Chapter 4091: Talking with Lianyi

"Are you tired?"

All the beautiful girls lay on the warmly tanned grass, under the shade of the trees, or closed their eyes to rest, or played with their mobile phones, waiting for the time to fall asleep.

Only Gong Lianyi was still by Li Yun's side, looking at him tenderly.

"Lianyi, don't you sleep?"

Li Yun clapped his hands, put out the charcoal fire, walked over and lightly hugged her waist, and whispered: "Would you like to go with me..."

"what?"

Seeing Li Yun's expression, Gong Lianyi flushed, and twisted his waist: "No, it's not allowed... They are still there, so many people, you can't figure it out."

"I'm wrong, I didn't say anything, I was saying whether to chat!"

"It's strange if you believe it, you are not allowed to speak, they are going to sleep."

"Then let's go under the bamboo over there."

There are some pillars planted around the garden. They are not particularly tall, but they can also provide shade. They are still relatively cool. Of course, it is spring time, and it takes a while to get warm in the sun.

Gong Lianyi hesitated, and was half-pushed by Li Yun around her waist and went under the bamboo, some distance from the girls under four or five big trees.

All the girls and children saw Gong Lianyi walking with Li Yun, but they did not get up, but continued to sleep, let her talk to Li Yun.

"Lian Yi."

Li Yun sat down with her arms around her and let Gong Lianyi sit on his lap. The two were extremely intimate, almost as if Li Yun stepped forward, they could be exactly the distance from her to kiss her.

Before it started, Gong Lianyi was already blushing, and her little hand was squeezed in front of his chest. Some did not dare to get too close, for fear of sparks.

She knows what Li Yun thinks at this time. Once she is free, she will...cannibalize people and swallow people in one bite.

"Well, what?"

Gong Lianyi was a little nervous and asked.

"Why are you so nervous, I won't eat you again." Li Yun blinked.

"Who, who knows."

Gong Lianyi doesn't believe her. On weekdays, as long as she catches her when she is free, isn't she going to eat her?

"Then...Is it wrong?"

Li Yun recalled the situation in the past for a while. It was true that most of the time when he saw Gong Lianyi, he swallowed her. Although there was no shortage of heart-to-heart talks, they were all discussed while devouring her. Talking in peace like this is a bit less talkative than when making a fool of yourself.

"Um... your apology, I accept it~" Gong Lianyi raised her tone, like a girl, not a royal sister, with a brisk tone, with a smile on the corners of her lips and watery eyes. Look at him.

Li Yun was a little surprised, "Doesn't that mean that Lian Yi is really dissatisfied with my usual performance? To be honest!"

"It's a little bit~" Gong Lianyi's tone didn't heavier, and she didn't feel aggrieved, she just narrated her daily feelings: "In fact, I like to be quieter, but you always pull me and Qingyu to mess around. , Although it's not hate to die, but occasionally take care of my feelings, right?"

Li Yun raised his hand, saying that he would definitely take care of her in the future!

"certainly."

Gong Lianyi took a deep breath and suppressed the emotion in her heart. There are so many girls around Li Yun now, but she is still willing to make love to her. What is her dissatisfaction with such a man?

"certainly?"

"Of course... I like that too."

Gong Lianyi bit her lip and blushed as she whispered.

Li Yun laughed.

Chapter 4092: Weekend activities

Intimacy with Gong Qingyu, her face was ruddy and her breathing was short of breath, Li Yun let go of her, and lay with her under the bamboo leaves for a nap. I have to say that the back garden is full of green grass, and the level of comfort rises linearly. .

With a few big trees blocking it, even if you do something in the back garden, people on the second and third floors of the villa will not be able to see it.

However, the back garden is still a bit small. I will find an opportunity to expand the back garden area. Anyway, there are dozens of villas on Huangting Mountain. There must be places. There is no one around Li Yun's villa, so I want to expand it. Times are ok.

With his current influence, as long as some compensation is given to the property office of Huangting Mountain, I believe that no one will object to the hundreds of families on and off Huangting Mountain.

