Chapter 4081: Punish Li Yun

Therefore, Li Yun wanted to pass on the atmosphere of last night with Xiao Liuli and Feiyao to all the girls, so that they could all cheer and accept the atmosphere of a big family of frank meeting.

As a result, Fan Linglong avoided his bad hand, dodged beside his apprentice and daughter Fan Qingsheng, and smiled at Li Yun: "I won't be with the person who loves me the most, and I won't give him a kiss."

As soon as these words came out, the flames of war were ignited immediately.

Gong Qingyu, Zhao Tianfeng, Fan Qingsheng, Fang Xue, and Su Muxin all looked at Li Yun and waited for one of his explanations.

Last night, why not find them!

A drop of cold sweat appeared on Li Yun's forehead. Last night, he was thinking about knocking on the doors of the girls one by one with his arms around Jin Liuli. In this way, all the girls are his favorite, and none of them will be left behind.

As a result, I was too happy to have fun and forgot.

In addition, Fang Xue who came later said that he saw it in the group, and Li Yun thought they would take the initiative to come, so he forgot about it...

"This, ladies."

With his eyes on the line, Li Yun bit his head and explained: "I can explain, last night, originally..."

"Let me and Xiaojiao look for you, do you think you should be punished?" Fang Xue interrupted him and said forcefully.

Gong Qingyu gave Fang Xue a funny look, but she still felt sorry for Li Yun and took the initiative to relieve him.

"Yes, of course!"

Li Yun said firmly, "We must be punished severely. For these two days, I will not be allowed to leave Huangting Mountain or leave you. I will stay with you all the time. How about!?"

"Fuck you~"

A group of beautiful girls spoiled, don't leave them? Isn't it that these two days they will be bullied by this bad guy?

"Okay~"

Only Princess Yongning couldn't understand the meaning, so she threw herself into Li Yun's sorrow happily, and said coquettishly, "Husband, let's have a barbecue tonight. Last time... it was like having a barbecue in the backyard during winter vacation. Yongning especially wants to come once!"

Barbecue is an open-air barbecue. It is in the small garden behind the villa. There is a small rockery pool and a few big trees. The garden is covered with large grass and flowers are blooming all around (it is spring now, there was no blooming during the last barbecue.), very warm.

"Barbecue? In the back garden?"

Gong Qingyu's eyes lit up and suggested: "Why wait for the evening, it's all right at noon."

"Yeah~" Hu Xiaomeng clutched his slightly bulging belly, and said happily: "Just go to the barbecue at noon now~! Anyway, there is nothing to do today and tomorrow, lunch and dinner, incidentally, supper together."

"Barbecue? Party? Where is it, okay, okay~!"

It was Shan Xiaoxiao's voice, and she came in with Shan Ruqing's hand.

Everyone's expressions are a little strange, but think about it, there are Cai Wei and Caixia, there are young girls upstairs and the son Xiaosu who may not have gone out. It is impossible to have a big carnival, and it is still in broad daylight, think about it. It's impossible.

Barbecue party, really can only be a barbecue party, Li Yun can't do anything.

"Then I will give orders and buy some things back."

Gong Lianyi stood up and took the initiative to prepare ingredients, mutton, beef, grilled corn, shiitake mushrooms, and some barbecue items. Even girls, there are more than 20, besides, because they are not low in cultivation. The reason is to eat a lot.

"Lianmei, buy some beer~" Fan Linglong said first.

Chapter 4082: Barbecue (Part 1)

This sentence made Gong Lianyi almost stunned on the spot, she hadn't heard anyone calling her sister for a long time.

However, in terms of age, Fan Linglong is enough to be her grandmother...

Calling Lianmei, of course and reasonable!

"Okay, okay, sister Linglong."

Gong Lianyi was a little flattered. Looking at Fan Linglong's smiling face, she couldn't help but think that Fan Linglong, who had lived for hundreds of years, would still drink beer at the barbecue. She was very relaxed and seemed to have a better mentality than her. Some.

