Chapter 4051: Bear child goddess

"I'm getting bigger? Of course, when I'm getting bigger, there is no goddess in the entire God Realm that can compare to me..."

Suddenly thought of something, Xiao Su quickly retracted his hands and hugged his little shoulders, his little face was full of vigilance: "What do you want? Tell you, I can't grow bigger now, and even if it grows, it's impossible to get along with you and you....."

Her face was red again.

And this time it was very red, as if it had grown bigger, and then became like Li Yun.

But she really can't get bigger now, otherwise it will have very serious consequences.

"Thinking about it, I'm just...a bit curious."

Li Yun gently hugged her small waist and stood up steadily. Xiaosu quickly released the hand that was holding her shoulders, and turned into holding Li Yun's neck and being held by him and walked outside. Posture.

It was not a princess hugged, but it looked like a large doll in his arms, very cute.

"Just a little curious?!" Blonde Lolita's voice became louder.

Li Yun gets along a lot with her, and I don't know what she means, so he hurriedly said, "No, I'm very curious! The son Lori is so cute now, and she will definitely be very beautiful when she grows up? Peerless and unparalleled! Immortal jade appearance!"

Li Yun used three adjectives in one sigh to make the saint son Xiao Su smile, and he didn't even remember to correct it seriously when he was called saint son Lori.

"Count you through."

Xiao Su was very satisfied at first, but suddenly, he bit his soft lower lip again, hesitated for a while, and then whispered: "Anyway...you will be my follower and stay by my side, sooner or later. See what I look like when I grow older, right?"

Right, the question is whether Li Yun will always be by her side, not the other.

"Probably right." Li Yun looked up at the sky.

"What's the name is probably right?!" Little Lori was furious, regardless of his still walking, and started tossing his face and hair, and a pair of slender jade legs started kicking around.

If it weren't for her to look cute, a proper bear kid.

So the face value is too important. Fortunately, most of them have no face value-don't despise anyone.

"Yes," Li Yun hurriedly grabbed her small arms and calves, supported her tightly, let her sit on the arm, and kissed Xiao Su's cheek again, then said softly: "Of course I will always Be with Xiao Su, but I don't want to be a god!"

The face of Lord Lori, the son of God, originally smiled sweetly, but when Li Yun said the last half, her little face collapsed again.

"It's not good from God? You know me, no, do you know who my mother is?!"

She didn't say that she was a father anymore, she said that she was a mother. After all, her "past life" was indeed a goddess. She was only trying to lie to Li Yun before claiming to be the daughter of her father, but she was actually the mother.

There is only a mother, no father.

"Is... a very powerful god?" Li Yun dragged his voice long, deliberately expressing the appetite of the blonde loli who was holding his collar in his arms.

"Li Yun bastard!"

"Alright alright."

Li Yun smiled and said: "I was wrong, okay, but it's really bad for me from the gods, or...being the king of gods or something?"

The son Xiaosu was silent for a while, and uttered two words: "Go to death!!"

Her face was as hot as a fire, and her whiteness turned into blush.

Isn't the prince the husband of the king?

Chapter 4052: Saint Child Room

"Anyway."

Li Yun held her arms in her arms, put her arm around the blond saint Lori, and came to her remote room on the second floor of the villa.

The basic location is similar to that of the young girl, and they don't like to be near other people's rooms.

However, after opening, the furnishings inside are very different from those of Qing Girl.

The blonde loli's room is full of pink tones, which makes people feel like a little girl at a glance.

From plush bear toys, to cute puppets, to alarm clocks wrapped in a layer of pink plush fabric, to a dressing table with pink borders, some cute cartoon images on the wall, etc., everywhere Full of the warmth of a little girl's boudoir.

There is only one large room here, and there is no mess such as study, living room and bathroom.

However, the Son of God made a small study room in a corner of the room, or a place for resting, which is a low table, a bookcase, and several spherical and rectangular inflatables beside the low table. Soft lazy sofa.

