

Godly Choice 4191

Chapter 4191: Temporary end

Wan Faxian inexplicably became clear in this way, and his attitude was very determined.

After the old monk bid farewell to Li Yun, took the believers, and left with Monk Jingkong, Wan Nishang coldly snorted, "This guy probably wants to spend a few years to read all the scriptures of the old monk. Change back to Ten Thousand Magical Immortals!"

"what?"

Wan Qingya was dumbfounded, and Li Yun was also stunned. This operation was...very showy.

"Nothing strange."

Wan Nishang sneered: "In order to learn a martial arts family sword technique, he used to shrink his body specially, disguised as an orphan, and was adopted by that family. He didn't leave until he had learned it successfully. That's how the title of Immortal Dharma came to be. of."

Li Yun was completely speechless.

Such a person, even if he planned countless killings before, for him, it was probably just to pursue some small obstacles on the way to breakthrough the realm.

Even if Li Yun killed him, he couldn't have anyone who repented.

With a character like Wanfaxian, think of the Holy Master of the Hidden Sacred Valley again... Li Yun probably knows what's going on.

"never mind."

Li Yun shook his head, "Let him be a clear space, wait until he becomes a Ten Thousand Faxian, and then go to him to settle the account, if..."

"If he dares!" Wan Qingya said in a cold voice, deliberately learning Li Yun's tone and going down, with a serious appearance, learning the way Li Yun spoke.

Li Yun raised his hand and bent his index finger into a percussive motion.

Wan Qingya smiled and hid behind her mother. Li Yun looked at her, and Wan Qingya also looked at Li Yun. In the end, she reluctantly stretched her head over, with an aggrieved expression:

"Husband, be gentle~!"

Li Yun couldn't laugh or cry, who would be willing to use such a cute girl? It's not at night.

"Make you naughty~!"

Li Yun flicked her forehead, and as a result, his forehead was also flicked, causing the two sisters Wan Qing concubine to look at his mother in amazement.

Wan Nishang's face was red, and she stretched out her hand to stroke the hair next to her ear, her eyes seemed to have a lot of style, and Li Yun gave a coquettish look: "You hit my daughter, don't let me hit you back?"

"Uh....."

Li Yun was speechless. Wan Qingya chuckled and threw herself into Wan Nishang's arms, and said coquettishly: "Mom is the best, sister is bad, husband is bad, mother is the best~!"

"Why are you involved in me again?" Concubine Wan Qing was dissatisfied, and she reached out her hand and flicked her sister's forehead. This time Wan Qingya was not honest, but bounced back, and the sisters started their daily noisiness.

Wan Nishang looked at the sisters indulgently, only to feel that most of the big stone in her heart was put down.

Although the matter of Wanfaxian has not been resolved, he probably won't appear in the next ten years or even decades.

Moreover, even if she appears, there will be Li Yun, and the cooperation of the two daughters is enough to fight against any danger!

In the future, it may be facing the resurrection of ancient gods, as for the six gates... let it go.

"Let's go, let's go back."

Li Yun said to their three daughters that the surrounding area has calmed down. It is estimated that the old monk will build a temple here, um, he will build all four holy places, repeating the scene of Wanjieli Buddha back then, but Li Yun doesn't feel anything about it. Interested.

"Walk back, let's go to the sea to the south and find that Bodhisattva~."

Wan Qingya hasn't forgotten what she has to do, so she should solve it sooner, and be kind and affectionate with her husband earlier.

Chapter 4192: Explore the yacht

Although with the bamboo leaves presented by the golden body Arhat, Li Yun and the others have also determined their next goals, but they have to take a bite of the meal, so they can't come in a hurry.

Besides, he has only been out this time for two days, and there are still two or three days before the confidantes in the family will want to see him anxiously.

Therefore, Li Yunhaowan and the three women in neon clothes stayed in this city for another night before flying directly to the southern island city in China the next morning.

After landing, Li Yun took the three daughters to the pier by the sea again, and quickly got a yacht through some relationships. The four of them went straight on and let the four or five crew members on the boat leave the pier immediately.

After some operations, it was already approaching the afternoon.

"Huh, I can finally have a good rest~!"