It seems that she doesn't have to feel that she is older all the time, isn't she just in her early thirties? Young~.

Thinking of this, Gong Lianyi's smile became brighter.

"Sister Lianyi, I want to drink the happy water from the fat house~" Hu Xiaomeng raised his hand and shouted, Gong Qingyu glanced at her, she also liked the happy water from the fat house.

"I, I want to drink coconut milk~"

Princess Yongning who was in Li Yunqi also followed, and then felt that as a "eldest woman", she could not let Sister Lian Yi prepare things alone, so she left Li Yun's arms and proactively said:
"Sister Lian Yi, I'll help you Yeah~."

"what?"

"Come on, let's go, let's prepare, do you need anything else?"

"A roasted whole lamb~"

"Some spices."

"More vegetables. Sister Saint likes vegetables, but doesn't like barbecue."

"I also can."

"Get some snacks, melon seeds, stools and tables, forget it, let me help you."

"Would you like to call Shengzi Xiaosu?"

"I think I want to call Senior Young Girl by the way!"

"What are you discussing so lively?"

After Xiao Mingzhu appeared with a bright smile, a mess of discussions immediately gathered on her. In terms of practical ability, Xiao Mingzhu is definitely better than anyone. She went out in person and considered everything.

A grand barbecue party started like this.

...

The young girl couldn't find food at noon. After asking the maid, she learned that Li Yun had a barbecue party in the back garden.

Originally, she didn't want to participate, but when she heard that there were various drinks at the barbecue, she reluctantly thought about it for a long time after the picnic before agreeing to go downstairs.

"Little Meng, don't run~!"

"Hahaha, come and catch me!"

"Damn it, sister Qingyu helped me catch her, she stole my roasted chicken legs!"

"What is yours? My husband baked it."

"Your husband is my brother!!"

Before coming to the back garden, the young girl heard a burst of laughter and noise, and she smelled all kinds of fragrant barbecue scents by her nose. Her heart moved, she was actually looking forward to the next barbecue party.

Even if it was such a lively occasion, it was not particularly suitable for her. She hadn't participated in such a banquet for a long time.

The Lantern Festival last time was not counted.

Last New Year's Eve did not count.

The young girl paused and thought about it carefully, and found that she had recovered and all the activities she had participated in were related to Li Yun!

Even many years ago, she was not asleep, and when she woke up several times, she did not participate in the lively activities like these days.

This kind of person-to-person communication, fighting with each other, chasing each other, laughing at Yan Yan's banquet, in fact, she does not reject...

The young girl took a deep breath, walked out of the hall, and came to the back garden of the villa from the back door.

In front of her was a happy picture, slowly unfolding in front of her.

"Senior Young Girl is here!"

Princess Yongning shouted loudly, her rare spirit today did not go to a nap.

Chapter 4083: Barbecue (below)

As far as the usual work and rest time is concerned, Zhu Shue usually wakes up at 11 o'clock in the morning, exercises for a while, reads a book, and it's time for lunch. After lunch, she will watch TV again. When you are tired, go back to your room to rest, or take a nap on the sofa in the living room, until you wake up at two or three o'clock in the afternoon, and go for some exercise.

Now she has eaten a lot of barbecue, but she is still very energetic.

"you.....!"

The young girl looked a little surprised, the scene before her was truly amazing.

The back garden of the villa is quite large, with a rockery, a small bamboo forest, four or five large and leafy trees, and the shade under the leaves is enough to allow twenty to thirty people to be divided into four or five groups, surrounded by one by one. Next to the furnace.

The big tree is a huge branch with three iron rope swings hanging down. Four or five girls are sitting on the swing, while gently swinging on the swing, chatting and eating barbecue and vegetables.

There are neat green grass under the shade of the trees, four or five spacious stone chairs, and a few beautiful girls are also sitting and looking around.

Moreover, there are several patterned tablecloths on the grass, on which are placed some frozen drinks, fruits, snacks and so on.