There were soft carpets all around the sofa, and even the entire pink room. Li Yun took off his shoes before going in and put them on the shoe rack at the door, helping Xiao Su also take off his small leather shoes.

Well, a small shoe can be reminiscent of the feet of the owner of the shoe. It is also so slender and small.

"Hold me in~"

The saint son Lori changed her posture lazily, pointing her little hand to the position on the couch of the lazy man, Li Yun cuddle her with interest, and entered the little pink girl's house.

If the men of the gods in her previous life saw that their boss lived in such a pink-toned room, he would definitely have his jaw dropped in shock.

But for Xiao Su, she liked this pink room in this life. She hasn't fully revealed her identity yet, so no one would laugh in such a room.

Besides, she is the **** of reincarnation, which is equivalent to living a new life and becoming a little girl. What's wrong with using little girl's things? Who stipulates that it cannot be used...?

"Your place is so comfortable!"

Li Yun and Xiao Su sat on the lazy sofa. As the name suggests, the lazy sofa is a special sofa for the lazy. The feature is that they can lie down and never sit.

Therefore, this kind of sofa can lie down very comfortably, but instead of lying on the bed, it is lying on the sofa, the feet are in contact with the ground, and the comfort brought by it is completely different from lying on the bed.

At least Li Yun is very comfortable now.

In her arms is a blonde loli, under her is a soft wide sofa, her feet are on a thick carpet, and there is a desk with the fragrance of books beside her. Everything is so enjoyable.

"Hmph, I arranged it myself." The blonde Lolita looked proud and put her small hand on his chest.

"Really? Didn't Xiaoxue and the others help you arrange it?"

"They are just assisting me. Of course, I still have to do most of the things. After all, I am the great **** who will guide you to the future... Ouch!"

Little Lori glared and hit herself with a shuddering man.

Li Yun said dumbfoundedly: "You don't want to preach here anymore. By the way, do you want to use a new identity for preaching in the future? Otherwise, other people won't believe in the appearance of Lori."

"You want to say it?" Xiao Su said triumphantly: "On mission, no one on the earth can compare to me."

This is the truth. The Christianity she pioneered in her last life is already the world's largest denomination, and there is no one more people than Feitianmen.

Chapter 4053: Spread faith

Through a short chat, Li Yun learned what she had done recently.

To sum up, I found a few good seedlings in the wealthy area, that is, in Huangting Mountain, and asked them to help with many things, while Xiao Su returned his magic skills to make them believe in their own power!

Then, Xiao Su passed on to them some knowledge and magic of the church, so that they can influence the world around them through prayers, and then affect other people.

In this way, Xiao Su has the first group of attendants, they-especially those rich wives who are idle and nothing to do in Huangting Mountain, they will definitely not accompany her far, after all, their qualifications are limited.

But through their early wake-up efforts, Xiaosu can find people who are more suitable for bishops and sacrifices among the believers they have come into contact with. These people will be received by her and granted more prayers and authority.

After that, these more suitable people will spread her faith again, and she will be able to find people who are more suitable to be bishops, priests, and temple knights among the believers they come into contact with, and repeat the previous operation.

Soon, within three to five years, her power will grow so rapidly, and apart from the people she can meet, everyone else will only know the greatness of the gods they believe in, and they don't know that the gods are just short and short. Little Lolita!

"How about it?"

The saint son Xiaosu said triumphantly, developing believers from the wife of a rich man can be described as a great achievement for her!

Because it is very simple, the rich can inherit the family position, their IQ will certainly not be low, it is very difficult to cheat them.

But their wives are different.

These wives are as rich as the rich, or even richer. They still have time and are more influential. They are simply perfect believers.

As long as there is a development department, these ladies will eagerly join in after knowing her strength!

"strangeness."

Li Yun frowned and said, "Aren't your strengths very weak? Now you can also use magical skills to let the rich wife directly believe in you?"

