

Godly Choice 4021

Chapter 4021: Thirty

"For example?"

Alice asked.

Perhaps it was because of the bizarreness of Western mythology, she also wanted to hear about Eastern mythology.

"For example, Nuwa Empress and... ahem, change one."

Li Yun originally wanted to talk about the Nuwa Empress, but he was inexplicably throbbing in his heart and quickly closed his mouth.

I don't know if it was the reason why Empress Nuwa was photographed with a huge snake tail during the time of life and death. Li Yun always has a special respect for Empress Nuwa now.

"for example?"

"The place where the gods of the East live is called Heavenly Court. In the heavenly rule set by the Jade Emperor, our fairies and fairies cannot go down to the earth in private, let alone fall in love with mortals.

However, the seven daughters of the Jade Emperor, the Seven Fairies, still went down privately and took a bath in a lake in the world. After being seen by a passing cowherd boy, he admired the beauty of the Seven Fairies, so he secretly took a fairy Stolen Yuyi. "

"puff!"

"This is fine too?"

The two women were shocked, and Concubine Wan Qing even said: "Which girl would bathe in the lake... And even if I take a bath in the lake, if I see a man peeping, I still steal my clothes, I have to snap my fingers. Don't die! Not even you, a handsome guy!"

Li Yun lay innocently, "I haven't finished talking yet."

"I don't know what you want to say before I finish talking. It's nothing more than the fact that the cow baby married a fairy, right?"

"...That's right. The clothes he stole is the youngest daughter of the Jade Emperor..."

Li Yun told them the complete story of the Cowherd and the Weaver Girl, and the result was the unanimous contempt of the two women: peeping at the fairy taking a bath, and stealing the clothes, putting the cow baby is completely broken!

Li Yun looked embarrassed and felt that he shouldn't fight with these two girls. Instead, he said, "Many myths are so bizarre, like what I said before, Zeus."

"Hmm, let's talk back to the goddess."

Alice urged: "The goddess is the daughter of Zeus, right?"

"Correct."

Li Yun continued: "After Zeus swallowed his wife Metis-well, by the way, Zeus's wife is not Metis."

"what!!"

Alice was very surprised. After all, the goddess she believed in was not born of the king's wife, and it was still somewhat...unacceptable.

However, if it is true, then it can only be accepted.

Li Yun said: "Zeus' true wife is his sister Hera, one of the five children who were swallowed by their father. Hera married Zeus, and Zeus vowed to give her half of the power, so Hera Also known as Hera the Queen of Heaven."

"However, Hera's character is very jealous. She can't tolerate the children born to Zeus and other wives. She often sends gods to punish them, or she personally persecutes Zeus's other wives and illegitimate children!"

"Bah." Concubine Wan Qing took a sip and glanced at Li Yun, "Zeus, an old gangster who is exactly like someone, also wives, how many wives does he have? Twenty? Or thirty?"

Cheeky like Li Yun, all blushed.

Twenty are not him, thirty or so, it is him!

In addition to the authentic wives such as Fang Xue and Li Feng, Li Yun also has Jin Liuli's mother, and Gong Qingyu's four maids, as well as the inexplicable Wan Qing concubine's cousin Wan Qingya and so on.

Li Yun was embarrassed to count. It was not that he had forgotten too much, but every girl was weighed heavily on his heart.

Chapter 4022: The birth of the goddess

"Ahem, let's go back to Zeus!"

While shuffling the cards, Li Yun said: "Zeus has many lovers, from the goddess of Olympus, to the mortals on the ground, queens, noble ladies, even mares, female elephants and so on."

".....abnormal!"

"Scum, no, **** scum!"

The two women spit out together again, and Li Yun laughed. What he didn't say was that it is said that Zeus regardless of whether it is male or female, men... are fine.

"What about?" Alice asked again.

She has guessed something. The goddess Athena is the daughter of Zeus, and the goddess is not born of Zeus's wife. Hera is very jealous. It can be seen that the goddess is very embarrassed in the family and belongs to the father." "Mother" does not love the type.

