Chapter 4171: Xianfu

"It turned out to be you... Nie Xiaoqian!" When Wan Nishang saw Nie Xiaoqian, she suddenly thought of many questions.

On New Year's Eve before, she felt that Nie Xiaoqian did not look like a human being, in short, she was weird, she did not expect that she was actually a tool spirit living in this cave of heaven and blessed land!

"Are you the spirit of this?"

Consort Wan Qing also immediately guessed her identity.

"Yes."

Nie Xiaoqian said apologetically: "On New Year's Eve, I forgive me for not being able to say my identity. However, now that the son let the three sisters in, it means that the son has believed in you." That's why I can tell the three about her identity. .

"He believes... me?" Wan Nishang looked at Li Yun in surprise. This guy was dealing with Qingya who was so excited. That girl Qingya had been trying to kiss him, showing that she was already excited.

Concubine Wan Qing took a deep look at Li Yun, stretched out her hand to pull her sister back, and said to Li Yun angrily: "It turns out that this place is actually a wonderful place. No wonder you were not afraid of anything before, and no wonder you could make such a magical place. The pill comes out."

Li Yun smiled and said nothing, the pill was not produced here.

"Husband is the best!"

Wan Qingya was controlled by her sister and couldn't get out, but she still shouted excitedly, very happy.

This is like a secret space. It belongs to her husband and hers. From now on, she will be able to come here often.

Wan Nishang did not speak any more, carefully feeling and observing the situation here, the more I look at it, the more incredible it is: "How did you get this heaven and earth?"

This secret space is large enough to accommodate 100,000 people. It is like a treasure land of immortals, filled with the fragrance of birds and flowers, and the exotic flowers and grasses are in full bloom, emitting a strange fragrance, which makes people feel relaxed and happy.

If you are in a bad mood, you can completely hide in this space, quietly watching the running water shuttle across the vast grassland, stepping on the bottom of the cobblestone river with bare feet, and letting the fish swim past the soles of your feet, which is a supreme enjoyment.

"Actually, it's not that good." Li Yun explained: "It's okay to come and take a look occasionally, but it's like this after a long time. After all, the place is so big, it's easy to get upset... Well, it's you, Xiaoqian! "

"Hehe, not at all." Nie Xiaoqian covered her mouth and smiled: "Suyi thinks it's good here. When I'm bored, I can plant herbs and flowers. You can also knit some things. You can also read books. By Qian's side, is this kind of life not good?"

"Okay, very good!" Wan Qingya agreed with a grin. Nie Xiaoqian blinked at her. On New Year's Eve, Wan Qingya was very lively, and now it seems more lively.

Li Yun stretched out his hand and stroked her face, and asked: "Why do you call yourself Xiaoqian all of a sudden, and sometimes Suyi?"

"Because Xiaoqian doesn't want to lose both of her identities~, both are traces of my existence."

"Suyi? Are you Pan Suyi?" Wan Nishang looked at her.

"Yes."

"so it is."

Wan Nishang recalled: "Last time on New Year's Eve, I thought you were a little familiar. You used to live in Zhonghai City a hundred years ago? It seems that you have become a ghost. It was the fellow Van Linglong who rescued you. ?"

"Yes." Pan Suyi nodded again.

"That guy is kind." Wan Nishang said.

"Actually, the son is the one who rescued me."

"Well, this guy is also kind, but he is paired with Fan Linglong!"

"Ha ha."

"Okay, okay, Master, let's stop talking, let's take a bath first."

Chapter 4172: Back to Basics

When I talked about taking a bath, the three women looked back at Li Yun, and Li Yun looked innocent again: "Why do you look at me like this? Just go take a bath! I promise not to peek, swear. !"

Wan Nishang ignored his words and said thoughtfully: "You are the master of this cave, such a magical fairy tool. In theory, your thoughts can be extended to any place, no matter how far we are from you, Whether we are in the house, in the lake, or bathing in the river, you will see it at a glance, right?"

Concubine Wan Qing stared at Li Yun closely and raised her feet.

"Um...yes! Hiss!"

Li Yun shrank the leg that was stepped on by Concubine Wan Qing, coughed, and quickly explained: "I've said it all, I will never watch it!"

