

## Godly Choice 4041

Chapter 4041: Who is the real body

After thinking about it, the young girl added: "Or they suspect that the angel feather on you was sent by some of their enemies, so they let you in, and then carefully observe your words and deeds to see if you have any Plan to do something bad to them. Once you judge it, you will die if you enter the pyramid!

Li Yun was speechless for a long while before he said: "Let's not talk about anything else, I hide in the Qinglian Immortal Mansion, they can also deal with me?"

Qingnv gave him a white look: "Can you stay in it for a lifetime?"

"Isn't there you and Saint Son?" Li Yun gave a little flattering, "You two will see me not coming back for a long time, you will definitely go out yourself?"

Qingnv gave him a white look again, "I'm too lazy to go, doesn't the holy son like you very much? Just let her go, she can defeat them alone, after all, she used to...the \*\*\*\* who beat them violently!"

"Really?" Li Yun was surprised, "Xiao Su's real body is really that powerful?"

"You can't step on who is she?"

The green girl gave him a blank glance for the third time.

Li Yun was a little embarrassed, "I think Xiao Su is a reincarnation..."

"Whatever you think, she is indeed a girl... that's right." Qing Nu suddenly smirked, "You can try to get rid of her reincarnated body! Wait until she and her When the main body merges...hehe, there will be a good show!"

Li Yun couldn't laugh or cry.

Could it be said that the real body of Saint Son Xiaosu is still there?

The true body, that is, her deity of the gods, Xiao Su is now equivalent to the incarnation. If the two can really merge, Li Yun really doesn't know what kind of situation they will be like. Will the deity recognize the emotion of the incarnation?

Emotion, not only refers to the feelings between men and women, but also friendship and family affection and so on.

Li Yun's relationship with the son Xiaosu is very good now, so good that they can make jokes with each other, basically there is no gap between them.

Coupled with the great help Xiao Su gave him this time, Li Yun trusted her even more.

Although Xiao Su has not disclosed his identity, everyone has his own little secret, including Li Yun. He does not force Xiao Su to disclose her identity.

"Why, refuse?"

The young girl asked again, which made Li Yun feel a little inexplicable. He thought that the young girl was just a casual joke, but did not expect that she was serious?

He goes after Xiaosu?

Er, although the saint son Lori is still Lori, she has actually been alive for many years. In her small world in Antarctica, she slept alone for a long time, and she also observed the reincarnation of many mortals. Xiaosu must have experienced it. After many things, the appearance is loli, but the inside is definitely not.

So, pursuing her is indeed... there must be a problem!

"Senior Young Girl, please don't make such a joke, okay?"

Li Yun frowned.

"What's a joke? Huh." The young girl lazily squeezed her fingers and said: "Her age is not her appearance, don't look at her age, in fact, she is old when you add up to a thousand grandfathers!"

How old are a thousand grandpas? What a mess of metaphors.

"Age is not a problem, what about looks? That's definitely not a problem."

The young girl said enthusiastically: "Odin, God Ra, what God of War, and the old rogue Zeus on Mount Olympus, all wanted to pursue her."

Li Yun is a good guy! That's a good fellow.

Chapter 4042: what expression

"What's your face?"

The young girl said dissatisfied: "Her deity is a famous beauty, strong and powerful. The fairies, gods, monsters, half-human gods, etc. who pursue her can line up all the way from the ground to the gate of heaven! You say she How beautiful is it?"

The corners of Li Yun's mouth twitched. Those who dare to pursue Xiaosu's deity, have Gods from both the East and the West? Doesn't even have women? It's not enough to do a hundred.

"It can be said that, apart from a little nervousness, that little Lolita's deity is definitely a pretty good beauty. If you marry her, you can save tens of millions of years."

The green girl patted Li Yun's shoulder with the expression of the person coming over, making Li Yun almost petrified.

"What's your face again?"

This time she became a young girl with a headache: "Isn't there a saying in our old saying that female juniors hold gold bricks? Xiao Su is tens of millions of years older than you. Isn't this a female junior of 30,000, a fairy class?"

