Chapter 4151: Pilaf

Naturally, Li Yun didn't dare to tell the three women this information, because she was afraid that they would feel bad about it and even lose their mind to eat.

When serving the dishes, Li Yun looked at the attire of these waiters and found that they were all wearing white gloves before he secretly breathed a sigh of relief. The sanitary conditions in this restaurant are still acceptable.

A person with the appearance of a foreman smiled and asked Li Yun something. After he answered, the other party turned and left.

"What did that person say?" Wan Qingya asked curiously.

"Just ask if you want to experience the pilaf!"

Li Yun replied.

"Pizza?"

Wan Nishang frowned, "What's so strange about pilaf? This is also a feature?"

Concubine Wan Qing picked up the special soup spoon and said helplessly: "There are no chopsticks in this place, and I am not used to eating a meal. I don't want to come here when I travel."

Li Yun coughed, looked at the three girls, and said in a weird tone: "You really want me to explain?"

"Talk and talk." Wan Qingya urged first.

"OK then."

Li Yun called a waiter and said a few words to him. Soon, four banana leaves were brought up and placed in front of Li Yun.

"Is this for serving rice?" Wan Nishang asked curiously. After all, fools can see that the only purpose of such a large banana leaf is for serving rice.

Li Yun nodded, poured the rice on the clean banana leaves, and then took a portion of the cooked chicken curry, barbecue, chicken nuggets, vegetables, etc., and put them on the banana leaves.

The three girls were dumbfounded, they guessed what the so-called pilaf was!

"Just, what?!" Consort Wan Qing was stunned.

"This is Ah San's hand grabbing rice?" Wan Nishang squinted at Li Yun, "How to eat? Hand grabbing?"

"Yes, pilaf!"

Li Yun washed his hand with a spell, stretched out the rice on the banana leaf, stirred the rice grains with the curry soup, then turned it into claws with five fingers, and grabbed some of the mixed rice and curry juice. The mixed thing was put in the mouth.

"vomit!!!"

Concubine Wan Qing made a very deliberate gesture of vomiting. This is of course a very rude gesture. Changing to being an ordinary person has long been watched by the restaurant staff. It is because she is a beautiful woman and has many privileges. In addition, the staff did not understand the conversation between her and Li Yun, and did not know what she was vomiting now.

Wan Nishang said coldly: "It's disgusting! This is also called pilaf? This is stirred and stirred, just like... pig food!"

Fortunately, she thought that the pilaf was to hold the rice with her hands, and then hold the chicken drumsticks with her hands. Of course, the soup was still made with a spoon, instead of the way Li Yun is now, mixing the rice and the dishes together.

Just like pig food!

Li Yun said innocently: "Concubine Wan Qing, stop for me! Don't vomit, my hands are very clean. Okay, this is an authentic pilaf, don't believe you look at the guests on the table over there."

The third woman turned her head and looked, and she saw an authentic Asan who was eating the well-mixed rice with her right hand.

"..."

Concubine Wan Qing stretched out her hand and pushed away all the rice and dishes: "Suddenly I lose my appetite, what should I do? The people here are just...no talking? You can use a soup spoon, just use your hands...to lose your appetite. , Don't eat it!"

Li Yun reached out and grabbed a handful of well-mixed rice, stretched it to her mouth, and said with a smile: "Would you like me to feed you?"

"Fuck off, I won't eat what you touched by your dirty hands!"

"What's dirty, clean?"

"Husband~~~"

Wan Qingya came over, opened her mouth very obediently, swallowed the curry rice in Li Yun's hand, chewing happily on her face.

Chapter 4152: Disgusting

"Disgusting!"

Concubine Wan Qing smirked, not looking at the two people who showed affection in front of her, but had a great relationship with her-one of them was her sister, her incarnation, and the other was the man she liked. , I don't know where to start if I want to be jealous.

Wan Nishang saw the performance of the two daughters in her eyes, and she couldn't help but laugh when she saw the elegant expressions, but she couldn't help sighing after seeing the appearance of Qing concubine.

This duplicity daughter probably also wants to be fed by a little ***** like Li Yun, right?

She certainly didn't feel dirty, but she was embarrassed.

"Don't you guys eat it?"

Li Yun said helplessly: "Well, let's go to a barbecue restaurant and watch them cook. It will always be cleaner."

