting on the sofa in the living room, and after seeing her looks clearly, a faint of surprise flashed in his eyes.

This young woman named Gong Lianyi is in her early thirties. She is tall, fair-skinned, and has delicate and charming features, especially her Danfeng eyes, with upturned and narrow eyes, and she has a mature woman's charm, ordinary. A man's heart beats faster when she sees it.

This woman's appearance and figure are simply the ultimate of Yu Jie's, without deliberately pretentious, her every move can stir the flames deep in the man's heart.

However, Gong Lianyi's temperament is intellectual and graceful, completely different from charming looks. Even her intellectual beauty has overwhelmed the sense of charm, which makes men pay more attention to her temperament rather than charming looks. .

"Qingyu, who are these?"

Gong Lianyi asked with a smile at the corner of her mouth, showing no expression of being troubled by the disease, which made Li Yun secretly admired.

Ordinary people who have been guilty of this weird disease have long been panicked, how can they calmly ask!

"Gooooo!"

Yu Wensheng swallowed, and his eyes looked at Gong Lianyi like flames. He was completely seduced by the charm of this young woman.

With his countless experience, Yu Wensheng dared to conclude that this mature royal sister must be the legendary fox beauty!

Foxes are beauties, they are naturally able to attract the attention of men and make countless men give up their lives for them.

The legendary Su Daji, Bao Si, Yang Guifei, etc., are said to be foxes, fascinating, smiling, and every action can firmly attract the attention of men!

Even women can't resist this charm.

It's just a pity that Gong Lianyi likes to read, which causes her to have an intellectual and graceful temperament, which dilutes her coquettish appearance.

"!"

Gong Lianyi frowned slightly. She only took a look at Yu Wensheng's current gaze, and she could easily understand what he was thinking at the moment.

She had seen this look countless times since she was a child. She was greedy and fiery, and she couldn't wait to swallow her in one bite. This look made Gong Lianyi extremely disgusted.

As a result, she didn't want to be close to a man at all, and stayed with scholars all day long. She planned to be alone for a lifetime in the future, so she regarded Qingyu as her daughter to take care of.

Gong Qingyu glanced at Yu Wensheng coldly and introduced: "Auntie Lian, this is Yu Wensheng, this is the elder of Tiandanmen who is known as the old man of Qingsang."

Chapter 392: Huang Lao's questioning

"It turns out that you are Senior Huang, the junior Palace Lotus Palace Lianyi, who has long heard of Senior's name."

Gong Lianyi showed a gentle smile and got up to salute, but Huang Lao waved her hand to indicate that she is a patient and just sit down.

Then, Gong Qingyu introduced Mo Liang. There is no doubt that Mo Liang, like Yu Wensheng, was so charming that Gong Lianyi's fox charm was so charming that he couldn't hide it anymore, and he looked squinted. Looking at the palace lotus palace Lianyi.

From top to bottom, then from bottom to top, this kind of obscene look, not to mention Gong Lian Yi could not bear it, Li Yun could hardly help but give this ***** a punch!

"Qingyu, who is he?"

Gong Lianyi was disgusted in her heart and asked 'he is' instead of 'this is'.

"His name is Mo Liang, and he came to the gate inexplicably and said that he could cure Aunt Lian from your illness."

Gong Qingyu's tone was flat, and he showed three points of irritation.

Had it not been for the sickness of Aunt Lian, Mo Liang would not be able to get close to the gate of the mansion!

Li Yun felt that Qingyu had said something wrong. She shouldn't call Gong Lianyi aunt, but her sister.

Gong Lianyi is well maintained, plus studying indoors all the year round, her skin is fair and tender, full of collagen, without the slightest wrinkle, just like a young girl in her twenty-eight years.

On the way to the eldest sister, passers-by must think that Gong Lianyi and Gong Qingyu are sisters, not aunts and nieces.

"Really, I would really like to thank Mr. Mo. I just don't know. How did Mr. Mo know that I was sick?"

Gong Lianyi's tone was flat, and she faintly revealed a force of pressure, revealing the aura of the innate late powerhouse!

Mo Liang swallowed, and under this compelling aura, he could only put away his ***** for the time being.

"When I passed by your house, I saw evil here at the door!"

"The evil spirit is soaring? What is the evil spirit?"