".....puff!"

Li Yun had vomited blood and waved his hand quickly: "Forget it, let's talk about other issues, such as...Senior Young Girl, your identity!"

According to Li Yun's experience, every time he talks about this topic intentionally or unintentionally, the young girl will inevitably move over to him.

But this time the young girl seemed determined to ask him to pursue Xiaosu so that she could watch the show, so she actually said it directly.

"Didn't I say it many times?"

The young girl pointed to the tip of her nose, and said with a serious face: "My name is Su Daji. I used to be a named disciple under the seat of the Empress Nuwa. Later, the shameless and shameless nuwa sent me to the place. I did something in time, but I did it, but Nuwa's \*\*\*\* old lady actually forgot about me!"

Li Yun opened his eyes wide, "Then, you were killed by Zhanxian Fei Dao?"

The Zhanxian Flying Knife is the innate magic weapon Jiang Ziya used to kill the nine-tailed demon fox Su Daji. It is absolutely powerful.

Of course, the Fan Tianyin in Li Yun's hand is stronger. After all, it was made by the saint himself, and it was definitely powerful enough.

"Humph!"

The green girl snorted heavily, indicating that she was Su Daji, and she was indeed killed by the Sword Immortal Flying Sword once.

Li Yun only believed less than 10% of what she said.

"Don't believe it?"

The young girl turned triumphantly and said, "That so-called big beauty is nothing to me. I am a hundred times more beautiful than her! What kind of feminine can she have? It's all about fighting."

Li Yun glanced at her up and down, without any expression, it can make people angry.

The young girl was furious, but gritted her teeth, she endured it, her eyes rolled, and she took the initiative to bewitched: "Or else, if you can find a way to kiss Xiao Su, remember, it's a kiss, not a kiss! If you do, I will show you my real body, how about it?"

"Real body? Show?"

"Yeah, my real body is Su Daji, don't believe it... Wait, what kind of \*\*\*\* look at you? Do you still want to see me not wearing... clothes, bah bah, you \*\*\*\* really is a scumbag!"

The young girl hid away, as if she would get pregnant if she was close to Li Yun.

Li Yun: "..."

Just this shit-mouthed ancient aunt, will it be Su Daji who can be side by side with the four beauties?

I didn't believe Li Yun killed him.

"Agree or disagree? Give me a good word!"

The young girl continued to ask, as if to see Li Yun take Xiao Su today.

## Chapter 4043: Tell

Li Yun did not think about it, and directly refused: "I won't make a joke about this kind of thing. Even if I really like Xiao Su, I won't bet with you. Besides, your so-called Su Daji's real body, maybe..."

Li Yun looked up and down at Qingnv's current figure, and shook his head. The nine-tailed demon fox is indeed beautiful, but if the nine-tailed demon fox gains weight... well, the vixen gains weight, it should be very cute.

"Huh, are you a gentleman?" Qingnv said disdainfully.

"I'm not a gentleman... but you ask the other way around, if Xiao Su and I bet you and take you down, she will show me her deity. Will you be angry when you know?"

"Will not."

"That's right, who would be willing to give people this reason behind to pursue... Wait, you said you won't be angry?"

"That's not it."

The young girl chuckled and said, "In that case, you must have taken her down. As long as you kiss her, I will sacrifice it. It's not a big deal. It's okay to show you Su Daji's true body."

Does Su Daji's real body really exist?

Li Yun expressed strong suspicion, but didn't say it, just couldn't help saying: "Don't you hate the Nuwa Empress the most? Why do you like to compete with Xiaosu so much? Do you think Nuwa Empress you..."

"Fart again?"

Qingnv baited his fourth eye: "The Empress Nuwa is my master, how can I hate her? I wish I would see her now and then cut her off!"

"..."

Say no to hate, isn't this nonsense.