He was dragged into the Qinglian Immortal Mansion once before Wan Nishang, which surprised Li Yun. It can be seen that Wan Nishang actually trusted him.

"Sister, what's the matter? Just let my husband wash with us."

"what!?"

"What is it, didn't we still almost stripped naked the night before and chat with my husband?"

"!!!"

Concubine Wan Qing was shocked, this girl...If you don't fight for a day, go to Liang Jiewa.

"I want to go out." Wan Nishang turned around and wanted to leave, but was held back by her traitor daughter, Wan Qingya, and she just pulled and walked forward.

Nie Xiaoqian covered her mouth and snickered. After blinking at Li Yun, she walked towards the bathing place with the three girls.

Li Yun shrugged and cleaned himself with force. After they finished washing, he would lie down on the grass and rest.

After a period of transformation, Qinglian Immortal Mansion has become different from before.

The time is basically the same as the outside world. Morning, noon, evening, and evening are perfectly simulated.

Moreover, the original bamboo garden has also been transformed by Nie Xiaoqian. It has changed from a dense park to a scattered attraction. The view is more open and there is no feeling of crowding. Xiaoqian also built a bamboo pavilion on the hillside and placed some The bamboo bed and bamboo chair make it easy to see the scenery.

There is also one by the river, where you can fish or play in the water.

As for the bathing place, Nie Xiaoqian also deliberately built a small hot spring pool, which draws the clear river water flowing through the grass. After washing, it gathers into the lotus pond, and after filtering, it returns to the upper reaches of the grass river and continues to flow down. .

Li Yun closed his eyes, and after enjoying the silence, he took out his cell phone to chat with the girls.

He is getting degenerate now.

After all, the closer you get to the truth, the more relaxed you feel. God is not a scourge, but an existence that can communicate.

Compared with the eager pursuit of the so-called truth or becoming immortal before, Li Yun can now be said to be returning to the basics and moving up step by step.

"Baba Dad~~"

"Huh? Fluttershy?"

"Hehehe, Dad, I'm here~"

...

I don't know how long it took. The four girls finally came back. At a glance, they saw Li Yun lying on the ground, with a beautiful black butterfly on her chest. She has a beautiful slender human body and three beautiful pairs behind her back. The butterfly wings are very strange.

"Really didn't take a peek?"

After taking a shower, Concubine Wan Qing feels much better. She just took a bath in the open-air hot spring pool. Xiaoqian built a great hot spring pool with pebbles. After she lay down, she was soaked in spring water, which made her feel very comfortable.

Chapter 4173: Really didn't watch

The bodies of the three women after a day of exhaustion were soaked by the moderate-temperature hot spring water, and underneath were smooth pebbles. Turning over, the stones and the body touched each other, as if giving her a massage. They were so comfortable that they almost didn't want to get up.

Wan Qingya didn't even want to play in the water, so she floated on her back, allowing her to float around in the pool with the flowing hot spring water.

This place is amazing. The hot spring water is replenished by flowing river water, but the river water is cold. When it flows through the hot spring pool, the temperature of the water rises, and when it flows into the lake, it becomes cool again.

Concubine Wan Qing had an idea of living in with Nie Xiaoqian.

"Not really!"

Li Yun raised his hands and said that he hadn't peeked at all.

"It doesn't matter if my husband saw it, anyway, we are all in good shape, nothing to be shy~." Wan Qingya smiled and wanted to jump over, and Li Yun hurriedly stopped her.

"I haven't taken a shower yet, wait a minute, I'll take a wash."

"Go back quickly."

"Really!"

After Li Yun left, Wan Nishang bit her lip, her face turned red, and asked them: "Do you think that guy peeped?"

This place is Li Yun's possession. He can see the three women in the hot spring pool as long as a thought arises, and it is absolutely impossible for them to find out.

At the thought that she might be glared by Li Yun, Wan Nishang couldn't help but feel shy. If it weren't for the tiring cleaning the pagoda today, she would never take a bath in the hot spring water!

When she was in the hot spring pool, she was blushing all the time, always feeling that there was a gaze on her from the sky, looking at her body...

Damn little bastard!

"Don't worry, sister Nishang."