Wan Qingya lay lazily on the yacht deck basking in the sun, enjoying the taste of the sea breeze, half-squinting at Li Yun and her sister.

"This is a yacht?"

Wan Nishang looked at the spacious space on the deck. This not only has a sofa area that can accommodate more than a dozen people to party together, there is also an open-air swimming pool in the middle, a small coffee room, and inside the yacht, there is a medical room, a billiard room and so on. For the mess.

This one must be a private yacht, with a minimum guarantee of tens of millions. In addition to maintaining the crew's daily salary, plus maintenance, I am afraid that it will cost several millions every year.

But Li Yun got it with a phone call.

"This is an exploratory yacht. Anyway, it's quite big. It can sail overseas for ten and a half months without a problem."

Li Yun walked out of the yacht, wearing only short-sleeved beach sleeves and flared pants, and a pair of sunglasses-the standard sunbathing equipment on the yacht.

"What kind of dress are you...?"

Seeing his sturdy and powerful figure, Wan Nishang's face turned red again. During this time, she blushed many times, more than she blushed in previous years!

Concubine Wan Qing muttered that she didn't know what she was talking about, apparently seeing her master's face blushing.

"Hee hee, this dress is very beautiful!" Wan Qingya was excited, "This seems to be clothes for sunbathing on the beach, right? Ah, ah, by the way, I also want to wear a swimsuit!!!"

She raised her hand excitedly. It is now the end of March and April. The south side of the island is already tropical, so it's suitable to wear a bathing suit to bask in the sun.

For an instant, a picture emerged in Wan Nishang's mind: herself, Qing concubine, and Qing Ya, the three of them wearing revealing swimsuits walked in front of the little **** Li Yun one by one, and the beautiful figure was completely revealed.

And Li Yun, with appreciative eyes, watched the figures of the three of them, and then... and Qing concubine, elegantly, kissed.

"no!!!"

Wan Nishang yelled, his face reddening: "This, this, how does this work, elegant, you must not wear a swimsuit!!!"

She has lived for so many years without wearing the shameful clothes that expose so much skin in a swimsuit! !

Elegant, and never wear it!

That kind of dress... can it be called a dress? It is exactly two pieces of cloth-one on the top and one on the bottom. Can this be called a dress?

Wan Qingya did not show a disappointed look. Instead, she hid her mouth and snickered. Her **** eyes looked at Wan Nishang's figure: "If Mom wears a swimsuit, she must be very, very beautiful, right sister?"

"Yeah." Concubine Wan Qing stopped talking, she knew what Qingya was trying to say.

"Right, husband?"

Wan Qingya asked again: "Will we look good in swimsuits? Husband, do you want to see it?"

Chapter 4193: The first kiss of Wan Nishang

In the deep azure blue ocean, sitting on the deck chair of the yacht, in front of the swimming pool, surrounded by three big beauties, Li Yun is already in a slightly drunken state, after hearing the elegant question, it is of course "Yeah" "With a cry, affirmation.

Wan Qingya smiled and asked, "Does that husband want to see my sister and my swimsuit?"

"Li Yun!!!" Concubine Wan Qing finally couldn't calm down, and her voice suddenly sounded, "No answer!!!"

Like Wan Nishang, her face was red.

"Of course."

Li Yun was confident, and said, "What's in a swimsuit? This is a normal modern dress. How many girls do you see wear when going to the beach? Don't have any psychological burden, as long as you don't wear it for others to see, wear it for..."

"Just show it to you alone?!" Consort Wan Qing sneered. This **** wants to see her swimsuit, right? !

"Hey-hey."

Li Yun cheekily admitted that at this time, he was facing three big beauties again. If you don't want to see their swimsuits, they are simply not men.

"Perverted!" Consort Wan Qing gritted her teeth.

"Bird. Beast!" Wan Nishang also gritted her teeth.

Wan Qingya approached her, her voice full of tenderness: "Then my husband, do you want to look at the swimsuit of 'Wan Nishang'?"

Li Yun's brain was hot, and he subconsciously looked at the shy Wan Nishang, seeing her blushing face and the looming beautiful figure hidden in her dress, his throat gulped and swallowed.