Li Yun felt that he couldn't talk about her anymore, so he didn't extend the topic at all, and instead said, "Senior Young Girl, would you like to hear about what I have encountered in the temple and pyramid these days?"

"In no mood."

"...?"

Why don't you play the cards according to the routine! ?

The young girl gave him a blank look for the fifth time: "You \*\*\*\* is not here to play with me? Why tell me it is nonsense. Give me 300 million, and I will give you some suggestions! Remember, just some, It can give you a longer life. If you die, I can't stop you."

"Why do you want so much money?" Li Yun asked in surprise.

"You care about me! Can't I use it for stocks?"

"..."

Li Yun had nothing to say again, and couldn't tell her at all.

However, the young girl is a very good listener, just like the Sage of Fan Qing.

Li Yun sat opposite her and told her about some of the problems encountered in the adventure. Of course, Li Yun didn't say anything about the modernity. The young girl only cared about the ancients, and she knew less about the modern times than Li Yun.

"After entering the temple, we soon encountered a corridor that never ends..."

"There is no end? Impossible, there is a beginning and an end, your entrance is not an exit, but you didn't notice it."

Li Yun agreed and continued.

Speaking of falling from the starry sky of the universe, the young girl vomited: "This must be someone making a ghost, and he hasn't fully grasped the usage of the starry sky of the universe. Otherwise, a single idea will give birth to an enemy who doesn't know how many billions, and it can drown. you"

Li Yun's expression was embarrassed, "There is indeed a black-robed pharaoh at the top of the pyramid, senior, you guessed it."

"Pharaoh?"

The young girl smiled and said: "I think he just hid because he didn't want to die. I also saw a few pharaohs at the beginning. They were all people who wanted to be resurrected because of fear of death. The function of the pyramid is for resurrection in their eyes, right? "

Chapter 4044: Not surprised

She guessed it again!

Li Yun can only express his admiration sincerely. The young girl did not come to the scene in person, but she guessed the truth of the facts from the few words that Li Yun told.

If she followed to explore the temple, she would not lift her eyelids during the entire process, because she was familiar with the temple, the black pyramid, and the creation of the Nine Pillars of the Pharaoh Kingdom, even if not familiar, but at least Can see through their form of power.

From this point of view, the Eastern "Fox Fairy" is not inferior to the Western Creator God, and the strength is sufficient.

Fox Fairy-Qingnv claimed that this girl still insists on her nine-tailed fox fairy Su Daji, and she is an orthodox Empress Nuwa, who worships Empress Nuwa as her teacher, so she is a fox fairy, not a demon fox.

Li Yun really only believes in these nonsense. After all, in the mythological knowledge he has obtained, Su Daji is a nine-tailed demon fox in Qingqiu Mountain. He obeys the call of the

enchanting flag and waits for the order of the Nuwa Empress. Did not worship Empress Nuwa as a teacher.

But the young girl in front of her said that Empress Nuwa is her master...

"What is your look?" Qing Nu squinted at him.

"No, I'm thinking about how to tell the next thing, because seniors, you may be surprised." Li Yun casually found an excuse.

"Am I surprised? Bah!"

The young girl raised her chin, as proud as a young girl: "I'll be surprised? Unless you say that there is a Nuwa woman sleeping in the pyramid, and she is still at home...well, no, she took the nine gods As a subordinate, I am a little surprised like this!"

Nine gods to be your servants?

Hiss, Empress Nuwa's divine power is really strong!

Li Yungan smiled and said, "It's gone. After breaking the mystery of the cosmic starry sky, I came to a black pyramid..."

After he probably finished speaking, the young girl sneered: "What's the matter, dare to surprise me? Isn't it that the nine gods built a black pyramid, and then slept there, only to be spied by the unscrupulous descendants of later generations. , Trying to awaken them from a state of sleep, and then seize their power? I regard it as something extraordinary!"

Li Yun immediately asked: "Unscrupulous descendants? The pharaohs of the Pharaoh country are all descendants of the nine gods of Ra, the goddess of magic? Similar to the emperor of the cherry blossom country, but also the descendants of the son of the goddess Amaterasu? "

"no."

