

## Godly Choice 3981

Chapter 3981: Talent is fundamental

Li Yun continued: "In addition to further proving the excellence of human beings, do you still find out?"

"Find what?" Sphinx asked almost subconsciously.

"Humans dominate the murals on the left and right!"

Li Yun pointed to the content on a mural and said: "Including wars between gods. For example, this mural, in addition to showing the power of the gods, it also emphasizes that human beings are the main body of the gods' war. The more gods supported by mankind, the larger the land he will gain, including the initiation of the battle of gods, which is also caused by the friction between mankind!"

The expression on Sphinx's face was beyond wonderful.

Li Yun continued: "After the gods fell asleep, humans were safe and sound. After many years, they are still alive and well, and they have grown to a number of billions. The technology created can even reach the use of the power of the gods. The result!"

"Arrogant!"

Sphinx finally found a reason to refute.

Li Yun smiled and said, "Perhaps, but I have every reason to believe that even if all the gods in ancient times are resurrected, it is still human beings who dominate the world. The reason is simple. We humans have enough, and we have enough. Creativity, there are too few gods, gods can only rely on human existence, unless...the gods want to exterminate humans!"

Everyone was shocked.

The Sphinx fell silent. It knew that the gods would not exterminate mankind. Many people have a good relationship with mankind and trust mankind, even if all kinds of things happen.

Li Yun opened his mouth, just about to say something, but Sphinx said: "Human, your answer convinced me, maybe in the future I will go to the outside world to take a look."

Li Yun raised his eyebrows, this monster...no, this sphinx is very simple and neat.

He was about to ask something, but the Sphinx dropped a sentence and disappeared again.

"There is a nasty person on it. You have to be careful of him. I'm leaving. I hope you can answer my question next time."

Everyone looked at the giant sphinx monster disappearing in front of them with dumbfounded faces.

"This guy... really just left?"

Alice was a little unbelievable, but after looking around, she really didn't find her figure. The exit and entrance also reappeared, and some light was restored in the hall.

"Magic."

Facing Alice's suspicious gaze, Li Yun could only shrug his shoulders, saying that he didn't know.

"As expected of Mr. Li!"

Wook flattered wildly, "If it weren't for Mr. Li, we must have answered wrongly, and now we have to face the monster of unknown strength. Mr. Li is really our savior!"

"Yeah, yeah, Mr. Li is too powerful, not only is his strength strong, but his wisdom is so outstanding, he directly conquered a mythical monster!"

"Too strong Mr. Li!"

"That's amazing, Mr. Li~~"

Alice said the last sentence, and she looked at Li Yun with a smile on her face.

"Stop it."

Li Yun gave her a helpless expression, "It's also great on the mouth... Oh, not only on the mouth, but also on other places."

"?"

Alice didn't know much, but she always felt that this guy was thinking about weird things again.

"Go ahead."

Li Yun walked towards the exit, and everyone quickly followed.

With this experience of a smooth solution, and the previous example of Li Yun leading them out of danger, in the journey afterwards, everyone was the leader of the horse, and there was no difference in executing the orders throughout the journey.

Chapter 3982: Find Qin Tianmeng

After several more incidents and crises, Li Yun finally came to a hall that was much smaller than the first floor hall before.

But there was a person in the hall, stopping everyone's steps, and looking at Li Yun again.

The person inside was Qin Tianmeng.

There was almost no change in her, and there were no scars on her body, but at the moment she was wearing a red dress, sitting in the hall with her hands on her knees, looking helpless and lonely, but with a little weirdness:

In the empty hall, a woman in red was sitting with her knees folded, saying that it was a little weird and not too much.

"Qin Tianmeng? Are you still awake?"

"Concubine Wan Qing?"

"I'll go over and take a look."

After confirming that the other party did not respond, Li Yun said to the people around him, stepped into the hall, and came to Concubine Wan Qing smoothly.

As a result, as soon as he arrived, he saw Qin Tianmeng raise his confused eyes and look at him.

"..."

"..."

