Chapter 4121: The face of Concubine Wan Qing

"Ping pong!"

Suddenly there was a beating in the bathroom. Li Yun wanted to turn his head to look, but Wan Qingya immediately turned back.

"What's the situation? What is Qing Concubine doing?"

"Leave her alone!"

Wan Qingya's pretty face that can be broken by a bomb touched his face, so that Li Yun couldn't see her expression at the moment, and it was difficult to even turn her head, but should she be moved?

"Qing Ya?"

Li Yun smiled slightly and put his arms around her waist: "What do you want to say? Just say it."

"Hmm..." Wan Qingya gave a long hum, and then asked after a long while, "Husband, why did you say this all of a sudden?"

"Because you lie with me like this now."

"Um?"

"Don't understand? It's just that you and me are getting closer and closer. Even if you liked me because of your sister's relationship before, but now you like me, I'm afraid you will really like me!"

"Bang!" "I have always liked my husband!!"

As the bathroom door was opened, a wet beauty rushed out and pounced on Li Yun, holding his face desperately, and kissing directly.

"Wh, what's the situation?"

Li Yun was stunned by the kiss. After a long while, he came back to his senses, pushed the two beauties on him, and stared at the girl who didn't wear anything and asked, "You are Qingya?!"

"Hehehehe, my husband can't recognize me! Qingya is so pitiful..." Wan Qingya wanted to say what it was, so Concubine Wan Qing took out a bathrobe from the space ring and forced it to wrap it up.

"I....."

What did Wan Qingya want to say, she was hit on her head fiercely by Concubine Wan Qing, angrily said: "Look at what you look like! Why don't you go back and put on your clothes?!"

"What's the point to show her husband?" Wan Qingya was still retorting, making Li Yun almost want to give her a thumbs up.

"Snapped!"

Concubine Wan Qing went over with her brain collapsed, and then she got up aggrieved, stepped on the floor of the hotel room with her bare feet, and turned back into the room.

"Have you seen enough?"

Concubine Wan Qing asked coldly.

"Well, it's almost enough, but!" Li Yun quickly said before she became angry, "I haven't seen enough of you."

".....Humph!"

With a snort, Li Yun knew that he had passed.

"Qing concubine, why did you suddenly think of this?"

Li Yun looked at her with a weird expression. Suddenly, he sat up again with one arm around her waist, and one hand raised her beautiful chin: "Come on, let me see you first."

".....What catches your eyes!"

Concubine Wan Qing turned her head away in shame, but did not object to Li Yun calling herself her husband.

She has already called her husband just now.

"After all, it's the first time I saw it."

Li Yun loosened the hand that was holding her waist, held her beautiful and innocent face with two hands, and gently rubbed it with the belly of his fingers.

"No, isn't it just like that girl? I've seen it a long time ago!" When she spoke, her tone trembled fiercely, the blush on her face was more intense, and her blushed cheeks exuded a moving charm.

Li Yun bowed his head slightly, kissed her beautiful face, and said with a light smile: "Different, different temperament, different people, elegant and lively, cute, playful and unrestrained, and I have known the Qing concubine for a long time. Introverted, coquettish, kind, silent, slightly sad, and not pessimistic."

"Inexplicable adjectives, I am not that kind of woman!"

Concubine Wan Qing pushed him away, stood up, stroked her hair, turned and looked out the window.

Wan Qingya came out.

Chapter 4122: Night view

After Qingya came out, she naturally couldn't be entangled and crooked with Li Yun anymore, even though she didn't hate the series of things Li Yun did to her just now, she even had a faint feeling of joy when she left. A feeling of nostalgia arises.

But Wan Qingya came out soon.

"Sister, husband~"

Wan Qingya was only wearing a simple nightgown, and she was probably wearing a little blouse inside. The light material couldn't stop anything at all, and her bright and white appearance was particularly attractive.

Li Yun was still lying on the sun lounger on the balcony, thinking that Wan Qingya would pounce on him to act like a baby. Unexpectedly, this girl ran to Concubine Wan Qing with a smile, hugged her slender waist, and made her turn around. Face Li Yun together.