"Do you want to?"

"think!"

In the end, Li Yun followed his heart and said what he wanted to say the most.

In an instant, the air on the yacht's deck seemed to freeze.

Wan Nishang only felt a kind of inexplicable shame, covering her whole body, making her body crisp, numb, numb, and buzzing in her mind.

She didn't have any disgust, she only thought about one thing: this little bastard, actually really thought that way!

Concubine Wan Qing gave Li Yun a deep look.

This guy finally exposed his nature!

It seems that Master can't escape either.

"Master..."

Concubine Wan Qing looked at her master again, and when she saw her at a loss, she knew that Master had no feelings for Li Yun.

In this case, simply...just be more straightforward and let Master be with Li Yun too.

Anyway, the three of them and Li Yun will not be separated in the future, and Master's life span is still so long, and it is not good to be alone.

In that case, it would be good to Master.

"Cough cough cough!"

Seeing that the atmosphere was wrong, Li Yun quickly explained: "What are you thinking about, isn't it normal to want to see swimsuits? For men, really, I look at pure appreciation...hiss!"

Without a word, Wan Nishang smashed something and didn't know what came over.

Li Yun hurriedly caught up, and explained: "Neon, listen to me!"

"Listen to you, die for me!!"

This time it was Wan Nishang who leaped directly over and sat on Li Yun, punching and kicking him. The blushing pretty face was full of blush. As he hit, he screamed, "I let you **** wear a swimsuit." , I make you want to see me and Qingya dress, and say, do you want to see?! Let's see you, a big-headed ghost!"

Concubine Wan Qing and Qing Ya were stunned. They were both seeing Master like this for the first time.

Li Yun grabbed her arm, Wan Nishang was still blushing and cursing, Li Yun's brain twitched, and he didn't know what to think, and suddenly hugged her, looking for Wan Nishang's ruddy little mouth, and blocked it. Go up.

"Well!"

Wan Nishang's pupils opened wide at this moment, looking at Li Yun in disbelief.

Her first kiss... just gone.

Chapter 4194: The past of Wan Nishang

Wan Nishang lived long enough and saw enough things, many of which were forgotten, and many of them were remembered in her heart.

As a saint in the hidden sacred valley, her experience is quite different from that of her own apprentice. She was first just a daughter of an ordinary martial arts family. She showed amazing talent very early. The original family was 16 years old. It was time to arrange a husband-in-law for her-it was still the Ming Dynasty at that time, and it was too late to get married at the age of sixteen.

But because Wan Nishang's martial arts talent was too amazing, he jumped out of the family and entered a well-known sect at the time. In a Jianghu meeting, he was only sixteen years old, but he reached the innate state and possessed exquisite swordsmanship. The Wan Nishang, became famous in one fell swoop, called the Nishang Fairy.

At that time, she still didn't know about the so-called cultivating immortality. Later, she encountered a person from the Qi Refining Period who peeped at her beauty. After defeating him, she learned about the Six Daomen from his mouth. It was a coincidence. , She joined the six doors.

However, entering the six gates was the most correct and most regrettable choice for her.

The most correct is that she relied on the cultivation resources of the Six Dao Sects to become a strong person in the Void Returning Realm, and relied on the pill to keep her parents and brothers free from illness and disaster throughout her life, and died until she was over a hundred years old, because of her family. He lived too long, and was given a plaque by the imperial court, which he called the "House of Longevity".

—A family of five people, including her brother's sons, all lived to be over ninety years old, which is a long life in modern times.

She stayed with her parents and family until she was 60 years old. Every year, she would go back to visit her family during New Years and Holidays. This is the most correct thing Wan Nishang thinks she has done after joining Liudaomen.

But the last regret is also because of this.

On the day of her father's 60th birthday, she returned home from Liudaomen and offered "Elixir"-the elixir of the world. At Liudaomen, it was just some of the more expensive pills.

But after offering the pill, Wan Nishang failed to see a smile on his father's face, but instead saw a deep awe.

Others asked his father, who is such a young and beautiful girl?

The father did not answer, and his face became more ugly. Her mother did not answer either. Her brother was also silent. Only one of her brother's young sons shouted out in childish language: This is my aunt!