In the afternoon, when Gong Lianyi woke up from a daze, she found that she was already full of girls. They all looked at her with a grin. She was so embarrassed that Gong Lianyi hurriedly got up, but was pulled into the dungeon by Li Yun again, in front of her sisters. We kissed her hard before letting go.

"Who wants to kiss?"

Li Yun was eager to try, the so-called warmth thinking, now he is full of energy, especially wants to come to a grand banquet, to advance the trip to the island.

Of course, when I mentioned this in front of a group of beautiful girls, even Su Muxin and two younger sisters smiled and fled, and they didn't give Li Yun a chance at all.

Fortunately, he also had the cute and cute little princess Yongning, who blushed into his arms and was hugged by Li Yun. He walked to a swing and sat on the swing with the little princess while swinging. Did you kiss her and make the little princess Yongning giggle, her little face full of happiness.

"Okay, stop making trouble."

Xiao Mingzhu clapped his hands and said with a smile: "Little princess, come over, let's go play ball~, weekends are your sports time, don't forget."

Yongning Princess Zhu Shu'e hesitated, and obediently jumped off the swing. After turning around and kissing Li Yun again, she joked and ran to play with her sisters.

Soon, only Li Yun, a widow, and five barbecue grills were left in the back garden. The other girls all ran out to play sports on the grass in front of the villa.

Even the lady of the saint who was still reading a book slowly, was dragged away by Fang Xue.

Xiao Su also followed the crazy game. The young girl seemed to be particularly energetic today, and she actively asked to also participate in playing basketball, badminton, and football on a small field.

Li Yun didn't care too much. He took a sausage that he didn't know who ate half of it on a low table on the grass, took a bite, and tasted it.

Well, it's not the young girl, it's the blonde loli.

That's right!

He just remembered the smell of fragrance in the mouths of almost all girls.

In the group of girls just now, except for the young girls, Li Yun has all intimated with them many times. The least, Cai Wei Caixia, and the son Xiao Su, have kissed him for an hour or two, and they will definitely return in the future. There will be more opportunities to be intimate with them.

No, there is one more, Xiaoxiao!

However, this little girl often kisses his face, and Li Yun can barely recognize her smell.

So this Xiaosu ate the remaining half of the sausage, Li Yun didn't dislike it, and ate it up in twos or twos before he clapped his hands and walked out of the back garden.

In the front of the house, a group of girls were divided into groups and played around. Some were sitting on the grass watching them play, some were playing badminton, and some were playing football—in fact, they were running around on the grass.

Looking at the hilarious scene in front of him, Li Yun lying on the grass narrowed his eyes.

Chapter 4093: really miss you

In the evening, I ate barbecue again. After a happy and comfortable Saturday night, the time came to Sunday morning. After lunch, these girls left the villa and returned to their respective places.

Although Jin Liuli was very reluctant, she still insisted on going to Penglai Island and Xia Feiyao was also with her. Fan Linglong felt that such a day—referring to the days when Li Yun was messing around with Li Yun from time to time, was really a bit depraved, so listen. After talking about Penglai Island, she also took the initiative to follow Jin Liuli and went to Penglai Island with her.

There, the Fairy Club also has a big house. If he is free, Li Yun plans to go on vacation with his confidante.

Li Yun had no objection. Fan Linglong went there to cooperate with Jin Liuli. It was just right. Her strength was strong enough. Now the tenth-level supernatural power is just like a child in front of her. She is there, Jin Liuli and Xia Fei. Yao's safety is almost 100%, unless some ancient immortals suddenly emerge from Biyou Palace on Penglai Island.

However, even the immortals, according to Li Yun's current understanding of the power of the gods, those immortals who have just awakened will not be strong, as long as they don't venture into the Biyou Palace to trigger those endless organs.

Therefore, Fan Linglong quickly decided to follow Jin Liuli to Penglai Island. Saint Fan Qing did not follow her. She was in retreat recently, and her cultivation reached a more critical moment. She should not be distracted-being with Li Yun is not a distraction. .

As for the others, they are still the same. Hu Xiaomeng and Zhao Tianfeng went back to the capital to study. Shan Ruqing was still her president. She worked as soon as the weekend was over. To be precise, she went to work for a while on Sunday afternoon. Still the same, Gong Qingyu still didn't want to go to school, and stayed at home all day.