Then, Wan Qingya leaned over her face, pressed her face to Concubine Wan Qing's, and together, looked at Li Yun.

"Yeah~ husband, do you look good?" Wan Qing Yabi gestured, revealing a big smile.

At this moment, Li Yun's heart melted.

Under the bustling night scene of Zhonghai City, on the balcony of the seventh floor of the hotel, two identical and innocent beauties, wearing only silk dressing gowns, with their beautiful faces attached to each other, smiled happily at him.

Or show a shy face.

The two stunning beauties are exactly the same height, look exactly the same, and still have exactly the same emotions towards him.

In this situation, what else does Li Yun pursue? At this moment, he even felt that the so-called immortality and immortality were nothing more than that. It was enough to have these two beauties and a confidant in the family.

Of course, if you can live forever and spend thousands of years with these beauties, forever, that would be the best!

"Husband~" Wan Qingya was stunned when Li Yun saw Li Yun, she was happy, and acted like a baby: "My sister and sister, isn't it beautiful?"

"Pretty!" Li Yun replied in a loud voice, causing Concubine Wan Qing to blush and give him a roll of eyes, but her face was still close to Wan Qingya's face, so that two identical faces were displayed in front of Li Yun.

"Hee hee, is it beautiful?"

"beautiful!"

"Like it or not?"

"like!"

"Love or not?"

"Love it!"

"La la la~ That~, do you want to uniform your sister tonight?"

"think!"

"Huh?" Concubine Wan Qing's voice sounded with murderous intent.

"Uh, I don't want to!"

Li Yun quickly changed his words.

"Um?!"

Concubine Wan Qing's voice sounded again, this time with more killing intentions.

"No, I don't want to temporarily!!" Li Yun quickly changed his words.

"Humph!"

Only then passed the level and got the hum of Concubine Wan Qing.

Wan Qingya saw this scene, she burst into tears with a smile, "My husband is really daring, I don't dare to have Qingya help, forget it, I will spare my sister once tonight... Ouch!"

This unobstructed girl was struck again by Concubine Wan Qing.

But who is Wan Qingya? She is the one who is least afraid of Concubine Wan Qing in the world.

Therefore, Wan Qingya hugged her and fell together towards Li Yun's body. The two tender and fragrant bodies like soft jade were hugged by Li Yun one by one.

At this moment, the three of them were quiet, as if enjoying the time together, as if the two girls were too shy to move.

For a long time, Concubine Wan Qing struggled: "Let go of me, this is uncomfortable, and you are comfortable!"

"Uncomfortable? How come, or sister, let's do it."

Chapter 4123: Not ashamed

Wan Qingya smiled and hugged her sister and held her face to face. Then Wan Qingya herself lay down in Li Yun's arms, becoming Li Yun holding Wan Qingya, and Wan Qingya held the posture of Concubine Wan Qing again.

"...Fuck off."

Concubine Wan Qing was embarrassed and struggled again.

In the end, Wan Qingya gave a grinning costume to the town. The two women were frolicking in Li Yun's arms. The silk nightgowns were all messed up, and their hair was messed up, but instead they added a charming and charming color.

Concubine Wan Qing realized something, raised her head and gave Li Yun a vicious look.

"Hehehe, sister~~~ come and kiss me."

Wan Qingya was very happy tonight, her lips pursed toward her, she was about to kiss her sister. Although she was the incarnation of Wan Qing, she had a complicated emotional bond with her body, which was beyond ordinary people's incomprehensibility.

Compared with mother and daughter, sisters, and girlfriends, they have a deeper connection. In this life, Wan Qingya cannot hate Concubine Wan Qing, nor can she leave her. They can only stay with her all the time. The two are like the relationship between the body and the shadow. Although the shadow of Wan Qingya is special and able to act independently, she still needs Concubine Wan Qing by her side.

Wan Qingya never thought of leaving her, and she liked this "sister" from the bottom of her heart. The two had stopped to see Fenglin before arguing, which was never a kind of emotional expression.

It's just that for them, this is definitely not love, they and Li Yun are love, and between them, it is a kind of companionship that will never leave their lives.

"Kiss, don't be ashamed, go and kiss your husband!"