Wan Qingya has no opinion, so she can eat wherever she goes, as long as her husband is by the side.

Concubine Wan Qing glanced at her mother, shook her head, and said with anger: "Also in other places, this shop is a bit more advanced, eat it...Also, the spoon you quickly picked up is not allowed to be grabbed! It's ugly."

"Well, use a spoon, use a spoon!"

Li Yun went to wash his hands and used a spoon when he came back. Concubine Wan Qing reluctantly nodded and accepted.

The four of them continued to eat dinner. To their surprise, Wan Nishang didn't feel compelled, so he could still eat, as long as he didn't look at the far away Ah San holding the meal with his hands.

People who travel to this place will see such a scene of grabbing rice with hands, and there is no way.

"By the way, Senior Nishang."

Li Yun took a spoon and wrapped it around her, opening her mouth to wait for Wan Qingya to eat, and said to Wan Nishang.

"What? Wait, why do you call me Senior Nishang?"

Wan Nishang felt a little flustered, and there were only a few people in this world who called her like that.

"Senior called Wanwan always feels too much." Li Yun smiled.

"My master..." Concubine Wan Qing didn't finish her words, she suddenly changed her words: "That's just called Nishang, anyway, you don't have any respect for the elders! Even the Vatican Linglong was included in the room, right? ?"

"real?"

Wan Nishang looked over almost immediately. The last time she saw Li Yun and Fan Linglong look close together, she was a little bit unbelievable. When she asked Fan Linglong, the other party didn't say anything, but just waved her fist and hit it. .

No way, Wan Nishang can only take the trick.

At this moment, Concubine Wan Qing directly asked Li Yun, making Wan Nishang's heart suddenly startled, and she raised her head to look at him.

".....Yes."

After thinking about it for a while, Li Yun nodded directly and admitted that Fan Linglong was the person in his room and one of his confidantes.

Wan Nishang opened her mouth and looked extremely surprised. After half a day, she blurted out: "It turned out to be true...she was with you, a little bastard?!"

At this moment, Wan Nishang's heart was filled with mixed feelings. She and Fan Linglong were once good friends and best girlfriends, and perhaps they had mixed up some different emotions, but afterwards, after their identities were exposed to each other, they became a reality. Enemy.

But this kind of hatred, now that the Hidden Sacred Valley and the Six Doors have been split, Wan Nishang has become more and more sure that she does not hate Fan Linglong at all, even though Fan Linglong once severely injured her, almost died, and had to be closed for a hundred years. .

But Wan Nishang is more of a guilt towards Fan Linglong: she was also seriously injured by Fan Linglong.

By now, Wan Nishang can be sure that she has no hatred for Fan Linglong in her heart.

Chapter 4153: Entangled

Even when the two fought, Wan Nishang never hated Fan Linglong.

She and Fan Linglong, the two former saints, were just being held in battle by their respective sects.

Last New Year's Eve, after Wan Nishang had another fight with Fan Linglong, she could say with certainty that Fan Linglong had no hatred for her on New Year's Eve, even if she stood in front of Fan Linglong, Fan Linglong did not Will kill her.

The last battle between the two was just a pastime after New Year's Eve dinner, if she and Fan Linglong could sit down....

It may not be reconciled.

After all, Wan Nishang is a stubborn person, and Fan Linglong is even more so. If the two want to say reconciliation in person, they have to rely on foreign objects to bridge their past faults, such as Li Yun.

He came to act as a bridge, and it would definitely work.

First, Li Yun is Fan Linglong's boyfriend, while Li Yun is Fan Linglong's husband, and thirdly, Li Yun is Fan Linglong's husband...

Anyway, it was because Li Yun and Fan Linglong had a very close relationship. Since he could sink Fan Linglong, he would definitely be able to persuade her.

"Yes."

Li Yun nodded again to confirm this matter.

Fan Linglong is really with him, this little bastard!

Moreover, between Fan Linglong and him, he did everything that should and shouldn't be done, and it happened many times. On Saturday morning, Li Yun still messed around with her on the third floor of the mansion for a long time.

Wan Nishang was obviously shocked, looked at him blankly, for a while, before asking: "Between you and her... how did it happen?"