"What's weird about this?" Shengzi Xiao Su Zhenzhen said eloquently: "Do you know how much they spend on cosmetics for a year? My magic can help them look more beautiful and have a more sacred and inviolable meaning. These things are unchanged after tens of millions. They are sacred and beautiful!"

Little Lori looked righteous.

Li Yun almost didn't laugh. If she hadn't added the last sentence, Li Yun would have thought that she would say: sacred and inviolable, so men prefer to conquer such women. Cough.

"What are you laughing at?!" Xiao Su was dissatisfied, stretched out his hand to pinch his face, and muttered: "Women are like this, everything has changed for the sake of beauty. I don't understand why mortals care about the beauty of just over ten years. , Won't it all turn into a pile of dead bones?"

Li Yun raised his sword eyebrows. The thought of this saint son was because he became a child, so he refreshed the Three Views?

She must be corrected back!

Therefore, Li Yun patiently explained: "You can't say that. Everyone has the love of beauty. Moreover, even if it is only beautiful for an hour or a day, it will make people feel happy on the surface. What about it on the deep level? It is to satisfy one person's pursuit and enrich the soul of the other person, instead of being sloppy and uncut all day long, right?"

Xiao Su tilted his head and looked at him: "How come you are so crooked?"

Chapter 4054: Discuss

Li Yun shrugged: "I'm telling the truth. In fact, I'm not turning in. I want to say, it's like we are alive, although we are all dead..."

"I won't die!"

The son Xiaosu is not the reincarnation of a vegetarian god, so he interrupted him and said proudly: "I am the reincarnation of a god, and I am the same as a god, so I won't die, I can live forever!"

Li Yun twitched his mouth, and suddenly thought of a question: "Even if someone destroys your small world in Taoyuan Village in Antarctica, you can still survive?"

"..."

Xiao Su murmured: "What are your thoughts? Except for your possibility, who else can ruin my little world? Huh, I said don't doubt my strength, even if you, the Eastern Nuwa Empress, see you. I also want to yell "Sister~"!

Sister?

Li Yunguang imagined that huge statue of the Empress Nuwa, bending her head towards a little loli, and smilingly shouting out the two words "girl, the picture will be amazing!"

"By the way, there are actually no East and West gods."

Xiao Su said again: "You didn't see those murals in the temple? I was thinking about it when you told me just now, but I was so embarrassed to say..."

"Nothing to be embarrassed? Forget it, just don't entangle." Li Yun changed the subject: "Then saint son, why isn't there a god?"

"Because they are all people who were left behind by the creation gods, and gods are basically like this, so a long, long time ago, the east and west gods in your eyes were actually from a family."

Li Yun patted his thigh straight. He said that humans originated from monkeys. It's not reliable, right?

Of course, this must be viewed from an academic perspective and dialectically.

Li Yun said that there is a division between Eastern and Western gods, but Xiao Su said that there is no. Is it proof that there are still things hidden in the mural?

Unfortunately, Xiao Su is obviously reluctant to directly discuss matters related to the mural. Even if Li Yun and her verify whether all the gods have come out of a flying saucer, Xiao Su did not answer directly, but said: The mural is a drawing. It was painted by the second generation of God's son, Rashen, and what they say in it is all after their beautification.

Reluctantly, Li Yun could only give up the idea of getting the answer directly from the son Xiaosuna, and continue to explore the ancient mystery, and strive to get more things about the ancient era.

"Wait, Xiao Su!" Li Yun stopped her. Now the little Lolita had taken out her mobile phone. While lying on Li Yun, she lazily swiped the screen of her mobile phone. It makes no difference.

Li Yun began to admire the reincarnation technique created by Xiao Su, and even changed his perspective on problems. Does it mean that personality can be changed, and IQ can also be changed?

"What?" The blonde Lolita lazily lifted her head from him, and then put her chin on his shoulder, looking at Li Yun blankly.