"Li Yun, miss you so much."

The person who sent a pitiful voice was Ise Jinzakura, who was far away in the country of cherry blossoms. She also joined the fairies group. When she saw Li Yun holding a barbecue in the group, she almost wanted to fly over to participate.

It's a pity that she still has a lot of things to deal with. The 100 kilometers around Ise Jingu have all become her site. The original people who lived can stay still, but there is still a lot of space left for construction. Building to provide for those devout believers to practice.

Onmyoji, divine arts, Taoism, yes, yes, Taoism is also the content that Ise Jingu is good at. When Li Yun knew about it, he wondered if the goddess of Amaterasu had once worshipped the Taoist school, or even three. Qing, or Hongjun's disciple?

Anyway, there are all kinds of messy things. Even if Ise Jinying doesn't care about most of the things, but under the guidance of the three think tanks Gong Qingyu, Hu Xiaomeng, and Xiao Mingzhu, she still started to grab some things, don't let them all Everything is left to the priests underneath.

"Okay, I know, when you finish, I will take you to play during the summer vacation?"

Li Yun smiled and suggested that he was still very concerned about the little witch.

The last time I took her and Xiao Mingzhu to travel in the cherry blossom country, Ise Jinying, the charm of the ***** maiden, really made Li Yun almost want to swallow her.

It's just that, like the pope, Ise Jinzakura, who has the supreme power and status in the Sakura Country, is quite tiring even if it only catches a few things.

Fortunately, after a busy period of time, when she taught some witches to learn the cultivation techniques handed down by Amaterasu Daimika, and then the witches would teach them to the believers, then Ise Jinzakura would be much more relaxed.

Chapter 4094: Summer vacation promise

"Going to play in summer vacation? Good, good!"

The voice of Ise Jinsakura suddenly became lively. From this energetic voice, Li Yun seemed to see her in a daze, with the appearance of a solemn and sacred witch, wrinkled nose, or the appearance of a solemn abbot, ***** sacrifice. Especially cute.

"When is summer vacation? Is summer vacation time for students?"

The little witch Ise Jinsakura asked again, her heart seemed to have been flying for a few months, and in July and August, she could go on vacation with Li Yun instead of staying in Ise Jingu as it is now— —The last time I went to play with the three of Xiao Mingzhu, it was when Ise Jinzakura left the shrine and went to play outside.

Li Yun smiled and said, "My summer vacation and the summer vacation in Sakura Country may not be the same time."

"Follow your side, I... don't seem to have a holiday."

Ise Jinzakura stuck out her tongue and moved her numb legs. She is still in the main hall preparing to pray. There is a Yata Mirror in front of her. The other Qionggouyu and Tiancong Yunjian are not needed. Only Yata Mirror is what is needed to communicate with Omikami.

It is generally not allowed to do other things in the main hall. However, calling Li Yun is an exception. Da Yu Shen also cares about Li Yun and his news. When she prays, she only needs to get a response from Da Yu Shen, eight out of ten times. , Da Yushen will always ask for news about Li Yun.

A few days ago, Li Yun went to Pharaoh's country. After leaving the temple, Ise Jinzakura reported the incident to Omit. Omit asked about the matter for half an hour, and finally came up with something, "Maybe it's the key now". Such a conclusion.

Anyway, Ise Jinying doesn't understand it well, just have Li Yun and Omita-Omita is her belief, and Li Yun is the person she accompanies her life, both are very important.

"No holidays? How can I do without holidays, people are exhausted, then my next holiday will be your holiday for the little witch!"

"Hehe, okay~~~ ah no, don't call me a little witch~!"

"What is it called, the little witch is indeed very small."

"I hate death, I will, I will grow up, and I will become bigger~"

Ise Kamakura said shyly, if it was before, she would definitely not understand anything such as small, but thought it was Li Yun teasing her that she was still young, but after a few days and nights, she played with Xiao Mingzhu. In the experience of Sakura Country, after seeing Xiao Mingzhu and Li Yun messing around at night, they even cooperated on the sidelines. How could Ise Jinying not understand Li Yun's words?