The young girl denied it.

"Uh?"

"It's their biological son!"

"what?"

"Ah what, is it rare to see God and Fan live offspring?"

The young girl sneered sarcastically: "The gods over there are different from our demon court...the gods of the heavenly court are different. They live on the top of the mountain and have not left the mortal society. Therefore, there are many descendants of gods and mortals, such as that of Zeus. I don't know how many beautiful women have all been ruined by him. The little Lolita you raised can't stand it anymore, so she stood up and summoned the seven demigods and overthrew the rule of Zeus. Then the seven demigods became The seven holy angels under her."

The young girl looked at him straightforwardly, and Li Yun was completely shocked!

Dare to love the saint son Loli in his family, really is...Jesus Christ?

Beside God, there are seven sacred archangels guarding, Gabriel, Michael, Raphael...

"and many more!"

Li Yun stretched out her hand, stopped her next words, frowned and thought: "I seem to have heard Xiao Su say, it seems that God is her father?"

He forgot when he heard this statement, but it was basically not bad.

Chapter 4045: God is a girl

"Father? What father? God is a woman, how do you call a father? There is something wrong."

The young girl gave Li Yun a white look, but Li Yun was already unaware of the shock. He was scared off his jaw directly: "What did you just say? The young girl is a female?"

"What am I a woman? There is a problem with my brain!?"

"Ah no, I mean, God is a girl?!"

"Otherwise? I always talk about her, not him."

The young girl shrugged, "That guy has always been a woman, and a guy with a distorted personality. Last time she was born to preach, she should have been mistaken for a beautiful boy, so you have always mistakenly believed that she is a man. But it's not surprising that there are many incarnations of gods, especially for powerful gods."

Li Yun said it was difficult to accept, God is a girl, Godisagirl?

Unexpectedly, this song became real!

The young girl continued: "However, it is impossible to say that the current Saint Xiaosu is who she was at the time. She... In short, the situation is very complicated."

"How complicated?" Li Yun couldn't help but asked curiously.

"I answer you, you go and kiss that little Lolita?" Qingnv said with a smirk: "Given your current relationship with her, if you kiss her, she will definitely not object."

"Can you not kiss me?"

"What do you mean? Why should I answer you if I don't kiss?"

Li Yun looked embarrassed, saying this as if: If you don't kiss me, how can I answer you?

Kiss an aunt, Aunt Su Daji? Cough! Forget it.

Li Yun hesitated and said vaguely: "If there is a chance, if the time is right, I will consider it."

The green girl's eyes lit up.

Li Yun hurriedly said: "Don't be too far-fetched, this is already a huge concession, and quickly talk about her current situation!"

The right to interpret is in his hands. Li Yun kissed him if he wanted to kiss him, but he didn't want to kiss him. The timing was wrong, and he answered perfectly.

The young girl was itchy with hate, but she gritted her teeth for some evil in her heart and explained: "Gods are powerful beings, including immortals. The difference between the two is not very big, but the title is different."

Li Yun asked suspiciously: "Don't gods need to collect beliefs, but immortals don't?"

"Who told you that immortals don't want to believe in?" Qingnv looked at him inexplicably, "otherwise you think there are so many immortal temples, Sanqing Taoist temples, Nuwa Palace, Erlang Shenguan, Caishen Temple, and so many Buddhist temples. , All just to look good?"

"Uh..." Li Yun was speechless.

"Faith is one of our sources of strength."

The young girl said faintly, without going further, it seemed that the water was deep inside, and she continued: "Reproduction means living beings continue their existence... In modern terms, it is the way to continue genes, right? ?"

Li Yun nodded, all beings have the instinct to reproduce, otherwise they would not be called life, but dead.

Even cancer cells that can live forever are constantly dividing instead of staying the same.

The young girl continued: "Gods are very powerful, and their life span is almost infinite. As long as the power is not used up, the soul can always exist. But whether it is gods, fairies, monsters, ghosts, etc., there will be the birth of the next generation. instinct."

