

Godly Choice 4031

Chapter 4031: Go home

Moreover, Gong Qingyu closed his eyes, not knowing whether it was blushing and shy, or because he woke up too early in the morning and was tired.

Taking the work and rest of her dead house girl, if you don't mess around with Li Yun at night, you have to go to bed at least one or two o'clock in the evening, yawn up at eight o'clock in the morning, take a nap after lunch at noon, and faint in the afternoon. Shen Shen didn't want to move.

In the evening, Gong Qingyu's active time is the most active time. What she likes most is to watch anime in the study, or play mobile and console games.

If she was accompanied by Li Yun, she would not go out for several days.

"Didn't you say you don't use it to pick me up?"

Li Yun put his arms around the girl in his arms and stroked her face, only moving in his heart, not being bored by her arrogant jealousy.

With a girl who rushes to pick him up in such a hurry, even if she is ten times more arrogant, who can get angry?

"I don't have anything to do, come out and walk, but it's not for you...no!"

Gong Qingyu twisted his cheeks, not wanting to stroke Li Yun, but Li Yun just wanted to squeeze, and then Gong Qingyu was annoyed, and opened his mouth to bite his hand and lightly bite.

"You are a dog."

Li Yun couldn't laugh or cry. He didn't choose to remove his fingers or let Gong Qingyu release his mouth. Instead, he lowered his head, and after intimacy on her cheek a few times, he turned to kiss Gong Qingyu's bright red lips, um, obviously smeared. The lipstick is so that he can kiss him when he comes back...

"Bad guy, eh."

Gong Qingyu knew it a long time ago. If she came to pick him up by herself, she would definitely be embraced by the villain Li Yun and kissed her. For more than half an hour along the way, if she hadn't been kissed for more than half an hour, it would definitely be Li Yun that changed her mind. I don't love her anymore!

It's better to say... She came to pick up Li Yun just for this moment.

Before Li Yun meets the girl at home, she can monopolize Li Yun for a period of time, which is enough.

Gong Xiaochun blushed slowly.

She had anticipated this situation. The young lady came to pick up her uncle, and she would definitely be hugged by her uncle. After all, she and uncle hadn't seen each other for almost a week. For the lady who loves his uncle, it's almost like the past. Twenty years.

It was only expected and imagined, but after seeing the grandpa and the young lady hugging each other in the back seat, Gong Xiaochun still blushed.

It's getting too much.

Shouldn't the young lady's skirt have to be discarded again? It's all being ripped off.

"Uh... threw it away? What an expensive thing, miss!"

Gong Xiaochun saw what she had just thought about and was thrown into the co-pilot position, followed by a few more personal items.

"Miss, you insisted too fast, right? You looked arrogant just now, now you are a little lamb!"

Gong Xiaochun complained in his heart.

When the lady in the back seat covered her mouth and shed tears, Gong Xiaochun slowed down the speed of the car, leaving plenty of time for the two people in the back seat to communicate, and she slowly drove the car back to Gong's house.

She deliberately glanced at the rear window. Well, it's a special kind of car window. You can't see the inside of the car from the outside.

The uncle and the young lady can confidently express emotions they haven't seen for many days.

It's just that Gong Xiaochun is still a little worried. The role of this kind of car window blocking the line of sight is definitely not mentioned, but can it block the sound from going out?

After I go back, I will experiment with Xiaoxia and the others. If the sound is too loud and is heard by people passing by, it will be bad.

Fortunately, the sound insulation seems to be okay.

There were only a few cars passing by, and he glanced suspiciously at this strange BMW, but no one took it too seriously.

After all, this is on the way!

Chapter 4032: Got home

It was bumpy from time to time, and it drove very slowly, just like the old man's BMW car went all the way and finally returned to the French lease.

Seeing the car came back, the guards were all happy.

"Auntie is back!"

"That's wrong! It should be the lady who came back with her uncle!"

"Yes, yes, all came back, all came back!"

"Xiaochun, are you in the back seat with your uncle and young lady?"

"Yes, let me get away, don't..." Come closer!

Gong Xiaochun swallowed the last two words "close" and almost bit his tongue.