The two chatted for a while, before Ise Kamakura said contentedly, "Then hang up first? I'll call you tomorrow. I'll go to bed early in the evening."

"Well, go to bed early."

"Hehe...Looking forward to the summer vacation~ la la la."

"Okay, there will be some. I'll go to Sakura Country to catch you when I'm not free."

"Puff puff puff, be careful to beat you, dare to grab me, hmph~~"

Accompanied by a crisp and charming snort, Ise Kamizura hung up the ocean phone.

Li Yun was stunned while holding the mobile phone. The little witch became more and more cute. It didn't have to be much different from the little princess. They were all pure-minded people. Of course, when it comes to purity of mind, the Sage of Vatican is the first.

The word Linglong is a perfect fit for the description of the Sanctuary of Vatican.

"Jingle Bell."

Just after hanging up, Li Yun received another call from Liu Xianxian.

"Still grilling?"

"It's over early, how about you?"

Chapter 4095: Film again

I talked to Liu Xianxian and learned that she was working on a movie recently. It is a super special effects movie that uses Baiyun Technology's black technology. The investment is definitely the highest in history. The propaganda said that this is the first film since the application of artificial intelligence technology, and it is of great significance.

The simple summary is that it will never lose money, and its historical status is equivalent to "Avatar".

"Well, when I have time, I will visit the class. It is said that I need to bring some tonic chicken soup?" Li Yun smiled.

"Yeah, thick chicken soup, I want to eat winter melon boiled one~"

Liu Xianxian, who was resting in the shade, bit his lip and looked around at no one. He blushed and the corners of his eyes were charming. He whispered, "You boil chicken soup for me, and I, I will barely eat and eat."

"Of course I have to eat it. This is the chicken soup that your husband and I carefully boiled. How can I not eat it... I'm Cao!?"

When Li Yun was halfway through speaking, he finally reacted. He was so shocked that he burst into a swear word, and couldn't speak for a long time.

In other words, other fans heard him scold me Cao in front of the idol fairy buns. Those fanatical fans had to drown Li Yun to death!

but.

Li Yun was really surprised, because Liu Xianxian had actually learned...Such an angry remark?

"Hehe, don't think about it, I, I will hang up first, waiting for your chicken soup!"

Liu Xianxian hung up the phone, covered his face with his palm, it was hot.

Are you so embarrassed?

After all, those words seemed to be summoning Li Yun to find her quickly, and to give her the cooked chicken soup soon.

"Blame Xiaoxue and the others!"

Taking a pat on her hot face, Liu Xianxian made an excuse for herself. They blamed Xiaoxue and Qingyu for saying something in the group all day... ashamed, so whoever went to Li Yun at night, what Su Muxin last night The most powerful, the little princess is the first to fall asleep.

Anyway, I feel blushing and heartbeat at a glance.

To Liu Xianxiandu's surprise, the exquisite senior seemed to be involved, and liked to discuss these topics...

"Mansion No. 3, and Li Yun's villa," Liu Xianxian bit his lip, his eyes full of shame, but the corners of his lips couldn't help but bend, "Isn't it the husband's harem?"

In the harem, Li Yun can do whatever he wants. Vaguely, Liu Xianxian doesn't seem to think it is impossible. Especially in the No. 3 mansion, all four maids have fallen. The second and third floors are all random areas, plus now Caiwei and Caixia The sisters are also interesting to Li Yun, so let's not talk about it.

"You have to let Zhuzhu talk about him!"

Liu Xianxian muttered, and dialed Xiao Mingzhu's phone again, telling his worries to his girlfriends and sisters.

"Don't worry, it's okay, he is more casual and casual than before."

"Chest and casual?"

"It's just... very relaxing, very enjoyable, very comfortable. In short, it's different from before! He went to the Pharaoh country, so don't worry."

"Yeah, I know, that's good, hee hee, I told him just now..."

Xiao Mingzhu's eyes widened. Sure enough, Xianxian has also failed to learn!

The problem now is not that Li Yun has gone bad, but that they have been taken badly!

"Xianxian, you have been taken away!" Xiao Mingzhu said solemnly.