"Don't worry about the bad breath that breeds in a dark and humid place. My treatment does not require physical contact or medication at all!"

Mo Liang confided in his words, and everyone believed him suspiciously. They felt that he was very suspicious, and that he might be able to try, provided that it was harmless to Gong Lianyi.

An indifferent sneer appeared at the corner of Li Yun's mouth.

No physical contact, no medicine can be cured, unless Mo Liang is a psychiatrist who comes to cure Gong Lianyi's heart disease!

"The old man will check the pulse of Miss Gong first."

It took only five minutes to reach 7 o'clock. According to the experience of the previous three days, Gong Lianyi was about to become ill, so Huang Lao did not delay. After putting down the box in his hand, he sat down to diagnose her pulse.

"Don't bother."

As soon as Huang Lao's fingers touched Gong Lianyi's wrist, Mo Liang sneered: "This disease is not an ordinary disease. Even if you invite Bansheng to come in person, it's absolutely impossible..."

"Snapped!"

Before he could finish his words, Yu Wensheng slapped him and slapped him. The sudden slap slapped Mo Liang in a circle, staggered and almost fell to the ground.

"You!" Mo Liang was startled and angry, his left cheek hurting fiercely.

"Shut up."

Yu Wensheng looked indifferent, "In front of the old man Qingnang, how can you be a ***** talker? Watch quietly, get out if you don't want to see it!"

In his twenties, he didn't even break through the acquired realm, so naturally it was a waste.

Mo Liang's teeth were itchy with hatred, but Gong Qingyu, the master, didn't say anything, and the rest of the people also looked calm.

"Hmph, if it hadn't been for my heart to cure diseases and save people, I would have left!"

Looking for an excuse to stay, Mo Liang's face was as black as the bottom of a pot.

Chapter 393: Old and deciduous

If it wasn't for some ulterior purpose, Li Yun didn't believe that a person with this personality would be a doctor who rescued the wounded.

With a buzzing sound, Li Yun's phone vibrated. He picked it up and glanced at it. Concubine Wan Qing responded to his message.

Gong Lianyi glanced at Li Yun.

The young man entered the door and attracted her attention, because he could stand beside Qingyu without arousing her disgust. On the contrary, Qingyu seemed to rely on him very much.

In addition, the only thing Qingyu didn't introduce him just now, Gong Lianyi was even more concerned.

—The lack of introduction immediately means that Gong Qingyu will focus on introducing Li Yun later.

"Senior trouble you."

Gong Lianyi retracted his gaze and smiled slightly at Huang Lao. The attitude was extremely gentle and graceful, and the etiquette was decent, which made people feel like a spring breeze.

Yu Wensheng looked at Huang Laowei for Gong Lianyi's pulse, her wrists were white and delicate, her fingers were slender and soft, people couldn't help but want to hold her hand, and Gong Lianyi's affectionate stare at each other, let this have The graceful elder sister with graceful hands showed a shy expression.

Thinking of this, Yu Wensheng wants to get Gong Lianyi and Gong Qingyu the pair of "sister flowers" more and more!

Old Huang put his fingers on Gong Lianyi's veins, turning a blind eye to the beautiful little hand. His brows became more and more frowning, and Gong Qingyu, who was watching, couldn't help but grab Li Yun's hand, nervously. Looking at Huang Lao.

After a long while.

"Miss Gong, before the illness, did you feel anything unusual?"

"not at all."

"Can you take any food that you haven't eaten? Or have you come into contact with something?"

"Neither."

Huang Lao asked several questions in a row, but Gong Lianyi always shook his head.

She frowned slightly, with a lingering sadness between her eyebrows, her lips lightly opened, and said: "I went out for a meal with a business partner three days ago, and I came back after eating. After the illness, I asked them specifically, but I didn't have a clue."

Meaning, she is the only one who is sick.

"So..."

Huang Lao let go of his pulse-diagnosing hand and stroked his gray beard. After everyone was waiting anxiously, he shook his head and sighed, "The old man is so incompetent and can't see what disease you have."

"How could it be like this!" Gong Qingyu's delicate body shook three times, and Li Yun held her back and said softly to comfort her.

Mo Liang breathed a sigh of relief, this old thing really didn't see anything wrong with it!