Nie Xiaoqian smiled lightly: "Our husband is a good man, he will definitely not look at it."

"What our husband... You."

Wan Nishang closed her mouth and realized that the "we" in Nie Xiaoqian's mouth refers to Qing Fei and Qing Ya, not her.

But maybe!

Because Nie Xiaoqian blinked at her, it was obvious that "we" also included her.

Nie Xiaoqian said nonchalantly: "This place, only her husband and the girls around him can come in..."

This sentence made Wan Nishang blush even more. She hadn't been touched so easily after living for most of her life, but for some reason, she could not guard against Li Yun.

Firstly, Li Yun was her benefactor and gave her Recovery Dan. Secondly, her daughter Wan Qingya had a close relationship with him. Thirdly, Fan Linglong's relationship with him was also a lover relationship. Four times, it was because of Wan Qingya.

Finally, Li Yun also took them to find solutions to Wan Qingya's problems.

And, on the night of New Year's Eve, the warmth that Li Yun's family brought to her and her two daughters when she was in the Huangtingshan Villa...

and many more.

All sorts of things made Li Yun completely different from other men.

What should she do?

"Mom...well."

Wan Qingya wanted to speak, but her sister covered her mouth and put a finger to her mouth.

Wan Qingya glanced at her mother who was sitting on the grass in a daze, and nodded quietly.

...

Li Yun took the bath very quickly, not knowing if it was an illusion, the hot spring pool after the three girls took a bath became particularly fragrant, cough cough.

"Xiao Qian, we are out."

Li Yun apologized and said to Nie Xiaoqian: "We are going to spend the night outside the pagoda tonight. We can't stay with you here."

"Okay, okay son, wait for the son to accompany Xiao Qian next time."

"it is good!"

Chapter 4174: Space ring

Li Yun took the three daughters out of the Qinglian Immortal Mansion again. When they entered, the three of them were exhausted, their faces and arms were dirty, but after they came out, the three

daughters put on clean clothes and their expressions were earth-shaking. Change and become more calm.

"Let's go, go back and listen to the old monk's chanting."

Li Yun greeted them. When the three girls returned to the real world, they were all in a trance. It was normal that it was difficult to react to the wilderness from the beautiful fairyland back to the wilderness.

"I haven't eaten yet." Wan Nishang looked at her two daughters.

Li Yun thought for a while, "Eat some casually first, and we will have a picnic after listening to a chanting?"

"Picnic? Good, good!"

Wan Qingya said happily, and happily went up and took her husband's arm: "My husband, there must be a lot of ingredients in your space ring, right? We will have a picnic next to the car, ah no, it's a good one. The location of the scenery, anyway, as long as it is next to the pagoda."

If it weren't for guarding the tower tonight, she would have wanted to spend the night in the fairy house.

"it is good."

Li Yun smiled and took out a ring from her inventory. After seeing this girl, Qingya's eyes widened: "Husband, this is... the proposal ring?!"

Wan Nishang and Wan Qing concubine also looked at him in surprise.

"Yes...nor."

Li Yun stuffed her the ring, and then stuffed another one to Concubine Wan Qing. The latter hesitated before accepting it comfortably, and gave Li Yun a meaningful or complicated glance.

This has shown that she accepted Li Yun's proposal.

However, when Concubine Wan Qing saw Li Yun taking out the third ring and handing it to her master, she was completely dumbfounded.

"you!"

Wan Nishang is unbelievable, this little **** is actually in such a time, in such a place, and, right now... Proposing to her? !

And still three at a time? !

"What am I? This is for you. I just have a few rings on my side."

Li Yun had the expression that you made a lot of money, Wan Nishang was itchy with hatred, and almost wanted to slap the ring.

"I do not want!"

"?"

"Take it away." Wan Nishang said coldly: "I allow you to give two rings to my daughter at once. It is already a great favor. You still want to give it to me? What do you think in your head?!"

"Hehehe." Wan Qingya bit her lip, blushing and snickered. She took the ring from Li Yun and wanted to give her mother a strong match. Wan Nishang couldn't be angry with her cute daughter, but she refused to say anything. want!

"You don't want the space ring?"

"Space ring?!"

"Correct."