The two looked at each other, and Li Yun was speechless. He reached out and knocked her head:  
"Concubine Wan Qing, so you are awake!"

".....Humph!"

Qin Tianmeng hit him with his head and said angrily: "You are ashamed to say that I have been waiting here for a long time before you arrive. It's really slow to die!"

Li Yun calmly asked, "What did you meet here? You are the only one?"

He doubted whether the Qin Tianmeng in front of him was her.

"Too lazy to explain to you, because your stupid head has a hard time understanding what smart people do."

Qin Tianmeng disdain to explain, stood up and stretched out. After taking a look at Alice and those people, he said, "Oh, there are many people. It seems that Li Yun, you are not too stupid. Many people come up!"

Li Yun twitched the corners of his mouth and made a forbidden gesture to Alice and the others,  
"Consort Wan Qing, answer my question, what have you encountered here?"

"Why are you so stupid!"

Qin Tianmeng gave him a roll of eyes, "I said, I'm waiting for you, in the realm of illusion... By the way, you should know? There is someone on the pyramid, that guy is making trouble! Damn \*\*\*\* , Let's see if I wait for him to cramp and peel his skin and thwart his bones!"

Li Yun believed that she was Concubine Wan Qing.

What she meant was that after she entered the pyramid from "half the mountainside", she encountered something, even the black robe corpse, so she chose to act, pretending to be fascinated, holding her knees motionless.

She didn't wake up until Li Yun came.

"Okay, I believe you. Alice, come in."

Li Yun greeted Alice to come in, Qin Tianmeng looked at Alice up and down, and was surprised.

"what?"

Alice felt baffled, "Why look at me like this?"

"Are you in danger?" Qin Tianmeng asked, pretending to be very familiar.

"certainly."

"Then you are unscathed, it seems that someone is desperately protecting you!"

"This... of course."

Alice stroked her golden hair and smiled at Qin Tianmeng: "Li Yun is my boyfriend. Isn't it natural that he protects me? If Miss Qin Tianmeng is jealous, you can be my boyfriend too. Girlfriend, so he can protect you too, provided that..."

"Shut up for me!" Qin Tianmeng became angry, "Who wants to be his girlfriend? You just treat him as a treasure!"

Alice covered her mouth and smiled: "More than that, there are many girls in Zhonghai City who treat my boyfriend as treasure."

Li Yun: "..."

Chapter 3983: Be my girlfriend

Qin Tianmeng squinted coldly and glanced at Li Yun: "This guy wants to be my boyfriend. It's still three hours away!"

"what?"

Li Yun and Alice both looked dumbfounded.

"Meaning, you are not strong enough! Come three hours early, maybe I will consider it."

Qin Tianmeng said proudly.

This \*\*\*\*\* kept her alone in this hall for so long, how could he easily forgive him?

Li Yun was speechless, "I have also encountered a lot of things below...Forget it, no excuses, my fault, okay?"

Alice glanced at him, her boyfriend's face was full of spoiled expressions, and Alice glanced at Qin Tianmeng again, her face full of triumph.

Li Yun's tone... is he just coaxing his girlfriend?

After all, is there any boy who is willing to apologize to a girl in such a lower tone?

"Forget you. I'll do it soon next time." Qin Tianmeng waved his hand, expressing that he had a big belly and forgive him.

Li Yun suddenly thought of something: "By the way, Miss Qin Tianmeng, didn't you say you want to be my boyfriend of this handsome boy?"

Everyone looked at Qin Tianmeng, and Alice burst out laughing.

Qin Tianmeng froze on the spot, raised his foot, and stepped on Li Yun's foot with a snap.

"hiss!"

"Hiss? Still gasping? Huh, come on! I can't step on the skin of a guy with such a thick cheek!"

Qin Tianmeng said in embarrassment.

"What is the relationship between the face and the feet?"

Li Yun approached her and became bold: "Miss Qin Tianmeng, now I have changed my mind, I want to be your boyfriend!"