"But it doesn't matter." Huang Lao smiled confidently, "The old man has been practicing medicine for many years, and he still has some experience. Ms. Gong, your pulse is stable, except for a slightly faster heartbeat. Generally speaking, your body is extremely healthy. Later, I will prescribe some heat-clearing and nourishing medicine for you. I believe it will be enough to rest for two days!"

Gong Lianyi nodded. Although there was sadness between her eyebrows, she was not too nervous, as if she didn't care about her illness.

Yu Wensheng breathed a sigh of relief and smiled: "Senior Gong, Qingyu, don't worry, Huang Lao's medical skills will never be under the semi-sage physician of Tiandan Sect's head. He will guarantee that Senior Gong's body is absolutely not a problem!"

He glanced at Gong Lianyi calmly. The figure hidden in the thick underskirts, even though the visual inspection was not very real, but Yu Wensheng assured that Gong Lianyi's body is absolutely seductive, enough to make a man. Crazy stunner!

After all, a woman with a fox-like appearance can't have a bad body!

"Hehe, it's almost seven o'clock."

Mo Liang arrogantly sat on the sofa and glanced coldly at the wall clock hanging on the wall.

The onset time has come.

Chapter 394: 7 o'clock in the evening

"What do you mean!?"

Yu Wensheng stared at Mo Liang's face with sharp eyes like a knife, and if there was a big disagreement, he would be caught directly.

Li Yun knew why Yu Wensheng was angry because everyone didn't talk about Gong Lianyi's illness at 7 o'clock. Where did Mo Liang know about it?

"Humph!"

Mo Liang lifted Erlang's legs and said leisurely: "I am uninvited and I am sure to cure your disease. How can I not know when this disease will happen? Believe it or not, I can tell the origin of this disease. And harm? Hahaha!"

He was extremely proud. Now Gong Lianyi's attitude towards him has changed. Even Gong Qingyu looked at him in surprise. Mo Liangse squinted and thought, maybe it won't take a few days for this pair of similar-looking beauties to All fall into his palm!

"Old Huang, do you believe it?"

Mo Liang glanced at him with a smile, his expression very arrogant.

The expression on Huang Lao's face is very wonderful. He has practiced medicine for many years, but he can't see the disease that a frivolous young man can see!

But Huang Lao has practiced medicine all his life, and he has already put his reputation on the outside.

Therefore, he finally bowed to Mo Liang respectfully, and said in a humble tone: "Sir, please give me some advice, what kind of illness does Ms. Gong have committed?"

"Hahaha, Mr Huang, please start."

Mo Liang pretended to disregard the previous suspicion, holding on to Huang Lao with a smile on his face.

"This bastard!" Yu Wensheng gritted his teeth with hatred. He took the pains to go to Tiandanmen and invited Huang Lao to come over, but Mo Liang made the limelight and forced him to finish it!

Gong Lianyi had a weird face. She thought that Mo Liang was the kind of villain who would only fish in troubled waters and be full of wicked thoughts. Didn't expect that he would really cure the disease?

Gong Qingyu looked at Li Yun. He has been watching quietly since he picked up the phone just now, but that's right, Li Yun doesn't know how to treat illness, so he can't demand too much.

Mo Liang was about to talk. He just saw Li Yun in his eyes, and found that he had a calm expression on his face. He suddenly became unhappy: "Hey, boy, do you also know the origin and treatment of this disease?"

"Ding!"

Just then, the wall clock on the wall rang, and the time officially came to 7 o'clock!

Gong Lianyi's brows frowned immediately, waiting for the unbearable pain to hit.

"good."

Li Yun picked up the remote control placed on the table, pressed it at the air conditioner that was blowing, and said indifferently: "Not only do I know how to cure it, but I also know who is betraying Ms. Gong."

"what!?"

Everyone looked at him in surprise. Someone had calculated Gong Lianyi?

"No, don't turn it off!"

It was just a simple action, but everyone was surprised again, because Gong Lianyi stood up swayingly and said eagerly: "No, turn on the air conditioner, I, I'm afraid of heat!"

Afraid of heat?

Everyone looked at her unexpectedly again.

At the moment Gong Lianyi is wearing several undershirts, and there is a close-fitting cotton-padded jacket inside the undershirts, as if she was dressed in winter.

Old Huang was shocked, not right!

He even ignored Gong Lianyi's dress!