Concubine Wan Qing grabbed her head and put her lips to Li Yun's mouth. And Qingya Wan didn't dislike it at all. She kissed Li Yun's lips with just one bite, and she kissed Li Yun with a satisfied expression on her face. After a long time, he breathed out again, pulled Concubine Wan Qing and pressed her to Li Yun's mouth: "Sister, kiss too!"

Li Yun, who was enjoying, suddenly had a dazed expression on his face.

Has he become a snack for the sisters?

The sisters are still humility to each other, take turns intimacy?

Although he was very upset, Li Yun still had nothing to say. Let the sisters of Lunli take turns to kiss him. In the end, he was fortunate to see the concubine Wan Qing who was a little confused and Qingya who had always been very happy. One of the two sisters. Emotional exchanges between.

He rubbed his cheeks, pressed against his cheeks, said something unsalty and not salty, made a fuss, hugged each other, and threw on Li Yun.

In short, this is a very warm picture.

There are sisters, mothers and daughters, mixed with lilies, and love for Li Yun, and so on.

They must remember this night on the balcony of the Zhonghai Hotel for a long, long time.

However, tonight is not over yet.

Three hours later, the two sisters finally took turns to kiss Li Yun for enough money. After Concubine Wan Qing yawned, she was ready to go to bed.

"Husband, come and sleep with us!"

Wan Qingya pulled Li Yun up and wanted to take him to the only room.

"no!!"

Concubine Wan Qing, who had just laughed with Li Yun and Qingya and was a little confused, immediately recovered and immediately said no.

"Why is it not working?"

Wan Qingya was very aggrieved, "Didn't it be okay just now? Sister, you still put your arms around your husband's neck, and you call your husband while you kiss."

Li Yun looked up at the sky, and talked to Concubine Wan Qing like this in a sober state. It was completely for a fight.

Sure enough, Wan Qingya suffered another brain collapse.

"If I say no, I can't, go to bed right away, and you, Li Yun, give me sleep in the living room!"

Concubine Wan Qing walked into the room with a tight face, leaving Wan Qingya, blinking at Li Yun, with a sly smile in her eyes.

Chapter 4124: Kick down

the next day.

When the window was shining in the sunlight, Li Yun was kicked by someone with a jade foot, kicked directly into the air, and then fell off the bed.

The owner of the crystal white feet is naturally the waking concubine Wan Qing.

Li Yun, who fell to the ground, sighed. He originally hugged the left and right comfortably, with the elegant on the left and the Qing concubine on the right. He hugged the two of them to sleep last night, and kissed them many times. Concubine Wan Qing gave a kiss before falling asleep.

As a result, he was kicked out of bed in the morning.

"My wife, you are too unkind!"

"What kind of favor? Which thief opened my door with the cooperation of a stinky girl while I was asleep last night, and shamelessly hugged me to sleep all night?"

"Uh."

Old Li Yun blushed, but, after all, he stood up directly after all the battles, threw himself on the bed, hugged Concubine Wan Qing, and gave him a kiss.

"What are you doing? Bastard, let me go...well."

After Wan Qingya was awakened, she saw two people hugging and kissing passionately at first sight. She yawned and said sleepily, "Sister, haven't you kissed enough last night?" My lips are swollen."

Concubine Wan Qing woke up and pushed Li Yun away, covering her mouth in embarrassment:

"What are you doing, bastard! If you dare to come, I will interrupt you directly!"

Li Yun sighed, causing Concubine Wan Qing to be stunned. He subconsciously asked, "Why sigh?"

"Because we are going to set off soon, and it is estimated that we will meet those of you at the Six Doors soon. At that time, it will be difficult for me to kiss you."

It turned out to be so.

Concubine Wan Qing greeted her mouth: "It's best if this is the case. You can only restrain yourself as a ghost. Now let me go out. I want to change clothes with Qingya!"

Li Yun opened his mouth, wanting to say something, Concubine Wan Qing immediately raised her brows and her eyes.

Li Yun had to go out, lest the beauty who had been holding him asleep all night would continue to get angry.

In fact, he had already figured out how the two women looked like last night. It was just a little bit worse if you couldn't see them. Mathematically, it was half of the base multiplied by the height of the area.