Qin Tianmeng's heart trembled, and her eyes looked at his eyes subconsciously. From the pair of clear eyes, she could only see deep affection.

Qin Tianmeng's body softened.

He is affectionate, why is she not?

All the things that happened before have caused her and this man to have an extremely close relationship. Between the two, there is only a thin layer of paper, which breaks after a poke.

only.....

"Come less. It's out of date."

Qin Tianmeng was a little panicked. Alice, who was not knowing whether he was watching the show or being jealous, pulled it over, and stuffed it into Li Yun's mouth: "Your girlfriend is here, don't look for me... Besides, I used to be called Qin Tianmeng, now I have changed my name, it doesn't count!"

Li Yun first gave Alice an apologetic look, and then continued to ask Qin Tianmeng: "Then you are now called Concubine Wan Qing?"

"Huh, yes again, how?"

Qin Tianmeng finally admitted that he was Concubine Wan Qing!

Speaking of it, it was purely an accident that she came to this place in Pharaoh's country.

She was originally upset because of the New Year event, and there were reports that there were some abnormalities in the pyramids of the old country, so she came.

Who knows, I ran into Li Yun at the airport before leaving Zhonghai City...

"Qingfei, I..."

"Shut up!"

Concubine Wan Qing scolded, "I am too lazy to care about you now. If, if you can take the lead, kill me here, oh yes, kill me that monster on the pyramid, and calm me down, maybe I can think about you. proposal!"

Li Yun laughed dumbly.

Regarding Tsundere, it seems that no one can beat Concubine Wan Qing.

Especially the demon girl who is in a state of shame, is even more arrogant.

"it is good."

Li Yun held Alice's hand and smiled at her: "Alice and I will protect you out!"

Alice laughed chucklingly again, making Concubine Wan Qing's entire face black: "You... die for me!"

This guy will tease her!

And still use the girl around her to tease her!

Chapter 3984: Bullshit

The flirting between the three people made the group of people who followed looked dumbfounded. In the end, they could only pretend to be stupid, because this place was dangerous for them, but for Mr. Li... Come talk about love.

And talk about two at a time!

There is only one hero in the movie at a time, but in reality, it is too common for the strong to have multiple partners or people around them.

Not to mention a strong man like Mr. Li.

So even if they saw it, they were just stupid. After a while, Mr. Li was able to get a serious imperial princess in his bag.

"Since Concubine Wan Qing is okay, shall we continue to move forward?"

Li Yun looked at "Qin Tianmeng" and asked her for her opinion. From now on, she would call her Concubine Wan Qing. Anyway, she picked up the name Qin Tianmeng at will. Just throw it away.

"I just came out of the realm of illusion... well, well, you have also experienced the illusion, everyone is the same."

Concubine Wan Qing wanted to complain about Li Yun. The \*\*\*\* didn't know that she would be considerate of her, but after another thought, he and Alice must have gone through many battles and dangerous experiences before they walked up from the bottom of the pyramid.

Now that she is foolish and unreasonable, she will really become an annoying witch.

"fine."

Li Yun smiled, and Alice also said: "It's actually okay. Although it's dangerous, we have Li Yun here. We all turn the crisis into peace. It's Miss Wan, you haven't encountered anything, right?"

"Me? Of course I'm fine, all right, don't talk about it, go up!"

Concubine Wan Qing bitterly looked at the exit of the hall: "I saw that guy was upset, and I will definitely catch him later and get a bad meal!"

Li Yun thought of something and asked, "How did you know that person? Didn't you get pulled in halfway through the mountain?"

"Huh? Did you see it too?"

Concubine Wan Qing asked him back, and Li Yun could only tell Concubine Wan Qing about the black-robed corpse he saw at the top of the pyramid.

"impossible?"

Concubine Wan Qing looked up and down at Li Yun, her eyes full of surprise: "You guy, you have such a strong power? Why don't I know? You can actually go up to the spire of the pyramid? If you didn't see you, you were still like this. With nasty eyes, I suspect that you are disguised by that monster again! And I'm still in his fantasy territory."