Gong Lianyi, who was wearing thick clothes with the air conditioner on, was very strange, but because of the cold spring in the morning and the low temperature in the room, Huang subconsciously thought it was beautiful and ignored the air conditioner problem!

"It's okay, I will heal you soon."

Li Yun blocked Gong Lianyi, who came to "rob" the air conditioner remote control, with a gentle tone, and smiled at her, "Don't worry, bear with me, the pain will soon disappear."

Chapter 395: On time

Gong Lianyi was stunned for a moment. Although the handsome boy in front of him was not the most beautiful man she had ever seen, he had a reassuringly sunny temperament. After she approached Li Yun, she still vaguely smelled something belonging to him. The masculine breath made her heart tremble, and her charming face was quickly stained with red clouds.

This feeling of rapid heartbeat is an experience that Gonglian Yi has never experienced since childhood.

She hates men, but unexpectedly does not hate Li Yun.

Is he a man?

"Come, sit down."

Li Yun helped Gong Lianyi sit down, but as soon as she touched the sofa, Gong Lianyi's whole body was instantly tensed, and her two small hands firmly grasped Li Yun's wrist, which belonged to the strength of the late congenital powerhouse and made Li Yun's Ten fingerprints immediately appeared on the skin.

"Aunt Fang!!!"

Gong Qingyu rushed over anxiously, looking at her in panic.

Gong Lianyi was already so painful that she couldn't speak, her eyes were bloodshot, her small mouth was slightly open and panting, her smooth forehead, cheeks, beautiful white neck, and even the scalp leaked fine sweat, making her black. Thick long hair soaks wet.

Everyone can tell at a glance that Gong Lianyi is suffering unimaginable pain at this moment!

"Turn on, turn on the air conditioner, miss!"

A maid promptly reminded, "Ms. Fang felt very stuffy on the first day of the attack. When she turned on the air conditioner while she was in pain, she immediately relieved her pain!"

"Well, I'll turn on the air conditioner now." Gong Qingyu immediately wanted to do it, but Li Yun stopped her.

"No, you can't turn on the air conditioner!"

Li Yun's face was serious, as he was about to take the next step, when the system prompt came.

"Ding, trigger the option event, please choose from the host:

Option 1: Give Gong Lianyi a medium-sized detoxification pill to heal her directly, reward her with justice value +200, Gonglianyi's favorability +70, experience value +100,000, and green gift bag*2.

Option 2: Use the method given by Concubine Wan Qing to slowly and personally heal Gonglianyi, reward Gonglianyi with favorability +89, evil +100, and free attribute points +300. There is a chance that the host will interact with each other during the treatment. Gong Lianyi happened some unspeakable intimacy.

Choice 3: Do nothing, reward evil value +1. "

Li Yun has a black line.

The system has yours, you know so much!

In the second option, the treatment method given by Qing concubine Wan is not evil, but if Li Yun treats himself personally, the two need to be frank and confront each other, and use the Qi of the Nine Suns, Heaven, Jing, and Yang in Li Yun's body to control the Gu in Gong Lianyi's body. The worm forced it out.

And it will take three days and three nights.

Let me ask, in the case of being frank, Li Yun still needs to use his true energy to force the Gu worm in Gong Lianyi's body. The fragrance in this is naturally 'unspeakable intimacy'!

"Ahem, we wouldn't be so evil, but Gong Lianyi's favorability..."

Li Yun glanced at Gong Lianyi. She was soaked with sweat on her clothes, and her dark blue silk was wet against her forehead, her brows frowning in pain, plus her fox and charming appearance. Therefore, Gong Lianyi is now The charm revealed at this moment is enough to make any man, even woman, be moved by it.

Yu Wensheng and Mo Liang were stunned, and Huang Lao was also a little lost. Even Gong Qingyu, as a woman, was shocked by the beauty and charm of her aunt Lian.

"Gong Lianyi's favorability is still to be brushed!"

Li Yun felt evil in his heart, and if Gong Lianyi had another encounter with him in the future, he would take advantage of her and accept her, if not... let's talk about it.

Chapter 396: Yin and yang

"Senior Gong, you are offended!"

Li Yun turned Gong Lianyi around, put his hands on her back, and circulated the masculine Nine Suns Tian Jing Zhen Qi, slowly infiltrating Gong Lianyi's body.

