

## Godly Choice 3991

Chapter 3991: Creation Nine Pillars

"Enh!!!"

The black robe corpse monster was not completely immobile, at least his mouth was still there, facing the attack of Concubine Wan Qing, he chose to open his mouth and screamed a spell.

Li Yun actually understood the meaning of the spell, and immediately, he took Concubine Wan Qing to hide.

The needle-shaped magical instruments and spells flew back, brushing the ears of the two of them, and Concubine Wan Qing's body became stiff. If she had stood in place just now, she might have been bounced back by the attack she released.

Although he was not going to die, he was wounded by his own attack, and when he said it, he lost the face of the saint.

"Damn it!"

The six-door saint was furious, and the attacks and spells seemed to be smashed without money, and she cursed: "This saint doesn't believe you can rebound! Come on, continue to rebound! And you, what are you doing in a daze? Give it to me. Attack together!"

Everyone woke up like a dream, and quickly launched various attacks, smashing the black robe mummy monster together.

Li Yun took another recovery pill, and regardless of the mana turmoil in his body, he tried his best to press down Fan Tianyin.

The intensive attacks finally broke the defense of the black robe mummy monster again, and more and more attacks fell on his shriveled body, smashing his body trembling, but what shocked Li Yun and others was that this The black robe corpse monster actually didn't fall down. It abruptly resisted the Fantian seal on the top of its head, and increased its strength. The nine silk threads in his hand were madly forced, dragging the corpses of the nine gods to shake violently.

"Boom!"

With the shaking of the god's body, the entire black pyramid, together with the bright starry sky above his head, also shook together, making a violent noise. Everyone's feet were unstable, and people who were not paying attention almost fell to the ground.

"no!"

Li Yun said in a deep voice, "This black-robed monster is desperate to drag the body of the Creation Nine Pillars down. Our attack is still a bit worse. We must stop him immediately!"

In the sky, the corpses of the nine gods slowly fell, as if the sky and the earth also landed on the ground. The Pantian seal, more than ten meters wide, is compared with the nine corpses of the nine pillar gods known as the creation of the ancient pharaohs. It has become an inconspicuous little seal.

Everyone didn't dare to underestimate the power of Fan Tianyin, and because of this, the corpse's aura alone suppressed the corpses of the nine gods of Fan Tianyin, and the strength is simply beyond the reach of mortals!

Once the corpse of the gods fell to the ground, even if the gods did not recover, they could not bear any unknown consequences!

"Creation Nine Pillars God?"

Concubine Wan Qing chewed Li Yun's words, the creation god, isn't it equal to Huang Xuanguo's Sanqing Dao Zun, the Jade Emperor, the Queen Mother, the Nuwa Empress and other gods?

If the corpse of Sanqing Dao Zun is in the sky, Concubine Wan Qing would definitely not even dare to make a move, so she would hide in hiding, just check the situation carefully.

Facts have proved that the creation of the nine pillar gods, the gods of Ra and Osiris believed in the ancient pharaoh kingdoms, even after death, have unimaginable power.

"Listen to my orders!"

Without explaining too much to Concubine Wan Qing, Li Yun shouted: "Attack together, take out your strongest strength, don't keep your hands, otherwise, it will be too late when the corpse of the \*\*\*\* falls on the ground!"

Those who can follow Li Yun to the top of the Black Pyramid are all first-class powerhouses. Even if they are just superpowers, after taking the blood of monsters on Penglai Island, eating mutated plants, and obtaining various opportunities, The lowest strength is not lower than those who practice more practice!

"Fight!"

Chapter 3992: Sun shooting arrow

Everyone yelled and used their strongest attack, although they also knew that their attack might be like a tickling to the black robe corpse monster, but if there is a force, it will give a point, who I dare not keep my hands.

The nine corpses of the gods were still floating in the air, which brought them a strong psychological pressure. It is hard to imagine what will happen next after the corpses are dragged down by the black-robed mummy monster!

Li Yun took a deep breath and took out a weapon that he had never used after obtaining it from his inventory: the sun shooting arrow.

"Shooting the Sun God Arrow (Remnant), colorful.