"After that—that is, after Zeus swallowed Metis, the goddess of wisdom, there was a sudden headache, and Zeus was so painful that he couldn't stand it, so he went to Hephaestus, the **** of fire, and split him with an axe. Head."

Alice's eyes widened. This is how the goddess was born?

"After that." Li Yun smiled slightly: "What surprised the gods is that a beautiful goddess with a graceful posture, armor and a mighty spear jumped out of Zeus's split head. The goddess was radiant. There are many manners, even the sun stays for her, she is the goddess of wisdom, war, and art, Athena!"

Alice opened her mouth wide and didn't close it for a long time.

"Have you seen her?" Consort Wan Qing glanced at Li Yun sideways.

"no!"

"Then how do you know that Athena is so beautiful?"

"...Guess it."

"Humph."

Because Alice, the goddess Athena, believed in the gods, Consort Wan Qing couldn't say anything. After a grunt, she continued to play cards, and urged Alice to play cards quickly.

"Oh, right three... By the way, Li Yun, what will happen next? After the goddess was born, did the goddess' mother come out? Didn't you say that there is still a son?"

"I don't know that."

Li Yun shook his head, "After the mythology, it is the story of Athena assisting Zeus to defeat various enemies, including the previous twelve Titans, and a monster born by the Mother Earth God, etc., without mentioning being eaten by Zeus. Metis did not mention the overthrow of Zeus.

Oh, by the way, in view of the chaotic relationship between men and women on the Mount Olympus, the goddess Athena made an oath to her father that she would never marry in her life, so she is also one of the three goddesses.

After that... there was really nothing left. "

"Ah, what a pity..."

Alice has some regrets, but she is also very grateful that the goddess is already her belief. Of course, she hopes that the goddess is also a perfect existence in the fairy tale.

"Isn't it easy?"

Concubine Wan Qing said: "The previous prophecies to overthrow the rule were related to the son, and Athena was the goddess, so she was born. Her brother or younger brother is probably still in the belly of his mother Metis, and Metis was also imprisoned. Come up, if it is really in the belly of Zeus, then Athena will need to defeat Zeus to save her mother!"

Alice was silent for a long time, and Li Yun could only meet the words of Concubine Wan Qing, and said: "Probably, the specifics will definitely not be the same as the myths and legends, only for reference."

Alice bit her lip, and quickly became convinced: "No matter what, I will find the sleeping place of the goddess. If the goddess needs it, I will stand with the goddess and fight against the goddess!"

This is a very solemn decision.

Chapter 4023: Dumbfounded

Li Yun smiled and said: "I don't know what the situation is... the gods of the Pharaoh Kingdom have all fallen asleep. It is estimated that the gods of Olympus, from Athena to Zeus, and twelve main gods. Wait, they are all sleeping peacefully in a certain temple.

By the way, the goddess Isis gave you the location of the sleeping place of the goddess Athena? "

"Um."

"Do you need my help?"

"No, I can handle this~!"

Alice is full of self-confidence, "I am now a believer of the goddess, and have obtained her weapon of victory spear, the goddess will recognize me, I believe it!"

Li Yun felt that it was weird that the sleeping ***** could recognize people, but Alice was holding the spear of victory that was "consecrated" by the goddess Isis. She must have the ability to protect herself. If she can't figure it out, call him again. Same thing too.

The three chatted for a while, and Li Yun told Zeus, the twelve gods, and some famous gods of Olympus in the way of storytelling, and the two women listened with gusto.

"correct."

Looking at Li Yun, Concubine Wan Qing had a smirk on her lips, "Since Alice is a believer and envoy of Athena, and Athena is also known as Mount Olympus along with Hestia and Artemis. The three goddesses of purity, doesn't that mean that Alice can't be with you either...huh~?"

The voice raised, and Li Yun and Alice immediately understood what Concubine Wan Qing was going to say.

"this....."

Li Yun looked embarrassed. So, isn't it his first time with Alice tonight, gone?

He couldn't find a reason to refute!