At that moment, Wan Nishang saw the shocked eyes of the surrounding guests, and fell into a strange silence at the birthday banquet.

There is such a young aunt in Wan's family, whose age is only seventeen or eighteen? !

"..."

Wan Nishang can't remember how she left the birthday banquet, only that she never stepped into the house from now on.

That home is no longer her home—a place that can't give peace to the soul can't be called home.

It was not until the death of her parents that she came here gracefully, watching the mourners from a distance, and waiting quietly for the mourners to leave, then lit three incense candles, inserted them on the heads of their parents, and knelt down in front of the grave and worshipped three times. .

She did this three times, father, mother, brother.

After three times, she completely cut off the dust and became the saint of the six gates.

I vaguely remember that before my mother was dying, she called her name: Chang Chang.

At that time, Wan Nishang was actually hidden in front of his mother's hospital bed, but never showed up.

Because before the hospital bed, besides her brother, there were a lot of Wan family descendants.

Chapter 4195: Life theory

If she appears, her extremely young appearance will definitely make them horrified. If she spreads out, the Wan family will be regarded as the home of evil spirits, not the home of longevity!

Therefore, Wan Nishang watched as her mother, who loved her the most, died of illness on the bed. Even though she had been chanting her name before death, she did not show up.

This is the thing she regrets most.

Later, I thought about it, at that time she could use some means to drive those people away, and she appeared in front of her mother.

But at that time, she had lost the ability to think calmly, and her mind was messed up, and everything was irreparable.

Every family member died, she would be depressed for a long time, and sometimes even appeared to be better than dead, what is the meaning of Xiuxian, such a frustrated thought.

She had only told one person about this idea.

That person is her only good friend:

Brahma Linglong.

Also her enemy.

After her elder brother died, Wan Nishang went out alone, wandering aimlessly. She was the Fan Linglong she knew at that time.

At that time, the two people didn't know their identities. They got together unexpectedly. They became good girlfriends together. They didn't know each other's identities. Those days were really the happiest time since Wan Nishang Xiuxian.

Moreover, this period of time lasted for a hundred years, and it was not until an accident that they confirmed each other's identities.

But inexplicably, they didn't want to expose each other, but they were no longer so close.

She has Fan Linglong as a friend, but she doesn't have any boyfriend or Wan Nishang.

Maybe she doesn't like any of the men in the six gates, but she doesn't want to look for men outside, because she is afraid that the other person will die too, so she has never met a suitable man, and she rarely thinks about the idea of looking for it. It's not cultivation, it's killing enemies in the six gates, or sitting in the rivers and lakes with Fan Linglong.

They will even meet in a tavern outside the Great Wall, drink wine and watch the scenery, you can watch the first half of the year, and then go to Jiangnan after half a year to continue drinking under the peach blossom forest.

When they were drunk, they used mortal swords to compete against each other, and finally fell down with a smile, hugged in the peach petals, slept with their hands and feet intertwined for several days and nights.

The years of cultivators are too long.

Wan Nishang has countless opportunities to kill Fan Linglong, and Fan Linglong also has countless opportunities to kill her, but...

She likes Fan Linglong.

It has nothing to do with the relationship between men and women, and it has nothing to do with the relationship between women, but simply like her, just like a friend, and surpassed a friend to become a confidant.

You can live for her or die for her.

Even if she kills her, Wan Nishang will commit suicide.

That's how she likes Fan Linglong, and she likes to be with her, and she also believes that Fan Linglong also likes her so much.

Perhaps, I also like the man in front of her, kissing her.

The difference is that the relationship with the man who kissed her is the relationship between men and women.

The scorching heat on the lips and the excitement in her heart made Wan Nishang understand her own mind. She likes the feelings of Fan Linglong, not love, but a kind of emotion that can be regarded as a confidant, and the feeling of the man in front of her is... ...Love?

"..."

I don't know how long it took before Wan Nishang's lips separated from Li Yun's. Her gaze immediately saw the tenderness in Li Yun's eyes.

Soft enough to make her drunk, make her feel shy and pour into his arms.

Wan Nishang likes this look very much.

