Chapter 4111: Buddha has a way

And the demon is an invisible monster that instinctively kills and destroys. If the demon is solved, it is equal to the settlement of Wan Qingya!

If the current situation is left unchecked, the demon of that day will not know when it will invade Wan Qingya's mind, and even Wan Qing will be affected!

So, this is a dead end.

If you want to keep Wan Qingya, you must solve the heavenly demons, and solving the heavenly demons will make Wan Qingya disappear.

The devil is like the heart of Wan Qingya, and problems will appear immediately after separation.

Even if the demon is slowly invading, it will still be integrated with Wan Qingya. In the future, no one knows what she and the invisible demon will become.

"Is there no other way?"

Li Yun took the initiative to hold the hands of Concubine Wan Qing and Qing Ya, and sincerely asked Xiao Su on the phone.

The two women are also looking forward to her words.

"there must be!"

"Ah? What is the solution?" Wan Qingya asked eagerly.

"But I don't know."

"Uh this..."

Faced with the disappointed three people, Xiao Su chuckled and said: "I don't know, but people who deal with the demons must know, stupid."

"People who often deal with the devil? Isn't that the Buddha?!"

Li Yun's eyes lit up, "Yes, Qing concubine, Qing Ya, we can also go to Tathagata Buddha, the Buddha will definitely have a way!"

Just like Sun Xingzhe went to rescue soldiers if he couldn't defeat the monsters, Li Yun would also go to rescue soldiers this time. No, he went to find help himself!

Regarding Tathagata Buddha, even though the prehistoric novels blackened the Buddha out of the way, and the quasi-quote was also blackened out of shame, Li Yun still felt that, in theory, at least, the Buddha would not be the kind of black person who came home.

Besides, Xiaosu recommended it.

Just look at the prehistoric novels, not even the myths and legends, and they are not recognized by the masses. Naturally, they are not myths and legends, but can only be said to be myths.

The real situation in ancient times is definitely far from the original novel.

"Tathagata?"

Concubine Wan Qing and Qing Ya had never heard of this Buddha's name, but they were right. The former Dahi Venerable didn't even know the six-character mantra, which shows that Buddhism has lost even more.

"Yes, Tathagata...This Buddha should be quite powerful?"

Li Yun asked Xiao Su, and the latter laughed and said: "That's for sure, I am weaker than me, but he is stronger in dealing with the demon. If you find the Tathagata, things should be easier to handle... Even if he can't help it, I You can also think of a way, there will be nothing wrong!"

With the assurance of her slap on her chest, Wan Qingya's face improved a lot, and then she asked: "No, Xiao Su, you seem to have said before that the Buddha has disappeared?"

"Have I said this before?"

"It seems to have!"

"Then you got it wrong, what I said is that the gods and immortals are generally disappeared, and there is more to the Buddha?"

Xiao Su chuckled and said: "This world is no longer suitable for the existence of powerful people like us. It is impossible to even maintain our own existence. We can only hide and wait for the next arrival of the original power of the universe. So I said, Gods and immortals. Yes, it's all gone."

The three of them glanced at each other, a little surprised, and they were expecting it again.

All the previous deeds have shown that whether it is the East and the West, or the Pharaoh Kingdom, whether it is gods or immortals, even saints and gods, all no longer appear in the world, sleeping in the cracks of certain worlds.

Chapter 4112: Forget what

Reiki is the foundation of all extraordinary powers, and Reiki is actually what Xiao Su said: the original power of the universe.

The original force of the universe can give birth to countless lives, and it can also give countless lives a powerful force. It can be called a groundbreaking and a great force that truly creates the universe.

In comparison, it seems that the creation gods on the earth only used these powers to transform the earth into a suitable living environment.

Li Yun guessed many things in an instant, including why the gods came and why they left, and why the gods fell asleep.

It's just that it's not the time to ask carefully. Maybe it's. Xiaosu is not willing to answer too much, because Li Yun doesn't know many things. Only when he slowly discovers some secrets, Xiaosu will help him supplement this knowledge. , Is considered complete.

Telling him in advance is useless and a waste of time.

"Also."

Li Yun nodded, and asked Xiao Su: "Then Qing Concubine and I are going to prepare and set out to find the Buddha?"