"Nor, right?" Alice blushed and whispered: "I believe in the goddess Virgo, but I don't have to be a virgin... girl."

"Why not? Must!"

Concubine Wan Qing made a serious analysis: "The ***** Athena you believe in is a pure goddess. Of course, her believers also require purity. Even if they get married later, they must ensure that

they believe in purity... or ah, even if not. You know, Alice, you at least keep yourself pure until you meet your goddess, right?"

Alice... dumbfounded.

Li Yun... also dumbfounded.

"Hahahahaha."

Concubine Wan Qing burst into laughter, she just likes to watch Li Yun deflate, huh! So many girlfriends around this luscious embryo.

"fine."

Li Yun looked at her and suddenly found a solution: "Since Alice can't do it, then Qing Concubine, you will be on top tonight."

"...What?" Concubine Wan Qing was shocked on the spot.

"Well, you are the one who will attend the bed tonight!!"

"Go die! Die ten thousand times!"

...

At ten o'clock in the evening, the three went back to their rooms.

To be precise, it was Concubine Wan Qing who went to Li Yun's room and slammed the door, leaving only a meaningful look in Li Yun and Alice.

This suite has only two rooms.

Alice and Li Yun, are they going to sleep together tonight, or are they going to sleep together, or are they going to sleep together?

"Li Yun..."

Alice's face was flushed, because she was too nervous, she stretched out her hand to close the hair around her ears, and her ears seemed to be blushing.

"Okay, come here." Li Yun opened his hands towards her.

"what?"

"I want my husband to come and hug you in person?"

Li Yun smiled and walked over, and hugged Her Royal Highness Princess Alice in a princess hug.

Alice let out an exclamation, and was afraid that Concubine Wan Qing would be noisy, so she quickly covered her mouth.

Li Yun led her back to the room step by step.

Chapter 4024: Nothing happened

certainly.

Nothing happened.

The night did not pass, Li Yun took Alice back to the bed in the hotel room, took off her shoes, and put her on the soft bed.

Then he lay down too and hugged her from behind.

"Tonight, that's it?"

".....what?"

Alice, she still hadn't recovered from the shock and shyness, after a few times, she still didn't know what to say.

"Relax!"

Li Yun gathered her hair, squeezed her hot cheeks, and saw that the princess looked more shy, couldn't help but smile: "Our princess looks like this, trying to lure me to eat you. ?"

Alice opened her eyes, gave him a shy look, then turned her head quickly, and said like a mosquito: "...if you want to."

Li Yun took a deep breath.

Suppressed the inner restlessness.

Wenxiang Nephrite is in her arms. To tell the truth, if a man can still remain unmoved at this time, then he is definitely not a man.

"All right."

Li Yun whispered: "Tonight, and afterwards, we won't do anything!"

"Um?"

"Concubine Qing is right. The goddess you believe in is after all a goddess. Even if you want to give yourself to me, you have to get the goddess' consent, right?"

Li Yun's gentleness made Alice particularly moved. She hesitated and said in a low voice: "Actually, I don't care very much... The goddess is a good faith, but Li Yun, you are my other half..."

Li Yun was stunned, the other half? This argument.....

"Alice!"

Li Yun was moved, hugged her, and caught her lips. For a long time, he did not separate.

"Li Yun..."

After the separation, Alice murmured, looking at him with passion and obsessive eyes.

Such a look is self-evident.

Li Yun hugged her in her arms, held her tightly for a while, then let go, and whispered in her ear: "I really want to find your goddess Athena right away, and ask her to agree with us! "

"...Poof."

Alice comfortably found a place in his arms, and groaned: "Fang Xue and the others are right, you are full of these things, it's really bad!"

"Huh? Have you talked with them?"

"Yeah, when we played cards, I talked a lot with them... it was all about your unruly things!"

Alice stretched out her finger and pointed out the ridiculous things that Li Yun had done, what Taihuang Mountain was playing, and the ramblings in a luxury hotel with hundreds of thousands in one night, swimming with Fang Xue and Li Feng in the open-air swimming pool, and what ocean The seven-day tour of the Princess, and the child with Hu Xiaomeng...