"Qingyu, come and help me hold Senior Gong!"

Gong Lianyi now has no strength to resist because of the pain, otherwise Li Yun's acquired true energy would never invade it, but even so, Gong Lianyi still struggled because of the pain.

Moreover, after feeling the heat of the Nine Suns, Gong Lianyi felt more painful and unbearable, and the sweat on her body was oozing out.

"what are you doing!"

Because of Li Yun's actions, Gong Lianyi's flattery was blocked by him, so Mo Liang exclaimed angrily: "Get out of the way, boy, it has delayed my treatment of Miss Gong, can you afford it?"

"Oh? What method are you going to use to treat the disease?" Li Yun frowned, Gong Lianyi's expression getting more and more painful.

"Why should I tell you? Hmph, I have my own method of treatment, you all go out and let me treat Miss Gong alone!"

Mo Liang's heart was itchy. He thought of Gong Lianyi's charming face just now, and he couldn't bear to want to 'cure' with her alone!

"Li, Li Yun?"

Gong Qingyu couldn't bear to see Aunt Fang in such pain, and looked at Li Yun as if asking for help.

"Senior Gong was infected with a kind of Gu poison called 'Yin and Yang Two Corpse Insects'."

Li Yun sighed, and took out a medium-sized detoxification pill from his pocket, and explained: "The principle of this kind of poison attack is actually caused by two insects, one is yin and the other is yang. The two go hand in hand. Being one with each other, and only when two Gu worms are active at the same time, the person who has been dropped will feel unbearable pain."

Everyone was shocked by Li Yun's words.

Are there really Gu worms? !

Old Huang opened his mouth, wanting to say that Gu worms are all deceptive, but Gong Lianyi's expression now destroys his previous ideas.

"The two corpses of yin and yang, happy yin, happy yang..."

Gong Qingyu murmured to himself, and a flash of lightning flashed across his mind: "I understand, it's no wonder that Aunt Lian's illness came on time at 7 o'clock in the evening, so it was!"

In the evening, in ancient legends, when the yin and yang meet between the heaven and the earth, demons will appear in the day and night. The Sakura Kingdom has another name for this: the time of magic.

The scientific explanation is that in the evening, the heat absorbed by the ground during the day will be emitted, and the fall of night will cause the temperature of the air to drop.

So 7 o'clock in the evening is a special period that is both hot and shady.

It just corresponds to what Li Yun called the "yin and yang two corpses"!

"Senior Gong, take this pill."

Li Yun fed the medium-sized detoxification pill to Gong Lianyi, but he still couldn't bear it, unable to watch a beautiful imperial sister with a painful and intolerable expression.

Even though Gong Lianyi suffered pain and treated her again, her favorability would be greatly improved.

However, Li Yun was soft-hearted, and finally gave up this method of gaining favorability.

"Well."

Gong Lian was unable to resist, and obediently opened her mouth to eat the pill that Li Yun had fed her. The soft flap touched Li Yun's finger, making his heart itchy.

Such a charming beauty, if she is willing to serve him tenderly and well, how wonderful it would be...cough cough, too evil. Evil, sin!

After taking the pill, Gong Lianyi's expression eased, Qingyu turned from sorrow to joy, and her beautiful big eyes looked at Li Yun shinningly.

Chapter 397: Gong Lianyi's Nostalgia

"It should be all right." Li Yun nodded.

Suddenly, Gong Qingyu's heart fell to the ground with a big rock, and her mood jumped for joy.

She believes in Li Yun, and believes that people she likes will not lie to her!

Everyone on the sidelines was stunned. Li Yun actually gave Gong Lianyi a pill to restore her health?

really? Maybe it's not good, it's just pain relief!

But Gong Lianyi lying in Li Yun's arms, her willow eyebrows are becoming more and more unfolded, and the catkins that she holds in Li Yun's hands are gradually loosening, turning into stroking Li Yun's chest, and the whole person collapses. In his arms, closed his eyes and sniffed Li Yun's breath.

After the severe pain, this kind of man's breath made Gong Lianyi feel particularly at ease, because it was Li Yun who cured her, and this charming and graceful Yujie couldn't help but develop a deep attachment to him.

"This kid!"

After recovering, Mo Liang gritted his teeth with hatred!

He followed the instructions of a big man to come here to see Gong Lianyi, but he didn't expect to be cut off halfway.