"Okay, let's set off now~" Wan Qingya made a gesture. She finally knew where she came from. As long as it was resolved, then there would be no problem~. In the future, she will still be Princess Wan Qing, and Princess Wan Qing will remain her. She and Princess Wan Qing will always Will never separate.

There is also a husband, and they will not be separated!

"You may not be able to find him, but find other Buddhas." Xiao Su said in a very small adult tone, meaningfully: "Don't associate the omnipotent gods in myths and legends with the real gods. , The **** who claims to be immortal will actually die, including the Tathagata Buddha!"

In other words, if the Tathagata is dead, or passed away, Li Yun will definitely not be able to find it. He can only find some traces of the Tathagata Buddha, or simply the reincarnation body, what is the reincarnation soul boy?

If it is a reincarnated soul boy, it is definitely difficult to deal with. For example, Xiao Su, who has no power yet, will stare at problems when he encounters problems.

"I understand." Li Yun nodded again.

Xiao Su's implicit meaning, in fact, means that she should not be regarded as an omnipotent god, she is just the goddess of light, not the omniscient and omnipotent god.

"Of course, don't underestimate the power of God~, think about how miserable you were at the Pyramid last time, hehe."

"Okay, I know."

Li Yun asked Xiao Su again, and he only got a vague outline about where the Buddha was sleeping, which was a pity.

"Then I will hang up first? Xiao Su, you go to dinner."

"Um~~~? Did you forget something?"

"Kiss?"

Li Yun said with a smile.

"Hate, yes, yes..."

The former Goddess of Light blushed and stubbed.

"Okay, I see." Li Yun stopped teasing her, and said softly: "After I go back, I will go on a date with you, find a good weather, and go on a date together, just me and you."

"Hmm... kiss one."

Xiaosu said to the microphone mua~, and after receiving Li Yun's response, he hung up the phone happily and began to look forward to the date.

When Li Yun hung up the phone, she saw Concubine Wan Qing clutching her arm, her face was getting goose bumps.

Li Yun: "...what's wrong?"

"I also asked what's wrong, you... you are the most affectionate ***** in the world!"

Concubine Wan Qing gave him a white look, "Xiaosu, I saw her last time on New Year's Eve. If you didn't know the inside story, you should be beaten into the ranks of perverts based on Xiao Su's apparent age!"

Chapter 4113: The place where the Buddha's light appears

Li Yun looked embarrassed, and fell in love with the goddess, is it wrong?

Xiaosu is undoubtedly a goddess, the true goddess of the Holy Light, not the campus goddess.

Her existence is very special. Although she is very young on the outside, she lived for a long time in her previous life, tens of millions of years. In this life, she has lived in the small world for thousands of years.

Saying that Xiao Su is a primary school student, she certainly didn't say it from the appearance, but if you say that the reincarnation of the goddess of light is a primary school student, she is the first one to not agree.

"Husband~::~~" Wan Qingya leaned over, "My sister and my sister also want to go on a date with my husband~!"

Concubine Wan Qing's face blushed, "Any date or not, go if you want, don't pull me!"

"Hey?"

"Aren't we going to go on a date soon? And we have already dated, with you."

Li Yun smiled at Concubine Wan Qing, "I went to the Pharaoh country last time, and the Buddhas and Bodhisattvas who are going to find Buddhism next time, we must also act together. These are all dates, right?"

"of course!"

Wan Qingya's eyes lit up and her voice was clear and excited. Concubine Wan Qing muttered, "I was not alone with you last time, not count, but this time... barely counted", seeing Li Yun look at her with a smile but a smile. , Concubine Wan Qing blushed again and quickly said: "It's useless to be ripped off, we'd better look for it as soon as possible, I will not feel at ease for one more day!"

"Huh?" Wan Qingya looked at her in surprise, "Sister cares about me so much? I'm so touched~"

"I'm afraid you will affect me!" Concubine Wan Qing is still stubborn, but her sister has already nodded, "Well, in order not to worry my sister, husband, let's set off as soon as possible?"

"I want to start as soon as possible, but do you know where to go? Xiao Su only said a rough location."