Chapter 4196: looks nice

only.....

"Snapped."

Wan Nishang got up with a cold face, slapped Li Yun with a slap, and then stared at her and looked very close. The sisters Wan Qing and Wan Qingya, who watched her and Li Yun's kiss throughout the whole process, said softly:

"What are you looking at? Haven't seen an old cow eat tender grass?!"

"!!!"

The sisters opened their mouths wide in surprise, and Li Yun also had an embarrassing expression on his face. Is he a tender grass?

"Humph!"

He hummed her inner panic, Wan Nishang turned and walked into the yacht. After turning around, a shy blush appeared on her cheeks.

She and Fan Linglong have never kissed like this before, at most they just rubbed their cheeks, kissed their foreheads, or hugged them to sleep.

Where is it like that little **** Li Yun, kissed so hard, so affectionate, and tongue... Bah!

Thinking of the long kiss just now, Wan Nishang couldn't help taking a sip. Why was she intoxicated by Li Yun's kiss, and even forgot to refuse?

How long did you kiss?

five minutes? Or ten minutes?

It should not be that long, she had forgotten to breathe, at most... it was only seven or eight minutes.

"By the way, neon clothes."

Li Yun gave her a chuckle, and said, "Remember to change into a swimsuit. I want to see you wear a swimsuit."

Wan Nishang almost fell to the ground, what is this **** talking about? !

".....roll!"

Wan Nishang, who was embarrassed and angry, scolded and fled into the yacht.

"Neon clothes, wait for me." Wan Qingya chased in.

She deliberately called her mother with neon clothes, so after entering the yacht, she was caught by Wan Nishang and pinched her face.

Concubine Wan Qing glanced at Li Yun. The expression contained all kinds of complicated information, so complicated that Li Yun couldn't interpret it at all, so she could only smile at her embarrassingly: "Concubine Qing, you should also change your swimsuit...his!"

Li Yun was kicked by Concubine Wan Qing again, this demon girl is really getting harder and harder!

Fifteen minutes passed before Li Yun saw the three women come out.

At that moment, Li Yun seemed to feel that he had come to the heaven of the Goddess of Light, with beautiful spring colors all over his eyes.

How should I put it... The wan neon clothes are very beautiful, with a good figure, wearing a one-piece swimsuit, and wearing a light coat, covering his upper body, revealing white thighs. When walking, those pairs The beautiful long legs can really dazzle blind people's eyes.

As for Concubine Wan Qing and Qingya Wan, who are not twins, they are better than twin sisters. They have a good figure and a youthful posture. One is lively and agile, the other is calm and steady. Both of them are pure and beautiful faces, and they walked to Li Yun. Later, the younger sister hugged her elder sister with a smile, her cheeks were put together, and she looked towards Li Yun.

The two identical and beautiful faces were close to each other, and Li Yun was stunned when he saw it.

"Husband, do we look good?" Wan Qingya asked with a smile.

"Ok, milliampere!"

Li Yun's words changed so that Concubine Wan Qing gave him a charming white look. When he walked over, she kicked him by the way: "Go and work!"

"What do you do?"

"We are hungry, what do you say to work?"

Concubine Wan Qing lay lazily on the recliner, her legs overlapped, her exquisite figure could not be hidden in the separable swimsuit, and her white jade skin made Li Yun unable to move her eyes!

I didn't even dare to describe too much, for fear that it would not be too much.

"What?" Li Yun saw it really...forgot what his mind was thinking.

Chapter 4197: Won't let you escape

Especially Wan Nishang also had an affair with him. After the ambiguous relationship, except for a few crew members on this yacht, all the people on this yacht can have an intimate relationship with him, and those crew members will not come to the guest area casually. It means staying in the cabin or in the driver's cab, and will not run around casually, ensuring that it will not affect the guests.

Therefore, even if Li Yun had a grand banquet with them directly on the deck wharf, no one would know that he could just mess around.

In addition, there is Wan Qingya, a lively girl who contributed to the flames, and Wan Qing concubine does not look like she would refuse, Wan Nishang...It should be okay. I have kissed her for so long without a problem.