Then he added: "You little bastard, it's impossible to have too many opportunities to meet Fan Linglong? If you are really only one year old!"

Although it is incredible, Li Yun is really a freshman this year.

It's just that he has had a lot of experience, making him look mature, like graduating from university two or three years ago.

"The first time I met her..."

Li Yun wanted to say that the first time he met with Fan Linglong, he kissed him for four hours. He was in a daze with Fan Linglong. He hugged his neck and talked with him.

It was also the first time that they were as intimate as a couple, so the relationship between Li Yun and her has improved by leaps and bounds, and it has quickly entered the relationship between lovers.

Of course, I was alone with Fan Linglong for a long time, so I couldn't resist Li Yun's gentleness. In addition, I wanted to live with my apprentice Fan Qingsheng, half-push half-hearted by Li Yun.

But Li Yun thought, what if Wan Nishang was in a fight with Linglong and deliberately used this experience to laugh at his Linglong wife?

Therefore, Li Yun smiled, closed his mouth, and said nothing.

"Why don't you say it!?"

Wan Nishang urged.

Li Yun shrugged: "Probably because this little ***** is a handsome boy, and my exquisite wife has gone through hundreds of years, she is still beautiful and beautiful, which attracted me deeply, so we became a couple!"

Straightforward, frank, and directly admitted that he and Fan Linglong are lovers!

Wan Nishang was stunned again.

"Little handsome guy, please die."

Concubine Wan Qing knew that Li Yun's "little handsome guy" was teasing her, so she gave him a roll of eyes-she was also attracted by this.

"The handsome husband is the most handsome!" Wan Qingya laughed and booed, so Li Yun had to stretch out her hand to squeeze her white face, and also made Wan Qingya scream at her bad husband.

Chapter 4154: think

Wan Nishang was shocked for a long time, and then asked: "What's the specific point? I don't believe that the woman of Fan Linglong would fall into such a simple way!"

"It's that simple to fall."

"Believe you, speak up!"

"If you don't believe me, forget it, Senior Nishang, what I said is almost true."

"Haha, Qing concubine, what is his almost?"

"It's almost like the fake one."

"Have you heard?"

Wan Nishang said that he didn't even need to marry his two daughters, but Li Yun attracted Fan Linglong by insisting that he was a handsome guy.

"Don't tell me?"

Wan Nishang suddenly changed his style. The eyes of a pair of beautiful Danfeng were full of water, and the corners of his lips were smiling: "Little bastard~, if you say, I might be happy with Senior Nishang, so I will be with my two apprentices. Marry you together~"

"what?!"

Li Yun, Wan Qingya, both looked at Wan's neon clothes with a stunned expression.

Concubine Wan Qing looked like I had guessed it a long time ago.

Wan Nishang's face blushed, but she insisted on her scalp and continued: "Yes, you heard that right, as long as you tell me how to get to Fan Linglong, I will, I will, I...just, and Qing Fei Qingya, serve you together!"

Her beautiful and coquettish face was completely red, and her eyes were even more ashamed, as if she really decided this matter, and she really fell in love with Li Yun.

Concubine Wan Qing rolled her eyes and knew everything about Master's performance.

Li Yun pondered for a moment, then shook his head, "It is enough for me to have Qing concubine and Qing Ya!"

Wan Nishang patted the table—it almost took it, quickly restrained, and said with a smile: "Don't you think about giving the three of us master and apprentice...well, together, you little bastard, don't you want to?"

The three women looked at him together and let Li Yun Alexander.

"think!"

In the end, Li Yun nodded happily, admitting that he had thought about it, that the three masters and apprentices would take it together. He wanted to see them dressed in beautiful clothes and walked towards him with a shy smile. He wanted to see them, be with them, and make trouble ...Cough cough cough.

"abnormal!"

"...Scum!"

"Dead pervert!"

"Pooh."

The above four sentences are all from Concubine Wan Qing: one sentence is not enough to express the shock in her heart, so four sentences are used.

Wan Nishang was stunned, this little bastard... really thought that?

Want to make her, no, do you want her to be his girlfriend like Fan Linglong? !

This little bastard... How dare this little bastard, no, no, the little **** dares, she even dares to start with that old antique Fan Linglong, not to mention her dresses.