Special effects: All invincible, the top of the poor blue and the bottom of the yellow spring, the arrow will not be emptied

Explanation: According to legend, in ancient times, the earth turned into a fierce prison in the sky on ten days. Yi Wu shot out in anger, standing on the earth, holding a bow and arrows, shooting for nine days.

Restriction: The arrow of the gods is alive, only willing to attack the evil ones, and can only be used once within three months. "

This divine arrow is said to have shot the Golden Crow. Li Yun has not used it since it was obtained. He only used it to threaten Venerable Da Sun. At that time, Li Yun had no ability to resist facing the Void Returning Realm, so he shot After the Sun God Arrow, the Venerable Da Ri retreated.

At that time, he could threaten a Void Returning Realm with this divine arrow, what about now?

"Roar!!"

As soon as Li Yun took out the arrow to shoot the sun, the black robe corpse monster sitting in the blood let out a stern cry, turned his face, and stared at Li Yun with his shriveled eye sockets.

"Finally scared?"

Li Yun didn't talk too much nonsense, and urged the shooting of the sun's magical arrow to cooperate with Fan Tianyin to smash towards the black robe monster.

"Auyu!!!"

The black-robed monster roared again, and Li Yun unexpectedly understood what he meant again. You \*\*\*\* it, you are all going to die, mean?

Li Yun rummaged through the skills he had obtained from the system, but he didn't see the ability to speak the language of the ancient pharaoh. Thinking about it this way, there is only one possibility:

It was the ability that Saint Son Xiaosu bestowed on him. Just when Li Yun was about to come out, she nodded his forehead, and at that time gained the ability to understand the language of the ancient Pharaoh.

No wonder.

After thinking about it, Li Yun flashed a touch of emotion. The little blonde loli of the son Xiaosu looked awkward and extremely arrogant, but he really didn't say anything to him. It was for ability and for Feathers are used as a life-saving thing at the bottom of the box. When you go back, buy some good gifts for her.

"Whoo!"

The sun-shooting divine arrow burst out with a bright white light, like a dazzling meteor, slowly shooting towards the black robe monster.

Everyone's eyes widened, looking at this divine arrow, their eyes were full of hope.

Mr. Li took out another powerful weapon that they couldn't match!

"hateful!"

Concubine Wan Qing gritted her teeth and cursed the monster, but in the end she didn't choose to cooperate with the attack. She wanted to see if this divine arrow could break through the monster's defense.

"You will die here!!"

The black robe corpse monster roared a sentence that only Li Yun understood, and finally loosened the eight silk threads, leaving only the corpse of a female \*\*\*\* wearing purple clothes still in his hands. The remaining eight corpses rose rapidly and rose again. Arriving in the sky where I don't know how high it is, the mysterious thing is that the height of the eight corpses floating above the height of the black pyramid has risen into the starry sky. Accompanied by the vast galaxy, the eight corpses float in the constellations.

It seems to represent a certain miraculous position, and the nine gods occupying the sky are complete.

Chapter 3993: Hard fight

Li Yun glanced at the starry sky, and when he saw that the corpses of the eight gods had become very small, he was even more surprised. How did this black-robed mummy monster drag the corpses of the gods down with silk threads?

The process must be full of unknown and powerful obstacles, and the dragging time does not know how many years have passed before it slowly descended to the height just now.

It's incredible!

"You all die!!"

After letting go of the remaining eight corpses of the gods, the black-robed mummy monster, whose pressure was suddenly reduced, finally freed up and waved a hand at the attack, and instantly shot countless attacks, fireballs, ice guns, and metal balls. The sniper rifle and bullets, etc., were all slapped flying!

Facing the dazzling sun-shooting arrow, the black robe mummy monster showed a sneer expression on its shriveled face. Instead of flying, it stretched out its thin black palm and grabbed the sun-shooting arrow that flew towards him.

"Zhengzheng!"

The radiant and amazingly powerful sun-shooting magical arrow collided violently with the thin black palm that had been dried for thousands of years, but the shriveled palm was extremely hard, and the sun-shooting magical arrow that could shoot golden crows. When they collided with each other, they actually blocked the offensive of the gods arrows. The arrows pierced the palms full of corpses and inserted them into the palms of the black robe mummy monsters, but that was all!

"This....."