In addition, Li Yun and them had just experienced the stupa incident and got the guidance of the Arhat. Now they only need to find Guanshiyin Bodhisattva, and it will be perfect!

"Hehe, my husband really is."

Wan Qingya chuckled and pulled Li Yun up, "Come on, my husband, I will take out the barbecue with you! Tonight, we will eat meat and watch the sea on the yacht while eating barbecue. It's great~. "

She can't wait to experience the same thing as last night again. She was very happy when she swept the stupa last night. After sweeping the stupa, she was also very happy. She was also happy tonight. Anyway, she was happy anyway, as long as she was with her husband. There is mother and sister together.

Li Yun was dragged into the yacht, and looked back at her good figure, slightly shy, and lay down, before she suddenly realized: "Oh, barbecue! I said, it turned out to be barbecue, good barbecue, I love it the most. barbecue!"

".....puff."

Wan Qingya laughed again, and said, "My husband is really true, what are you talking about? My sister and I, as well as neon swimsuits, do you like it that much?"

"...I like it!" Li Yun was very honest.

"Really like that?"

Wan Qingya leaned over, and after getting an affirmative answer, she blushed and wrapped her arms around Li Yun's neck, exhaled like orchids, and glamorously said: "Then...Qingya will kiss her husband. Also..."

Where can Li Yun refuse an invitation like Qingya in a swimsuit?

On the deck, Wan Nishang's mind was still a little messy, lying on the deck chair thinking about life, waiting for ten minutes, did not see Li Yun and Qingya come out, turned around, these two guys kissed again on the living room sofa in the yacht, Suddenly exasperated and shouted: "Hurry up and take out the barbecue grill for me, and...I've got my clothes on!"

Turning his head, Wan Nishang didn't dare to look inside. Li Yun's little ***** simply wanted to mess around all the time.

"Really, Concubine Qing, go and talk about Qingya, don't do what the little ***** thinks, just what, it's just..."

"Mother."

"It's just too messy...wait!"

Wan Nishang suddenly shook her whole body, straightened her waist on the recliner, and looked at Concubine Wan Qing in disbelief: "Concubine Qing, you just..."

If I heard you correctly, it was the first time that Concubine Qing called her mother!

Concubine Wan Qing didn't open her eyes, but whispered: "Since this is already the case, don't think too much. Your old friend has been captured by him. I think you are almost done, mother... Don't think too much. Let's go with the flow, I won't object."

"Qing concubine, me!"

At this moment, Wan Nishang's mood is really complicated to the extreme.

Concubine Wan Qing chuckled: "Mother, I have said everything that should be said. Given that bastard's character, he won't allow you to escape."

Chapter 4198: Come late at night

"He dare!"

Wan Nishang blushed, and felt angry at the thought of being performed by Li Yun before.

"What dare you?"

Li Yun and Wan Qingya walked out of the yacht. Wan Nishang glanced at him coldly, snorted, lay down again, and said, "Give me a barbecue. I didn't eat any meat last night. I was starving to death!"

"Okay, right away, Qingya, come and help me."

"Yes, husband~"

Concubine Wan Qing sighed in her heart. Playing rogues and self-willed acts are also privileges for girls in love.

She didn't understand this before, but now when she recalled the past with Li Yun, she found that she had quarreled with Li Yun unreasonably many times, and that was something she had never had with other people.

Now, it's Wan Nishang's turn to do this.

"Barbecue, my sister will help me!"

"Humph."

Concubine Wan Qing, who was basking in the sun with her face blown by the warm sea breeze, was too lazy to move, and wanted to open her mouth to eat.

"Sister~~~"

Her younger sister started acting coquettishly, and Concubine Wan Qing stood up helplessly and acted coquettishly to her sister, which was also one of her sister's privileges.

There is no way but to listen to my sister.

In the end, Wan Nishang lived a life of getting dressed to open her hands and open her mouth. The sisters and Li Yun had a barbecue and went to the small table next to her.

The yacht drove very steadily. Li Yun in sunny beach suits and three beautiful women in swimsuits were grilling on the deck. Accompanied by laughter, the snow-white jade-like bodies of the three

beauties looked like the setting sun on the sea. It was plated with a layer of golden light, and the sea breeze also blew their hair, making the three beauties in swimsuits so beautiful.