Li Yun stared at her for a long while, and then suddenly smiled: "Xiao Su, maybe it's because you are the third-generation **** king, so you don't have a deep understanding of the creation era, do you?"

"Dare to doubt me, ah, bite you to death!"

The blond saint leaped forward and bit Li Yun's lips with one bite.

The wonderful soft touch suddenly rippled from the lips of the two of them.

Li Yun's eyes widened, and Shengzi Xiaosu's eyes widened. Both of them looked at each other in shock.

Chapter 4055: What did you say

From the eyes of each, I saw the shock and the incredible. Obviously I didn't believe that it was simple, just, kissed...?

Li Yun didn't believe it, and even the son Xiaosu didn't believe it.

But an inexplicable emotion flowed between the two, causing Li Yun and Xiao Su to sprout each other, and they wanted to stay like this, keep kissing each other, and keep looking at each other.

that's it.

Li Yun's lips moved, as if he wanted to say something.

Saint Son Xiaosu's thin lips also moved, as if he wanted to say something.

The strange two did not stop touching or struggling, and they continued to make the sudden mistake just now.

To be maintained, continuous errors, then it is not an error, but... correct!

It took a long time to separate.

But it's not for separation, but for being right again next time.

"Master Saint Son."

Li Yun hugged her slender waist, and Xiao Su in her arms leaned in softly. She seemed to realize what Li Yun was going to say and what he was going to do. Her eyelashes trembled, and the shy Hongxia was all over her. Little face.

"I will."

Li Yun touched her forehead, then pressed against her cheek, whispered in her ear, and said, "In the future, how about being your prince?"

The meaning is self-evident.

Xiao Su flashed his eyes shyly, did not answer immediately, but took a peek at the door, and suddenly urged Li Yun to close it and lock it back.

"?"

Is it that fast? Li Yun is not ready yet!

"Go!" Xiao Su said fiercely, but his little cheek remained flushed.

"Okay, go right away."

Although Li Yun went, he picked her up, took her to the door of the room, closed it tightly, and locked it.

Then, Xiao Su raised his hand and set up the next formation. Li Yun couldn't see what it was for, but he must have guessed that it was used to isolate the spirit of exploration and prevent some things that would make Shengzi shy from spreading.

only.

After making a confession, or continuing to prepare for intimacy, the two of them did not have the strange affection spread before, but each thought about something.

"You!" Xiao Su's tone became a bit more hurried and resentful.

"...What am I?"

Li Yun squinted, and put his arms around her slender waist. He immediately noticed that the saint son Xiaosu had softened. The girls were all made of water. This sentence is true.

"Just now....."

"What just now?"

"That's... what you just said," Shengzi Xiaosu bit his lip, wanting to confirm it again.

"What I just said was~" Li Yun teased her deliberately, and said with a chuckle: "It seems to be someone's prince, but who forgot specifically, Xiao Su, can you remind me?"

Xiao Su directly puffed his cheeks, muttering something "you are too bad".

Li Yun hugged her and waited for her words with a smile.

"It's... it's me."

After stammering for a while, Xiao Su quickly lost his mind. No one knows here anyway, and there are only her and Li Yun in the room, so it doesn't matter if you are embarrassed.

"You just said that you want to be my prince?!"

Xiao Su changed back to his own style and directly asked fiercely. It was just this fierce, some of which were just cute.

"Well, I don't know Lord Son, is it allowed to not allow me to be your prince?"

Li Yun asked softly, her pampering look made Xiao Su, who had lived for tens of millions or even longer, but had never been in love, blushed and nodded: "Yes! Um~~ slow down. "

Li Yun kissed him again, and the son Xiaosu blushed in response, but quickly grasped the essentials and began to practice with Li Yun

Chapter 4056: Don't say

In the little pink girl's room, soft and soft voices echoed, just like the refreshing sound of spring willow branches blown by the gentle spring breeze.

The breeze blew across the lake, wrinkling a pool of spring and water, and mandarin ducks danced in the lake with long necks.