"There are ghosts too?!" Li Yun was surprised.

"Have you never heard of ghosts?"

"have!"

"That's it?"

Chapter 4046: Propagation of Gods

The young girl said: "Since ghosts can cultivate, they naturally have the characteristics of life and can multiply the next generation. This is nothing surprising."

Li Yun was actually persuaded by her.

This is the truth!

It's not surprising that a life that can cultivate can become pregnant no matter what.

Isn't there another saying, it's called Guiying, probably the offspring born of a ghost.

It's just that humans and ghosts are really deadly enemies, so don't wait to see them.

"How is the reproduction of the gods?" Li Yun asked curiously.

"There are probably three, you have summarized them in the biology book."

"Biology book?"

Li Yun was taken aback, and then recalled the content of the high school biology book: "Sex, asexual, plus... split?"

Splitting is a virus, but the gods seem to be able to.

"Roughly the same."

The young girl said meaningfully: "The gods don't need to combine with other gods to give birth to offspring. They can use a hair, a drop of blood, a piece of skin, or even a foot on the ground, and countless creatures will be born."

"This..." Li Yun was speechless, the power of the gods was indeed outrageous.

"Of course, that was the age of creation when the aura was so strong that it became substantive. At that time, the gods were the real gods, and their power was endless - at least within the solar system, their power was omnipotent!

But it's basically impossible now. It's very difficult to live, let alone create so many creatures, no one will be idle to create another creature. "

The two words of the young girl actually solved many questions in Li Yun's mind.

First of all, the gods are indeed active in the solar system. Second, the gods of the "creation age" are probably the gods who can truly create all things, which is very different from the later gods.

"After the creation era, after a period of development, there are still about a few ways for the gods to leave their offspring."

"What kind?"

"It's very simple. It is the combination of gods and mortals to give birth to demigods. This is the easiest and most effective method. However, the power of demigods has dropped a lot. Most of the time, they pretend to be humans. Anyway, they are not serious gods. ."

Li Yun had some doubts about Qingnv's words, but after another thought, orthodox gods certainly don't want to see this kind of people with remnant ischemic veins, but in the eyes of mortals, demigods are extremely powerful, admire and worship her, so demigods The metropolis returned to the mortal world and became a king or something, instead of living with God.

The young girl said again: "The other thing is the combination of two gods, but what can be given birth depends entirely on luck."

"It's all luck? What do you say?"

"How to put it...you can understand that gods are close to the origin, and the origin is ever-changing, so the stronger the fairy and monster, the less likely it is for the things born to approach them. There are even many unique existences, only one can exist, no There may be luck to give birth to a second one!"

Li Yun was startled by this statement, and suddenly asked, "Qinglong, Suzaku, and Kunpeng are these creatures because of this?"

"Almost, but Qinglong is a dragon...not to mention, anyway, they are almost the same, they are all unique."

The young girl is too lazy to explain more here, Li Yun probably understands.

The strong are close to the origin, and the origin is ever-changing, so the offspring born will be very different, just like the dragon has nine sons, and the nine sons are different.

The offspring of the strong cannot completely inherit the blood of their parents. The stronger the descendants, the farther away they are.

Chapter 4047: Reincarnation

The young girl smiled and said: "So seeing those gods and monsters who gave birth to strangely shaped things, I feel upset. Who doesn't want their children to be like themselves, right? So many gods don't have children at all, and they are still alive anyway. , What child will you have?"

Li Yun thought of Li Jing inexplicably. The wife of the Tota Heavenly King gave birth to Jin Zha Muza, but when he gave birth to Ne Zha, his wife had been pregnant for three full years and gave birth to a meat ball.

Does it also explain in a disguised form that many of the offspring of the strong are bizarre, different from their parents?

Furthermore, in Journey to the West, Tathagata Buddha also said, "...the phoenix has to reconcile again and breed peacocks and roc". Even the phoenix is not born of a phoenix, but a peacock and a roc!