"what?"

"You are no longer an innocent Liu Xianxian, you are a female-looking fairy fairy~"

"Hate, it's not."

Chapter 4096: Sudden call

Recently, there is a big fire game, the original name is not said, but at the end of this game, if the player wins, a line will pop up: Good luck, eat chicken tonight.

Commonly known as the chicken game.

Li Yun also played the chicken game for a while, all of which were played when he was in the study with Gong Qingyu, and just now, Liu Xianxian wanted to be with him.

With the big star Liu Xianxian, Li Yun of course likes it, thinking about finding a time to boil the chicken soup, and take it to the crew to drink it for her. Until then...cough cough.

"Jingle Bell."

The phone ring rang again. Li Yun thought it was Shangguan Lingxian or His Royal Highness Princess Alice who was far away overseas. He didn't expect to see the screen, but he just separated. No, it should be the concubine Wan Qing who left without saying goodbye!

"what happened?"

Li Yun connected immediately. Generally speaking, Concubine Wan Qing would not take the initiative to call him. Very rarely, the last time she took the initiative to call was four or five months ago.

"Husband, come to Zhongsheng Hotel, Room 7105, hurry up, you won't see your wife anymore!"

"???"

"Dududu."

The phone rang, and Li Yun's face changed slightly. With a flash of figure, he jumped from the second-floor window to the downstairs, shocking the little princess and others who were moving downstairs.

"Husband, you!"

"Li Yun?"

"Huh? What's the matter?"

Several girls looked over, and Li Yun didn't bother to explain, and said quickly: "I'll go and find the concubine Wan Qing. Don't worry, it's not a big deal. When I find her, I'll give you another call!"

The advantage of the girls around him in the same group is that if Li Yun makes a random call to any of them, she will post his whereabouts to the group so that other girls will also know his situation.

But now is not the time to talk about this, let's find out Wan Qingya and Wan Qingya as soon as possible-the person who spoke just now is the relative who came out of Wan Qingya from nowhere.

"I go first!"

Under the slightly worried gazes of the girls, Li Yun's figure flew into the sky and disappeared into the sky after rising tens of meters, leaving the girls staring at each other.

"Be careful."

Gong Qingyu bit her lip. She was not exercising just now, just sitting on the grass and looking at her phone, while Li Yun was on the second floor.

Although he didn't chat with Li Yun, even if he was only on the second floor, the feeling was different from the feeling he left now.

When Li Yun was there, she could see him at any time. As long as she shouted to the villa, he would walk to the window and look over. If he wanted to hug him, he could also go up to the second floor and stay beside him and stick with him. Play with mobile phones together.

But now after Li Yun left, Gong Qingyu suddenly felt empty in his heart. He felt boring to play any mobile phone game. It took several hours to get rid of this feeling.

Especially annoying.

"Ah, husband... gone."

The little princess Yongning was also very depressed. She was happily holding a racket and playing six-a-side tennis with Caiwei and the others, but now her little face collapsed suddenly, and she felt boring to do anything.

"Don't worry, you should... be back soon."

Xiao Mingzhu cheered up. She belonged to the kind of stronger girl. Although she was unhappy about Li Yun's departure, she would still encourage the sisters around her to be happy.

"He has something to do."

Chapter 4097: never mind

It was estimated that Li Yun might really have to go out for a few more days. Xiao Mingzhu took the initiative to comfort them and said, "He also has things outside. Now the world is so chaotic, there can be no safe place to live without worry. We The little princess's husband has become stronger, it is also to better protect the little princess, right?"

Zhu Shue nodded vigorously, of course she understood these things, but she was still sad.

"it is good!"

Gong Qingyu stood up and said, "Since he is working hard, then we can't leave it alone. Starting today, our daily practice time shall not be less than three hours. What do you say? Except for the little princess, the little princess has one hour practice time every day. !"

Cultivation refers to the practice of learning and fighting, or enhancing one's own strength.

"Okay." Xiao Mingzhu blinked and said with a smile: "It's rare that our housegirls are motivated, so we must take action. I suggest sending it to the group. All the girls in the group don't have enough time to practice each day. In less than three hours, no matter what, it must not be lower than this number, otherwise you will be fined!"