Because, if you say that you are not allowed to approach, doesn't it mean that there is no silver or three hundred taels here? Of course, these guards will not come close, but they will definitely have their imaginations. If they wait for the young lady to get out of the car and then show weakness, Hongxia's embarrassed state, these guards will all guess what happened in the car just now. .

Slowing down the BMW car again, Gong Xiaochun secretly glanced backwards and saw the little lamb-like lady, who was already weak and exhausted, but sitting in his uncle's arms with closed eyes and panting, Gong Xiaochun secretly breathed a sigh of relief.

Fortunately, it is over. Otherwise, if the car is still shaking up and down after the car is stopped, the fool will know what happened.

No way, my uncle is very good and can communicate with the young lady for so long.

"Little Spring."

Li Yun suddenly called her name, and Gong Xiaochun was so scared that Gong Xiaochun straightened her waist quickly: "Master... ah no, uncle?"

Li Yun couldn't laugh or cry, was it the master or the uncle?

Gong Qingyu, who was in his sorrow, wanted to complain, but he didn't have the strength to speak, and his body was soft and soft, but he gave Li Yun and Gong Xiaochun a blank eye.

"Whee."

Gong Xiaochun spit out her little tongue, couldn't help but glanced backwards, and then hid her mouth and snickered: "Miss, wait for me to get out of the car first, and find an excuse to let the guards and maids around you leave, so you can get dressed How about coming down?"

Gong Qingyu's two feet were still resting on the backrest of the co-pilot. They were white and beautiful, and Xiaochun wanted to take a closer look.

"Need not."

Li Yun said, "Xiaochun, drive the car to the back door and block it with the car. I will carry Qingyu back."

"Ah... yes, there is another way, okay, I'll drive over right away!"

Gong Xiaochun patted his head, and hurriedly drove the BMW towards the back door of the mansion. There was also a door for entry and exit. There were a lot fewer people there. Except for occasional maids cleaning, they would hardly bump into others.

Gong Qingyu bit her lip, her cheeks were full of moving blushes, and finally closed her eyes and let Li Yun hug her out of the car.

Of course, before leaving the BMW, Li Yun had already covered her with a blanket and hugged her whole body.

Moreover, Gong Qingyu turned around and turned into a position where the two of them embraced each other, which made it much more convenient.

"asshole!"

Going back to his home, getting out of the car, feeling the vibration in his heart and body, Gong Qingyu cursed aggrievedly, bit Li Yun's shoulder, weeping.

"Hey, okay, baby Qingyu hold on a little longer, and you'll get home soon."

Li Yun took a deep breath and took Gong Qingyu into the mansion step by step, firmly and forcefully.

After Gong Xiaochun closed the car door tightly to prevent outsiders from seeing the current situation in the car, she hurriedly led the way. After seeing the other servants, she hurriedly told them to leave first and wait for them to do things later, otherwise it would be bad if they were found out.

Chapter 4033: cover

Everything is to cover up what Li Yun and Gong Qingyu are doing at the moment, and the behavior of the two showing affection in the BMW car just now along the way.

Finally, Gong Xiaochun led the two up to the second floor. Her whole body was about to die, her legs were so weak, and her heart was beating fiercely.

A short stretch of road is no less than running ten kilometers.

"Auntie is back?"

"Master...Miss, are you back?"

Gong Xiaochun heard the voices of the two sisters. Xia and Qiu walked out of the room on the second floor. They were stunned when they saw the young lady wearing a blanket and being held upstairs in front of Li Yun.

"Uncle, you...?" Gong Xiaoxia was still very puzzled at first, why didn't the young lady walk by herself?

But then, she reacted.

"you.....!!"

Gong Xiaoxia's small cherry mouth opened wider and wider, and she was so shocked that she couldn't close her mouth by the two men's show operations.

so amazing!

No, no, that's not the case, yes, yes... Sure enough, it's still too powerful!

Gong Xiaoxia racked his brains, but still felt that he could only use two words to describe the uncle and the young lady.

How could it be so powerful?

Gong Xiaoqiu on the side also had almost the same expression. The two stayed together, frightened by the way the uncle and the young lady look now.

"Flutter~"

Gong Xiaochun blushed and smiled, and walked over and pushed them: "Hurry up and clean up? Just now, the lady left some things when she went upstairs. You wipe them clean, oh yes, inside the car! There are still some in the car. You have to wipe it yourself."