Li Yun's eyelids jumped. The strength of this black-robed monster is probably the strongest he has ever encountered. Even the Holy Master of the Hidden Sacred Valley can't match him.

Even the young girl, or the son Xiaosu, or the Amaterasu goddess served by Ise Shenzak, are not as strong as this black-robed monster!

This is the situation after he was smashed by an angel feather by Li Yun once, and then pulled the bodies of nine gods to the ground. After his strength was damaged, it is hard to imagine how strong he is in his heyday!

How strong are you when you are alive?

Is it also a god? Otherwise, how dare to get involved with the corpse of the nine pillar gods of the ancient pharaoh country!

"Fan Tianyin, town!"

Shock flashed in his mind, but Li Yun didn't stop the movement of his hand, pressing down with his right hand, trying to use Fan Tianyin to overturn the black robe monster.

"Stupid posterity."

The black-robed monster said another sentence that only Li Yun could understand in the field. He placed the sun-shooting arrow in his arms, and the palm of his hand that was pierced through a hole was lifted up again, and patted the Fantian seal falling from the sky. .

Rumble!

An invisible palm supported the falling Fan Tianyin, Li Yun's face showed a hideous look, and his right hand pressed down with difficulty in an attempt to smash Fan Tianyin down.

The two competed in the air, but the black-robed monster was stronger, his palms slowly lifted up, lifted the fallen Fan Tianyin to the sky, his face turned to Li Yun's side, with a smug expression on his shriveled face.

"No, I can't let him take action anymore!"

Alice yelled: "All continue to attack, and we must drain his power to let Li Yun's attack fall, otherwise, we must all stay here!"

The crowd was awakened and hurriedly attacked again.

Alice shook her golden spear and stepped on the ground with one foot, and killed the black-robed monster as if she was dead. When she was about to reach the edge of a pool of blood, the tip of the spear released a large wave of soul fluctuations.

"Woman, your weapon!"

The black robe mummy screamed, and a powerful sound wave mixed with powerful force overturned Alice, making her almost unable to hold the weapon in her hand.

Everyone attacked and then attacked, but they were all easily blocked by the black robe monster.

The situation has become extremely unfavorable.

Chapter 3994: opportunity

Li Yun's face was ugly, and for the first time he wanted to escape with the help of Qinglian Immortal Mansion.

Even if this black-robed monster is not a god, it is almost the same, and its terrifying strength makes people uninterested in the idea of confrontation.

"US....."

Li Yun was about to whisper about preparing for a strategic retreat, but saw Concubine Wan Qing winking at him.

"Um?"

Li Yun couldn't figure out what she was going to do, but it didn't prevent him from knowing what Concubine Wan Qing was going to do. What was needed now was for him to continue to hold the black robe monster.

"Let's go together!" Li Yun was very decisive. Since Concubine Wan Qing wanted to try, he gave her a chance.

Strategic retreat is one thing, but you can't have the idea of retreating, just do nothing, just want to escape.

"superior?"

Everyone was stunned.

Fortunately, the black-robed monster on the opposite side seemed to have just awakened and was observing what modern humans have become. They didn't immediately attack them. Otherwise, at this time, the consequences would be disastrous if they were attacked.

"Stop talking nonsense, kill everyone who doesn't want to die!"

Li Yun quickly checked the items in his inventory, and finally gritted his teeth, and then took out a treasure at the bottom of the box: Vermillion Bird Talisman!

"Suzaku Summoning Charm (one-time item)

Special effects: None.

Skill: Summon Suzaku projection.

Description: Suzaku, according to legend, is one of the four spirits of the sky, the southern dingding fire, cut into liquid to become a dragon, and form a gas into a bird. Its aura becomes the sky, and its quality declines to the earth. "

After he obtained the spell for summoning Suzaku, he also never used it. Although the enemies he encountered before were also very powerful, there has never been a situation where Li Yun emptied all the treasures in his inventory like this.

"Suzaku, out!"

Maintaining the Fantian Seal with one hand, Li Yun ran the Vermillion Bird charm, which was ignited and turned into a crimson flame.

"hold head high!"

With a high-pitched and crisp cry, a phoenix-like divine bird appeared in the flames.

The blazing fire light illuminates the top hall of the black pyramid, causing the face of the black robe mummy monster sitting in a pool of blood to change slightly.