After saying this, Li Yun saw that the two women did not show entangled expressions, but were very plain, and suddenly said strangely: "Do you really know? How do you know the position of Buddhism... Wait, Qing concubine, you have life and death in your body. The key to the door?!"

There are seven hidden gates of life and death in the world, one of which is even the only known Penglai Island, and the second one has not yet been discovered.

However, after seeing the black pyramids of the Pharaohs and the gods sleeping in them, floating in them, and above the stars, Li Yun suspected that the gate of life and death might not have a key, perhaps simply indicating the place of residence of some gods.

The ancient pharaoh country, Olympus Mountain, plus heaven, Buddhism, plus Huang Xuan country's local heaven and hell, it's almost there.

"Yes."

When Concubine Wan Qing was doing business, she was not so emotionally entangled and arrogant, she directly took out a broken jade piece from the space ring that Li Yun gave her. Li Yun didn't need to touch it, and knew that this was exactly with Fanqing. The same key of the holy, which is one of the jade disc fragments.

Regarding the good fortune jade dish, I really don't need to say any more, but Li Yun wondered why Buddhism, a foreign religion, would use such oriental things as the good fortune jade dish as a "credential".

Is it true that the second sage of Buddhism is Hongjun's named disciple, just like the prehistoric novel?

In other words, after Buddhism crossed eastward, it was gradually changed, and even the behavior decisions of the Buddha changed a lot.

".....it is good."

Li Yun thought a lot in his mind, but didn't ask too much. The problem now is to find the Buddha, whether it is a Tathagata, an ancient Buddha, or a Bodhisattva or Arhat.

As long as it can solve Wan Qingya's problem, Li Yun doesn't mind exchanging something.

Chapter 4114: Lumbini

Through the narration of Concubine Wan Qing, Li Yun got a general idea.

Since knowing about the gate of life and death, the divided six gates have actually not given up searching. With Wanfaxian as the head, the other three masters assisted together, and many powerful people have formed the search team together, and they have never given up on the six gates. The key to the door of life and death possessed by the door saint, the search for the door corresponding to it.

However, the key in Concubine Wan Qing's hand has been kept in her hand, because Wan Faxian has a good relationship with her, and the other three Lords have the confidence to control the saint.

It's just that after Li Yun gave Concubine Wan Qing some help, her strength grew quickly, and she also fed Master Wan's recovery pill, so that the strength of Master Wan Nishang was restored, her support was stronger, and she was able to fight against any forces in the Six Dao Sects. .

"Lumbini... really there!"

After hearing from Concubine Wan Qing's mouth that there was a place where "Buddha light appeared", Li Yun said with emotion.

"Do you know this place?"

Concubine Wan Qing looked at him, this man always knew a lot of weird knowledge.

"Well, this should be at the boundary between Nibel and Ahsan. It is the birthplace of Buddha Shakyamuni and one of the holy places of Buddhism."

Li Yun explained.

"Birthplace? Wow!" Wan Qingya exclaimed, "Isn't that the place where the gods were born? Same as Xiaosu!"

Xiaosu is the Son of God, the goddess was born.

"No, it's not the same, how should I put it... it's messy."

Li Yun stretched his hands, what he knew was indeed too mixed, and the ancient and ancient legends were mixed together, making it even messier.

"Forget it, I'll talk about it when you have time." Concubine Wan Qing stood up, took Wan Qingya's hand to the door of the hotel room, and said, "I'm going to eat first. I originally planned to visit Lumbini tomorrow. After all This is also my last duty belonging to the saint."

"the last one?"

Li Yun stood up and naturally followed them, making Wan Qingya laugh and beckon him.

It seems that Concubine Wan Qing also has a hint of happiness in her eyes?

"I've mispoken."

"What's wrong? Did you say you want to escape into the empty door because you are looking for the so-called place where the Buddha's light appears."

"You can control it!"

In the noisy room, Li Yun and the two big beauties went down to the restaurant under the hotel and had a dinner with them.

"Husband, where are you going to live tonight?"

Wan Qingya clamped a piece of meat with chopsticks, stretched it to Li Yun's mouth, and said coquettishly: "Why don't you sleep with me and my sister tonight, let's accompany you husband together~"

The people around the restaurant looked at them with surprise and envy. This man wants two beautiful women to accompany him?