Gong Xiaoxia's eyes widened: "Why are we all? How about you?"

"I... run out of strength."

Gong Xiaochun glanced randomly, not embarrassed to say that she saw her uncle showing affection all the way, and wanted to show her affection with him.

Gong Xiaoxia and Gong Xiaoqiu looked at each other and reluctantly agreed.

However, when passing by the uncle and the young lady who are now standing on the stairs on the second floor, Gong Xiaoxia suddenly became curious about the young lady's current appearance, so she made an excuse earlier: "Miss, this blanket is dirty. I will take it to wash it. Got it."

"do not."

Gong Qingyu had no time to reach out, but before grasping, the blanket covering her was removed by Gong Xiaoxia.

Then, the two maids were all dumbfounded.

"Hehehe, is the young lady so good-looking?"

Gong Xiaochun covered her mouth, blushed, and smiled straightly.

"You two!"

Seeing that it could not be covered, Gong Qingyu simply covered her hot face, and then kicked the two maids with her little feet hanging in the air. Gong Xiaoxia and Gong Xiaoqiu exclaimed, and quickly avoided flying and kicking.

"Hahaha you guys... the following offenses, you will all have to be punished by your young lady in the next, remember to come and receive the punishment!"

Li Yun laughed, but speeded up a bit, making Gong Qingyu no way to punish her maid. She just bit her lip and cursed with shame: "Hurry up to clean up... Oh, wait tonight, I, I will Give you to this big pervert and swallow it in one bite!"

Now it was the turn of the three maids to blush, and Gong Xiaoxia and Gong Xiaoqiu went downstairs quickly.

Just after walking a few steps, auntie, Gong Lianyi's voice came from the third floor: "Qingyu, is Li Yun back?"

Gong Xiaoqiu stopped again. She suddenly wanted to know what her grandma's expression looked like when she saw the young lady and the uncle like this?

Therefore, Gong Xiaoqiu shouted loudly: "Yes, grandma, the lady is back, and my aunt is back too, just at the entrance of the stairs on the second floor!"

Chapter 4034: incredible

"real?"

After getting up in the morning, I lay reclining on the round sofa in the living room on the third floor, holding a book in his hand, but didn't turn a page for a long time. After the sound, the whole person is like a blooming flower, blooming with joy.

The book in his hand fell to the ground, but Gong Lianyi, who was addicted to books, didn't care. He hurried to the top of the stairs and stepped on slippers.

"Li Yun, Qingyu, you finally...you, you..."

Gong Lianyi's expression of excitement and joy, petrified after seeing Li Yun and Gong Qingyu standing at the top of the stairs on the second floor.

What did she see?

It's...it's unbelievable!

"you!"

Gong Lianyi was too embarrassed to speak, the lady's face was full of crimson.

Although they already have a relationship with Li Yun, and together with Qingyu, the three of them have learned sketching in the study and broadcast it live to the group.

But now after seeing the pictures of Li Yun and Gong Qingyu at the stairway, Gong Lianyi was still embarrassed.

How can this be done? This is the second floor, and it's still daytime... Even if you want to do it like this, you have to go to the third floor at least!

What's more, to Gong Lianyi's surprise, Li Yun took Qingyu and walked to her step by step.

Gong Lianyi suddenly realized that she seemed to be unable to speak anymore, so she could only fall into Li Yun's arms and be kissed by him, or rather, kissed him.

I haven't seen him for a week, and Gong Lianyi, like the other confidantes around Li Yun, miss him very much.

Just forgive him for this kind of nonsense.

".....let's go."

Watching Li Yun holding her young lady, her arms around her grandmother's willow waist, and the cleverly blushing Xiao Xia behind her, the four of them went up to the third floor together. They couldn't see them at all, Gong Xiaoqiu withdrew his gaze intently.

She can already predict what will happen on the third floor. After all, they haven't seen my uncle for many days, and it is inevitable to communicate with each other.

Maybe it will continue tonight?

Well, although not sure, it will definitely be very lively in Mansion Three tonight, which is absolutely different from usual!

Of course, it is also possible to go to Huangting Mountain, where my uncle also has a villa.

"Let's wait, shall we go too...?"