"Husband~"

Wan Qingya still didn't want to let Li Yun go out, and shouted lazily.

But her sister did not give her a chance to act like a baby. She lifted the thin quilt on her body and lifted her up, "Hurry up, today we are going to go abroad. If we are too slow, we will leave you behind so that you can't Go play with your husband!"

Judging from the action of lifting and lifting, Consort Wan Qing has done countless similar things to her sister, probably because Wan Qingya lays in bed every day...

"Yes, we are going abroad, we are going to Lan Honi to find a monk, sister, let's get up right away!"

When Wan Qingya heard that she was going abroad with Li Yun, she suddenly became energetic, and she sat up and began to dress.

A few days ago, when she heard about her sister and Li Yun in the Pharaoh's country, she wanted to go on an adventure with her husband, and now she finally had a chance.

"Dress me well! Don't leave your shirt on, or you will show it to outsiders. Your husband is not jealous?"

"That's right, you have to cover it up and only show it to your husband."

"Hmph, I usually say you don't stop, and you will kill anyone who dares to watch it. As a result, as soon as I talk about your husband, you are immediately obedient."

"Hehe, I do what my sister said."

After the sisters were laughing and playing, dressed neatly, and walked out of the room in their outfits, Li Yun had already watched the news for half an hour.

Chapter 4125: Saint of fashion

"Husband, we are all right~."

After hearing the elegant and brisk voice, Li Yun raised his head and saw it suddenly lit up.

It is the spring equinox at the moment, the temperature is neither high nor low, and the dress of the sisters is also very springy.

One is a floral dress with a small coat, which is very girly with a spring trip. The other is a knee-length skirt with two smooth and round calves, and a beige coat on the upper body is particularly cute.

The two of them also wore the same wide-brimmed hat with a white plum ribbon wrapped around the hat. The elegant ribbons of Wan Qing went to the left, and the ribbons of Concubine Wan Qing went to the right. The two sisters complemented each other with a special beauty.

The only regret is that Concubine Wan Qing has dressed up again, her face is slightly different from that of Wan Qingya. And Wan Qingya also put on some pretense, slightly concealing her original pure and beautiful face.

"Qing concubine." Li Yun said regretfully: "Why are you making up like someone else again?"

He finally asked the question last night. The method Wan Qing always uses to change into someone else's appearance is to simply make-up, apply a lot of powder on her face, and add some tips to make her look like she has become Like another person.

"You need to take care of it." Consort Wan Qing gave him a white look.

"Yup!"

Wan Qingya also said: "I don't want to change my appearance, but my sister just pulled me, pressed me to sit on the dressing table, and smeared my face for a long time, which is very annoying...Ouch."

Needless to say, there is only one reason for Wan Qingya, and that is she was knocked on her head by her sister.

"Don't complain. If you don't want to be annoyed by those people in the future, just do as I say!"

Concubine Wan Qing said with a cold face, Qingya couldn't say anything anymore, she spit out her pink tongue and got down to be honest.

Li Yun understands that Concubine Wan Qing is still very jealous of the six gates and is unwilling to show her true colors, so that she can still have a little leeway, or it is because she used to be a saint before, before she was completely safe. , She would not use her real face.

As long as she went out, she would cover her face just in case.

"This time... it should be completely resolved!"

Li Yun stood up and said to Concubine Wan Qing, but the latter was just a lip service, "Let's go, don't talk about it, it's not the time to solve it!"

With him, Qingya, and Master by his side, she is not in a hurry, and now she does not feel particularly dangerous, just because some relationship is still at the six gates.

"Sure, let's go."

Li Yun and them walked out the door and walked to the door. Wan Qingya suddenly asked, "Husband, in what capacity are you following us?"

Wan Qingya can also be said to be a back hand arranged by the former saint, that is, a hidden master. After all, her practice comes from the concubine Wan Qing, and her attributes are similar.

However, Li Yun is a person with no foundation, and it is not easy to get confused, unless he directly reveals his identity and kills all the way.

"I can't be Li Yun?"