Although Concubine Wan Qing hasn't revealed her real face yet, she has revealed her beauty. Her beauty is absolutely top level, and Concubine Wan Qing's appearance is not bad at the moment, and she also belongs to the level of a big beauty.

"Uh, okay, no no no no, I mean, I won't go back to live tonight. I will open a room in the hotel and stay with you!"

Li Yun, who wanted to say something, quickly changed his mouth under the murderous gaze of Concubine Wan Qing on the other side, causing Wan Qingya to giggle. The innocent look and the bright smile made a group of men stunned.

Fortunately, those who can stay and eat in this hotel will not be of low value. They still want to save face and will not come directly to talk to each other.

Otherwise, just seeing a beauty of Wan Qingya's level is a man's heart, let alone a man with a few money in his pocket.

Chapter 4115: Idiot sister

Concubine Wan Qing cut the beef on the plate with a knife. Without looking up at Li Yun, she said, "I don't need you to come and accommodate me. Just go back and come back tomorrow. You can do it if you want."

Li Yun laughed blankly: "How do you feel Qing Concubine, your words are getting more and more sour?"

"Yes." Wan Qingya also echoed, "It made me think I was eating hot and sour noodles, so sore~!"

Concubine Wan Qing's face blushed, and she couldn't hide it anymore. She stretched out her hand like lightning and pinched Wan Qingya's face, making her scream in pain.

Concubine Wan Qing laughed aloud, and saw her face showing such a happy smile, as if she was also laughing and happy. In some ways, she envied elegance, but it's a pity that it is difficult for people to change. She has set her own personality, and only by Wan Qingya can she feel this kind of unfettered life experience.

Li Yun asked casually: "You still eat hot and sour noodles?"

"Is there anything weird about hot and sour noodles?" Wan Qingya said, "I still went to eat near the university town."

"Uh?"

Li Yun looked at Concubine Wan Qing, shouldn't it be going to Zhonghai University?

"What to look at!" Concubine Wan Qing turned her head, "I'm just going to feel the modern university life of contemporary college students. Is there anything wrong? Your saintly lady has not yet taken the college entrance examination?"

Li Yun smiled and said, "Do you want to take the college entrance examination, too?"

"I do not want it!"

"Yes." Wan Qingya interrupted and said, "My husband hasn't gone to the college entrance examination. What's the point of my sister going to the college entrance examination? It's better to find a way to go to college, which is more fun."

"!!!"

Li Yun was shocked, "Qing Concubine, do you plan to go to university for class? Uh, it's not impossible, but you have to use some doorways, it should be ok."

With his current status and contribution, it is definitely not possible to insert Concubine Wan Qing into the university class directly, but as long as Concubine Wan Qing is a certain special status, such as an athlete, or simply transfers back from abroad, it will cover it up and go to Zhonghai as an exchange student. University, then there is no problem at all.

Don't you see, many foreigners don't even need an exam to...

"What are you thinking about?" Concubine Wan Qing snorted, "I don't have that kind of nature. My troubles have not been solved yet. I am not as heartless as that foolish sister."

"Sister idiot? Me? I'm not stupid! Sister, you are stupid!"

Wan Qingya raised her hand in protest.

"I didn't talk about you again." Concubine Wan Qing angrily stuffed a piece of snack into her mouth. Wan Qingya opened her mouth to bite and talked, as if she was asking if I was talking about who?

"Sister stupid..." Li Yun lowered his head and thought, then raised his head, asking her with a weird expression: "Aren't you talking about the Holy Spirit?!"

"Humph."

The humming table defaults.

Li Yun laughed, "That's true...no no, Qing Sheng is not stupid, besides, I don't know who is older and younger than Qing Sheng."

Who knows that the two saints of the former cultivating sect were all the offspring born because of the saints of both sides fighting each other, feeling the world?

Sage Fanqing and Concubine Wanqing, the two can be said to be sisters, or they can be said to be not.

However, the entanglement between them is very deep, and it is not clear in a few words. Li Yun still does not know whether the so-called conceived by a sense of heaven and earth, is it a plan under the arrangement of some gods that caused Wan Nishang and Fan Linglong to become pregnant separately.