Near the tree trunk, a fairy with a cold temperament, even in the ancient times, is not bad at all, holding a book in her hand, watching quietly, another beautiful beauty with good strength chats with her, While holding a piece of barbecue to feed her, her expression was full of pampering and contentment, and she seemed very satisfied with her current life.

This pair of beautiful women is either mother or daughter or apprentice.

And beside the five ovens in a circle, the only man in the back garden is busy.

This man is handsome, handsome, and has a very stylish body. Now he is so busy that he can't wait to grow ten hands in order to barbecue his confidantes. Fortunately, he is good, otherwise he has to be exhausted.

"you....."

The young girl opened her mouth, but she hadn't spoken for a long time.

The scene before me is so...happy.

The young girl can only use the word happiness to describe this scene.

In the back garden, there are many people, many beautiful women, and many peerless beauties.

Each of them is gorgeous and beautiful, but they are willing, or rather contented, to stay by Li Yun's side and gather in a small back garden.

So many beautiful women gathered together but did not explode. The young girl was only seen when King Zhou was the strongest-that is, the emperor's majesty, and the concubines in the harem were not allowed to complain.

The other emperors and concubines were not dead, more or less resentment in their hearts, even if they were together, they would be dissatisfied.

But here in Li Yun, she couldn't see the situation like that, and every girl had a happy smile on her face.

As far as the young girl knows, the sage Fanqing, Fan Linglong, Gong Lianyi, and Hu Xiaomeng are all like this. The other girls she doesn't pay much attention to can't be named, but they can still be overflowing from their faces. Smile, knowing that they are enjoying the time now.

"You came?"

Not far away, Shengzi Xiaosu, who was sitting on the grass, raised her head and glanced at her, and the green girl subconsciously walked over and sat next to her.

After a long silence, the young girl said: "You feel at ease..."

She admired Xiao Su, and she really had such a mentality to participate in the banquet.

Chapter 4084: Self-destruct

"What's wrong with me?"

Saint Son Xiao Su Bai glanced at her, "The previous things are over, and I will never go back to the past, and I don't want to go back to the past. Isn't life better now than in the ancient times?"

At this point, the young girl nodded in agreement.

In today's modern society after tens of millions, despite the serious air pollution, the earth is filled with all kinds of man-made garbage. When walking on the streets, there are a lot of messy sounds rushing into people's ears, and when they run into the mountains, there are a lot of noises. There are

plastic bags and all kinds of donkey friends to make noise, which makes it impossible for people to think of being quiet for a while.

However, the noisy and filthy modern society has a much richer material life than in ancient times, and all kinds of things that used to cost a lot of money to obtain, modern society can eat a bunch of just a few dollars.

For example, lychees, as well as the spices used for roasting meat, were more expensive than gold in ancient times, and even more incomparable in ancient times.

The ancient era was an era controlled by the gods. The power of the gods was very strong, but they didn't do anything. Mortal people had little enjoyment, and they could not create anything to please the gods. To put it in the words of the young girl, the entire society was in productive force. Extremely low state.

The power of the gods has not been used to increase productivity. Even if there is, it cannot be replicated. One year of good weather will not work, and ten years will not work. Only by teaching mortals to build water conservancy projects and dams can mortals gain strength. Get progress.

Not to mention, there are many enjoyments in modern society, from TV sets to computers, music, films, novels, etc., each of which consumes a lot of daily time for young girls.

Especially the game, it's really...can't stop playing.

"so....."

The young girl hesitated and did not finish.

Saint son Xiaosu understood what she was going to say, and replied: "I don't care what I used to be. I was the same as you now. I didn't want to live so I died. Now I am a reincarnation, my new I just greet a new life, it's that simple."

The words are a little awkward, if ordinary people listen to them, they may only hear a small part of the meaning.

But when Qingnv heard it, she heard a warning to her from Xiao Su's words.

Both gods and immortals are immortal existences. Even if the spiritual energy is dissipated and the physical strength is gone, the soul of the gods can already wander in the void, drawing the need to maintain life from some of the remaining cosmic energy.