After all, it's not Wan Nishang who is boasting, her appearance is definitely first-class, no worse than anyone else, this little **** little pervert, it's normal to think that way.

".....husband!"

After being stunned for a long time, Wan Qingya looked at her master, clapped her hands suddenly, and smiled: "Okay, okay, Master, like my sister and me, has become her husband's woman, so that we can be unfettered and do whatever we want. You can play whatever you want. From now on, everyone will be a family, completely... um.

Concubine Wan Qing couldn't listen anymore, so she picked up a chicken leg and stuffed it into her mouth: "Eat yours, why do you talk so much!"

Wan Qingya whimpered, biting the chicken leg while staring at her sister with her eyes, while Concubine Wan Qing stayed unmoved and insisted on putting the chicken leg in her mouth.

Wan Nishang, who knew her apprentice well, trembled inexplicably after hearing her words.

Chapter 4155: shameless

Concubine Qing said that, in fact, it already represented her in her heart that she did not oppose such a life, and she was also ready for the three masters and apprentices to be by Li Yun's side. It was only because Concubine Qing was shy in her heart that she used an excuse to cover up.

Concubine Qing... agreed, or rather, imagined a scene where the three of them served Li Yun together.

When did it start?

Concubine Qing actually agreed?

how is this possible.....

For a while, Wan Nishang only felt that the sky was spinning. She wanted to tease Li Yun, but she didn't expect to tease herself in. How would she face this little **** now?

Three masters and apprentices to accompany him?

Pooh!

shameless!

——As for who shamelessly scolded, it's probably scolded herself.

The atmosphere between the four suddenly became strange, and the three masters and apprentices all had a strange connection with Li Yun, especially Wan Nishang.

Li Yun coughed, "I won't say these things for now, Senior Nishang, I want to ask you a question."

Concubine Wan Qing glanced at him and muttered: "These words? Aren't these jokes? Ha ha, it seems that you guy is really thinking about it."

The voice is very soft, it's just a complaint.

But which of the four people present is not a master with ears and eyes? As long as you listen carefully, you can hear it in a low voice.

Wan Nishang's face became even more red, and she glared at her daughter, making Wan Qingya more elegant.

Li Yun pretended not to hear Concubine Wan Qing's words, and continued: "Nishang, what do you think of Qingya's existence? You should know about her, right?"

"Got it." Wan Qingya took the initiative to answer her husband, smiling.

Li Yun directly called Neishang, but Wan Neishang did not notice this. Even Li Yun just said it casually. Only the keen concubine Wan Qing immediately heard the difference.

She glanced at her master, and after seeing that Master had not noticed a change in her name, Consort Wan Qing understood in her heart that Master did not hate Li Yun.

And a woman doesn't hate a man, and the two get along often and have an ambiguous beginning, and many follow-up things often happen.

Not to mention that her master's side, including her old friends, are already Li Yun's side, and her master can't escape.

"Know, so what?"

Wan Nishang's tone became as cold as possible, "No matter what Qingya's origin, she recognizes me as a master and me as a mother, then she is my apprentice and my daughter! It's that simple thing."

She looked at Qingya, her eyes were full of tenderness and pampering, and everyone could see her maternal glory.

"Mom is the best~!" Wan Qingya has a very simple personality. She smiled and threw herself into Wan Nishang to act like a spoiled child. She let Wan Nishang, who was deliberately indifferent in front of Li Yun, break his power on the spot, and put her arms around her second daughter on her face. Kissed:

"Look, how good is my daughter?"

Wan Nishang looked at Li Yun, full of joy and triumph, without realizing that her daughter was already a boyfriend and girlfriend with Li Yun.

Li Yun smiled and said, "I didn't mean that. I mean, Nishang, do you think that the practice technique of the incarnation of the devil can make Qingya appear? Although I know that she is based on the Qing concubine, if I don't explore it clearly, I am always worried Qingya Club..."

"What will happen?" Wan Nishang was a little nervous.

"It will disappear."

Wan Nishang was stunned on the spot.

Since Qingya appeared, she has fallen in love with this lively and cute daughter. Although she is very mischievous, Wan Qingya is not so restrained as Princess Wan Qing. She acts like a baby if she wants to act like a baby. She is very cute.

Chapter 4156: Mother's worries

Such a lovely daughter, but Li Yun said she might disappear?