Even Caiwei and Caixia were included. Alice didn't know where to learn about it, so she touched Li Yun's head to speak out.

"It's all... my fault! Okay?"

"Puffy~~~Alright."

Alice said tiredly: "I am not the jealous person like Hera, besides, I am a later one... Well, of course you can be jealous, but you can't complain to them, and they didn't complain to me. Li Yun, I really don't know where you found so many and so good girls, I envy them."

In the fairies group, the more Alice talked with them, the more she felt that every girl in the group was a Crouching Tiger, Hidden Dragon.

——Crouching Tiger, Hidden Dragon, she has seen this movie and knows what it means.

The most inconspicuous, sleeping all day, is also the little princess Zhu Shue that Alice knows best, she will not say, the little princess 400 years ago.

Chapter 4025: sweet

In addition to the little princess of Yongning, there is also Gong Qingyu, who is extremely clever and powerful, but she is too lazy to move. It seems that she is too clever, so she is not interested in many things. Of course, when Li Yun is out, almost Gong Qing is in the group. Yu asked Li Yun the most, and kept turning around and asking when Li Yun would be back, which made Alice ashamed.

However, she still got the right to play with Li Yun for three or four days, and even Gong Qingyu suggested to her to do so. Later...you can invite them to play in Pharaoh's country.

Gong Qingyu was very good. Hu Xiaomeng, who was still a little young, had an even more unbelievable thinking. He was not bad compared to Gong Qingyu and had a super high IQ.

Of course, in terms of IQ, there is actually a person who is comparable to the two women, called Shan Xiaoxiao, but he is not in the group, he is only nine years old...

There is also the Lord Saint, the alchemist Shangguan Lingxian, the daughter of the chairman of Nantian Technology Group, and Xiao Mingzhu, who has superb social skills-she has met Xiao Mingzhu.

In addition, the maiden Ise Jinzakura of Sakura Kuni Shrine, who caused a sensation just a while ago, was also in the group.

Alice was shocked when she saw Ise God Sakura, but after another thought, Li Yun, the villain, went to the Sakura Country. If she didn't accept the beautiful witch, she wouldn't even believe her.

Therefore, the fairies are really Crouching Tiger, Hidden Dragon, and even the four maids make Alice feel uncomfortable. Ask Joanna to ask them for advice.

"Alice, what are you talking about in the group? Let me see."

Li Yun remained silent, and was about to grab Alice's phone.

"Nor talk...no!"

Her Royal Highness responded in time and quickly protected her mobile phone and said vigilantly: "The sisters in the group told me that we must prevent you from taking our mobile phone, especially the chat history in our group!"

Li Yun looked embarrassed.

"Hee hee, okay." Alice turned her head, kissed his lips, and said with a smile: "In fact, it's nothing, it's all our sisters' secret words, you want to read it too? Don't be too shy~ "

"Hey, if you show me, of course I'm not shy."

"Impossible, die this heart."

The two chatted for a while. Li Yun kissed her several times before finally stopping for a while. Alice yawned, turned off the phone, put it on again, and said vaguely: "At night, you are not allowed to watch. My phone."

"Don't worry, I'm not that kind of person."

"Well, Fang Xue did say that. I'm not afraid you will watch it at night..."

Her voice became confused again, and it was obvious that she wanted to sleep.

"Okay, go to sleep, sleep till tomorrow."

Li Yun hugged her, covered Alice with a blanket, and the two hugged each other.

"...I don't want to sleep yet."

Alice said again, holding on to her spirit.

"what happened?"

"Because once I fall asleep, I feel the next day."

"Will it be okay for the next day?"

The two lovers who liked each other hugged each other and whispered in the middle of the night. Li Yun probably understood why Alice was a little reluctant to go to the next day.

"The next day is as good as the next day, and today is as good as today."

Alice turned around and turned into a pose facing Li Yun, with a long leg up, her eyes were tired and smiling, and she said, "Li Yun, do you remember us in the temple?"