It took a long time to divide.

The saint son Xiao Su took a breath, and the eyes that looked at Li Yun were full of shyness and affection.

She had lived for so long in the previous life, and was born for so long in this life. It was the first time that she had been intimate with a man like this, hugging his neck, it seemed that the intimacy was not enough.

With this feeling that made her blush and heartbeat, Xiao Su was even thinking, even if her body felt it, she would quickly indulge in it, right?

Anyway, she is the Son of God, and she is also the Ontology, and the Ontology will definitely like it then!

She is a holy son and a god, and the decisions she makes are also the decisions of the body~.

Hee hee, I just don't know what kind of expression she will show when she looks at Li Yun with her own personality?

She is a special existence. It is so special that it is not clear to explain in a few words, but it is certain that she likes Li Yun, and the dual existence of Shengzi and Noumenon, both.

"what happened?"

Li Yun looked at her little red face, the changeable little expression, and a hint of shame flashed in her heart inexplicably.

After all, the little girl with his slender waist in his arms, although she was a holy son, was a **** in her previous life, but, but, but!

how to say.

Li Yun simply didn't want to say it. Now, to use a popular sentence on the Internet, it is three years of blood earned and no loss of death penalty.

Well, the son Xiaosu, is such a cute loli, and she is still blond, and her face is very cute with red cheeks.

But she is several thousand years old, and she has nothing to do with three years of blood earnings. It is a legal existence. Li Yun and the son Xiaosu are in love, which is actually more outrageous than the four hundred years of love with Fan Linglong. .

Fan Linglong is more than 400 years old, but the son Xiaosu is several thousand years old, plus her last life, or the real thing, that is tens of millions of years old.

Cough.

Li Yun felt that he was simply a...passionate species, and only the ancient emperor could compare him.

"I'm thinking, what will happen if my body sees you~"

The blonde loli blushed, but her big eyes smiled like a cat who stole a fish.

Li Yun was taken aback, put his arm around her slender waist, stretched out the other hand, and squeezed the face of Saint Lori: "Your body... Xiao Su, you are not..."

"Don't say it!"

Xiao Su quickly covered his mouth, and said shyly: "Even if you guessed it, don't say it... Anyway, don't ask, just don't say it. Did you hear it?"

The saint son's fierce threat, she is still a very domineering loli.

Li Yun couldn't laugh or cry. He had actually guessed that the son Xiaosu had actually admitted it, but she just didn't want to say it, but wanted to maintain a little bit of mystery?

It was strange, Li Yun couldn't understand.

However, he respects his girlfriend, er, not right, respecting the son is not right, let's respect his girlfriend.

"Well, when you want to say it, I will listen again!"

Li Yun stroked Xiao Su's red bashing hand and turned into a small chin that provoked her. The saint son Xiao Su's cheek became even more red, but he thought that Li Yun wanted to kiss her, so he took the initiative to hold his neck, yes. Holding Li Yun's mouth, he kissed him.

She likes this feeling.

Chapter 4057: Goddess of the future

The two lay lazily on the lazy couch, and the house was set by her. Outsiders could not know what happened here, and it would take a few more hours before Li Yun left, and there was plenty of time to stay with her.

Being together, of course, is to talk about love, although Xiao Su didn't understand it before, but after being like Li Yun, she seemed to understand it all at once.

Perhaps, on New Year's Eve, when she was sitting alone in the empty castle in a daze, Li Yun appeared out of her window, hugged her with a smile on his face, wrapped her thin and slender body in his arms, and gave it to her With warmth, comforted her, and took her down to the lively home to spend New Year's Eve and Spring Festival together.

At that moment, she liked him, right?

After New Year's Eve, she has been pestering Li Yun very much, often chatting with him alone, chatting and chatting, perhaps due to the emotional catalysis that night, her relationship with Li Yun is getting better and better, and soon Developed to the point of making trouble.