"it is good!"

Gong Qingyu gritted his teeth and agreed, then turned his gaze to Fang Xue, Li Feng and others, and obtained unanimous approval.

And it was agreed that everyone should supervise each other, in the morning, afternoon, and before going to bed, they must practice for one hour, and two more hours on weekends.

The little princess does not need to practice in the morning, but in the afternoon and before going to bed at night, she must cheer up and take part in the practice at least once.

"Then it's decided, starting tomorrow!" Su Muxin raised her hand and shouted happily.

"What tomorrow, just now, practice for a while in the afternoon, and practice for a while after dinner in the evening!"

"Huh? Oh, okay."

...

Just when a group of girls met and were struggling to make progress, Li Yun flew in stealth over Zhonghai City, flew straight for three minutes, spanning a distance of more than ten kilometers, and landed on the seventh floor of Zhongsheng Hotel. Drilled in from the wall of the building, drilled several times, and quickly found room 7105.

but.

What shocked Li Yun was that Concubine Wan Qing and Qing Ya, these two look almost exactly the same, and the figures are exactly the same. It seems that the two big beauties who even speak very similar voices are at the moment...

fight.

Yes, it's fighting.

Wan Qingya--or Wan Qing concubine, triumphantly put the other person on the bed with both hands and feet. Both of them were panting, sweat appeared on the tips of their noses, and the blankets and pillows of the clothes fell on the floor, which can be seen just now. The two big beauties had to leave after a struggle.

Even the hair is in a mess.

And... the messy clothes made Li Yun almost embarrassed when he saw it.

"Cough cough cough cough!"

Accompanied by the coughing sound and the shocked eyes of the two big beauties, Li Yun walked out of the void and looked up at the sky: "What are you doing?"

What is Chinese? It's really an amazing vocabulary. It's a pun.

"asshole!"

The big beautiful woman in the town uniform became furious, and as soon as she turned over, she overturned another beautiful woman on the bed, grabbed the blanket on the floor, and covered herself.

At the same time, he glared at him with shame and angrily, and it was tickling with hatred.

Li Yun's ghost spit out: "Don't cover it, you have seen it all!"

Concubine Wan Qing: "..."

Wan Qingya: "Hahahahaha."

The beauty of unknown origin almost exactly the same as Concubine Wan Qing, laughed loudly, which made Li Yun feel at ease.

At least it's okay.

Chapter 4098: Cut before play

"Go to die, die to die!"

Li Yun saw it all in one sentence, and let the Concubine Wan Qing break the defense on the spot, like an angry female leopard, leaping forward with her teeth and claws. When Li Yun hits her, she chews, bites, pinches hard, pinches with five fingers, and grabs hard.

Anyway, you can do whatever you want.

Originally, Li Yun didn't see much, but now he has seen almost all of them. One word summary is: beauty.

As a saint of Six Dao Sects, and also the "sister" or "sister" of Fan Qingsheng, although Li Yun has not seen the real face of Concubine Wan Qing, she is undoubtedly a good figure.

"Gluck, great, husband, let's catch her and give her to the spot, what a Dharma-rectification! See if she is still not arrogant!"

Wan Qingya, who feared that the world would not be chaotic, was still giggling and booing, cooperating with Li Yun to control Concubine Wan Qing, so embarrassed that Concubine Wan Qing's entire face was red.

It is strange that she did not scream or scold Li Yun for being a scumbag. She just bit her lip and stared at Li Yun viciously.

"Okay, stop making trouble."

Li Yun covered Concubine Wan Qing's quilt again, and hugged Concubine Wan Qing tightly in her, and then sat on the bed and hugged her like a girlfriend in her. Liao directly bowed his head and kissed him.

And in the course of a series of actions, Li Yun should watch what should not be watched and didn't watch too much, behaving quite calmly-nonsense, even if he is not calm? I can't really cooperate here with Wan Qingya's method for Wan Qing concubine, so don't read it too much. It's almost enough to just look at some, ahem.

"Husband~"

Wan Qingya hugged Li Yun from behind and pressed it on his back. The graceful girl was very clear.