"Can not remember."

"what!?"

"I just remember the feeling of being with you, I don't remember anything."

"Just your sweet mouth, don't believe it~"

Chapter 4026: wake up

The next day, Li Yun woke up at seven o'clock in the morning, with Wenxiang Nephrite in his arms as no surprise.

And this time, it was a princess with blond hair, blue eyes, deep eyes, and the beauty of a foreign girl, accompanying him.

After emptying his head for a while, Li Yun felt that Alice was actually right. The night after the adventure came back, and the next day were two unimportant experiences.

Last night, Alice held on and chatted with him for half an hour. The two recalled what happened after entering the valley. Under the dark night, on the soft big bed of a five-star hotel, outside was quiet night and bustling. City night view.

The couple lay down in bed and whispered, recalling the dangers they encountered in the past two days, and reminiscing about the current ease and happiness, which can make the happiness felt in the heart sweeter.

Li Yun did not have any bad thoughts last night, so he chatted and kissed her Royal Highness Princess Alice a few times, or was kissed by her Royal Highness.

At 7:30, Li Yun got up and wanted to chat with the girls, but it was not in the morning. They had to give up.

"Well."

Alice groaned and opened her eyes to see Li Yun about to get up.

"Is it annoying you?"

"Well, nothing."

Alice hugged the quilt, her sleepy eyes were open, and she looked at him with a full smile: "I am about to wake up too, after all, I was not caught by you last night...that~"

Li Yun raised his eyebrows and looked at her aggressively: "Which one?"

"Hmm, who knows~ The pervert must have understood it immediately!"

"Where did you learn the vocabulary, you will be a pervert! Okay, let me show it to you!"

"Wow, don't mess around... well."

After half an hour, Li Yun left contentedly.

As for the remaining Royal Highness Princess Alice, she could only tearfully clean up the follow-up, these messy things.

However, she also experienced in advance what it was like between men and women, better than... than she thought.

"I have to find the goddess soon. I believe that the enlightenment of the goddess will definitely not prevent her followers from marrying... right?"

Alice has a little confidence. After all, according to the mythology Li Yun told her, the goddess Athena appeared as a positive god, not only beautiful and noble, powerful, but also loving peace. It is said that the olive branch symbolizes peace because of the goddess Athena. , She even knew about it..

"By the way, there is one more thing I didn't ask Li Yun."

Alice suddenly thought of something. She got up and got up and destroyed the napkins in the room. She went to wash it up and ran outside wearing slippers.

When I came to the living room, I saw Li Yun sitting on the sofa with a piece of letter paper in his hand.

"What's the matter? Who left... Ah? Concubine Qing is gone?"

Alice was surprised because she saw a few words written on the paper, "I'm leaving, don't disturb you, see you next time."

Obviously it was left by Concubine Wan Qing!

I can't tell what Concubine Wan Qing means between the lines. Do I not want to stay here, or do I think I am an electric light bulb, or I feel that my relationship with Li Yun and her is not as good as the three of them?

I always feel... Consort Wan Qing, she is a bit headstrong.

"fine."

Li Yun took the paper into the Qinglian Immortal Mansion, and smiled at Alice faintly, "When I see you next time, I will teach her a lesson, and I will leave without saying goodbye!"

The Qinglian Immortal Mansion is large enough, and he decided to store all the important things in it, so as not to be detected by powerful people.

Chapter 4027: Alice's Ambition (Part 1)

"Ok."

Alice thought for a while and found it understandable. She sat next to Li Yun and held his hand and said, "She should like you, otherwise she won't show that she cares about you so much. It's just that...she might be... Yes, I can't accept it yet, so I hesitate."

Li Yun shook his head, "I'm fine, but I feel sorry for you and her."

"Hehe." Alice hugged him, raised her head and said, "Then you have to be nice to us in the future."

"Isn't it good enough now?"

"Almost enough, but I think it could be better!"

"for example?"

"For example~~ accompany me to go shopping!"

"it is good!"