"Divine bird, Suzaku." The black robe monster spit out a few words in his shriveled mouth with a cold face.

Li Yun was surprised, this monster also knew Suzaku? It seems that he might really be a god.

The Suzaku and the Phoenix Phoenix are not the same. One is the four spirits of the sky and the other is the head of the birds, but perhaps the same, but in terms of status, the Suzaku is definitely higher than the phoenix and belongs to the ranks of gods and celestial phenomena. There is only one in the room, while the phoenix can have many.

The Suzaku master slaughtered. After its phantom appeared from the flames, the boundless killing intent enveloped everyone present. On the bird's head in the flames, the pressure from the sharp eyes exuded even more, except for Li Yun and Hei. Outside the robe monster, everyone was forced to take a step back.

After scanning the crowd, the Vermillion Bird phantom flapped its wings, and the flame suddenly rose, and the figure slammed into the black robe monster in the pool of blood.

Simple but effective.

Li Yun watched as the black-robed monster was forced to stretch out his hand to block the Suzaku. He took out the ten-fist sword he had previously obtained from the Sakura Kingdom and threw it at the black-robed monster at will.

Although this sword is much rotten than Tian Congyun, but because of this, Li Yun didn't bother to care about its existence, and smashed it directly!

On the other side, Alice once again held the golden spear and stabs the black-robed monster in the air.

All attacks are just to cover one person.

Concubine Wan Qing disappeared in place, and appeared next to a pool of blood in the next moment.

Chapter 3995: final hit

From Li Yun to the top of the pyramid, the black-robed mummy monster had been sitting in a pool of blood measuring five or six meters in diameter. There were mummies scattered around, and the blood-sucked corpses looked strange and bloody.

And the purpose of Concubine Wan Qing is this pool of blood at his feet.

"Damn a bitch!!"

After the black robe corpse monster smashed the phantom of the Vermillion Bird and blocked the next wave of attacks from Li Yun and others, Concubine Wan Qing, standing in a pool of blood, had already raised her feet high, her face was full of ruthlessness, facing the pool of blood. , Slammed it down.

The black-robed monster was furious, dragging the left hand of the last corpse of the god, and finally moved with his right hand, and patted Concubine Wan Qing forcefully.

The violent force swept across.

"carefully!"

Li Yun gave up maintaining Fan Tianyin and rushed up to stand by Concubine Wan Qing.

Almost at the same time, Concubine Wan Qing's feet stepped down fiercely.

"boom!!!"

In the pool of blood, tens of meters high of bright red blood was shaken, and the ground trembled, and the blood that was originally stored around the black-robed monster quickly flowed away.

"Do not!!!"

Accompanied by the sharp roar of the black robe corpse monster, he frantically collected and absorbed the blood that had flowed to an unknown place, while Li Yun was slapped with a palm and hit Concubine Wan Qing's body. The two flew out and jumped again. The rising Alice caught it, and the three of them flew out together.

The rest of the people scattered and fled, countless blood fell again, and the scene became extremely chaotic.

"you!"

Falling back to the ground, ignoring to write to Alice who was catching her, Concubine Wan Qing was annoyed and hugged Li Yun, looking like she was about to cry: "Why are you so stupid! Oh, you \*\*\*\*\*, Now, now..."

Li Yun's current misery is hard to describe. He was slapped in the face by the black-robed monster, and his body was almost slapped into meatloaf. Let alone talk, even maintaining consciousness depends on a strong innate body physique. Sustain.

Otherwise, he would have been slapped into meatloaf long ago, and he couldn't even hold his head.

"Hurry up!"

Alice hurriedly took out a recovery pill, crushed it with her hand and sprinkled it on Li Yun's wound, allowing the flattened body to quickly recover.

Concubine Wan Qing forced herself to calm down. She knew that Li Yun was magical, there was that kind of super abnormal pill, and she also had the recovery pill that Li Yun presented to her.

Without hesitation, she also took out a few recovery pills, pinched one first, and then stuffed one for Li Yun to eat. The last two are going to...

"All right."

The system product must be a fine product. Li Yun's body recovered more than half, and he reached out and grabbed Concubine Wan Qing's wrist to save her a bit of recovery pills.

"..."