Li Yun took a deep breath, "What are you doing?"

"Humph!!"

Concubine Wan Qing in her arms snorted heavily, and the bastard's voice trembled. It must have been thinking about it, it can't be worse!

"No, let's discuss about her."

Wan Qingya pointed to the concubine Wan Qing who was lying in Li Yunqi, and said with a grin: "Let's chop first and then play, tie her hands and feet, and then block her mouth, so that she can't move or shout. And then....."

"Smelly girl, dare you!?"

Concubine Wan Qing Liu's eyebrows glared at her, but Wan Qingya was not afraid, "I dare, how? Huh, you guys don't say anything, but in fact, I like men more in my heart than anyone else, or I will be tougher against you, the more tougher. The more you like it, the faster you will be happy, right?!"

"To you..."

"Don't say it's wrong, when I woke up for the first time, weren't you very happy in that cave? And last night, you lazily said that you didn't want to talk, but I was a little tougher. Said to think about it?"

Li Yun was dumbfounded. What is the relationship between these two almost identical beauties? Why do they sound like lovers?

Uh, it's not a couple, but it's a very good relationship where you can rest together.

"Asshole stinky girl, talk nonsense, see if I don't tear your mouth!"

Concubine Wan Qing became more and more angry and began to struggle hard.

Wan Qingya smiled and said: "Does it matter? My husband is not an outsider. Don't deny it. You like our husbands so much in your heart. You still don't dare to confess. I am not like you, although I was born out of you."

"Wait, wait, wait!"

Chapter 4099: The origin of Wan Qingya

Li Yun stopped the dispute between the two beauties, lifted Concubine Wan Qing from her lap, and really hugged her in his arms.

Concubine Wan Qing struggled at first, but after seeing Li Yun's resolute attitude, she grunted to express her dissatisfaction, and then hugged him comfortably.

Then raised his hand and slapped Concubine Wan Qing on the back who was lying on the back of Li Yun.

"Ouch... Stinky Concubine, dare to hit me, see if I won't hit you!"

Two beauties with almost identical appearances fisted and kicked again through Li Yun. Li Yun hugged Concubine Qing and suppressed Qingya again: "Don't make any noise, answer my question!"

Concubine Wan Qing and Qing Ya closed their hands at the same time, their clear eyes glared at each other, and then turned their heads with a grunt, their movements and voices were very synchronized!

Li Yun couldn't laugh or cry, "What is the relationship between you? Oh, by the way, Qing concubine, actually I don't mind Lily."

"Asshole! I'm not... I just want to figure out where she is and where she comes from."

Concubine Wan Qing blushed, and her voice became quieter. After all, she really had some strange relationship with this guy Wan Qingya, not because of a couple's love, but because she wanted to explore what was hidden in Wan Qingya's body. Some secrets are just somehow engaged, and somehow they become fights with each other.

The characters are her and Wan Qingya, the location is in a hotel or some remote and uninhabited place, and the two quarreled and fought.

Stopped the car while hitting, and then watched the Fenglin in the sunset together side by side.

However, Concubine Wan Qingya still didn't say what Wan Qingya was, but she wanted to know where she came from.

"Isn't she your cousin?"

Li Yun vaguely remembered that Wan Qingya claimed to be her cousin at the time. When she went to Mansion No. 3 for the first time, she was very angry with Gong Qingyu. I saw her once on New Year's Eve, and then disappeared.

"no."

Wan Qingya was quick to speak quickly, crackling her story again.

Li Yun was dumbfounded, "Wait, wait, you just said that you are the incarnation of Concubine Qing? Concubine Qing is your body. You changed because of the "Incarnation of the Demon" that I gave to her. Avatar?!"

A mouthful of a Qing concubine, which made the concubine Wan Qing in his arms flushed with shame once again, but she couldn't object yet. After all, she was lying in Li Yun's shame now. It was all like this, and she still insisted on not admitting that it was him. If the girlfriend or has no affection for him, then she is the most dubious person in the world.

"Right." Wan Qingya nodded naturally, as if this matter had been told to Li Yun, but he didn't listen.

"Humph!"