This sentence has actually explained what Concubine Wan Qing encountered.

She met the black robe corpse monster in the realm of fantasy, and she approached Concubine Wan Qing disguised as Li Yun, but she must have seen it through, otherwise Concubine Wan Qing would not be so calm, let alone squat motionless. In the hall, Li Yun became sober as soon as she approached her. It was obvious that she had the ability to leave the illusion at any time, but she didn't come out immediately.

"Why can't I get to the apex of the pyramid?" Li Yun wronged, and Alice smiled at the side, she vaguely saw that Qin Tianmeng's origins are not simple, and his strength is very, very strong, otherwise he would not be alone. Can persist in the black pyramid for so long, and still looks unscathed.

"Humph." Concubine Wan Qing glanced at him, "I remember someone who was so scared by one of my hairpins when I first saw me. That person seems to have the surname Li Mingyun?"

Alice's eyes widened and interjected: "There is still such a thing?"

Chapter 3985: Do not give birth

"That's not it."

Concubine Wan Qing was triumphant and didn't mind her interrupting. She also replied: "I was a beautiful saint at the time, just breaking through the Void Return Realm. It was just when I wanted to show my skills, but this \*\*\*\* came. Touching my mold... Ah, now I want to come, if I gave you a hairpin at that time, everything would be solved!"

Li Yun said speechlessly on his face, "When will I be pissing... Forget it, it's up to you."

There was speechless on his face, and Concubine Wan Qing had threats on his face, and Li Yun could only change his words.

However, when he met with Concubine Wan Qing for the second or third time, he did not rush, because he didn't know the power of Return to Void Realm at that time. Even though Concubine Wan, who claimed to be a saint, was actually a demon, he used to fly. Zan pointed, but Li Yun must have been mighty and unyielding at the time, and the hero would not let the heroine be.

"It seems that a lot of interesting things have happened between you."

Alice was a little envious, "Then, after we go back, let's have a good chat, Miss Wan, what do you think? After we go back, aren't we in a hotel? Let's move in together."

"...I don't have that much time."

Consort Wan Qing was a little moved, but still refused. Alice saw her thoughts and smiled.

"Okay, okay, let's talk about it later!"

Concubine Wan Qing interrupted her quickly. This woman was too annoying, making it seem like she was her own sister, and she was innocent at all...

Li Yun nodded, "Okay, let's go up first and see what is on it!"

Everyone hurriedly agreed. They didn't seem to have stayed here for long, but no matter which illusion or test, they have passed at least a few hours, and they have been away in the dark world for at least how long.

If they weren't all supernatural beings, they would have been tired and paralyzed now.

The team is still the same. Li Yun takes the lead. There are two beauties beside him, the big blond beauty on the left hand, Alice, the enchanting figure on the right hand, the big beauty in a red dress, Qin Tianmeng, oh no, she has officially changed her name now. Called Concubine Wan Qing!

As for the people behind the palace, it is not very important, because the danger lies in the lead...

But what surprised everyone was that this time they were unimpeded, from the middle of the pyramid, all the way up, walked five halls, but did not encounter any danger!

The structure of the black pyramid is very simple, all of which are connected by stairs to the halls. In ancient times, I didn't know what the black pyramid was for, so many halls were built.

"Something is wrong."

Alice stopped and turned her head to look at Concubine Wan Qing: "Miss Wan, don't you think we are going well this time terribly?"

"What's so scary."

Concubine Wan Qing was playing with a long black needle in her hands and a beautiful ribbon was tied around her waist. It was obvious that she was ready to fight.

But his face still maintains an arrogant and undisciplined attitude: "We didn't meet the organs. There are nothing more than two reasons. Do you know the reasons?"

Alice shook her head directly, indicating that she didn't know.

"Humph."

Concubine Wan Qing, who knew that she was thinking carefully, snorted softly and said in a lazy tone: "The other party didn't harass us for two reasons. One is that he is poor."

"Qian donkey skill is poor?" Alice is very puzzled, she can't understand so many idioms of Huang Xuanguo.