Concubine Wan Qing did not speak, and after taking a deep look at him, she immediately went to hand over the still weak Li Yun to Alice, while she was cold, holding a weapon in front of him.

"Did you die?"

I don't know if this sentence is asking the black robe monster over there or Li Yun.

"Not dead yet."

Li Yun gave a wry smile and stood still, making Alice and Joanna who rushed to protect the princess to look dumbfounded.

Li Yun just now looked like a meatloaf, and now he has recovered in less than half a minute?

"What kind of magic pill is this?"

Wu Ke and others also gathered together, with wonderful expressions on their faces.

It's just that now is not the time to talk about this.

On the other side, the black-robed mummy monster who had lost the blood pool changed drastically.

He was originally a shriveled appearance, but at least he still maintained the appearance of a corpse, as if a person had been air-dried for ten days after death.

And now after losing the blood pool, the black-robed monster has become a pile of walking skeletons, and the skin full of corpses has become close to the bones, completely losing its vitality!

Chapter 3996: Goddess sit up

The surroundings fell into inexplicable silence.

It seems that Concubine Wan Qing desperately slapped the blood around the black robe corpse monster, which played an unimaginable effect.

The power of this black-robed monster was declining sharply. Li Yun even had reason to guess that he should have recovered soon and needed the fresh blood to maintain his actions. Therefore, after the blood was gone, his power quickly faded.

Of course, this is just a guess, and you will know the details after trying!

"Old stuff, die!"

Li Yun summoned all the fierce flames in his body, gathered into a huge dark blue flame like a basketball, and slammed it at the black-robed monster.

With a bang, the black robe corpse was hit frontally, and his body flew more than ten meters away. The slender thread that he had been pulling in his hand was also forced to loosen, and his mouth made a stern cry, like a devil.

"it is good!"

Everyone applauded, the old things finally exhausted their power, and even the corpses of the gods that had been dragging were released. Doesn't this mean they can...

At the next moment, everyone's expressions changed.

"not good!!!"

The body of the last goddess that had been dragged by the black-robed monster, after being released, did not fly into the sky like the other eight, but landed slowly, almost in the blink of an

eye, this one was thought to be dead by everyone. The female deity of, has already landed on the ground.

Everyone was quiet again, looking at the body of the goddess in disbelief, the black-robed monster was taken aback for a moment, and then there was an expression of ecstasy on the shriveled and ugly face.

"what happened?"

Li Yun frowned deeply, staring at the corpse of the goddess.

She is dressed in a typical ancient Pharaoh style, wearing a long sheath, wearing a crown of throne, holding a lotus staff in her hand, folded her hands on her lower abdomen, and her expression is calm and peaceful, without a trace of hideousness and horror. place.

But her body exudes a certain special temperament all the time, and she does not know whether it is a psychological effect, or is she even...after death? !

Just when everyone thought she was dead and the other eight gods were in a similar state, the goddess lying on the ground slowly sat up.

"!!!"

The crowd took three steps back in horror, their shoulders shrunk, their heads lowered, and they looked like they were in awe.

Li Yun looked at her tightly.

The goddess of the corpse was slowly opening her eyes, revealing those godless, muddy eyes.

The surroundings are very quiet, nothing happened, it is terrible, and everyone imagines that the gods awakening will inevitably shake the world, or the aura will be overwhelming, and the horror of mortals can be wiped out with a single click of the finger, and these fantasy Things are completely different!

The goddess opened her godless eyes, but nothing happened.

It's not right to talk about recovery.

She was just opening her eyes, as if she was looking at the world millions of years later, and she hadn't recovered yet.

"Are you going to kill her?!"

Concubine Wan Qing gritted her teeth and said with a trembling tone.

She is a six-door saint, but the saint is also a human. For those ancient monster-level characters, she certainly does not have much fear and awe, but she has to be frightened.

Li Yun frowned and couldn't help but notice.

There are too many unknowns!

He did not know the state of this goddess, nor her name, nor did he know her life story and good and evil, nor did he know her relationship with the black-robed monster!

It is too risky to act rashly.

Chapter 3997: God blood

If this goddess is a kind god, then Li Yun and the others will offend her, and the gods with good temper will be irritated.

But if it is an evil god, hesitating now will give her a chance to wake up again.