"Yeah."

When the maid Joanna came in with the breakfast car, she saw two couples hugging and kissing each other. It was a warm one, and she didn't even know she came in.

Joanna waited for a full five minutes before being kissed by the blushing princess, she pushed Li Yun away, and saw her maid, as if she was going to be petrified.

"Eat breakfast, go shopping after eating."

Li Yun was very calm. After all, he greeted Joanna and said, "Maid, come and eat together. We will go shopping when we finish eating. I want to buy anything, I will pay!"

Alice wanted to say that of course her maid would go shopping with her, but she had other ideas inexplicably, Joanna...maybe like it?

Joanna glanced at Li Yun, her rosy lips spit out a few words: "Suez Canal Leasehold."

"Huh? The Suez Canal..." Li Yun repeated, only to understand, and suddenly looked at the two masters and servants with amusement: "You don't want to set the empire, or do you refuse to abandon the Suez Canal?"

"Kidding."

The maid said solemnly again, pushing the dining trolley to the side of the table and carefully bringing up the dishes on it.

She was afraid of disturbing the kiss between Her Royal Highness and her boyfriend just now, so she didn't move, just closed the door carefully, and silently appreciated the kiss scene between the two.

Very exciting kiss scene.

The affectionate appearance of the princess is very cute.

"Whee."

Alice hid her mouth and snickered, and said teasingly at Li Yun: "Although it is a joke, after all, there is no reason why it is impossible to occupy other people's country, unless you are the number one in the world."

The number one in the world is of course a beautiful country.

The beautiful country hits anyone who wants to fight, and people all over the world have to cooperate with him-referring to those shameless people, including the sunless empire where Alice is located, and they are also the followers of the beautiful country.

"But what?" Li Yun asked her. To be honest, he didn't pay much attention to the world pattern, unless it was related to the gods, such as the impact of the previous Sakura Kingdom, Ise Jingu, and Amaterasu.

However, who said that my girlfriend is an imperial princess, ambitious at any time want to do a big vote.

Li Yun can only sacrifice his life to accompany her and try to help her without revealing her identity and abilities.

Now Li Chaoren and Chairman Li Yun are quite sensitive. He certainly has the strength to help Alice's power to grow rapidly, but it will also cause her to attract a lot of criticism.

Li Yun himself is powerful and Baiyun Technology is strong enough, but the problems in the world cannot be solved by being strong, unless he is as shameless as a beautiful country.

"But~"

Alice raised her lips proudly, and said, "The current world situation is no less than the industrial revolution. The fate of the world is changing rapidly."

Chapter 4028: Alice's Ambition (Part 2)

"No one can tell about the future!"

Alice analyzed and said: "For example, the Pharaoh country cannot withstand the riots caused by more and more powerful monsters and supernatural beings, and can only exchange the jurisdiction of the Suez Canal in exchange for my country to come and help station. This is not impossible, but very possible!"

The corner of Li Yun's mouth twitched, "It's not the country where I look down on you, Alice, do you think the country that does not set sun still has room to station in other countries?"

In the current country that does not set sun, even the fighter planes on the aircraft carrier are almost incompletely equipped, let alone have world influence.

In Li Yun's view, the only influence of Alice's country is to follow the beautiful country, who is also a son and a father, and enjoy the autumn breeze everywhere.

Especially before.

"Let's talk about it." Li Yun teased with a smile: "Didn't you and the Lanxi country compete for the jurisdiction of the Suez Canal? The Pharaoh country really wants to give up, and the Lanxi country will definitely come to fight, I don't see you can **** them. "

Joanna on the side looked sad, and after the Second World War, the sun was overwhelmingly decayed.

"We are still there, don't underestimate us!"

As a princess, Alice is not so easily persuaded. After an analysis, Li Yun barely believes that her country still has a certain strength. If the war starts, it may be a battle.

"Moreover."

Alice kissed Li Yun's face hard and said with a smile: "Won't you help me?"

"No help!" Li Yun cut the nails.

"what?"