Chapter 3986: Recycle feathers

"It's just that we can't help it. The methods that should be used have already been used, but we still can't trap us!"

Concubine Wan Qing said helplessly, Li Yun, this bastard, and foreign babes would not let it go, this appetite is really amazing!

"Really? What donkey, poor skills?"

The words of Concubine Wan Qing excited Wu Ke and the others who followed behind him. If it were so, it would be fine.

"idiot."

Swearing at those people, Concubine Wan Qing continued: "There is another possibility, that is, the other party has already prepared bigger traps and mechanisms, and is fully prepared, just waiting for us to jump into the pit!"

Everyone fell silent again, with an unknown premonition in their hearts.

Perhaps the black robe corpse that Mr. Li saw was really ready for traps waiting for them, so the road will be so peaceful.

"There is another possibility."

Li Yun said suddenly, and his eyes looked at a wall.

Everyone looked over, and Concubine Wan Qing followed, and asked curiously: "What did you find? Why didn't I see anything?" Isn't this guy lying to her?

"I found... my feathers."

Li Yun stretched out his hands and pressed them on the wall in front of him.

"feather?!"

Everyone was a little surprised, but afterwards, they saw Li Yun slowly pushing away the stone wall. The inside of the black pyramid was like being penetrated by the gate. Everyone looked inward and saw from the other end of the hole. A bright starry sky.

"Is it a secret path to the outside world?!"

Alice exclaimed, and Concubine Wan Qing also reacted quickly. This hole where you can see the dazzling starry sky leads to the outside, where they fell from the weightlessness before. It is not outside the real temple, but It's just outside the black pyramid.

"you....."

Concubine Wan Qing was about to ask Li Yun how he did it, and how did he know there was a wall here.

Then, Concubine Wan Qing saw Li Yun raising her hand and summoning...a feather from the entrance of the cave.

It really is a feather.

A very beautiful feather with a slight white glow fell into Li Yun's hand from the inside of the pyramid, and was held in his palm.

This is a baby, the feather of a holy angel!

The plug-in that Saint Son Xiaosu personally bestowed on him, Li Yun didn't think it was of much use before he came, but he didn't expect it to play an important role now!

He stopped and looked at the wall just now. It was because he sensed the faint fluctuations and matched the strength of the angel feathers in the wall that he opened the wall.

It can be seen that when Li Yun was about to approach the top of the mountain, that insidious black robe corpse opened the wall in this way, so it suddenly appeared in front of Li Yun who was lying on the pyramid wall at that time.

Almost had a close contact with the turtle son.

"That is to say~~" Alice's tone began to lighten up, "It was my husband that you smashed this magical feather over that mummy monster, so he didn't care about intercepting us?"

Everyone was overjoyed again. If it was true, they only needed to face a seriously injured monster, instead of going to a site where others had been operating for many years to fight against each other.

"maybe."

Li Yun walked forward again, "I don't care very much. Since we have come here, then, no matter who the enemy in front is, we must go in in one go!"

The exit of the last hall is right in front of you.

Chapter 3987: Final hall

When Li Yun led the team out of the last exit of the last hall, no accident happened. Even after they saw the magical scene at the top of the pyramid, there was no accident.

However, they did not immediately start an attack.

Because everyone, including Li Yun, was terrified by the scene in front of them!

At the top level of the black pyramid, there is a spacious space that is transparent and has no concealment.

The top of the black pyramid seen here is definitely bigger, and the top of everyone's head is the cosmic starry sky that they accelerated down before.

It means that they can see the beauty of the starry sky intuitively, just like they are in an observatory.

But no matter how beautiful the starry sky is, it can't compare to the nine gods suspended in the starry sky, like terrifying and majestic gods. The corpse that occupies most of the starry sky!

"God...?"

Alice raised her head, her heart shocked inexplicably.

The nine corpses were definitely bigger than ordinary people, four men and four women. One of them couldn't tell whether it was a man or a woman. His "corpse" was shrouded in the hot rays of the sun, with his eyes closed, and he kept lying down.