So Li Yun couldn't make up his mind either.

At this moment, the angel feather he put in his pocket before trembled.

In an instant, the goddess sitting on the ground turned his head and looked at the angel feathers in Li Yun's pocket with godless eyes, and the expression on the stiff face moved.

Sudden.

"I finally made it!"

The black robe mummy screamed and rushed towards the goddess sitting on the ground.

Everyone was shocked, and there was no time to stop, the black robe corpse had already rushed to the goddess, the shriveled ugly body like a mummy, and the goddess's well-preserved body formed a very sharp contrast.

Then, the black robe corpse that fell on the body of the goddess actually opened his mouth directly and bit her neck!

Pouch!

The body of the goddess failed to block the monster's attack, she was directly bitten into a blood hole, splashed with golden liquid, and was madly swallowed by the black robe corpse monster.

The terrifying hands and feet are cold!

The scene before him was truly astonishing: a shriveled black robe corpse monster, gnawing the corpse of a \*\*\*\* madly, like a mad demon reincarnating, his mouth full of golden blood.

"Stop it!!"

Li Yun gave a stern shout, which made everyone recover from the shock. He was the first to rush forward. He stabbed the black robe corpse with a merciless sword in his hand, from one of his ears to the sword. Drill in sharply.

"Zheng!"

The Leap Fire God Sword made a clattering sound, and the black robe corpse monster's forehead was unusually strong. Li Yun used a sudden force, but still could not penetrate his forehead, but the black robe corpse had already screamed, waving his hand and patted it back.

Li Yun was anxious, so he could only kick out a fierce kick, and with the power of the sword tip, he kicked the black robe corpse monster far away.

"Ahs!!!"

After the black robe corpse monster with a mouth full of golden blood fell on the ground, it made a sharp weird cry, as if cursing, and wanted to rush over to \*\*\*\* the body of the goddess.

But everyone's attack had already arrived, and he abruptly stopped him for a few seconds.

In these few seconds, Li Yun's mind turned wildly, thinking of ways to break the game.

There is no doubt that the black-robed monster will become stronger after receiving the golden blood of the goddess!

Because the black-robed monster had been eager for blood before, and even sent mummies to collect human blood in the valley outside, so he could drag the bodies of nine gods with nine slender threads.

Now the black-robed monster has acquired the blood of the goddess. Although it is the blood of the goddess millions and tens of millions of years ago, the \*\*\*\* is a \*\*\*\* after all, and her blood will inevitably bring unimaginable power to the black-robed mummy monster.

really.

"You guys, die!"

The black robe mummy monster made a strange cry that only Li Yun could understand, and his body suddenly swelled. The golden blood near his mouth and lowered on his shriveled chest all poured into his body.

His body is recovering quickly.

The black and yellow skin with corpse spots swelled and became smooth and delicate, full of flesh and blood, and the body grew tall, and the shriveled body almost turned into a normal human shape in the blink of an eye.

He is a big bald man with shaved hair, eyebrows and beard, sturdy muscles, and a strong build.

Chapter 3998: Ancient pharaoh

Li Yun suddenly said in the language of the ancient pharaoh country: "Are you a pharaoh?"

Everyone looked at him in unison.

The bald pharaoh wearing a black robe was stunned for a moment, his body recovered, and his voice recovered: "I don't know how many years later, there are people who know the language of this land, hehe, humble mortal, I give you a chance. Be loyal to me and help me regain the land!"

It seems that he knows a lot about the outside world from the people who enter the valley.

Li Yun smiled and said: "Are you really a pharaoh? However, as a pharaoh, you, who is known as the son of Ra, did such a thing to Ra, Osiris, which is a treason!"

Pharaoh is known as the son of Ra, so calling others mortals is actually the same as the title of the ancient emperor.

"Ignorant mortal."

The black-robed pharaoh sneered, "Ra God has passed away. As the son of Ra God, what's wrong with getting the power of my father?"

"You really regard yourself as the son of God?" Li Yun's gaze narrowed. Could it be that this guy was really the son of Rashens tens of millions of years ago, instead of what he called it?

Rashens, that is, the sun god.

According to myths and legends, God Ra created (gave birth to) two gods, the gods of air and the earth, but there was no record after that.