To be sure, their backgrounds are extraordinary.

Chapter 4116: Not going back

However, whether it is the pure sage of Mr. Fan Linglong or the Qing concubine of Mr. Wan Nishang, it is necessary to ask the two of them and let them tell the truth.

Linglong is easy to say. Li Yun went back to her and asked her like, but it might be difficult to know the birthday of Concubine Wan Qing from Wan Nishang's mouth.

After chatting with them, Li Yun went to the seventh floor of the hotel with them after dinner. The fellow men who saw this scene once again showed envious eyes:

The man took the two beauties to the hotel, obviously just to do business.

Just thinking about what is going to happen tonight, you can't help other men not envy and jealousy, but if they know that Wan Qingya and Wan Qing concubine look exactly the same, they are both first-class pure and beautiful beauty, I'm afraid they will More jealous.

Wan Qing and elegant, belong to the kind of pure and lusty temperament, especially attractive.

"You really won't go back tonight?"

Concubine Wan Qing squinted at Li Yun, this guy is really fake, what is real tonight? Hmph, she didn't agree, she could at best give him a little sweetness, and she wanted to spend the night with her in the hotel, not enough, not enough!

At least two people have to date for a few days, what they did, such as amusement parks, carousel, ferris wheel, watching movies, drinking tea in some nice atmosphere shops, going to the park to hold hands and strolling together, etc. Concubine Wan Qing was willing to make the last step with him for things like this.

It doesn't have to be two people. Qingya wants to be together. Anyway, this girl is her person, her special incarnation, and it is impossible to be separated for life. It's nothing to bring her, but other women absolutely can't bring it!

Like the last time I went to Pharaoh, and what Princess Alice did, it won't work.

"Not going back."

Li Yun shook his head.

Concubine Wan Qing greeted her lips: "You don't need to do this for me, anyway...I won't be able to escape in this life."

Her face blushed, this sentence completely expresses her own mind, and that she has nothing to do with Li Yun, and she will completely become his woman by just one step at the door.

Wan Qingya looked at her sister in surprise.

"Pouch."

Li Yun couldn't help laughing. Before Concubine Wan Qing became angry, he quickly said: "I can let Concubine Qing you say something like this. It seems that I forced you to be too eager, didn't you?"

"Just know!"

"Then... my fault, but don't think about it. I am not the kind of person who insists. If you want to do it, I will have a chance."

Li Yun said sincerely.

"Wrong!" Wan Qingya, who has the complete memory of Concubine Wan Qing, immediately corrected: "My sister has a lot of opportunities. Before, your husband can't compare to my sister~!"

"Haha." Consort Wan Qing laughed.

"Just you can talk."

Li Yun snapped his finger at Wan Qingya's forehead, the latter grinned, put his arm in his arms, and said coquettishly: "Husband, don't open another room. It's a big deal tonight I will accompany you on the sofa in the living room. Sleep, the sofas in five-star hotels are great! Besides, five-star hotels cost tens of thousands a night, which is also very expensive!"

Li Yun glanced at Concubine Wan Qing and saw that she had nothing to say, he said, "Sleeping in the living room? Are you afraid that I will rush in in the middle of the night and give your sister the Fa-rectification on the spot?"

"Okay, okay, my husband and I rushed in!"

"roll!"

Concubine Wan Qing laughed and cursed again, and her cheeks swept aside: "Where someone sleeps, sleep on the sofa if you don't dislike you, and if you dare to attack you at night, you will be castrated!"

"Hiss!" Li Yun gasped.

"Ha ha."

Chapter 4117: Happy event

In the end, Li Yun didn't go to the front desk, and was forcibly pulled towards the elevator by Wan Qingya. He also pushed halfway and went up to the seventh floor.

In other words, tonight, Li Yun really wants to live in the same hotel room with two super beauties!

When I think about it, my heart beats faster and my blushing heart beats again, just like going to the first date with a girl and boyfriend of first love.

The first love girl refers to the concubine Wan Qing.

Since she entered the elevator, the blush on her face has not disappeared. She wanted to resist it, but was pushed away by the dead girl Wan Qingya, so she could only keep moving forward and step by step to the door of the room.