During one of the fights, when she was giggling, she was hugged by Li Yun. At that time, she didn't even refuse. Instead, her face blushed. After struggling for a while, she was hugged by him. live.

Xiao Su smelled the man on him again. It smelled very good, which made her feel at ease.

After the hug, it is to kiss your face, shake hands, scratch your palms and so on.

With more and more physical contact, more and more intimate matters, Xiao Su's wariness of Li Yun quickly reduced to zero, until just now, she kissed Li Yun's mouth.

Well, she took the initiative.

Because she was afraid that Li Yun would not dare...

After all, her current appearance is still too small, and she can only maintain such a posture without gaining strong power.

However, Xiao Su can pat her chest to assure that she will definitely be a great beauty in the future and will not lose to any girl around him, she promises to shock Li Yun!

Hehe, will he drool when he thinks of the appearance of his own body? Or is it going to pounce and hug her body-that is, the most beautiful and powerful goddess, and kiss directly?

As it is now.

"Um~."

Xiao Su separated from him panting, his cheek pressed against Li Yun's cheek, resting contentedly, waiting for the next intimacy again.

Li Yun did not speak either, lying on the lazy couch with her, quietly reminiscing about the intimate emotional exchange just now.

"Little Su."

"Huh~?"

"Be my girlfriend."

Li Yun's tone was very calm, and he said firmly.

His hand was placed on Xiao Su's slender waist, and his petite body in his arms gave him a feeling of eagerness. If he was facing an average girl, Li Yun might refuse, but facing Xiao Su, This past life is a goddess, this life is a holy child, and a girl who is about to become a goddess, Li Yun has a strong feeling for this future goddess to have all of her.

Is he lo*ic*n?

Is it a goddess control?

Maybe they have them. Li Yun really likes girls like goddesses, such as Xiao Mingzhu, such as Fan Qingsheng-this is actually nonsense. Who doesn't like goddesses?

"Ok... ah no!"

The son Xiaosu agreed, with a happy smile between his eyebrows and eyes, but soon he squeezed Li Yun's face with a pair of small hands: "I'm not your girlfriend, your girlfriend does Many, just not... Remember, you are going to be named Prince by me!"

She had to think of a magic name for Li Yun.

Chapter 4058: Prince of Cloud

Xiao Su's logic is very simple. She was a **** king in her previous life. She liked Li Yun and Li Yun also liked her, so she had to find a suitable title for Li Yun.

Although he is a prince, he must be titled.

For example... How about calling the Holy King of Light?

Or, the Prince of Cloud?

It doesn't feel very good, just call it Saint Husband! Simple, easy to remember, and very intimate, hehe.

Xiao Su clutched her mouth and laughed. After her reincarnation, her mentality was still as relaxed as the first time she was reincarnated. She had been hiding in the small world since she was reincarnated, which made her feel depressed. People still have to communicate with others frequently .

God, too.

"Prince..."

Li Yun couldn't laugh or cry, he hesitated, and tentatively asked: "Then Xiao Su, do you know? There are other confidantes beside me. They can't leave me, and I can't let them be wronged, though. ...The strength is relatively strong, but you can't put your position above them either."

Simple declarative sentences, not warning sentences.

The son in Li Yun's arms gave him a blank look, "I knew you were messing around with them a long time ago. At night, you all... Hmph, anyway, I know who I am? I am the son of the goddess' reincarnation. You can't detect it by a mere mortal!"

This meant that she had already "seen" what bad things Li Yun and Gong Qingyu and Fangxue were doing at night.

Li Yun's old face didn't blush, anyway, you can see it, Xiaosu will also...

"What do you want to do?"

The clever mind saw the bad things in Li Yun's mind now, Xiao Su looked at him vigilantly. Fortunately, it was Li Yun. Otherwise, if someone else arranges her at close range, Xiao Su just glanced at him. See through the other's mind.

Only Li Yun, a strange man, can block her goddess spiritual sense.