How can Wan Nishang tolerate this happening? !

"impossible!!"

Wan Nishang hugged her daughter Wan Qingya tightly, protecting her tightly: "No one can take my daughter away from me, neither can you bastard!"

"Mom~~" Wan Qingya was very moved and hugged her tightly.

Concubine Wan Qing ate food in silence. Her eldest daughter has become a role that dad doesn't love and mother doesn't love since the appearance of the youngest daughter.

When I go back in the evening, I'll squeeze this girl again.

"No, you just listen to me."

Li Yun explained: "I didn't mean that, I just said that it might disappear! We are here this time to solve this matter."

"What do you know?!"

Wan Nishang asked immediately, the momentum was like a rainbow, very terrifying.

For her daughter, she can go to heaven and earth, but also to keep her elegance.

Li Yun helplessly told Wan Nishang the general meaning of the previous dialogue with Xiaosu, Qingya added on the side, and Wan Qingfei didn't say anything, which was tantamount to acquiescence to these things.

"This....."

After listening, Wan Nishang was speechless for a long time.

When Concubine Wan Qingya introduced Wan Qingya to her for the first time, she was also surprised for a long time, because Wan Qingya was almost portrayed by the same model as her apprentice, and her strength was almost the same, except that Wan Qingya had more of her belongings. The power in the practice secret book "Incarnation of the Demon", but roughly the same.

After a period of suspicion, Wan Nishang was quickly attracted by the elegant, lively, cheerful and straightforward innocence, and she liked this coquettish daughter more and more, and her mother's love had never been flooded before.

The daughter's charming expression, which was not obtained from Qing concubine, was fully repaid in Qingya, and there was a lot more.

For the current Wan Nishang, the eldest daughter is mature and reliable, and the younger daughter is charming and smart. No one can do without it!

"do not worry."

Li Yun comforted her: "Since I and Xiao Su said that it can be solved, then it can be solved. This time I came to the Buddha of Buddhism, it is just a way to solve it, and I don't necessarily rely on them."

Wan Nishang faintly said: "The six-door saints practice the heavenly demon mind method, including the heavenly devil dance, the six free bodies, the posture of the heavenly devil, etc. I don't know what the heavenly demon is? Your secret book of the incarnation of the heavenly demon, who did not know where it came from, The probability is different from what we cultivate, but there are inextricable relationships. If you want to solve it completely, you must find Buddhism... those Buddhas!"

She quickly cheered up and clasped Qingya in her arms, "Don't worry, Xiao Qingya, my mother will find those Buddhas! No matter where they are hidden, they can find them by digging three thousand feet!"

"Mom is really stupid. They are not under three thousand feet. They are all hiding in the small world. My husband, is it called Western Paradise?"

Wan Qingya smiled and looked at Li Yun. Li Yun nodded and said: "Let's eat first, and look for it tomorrow. It's not in a hurry."

"Um."

Concubine Wan Qing, who had been silent, nodded.

Wan Nishang sighed: "You said so, how can I still eat?"

"Can't eat? Qingya come to feed her mother~" Wan Qingya grabbed the chicken legs that she hadn't finished eating before, and stuffed it into Wan's neon clothes.

"Qingya is so good, she really deserves to be mother's good daughter."

"do not."

Concubine Wan Qing was too late to stop, and her master had already bitten on the chicken thigh. Although Wan Nishang had no particular interest in eating chicken thighs, the chicken thighs passed by her daughter had a different taste and a special fragrance.

Chapter 4157: I have already eaten

Seeing her mother really ate the chicken legs, Concubine Wan Qing closed her eyes and couldn't bear to watch.

Li Yun also looked at her in surprise.

"What's wrong with you?" Wan Nishang gave Li Yun a white look, his eyes were extremely coquettish, and the human bones were tingling at a glance.

However, after seeing her smiling daughter in her arms, she vaguely had a bad premonition.

Li Yun looked up at the sky, "Just...that chicken leg...Qingya gave me a meal."

Wan Nishang was dumbfounded, and the chicken thighs in his mouth suddenly stopped fragrant.

"I haven't finished eating." Li Yun also argued.

"......roll!"