"Li Yun, you're better off!" Concubine Wan Qing's beautiful eyes glared at Li Yun with shame and anger, as if as long as she entered the hotel door and shut the door so close, she would be given a head by the big bad wolf. Swallowed.

"It's all here."

Li Yun said with a shameless face, causing Wan Qingya to giggle again.

"What the **** is coming? It will only take a few minutes for you to go back. Be obedient, go back." It's not hard, Consort Wan Qing played a soft emotional card, her eyes became tender and tender. Shy: "You, go back first, next time, next time I will invite you over again, okay?"

Wan Qingya's eyes widened. Is this her sister?

Li Yun was also very surprised. It turned out that Concubine Wan Qing would also have a gentle and affectionate scene!

"It's better to hit the sun if you choose another day, let's take care of the happy event tonight!"

Li Yun said solemnly, stretched out his hand to grab the doorknob, and with his other hand he hugged Concubine Wan Qing's slender waist.

"Happy event? Bah!"

The gentle and virtuous Concubine Wan Qing broke the power on the spot, Liu eyebrows erected, and he sipped Li Yun directly, but did not avoid his big hand, letting Li Yun hold her arms, and the blush on her face became more intense.

The body struggled a few times, but didn't break away. On the contrary, the more he wanted to refuse and welcome, the more he wanted to talk.

Wan Qingya puffed her mouth and smiled, threw her room card to Li Yun, and pushed her sister from behind: "Go and go, let her sister and husband enter the bridal chamber tonight, and then talk about it!"

A passing waiter took the cleaning tool and looked at the scene with a dull expression on his face.

She is not a fool. She can see that the beauty who was pushed in is already tempted to enter the bridal chamber, but she still refuses to go in half-pushing and half-pushing, which is commonly known as pretending and standing.

"No!" Concubine Wan Qing is still struggling for the last time, "If you don't go back tonight, those girlfriends in your family won't be upset? That little princess, who is the most sticking to you, can't wait to hang on you during dinner. And your two sisters, I don't think it's easy for you!"

Li Yun looked surprised. Last time on New Year's Eve, Consort Wan Qing had only visited his house once, but observed so carefully that she already had the intention to enter the big family life?

"No." Li Yun shook his head, "I have already come out. If I go back tonight, they will be parted again tomorrow. They will be even more sad, so they will not stay here for one night until we find the Buddha before going back. ."

The waiter in the distance couldn't understand it.

Concubine Wan Qing looked at Li Yun in confusion, and was pushed hard by Wan Qingya. She involuntarily slammed into Li Yun's arms, and was taken into the hotel Fang's head.

After that, Wan Qingya also followed in, reached out and closed the door of the room, and with a click, the corridor of the hotel was completely quiet.

It is impossible for any sound to come out of the hotel's luxurious suites that are tightly fitted.

"The rich can really play."

The waiter murmured, turned and left.

She knew what would happen inside without guessing.

Chapter 4118: I'm honest

But in fact, the waiter guessed wrong.

After Li Yun entered this luxurious hotel room, he couldn't do it honestly--referring to rushing over and hugging the two beauties to the left and right to kiss each other.

He just sat in the living room with Wan Qingya sitting on the left and Concubine Wan Qing on the right, enjoying the wonderful taste of chatting with two big beauties while watching TV.

Of course, even though Concubine Wan Qing was on the right, she was far away from him by a couch, she was still holding a pillow in her arms, and she was in a posture that would be thousands of miles away, just to guard him.

"is it necessary?"

Li Yun glanced at Concubine Wan Qing and couldn't help but smile.

"necessary!"

Concubine Wan Qing groaned.

Li Yun smiled and said: "I don't think it is necessary. I can still trust my own character. By the way, Qing concubine, I have not seen your true face yet, and now there is no one else. Just show me. Bar."

"If you want to see that girl, isn't she just sticking to you? She looks the same as me!" Concubine Wan Qing "coldly" refused.

"Sister is jealous? If you are jealous, sister will come too!"

After entering the door and sitting down, Wan Qingya pounced on Li Yun. Most of her body was lazily stuck to Li Yun, and she narrowed her eyes as if she was enjoying herself. She didn't know if she was watching TV or in a daze. In short, I rarely speak.