"Ahem, no, nothing."

Li Yun hugged her and kissed Xiao Su's small mouth again. As a result, perhaps after having enough rest, Xiao Su directly hugged his neck and kissed him for a long time.

What the two wanted to say was naturally interrupted.

After more than ten minutes, the two who had just separated continued to rest breathlessly.

Li Yun took a deep breath and eased the turmoil in his heart. He was so close to the future goddess. While he was proud, he was unavoidable that he would feel a little stunned and wanted to have her more.

"Bad guy."

Xiao Su said quietly, moving up and avoiding it.

Li Yun was a little embarrassed and changed the subject: "Xiao Su..."

"Don't talk yet!"

Xiao Su stopped him, put his head on his chest, raised his head, and trembling lightly and shyly in Li Yun's ear, asked in an incredibly small voice: "You, do you want to..."

"what?"

The voice of the future goddess is too small, so small that even a person like Li Yun can't hear what she is talking about.

I only vaguely guessed that what the goddess of the future said was something that made Li Yun's heart upset.

"Yes, that's...what you are thinking about now!"

Saint Xiaosu blushed and kicked him. This guy was so bad-hearted, he knew it, but he still let her speak out.

Li Yun was silent for a while, holding up her little cheek, and seeing the childish appearance on Xiao Su's cheek, the guilt in his heart came out again.

Although Xiao Su has lived for thousands of years, she can't stand it because she hasn't regained her strength yet, so she is relatively petite.

Chapter 4059: go on a date

It is easy to think of those students in the primary school of Zhicai Middle School.

Being intimacy with Xiao Su has already made Li Yun feel more tormented. Although he is also very excited,...it is really, how should I put it.

There is a feeling that Li Yun's justice value drops directly to 0, and his evil value rises wildly, making him feel like a demon king.

Being intimacy with the legitimate saint son and the future goddess king really made Li Yun's heart full of guilt.

Although she is also full of accomplishments, after all, Xiaosu is a true son, a goddess, and she will definitely become a goddess in the future.

According to Li Yun's experience in the Pharaoh Country, Xiao Su's power is no less than the power of the Nine Pillar God of the Pharaoh Country, and it seems that he has defeated them!

To be intimacy with such a future goddess and become her recognized boyfriend, Li Yun said that he was not proud, it must be a lie.

It's just that, although the current goddess of the future has lived in the small world she created for thousands of years, she still looks very naive in appearance. If Li Yun does more with her, he estimates that he will die ashamed.

"Why didn't you answer?"

The future goddess squinted at him. After seeing Li Yun's expression, she suddenly realized something and immediately asked: "Do you think I'm still young?"

".....no."

"Right."

"Uh?"

Li Yun was stunned.

He just said no, why did Xiao Su directly agree?

The son Xiaosu kicked him again, biting his lip, his eyes were a little charming: "You bastard, you said that you don't want to be with me...Dating, have you already thought about it? Huh? ~"

Dating is a term that Xiao Su learned not long ago. The men and women who are dating usually go to watch movies, go shopping, buy some things, or go to the park to hug each other on the grass by the river at night. Or, if you don't go back at night, just go to the hotel to stay...

Couples going to the hotel together, even in ancient times, is quite a remarkable thing, but instead of going to the hotel, they went to the hotel.

Li Yun finally blushed this time, and said in embarrassment, "This is just a normal reaction. You should know Xiao Su, right? But I think..."

"Don't you think, want me to think!"

Xiao Su interrupted Li Yun domineeringly, she decided to be more aggressive and take the initiative-since Li Yun felt that she was not old enough, she would take the initiative to attack, lest he keep shirking.

Xiao Su knows her own situation, she doesn't know when she can regain her strength, let alone when she can merge with her ontology. It may be ten years or a hundred years. In short, she will be in a long time in the future. Can only live with this appearance.