After playing with them enough, Li Yun finally smiled and said, "What do you think? Of course, the proposal ring can't be so casual. This is a space ring, which can hold 10 cubic meters of things. It should be better than your storage bag. More... if you don't want it, just pay me back."

Wan Nishang's expression became quite exciting, but she snatched the ring from her daughter's hand, and cast a triumphant wink at Li Yun: "Who said I don't want it! Since it was given to me, that's my thing. No regrets!"

"Tell me I'm not that kind of person." Li Yun shrugged.

"Who knows."

"If you say no, it's not. Ancient gentlemen are not as noble as I am. My justice is worth tens of millions."

"I think your evil value is full... Do you think I have never seen an ancient gentleman? Everyone is better than you."

Chapter 4175: Three clean meat

Perhaps it was the reason that the atmosphere was so good. Li Yun glanced at the mature and charming, yet young and beautiful dresses, and couldn't help but joked: "Including the bed..."

"Bah! What a jerk? Would I be that kind of person?"

Wan Nishang looked at him angrily.

"Uh, haha, sorry, I'm not good... let's go back."

Li Yun quickly changed the subject, pulling Qingya and leaving.

Concubine Wan Qing followed behind and couldn't help but look at her master many times. The relationship between her and Li Yun is getting better and better. Just now Li Yun made a color joke, and the master was not angry, but was a little angry, thinking that he did not trust her. .

...

Back under the pagoda, the four of them suppressed the playful messages. Li Yun took out a few pieces of cloth and sat cross-legged in front of the old monk with them.

The old monk slowly opened his eyes, without saying anything, and directly started preaching Buddhist scriptures to them and Li Yun.

"...Even in the unconscious world, there is no ignorance, and there is no ignorance."

This Heart Sutra is quite famous, and Li Yun has also heard it many times, but he has never studied it carefully. If he listens to it at this moment, he still...doesn't understand it at all.

He is just like Concubine Wan Ni Chang and Qing Concubine. He is usually drowsy when he hears it. When the old monk begins to talk about the second chapter, the three of them begin to wander away from the sky, just like a mathematics teacher talking on the podium during class. The status of the scumbags is the status of the three of Li Yun.

On the contrary, it was Wan Qingya, who had been restless, but now she listened with gusto, exclaiming from time to time, and she didn't know how much she understood.

An hour later, the old monk stopped chanting and nodded to Li Yun and the four, indicating that this is the end of the evening.

Li Yun said quickly: "Old Abbot, would you like something to eat or drink?"

"No, not eating or drinking for a few days is nothing to Lao Na. Go ahead."

Not persuading the old monk to move, Li Yun and the four of them simply left, leaving him alone in front of the pagoda. Li Yun and the third daughter found a fairly clean grass behind the pagoda. At a distance of two to three hundred meters, the old monk lit a joss stick in front of him, barely able to see his face.

"Picnic picnic!"

Wan Qingya lost the seriousness of listening to the Buddhist scriptures and began to cheer.

"and many more."

Wan Nishang stopped Li Yun and Qingya, and glanced at the pagoda worriedly: "Monks are all vegetarians. We have a picnic here, so we can't eat meat? We won't be allowed to have barbecues later! Don't take out any meat."

At Li Yun's request, they have been busy all day, but they don't want to offend the Buddha because of eating meat.

Wan Qingya's small face collapsed, her face full of reluctance.

Li Yun smiled and said: "In fact, there is a Buddhist saying that it is three clean meat, which means that I did not see the appearance of the livestock being killed, and I did not hear the screams of the animals before they died, and that is, this dead animal. Animals are not killed for their own sake. This kind of meat is called san pure meat and is edible."

"what!"

Wan Qingya's eyes lit up, "Then the meat we bought was definitely not killed for us, so we can eat it!"

Concubine Wan Qing knocked her head: "Who said no? Those vendors kill pigs for the sake of selling pork. We go to buy them, don't they kill them for us? Three clean meats should only refer to those animals that died naturally."

Wan Qingya puffed up her mouth: "Well, then I won't eat meat tonight, eat... snacks? Eat snacks? Eat melon seeds, husband, do you have any of these?"

She looked at Li Yun.

"All have."

"Yeah."