Is this another example?

"Then Xiaosu..." Li Yun looked at Qingnv, waiting for an explanation.

"She is the third way for gods to multiply."

"...Selfing? Uh no, self-reproduction?"

"Almost, but definitely not the same as you think."

The young girl looked at him contemptuously and said: "The gods of the previous generation felt impatient or didn't want to live anymore. Anyway, for some reason, they will regenerate their souls in a special way and be born as a The baby, and the body is hidden, so that when the baby grows up, she will have a brand new personality, and she will find the body again and gain the original power after fusion."

Li Yun was shocked, what kind of reproduction is this? Is it reproduction? Or is it just a different way of living?

"If you say that the current Saint Xiaosu is the original God, you can, if you say not, that's okay."

The young girl said: "Anyway, her past life was reincarnated in a special way, the memory of the past life is still there, but the personality is brand new, you can understand that, in this way, she will live again!"

"Is there any benefit to doing this? It's too much trouble!" Li Yun couldn't help but said.

"There are so many benefits."

The young girl thought for a while, "Using a term that your IQ can understand, explain it to you, that is--"

Li Yun looked embarrassed, my IQ is not low, just explain it directly!

Of course, he didn't say anything.

"That's, for example, are you still squatting on the ground looking at the ant nest?" Qing Girl asked with a smile.

Li Yun shrugged, "How could it be, I'm not a kid, how can I squat on the ground to look at the ant nest!"

"But if you reincarnated in the same way as her, you will become a little kid who is interested in ant nests, and that little kid, as well as your memories, your emotions, are different from yours. Looking at the problem method, you said, is this wonderful method of reincarnation really amazing?"

Li Yun opened his mouth and was completely startled.

Numerous questions appeared in his mind now, but they couldn't be answered.

As the young girl said before, a "reincarnation" who has her own memories and emotions, but has a different approach and attitude from her own, is it still me?

Li Yun couldn't even think about what he would think of him if there was another "self" like this in the world.

This is no longer a problem with gods, monsters and human beings, but a...philosophical problem!

"Do you want to understand?"

The young girl smiled and said: "Then you say, the current Saint Xiaosu, and the God Jesus, are they the same person?"

Li Yun... couldn't answer.

Chapter 4048: Angry

but.

Li Yun said affirmatively: "No matter who Xiao Su is, she is...a trusted friend! This is enough!"

"Oh?"

The young girl was a little surprised. Then she looked at him with a smile, shook her head and said, "Whatever you do, it's okay to treat her as God, or you can treat her as God's daughter. It's okay. Way, kiss her, do you hear it?!"

Li Yun was full of black lines, "Senior, why have you been obsessed with this? I think your mentality is also very old, so just reincarnate in this way!"

"nonsense!"

The young girl glared at him: "I just don't want to show off my beauty. If I show off my real body, I'm afraid you are not interested in all the girls around you, and chase me crazy!"

"..."

Li Yun didn't answer, but only looked up and down her fat figure with her eyes. No matter how good her temperament is, her poor figure is all ruined.

"What's the look in your eyes? Fuck you, don't bother me!"

The young girl smashed him with the pillow on the sofa, and Li Yun hurriedly left. This place can't be stayed. Otherwise, it is easy to cause vomiting if he hears something like pursuing an ancient aunt!

After he left, the young girl left behind was silent for a while, and said to herself: "This guy... is very powerful, I hope I can really kiss her, hahaha."

...

Li Yun didn't know how Qingnv arranged him behind her back. He left her room without staying much, and went straight to the room of Shengzi Xiaosu.

The blonde loli's room was also on the second floor, but it was separated from the young girl's room by a long corridor, and there was a hall in the middle, which was far away.

As a result, Li Yun only walked out, and he heard the sound of TV in the living room on the second floor. He was still a little strange because he was alone in the villa now, and none of the other maids would come to watch TV on the second floor.