Nine corpses lay under the stars, majestic, powerful, mysterious, and unspeakable pessimism.

Under the starry sky, the gods fall, even the gods are not spared, let alone other people?

"Li Yun."

Concubine Wan Qing was also shocked by this scene, but after all she experienced too much, she quickly recovered and asked: "They are the gods of the ancient pharaoh kingdom you said before? What is the \*\*\*\* of nine pillars?"

"Nine Pillars God means the gods that support the heaven and the earth. They are the most important. The sphinx we met before is not important."

Li Yun thought for a while, then added, "Nine Pillars God, in fact, is just like us, Bu Zhoushan propped up the sky, it means almost the same."

"Bu Zhoushan?" Alice frowned and thought, but still couldn't think of any mythological knowledge that appeared in this word.

It seems that Alice is right. After I go back, I must have a good chat with Li Yun and question him about ancient myths!

"Where is that monster?"

West spoke loudly. He couldn't wait to defeat the last boss, so he left this ghost place early and won't come in again.

He has left a psychological shadow on the ancient ruins. This journey... is too difficult.

Li Yun did not pay attention to where the so-called black robe corpses were hiding. This large hall was filled with many messy things. There were at least twenty mummies and a large number of living human corpses, all of which were just killed. Placed on the table, it looks like a slaughterhouse here.

Or a place to do experiments.

Li Yun didn't look for the black-robed man. He raised his head and looked at the "corpses" of the nine gods carefully. There were too many thoughts and doubts in his mind, and all the questions could not be answered.

The black pyramid turned out to be the last place where these gods slept. No wonder it was so abnormal that even Li Yun's innate ability was almost suppressed like ordinary people.

However, Li Yun would like to know-Are these gods dead or not?

What kind of state are they now?

Is it about to wake up, or is it still asleep?

Since the gods of the ancient pharaoh kingdom are sleeping like this, what about their gods?

For example, the \*\*\*\* of Huang Xuan country.

A whole heaven, three hundred and sixty-five righteous gods, there are many six Ding Liujia, mountain gods, city gods, five emperors, scattered people and so on.

Chapter 3988: Remains of the gods

So many gods in Huang Xuanguo, as well as the ten temples of Yama in the underworld, are all sleeping in certain places?

For example, what Nie Xiaoqian met before, the one who hasn't ascertained the origin of his identity, his life and death record? !

The halls he saw just now were the corpses stored by the gods of the ancient Pharaoh kingdom, that is, the descendants or descendants of the gods?

The entire black pyramid may be a big tomb!

Or a huge sleeping place, only waiting for a suitable time, the gods will wake up one after another.

Otherwise, Li Yun did not believe that those gods would choose to fall asleep unanimously!

"Ah, it moved!"

Alice, who had also been observing the nine bodies floating in the starry sky, suddenly yelled.

Li Yun quickly turned his attention to the sky. Even if he didn't get any benefits this time, just seeing the corpses of the gods or the place where they were sleeping was enough to surprise Li Yun!

In addition, Alice was right. These nine gods, all of different sizes, but all of them in human form, were moving slowly.

The nine sleeping corpses were about to fall slowly, just like nine Taishan mountains, sliding down little by little, making everyone who saw them was terrified and afraid to say anything.

"Oh my god, is the \*\*\*\* about to wake up?" Alice was terrified, "Li Yun, we...can't resist so many gods, right?"

In her eyes, Li Yun and she are both outsiders. Once the gods fall, their feet will step on the ground again, and by then... everything will be too late.

"killed....."

Everyone clamored again, and they also knew that the scene before them was too weird, they could only cut the mess quickly, otherwise they would be too late to make any conspiracy and tricks.

"No! Calm me down."

Concubine Wan Qing scolded those people, disguised as denying Alice's statement: "It's not that they are moving, but that these corpses are dragged by someone and fall toward the ground together!"

"Hold it?"

Alice took a closer look and screamed again, making Concubine Wan Qing's forehead full of black lines.