They will live forever, build some shelters, create some small worlds, just to maintain their physical bodies, so that they can live more comfortably when they wake up occasionally, nothing more.

But the immortality of the soul does not mean that it will exist forever.

The soul of the **** can exist forever, but there is also one thing that can make the soul of the **** die.

That is, gods and immortals take the initiative to ask for death.

To put it simply, it means that you live boringly, and you are not interested in everything in the world. For a long time, for a hundred thousand years, for a million years, the soul of God will not move, and will be interested in everything. Missing, no response.

Over time, the gods will fall into a state of suicide, and the stable soul will slowly dissipate. The gods who are in a suicidal state will no longer dare to be interested in everything and will only die silently.

In eternal life, this state is called: self-destruction.

Self-destruction, self-fing, self-destruction, from being to nothing, naturally perishing.

Chapter 4085: Fight fatigue

It is very difficult for an immortal who is in self-destruction to get rid of such a state. It is like a person who has a low expression and has suffered huge difficulties and pressures. Life, study, family, and even all sides put pressure on him.

At that time, unless the pressure disappears and people rejuvenate, otherwise, no amount of comfort, it will not be possible to comfort him.

And the self-destruction of the immortal is more terrifying than this extremely low state of mortals.

A mortal looks low, or at least he will communicate with the things around him. He does not exist outside the world, the pressure is relieved, and the person becomes lively.

The self-destruction of the gods is different from that of depression patients.

If a person with depression is not born, it is very likely that he will be depressed because of the pressure in life.

A person born with depression is not a mental illness, but the body is unable to produce substances that can make people feel happy, so that the human brain cannot be stimulated for a long time. This must be treated with medication, otherwise it is impossible for him to feel happy. of.

The self-destruction of gods is similar to that of people born with depression, except that the latter is a physical problem, while self-destruction is a mental problem.

In layman's terms, the gods have seen too many things and experienced too many things in the long years, and they are tired of everything, and all external stimuli have no effect on them.

As a result, the soul of the immortal **** gradually decayed, degenerating to the end, and became a pure thought, dissipating in the universe.

Self-destruction is the countless hurdles on the road to immortality-meaning that in multiple periods of time, the soul will become bored with things and become inanimate, and must survive a certain hurdle in order to obtain a longer life.

The son Xiaosu glanced at Qingnv a few times: "You were probably dying before. Fortunately, Li Yun planed you out of the grave. Otherwise, you probably won't be able to survive for a few years and you will die completely."

The young girl did not refute.

When Li Yun met her, she was sitting alone on a tall pillar, looking up at the bright moon. If no one disturbed her, she could be in a daze for several years, decades, until the sleeping place was buried back in the ground. She will sink to the ground along with her.

The next time I come out again, I don't know when it will be.

After Li Yun brought her to a modern society, the young girl was surprised to find that it was not because of Li Yun or because of these modern entertainments that her spirit became more and more active. According to the life of ordinary people, it is from The mentality of seventy-eighties has returned to the mentality of thirty or forty years old.

Up to this moment, the young girl even felt that she had regained her youth!

"and you....."

The young girl looked at Xiao Su, probably guessing why she looked like this: "Are you using your child's state to fight against the tiredness of the soul?"

When the body of ordinary people regains their youth, they can also regain their active mentality to a certain extent.

The gods are a bit more troublesome. They need to seal the original personality and create a new personality to replace it. The brand-new personality has a fresh perspective on the world and can revitalize the tired god.

Just like the current son Xiaosu.

"Who knows~"

Xiao Su didn't answer directly, she was still holding a small dish of grilled things in her little hand, from lamb skewers to roasted leeks, a small dish full of them.

Seeing this, the young girl reached out and took a fragrant mutton kebab. Xiao Su quickly turned the plate to the other side: "You can eat it, but you are not allowed to eat my mutton kebab!"

Chapter 4086: Your little husband

"Why can't you eat it? Do you want to keep it for your little husband?"

The young girl was originally teasing, teasing the reincarnated little loli god, first to ease the atmosphere, and secondly, she wanted to make her mentality younger.