When I looked into the living room, I saw a slender figure with golden long hair sitting on the sofa in the living room, watching TV "attentively".

"Xiao Su, so you are here!"

Li Yun walked in and greeted her, but the blonde loli ignored him.

"Um?"

Li Yun noticed something was wrong, and when he took a closer look, he saw that the little face of the blond saint child was taut, as if the whole face was dark and gloomy, with "I'm not happy" written all over his face. Emoji!

"what happened?"

Li Yun sat down beside her amusedly, and stretched out his hand again, intending to hold the blonde loli in his arms. This is something he and little loli have often done a while ago. The blonde little loli likes this made.

Well, Li Yun likes it too, after all, the slender loli is fragrant, who doesn't like being hugged and loving.

As a result, the blonde loli slapped him on the back of his hand, and Li Yun took it back in pain, and she continued to watch TV with a black face.

But Li Yun knew that she would definitely not be able to read a picture, and she was still angry!

I don't know why I was suddenly angry. Could it be that when I went outside to play, I encountered something irritating?

But it shouldn't be possible. Don't look at Xiao Su, this loli is very cold and sensitive, but in fact she rarely talks to ordinary people, always looks aloof, ordinary people can't make her angry.

"Because I did something wrong? So our Xiao Su is angry?"

Li Yun leaned in front of her, blocking Little Lolita's gaze from watching TV, and forced her to look over.

"Humph!!"

Blonde Lolita's dark expression disappeared, angrily trying to push him away, but found that she couldn't push, she could only turn her head and continue to be angry.

Chapter 4049: I apologize

Li Yun couldn't laugh or cry. He didn't say much, but used actions to express the meaning: directly stretched out his hand, picked up the blonde loli, and amidst her exclams and screams, he hugged her and sat on her lap. Down!

"Bastard bastard, let me go, you bastard, actually...!!!"

The son was furious, his small face rose red, and he gritted his teeth with a threatening expression: let me go!

Li Yun relied on her height and physique, and directly hugged her, allowing her to pat and beat her, but she did not let go, the right to tickle her.

"Let go! Let go!"

"Don't let go, unless our Miss Su is willing to say why you are angry, who made you angry?"

"Who annoys me? You \*\*\*\* still doesn't know it?"

"It's really me? Then tell me, how did I make you angry."

Li Yun asked her, but the son Lori turned her head to the side again, her cheeks were bulging, she was still angry, but it was much better than her previous dark face.

At least not so angry.

"Is it really that I made our Xiao Su angry?"

Li Yun stretched out his hand amusedly, held her face, and turned her face to this side.

This kind of action...it seemed that the two were about to kiss.

Shengzi's face slowly turned red, but he knew that he would definitely not kiss himself, so he could still say stiffly when he was holding his cheek: "I am not angry with others, and I am not angry with you. I'm mad at myself, are you satisfied?"

"Alright, alright, I apologize."

"How to apologize? You don't know where you are wrong!"

Xiao Su blurted out.

Li Yun smiled and said, "Then tell me, what am I doing wrong? Wait, I remember!"

Li Yun quickly took out two feathers and showed them in front of her, and used the fluff at the end of the feathers to shave her little nose, which made little Lori itchy and couldn't help but sneezed cutely.

"Look, I brought them back for you, two, a lot!"

"Asshole, who wants you to pay me back?"

"Uh?"

Little Lolita turned her face to look aside again, this \*\*\*\*\* really doesn't understand?

"Okay, okay, I got it wrong..."

Li Yun retracted the feather, continued to put his arms around her small waist, pressed her cheeks, made a sticker with the blond Lolita's cheek, and kissed her smooth and delicate white cheek again. Such a move has already been done. Enough intimacy.

It is also the most intimate thing that Li Yun and Xiaosu can do.

Li Yun didn't know when to have a good relationship with her, but after New Year's Eve, Xiao Su became very sticky to him. Perhaps Li Yun saw her small and cute little loli, so she bears it. Can't help being so intimacy with her.