Wan Nishang called out with a slap, and Li Yun hurriedly jumped away. The girl Qingya was still booing on the side, and happily stuffed the drumstick into her mother's mouth.

Wan Nishang: "..."

It's better for this daughter to have a fight.jpg

...

After dinner, Li Yun carried three beauties around the city, first to get acquainted with the city, and secondly to feel the exotic customs.

"Husband, look at that Buddha statue, it's so big! It's a pity that no one takes care of it. It seems that Buddhism is indeed declining in order."

"Husband, look at that man, he's playing snakes!"

"Husband husband, look over there, there is Buddha's light!"

Wan Qingya yelled and pointed at the colorful rays of light that bloomed in the distance, so that the neon clothes beside her, and the concubine Wan Qing who was sitting in the co-pilot's position, all looked over.

"Fake."

Li Yun just glanced at it and knew that it must be fake. He had seen Buddha light in the small world of life and death, and even saw Buddha Shakyamuni, but it was just a dead thing with closed eyes, in the small world. Only the snake tail of Empress Nuwa could move, and he almost fell into the soil when filming.

"what!?"

Wan Qingya figured it out quickly, and said, "It turned out to be used to attract tourists. The Buddha light in this place is very famous."

There are now many news about ancient relics appearing all over the world, including in the sea, in the Antarctic and Arctic deserts, in the rainforest, there are all kinds of ancient relics appearing, as many as hundreds, many of which are just some debris, and nothing The gods live in it, it seems that some ancient relics imitated by later generations.

Therefore, the appearance of the Buddha's light in Lumbini is considered news, but it is not a sensation.

Certainly someone will come to investigate, but it won't come from all over the world.

Li Yun carried the three daughters around the city for a long time. The terrain was quite familiar, but none of the abnormal things were found.

The only gain is that I heard a passerby say that an old monk ran into the pond in the middle of the night and said that he was looking for something.

Needless to say, this must be the Great Sun Venerable, the old monk.

"Let's go, go back, I can't find anything tonight."

Concubine Wan Qing in the co-pilot seat yawned, "I suspect it's not in the city at all. After all, the city has not changed much in ancient times and now. It is estimated that we will have to wait for the next Buddha light to appear."

She wasn't in a hurry, she could live in Lumbini for a few months, but he was there anyway.

The only urgent thing is to worry about things that are elegant.

Wan Qingya agreed, and Wan Nishang had no objection. Li Yun nodded and drove back to the villa in the suburbs.

"By the way, is there a room for me in the villa?"

"My husband lives with me!" Wan Qingya said of course.

"Okay." Li Yun agreed with a cheeky.

"Think beautiful!"

Wan Nishang hugged her daughter and gave him another white look: "You can sleep in the hall, and we will sleep together tonight, mother and daughter!"

Chapter 4158: The persevering spirit

When Li Yun woke up the next morning, he hadn't felt the touch of Wenxiang Nephrite beside him for a long time.

During this period of time, he seemed to have been resting and sleeping with the girls around him since he had traveled to Mount Tai with Fang Xue and Li Feng. The No. 3 mansion was also in his own villa.

Either it was fooling around with Gong Qingyu and the others, or holding the little princess Yongning, sleeping with this little sleeping beauty, and even going out to explore, also went with the girls.

For example, Fan Qingsheng, such as Fan Linglong, such as Princess Alice, Xiao Mingzhu and so on.

The situation of sleeping alone is really getting less and less.

"Huh, don't want that much, get up!"

In the morning, the boys' terrible fire was especially easy to get up. Li Yun didn't dare to stay in bed for a long time, so he got up quickly, so as not to wait for the evil thoughts to occur, ran upstairs to find Qingya or Qing concubine, but accidentally bumped into Wan Nishang.

He slept in the guest room on the first floor last night. Three girls slept upstairs. It seemed that someone had set up a formation at the top of the stairs to prevent him from sneaking upstairs.

Regarding this, Li Yun can only say that if he wants to go up, he can send a message to Wan Qingya to let her secretly destroy the formation. How simple, isn't it?

Ha ha.

Li Yun, who was having fun, got up to wash, and chatted a few words in vx with the women who got up early, knowing that Lord Saint had already got up and was ready to practice, and also knew that Shangguan Lingxian, who was far away from Tiandan Gate, started again. Daily alchemy career...