But Alice really saw it. Below the nine corpses, a small rope was connected. The rope was tight, obviously dragging the corpses of the nine gods, trying to pull the corpses to the ground!

Everyone was so shocked that they couldn't speak.

Under the starry sky, some people want to occupy the important position of the mouth with the nine divine corpses occupying most of the space. No, maybe the reason why the corpses are so close is

because the silk threads have been pulled for a long time, causing the corpses to fall very close. The location on the ground.

"Can't let the corpse of the gods fall to the ground!!!"

Li Yun yelled, making everyone wake up immediately, and rushed towards the bottom of the silk thread in a swarm.

No, kill it!

Even if they were stupid, even if they didn't understand what was going on here, what was the difference between the corpse of the \*\*\*\*\* and the black-robed monster, but they should know that they must not let the enemy pass the ground too smoothly.

Simply put, if you make the other person upset, you will feel upset!

"Found him!"

Someone yelled, and everyone swarmed away. Then, they saw the so-called black-robed mummy monster!

The strange thing is that there are some silk threads in this guy's hands that seem to be controlling the fall of the corpse of the gods, and he is sitting on a pool of rich blood, as if bathing in terrifying blood, a murderous monster who chooses to eat. !

Chapter 3989: Fight

"Damn monster!!!"

With the guarantee of Li Yun's words before, Wu Ke made a very decisive move. When he raised his hand, several small metal \*\*\*\*\* passed by like a meteor under his control, sitting on top of the blood, manipulating it. The body of the corpse of the gods.

Crackling.

Under the gaze of everyone, the metal ball quickly hit the black-robed monster, hitting its shriveled body for a while, but there was no damage.

At least from the outside, no damage was seen.

The force to drag the corpses of the nine gods is getting stronger and faster.

"Stop him!!!"

Concubine Wan Qing finally spoke and gave a sharp shout.

She could also see that this black-robed monster with a lot of animal remains and human bones was piled up beside him. The purpose was to drag the corpse of the \*\*\*\*\* down so as to occupy the body of the god? !

To prevent the enemy from achieving his goal is to complete his task.

Concubine Wan Qing stretched out her hand, and the silk satin tied to the willow waist was lightly untied. Then, Concubine Wan Qing threw the silk satin vigorously.

The silk did not attack the black robe monster, but moved towards the almost invisible silk thread in his hand, gently rolled it, and wrapped the silk thread.

"Old monster, come here!"

Concubine Wan Qing used all her strength, but it was useless again.

Poor, this silk, which has been passed down from ancient times to the present, has not yet faced a normal enemy. It has to deal with some ridiculously strong existences. For them, the excitement of identity is only a short moment. What is really powerful is the chair that represents power. .

The others were not idle either, and the wave-like attack was directed at the monster squatting in the blood, but it was almost impossible to get rid of the old guy!

"Hehe, look at my weapon!"

Alice also didn't dare to show weakness, took a big step, and with a heroic and brave air, the spear in her hand stabs forward forcefully.

The golden light illuminates the small half of the space, and the tsunami-like power collides fiercely with the inherently hostile attributes.

"boom!"

The black-robed monster snorted, but he hadn't vomited blood yet, and he still refused to let go of the things in his mouth. His hands were almost crazy, pulling the slender thread in his hands hard, dragging the corpse of the \*\*\*\*\* closer together.

Little by little, irretrievable.

If the immortal is floating in the sky, it seems that the gods who have turned into constellations still have incredible power to support, I am afraid that these corpses have already been taken down.

"Why?"

Li Yun was the only one who hadn't taken a shot at the scene. It was obvious that he was the first to call out just now, but now he hasn't taken a shot.

Li Yun was actually not idle, but had been observing the blood-stained black-robed man. He really didn't understand what the black-robed man wanted to do. Who was he?

But in the end, Li Yun couldn't see any secret, so he could only raise his hand, and a faint blue flame appeared on his palm.

Afterwards, he slowly pressed his fingers towards the black robe monster.