If it was before, she would definitely not feel that there was anything, even if it was a thousand years, she would just sleep for a while with squinting eyes, and it would pass quickly.

But now that I am intimacy with Li Yun, after making him a prince, Xiao Su feels that one year is too long, let alone ten years?

Therefore, she must take the initiative!

"You are not allowed to tell other people about our relationship, unless I take the initiative to tell them!" Xiao Su grabbed his finger and began to set the rules.

"? Uh, all right."

"You are not allowed to do anything to me without being exposed!"

"Uh, of course!"

"Also, you are not allowed to come and chat with me alone, and find time to come with me every week."

"Uh, together? Go shopping? Or play?"

"go on a date!"

Chapter 4060: Agreed

"Dating!?"

Li Yun almost bit his tongue, but seeing the sad expression that immediately appeared on Xiao Su's cute face, Li Yun immediately reacted, hugged her quickly, and kissed her little mouth.

This made Xiao Su's sad expression softer, and pouted to see him: "You don't want to date me? You don't think of me as your girlfriend? Why don't you date me?! Why!"

Three questions were thrown over, and Li Yun could only raise his hand to beg for mercy: "Okay, I am wrong. I want to date Xiao Su. I want to date Xiao Su too much. From the moment I saw Xiao Su, I've always wanted to date Xiao Su!"

"Puff~"

The lovely son broke into a smile, blushing, and said: "Big pervert, big flower. Heart ghost! Dating depends on my mood~~You have to make me happy, and I just reluctantly agreed to go to the hotel with you. "

Her voice was getting smaller and smaller, and when she said the last two words, she blushed even more.

"Don't worry, I must coax my Xiao Su well, and let Xiao Su willingly go to the hotel with me... No!"

Li Yun suddenly reacted, the hotel? Not dating? !

Xiao Su turned his head and muttered in a low voice: "After the boyfriend and girlfriend are dating, don't they all go to the hotel? Also, you big bad guy, don't you want to go to the hotel with me too?"

Li Yun became more astonished.

Is he answering yes or no?

If you think about it, then Li Yun must be a pervert, although it must be reasonable and legal to go to the hotel with Xiaosu, but outsiders don't know!

If an outsider sees him walking into the hotel with the son Xiaosu, he will immediately look at him with a vigilant look.

If Li Yun said he didn't want to, Xiao Su would definitely puff up his mouth again. After all, she was not a loli, but a goddess who had lived for many years before she began to fall in love.

It's not a loli!

She is tens of millions, hundreds of millions of years old.

"Date, of course." Li Yun could only say vaguely: "However, whether or not to live outside depends on the atmosphere. Besides, it is not the first time to go. It must be several times, waiting for a certain date. When you are most romantic, go to the hotel again, what do you think?"

Xiao Su smiled shyly with satisfaction, and came up again, wrapped his arms around his neck, and snapped a mouthful of Li Yun as a reward.

Then, another mouthful.

Then, there were many cracklings, endless.

It was many more minutes later.

The lips of the two were reluctantly separated, their eyes looked at each other's eyes. Li Yun's eyes were full of spoiling expressions, and he hugged her slender waist, while Xiao Su's big eyes had thick eyes. Strong happiness.

"Li Yun." Xiao Su put his chin on his chin, and when he spoke, he exhaled a sweet and greasy scent, and his voice was lazy.

"what?"

"Do you know how I lived in my previous life, or so many lifetimes?"

"How is it?"

Li Yun smiled softly and joked: "Could it be the kind of many men?"

"No!" Xiao Su hurriedly explained, "You are the first man I like, how could I...huh, I will make fun of me!"

She reacted. Li Yun must have guessed that it was the first time she had been in a relationship. After all, her kissing experience was about zero, and it was all taught to her by Li Yun. You can know this after a kiss.

"Okay, I know."

Li Yun hugged the slender little girl in his arms tightly, and his lips moved up, Xiao Su would be satisfied at once, pouting his ruddy little mouth, and kissed him.