Li Yun is now very confident in his own strength, not to mention that his attribute points have been exploded, and he has a lot of killer moves, and he is not shocked when facing a Soul Bright Realm like Fan Linglong.

Besides, if you can't beat it, you can still use Qinglian Immortal Mansion to escape, a versatile means of life-saving.

However, Li Yun now feels more and more that fighting is no longer his main method, and that he can solve puzzles and then obtain system rewards.

Chapter 4126: Handsome boy

"You can be anyone, but you can't be Li Yun!"

Concubine Wan Qing stretched out her hand and squeezed Li Yun's handsome face in revenge for the act of squeezing his face last night.

Li Yun didn't care, shrugged and said, "Come on, whoever you say I am, I will hide until the end, and then jump out to help you kill all the opponents. Is this all right?"

Concubine Wan Qing raised her eyebrows and curled the corners of her lips to express her approval for Li Yun's pleasing behavior. Of course, don't want her to offer rewards!

"The husband," Wan Qingya was different. She went forward and held Li Yun's neck, staring straight at his face: "I want to see how you change, or if you become a stranger, There will be a response in people's hearts."

Consort Wan Qing wanted to say, you just want to act like a baby, right?

"become."

Li Yun thought about it for a moment, imagined his changes in his mind, and smiled at Concubine Wan Qing: "Since I have been called by Qing concubine again and again, you are a handsome guy, then just become a butter niche, right?"

"OK!"

Concubine Wan Qing's face blushed, but Wan Qingya immediately agreed, in fact, no matter what Li Yun became, she was her husband.

With a crackling sound, Li Yun's bones and facial muscles have undergone some changes, becoming another three or four points similar to his original face, but with a lot of masculine temperament less and more femininity, which is commonly known as The custard ***** look like.

"What's the matter?" Li Yun smiled slightly, his current physical body has become extremely powerful due to the innate relationship with the womb, and the change in appearance is just a small matter.

Uncertainty can become a variety of animals, similar to the thirty-six changes and the seventy-two changes.

"what!"

Wan Qingya was dumbfounded and stretched out her hand to touch his face, but Concubine Wan Qing chuckles out, using the same big sister's tone of the previous encounters with Li Yun, she stretched out her hand and stroked Li Yun lightly. 'S face: "Little handsome guy, meet again~~"

The frivolous tone, the charming smile, and the very artificial concubine Wan Qing, gave Li Yun an inexplicable intimacy.

When he met her for the first time, he saw this kind of concubine Wan Qing.

So Li Yun stepped forward to hug her and fulfilled his wish at the time: kiss fiercely.

"Asshole, um, why do you kiss again? Stop it, my lipstick...Bah, you're necrotic!"

"Little handsome guy, I want to be elegant~~"

After another play, Concubine Wan Qing and Qing Ya put on lipsticks, Li Yun wiped the red marks on their lips, and the three left the hotel room.

"Don't mess around!"

In the elevator, Concubine Wan Qing sullen her face, and changed back to the temperament of a six-door saint: "If you dare to mess around again, I will put you to death directly, have you heard?!"

"Hmm...or else."

Li Yun touched his chin: "On the surface, I am the translator you are looking for, specifically to deal with those people abroad, but in fact, I am the first one of you to raise your face."

"Okay!" Wan Qingya immediately agreed again, Xiaozui almost couldn't help grinning, haha, her face?

"Pooh."

Concubine Wan Qing maintained a cold expression on her face, and she said very intimate words: "You are really shameless to the extreme. In order to kiss me and Qingya, you dare to be willing to face your face!"

"That's no way, I'm a peerless man who loves his wives."

"Hahaha, my husband is the best, my wife kisses my husband."

Wan Qingya couldn't help it anymore, and rushed to kiss her again.

Naturally, her sister on the side could not let her succeed, so she pulled her hair directly and said, "Bring me back!"

"Ouch, bad sister!"

"Huh, I'm bad, how?!"

"Sister smelly~."

"You're so stink, so stink!"

The sisters quarreled again, and if it were not for the wrong time and place, they would have to fight again.

Chapter 4127: Four maids

When he went down to the hotel lobby, Li Yun saw two young and beautiful twin sisters in the reception area of the lobby. They were sitting on the sofa and waiting while chatting.