Unexpectedly, the little face of the blond saint Lori flushed with a burst, her eyes were unbelievable, and she stammered: "You, you, how do you..."

This time it was Qing Girl's turn to be surprised, her eyes widened: "No?? You really like...change it, um."

She was covered with her small hand by the son Loli, and she was speechless. Several girls around took a look at them, thinking that it was the son Xiaosu who was joking with Qingnv, but she didn't care too much. .

"Don't talk about it again!" Holding Qing Girl's mouth, Xiao Su viciously warned that she had been intimacy with Li Yun quietly in the room for a long time yesterday, but was discovered today? How did this guy know? It makes no sense.

In fact, even if Xiao Su didn't cover Qing Girl's mouth, she couldn't speak now because she was too shocked.

It is difficult to use pen and ink to affect the shock and surprise of the young girl's heart at this moment, because it is too outrageous!

Who is the son Xiaosu?

She is the king of gods. To be precise, she was a king of gods in her previous life. In ancient times, she did not know how many gods and subordinates controlled a large area of land, and countless believers worshipped her.

The strength is definitely one-of-a-kind, no weaker than the Jade Emperor of the East, the saint Sanqing, and the Nuwa Empress. Of course, no one knows who is stronger, but the young girl herself is more than affirmative.

But now?

After being reincarnated, Xiao Su became a little loli and fell in love with a man. It seems... Judging from her performance, she has already had some intimate relationship with that man, so she blushed, so in a hurry?

"Don't say it, have you heard it!?" Xiao Su warned again, she didn't want to expose it now, at least, when she found some power that belonged to the gods, and then appeared openly, with the appearance of the goddess when she grew up, Appeared in front of Gong Qingyu and Fangxue, instead of the current little Lolita.

The green girl nodded blankly, Xiao Su slowly let go of her, and gave her a warning look, before going to eat the roasted greens that Li Yun gave her with peace of mind.

The little face is full of happiness, it seems to eat her...little husband, the things baked by hand are the most delicious things for her.

"This... is outrageous."

The young girl covered her forehead, she really didn't know what to say.

Not to mention the problems of strength and status, the lifespan of the two people alone makes it hard to imagine that Xiao Su, who is reincarnated, will like Li Yun.

"Aren't you afraid of him dying?"

The young girl lowered her voice, but said something terrifying. By the way, she took a bite of Li Yun's grilled kebabs. Not to mention, this man was a little bit carefree, but his cooking skills were first-rate and he had already conquered the young girl. Her stomach almost conquered her.

It's a pity that this guy doesn't like cooking, he can only eat it once in a few days, if only he eats every meal.

"What silly thing are you talking about?"

Xiao Su glanced at her, "Don't you see it now? My man...that is, Li Yun."

She paused for a while, her little cheek was a little blushing, but speaking about it in front of outsiders made her feel exceptionally happy and exciting.

Chapter 4087: He is not

"What's wrong with your man?"

The young girl said this deliberately, teasing the little loli of the reincarnated god, seeing her shy face, and then contacting the shy little loli's previous life, and contacting her with the majestic and heroic goddess in her previous life. Together.

When the two were matched, the young girl seemed to see the shy appearance of the goddess of light, wearing a battle armor, and the goddess with seven holy angels beside her, showing a shy look.

Thinking about it, I feel abnormally irritating.

The young girl became a little excited. This was something she hadn't experienced for a long time. It gave her a feeling of being alive and young again, her aging mentality gradually faded, and she was rejuvenated again.

"and many more!"

The young girl suddenly thought of something, and opened her eyes to look at the Saint Xiaosu: "Why don't you take Li...you use your early little man as a medicine?!"

"Yao Yin?"

Xiao Su thought for a while, only to understand the meaning of the word, and he was furious: "How is it possible, I really like him..."

After that, she also took a special look at Li Yun. Li Yun was grilling the little princess and the others, and when she saw her, she smiled at her.