Gong Xiaoqiu blushed and looked at Gong Xiaoxia, and asked vaguely.

"Of course I want to."

Gong Xiaoxia clutched her flushed face and whispered: "But I'm sure that my aunt will not treat us...No, what about Xiaochun, my grandpa still wants to spend a day with us, go on a date, watch a movie, or Go shopping, when it's right, then...like that."

In that way, it refers to the four of them dating Li Yun together and officially becoming the lady's dowry.

"Um."

Gong Xiaoqiu nodded.

She also agreed with Xiao Xia's statement that my aunt was too gentle, and he would definitely not let them be bed warmers casually. They only need to be accompanied when they go to the third floor later.

"Let's go, hurry up and pick up what the young lady left behind so that no one will see it."

Gong Xiaoqiu was inexplicably looking forward to things after going up to the third floor, and urged Gong Xiaoxia.

"I think you just made an excuse for wanting to go up, right?" Gong Xiaoxia broke her excuse, causing Gong Xiaoqiu to anger.

The two maids were fighting, but soon they found what Gong Qingyu had left behind on the stairs.

Chapter 4035: Grandpa is really

"Auntie is really..."

Gong Xiaoqiu stuck his tongue out and wiped away the traces left by the lady on the stairs with a rag. Gong Xiaoxia sprayed it again with the fragrance, and after confirming that there were no traces, he was relieved.

The two of them carefully checked and wiped out the traces of Gong Qingyu with a rag along the way. After going down to the first floor, they soon saw that there were traces of Gong Qingyu at the back door.

So they followed the traces to the side of the BMW car and saw a more obvious residue at the back door of the car.

"Uh."

"many."

Gong Xiaoxia and Gong Xiaoqiu looked at each other, took out the mop, and smoothed the puddle, only to breathe a sigh of relief.

However, after opening the rear door of the BMW car again, the two of them were shocked again, slammed it quickly, and immediately closed the rear door!

In the back seat of a BMW, it's nothing like that.

"Do you want to change a car?"

Gong Xiaoqiu directly proposed and said.

It's not because there are traces of people in it, but because it's too rich!

Yes, yes, it is too rich.

Not to mention the wealth of the young lady, even their four maids, because they joined the Fairy Club, got the shares of the Fairy Club donated by the sisters in the group. One person is tens of billions, and the money in the bank card is so much. They couldn't believe that there were so many.

Fairies will make too much money!

"Farewell, the lady still likes this car very much, and the body and rear windows have also been remodeled."

Gong Xiaoxia shook her head, hesitated, and said, "Well, let's just wipe it so that other people can't see what's going on inside, and then ask Mrs. Zhou to clean it carefully, and then give it to the driver to take care of it. Sample?"

Of course Zhou Sao can be trusted. Even if she directly asks her to clean the current BMW car, she knows what is going on in the car, and she will never talk too much.

However, the two women decided to clean themselves a little bit and then hand it over to her, so that they would be foolproof.

...

After the two of them finished their work, they went up to the second floor again and stood at the stairway to listen. Sure enough, they could vaguely hear the whining sound from the third floor above, which made the two women feel more and more that the second floor can't be casual in the future. Bring it up to other people. If you want to clean it, you must go to the second floor to clean when your uncle is not at home.

Otherwise, I might ascertain when my aunt and young lady, grandma, and other girls will do something shameful in the living room.

"We, go up?"

Gong Xiaoqiu swallowed, and asked Gong Xiaoxia with difficulty. They are four maids in spring, summer, autumn and winter. Chunqiu is a sister, and Xiadong is also a sister. However, the four of them grew up together, eating, drinking, and serving young ladies. Together, they are no different from sisters, and the relationship between each other is very good.

They had imagined the current situation before, but when it came to an end, the sisters were horrified again.

"By the way, Xiaodong hasn't come back yet?"

"No, she has gone to school, ready to take Caixia and Caiwei back."

"Oh... what about us?"

"Go on!"

In the end, Gong Xiaoxia made up his mind, her flushed little face was full of firm expressions: "Anyway, sooner or later we will go on a date with my uncle. It's like this now, that's not bad, right?"

"Um....."

In the end, the two maids walked up to the third floor.