"Besides, even if there is no meat, I can cook good dishes for you!"

Chapter 4176: Delicious food

Wan Nishang swallowed. The big reason she missed the last New Year's Eve was because she had eaten the dishes made by Li Yun himself.

She pretended to look nonchalantly at her daughter, and saw that Qing concubine was also patient, and the girl Qingya was very straightforward and threw herself on Li Yun, pestering her to say she wanted something delicious.

Strange lines.

"Good, both."

Li Yun touched her little head and asked Qingya to let him go first. Qingya seemed to be more clingy tonight, and I don't know if it was because of being in the wilderness.

On a hillside leeward, Li Yun took out the pots, pans and pans, where he could cook casually, without worrying that the old monk would see it, and the fragrance would not affect him.

"Tonight... let's have some tofu and fried tomatoes with eggs." Li Yun said after looking at the ingredients.

"The egg is not a meat?" Concubine Wan Qing glanced at him diagonally.

"What's the matter?"

Wan Qingya objected again: "Instead of entangled in whether eggs and milk are vegetarian or not, it is better to be kind and do more good deeds instead of worrying about these precepts. The precepts are, in the final analysis, a boundary for those with weak willpower. Didn't my husband say? That's the truth in the Buddha's heart when the wine and meat have passed through the intestines!"

"Me!" Concubine Wan Qing was so shocked by her sister that she couldn't speak.

"Hahaha." Li Yun laughed, "very reasonable!"

"Then just eat meat!" Concubine Wan Qing became angry and stared at Li Yun.

"That's not okay, no, you can eat meat, but you can't, because you belong to the kind of person with weak willpower."

"What are you talking about? My willpower is firm, okay!"

In the noisy room, a sumptuous vegetarian + egg dinner is ready, and now it should be regarded as a supper.

The mother and daughter of Wan Nishang worked together to bring the prepared meal back to the grassy ***** before, and put it on the tablecloth. Wan Qingya lit a few incense candles to illuminate the surroundings, giving people a wonderful feeling of candlelight dinner. .

"Starting to eat, I'm starving to death~"

The four of them were seated in four positions, and Wan Qingya picked up the chopsticks with a look of greedy eyes.

"Wait." Li Yun stopped her.

"What are you doing again?"

This time, even Concubine Wan Qing is dissatisfied, she has been hungry after a busy day, and can't eat?

Li Yun took out another bowl, filled some food in, and handed it to Qingya.

No need to say anything, Wan Qingya understood what he meant, took it and left, saying: "Okay, okay, old monk eat first, you are not allowed to eat, I will be back soon!"

"What old monk, the Buddha ate it." Li Yun smiled.

Concubine Wan Qing swallowed, and after waiting less than two minutes, Qingya returned.

"Did the old monk eat it?" her mother asked her, Wan Qingya nodded affirmatively: "The old monk said before that there is no need to eat tonight, but when I took it over, I refused, but I said, "Buddha meditates. A shepherdess came to offer her celiac, and now I am a shepherdess, and you are not willing to eat it?' After saying this, he said again, Amitabha, the old man took it to eat."

Li Yun laughed. I don't know why. When Wan Qingya said "Ah Amitabha", there was always a funny feeling. She knew that she was reading A (e) Amitabha, but she wanted to read Amitabha.

"Okay, okay, I don't bother to care about the old monk."

Concubine Wan Qing couldn't wait to pick up the chopsticks, put a piece of tomato scrambled eggs into her mother's bowl, and another piece for her sister, and finally took the third bite by herself.

"good to eat!"

Chapter 4177: I'm struggling

Naturally, Li Yun's god-level cooking skills need not be said. The Three Girls and the Wan Nishang (relatively speaking) that he is least dealing with, are full of praise for the dishes he cooked by himself.

Whether it's a simple stir-fried greens, or a scrambled egg with tomatoes, or a simple stir-fried bean sprouts, or finely fried, golden-yellow tofu, there are all kinds of flavors and flavors.

Especially the four of them, after a day's fatigue, went to the fairy house to take a bath, listened to the Buddhist scriptures again, and the satisfaction of eating delicious food after being hungry, plus it's a picnic at the moment, it's nothing better than this. A more perfect dining environment.