This smile made the blond son Lori red on her face again, and she turned her head away: "I really like him, don't get me wrong? He... In short, it is good. It makes me feel happy and makes me feel Happiness can also make me feel satisfied. Isn't this... love? Right."

She actually doesn't know much about love. After all, when she was a goddess in her previous life, no one dared to pursue her. Even if she dared, they approached her with various purposes. When she saw it through, the men were so scared that they fell to their knees and shivered. On the ground, kowtow begging for mercy.

Boring.

Li Yun is different.

Not only took her out of the small world, but also flew with her on his back. I didn't know who she was, but it was also very good to her. Knowing that she was a **** was still very good to her.

On New Year's Eve, when he and the women spent the New Year's Eve happily, he also thought of her in the castle on the mountain and flew her out of the castle on his back.

Spend New Year's Eve together.

Why doesn't she like such a man?

Perhaps, her current reincarnation body was just right at the time when the heart of spring was sprouting. Perhaps, when she was a goddess in her previous life, she was looking forward to a man standing next to her instead of standing behind her as her underling.

"Love? Maybe."

The young girl has never been in love, and she hasn't even been affected by King Zhou. She worships Nvwa Empress's family, and her strength is not comparable to King Zhou. After entering the palace, she confuses him secretly. She doesn't know the love between men and women. What does it look like.

"What is maybe, this is it!"

Saint Son Xiaosu pointed to her heart, and the young girl understood: "Bangbang?"

"Of course~"

"Okay... But, are you really afraid that he won't be able to pass that level of self-destruction?"

Even if the body exists, the soul will perish due to self-destruction, which is equivalent to death.

"What silly thing are you talking about? My man is that kind of mortal?"

Xiao Su talked to the young girl in the tone of an adult. With her goddess status in her previous life, that is naturally no problem, but the point is that she now looks like a fifth-grade elementary school student, speaking like this to a forty or fifty-year-old aunt. Then...

That's weird!

"Isn't he?" Qingnv glanced at Li Yun who was having a barbecue with her woman, "I think it is, it's nothing more than some adventure."

Chapter 4088: Unwilling

"Anyone who has an adventure with a magic weapon like Qinglian Immortal Mansion?"

Xiao Su asked her back. The young girl still wanted to talk, Xiao Su said again: "Or, I have a small world that triggers Penglai Fairy Island, my sleeping little world, your family, the **** of corpse, these people who have all walked through?"

The young girl opened her mouth and had nothing to say.

Judging from the adventure, that man is indeed a bit outrageous.

"Huh~, I think people can still make mistakes?"

Xiao Su became proud, "From the moment he entered my little world, I knew he had an extraordinary background, so I followed him out, otherwise, why do you think I went out with a mortal? Wait, why are you? Follow him out?"

"I?"

The young girl was stunned when she was asked, and she quickly recalled that she was temporarily recovered from the shock on Penglai Island. She woke up and sat in a daze in the dilapidated city by herself. By the way, she played with the people who came to steal the dog.

After seeing Li Yun, he broke the spell of charm, and somehow agreed to his invitation to come out and take a look at this world ten million years later.

Then came out.

Now that I think about it carefully, she really doesn't know why she agreed to her in the first place. In addition, her heart is not completely tired, otherwise she will not be bored to tease others, but just ignore it.

This is actually nonsense. If she is completely tired, she will die long ago instead of waiting for this time to recover.

Being able to play around with others proves that she actually has a bit of vitality.

Thinking about it this way, the young girl's mood has improved a lot, and her vitality has increased a bit.

"Yes, you."

Saint son Xiaosu glanced at her up and down. The origin of this woman is still unknown. It should be a monster, or a monster, but compared to her old look, she is now younger and younger, which proves that her soul is also there. Becoming young slowly is no longer a road to self-destruction.

For immortals, self-destruction is undoubtedly the most terrible enemy. Many people who cannot survive will tend to self-destruct, or destroy everything frantically, turning into monsters, just for a little excitement.

"I have no idea."