Xiaochun, grandma, young lady, and uncle, all four of them are on the side of the ring sofa. They are in the living room without going to the room.

Chapter 4036: Saint mentor

"coming?"

Li Yun greeted the two of them, Xiao Xia and Xiao Qiu, and walked into the living room shyly, walking softly.

Then, Gong Qingyu, who was resting, teamed up with Gong Xiaochun to punish them.

As for Gong Lianyi, she bit her lip and shook her head in anguish to express her opposition, but there was no movement.

I don't know how long it took.

"what!!!"

There was a scream from the top of the stairs, and all the girls turned around and found that it was the Qingzhu little maid.

The little maid was obviously shocked, covering her ears, looking at the situation in the living room on the third floor in disbelief, she was so shocked that she couldn't speak.

Behind her, there are two immortal women, a slightly mature woman, staring dumbly at the scenes of Li Yun and Gong Qingyu's mischief, while the other, a cold fairy, is After a pause, he silently continued to move forward.

Everyone was shocked.

Lord Saint, you can still remain calm when you see this kind of picture. Forget it, let's be a Lord Saint. You have a good heart, and you will not be surprised if Taishan collapses before you.

But after seeing such a picture, you can't still calm down and walk forward indifferently, as if you want to join in!

and many more!

Do you really want to join?

When everyone saw the Sage Fanqing, step by step towards Li Yun sitting on the sofa, they were all shocked that their jaws were about to fall.

You know, Gong Qingyu, Gong Lianyi, and the other three maids are all by his side at this moment, all in a state of wearing nothing.

"Qing Sheng."

Li Yun temporarily stopped interacting with Gong Qingyu's emotional exchanges, looking at the Sage Fanqing, his eyes full of tenderness.

Although what he is doing now is a distance of tens of thousands of miles from the love between the two, Li Yun can see why Qing Sheng came here.

"Well, Li Yun."

There was no wave on Fan Qingsheng's expression, but a little tenderness appeared in her eyes. She lifted the hair between her ears with her jade hand, lowered her head, and closed her eyes.

Li Yun leaned forward and kissed her vermilion lips.

The girls were dumbfounded again.

Including Gong Qingyu, who was very tired, at this moment... she was a little bit dumbfounded, and her mood was very complicated.

She lost again.

It has nothing to win or lose, it has nothing to do with emotion, it has nothing to do with anything.

She just simply lost to the person of Fanqing Sheng.

What does it mean?

Gong Qingyu ran to pick up Li Yun early in the morning and couldn't help being intimacy with him in a BMW. It can be said that her love for Li Yun is no worse than anyone else.

However, the Vatican is a simple, pure, white and innocent fairy.

She is a fairy, so she doesn't care about the others-after seeing Li Yun, because of her inner yearning, she walked over and became intimacy with him.

Even if the current situation is not appropriate, even if Li Yun is still holding Gong Lianyi, the Sage Fanqing doesn't care at all, walks over and asks for a kiss.

It's that simple.

So Gong Qingyu felt that he had lost, but losing to such a fairy is not unacceptable.

After a long time, Li Yuncai and Sage Fan Qing ended the kiss.

Sage Fanqing didn't blush too much, but was a little panting. Instead, Gong Lianyi in Li Yun's arms was too embarrassed to look up.

"You guys continue."

Sage Fanqing nodded slightly to Gong Lianyi, then walked to the low table beside the living room, sat on a single low sofa, and picked up a book she had placed here before from the low table.

Chapter 4037: Back to Huangting Mountain

This place has become her exclusive resting place. In the past, on the third floor of Fanqing Shenglai No. 3 Mansion, when chatting with Li Yun and Gong Qingyu, they were all after quietly listening to their chat. I went to the small table next to me and sat quietly reading a book.

Only now, Li Yun and his confidantes are not chatting, but...

"...Asshole, pervert!"

Fan Linglong was frightened by the scene in front of him, staring at Li Yun for a long time, then looked at Gong Qingyu's weakened appearance, and only a few words after a long while.

"It's a big bastard, big pervert, shameless, shameless!!"

The little maid Qingzhu was flushed with shame, but Master Saint really didn't seem to want to leave. Even Master Linglong didn't leave, how could she leave?