Li Yun tried his best to control his gaze, not to fall on their bodies, to look at their faces as much as possible.

After all, at the first glance before, there was an excuse to be amazing, and you could admire it unscrupulously. If you look at their swimsuits with nasty eyes all the time, you are a wretched man.

After eating the barbecue, the three women jumped into the deck swimming pool again, frolicking and washing away the sweat from the barbecue just now. Li Yun was still sitting by the swimming pool and admiring the three mermaids, but she was spoiled by neon clothes and thrashed. When he kicked it in the water, he splashed a large handful of water, and poured it on Li Yun, turning it into a soup chicken on the spot.

"Hahaha."

"Hehehe, mom is too bad!"

The three beauties were laughing in the swimming pool, Li Yun was annoyed, and jumped into the swimming pool as soon as he took off his clothes, and directly caught the wan neon clothes.

Frightened her Huarong paled, "You, you, what do you want to do? Let go of me! Qing Concubine, Qing Ya, come and save me!"

"You just broke your throat today, and no one came to rescue you!"

"...Pervert, scum!"

It took two hours to have fun with three beauties in the pool. Well, it's just swimming, nothing else.

After the end, the three women took a shower again, put on pajamas, watched the stars and the moon with Li Yun, and chatted about some things.

It wasn't until ten o'clock in the evening that they slept in the yacht's room.

...

At midnight, Li Yun's door rang.

He opened his eyes and swiped his spiritual thoughts slightly, and he sensed who was leaving outside the door.

Standing up and putting on a large nightgown, Li Yun wore a pair of slippers and walked to the deck. On the side of the ship's side, he saw the...

That's right, it was Wan Nishang who came to find him late at night. This woman who had been kissed by him during the day, but played with him as if there was nothing wrong with him, looked very worried late at night.

Chapter 4199: Talk

"what happened?"

Li Yun walked over and came to Wan Nishang's side. After hesitating for less than half a second, he chose to hold Wan Nishang's little hand.

In the afternoon and at night, Wan Nishang, who has had multiple physical contact with Li Yun many times, seemed to be electrocuted when Li Yun held his small hand at 12 o'clock in the middle of the night and wanted to retract.

But Li Yun held it tightly.

"..."

Wan Nishang did not speak, turned his head, and looked at him with an indifferent and cold gaze that was completely different from that in the day.

"What's the matter?"

Li Yun still held her hand firmly, even if Wan Nishang said next to him to leave, Li Yun would never let go.

In the middle of the night, she came to look for it, which could explain a lot of problems.

After seeing him for a long while, Wan Nishang turned his head, her little hand didn't struggle, let Li Yun hold it, and sighed faintly in her mouth.

"Neon clothes?"

Li Yun chuckled, "Could it be that you want me to kiss you directly before you are willing to say it?"

"...You are really a domineering scum."

Wan Nishang's tone is neither sad nor happy, as if she is the real powerhouse of the soul and light realm at this moment, the first six sect saints, the top powerhouse rare in the world.

But the more she was like this, the more Li Yun understood the complexity of her heart.

"If you are not overbearing, how can you let you who refuse to speak?"

Li Yun stretched out his hand and hugged her slender waist gently, "If you don't say, then I will say? I probably know what Nishang thinks about you now."

"Say."

Wan Nishang also let Li Yun hold her waist, as if she would not refuse even if Li Yun forced her to kiss her.

"You were kissed by me this afternoon, but recovered quickly. Is it because of Qing concubine's elegance?"

Li Yun asked.

Wan Nishang didn't have the slightest anger in the day, but was just ashamed, but Li Yun didn't think she was at all angry. Even if she wasn't angry, she should be beaten and scolded to discourage him a few times.

But Wan Nishang recovered quickly, obviously just not wanting Qingya and Qing concubine to worry, so she showed her composure and played in the pool with Li Yun all night.

However, after the night was quiet, Wan Nishang was tossing and turning, not knowing what to do with Li Yun and the two "disciples", so he knocked on Li Yun's door and asked him to come out.