"Lingxian is really... persevering, forget it, wait until it's over to see her."

Li Yun shook his head, hesitated, and chose to send a message to Fan Linglong, saying that he was with the three of Wan Nishang's mother and daughter.

"Oh."

After half an hour, Fan Linglong sent back an oh, making monk Li Yunzhang's second monk confused.

She must be very concerned, otherwise she would never send a message to him like this, it's just this, what does it mean?

Are you mad or sneer? Or was he biting his teeth and cursing, but because of his relationship?

Soon, Li Yun knew what Fan Linglong meant.

"Remember to take care of her."

"???"

"Otherwise, don't come back to see me!"

"..."

Li Yun was shocked directly.

Fan Linglong, unexpectedly asked him to give her nemesis to her nemesis, what is it, in short, it is a very colorful and violent thing.

Li Yun took a deep breath and sent another message over: "Linglong, are you serious?"

Fan Linglong: "Can I still lie? That old woman is so sultry and charming, I've seen it a long time ago, she won't be at peace, you little **** gave her Recovery Pill again, which made her restless heart even more intense. Be active, instead of letting her harass me in the future, you might as well

go up and subdue her! Let her kneel on the ground and sing conquer, so that it will be done once and for all!"

Li Yun was completely speechless, and could only send a series of "..." in the past, expressing his current heart.

However, he could barely guess Linglong's words, seven points jealous, two points out, one point caring.

Caring is not for Li Yun. The jealousy already contains the caring for him. One point of care refers to the care of Wan Nei Clothing. Without the thought of caring for old friends, it is impossible for Fan Linglong to find out what the state of Wan Nei Clothing is now. of.

"By the way, seriously, have you found a solution to that Wan Qingya's physical problem?" Fan Linglong asked after changing the subject.

Chapter 4159: The past

"Speaking seriously? That's because the previous words were not serious?"

Li Yun smiled and continued: "Don't worry, I'm looking for it, I know you care about your daughter, don't worry, I'll be fine!"

"What daughter...you have something wrong, Wan Qing concubine, Wan Qingya, none of them is my daughter!!!"

After leaving a rather irritable sentence, Fan Linglong was silent, and Li Yun did not reply after sending a message. After a long time, she replied with a humming expression, which proved that she was not at peace in her heart.

It can be seen that on that day, after her life and death battle with Fan Linglong, she was inexplicably conceived from the sky, which also had a deep impact on her, at least leaving a bump in her mind.

Li Yun comforted: "Qing Concubine Qingya, is it your goddaughter? Similarly, Qing Sheng is also the goddaughter of Nishang."

After a while, Fan Linglong replied feebly: "What's the matter with this... Don't say that the child will collapse, I will collapse too! Which **** was behind the ghost? If I caught it, no You can't peel it off!"

Li Yun smiled and said back to her: "It's impossible for contemporaries. It should be a magical magical technique performed by a certain ancient god, that will allow you to breed lives silently at the same time... I probably guessed one. possible."

"What is it!?"

"Leave aside, when I finish this matter, I will investigate and investigate."

"Asshole, arouse my mind and run again, necrotic."

Fan Linglong acted like a coquettish, her tone was very delicate, Li Yun's heart shook, and smiled: "Don't worry, I think that since the other party let you breed two saints with special physiques, then she must have some plan. These mysteries will definitely be solved."

"she?!"

Fan Linglong was taken aback for a moment, and he was relieved: "Guess it is a female god? Fortunately, if it is a male god, I have to take off the other person's skin too! Female...you wouldn't mind it, do you? I like to see our girls...huh!"

In fact, Fan Linglong was wrong. Li Yun really didn't mind the lily stickers between girls, provided that they were all their confidantes. If there was a woman outside, Li Yun would of course.

However, this kind of thing of being pregnant with a sense of heaven, to put it bluntly, is that Fan Linglong and Wan Nishang are affected by some kind of celestial arts and magic, rather than the shameful things like the great harmony of life. They even have good clothes. It's just that the volley is affected by the spell.

Just like Journey to the West, Tang Seng Zhu Bajie and the others drank the water in the Zimu River, and they were almost pregnant.

Take another ten thousand steps and say that even if Fan Linglong was pregnant by something, Li Yun would only feel sorry for her, rather than mind—mind, it means there is a pimple in his heart, but Fan Linglong is already his woman, so what about Li Yun? Would you mind her?