Everyone could see her current cozy look, so that Concubine Wan Qing saw her as if she had also pounced on Li Yun.

"Your sister is shy."

Li Yun smiled.

"Hehe, yes, my elder sister is always very arrogant, but if you use strong words, your elder sister will respond, and the response is very enthusiastic, and I repeat it with me every time..."

"Wan Qingya!!" Concubine Wan Qing cried, her face flushed with shame, especially cute.

Li Yun was a little curious, how did she hide her true face? No one has a skin mask or something.

"Whee."

Wan Qingya deliberately covered her mouth with her hands, but she said loudly: "Husband, do you want to watch the scene of me sleeping with my sister tonight? Should you join me too? I will help you subdue my sister!"

Li Yun is very honest, and he is indeed very excited now.

This is an old sp, and I also like to see the kisses and stickers between girls. Wan Qingya and Wan Qing concubine look exactly the same, and the relationship between the two is still the main body and the incarnation, it can't be better.

Of course, these careful thoughts Li Yun also thought about it in his mind. If you really want to say it, you have to pat your head with Qing Concubine.

"Too lazy to care about you, I'm going to take a shower!"

Concubine Wan Qing's cheeks were so hot that she couldn't wait any longer, and she stood up and went to the bathroom.

Li Yun knew about the relationship between her and Wan Qingya except for the four maids.

However, he knew it was nothing, anyway, he couldn't escape in his life anyway, Wan Qingya, this shameless girl, just said it.

"Sister wait for me, I will wash with my sister!"

"Don't come with me... Don't you always call me "Hey" or "You"? Why are you so cute today and keep calling me sister?"

"What? I always call my sister sister, sister sister sister~"

"Okay, okay, you are getting more and more numb!"

"Hehe, I should be more and more lively and cute, and naive, show the side you dare not show, and show it to my husband."

"The last four words are your purpose, right? Turn your elbow out and beg!"

Chapter 4119: Didn't dare to come out

The beautiful sisters Wan Qing and Wan Qingya entered the bathroom screaming and slammed the bathroom door, which was a pity for Li Yun.

Unexpectedly, the next second, the bathroom door opened again, and Wan Qingya's head popped out and smiled charmingly at Li Yun: "Husband, let's wash it together!"

Li Yun's eyes lit up, this proposal is good!

Unfortunately, another second later, Wan Qingya was dragged into the bathroom, and the water mist glass door was slammed shut again.

Gee, it's a pity.

However, Li Yun can also roughly imagine the situation of two beauties taking a shower. After all, he often spends time with Fang Xue and the others at home, but what exactly are the two beautiful beauties like in the bathroom?

Li Yun, who was rather itchy, couldn't sit still, he stood up... and walked to the balcony.

Keke, I didn't dare to face the bathroom door anymore, lest I really do awkward things, the concubine Wan Qing and elegant, the temptation of the two beauties is too great.

This luxurious hotel suite has a full 70 or 80 square meters, one bedroom and two living rooms, equipped with a kitchen, study and dining room, plus a high-end treadmill and some simple fitness equipment, of course, plus a small business meeting room, just next to the living room .

As far as this equipment is concerned, there is no loss of a few thousand yuan a night, but many people live in without using a lot of things, which is equivalent to spending money in vain.

Of course, people who can spend thousands of dollars on accommodation in one night don't care about wasting such a little, such as Concubine Wan Qing.

Li Yun was lying on the sun lounger on the balcony, with his legs crossed on the low stool, listening to the seemingly silent sound of water in the bathroom, frolicking with two beauties, playing with his mobile phone, and chatting with his confidantes from time to time After talking, this kind of enjoyment hasn't been for a long time.

And downstairs of the hotel is the noisy traffic, a scene of feasting and feasting, more and more bring out the comfort and warmth in the hotel room.

Li Yun found that he still likes to live in high-rise buildings. Maybe in the future, he can buy a large flat-floor, which is more than 900 square meters like the first house in Longyang County, with two floors above and below, totaling more than 1,500 square meters of usable area. It's located on a high-level flat floor, so maybe it's a good place to live.

"Husband~"

I don't know how long it took, Li Yun smelled a nice fragrance, and then he was stuck up by a gentle body. A beauty in a nightgown stuck to him again, and smiled softly. write.