—As we all know, a picnic is a bit more delicious than eating at home, and when you are hungry, you want to even swallow the plate.

"Woo, why is it so good and delicious?"

The four of them feasted, Wan Qingya was tearful while eating, her small mouth was full of food, her cheeks bulged, and she was constantly squirming, just as funny and cute as a hamster.

Wan Nishang eats equally happily, chopsticks keep picking things up, only Wan Qing concubine is relatively reserved, but her mouth never stops.

After a meal, the four of them ate to support their stomachs. Wan Qingya's small face was full of comfortable expressions. She clutched her stomach and leaned against Li Yun and hummed. She didn't know if it was comfortable, or if she was too full, her stomach hurts.

"Hoo~."

Wan Nishang let out a sigh of relief, and made a limp from nowhere. After unfolding it, he climbed up, lying on it so comfortable that he didn't want to move.

This should come from her original storage bag.

"Bad, what should I do? I don't want to sit now."

Concubine Wan Qing looked at Li Yun with wet pleading eyes, and she wanted to lie down too.

"I'm looking for...give you a bed."

Li Yun found a double bed from the inventory. After taking it out, the three women were shocked.

"You even put this kind of thing in the space ring?! What a pervert!"

Scolding Li Yun's pervert, Wan Qing concubine unceremoniously climbed up, sleeping in a soft double bed in the wild, which is simply the supreme enjoyment.

"Husband, I want it too~" Wan Qingya began to act like a baby, shaking Li Yun's arm. Although she was comfortable leaning against him, she also wanted to lie down.

"Go and your sister."

"No, just with my husband! Or your husband, come too, double bed, four of us squeeze, I am on top of my husband, sister on top of my mother, let's sleep together!"

"..."

Wan Nishang waved her hand to indicate that she didn't want it.

Li Yun couldn't laugh or cry, looked for it again, found a couch, and finally made Wan Qingya a satisfied cheer, pulling him onto a softer sofa.

In this way, Wan Nishang couldn't sit still. The collapse she brought was just a temporary resting place, which was of course incomparable with the sofa.

"Hey, bastard, do you have a sofa?" Wan Nishang turned around and looked at Li Yun with a pair of charming eyes: "How big is your space ring? How come you have so many messy things?"

"Not much, only one hundred cubic meters, and Xianfu can also hold things."

"It's so extravagant. Wouldn't it be possible to fit all ten supermarkets in this way? Come on, get me a sofa! Two people, one person can't lie down."

After eating and drinking, Wan Nishang also wants to lie down, but doesn't want to sit anymore. At this moment, lying down and chatting are the greatest enjoyment.

Chapter 4178: Happy Things (Part 1)

In the end, Li Yun took out three couches and put them together into a wild living room, a natural and pollution-free living room with a table in the middle, and prepared a pot of tea for them by the way, finally letting these three beauties It stopped.

"Husband~"

Wan Qingya still squeezed into a sofa with Li Yun, her whole body was close to him, her soft body was especially delicate and the fragrance was very charming.

"What's the matter?" Li Yun put his hand on her slender waist, hugged her halfway, while looking at the phone.

"Watch the stars with me, don't watch the phone!"

Wan Qingya took off Li Yun's mobile phone, and said coquettishly, "Tonight is special, husband, you can only accompany me, mother and sister!"

In addition, the mother and daughter on the sofa: "..."

Seeing Qingya and Li Yun being so close, the two were inexplicably heartbroken, and even Concubine Wan Qing couldn't help thinking, if it weren't for the master here, she would be pulled together by Qingya, and the three of them were sitting together. Look at the stars on a sofa.

"Well, I'll follow you tonight." Li Yun squeezed his elegant little face. At this moment, he felt a very relaxed mind. I believe that the same is true for the three girls, so I just watch the stars so quietly, right?

"Hehe, husband~~"

"Um."

"husband."

"what?"

"Husband~~~!"

"What the **** is it?"

"Nothing, just... Qingya is very comfortable now~"

Li Yun couldn't laugh or cry, "After a day of tiredness, still very comfortable? Don't you want to go to bed? It's almost eleven now, go to bed, the bonfire is still burning, there will be no dew tomorrow, I will move the bonfire to the middle again later Come."