He couldn't complete the task, and he didn't know how to be scolded by that big man after he returned!

"Humph!"

Mo Liang said in a weird manner: "Boy, if you say it is cured, you will be cured? What if you don't cure it and you get sick again the next day? What if your condition worsens? If there is something wrong with Senior Gong, can you afford it?!"

With that said, he greedily glanced at Gong Lianyi again.

After sweating, Gong Lianyi's face was blushing, and her delicate and delicate posture, even though she couldn't see more spring sunshine in a thick dress, was very gentle to everyone present. Everyone has a strong attraction!

"Li Yun is much more reliable than someone of unknown origin like you!" Gong Qingyu glared at him, and ordered the maid to bring a towel and wipe the sweat from Aunt Lian's face.

During this process, Gong Lianyi kept closing her eyes and panting slightly, leaning softly in Li Yunqi to relieve the pain just now.

However, it is not clear whether Gonglian's greed for Li Yun's safe embrace caused her reluctance to get up.

Li Yun glanced at Mo Liang faintly, and said: "You said before that you can cure Senior Gong without touching Senior Gong's body and without taking any drugs, right?"

Mo Liang was taken aback, his expression unnatural and said, "Yes, that's it!"

According to the method given by the big man, there is indeed no need to touch Gong Lianyi's body. This should be the big man in order for him to gain the trust of the palace family.

The corner of Li Yun's mouth twitched, "Qingyu, I have already said the characteristics of the yin and yang two corpses, now you should know how to deal with this kind of poison, right?"

Hearing these words, Huang Lao immediately used his brain to think hard.

As a doctor, he didn't know and couldn't cure the patient's poison, which made him very ashamed!

"I understand!"

Elder Huang thought of it first, and he said excitedly: "Since this kind of gu poison must exist with one yin and one yang, then you only need to fight the poison with poison, put Miss Gong in a hot or cold environment, and kill one of the worms. One will inevitably die!"

Everyone thought about it carefully, and it was really the case.

"Yes, being in a hot or cold environment is an ordinary way to relieve the two corpses of yin and yang!" Li Yun smiled slightly.

"Then the pill you gave me...?"

Gong Lianyi in his arms opened a pair of beautiful eyes and looked up at Li Yun, with a complex look in her eyes.

Chapter 398: change

"This is a detoxification pill, which can cure you directly."

Li Yun was a little ashamed, "Sorry, Senior Gong, I should directly give you a detoxification pill..."

"Do not."

Gong Lianyi blocked Li Yun's mouth with her soft little hand, and said in a soft voice, "I know this kind of pill that can detoxify is very precious. It should be me who should say sorry, and I will endure it for a long time. Just one point!"

She was not unaware just now, she could clearly feel everything Li Yun did for her!

The faces of everyone were weird. At this moment, Gong Lian was leaning on Li Yun's arms and blocking Li Yun's mouth with one hand, the expressions and movements of the two were indescribable.

Gong Qingyu bit her lower lip. Aunt Lian hates men, but now...

Li Yun recovered, and quickly handed Gong Lianyi to Qingyu.

The moment Gong Lianyi left, his eyes flashed a pity, this mature Yu Jie had a very good figure and was very comfortable to hold.

By the way, why the system hasn't rewarded him yet? He also wants to see how much Gong Lianyi's favorability is now!

"This ***** is still hugging the left and the right!" Mo Liang's eyes were red. Just now, the kid Li Yun held the big beauty for so long, he must secretly start up and down, and give that beauty again, right? !

No, can't let this kid continue to be proud, otherwise he will not be able to complete the task, maybe he will see this kid flying with three beauties, big and small, tonight!

Mo Liang's eyes rolled, and he sneered: "Do you really believe it?"

Everyone looked at him in surprise, Mo Liang was proud of his heart, and sneered: "After all, what kind of yin and yang corpses are made up, Gu worms? Humph, well made, maybe you are for this one. The big beauty took the drunk medicine, so that she could not feel the pain!"

"Sorry, I'm indeed better now." Gong Lianyi slapped her face directly.

Mo Liang's expression froze, and then he said stiffly, "It's also possible that your illness has passed, and it just happens to be in line with this kid's bragging!"

"Anyway, if you can't see Gu worms, I have reason to suspect that your kid is making up!"