Therefore, she could only cover her eyes shyly, and ran to the lady to sit down, trying not to watch what happened in the living room.

"Linglong, do you want to come together?"

Li Yun cheekily invited and said, Gong Lianyi in his arms finally reacted and hurriedly wanted to leave, but Li Yun's big hand held her waist tightly, unable to move, and she couldn't even leave.

"Together you big-headed ghost!"

Fan Linglong walked over with a cold face, her long black hair almost falling to the ground, matching her Taoist robe, giving people a very mysterious and beautiful feeling.

It's just that this beauty, which lasted less than thirty seconds, was broken by Li Yun.

Seeing that the mischievous scene in front of me continues, the three sisters in Spring, Summer and Autumn looked at each other, and even the Master of the Saintess could not stop Li Yun. It seems that in the future, this living room will become the second Chase shop.

...

At twelve noon, the little princess Yongning woke up, stunned again.

Then, he was also caught in the past.

Until 3 o'clock in the afternoon, Li Yun stood up contentedly and said to the beautiful girl resting on the round sofa: "I'll go back to Huangting Mountain first. Tomorrow is Saturday. We will live in Huangting Mountain on the weekend. You will take a shower later. Go over there too."

"Do you still want to continue at night?" Fan Linglong, who hid next to her apprentice, said this subconsciously, then blushed again and quickly covered her mouth.

Upon hearing this, the women all showed weird expressions.

Gong Qingyu glanced at Li Yun and hummed: "I'm fine, I'm afraid someone can't stand it. There are several times more girls arriving tonight than now~"

Li Yun's expression was stagnant, "Or, you think of a way to communicate with each other..."

"Fuck off!"

"Shut up."

"what!"

The women exclaimed and understood what he meant, Gong Lianyi blushed directly, and Fan Linglong threw him a big pillow.

Li Yun chuckled, dodged, and walked downstairs: "I'll go first, let's fight again to see who is good at night, remember to come."

With this incident, Li Yun's goal of seven days and seven nights, a luxury cruise ship beach party, is much closer.

Maybe it's all right now?

Except for Shangguan Lingxian and Concubine Wan Qing, they all seemed to be able to accept it.

Even Qingzhu's little maid had been kissed by Li Yun for a long time just now.

"Wait, don't you go if you don't take a shower?"

Gong Lianyi deserves to be the housekeeper. Seeing Li Yun went downstairs like this, she hurried to the stairs to look down at him.

I still have nothing on my body.

"Uh, I don't need it anymore. With a strong cultivation base, it's that wayward!"

Li Yun waved his hand, "Go ahead, I'll go to Huangting Mountain first, and chat with people."

Chapter 4038: Too polite

After entering the congenial realm, Li Yun actually doesn't need to care about the cleansing of his body. It is still much cleaner than ordinary people without washing for a week or two. After all, ordinary people have more or less impurities in their bodies, and they secrete a lot of oil every day. Including dandruff and so on.

However, Li Yun had already washed the essence of the marrow, and used the real air current to rotate the body for a week, and he would be able to clean up most of the dirt. After he had mana, it was more convenient.

"I'm going to Huangting Mountain."

Li Yun went down to the first floor, and soon there was a housekeeper welcoming him. Li Yun did not order, but the housekeeper immediately arranged the car. Li Yun stood in front of the mansion and waited for less than half a minute, and the car drove from the mansion's underground garage. come out.

As a single-family house, there are seven or eight cars parked in the garage under the mansion for the use of butlers, maids, and guards. In addition to the hostess, Gong Qingyu and Gong Lianyi are exclusive. The garage has professional maintenance facilities to ensure that the hostess's luxury cars are in a properly maintained state.

From the travel item, we can see the difference between rich families and ordinary rich people.

Li Yun can now enjoy this kind of treatment, and he is not too hypocritical, unlike before at the airport to refuse, sit directly instead of going outside to fight.

"Caixia and Caiwei, and Fang Xue and others come back."

Li Yun got on the car and said to the housekeeper standing next to the car: "Just tell them that I have gone to Huangting Mountain. Let them go there, or tell them to go directly there. We are all living in Huangting Mountain on weekends. "

"Yes, Grandpa!"