One of the major effects of a bonfire is that the dew will condense on the side. Otherwise, the dew will adhere and it will be extremely cold when you wake up in the early morning the next morning, to the bone.

"Don't want to sleep, sister, are you asleep?" Wan Qingya asked her sister. The four of them spent the night in the wild together, which gave her a particularly novel feeling.

"Not yet, coming soon."

Concubine Wan Qing yawned, and when Li Yun said she was sleeping, she couldn't help it.

But tonight is a very special day, and she doesn't want to fall asleep all at once.

"How about you, mom? Are you asleep?"

"You girl keeps talking, how do I sleep?"

"Whee."

Li Yun gave them a blanket. If they want to sleep, it's okay. Sleeping on the sofa is not much worse than anyone's bed. Even if they are not used to it, they can only bear it for the sake of the wild.

Wan Qingya turned around, turned her back to Li Yun, looked at her mother and sister and said: "Today may be the happiest day, what do you think of mother and sister?"

"What is so happy about?" Concubine Wan Qing sneered. She was covered with a blanket and lay on the sofa looking at the stars, feeling very relaxed for some reason.

Although she is now in the wilderness and still sleeps on the sofa, because the three people around her are the closest people to her, she actually agrees with her sister.

"Isn't it happy? My sister should be very happy too, and so is my mother~"

Wan Qingya said: "Today we cleaned the pagoda for a day. Although it was very tired, being together as a family is the greatest joy."

Wan Nishang and her daughter Wan Qing concubine were quiet, and the word family was so close to them.

In the past, when they were in the Six Dao Sects, they didn't even think about it. Even as a master and apprentice, they had to secretly admit it, let alone admit the mother-daughter relationship.

Chapter 4179: Happy things (part 2)

With the emergence of Li Yun and the division of the Six Doors, they showed more and more smiles, and even had another daughter who was also their pistachio regulator. The elegant words and actions always make Wan Nishang and Wan Qing concubine are happy.

"It's you who are happy." Wan Qingya habitually refutes her sister's words, saying that she is wrong.

"Sister, are you happy too?"

Wan Qingya leaned her back on Li Yun and squeezed a few times to bring herself closer to her husband, and then pulled the blanket on her body to cover herself and her husband, her legs still retracted, her face facing Concubine Wan Qing. Over there, he said: "When my sister and I cleaned the stupa together, the smile on my face has stopped every day. Isn't it very happy?"

"Where is it!"

Concubine Wan Qing retorted in despair.

"Yes! And when I took a bath in my husband's fairy mansion, my sister was still fighting with me!"

"Isn't your girl deliberately teasing me?"

"My sister was also very happy back then! She even splashed me very hard!"

Li Yun couldn't help but think about it. Two innocent and beautiful beauties who looked exactly the same. They didn't wear any clothes. They were laughing and playing in the hot spring pool in his fairy house. Their graceful bodies... Uh, stop, or wait. Qingya discovered his abnormality.

"Okay, okay, you two, don't quarrel!"

Wan Nishang smiled and stopped the two daughters, "It's too early, so go to bed early, and you will continue to find a place tomorrow. If you are tired for another day, you can't stand it."

"No!" Concubine Wan Qing refused. This kind of thing was fine one day, and I couldn't stand it when I came back the next day.

"Mom." Wan Qingya asked: "Are you happy today?"

"Happy and happy, of course happy, can I be unhappy with my daughters? Go to sleep."

Wan Nishang has a feeling of coaxing her daughter to sleep. Unfortunately, Concubine Wan Qing fell asleep very quickly when she was a child, and she basically didn't need her to coax her.

"Then... Are you happy with me and my husband?" Wan Qingya asked again.

"Happy, He Qingya, and of course with her husband... Wan Qingya!!"

The deceived Wan Nishang screamed, and Wan Qingya quickly hid in Li Yun's shackles, covered her head with a blanket, and shouted in a muffled voice: "Sleep to sleep, mother must not be angry, I'm going to sleep with my husband ~!"

"...Little girl, ghosts and ghosts."

Wan Nishang has nothing to do with her little daughter. This girl is really lively, but sometimes she really makes people want to spank her.