Her Royal Highness Princess Alice was directly dumbfounded.

The maid Qiao An'an glanced at Li Yun, is he the kind of...

"Don't you have little fairies to help?" Li Yun laughed.

"Little fairy? Oh, fairies will be"

Alice suddenly realized, and then punched Li Yun with a small pink fist, utterly annoying.

Then, he thought about it: "Will the fairies help? Will it bother them too much?"

Li Yun smiled and said: "Theoretically, they would like you to rebel tomorrow to seize the ruling power of the country without setting sun, and by the way ascend to the throne as Her Majesty Queen, and also take back the power from the House of Commons. Happy to die."

Alice chuckles out loud. If she messes up like this, she feels that Hu Xiaomeng, Su Muxin, Gong Qingyu and others will definitely join in the fun, and Jin Liuli and others will also help.

If she is willing to come forward to invite, maybe she will invite Master Saint? Concubine Wan Qing can also be invited.

With so many powerhouses, and Li Yun's prestige, maybe it really works.

"Okay, tomorrow I'll... forget it, just kidding~"

Alice shook her head and didn't intend to go into this topic: "Now that the weather is going well, is this an idiom? Anyway, it is impossible now. The situation is not turbulent, and the people will not support me to be a queen. I don't have to be supreme in power. The queen, I only need to lead my country to a strong one."

She doesn't care about the queen's name. As long as she has actual control rights, her grandmother would be fine to be a queen. Now it's the Aura era. It's no problem for her grandmother to live for two to three hundred years. Her grandmother's health is very good. I am healthier than I was at the age of fifty, and my wrinkles are much less.

The grandmother is the queen, she is the female prime minister, and there is Li Yun and the sisters of the Fairy Society outside to help. This situation is almost the best situation Alice can imagine.

Chapter 4029: respectively

Of course, there is another very important key:

Gods.

Just look at the cherry blossom country. There are two levels of countries where there is protection from gods, and countries where there is no protection from gods.

If she finds the goddess Athena, and the goddess is like the goddess of Amaterasu, she is willing to shelter the empire from setting sun, then her country will really be at the forefront of the world!

The future development is definitely a good one.

"It's up to you." Li Yun squeezed the princess's face that was worrying about the country and the people, and smiled slightly: "I hope you don't have too much pressure. A country can develop without relying on one person. , It takes a lot of people, and sometimes it depends on luck and destiny... it means destiny."

"Ok, I know."

Alice nodded, expressing that she understood what Li Yun wanted to say.

"If you fail and are forced into exile, I will pick you up personally!"

Li Yun said confidently and proudly. Alice thought for a moment. "Li Chaoren" went to her country in person. I believe that even if the whole people oppose her, they dare not take her anyway, right?

"Hmph, I can't be so miserable." Alice wrinkled her nose.

"Who knows."

"Hate, don't have enough confidence in me! I want your encouragement~"

"Okay, okay, my Alice is the best, okay?"

"Perfunctory."

A breakfast ended like this when the two were flirting. Alice temporarily put aside the affairs of the goddess and dragged Li Yun around in the city of Pharaoh. After playing for two full days, the two of them were in each other. Huddled together to sleep, and Alice did not know how many cleanups, this time the date finally came to an end.

"Well, I'm leaving now?"

At the airport, Alice held Li Yun's hand reluctantly, her face full of reluctance.

However, if she doesn't let Li Yun go back, the girls from Gong Qingyu and Fangxue will come to Pharaoh's country. She doesn't want the sisters in the group to run around, so let Li Yun go back.

After all, it takes more than ten hours to fly back home.

"Well, a good journey."

"Doesn't it mean something?"

"so?"

Li Yun hugged the princess and gave a deep kiss goodbye, which attracted the attention of many people in the airport. When he saw the heroine who kissed goodbye, he actually passed through the exclusive security check channel and boarded a private jet. The crowd was amazed.

Those who can have private jets are all top rich.

And those who can arrange the takeoff time of the plane at will, it is the powerful class who can influence the airport of the Pharaoh country and get the right to pass through at will!