Qingnv shook her head, bite out the skewers in her hand, bit it in her mouth, pondering for a long time, chewing the skewers in her mouth, and said vaguely: "Perhaps, I am not willing to die before I die."

"Unwilling? Just what you said, unwilling to Nuwa?"

The saint Xiao Su Yin smiled, "Just you? Who are you? The senior Nuwa is not easy. Her strength is not low, and it seems that she has nothing to do with her. It's all Sanqing fighting against Buddhism. , I haven't heard anything about her, I can't think of anyone who would go against her."

Qingnv glanced at her, "Didn't you tell me? My name is Daji and my surname is Su."

"Su Daji?" Saint Son Lori nodded, thought for a while, and then again, shook her head and said: "I don't know."

The young girl suddenly became angry. To the people here, Su Daji is a famous monster, but the reputation is still spread around here, at most in the cherry blossom country. She has ran to the

cherry blossom country, and There was a lot of noise, and finally accepted an apprentice there and became the **** of Inari.

Unfortunately, that's all.

Still not very well-known, three or four levels worse than that of Saint Xiaosu's previous life.

"I don't know, forget it."

The young girl was too lazy to say, she didn't know anyway.

"Wait, don't, maybe I know it, you can say another name, such as a nickname." Shengzi laughed: "I am quite familiar with the gods of the East, and I have a very good relationship with Chang'e. Woolen cloth."

Chapter 4089: Ye Xiaosu

The young girl rolled her eyes, "My relationship with her is very poor, no, I should be one of the enemies."

"Chang'e's enemy? Chang'e has not many enemies. Could it be that fox?"

Shengzi Xiaosu said in surprise, Qingnv rolled her eyes again, and said that she acquiesced that she also grabbed a bunch of roasted leeks on her plate.

Xiao Su lowered his head and thought for a while, and finally laughed, tears shed from his eyes, and he clutched his belly and laughed, causing the surrounding girls to look at her strangely.

"Xiaosu? What are you doing?"

Li Yun didn't deliberately listen to what the two of them were talking about. It would be too tired to pay attention to the surroundings all the time. Eavesdropping is not a good habit.

"What is Sister Xiaosu laughing at?"

Xiaomeng also asked curiously. Although she was older than Xiaosu in appearance, she was called her sister for granted. This is the title that Hu Xiaomeng won after believing in Xiaosu, so he doesn't need to call Master Shengzi anymore.

"No, I didn't laugh at all."

The blonde loli wiped her tears, "I just think that originally a fox with a variety of charming and charming...little, um!"

She was also overwhelmed by "Su Daji", so that the following sentence "Originally a charming vixen, turned into a big mother like a bucket, is too small" can not be said complete.

But the meaning, Qingnv already understood.

"Stop talking! Have you heard?"

The young girl lowered her voice and threatened fiercely: "I didn't even preach that you are the goddess with the surname called Su, the goddess of the goddess of light!"

"Remember wrong again?" Xiao Su squinted at her, "That's my father, I'm the Goddess of Light, and God, but I'm not my father, Jesus."

The young girl said strangely: "You really are not alone? Reincarnation, right?"

"No, I inherited the title of God, but it's not my father, and I'm not the creation god, how come out of thin air?"

The creation ***** is not the ***** who created the world, but the original god, which can also be called the early god.

"Then what's your name?"

"Jesus, ***** can do too."

"Weird and weird, I always think you are a lie to me."

"You are a puppy!"

"Do you want to bark in the next sentence?"

"No, I'm too lazy to care about you, I'm looking for my man to play, you should recover as soon as possible, I have a hunch that the future will be very lively."

Little Lori Jesus, who claimed to be a ***** and inherited his father's title, ran up to Li Yun and happily helped him with the barbecue grill, sniffing the scent of the barbecue with her little nose, and making a giggle.

She said that she was God, and the young girl didn't believe it. After seeing this scene, she didn't believe it even more.

Which ***** king is so lively and lovely?

Even if you reincarnated...

It's also a good thing.