The huge palm shadow spread out, covering a small part of the sky, but the nine corpses were not affected in any way. Li Yun's palm seemed to pass through these corpses, and there was no intersection with them at all.

It's as if the two are not in the same world!

"how is this possible....."

The corners of Li Yun's mouth twitched. No wonder the pharaohs of the ancient pharaoh country claimed to be gods, they turned out to be really amazing!

"I don't believe it!"

Li Yun took out a seal and pressed it cruelly.

Chapter 3990: Fan Tianyin

Fan Tianyin is a weapon obtained by Li Yunxin, and it is also the first time he has used it, which was rated as a peerless treasure by the system. In fact, it is in myths and legends, one of the three Qing Dynasty Yuanshi Tianzun took a small piece of ingenuity refined from Zhoushan. treasure.

He placed the Fantian Seal in his palm and began to inject mana. In an instant, an astonishing wave of suction came from the Fantian Seal, which absorbed the huge mana transformed from the True Essence in his body.

Li Yun's face changed, and he stretched out his other hand to take out a recovery pill, ate it, and continued to inject mana into Fantian Seal.

Driven by the huge mana, Fan Tianyin expanded rapidly and turned into a huge seal three feet long and wide. A terrifying sense of coercion was uploaded from Fan Tianyin, shocking the people underneath to shrink their heads and daring not to make any further changes. .

This kind of attack is beyond their imagination.

Even Concubine Wan Qing was discolored for it, and the black robe corpse monster also made a weird roar. It seemed that because he had lived for too long and too long, his throat had been dry and cracked, so he couldn't make a sound.

"Hmph, stop screaming, I don't believe you can hide this time!"

Li Yun was cruel, and threw Fan Tianyin on top of his head, between the black-robed mummy monster and the nine corpses of the gods, once again raised his hand and pressed it down!

Without any hesitation.

If this black-robed monster hadn't suddenly emerged from the walls of the pyramid to attack him before, when Li Yun came to the top of the pyramid and saw that he was actually pulling the corpses of nine gods and dragging the corpses to the ground. Hesitate for a moment, I don't know whether to help him or stand by and take a look.

After all, he doesn't know the cause and effect of this incident, and rash attacks are taboos.

But the black-robed monster took the initiative to attack him, and Li Yun didn't bother to care whether he was doing good or bad, so he interrupted and crushed him into sludge!

"Boom!"

Fan Tianyin slowly pressed down, like the world overturned, crushing onto the slender thread held by the black robe monster's hands.

The power of Fan Tianyin was extremely astonishing. The power that radiated from it alone shook the mummies, human remains, and various strange objects around him.

But the black-robed monster dared to drag the corpse of the \*\*\*\* with silk threads, so even if everything about him is unknown-the origin is unknown, the strength is unknown, the purpose is unknown, the survival time is unknown, but even so, the power of the black fear monster is still strong. It had to scare everyone present.

He actually relied on nine silk threads to abruptly blocked the whereabouts of Fan Tianyin. Fan Tianyin, who was supposed to be ruthless and smashed his forehead, was blocked by the silk thread...

Even Li Yun felt shocked and inexplicable.

He even felt that Fantian Seal was not the one in myths and legends, but was copied by later generations, otherwise, how could it be blocked so easily?

"Roar!!"

The black-robed monster let out a low and hoarse scream again, and his thin body trembled, as if it had reached its limit.

"Keep on attacking!"

Concubine Wan Qing was the first to react. Two fingers clamped the black needle-shaped magic weapon and shot it out like a sword finger.

The black needle-shaped device flew silently, and it was three meters away from the black robe monster as soon as it shot out.

But it was these three meters that became an insurmountable and powerful obstacle. A barrier forcibly blocked the black needle-shaped magic weapon that was supposed to break the defense, making it stay in the air, unable to move.

Concubine Wan Qing's face turned black, and she backhanded out a charm. After reading it, a stern ghost screamed. The charm was mixed with a group of ghosts, and it fiercely rushed to the black robe mummy monster.