Concubine Wan Qing snorted again, stretched out her hand over Li Yun's ears, grabbed the faces of Wan Qingya lying on his back, and pulled left and right: "Obviously, it is my incarnation, almost equivalent to what I was born. You stinky girl is always against me!"

"The rebellious period."

Li Yun uttered a word from his mouth, making Concubine Wan Qing startled for a moment, and then burst into laughter.

"No!" Wan Qingya also crossed Li Yun with her hand, pinched her slender waist, and said with a smirk: "I am obviously your truest expression. I know what you think, so don't be stubborn. I will do it for our husband tonight!"

Concubine Wan Qing blushed again: "Oh, you have a skinless and faceless girl, if you want to do it, you do it yourself!"

"Do you think I don't want to? I kept it specially for you!"

Chapter 4100: Very filial

Concubine Wan Qing was very angry and smiled: "Then you are quite filial!"

"That's not it."

Li Yun looked embarrassed, is this a mother and daughter? Or sisters? Or primary and secondary?

"Concubine Wan Qing." Li Yun looked at her with a weird expression: "Are you schizophrenic?"

"No!" Wan Qingya, who pressed him behind her back, quickly denied, "I have my own thinking and my own decisions. I am not like her duplicity!"

"I don't have the face and skin like you, so don't come down quickly!" Consort Wan Qing also confronted her tit-for-tat.

To be honest, it was the first time Li Yun saw Concubine Wan Qing quarreling or getting angry with people like this, and it was rare.

"Why come down? I'm not you."

"Don't push a man against my appearance, are you ashamed?!"

"I'm not ashamed or ashamed, I'm ashamed if I don't dare to say anything about myself~"

"and many more!"

Li Yun suddenly thought of something and interrupted the quarrel between the special sisters, turned around slightly, and pulled Wan Qingya who was pressing on his back to the front.

"Ah, husband?" Wan Qingya's face was flushed with happiness, and she squeezed in excitement and shyness: "Are you going to do something to Qingya? Okay~husband~"

"Disgusting!" Consort Wan Qing twisted her cheek and looked at Li Yun nervously.

Sure enough, he found out.

"Qing Fei..."

Li Yun had a weird face, stretched out his hand, and touched Concubine Wan Qing's face, but did not find anything similar to a human skin mask.

"What are you doing?"

Concubine Wan Qing's face was hot and she turned her head away, and did not stop Li Yun from touching her cheeks, her small hands clenched her small pink fists very uneasy.

"It turns out that Qingya's appearance is your real face?" Li Yun touched Wan Qingya's naturally beautiful, pure and beautiful face.

The standard face of melon seeds, the skin is white as jade, and the vermilion lips are not touched. You can feel the beauty when you smile, and it is a very clean smile.

Li Yun did not expect that the real Concubine Wan Qing looked pure, sweet, and clean, completely different from her identity as a six-door saint.

"Hehe, does it look good?"

Compared with Concubine Wan Qing, who had turned her head in shame at this moment, only showing her profile face and white and graceful swan neck to Li Yun, her avatar was much purer, and she leaned directly in front of Li Yun, allowing him to be close Look at her.

After reading the left side, it doesn't count, Wan Qingya turned her right face to show Li Yun, and then raised her chin, showing the appearance of "Wan Qing Concubine" in front of Li Yun completely.

"very nice!"

Li Yun told the truth that the appearance and temperament of Concubine Wan Qing, even among the confidantes next to him, were first-class, and the purity of Concubine Wan Qing was different from that of Liu Xianxian.

Liu Xianxian's innocence is completely innocent, like a dimple when he smiles.

And Concubine Wan Qing's purity... seems to be a little bit of abstinence, but she is always intriguing, especially arousing index finger movement, vaguely, you can see the charming color in the corner of her brow.

"Then...Do you want to kiss?" Wan Qingya bit her lip, her face in front of Li Yun, her eye-catching eyes, she stared at him like this, waiting for his decision.

"Wan Qingya!!"

Consort Wan Qing screamed, still wanting to kiss him?

"Yes! And, both!"

Li Yun was not so polite anymore, and directly reached out his arm around Wan Qingya, and pecked her vermilion lips.