The young girl suddenly became a little envious again, and when she reached the level of Ye Xiaosu, it seemed that the self-destruction of the immortal was no longer a problem, and she would even calmly face the matter of becoming a child.

Then, should she become more energetic?

...

Taking a look at the young girl in trouble, Li Yun asked Xiao Su next to him: "What did you talk to her?"

"It's nothing, just asked her some questions, she said she was..."

"Vixie?"

"Huh? You know?"

"What she told me before, why, can't you say it?"

"She said she couldn't say it herself, ah, leave her alone, grill me a corn, to burn a little bit.

To roast corn, or to roast anything, is to roast a little bit more deliciously.

Chapter 4090: Grilled corn

Especially for grilled corn, the corn kernels are roasted to golden brown with a little burnt black, and then smeared with honey, slightly roasted, oooo, so fragrant~.

"Want to eat?"

Li Yun stretched out the almost roasted corn on the cob in front of little Lolita, the blonde little Lolita suddenly nodded, and she opened her mouth and wanted to bite the corn on the cob. The white teeth were clearly visible and very cute.

"I won't give you food."

Li Yun smiled and removed the corn on the cob, put it back on the charcoal fire, and said with a smile: "It's not done yet, wait a minute."

"Hate to die!"

The son Xiaosu wrinkled his nose, his face was puffed up, but he still didn't leave, sat next to Li Yun, and continued to look at the roasted corn on the cob with greedy eyes.

Barbecue racks are quite high-end types. The four legs can be stretched and shortened, allowing people to stand or sit down to barbecue, especially now sitting on the grass and doing cross-legged barbecues with a bunch of seasonings beside them is a kind of enjoyment.

Sometimes, grilling is more comfortable than eating barbecue. Watching the meat sausages is sizzling, the fat overflows, and the aroma is also emitted. This feeling is simply not too good.

And Li Yun, with Lolita, younger sister, elder sister, and confidante around him at this moment, such a warm and happy afternoon can really make people addicted.

"Mingzhu, do you want to eat?" Li Yun blinked at Xiao Mingzhu. The latter laughed aloud, knowing what he wanted to say, shook his head, and nodded: "Okay, let me eat a sausage. , Bake one for me~."

"receive!"

Li Yun handed the roasted corn to Shengzi Xiaosu, Xiao Lolita suddenly cheered and ran around on the grass in the back garden holding the roasted corn on the cob. The happy laughter made Princess Yongning a little greedy for the corn on the cob in her hand. , But embarrassed to grab one, so I begged her husband to give her one too.

"Do you want it?"

Unexpectedly, Xiao Su took the initiative to stretch out the corn cob in front of Princess Yongning, and said with a grin: "We are half and half, and we will divide yours later."

Princess Yongning was taken aback and nodded vigorously, "Okay! Thank you, eh, sister Xiao Su?"

"Don't call my sister~!" Xiao Su Luoli's expression became very serious, "Call my sister~~~"

"Huh sister?"

"Yes, elder sister, that's elder sister~~~"

"It's weird, you are so small, Xiaosu."

A lively barbecue will last from twelve o'clock to a little more than one point, and the women all expressed that they can't eat anymore. A group of beautiful girls spread a huge clean tablecloth on the grass under four or five big trees, and then lay them on. Take a nap in the warm spring sunshine.

Well, the sleepy little princess Yongning was the first to fall asleep. In fact, after she was full, she couldn't support it at one point. She ran to the reading Sage Fan Qing to sleep, still resting her thigh asleep.

Everyone was amazed. They didn't expect that the little princess would take the initiative to ask for the knees, nor did the Saintess would let her do so.

Perhaps, the heart of Sister Saintess is softer than imagined.

Li Yun didn't clean up these barbecue grills. They said that they would have another one tonight, and they would definitely not be in the mood to barbecue again tomorrow Sunday.

In fact, it is the same for many people. Friday night and Saturday are the happiest. Although Sunday is also a weekend, it is more uncomfortable than normal work and school days because you go to work on Monday.

At least Li Yun was like this when he was in class, now... he just goes to school or not.