After seeing the three of Li Yun coming down, the two twins stood up at the same time and respectfully saluted Concubine Wan Qing and Qing Ya: "Miss, Miss Second!"

Miss, it is Concubine Wan Qing, and the second young lady is Qing Ya Wan.

"And me?"

Li Yun pointed to himself and smiled.

These four young and beautiful women were only about twenty years old, and they were all maids beside Concubine Wan Qing. Li Yun saw them the second time she saw Concubine Wan Qing.

The four are two pairs of twins, with simple names, Xiaoqing Xiaolan, Xiaolu Xiaozi, and they don't even have a name. They are just the maid who follows the concubine Wan Qing.

They were all captured by Liudaomen by various means. They lived in the Liudaomen resident when they were young. After a little bit of growth, they were assigned to the next saint, that is, Concubine Wan Qing.

Because Concubine Wan Qing was in six gates, and almost no one trusted her, these four maids were separated by her, a kind of Gu that they would die as long as the female Gu on Concubine Wan Qing died.

Therefore, these four maids will never betray the concubine Wan Qing, they belong to the relationship of all prosperity and all losses.

"Who are you?"

"Which green onion are you?"

"Stupid, you little green, this guy can walk by Miss and Second Miss, it must be that Li Yun!"

"Oh, it's you!"

"Is it Li Yun, the husband of the two young ladies?"

"It's also our...Master?"

The four chirping maids finally recognized Li Yun and looked at him in amazement. After a while, they realized that Li Yun and the two ladies came down from the hotel. That is to say, he and the ladies last night Above the hotel...

Spent a night! ! !

"This....."

The four maids were dumbfounded.

"Stop this."

Concubine Wan Qing glanced at them faintly: "Has the car I want come over? Just leave without waiting for others."

"Ah, yes!"

The mood of the four maids was particularly chaotic at the moment. They had guessed before, whether Li Yun would be the lady's guest, and now it seems that they are already.

So, after the young lady has a husband, what kind of arrangements will be made for them?

Should they also become his bed-warmers, or should the young lady dominate alone and don't want to give it to others? I can't let them marry other men. It's impossible. I haven't heard that the dowry girl will give it to other men!

But in this way... Then Li Yun will become their husband?

What kind of thoughts does the young lady have?

For a time, the four maids thought about things in their hearts regardless of their original personalities.

Li Yun vaguely saw something, glanced at Concubine Wan Qing, after seeing that she was indifferent, he didn't care about it for the time being.

In modern society, the maids and maids are a legacy, and they can't be implemented anymore. Gong Qingyu, Xia Feiyao, Jin Liuli and the others also have maids, but those maids have a lot of autonomy. Receive formal education and choose to stay or leave when you grow up.

Most of them are because their parents and family depend on the big family, such as the palace family, so they become the maids of the big family ladies.

Chapter 4128: I'm a professional when I'm a little white face

The maids and maids are products that are slowly dying out, replaced by maids, who still serve the host family, but have considerable autonomy.

For example, Gong Xiaochun Gong Xiaoxia and the others, before they chose to dowry to Li Yun, instead of being ordered by Gong Qingyu.

But Little Green and Little Zi are different.

They came from the more severe and stricter six gates, and it was extremely difficult to leave, and they were also poisoned, and it was even more difficult to leave Qing Concubine.

However, Li Yun has a miraculous detoxification pill. If they have the will to leave, he will spring the concubine Qingshui and let the four maids leave and live their own lives instead of being tied to death by Concubine Wan Qing for the rest of their lives.

"You go and drive another car. Just keep driving us publicly. Oh no, you don't have to follow it. Drive back and wait for us to come back."

Wan Qingya ordered the four maids, and then remembered that she and Li Yun were going abroad, not traveling, but fighting, and the four maids were not appropriate to follow.

The maids looked at Li Yun and asked for his opinion, instead of looking at the other lady, who was their original owner.

Because, during this period of time, they also discovered that the words of the second lady are often the words of the eldest lady. Unless the two are quarreling, the words of which lady they listen to are the same.