Basically the myths of the world are like this.

But Li Yun has come into contact with a lot of gods now, knowing that myths and legends will definitely be different from the real ancient times. Don't say anything else. For example, in the myths and legends of the ancient pharaohs, several of the nine pillars of creation are all They look weird, either with a dog head or an eagle head, and so on.

But what Li Yun sees at present, the gods floating and in the sky are all human appearances, at least the appearance is the same.

It can be seen that myths and legends cannot be completely believed.

Perhaps Rashens really gave birth to the first pharaoh!

"Hmph, go to the underworld and ask Death God Anubis again!"

The black-robed Pharaoh rushed over, Li Yun dodged, reached out and took out the things he had prepared, and slammed it on...the goddess!

good.

Li Yun smashed the angel feathers in his pockets on the goddess, not the black robe pharaoh!

The reason is simple. Judging from the previous attack when he was outside, Angel Feather's attack on the black-robed Pharaoh was limited, and it was basically impossible to stop him.

Now the only function of angel feathers is probably...

"what are you doing?!"

The black-robed Pharaoh screamed angrily, turned and pounced, grabbing the glowing feather with both hands, and threw it far away.

With another strange cry, he threw on the body of the goddess.

Everyone's eyes widened.

Not because of his obscene behavior, but because... the goddess lowered his head, and everyone clearly saw that the goddess's cloudy eyes had slowly restored light and glamour. He lowered his head and looked at the eyes of the black robe pharaoh. Together.

There was still golden blood on her white neck, and some of it splashed on the ground.

The goddess is still sitting on the ground, as if as low as dust, but the inexplicable vast power is already awakening.

"Give it to me, get out of here!"

At this time, the man who lit the cigarette, that is, the man from the ancient pharaoh country, Brian, finally broke out.

He rushed over, his body turned bright silver, and he suddenly hugged the black-robed pharaoh who was throwing on the body of the goddess, exhausted his entire body, and slammed hard.

Boom!

The bald pharaoh in a black robe fell heavily to the ground by a back smash, with his head still on the ground.

Chapter 3999: The goddess wakes up

Everyone was shocked.

Brian had always been mediocre before, except for the "stunt" of spitting smoke in the dark world, he had always been a very silent person.

But I didn't expect that after seeing the gods believed in the ancient Pharaohs, he suddenly showed a brave attitude and burst out.

This makes people wonder if he is an aboriginal of the ancient pharaoh country, who still believes in the nine pillar gods of the ancient pharaoh country, and belongs to the most orthodox heirs and believers?

"Damn damn!"

The black-robed pharaoh screamed, his head on the ground was not affected at all, his eyes were fixed on him: "You are my subject!! I can feel the blood from you, why stop me?! "

It's a pity that his words sounded like a weird scream to Brian, and he didn't understand it at all.

"Hurry up and get away!"

Before the black-robed Pharaoh rushed over again, Li Yun gave Brian a push. Otherwise, his small body would be slapped to death by the black-robed Pharaoh. Recovery Dan might not be able to save him.

"Humph!"

The black-robed pharaoh did not choose to chase, but threw on the body of the goddess again, and opened his mouth again.

Only this time...

"what!"

The black-robed Pharaoh flew out, like a piece of rag, flew fifty or sixty meters away. When he stood up abruptly, he found that the goddess had turned his head to face him, and slowly raised his fingers.

The face of the goddess was still expressionless, and only wisps of expression in her eyes were restored.

But on her fingers, there was a dazzling light.

"No...how could it...how could it be possible to wake up... so fast." The black-robed Pharaoh screamed.

A ray of light emanated from the goddess' fingers, penetrated his body, and ignited like a flame, causing his will and soul to slowly dissipate.

If it hadn't been for him to absorb a small part of the power of the gods, I am afraid that the moment he was hit by the light, it would have been wiped out.

But even if he draws a small part of the goddess blood, he...can't resist!

"Do not!!!"

The black-robed Pharaoh let out his last unwilling roar, which turned into a pool of black ashes, which remained on the ground.

In the top hall of the black pyramid, under the bright starry sky, it was so quiet that there was no gasping.

The black-robed pharaoh who could not be seriously injured by their best efforts, was wiped out by the unawakened goddess with a single finger!