"Where is Concubine Qing?"

Li Yun hugged her waist, let her lie on his body, and lay on the recliner with her.

Looking back again, she didn't see Wan Qingya where she was.

"Then... that guy is still shy, afraid to come out."

"?"

Li Yun couldn't laugh or cry, "What's so shy about it, isn't it the way it looks after taking a shower? I almost watched it before...hiss!"

Inexplicably, Li Yun felt a pain in his waist and couldn't speak anymore.

"What's the matter?" Wan Qingya asked strangely, but her face was still lying in Li Yunqi.

"It looks like I was hit by something on the waist, did you touch it?"

"No, it must be you... it's your husband, you are so worried~"

Wan Qingya smiled and stretched out her hand and stroked his waist. Li Yun only narrowed his eyes with satisfaction: "Qingya."

"what?"

"Nothing, just want to ask."

"Ask what?" Wan Qingya said with a charming smile: "Want to ask about the process of playing around with my sister?"

"Ahem, no, I'm not so vulgar, okay!"

Chapter 4120: You are special

"Husband, you are!"

Wan Qingya raised her head and said to Li Yun with a very contemptuous and intimate expression.

Contempt and closeness means that on her pure and beautiful face, there is an indescribable fascination, like the coquettishness naturally revealed after just taking a shower, which is particularly moving.

Li Yun stretched out her hand and squeezed the elegant face in her arms. The hand feels really nothing to say. She is a white and beautiful beauty. After taking a shower, her skin will become more hydrated and shiny after absorbing warm water. The same as freshly peeled eggs.

Wan Qingya's face flushed slightly, "What are you doing? What the **** did you ask me just now!"

"It's nothing, it's just..."

"Say!"

As if the tone was too heavy, Wan Qingya added: "Well, husband~ I want to hear what my husband wants to ask, is there something on my mind?"

"It's not a worry, it's about...you."

"I?"

"Um."

Li Yun sighed slightly, "Perhaps, you may not have thought about it, but you should think about... these issues."

"Ahhhh, don't play dumb puzzles!" Wan Qingya was annoyed, and she held his face with both hands, kneading it back and forth with great strength, and the pinched Li Yun's handsome face was deformed.

Of course, because of the excessive movements, the elegant and elegant nightgowns are a little loose, and the white collarbone and elegant neck are particularly beautiful and delicate.

Li Yun glanced down, and Wan Qingya patted her face. The strength was not small, and it seemed that the strength was only temporarily weakened.

"?"

"...Bad husband." Wan Qingya confuses her by acting like a baby, and then urges: "Quickly, what did you want to ask just now?"

"Actually, it's about your origins."

"Huh? Isn't her origin... Demon?"

"It's not the problem."

Li Yun stroked Wan Qingya's head from behind, sighing: "Have you ever thought about why you have to like me like Concubine Wan Qing after you were born?"

Wan Qingya opened her mouth, "I..."

I have been for a long time, but I can't tell why I came here. Yeah, why does Wan Qingya like Li Yun?

"Because your previous memories are from Concubine Wan Qing."

Stroking her innocent face, looking at her stunned expression, Li Yun sighed softly: "Although I don't want to say it, I still have to say, Qingya, your previous memories, emotions, emotions, and anger are all because of you. It comes from Concubine Wan Qing, including you like me, but also because of her.

but! "

Li Yun emphasized: "You are not Concubine Wan Qing after all. I can see that you have independent emotions and thinking skills, and your personality is different from Concubine Wan Qing, although I don't know what kind of connection is between you and Concubine Wan Qing. , I don't know whether your emotions have always been a shared state.

But I think, Qingya, you should think about whether you like me, is it because you like me, or because you like me because of Concubine Wan Qing! "

The girls around Li Yun (those with red envelopes) at least like him because of their own heart. Only Wan Qingya is the most special.

Li Yun didn't know what she was, alone, or the split of Concubine Wan Qing?

Before the system shut down the favorability system, Li Yun received a small red and white reminder from Wan Qingya, proving that she was indeed a relatively independent person, not a split from Wan Qing's personality.

It is precisely because Wan Qingya is independent that Li Yun wants to say these things.