The housekeeper returned respectfully. Li Yun lives in Huangting Mountain. The lady and grandmother must also follow. As for the little princess who has been sleepy, she will definitely follow. The mansion will be deserted. Wait until Monday, here. It will be lively again.

The housekeeper is very satisfied with this kind of rotation. Before the college entrance examination, the young lady had been thinking that my aunt could live at home, and it is now realized.

"Okay, trouble."

"No, no, you are too polite, uncle, it's our business!"

The housekeeper hurriedly waved his hand and said that the uncle is really kind to the servants. Uncle Ming is not bad at all. He can subdue the palace and let them agree to marry the young lady and grandmother. Uncle needn't be so low-key.

Li Yun smiled at him and turned to signal that the driver could drive.

The car opened the door smoothly. Li Yun closed his eyes and rested for a while. After all, he has been struggling from the morning until now, and he has managed to balance a few girls. There is a saying that it is not only a tired bull. There is no broken field, it's almost like that.

However, with his super strength and various outrageous skills in the red envelopes given by the system, Li Yun won't be a problem at all for another night. Let's talk about it later.

Because he needed to take a break, Li Yun didn't fly over directly. Isn't it fragrant to sit in the luxury car and close his eyes to rest?

Now Qingyu and the others are definitely taking a bath. It is estimated that they will have to squint for a while before they go to Huangting Mountain. It may not arrive until 7 o'clock in the evening, so that they can cooperate with Fang Xue and the others who go to school until they also go to Huangting Mountain. We can have dinner together.

Every time Li Yun came back, there would be a grand banquet in his home, whether it was Huangtingshan or Mansion No. 3. Basically, the girls in Zhonghai City would attend.

It is estimated that tonight will be no exception.

...

"Auntie, here it is."

The driver's voice came to his ears, Li Yun was awakened from a light sleep state, looked out the window, and he reached the hillside of Huangting Mountain, and he had already driven into Villa 36 he had bought.

Chapter 4039: Home situation

"Yeah, thanks."

"Uncle, you are welcome."

Saying goodbye to the driver, Li Yun got out of the car, and his housekeeper Zhou Jian immediately greeted him. He didn't take the initiative to ask, but waited quietly for instructions.

Li Yun paused and asked, "Is everything okay at home these few days I've been away?"

"Yes, master, everything is normal at home!" There was a burst of joy in the housekeeper's heart, proving that the master regarded him as a family member!

In ancient times, in large families, butlers were also part of the family, including those servants who accompanied them for generations.

"Where is the young girl?"

"Senior Young Girl is doing business as usual. The daily schedule is basically fixed. You only get up at 10:11 in the morning and go to bed at two or three in the evening."

Hearing the words of the housekeeper, Li Yun nodded. Qingnv is the lowest-key old-fashioned predecessor he has encountered. Every day, she either watches TV or plays mobile phones, or just picks up some books to read, she is unbelievably quiet.

The name of the young girl in the 36th mansion is only senior young girl. Any other name is not suitable. Auntie, grandma, and madam are even more impossible!

"Where is the saint?" Li Yun asked again, and they are the only ones who often live here. The others live in Mansion No. 3 from Monday to Friday.

"Miss Su often goes out, often alone, but she will come back on time at night."

After thinking about it, the butler added: "Ms. Su didn't have dinner with the young female seniors. Most of them ate food delivered by the servant in the room alone."

Li Yun nodded again.

The relationship between Xiao Su and Qingnv is neither good nor bad, and they are at the level of nodding to each other. If Li Yun is not there, they will hardly have any thoughts of chatting, and they do not want to communicate or miss ancient things.

I don't know whether it is because there is nothing to communicate about in the ancient times, or it is simply because they are not familiar with them and do not want to reveal their identity.

However, Li Yun has basically guessed whose reincarnation is the son Xiaosu!

"I'm going to see the young girl, is she in the room?"

"It should be there. I will take you over, lord, in case the young lady is not here, so I can search for you for the lord."

"Okay, lead the way."

The big figures in the news are led by people walking, but they are all in unfamiliar places, and they have to lead the way in their own homes. That would be too pretending.

Li Yun pretended it once today, and the housekeeper led the way.

Fortunately, the young girl is indeed in the room.

After the housekeeper retired, Li Yun stepped forward and knocked on the concealed door.