Suddenly, Li Yun became a little white face in the eyes of many people-the reason is also very simple, his girlfriend has a private jet, he does not have a private jet, isn't it just a little white face?

Li Yun saw these people's gazes and shrugged, too lazy to explain.

Originally, Alice or Su Muxin Gong Qingyu wanted to arrange private jets for him, but Li Yun didn't bother to do these special ones. It was not bad to take a business jet, as long as the time was right.

Take this plane, for example. His boarding time was at 7 pm. After twelve hours of flying, he arrived in Zhonghai City at about 7 am, and he just slept on the plane.

The first-class cabin of the aircraft, especially the multinational long-distance aircraft, the first-class service is still in place. The seat is comfortable enough to lie down, which is much more comfortable than taking a long-distance bus.

Chapter 4030: arrival

"Dear passengers, the terminal of this journey: Zhonghai International Airport, arriving soon, please take your belongings with you..."

Shortly after Li Yun woke up in the morning, he just heard the sound of the broadcast. There was a commotion in the plane, and everyone looked tired. After all, only those who had taken more than ten hours of transportation understood.

After the plane landed smoothly, Li Yun got off the plane empty-handed and walked towards the airport lobby, preparing to take a taxi back.

Suddenly, he heard a crisp girl voice.

"Uncle! Here!"

Li Yun turned his head and saw that there was a slender beauty standing in the distance, wearing a very decent little suit and stepping on a pair of high heels, waving at him happily.

Uncle?

Everyone is inexplicable, and now this word is rarely used, unless it is a big family...

Then, the people around saw Li Yun walking over, and the beauty in the little suit said happily:

"Uncle, you have finally arrived, the lady has been waiting for you for a long time."

"Talking..." In a red BMW car beside it, there was a grunt, and it was obvious that a girl was sitting in it.

Everyone was dumbfounded.

What can be called a young lady is enough to prove how big the background of the girl sitting in the car is!

In modern society, it is not just for a babysitter to be qualified to be called a lady.

That must be worth hundreds of millions, billions, and there is a large villa in the family that hires maids for a long time, and these maids watch the boss's daughter grow up before they can call a lady.

And this young lady, but so young, has subverted their imagination.

Li Yun knew that he was very eye-catching, so he hurriedly got into the back seat. The beautiful lady in a small suit-Gong Xiaochun, one of Gong Qingyu's four maids, took charge of the driving task, and the three of them slipped out of the car. Airport.

Not running fast, after all, Gong Xiaochun still wants to give the uncle and the young lady some time to get along.

"Qingyu."

"Qingyu?"

Li Yun called the beautiful lady in ancient costume sitting next to him several times, but this well-dressed lady in ancient costume just ignored him, turned his head and looked out the window, with a...I don't want to pay attention to your expression.

"What's wrong~!"

Li Yun stretched out his hand to stop the slender waist of the ancient-style beauty Gong Qingyu, and after her body was stiff for a while, she hugged her into the shackles.

"Are you angry with me again?" Li Yun gave her a kiss, making a loud voice with her lips and Gong Qingyu's thin and tender face.

This ancient beauty suddenly blushed, and Gong Xiaochun, who was sitting in the driver's seat, burst into laughter. She could see it from the corner of her eye. The lady is really awkward, awkward and arrogant. She used to It is absolutely unexpected that the cold and talented eldest lady will be so passionate and so arrogant after falling in love.

However, only a cheeky person like my uncle can melt the ice of the young lady, right?

Well, cheeky is not enough, you have to be strong, you have to impress the young lady.

Giving the maid in the front row a roll of eyes, Gong Qingyu squeezed Li Yun's lips away with a little hand in an angry manner: "It's so dirty, and the mouth is full of the smell of other women, don't come to kiss me!"

Li Yun said innocently, "What is another woman? It's Alice's. Have you met the princess, haven't you met?"

"No!" Gong Qingyu said irritably, but her body softened and squeezed into Li Yun's sorrow, finding a comfortable position to lean against.