Many people agreed with Mo Liang's words. Yu Wensheng didn't want to see Li Yun but Gong Lianyi directly said, "Mo Liang, what you said makes sense, I think Mr. Huang, you still give it to Senior Palace..."

Before he finished speaking, Gong Lianyi's expression suddenly changed, and once again he tightly grasped Li Yun's wrist standing in front of her, "Li Yun, I...very uncomfortable!"

"what?!"

Everyone was shocked, could it be that they were ill again?

Mo Liang was overjoyed, and continued mockingly: "Did you see it? You still have to rely on me to get out of the way!"

Li Yun frowned, what's the situation? Is the medium detoxification pill not enough?

Gong Lianyi ignored him. Her current feeling was completely different from the previous situation where she had a splitting headache. She only felt that something was crawling in her scalp. The next moment, she couldn't help but open her mouth and let out a wow. A spit of black blood came out from the ground.

"Squeak!"

Accompanied by the scream of sharp insects, everyone was shocked to see that in the blood that Gong Lianyi vomited, there were two weird little insects the size of a grain of rice!

This little bug is black and white, and sings and sings together, like a cricket courting in the wild, but the sound is much more eerie and eerie!

"Yin and Yang two corpses!"

In an instant, such a thought struck through everyone's mind.

The matter is really as Li Yun said, Gong Lianyi had a headache because of the Gu worm. It turned out that these two worms got into the human body!

"Squeak!"

Chapter 399: Ding, Gong Lian adds 11 extra favorability points

The two yin and yang worms, one black and one white, screamed quickly again, seeming to call their master to take them back, but after no response, the two worms ran wildly towards the corner of the room.

"Qingyu, kill them!!!"

Li Yun screamed, Gong Qingyu recovered, and decisively stretched out his right hand, bringing the index finger and **** together, and poking fiercely in the direction of the insect.

With a sound of "chih!", a sharp and unmatched white sword qi shot out from Gong Qingyu's white and tender fingers, passing a distance of several meters in an instant, and accurately hit the two Gu worms.

They ran side by side and were killed by a sword aura at the same time.

It is worthy of being the yin and yang two corpse insects, living together, even death is dead together.

As for why Li Yun didn't consciously use his hands, firstly, the acquired true energy couldn't get too far away from the body, and secondly, because Gong Lianyi was holding her tightly now, and her body kept trembling.

"Li Yun!?" Gong Qingyu looked at Li Yun nervously, and Li Yun nodded, indicating that the bug was dead.

Because the rewards of the system are coming.

"Ding, the host makes a special choice, and the reward is changed: Justice value +100, Gonglianyi favorability +70, experience value +100,000, blue gift bag*2. Additional bonus Gonglianyi favorability +11."

The justice value of the reward decreased, but Gong Lianyi's favorability reached a subtle number. 81 points, just above a friend, can be used as the limit of a girlfriend.

Gong Lianyi has a good impression of him, but since Qingyu is already with Li Yun, she will definitely not express her inner feelings.

However, as long as Li Yun continues to improve his favorability, Gong Lianyi is likely to be desperate...

"This is the two corpses of Yin and Yang?"

Gong Lianyi was still leaning against Li Yun. After seeing the killed insects, Jiao's body couldn't help shaking, Hu Mei's face became pale, adding a bit of a sickly beauty to her.

Thinking that this worm once stayed in her brain, and might even burrow in the flesh, Gong Lianyi couldn't help retching.

She will probably be sick for a long time.

"never mind."

Li Yun gently patted her back, then took out a pill from the inventory and handed it to her, smiling: "Senior Gong, hold this pill, it will make you fully recover after eating it. , Remove all the debris from your body, and your body will look new, there is absolutely no trace of dirty place!"

Li Yun's words were very sweet, but Gong Lianyi was very moved in her heart.

He took out such a precious pill to regulate her body because she didn't have a psychological burden?

"Li Yun, is this too expensive?"

"No, you can rest assured to eat!"

In fact, this time Li Yun gave her a skin care and beauty pill. This pill can indeed remove toxins from the body and make the skin smooth and white, as tight and tender as a girl's skin.

"Yeah." Gong Lian agreed softly, with her palms closed, and tightly holding the pill in the palm of her hand.