It will only feel sorry for her.

Fortunately, Fan Linglong clearly remembered that she hadn't been caught by that. She was really pregnant because of the heavens. She was not so uncomfortable and Li Yun was also happy for her.

This is also true for Wannu clothes and Wanqing concubine.

Only Fan Qingsheng, she would not show that she cares about such a thing. Fan Linglong is her master and her mother. As for who is the father or mother, she doesn't care about someone she has never seen before.

"Husband~~~"

In the familiar and tender call, Li Yun, who was sitting cross-legged in the living room, was thrown from behind by a tender body and hugged tightly. Then, a bright face appeared in front of him and kissed him. On his mouth.

Needless to say, this must be elegant.

Chapter 4160: Don't act like a baby

When Concubine Wan Qing came down from the stairs, she saw the two hugging and kissing again. No, it was the girl Qingya who stretched her head forward and kissed Li Yun, who turned her head back.

"you are enough!"

Concubine Wanqing's willow eyebrows were erected, "It's all that morning, Li Yun, you bastard! And Qingya you, stay a little bit more reserved!"

The two of them didn't know how many minutes they had kissed. When the lips of the girl Qingya separated from Li Yun, she was breathing quickly. Concubine Wan Qing knew that she had kissed for at least ten minutes, otherwise she wouldn't breathe so fast.

".....Yes."

Li Yun took a deep breath and calmed down the restlessness caused by intimacy just now. It was just that he had not chatted with the confidante beside him two nights, and his mood fluctuated badly.

Coupled with such enthusiasm, Qingya is really overwhelming.

"What's the matter?" Wan Qingya lay lazily behind Li Yun, leaning her head on his shoulder, her tone of voice was very lazy: "I wanted to go downstairs last night, sister and mom, you always forbid me to come down. I have to go with the old monk again later, and there will be no time... ah, by the way, three people in one car!"

Wan Qingya was happy: "Sister, let the old monk sit in a car alone, and we will sit in the back seat with my husband! How about?"

The sisters and Li Yun are sitting in the back seat, and of course they are doing some intimacy bad things.

Concubine Wan Qing lowered her eyebrows, concealed her shy eyes, and said: "Who is so messy with you? Get up for me, Master is coming down! Let's go for breakfast and set off!"

"Sister~!"

"Don't act like a baby!"

When Wan Nishang walked downstairs, she saw her two daughters playing again, and Li Yun was sitting next to them, being pounced on by them from time to time, acting as human cushions.

Her two daughters, Concubine Wan Qing and Qing Ya, don't mind having physical contact with this little **** Li Yun...

"Senior Wan." Li Yun smiled and greeted her, Wan Qingya waved to call her mother, but was caught by her sister for a while, and hugged her in the shackles and squeezed her face.

"Woo, bad sister!"

"It's not bad, you are the smelly sister!"

"alright, alright."

Wan Nishang walked over with a smile, and put her two daughters in her arms one by one, "They are both mother's good daughters, so I won't fight anymore."

Concubine Wan Qing's face was reddened, she struggled soon after, tidying up her messy clothes, and calmly said: "Let's go, look for the Western Paradise, find it sooner, and go back sooner...otherwise you will be **** off by your girl sooner or later. "

"Whee."

After all the trouble for so long, I finally set off officially.

Li Yun and the three beautiful beauties walked out of the villa, and at a glance they saw an old monk wearing a robe with a tin stick leaning on the trunk and sitting under the tree to meditate.

"Old Abbot."

Li Yun said hello to him, and took a close look at the Buddhist beads in his hand, and saw the faintly solemn appearance of the old monk's face, and couldn't help but exclaimed to the old monk who opened his eyes: "The old abbot was here just now. The appearance of meditating under the tree reminds me of the time when Buddha Shakyamuni enlightened."

"Oh?" Perhaps the old monk had just awakened from the meditation state. At this moment, hearing about the Buddha, he could not help but not get excited. He just asked, holding a tin stick and stood up.

The three daughters were also curious to look over, and Li Yun said: "Legend has it that when Sakyamuni was a mortal prince, he became a monk due to predestined conditions and traveled abroad for six years."