The power gap can no longer be expressed in words.

No one in the court had the idea of resisting anymore, even Li Yun just wanted to find a chance to leave.

The Nine Pillars God of the ancient pharaoh kingdom is really too strong.

But no one dared to turn around and leave, the goddess sitting on the ground slowly turned his head and looked over.

She looked at Li Yun.

Lips opened slightly: "You, why are you holding the goddess of evil?"

"..."

Li Yun opened his mouth and couldn't answer.

The people present still did not understand the words of the goddess, but Li Yun did, and it should have come from the power of the "Goddess of Evil".

Well, the so-called goddess of evil is the deity of the saint son Xiaosu-saint son Xiaosu is the reincarnation of the goddess, which is equivalent to the goddess daughter and the goddess, the so-called trinity.

Obviously, the goddess of evil has a great relationship with the goddess sitting on the ground in front of me... No, no, just say that the goddess of the ancient pharaohs sitting on the ground is a hostile relationship with the goddess of evil in her mouth. !!

Chapter 4000: The goddess of evil descends

Unfortunately.

Li Yun is the son of the reincarnated "Goddess of Evil"...close to people.

It can only be said to be close to people, not a divine emissary, nor a believer. Of course, it is okay to insist on divine emissaries, but Li Yun has never taught the "goddess of evil", and does not even know what her specific \*\*\*\* is, I can only guess that it is related to God.

God is the Church of Christ, the largest church on earth.

"this....."

When Li Yun was hesitant to lie, the angel feather in his hand broke free and floated in the air. After a burst of light, a phantom of a big blonde loli appeared.

Loli is very cute, and Loli is also very proud.

As soon as she appeared, she smiled triumphantly at Li Yun, then glanced at the goddess who was sitting on the ground, and burst into laughter.

"It's you!"

The goddess sitting on the ground said word by word.

Her eyes were full of complex and awe-inspiring fighting spirit, but it was a pity that her strength was so weak that she couldn't even stand up, she could only sit on the ground all the time, watching the blonde Lolita laugh.

"Isis, it's so funny to see how you are now!"

Xiao Su laughed loudly, and grabbed Li Yun's arm and wiped the tears and nose that didn't exist on his face with his sleeves, to represent that she really wanted to laugh too much now.

"Isis?"

After Saint Son Xiaosu appeared, Li Yun's heart became calmer, even though he knew that this blonde loli didn't have much strength, and the help he could give him was limited.

"Who is Isis? She?"

Concubine Wan Qing glanced at the goddess sitting on the ground, and then at the little phantom Lolita next to Li Yun. Well, she had seen this little Lolita. Not long ago, on New Year's Eve, she was in Li Yun's villa. Seen in.

In front of the goddess sitting on the ground, Li Yun explained to Princess Wan Qing and Alice: "Isis, the goddess of life, magic, marriage, and fertility worshipped by the ancient pharaohs."

Everyone looked at him.

Including the son Xiaosu, and Isis sitting on the ground.

"What did you... just say?" The son of Lori opened her eyes wide and looked at Li Yun in disbelief, "Goddess of fertility?"

"Right... wrong? Am I wrong?"

"The goddess of fertility...hahahaha!"

After repeating it again, the son Xiaosu laughed again: "Have you heard a little bit, you have become the goddess of fertility, just like a sow, with dozens of sows in a litter, hahaha!" "

Li Yun's eyebrows are beating, sow?

The sow of the goddess?

In other words, in any civilization, sow is not a good vocabulary...

"Humph!"

Isis, who was sitting on the ground, lowered his face, but in the end he didn't get angry. Instead, he calmed down and asked: "Did you notice something when you walk on the world with reincarnation?"

"Tsk tusk, why should I tell you?"

Saint son Xiaosu stepped on small steps, walked up to Isis without fear, leaned down, and leaned in front of her face-the height of Little Lori was just the same as the goddess sitting on the ground.

"Look at how miserable you are, Isis, you still want to fight me now? Humph."

Pointing to her neck that opened a mouth, the son Xiaosu smiled triumphantly: "I think you should surrender to me. I will give you a goddess, um, the goddess of fertility, how about it?"

The crowd did not dare to breathe.

They couldn't get in the conversation of the gods, let alone disturb them.