But in fact, Shengzi Xiaosu has lived for so many years. Such intimacy... is no less than the interaction between male and female couples.

Therefore, she blushed quickly, and her body was so soft that she was in Li Yun's arms.

"My Lord Son~."

Li Yun used a very intimate address, holding her small waist with one hand and stroking her golden hair with the other, telling her what happened when she went to the temple.

Of course, the content of Alice and Concubine Wan Qing is omitted.

Even in front of a loli, it is impossible to discuss other women!

Xiao Su nestled in his arms, put his arms around him, and asked some questions from time to time, and the atmosphere soon improved.

In other words, Little Lori was coaxed by Li Yun.

"My Royal Highness, can you now say why you are angry with me?"

Li Yun pressed his forehead against her smooth small forehead, and said with a chuckle: "Xiao Su, tell me, I can change it next time, right?"

".....Humph."

She was persuaded.

Chapter 4050: What's up

Loli, the blond saintly son, snorted again, before reluctantly said: "You...Why don't you come to me right away when you are back?"

Li Yun was taken aback, "Xiao Su, are you angry for this? Well, well, you should be angry!"

Li Yun quickly spoke up when she stared at her.

The blond sage Lolita said in anger again: "Just forget Gong Qingyu and the others at the mansion, but when you arrive at the Huangting Mountain Villa, you actually go to her first instead of me?! Why!?"

After the suffocation in her heart was spoken out, Xiao Su Luoli lost her shyness and psychology, so she wanted an explanation!

Those big eyes were very big and bright, looking at Li Yun angrily.

"Isn't the reason very simple?"

Li Yun put his arms around her slender waist, pressed his forehead against her forehead, and said to her very intimately: "I have such a good relationship with Xiaosu, so of course I have to leave my free time for you."

The grievances on the blonde loli's face disappeared instantly, and her little face was slightly red, "Then you mean...?"

"The meaning is, I first go to the young girl, and have a brief chat with her. The time under me, until 6 or 7 in the evening, before dinner, is to come and chat with the Lord Son of my house!"

"Whee."

The face of the blond saint Lori burst out with a smile that was brighter than the divine light, which was too dazzling, at least Li Yun was surprised by her crooked smile.

Even if Xiao Su looks young, in fact, she is definitely at the level of Li Yun's grandfather and grandfather's generation. This is only the reincarnation of this body. Even the memory of her previous life is even higher in that generation. The sky is up.

"satisfied?"

Seeing her uncontrollable smiling face, Li Yun suddenly got a little itchy, holding Xiao Su's face, and kissing her cheek with a snap.

The blond son Lori, not only did not protest against slapped him, but also turned her small face to show Li Yun's white and tender face on the other side. She also looked expectant, unspeakably cute and agitated.

Of course, Li Yun was not polite, and kissed him again.

"Um~~ I'm almost satisfied, but it's still a bit short~"

Xiao Su gestured a short distance with his fingers, and Li Yun blinked: "What's the difference? Say it, the original envoy will do it for you!"

Originally, the divine envoy could not claim to be a divine envoy in front of the Saint Son, but the relationship between Li Yun and Xiaosu... is as good as a sticky couple, joking, just like a seasoning.

Let the son of Lord Lori giggle.

Then, he opened his hands to Li Yun and yelled sweetly: "Li Yun, take me back to the room~"

"what?"

Li Yun was stunned.

Hug Shengzi Xiaosu, this cute little loli, go back to the room?

Isn't this what it is, starting in three years...Bah, that's not right, the little loli in front of me is a legal age, and it's still tens of thousands of years old, even if it is...

Cough.

Li Yun is not so beast, really, never, this is impossible, unless it is in the group, quietly discussing.

"What do you think? Big pervert!"

Xiao Su Jiao scolded, but her two small hands continued to open, waiting for Li Yun to pick her up.

Li Yun chuckled, "I didn't think about anything, I just thought, Xiao Su, you are so beautiful now, you will grow up, no, you will be bigger, you will definitely be very beautiful!"