For Wan Qingya, the four maids didn't know her origins. They only knew that the lady trusted her very much, and even shared the bed with her. This was something they had never foreseen in their lives with the lady in the past ten years. of.

Even the former saint, the young lady's master, had never seen the young lady slept with her master at night, but she was very close to this elegant and inexplicable young lady's sister.

Do not talk about living together, even bathing and sleeping together, the two of them also changed their clothes casually, Wan Qingya walked out wearing Miss's clothes casually, and they were all frightened at the beginning.

But the facts have proved that the lady's indulgence and doting on Miss Wan Qingya has reached a super high level. Although she often gets angry with her, she has never been really angry or disgusted.

And now, among the objects they want to obey, there is another Li Yun...

"Well, go back."

Li Yun also nodded, waiting to come back to solve their problems.

Concubine Wan Qing had no objection, and sent them away after asking them to drive the car out of the hotel garage.

She also has several long-term rental properties in Zhonghai City, and she will change it once she feels unsafe or the address leaks. She usually lives in hotels or inns most of the time, and occasionally enters some high-end areas, confusing them with spells. The manager, let him arrange accommodation.

Was erratic and suspicious, probably talking about her life.

Li Yun consciously went to drive the vehicle, carrying two beautiful women on the road to the airport.

Although he has the ability to fly, he still relies on cars and airplanes most of the time he goes out, and it feels no different from before. It is only a lot more convenient in an emergency, such as flying to the hotel from Huangting Mountain last night.

"Hey."

As the vehicle started, Li Yun drove in the front row, and Concubine Wan Qing sitting in the back row, with her legs folded together, shouted at Li Yun.

"What? Don't worry, I'm a professional when I'm a little white face, and I promise not to show anything!"

"...How can you be so shameless?"

Chapter 4129: good girl

"Say you are a handsome boy, do you really think you are a little boy? Shameless!"

Concubine Wan Qing said contemptuously, lying in her arms, the very intimate Wan Qingya smiled and did not interrupt to speak. Just sitting in the same car with her sister and husband, she felt quite satisfied and happy. .

Listening to her sister and husband quarreling with each other, it was enough for her to be happy.

"Because I want to be with you, it doesn't matter if I'm a little white face." Li Yun drove steadily, and a smile appeared on the face of Xiaosheng.

"Bah, you are getting shameless!"

Concubine Wan Qing wailed like this, and in her arms, with her head resting on her thighs, Wan Qingya clearly saw her sister's cheeks appear blushing. She was teased by Li Yun's words. His blushing and heartbeat, or very happy, so blush .

My sister is really a duplier!

Wan Qingya reached out and grabbed her hands, covered her face as a quilt to cover her face, squinted her eyes and planned to go back to sleep. There is still some distance from the airport.

"Go to sleep."

Concubine Wan Qing scratched her ears, causing her sister to make a comfortable snoring sound, and soon fell asleep.

"Say it."

Concubine Wan Qing lowered her voice and said to Li Yun in the front seat: "Why did you keep looking at my four maids just now? Do you want to stretch out your evil hand again?"

"What kind of evil hand, it's too ugly. I obviously want to save them from the fire and water. Don't wrong me." Li Yun's voice also lowered because he didn't understand Wan Qingya's past lively chirps, guessed it. She may be sleeping.

"Save them out of trouble?"

Concubine Wan Qing pondered for a moment, and she knew what Li Yun was referring to: "Do you want to give them detoxification pills?"

For the detoxification pill, although she has never known the origin, nor did she know where Li Yun got it from, this thing is indeed amazing and extraordinary, and it is definitely possible to untie the mother and son Gu on the maid's body.

The mother and child Gu was removed, and the four maids had nothing to do with her. They could also leave her and resume their normal lives.

"whatever."

Before Li Yun could answer, Concubine Wan Qing promised: "You can let them go, and I won't object. Although they know a lot about me, I am a saint who is nostalgic, so let them go. Bar."

Her current strength is no longer the same, and Li Yun helped her again, even if the four maids inform them, at most, they would know some secrets for others, which is nothing.

Moreover, this is only a small probability event, and Concubine Wan Qing still quite believes that they will not inform them.