"If I say, isn't it?" Wan Nishang's voice is very soft, which fits the soft night atmosphere at the moment, and looks different from the day.

"Then... you just asked me out, wanting to have a love affair with me!"

"shameless!"

Wan Nishang's tone finally changed.

Li Yun smiled and said, "I'm shameless, because I guessed it right, but you didn't admit it."

"I said you guessed it right?"

"That's because you don't admit it."

"Huh, being passionate."

The snorting wan neon clothes was held in Li Yun's arms, and the delicate body, who was only wearing light pajamas, was held tightly by Li Yun.

Wan Nishang trembled and struggled again. After feeling that it was impossible for him to break free, his body slowly softened and was embraced by Li Yun.

This warm and powerful embrace seemed to melt away everything she wanted to say, what was tangled in her heart, and what was troubled in her mind.

This man is a magical man.

No wonder Linglong likes him.

"Neon clothes, don't worry."

Li Yun hugged the delicate body of the neon clothes in her arms, sniffing the fragrance of her hair: "I think Qingya and Qing concubine can understand it."

Chapter 4200: Talked about you

"Otherwise, they won't see me kissing you during the day, but they are not angry."

Li Yun added.

I can't believe it. After so many years of life, Wan Nishang has never had any close relationships with other men, but isn't Fan Linglong the same?

For them, if they can't find a suitable man, it's better to be single. Anyway, they live long enough and don't care about a year or two, or even a hundred years.

And Li Yun is the right man for them!

At this point, Li Yun is still a little proud, although among them, the reason for attracting the two former saints may be that a little bit of factor is because of some red envelope skills rewarded by the system.

It's a good thing to have red envelope skills. Fan Linglong should be the last confidant beside him...Unless the young girl looks good, the system still retains the young girl's favorability, 80 points, you can be a girlfriend, but just a friend Relationship.

"Do you think I am afraid of the two of them?"

Wan Nishang leaned in Li Yun's arms, her exquisite body softened, and Li Yun hugged her, her voice changed from cold and indifferent to a vaguely charming tone.

Especially attractive.

Li Yun hugged her slender waist: "Afraid? Are you afraid? What are you afraid of?"

"You said you were afraid!"

"I just say you are worried."

"Strong words, I'm too lazy to care about you."

"Isn't I enlightening you? If I knocked on your door in the middle of the night, you would be worried too?"

Finally, Wan Nishang fell silent, and after a while, he said quietly: "Do you know how old you are this year?"

Li Yun smiled and said, "I thought what you were going to say about neon clothes...what does it matter how old? Your good friend, Linglong, won't you be with me too?"

"It's because of her!!!"

Wan Nishang blurted out, and Li Yun looked at her in amazement, Wan Nishang's face blushed, and she passed away, a little panicked.

Li Yun was funny: "You are not worried about your daughter but you are worried about Linglong? That's right, since Qingya and Qing concubine watched you being kissed by me... Strongly kiss you, okay?"

When talking about kissing her, Wan Nishang stared at him. After Li Yun changed his mouth and kissed her strongly, Wan Nishang was satisfied.

And his apprentice Wan Qing concubine, a tsundere character.

I really don't know what is the difference between kissing and strong. Anyway, they are all French wet and kissed.

"Nishang, you don't worry about your daughter, it's natural, but why are you worried about Linglong?"

Li Yun guessed her inner thoughts: "I talked to Linglong about you."

"Have you talked to her about me?! What did you talk about? What did she say?!"

When it comes to Fan Linglong, Wan Nishang gets excited, and is no longer silent, and it can even be said to be a little eager to ask.

Qingya certainly wouldn't be angry about how the two apprentices thought about her and Li Yun's affairs, she wished her husband would be good!

As for Concubine Qing, Wan Nishang is not worried about what she said during the day, and will find a chance to chat with her later... Maybe she doesn't need to talk at all. Concubine Qing's face is a little thin, and she doesn't want to talk about these things alone.

But Concubine Qing really did not oppose her and Li Yun, otherwise, when she kissed Li Yun, bah, when he was forced to kiss her, Concubine Qing would push Li Yun away instead of watching the whole process. , Makes Wan Nishang feel shy when she thinks of it.