"Who? Xiao Cui who brought the fruit?" A lazy, clear voice came from the room. Just listening to this voice, I believe anyone would think that the owner of the voice is a charming young woman. It is hard to think of her. Already... tens of millions of years old!

Still looks like an aunt.

Cough.

"What Xiaocui! It's me!"

Li Yun couldn't laugh or cry, he was sure that Qingnv already knew it was him, and deliberately described him as Xiaocui.

Who is Xiaocui? Is there a servant named Xiao Cui in his family?

Li Yun pushed the door directly in. The villa he bought was very large, the main building was more than 2,000 square meters, and there were two auxiliary buildings for the bodyguard, driver, and chef to live. This resulted in the young girl living in a remote room on the second floor also owning one. Pretty nice room.

One bedroom and one living room, with a small study room, with separate toilets for dry and wet, and equipped with bathtubs and other facilities. It can be said that living in is no different from those houses of tens of thousands of square meters.

During the day, the young girl would nest in the living room, and at night, she would go back to the study.

Chapter 4040: Young girl

Or she doesn't watch TV, and when she wants to read a book, she also goes back to the study.

Playing with a mobile phone is usually while turning on the TV while playing with the mobile phone.

In short, the life of the young girl is definitely not bad, let alone Li Yun giving her back...tens of millions? Forgetting how much money, anyway, when she played mobile games, she kept recharging her money, and Li Yun almost vomited blood when she saw it once.

This speed of spending... really worthy of claiming to be the vixen of ancient Daji.

Why do you say that?

Because only the emperor's favorite concubine like Daji would spend money unscrupulously without feeling distressed, anyway, it was not her own.

"Watching TV again?"

Li Yun pushed the door open and saw the slightly fat figure sitting on the sofa with his back facing him. I don't know if it was an illusion. Li Yun seemed to feel that she had lost a lot of weight and her back was full of people. Kind of indescribable charm.

fantastic.

Obviously she is a fat aunt, but she has an indescribable charm, which makes people suspicious of her own orientation!

"What do you mean by watching TV again? I'm also very busy, okay?"

The young girl replied irritably.

Li Yun walked over and took a look. Well, it turned out to be busy reading materials for the mobile game Tomorrow's Ark, and he also opened two trumpets and used three mobile phones together.

Li Yun couldn't laugh or cry, walked over and sat across from her: "Senior Young Girl, can you play with three mobile phones?"

"Why can't I have fun?" Qingnv glanced at him and said slowly: "Anyway, I have more time, so I just have to play slowly. It has more time than those office workers."

Li Yun raised his hand to agree, many office workers are 996, they have too little time, miserable!

"Moreover." The young girl said again: "This game is very worry-free, so I just hang up and use it."

The corner of Li Yun's mouth twitched, "Then you play a few of the same numbers, it's all the same game, won't you get tired?"

"I have a lot of time."

"..."

"And why is it the same? This is a krypton gold tuba, this is a public call trumpet, and this is a clue trumpet. They are different, each is useful!"

"..."

Well, Li Yun shouldn't talk about games with her, just like they don't want to talk about similar topics with Qingyu, they all want to bring him to play together.

Li Yun was very powerless and really didn't have much time to play. Only occasionally when he was with Gong Qingyu at night, he took her mobile phone to help her play a few games.

"Senior young girl, plaything is disheartening!"

Li Yun said bitterly, that an ancient powerhouse who claimed to be the nine-tailed demon fox Su Daji had turned into a dead house forcibly, and Li Yun felt that he was guilty.

"I don't have any ambitions for any plaything, so I just want to live well... What is playing with this, at least it is much better than your life."

The young girl turned off the trumpets on the two mobile phones, glanced at Li Yun who was stunned, and sneered like a mocking: "What's the matter? Am I wrong?"

".....Wrong!"

Li Yun confidently said: "This time I went to Pharaoh's country. Although I encountered a lot of dangers and fell into many traps, it was generally safe and sound!"

"fart."

The young girl is the young girl, and the scolding is so indifferent, as if the scolding is taken for granted, and there is no lack of self-confidence: "What do you know? The gods who built the pyramids are all the guys who like to work hard and adore vanity, and love to toss mortals. You can go in smoothly. , It must be because they want you in."