"Li Yun, you..." Gong Lianyi lowered her head shyly, "You, call me Lianyi from now on... No, just call me Sister Lian."

Lian Yi is too close.

"Okay, Sister Lian!" Li Yun smiled slightly, naturally understanding Gong Lian's inner thoughts at the moment.

"Well, Li Yun."

Gong Lianyi was full of tenderness and honey in her heart, raised her head and took a deep look at Li Yun, but quickly bowed her head in loss.

She thought of an ancient poem she had read.

I am born before the king, the king is born and I am old, I hate not to be born at the same time, every day and the king.

At that time, when she read this ancient poem, she simply felt that the artistic conception was very beautiful, but now she read it, she has a depressing power.

Chapter 400: Ding, three medium-sized detoxification pills

Old Huang looked at the two corpses of Gu worms with fiery eyes, "Mr. Li, is the corpse of this Gu worm poisonous? If you don't want it, then I will take it and study it carefully!"

This is a genuine Gu worm corpse. It is impossible for Huang Lao not to be greedy. He feels that even this will be his biggest gain in the past ten years!

He can study the habits and coping methods of Gu worms. When that happens, he will write a "Gu Lun" to teach others how to deal with Gu worms. Maybe if this book is written, his name Huang Tianshi will be known forever!

Li Yun smiled slightly, "I just happened to know if this Gu worm is poisonous, so I have to ask another person!"

Huh, everyone looked at Mo Liang who had slipped to the door. The latter was startled and ran away.

"Where to escape!"

Yu Wensheng gave a stern cry, flashed over and easily captured Mo Liang, severely shaved his big ears, beat Mo Liang's nose and face swollen, he groaned and screamed, and he didn't dare to resist anymore.

"If your kid escapes again, I will break your hands and feet and see how you escape!"

Yu Wensheng threatened, turned his head with a smile on his face and wanted to invite Gong Qingyu, but was stunned to find that Gong Qingyu and the others were all around Li Yun and praised him.

"Li Yun, you are so amazing, I guessed it!"

"Qingyu, since Li Yun entered the door, he has already taken this matter to his heart, right?" Gong Lian smiled slightly, "Speaking of which, Qingyu, you haven't introduced Li Yun to me yet."

"Hehe, I was about to introduce him. He is my favorite...friend."

Gong Qingyu's face blushed. The two have a good relationship, fried chicken is good, and even eat the same buns, but they are really not boyfriend and girlfriend.

"Little Brother Li is very knowledgeable, and his understanding of Gu poison is unmatched in the entire arena, and he can be called a generation of masters!"

Huang Lao used a very respectful tone, vigorously slapped Li Yun's rainbow fart, fancy flattery, his attempt was self-evident, he wanted to know more information about Gu insects from Li Yun's mouth.

It's a pity that Li Yun obtained the information about the two corpses of Yin and Yang from Concubine Wan Qing. It is absolutely impossible for Li Yun to go to Qing Concubine Wan to inquire about more Gu worms for a small matter.

Seeing all this, Yu Wensheng's entire face was darkened, and his killing intent toward Li Yun became more intense.

Huang Lao used rigorous methods to put the Gu worm body into a glass bottle, and the maid cleaned the ground. Gong Lianyi also left temporarily and took a bath with the help of the maid.

She ate the skin care pill given by Li Yun and no longer felt nauseous in her body, but she still needs to clean her body carefully to clear the nausea.

Li Yun watched Yu Wensheng interrogate Mo Liang, the process needn't be elaborated, Yu Wensheng's methods were quite rude.

With Mo Liang's greedy and astringent character, all of them were recruited within a few strokes.

"Ding, the host makes a choice, exposes Mo Liang's conspiracy, investigates his origins, rewards experience value +500,000, all attributes +1000, medium detoxification pill*3."

Li Yun showed a satisfied smile. The Detoxification Pill is really useful. With it, those unpredictable, weird and insidious gu worms are just a little chicken in front of him, which is not worth mentioning.

After Mo Liang confessed, he was ordered by Gong Qingyu to be imprisoned in the basement of the mansion. The entrance was two big iron doors. Even if the innate realm master wanted to come out, it would take a lot of effort.

After Mo Liang was life or death, Li Yun was too lazy to pay attention. He was in the same slaughter with the poisonous person, which was tantamount to sentence of death to him.