"Are you really letting people go?" Li Yun asked with a smile.

"You do not trust me?"

Concubine Wan Qing's tone was unwavering, but there was already sadness in her heart. This ***** didn't believe her, so she couldn't believe her except Qingya.

"It's not that I don't believe it, just confirm it again. After all, is it important?" Li Yun's tone did not change, and his natural explanation made Concubine Wan Qing's heart relax.

If he really doesn't believe it, he must explain it in that hurried tone now, not so natural.

"I said, whatever, they know some of my secrets, but they are not fatal, besides, I now...the strength is enough to deal with!"

"After all, I still have to help you, right?" Li Yun laughed, and Concubine Wan Qing kicked the seat, "Go to death, you don't need to intervene too much! Just let them go if you want, I don't object! After all! Just your kindness, I am a poisonous woman."

"How can you, Qing Concubine, you are also a good girl."

"Humph!"

Chapter 4130: Conflict when you meet

The car drove all the way to the airport. There was a parking lot near the airport for a long time. Or after waiting, Concubine Wan Qing told the maid to pick it up and waited for them to come back.

Wan Qingya also woke up. After sitting up and yawning, she asked dazedly: "Husband, are you here?"

"Here, besides, I am not allowed to call my husband from now on!"

"what?"

"Call me Li Yun, I am just a little white face translator from now on!"

"...Oh, so troublesome."

Wan Qingya murmured her dissatisfaction, she was still used to calling her husband.

After getting out of the car, Li Yun consciously walked ahead to lead the way, because I don't know if the people from Six Doors will show up. Although Concubine Wan Qing said to meet in Lumbini, Li Yun felt that...

"Qing concubine, here!"

Sure enough, when the three of Li Yun walked near the airport, a clear man's voice came from a distance.

Li Yun turned his head to look and found that one of the crowd was an acquaintance.

He did not have many acquaintances at the six gates, only a few, and many of them were killed by him. The acquaintances who were still alive and called Concubine Wan Qing so intimate were only those from a certain cave that Li Yun had encountered. Owner:

Wanfaxian.

"senior."

Concubine Wan Qing passed Li Yun and quickly walked up, showing a slightly respectful expression, and gently nodded to Wan Faxian.

This is the highest etiquette she can make, no matter how much it is, it is impossible.

"Sure enough, I'm waiting for you." Wan Faxian is still the gentle and elegant appearance, wearing simple middle-aged men's spring clothes, looks like a rare and graceful man, who doesn't know, no one He couldn't see that he was an old monster who had lived for hundreds of years.

And there are countless lives in the hands, bad things and good things have been done all over!

"Senior." Concubine Wan Qing said with a slight smile: "Didn't you say that we meet in Lumbini? Why are you waiting for me at the airport, I'm really embarrassed."

She seldom respects her, but she is indifferent and indifferent, with a lazy appearance. She is still eating a bubble gum in her mouth. Does her mouth move?

"It's not in the way," Wan Faxian smiled gently, "I haven't had anything to do recently, so I just came to wait. If you don't bother to go, Qing Concubine, I have to send someone to look for you, how troublesome? "

In the gentle voice, a certain threat was revealed. The underlying meaning was that he had to wait until Concubine Wan Qing brought the piece of good fortune jade disc to Lumbini, otherwise he would send someone to capture her!

"No trouble." Concubine Wan Qing smiled softly, "It's great, I will give the fragments to you, I can't escape with the fragments, right? So look down on you, senior!"

"Close your stinky mouth!"

"So bold!"

"You woman, really think you are invincible in the world?"

The several men standing beside Wan Faxian immediately shouted coldly, as if Concubine Qing knelt on the ground to apologize.

Concubine Wan Qingya hadn't spoken yet, and had been eating bubble gum without saying a word, but at this moment, she suddenly raised her hand and slapped a few men standing behind Wan Faxian.

The movements were extremely fast and extremely sudden, and her palms seemed to be faint, she passed through these men's self-defense magic weapons in an instant, and swept across them with a slap in their eyes of consternation and fear.

"Slap! Slap! Slap~!"

They slapped them in the face one by one, and none of them could escape. Everyone was slapped in the face.