Concubine Wan Qing chuckled, but after all this trouble, she didn't feel sleepy anymore.

Lying on the soft sofa, watching the stars in the sky twinkling and twinkling, a crescent moon hung up in the night sky.

And under such a scene, she, sister, master, and the villain were lying on the sofa in the wilderness, in the place where Shakyamuni Buddha enlightened and transcended the path thousands of years ago, and was about to fall asleep.

In the weird situation, there is a wonderful enjoyment. For a time, Concubine Wan Qing's mind not only has thoughts rising, but it is also unusually calm. The blanket that Li Yun gave her on her body seems to be like a warm embrace. she.

The three people sleeping next to her were sheltered from the wind and rain. Although she lived in the wild, she had a better enjoyment than in a five-star hotel.

Who would want to become a monk on such a day?

Chapter 4180: Leave the pagoda

Not to mention enjoying every night, Concubine Wan Qing dare not ask for extravagance, but as long as one year, two years, or even three years, as long as she has expectations for such a beautiful thing in her heart, she can endure those women, those, beside Li Yun People.

I don't know how long it has been. When Concubine Wan Qing was looking at the stars in a daze, she felt a rustling sound. She turned her head to see that it was Li Yun.

"Wake you up?"

Li Yun lowered his voice and pointed to the fire pan not far away, indicating that he was going to move the fire pan to the middle so that the night dew would not fall on them.

Concubine Wan Qing turned her head and glanced at her sister, and found that she was already asleep, and Li Yun put her on the inside of the sofa to ensure that she would not roll down at night.

This guy really has nothing to say to the girl, so gentle.

I spit in my heart, Concubine Wan Qing looked at her master again and found that Wan Nishang was also asleep, closed her eyes, leaning on the back of the sofa with one leg bent, covered with a blanket sent by Li Yun, and she was on a pillow with an air. It's very peaceful.

Li Yun gently moved the table away, moved the fire plate to the middle, and moved the fire out and placed it on the ground. He added three dry woods. As long as he woke up once in the middle, he would be able to burn to the next day. Morning.

"Well."

In the light of the fire, the figure of this man uttered a gentleness that was difficult for Concubine Wan Qing to resist, and she couldn't help but let out an unexplained hum.

"what happened?"

"come over."

Concubine Wan Qing whispered.

"Um?"

After fiddling with the fire, Li Yun walked over and heard her murmur vaguely, but he couldn't hear it really. He could only lower his head, "Qing concubine, you say...Um."

Concubine Wan Qing put his red lips in her mouth, stretched out her hands from the blanket, and put her arms around his neck.

A pair of shining eyes opened, after looking at the two people who were kissing passionately, they closed their eyes quietly, and only recalled the scene of the two kissing in his mind.

After a long time, Concubine Wan Qing pushed Li Yun away, turned to face the back of the sofa, and pulled the quilt with her hand to cover her blushing face.

"Haha, that's great."

Li Yun pulled away the blanket that Concubine Wan Qing was pulling hard, kissed her hot blushing cheek again, said goodnight, and returned to his body with satisfaction, and picked up the sleeping Wan Qingya. Let her lie on her chest and put her arms around her to sleep.

Wan Qingya slept very hard, but instinctively felt that Li Yun hugged her, and after rubbing her husband's chest with her cheek a few times, she continued to fall asleep.

"...Badass."

After half a day, Concubine Wan Qing revealed her blushing face from the blanket. She didn't know why she took the initiative this time. Seeing Li Yun's appearance, she couldn't help...

Forget it, anyway, this guy has kissed her so many times, not bad this time.

Although, this time she took the initiative...

The next day, the four of them woke up until after 8 o'clock in the morning, and Wan Qingya relied on the "sofa" until 9 o'clock. After Li Yun made the millet porridge, she cheered and got up.

After breakfast, Li Yun called the old monk. This time he drove and left the place with others.

Wan Qingya glanced back, her eyes were quite nostalgic. If there were no special circumstances, this time it would have been a difference. Although there was nothing special in the place, she was really happy yesterday and last night, and she will never forget it forever. This personal experience of cleaning the ancient pagoda.

Of course, it was cleaned with her husband, mother and sister.
