Chapter 4271: The happiness of memories

Wan Nishang patted her head in annoyance, she remembered, although it has been many, many years, she has forgotten many things, but with Wan Nishang for more than 100 years, she still remembers many important things. To my heart.

At that time, she and Fan Linglong had just met, but they were inexplicably good. The two met for a walk, riding two horses, and wandering around.

Fan Linglong originally didn't drink, but she was influenced by her. He was drunk with her and was still in the wild.

After drinking too much, Wan Nishang took out a jug of wine from her storage bag and drank with Fan Linglong again.

Fan Linglong did not show anything abnormal at the time, and Wan Nishang thought she was also drunk, so she didn't take it to heart, and then she didn't notice that she was recognizing her.

As a result, Wan Nishang had been concealed for several years, only because of an accidental incident, he knew that the other party was actually a cultivator!

I don't know if it was a tacit understanding. They soon knew each other's identity, but they didn't reveal the identity of each other, as if they were connected.

"and after?"

Li Yun asked with a smile: "Because of certain things..."

The words were a bit harsh, but if the two of them didn't face the things they had fought desperately in the past, the knot in their hearts would still be unresolved.

"no."

Fan Linglong shook his head, "I have confirmed her identity as the saint of the Six Doors in about ten years, no, the demon!"

"Humph~~"

Known as a demon girl, Wan Ni Chang is triumphant.

"But she was rather stupid. She didn't do anything, didn't do anything wrong, and I didn't take care of her." Fan Linglong said with a smile, "Plus the wine she brought from nowhere was delicious. , I would go to her to drink a few pots of wine from time to time."

"It was more than thirty years later that I realized that you are my enemy..."

This time it was Wan Nishang's faint tone, full of resentment.

In fact, it is easy to understand that there are not many people who travel abroad in the Hidden Sacred Valley. The six gates are different, unscrupulous, and many people hide in hiding. Even if Wan Nishang is a saint, it is impossible to know everyone's affairs.

So she guessed for a long time before finally confirming the identity of Fan Linglong.

"That's you stupid."

"You are stupid. You were fooled by that person, called Black Venerable, to wander around in the desert alone for a few months. If it weren't for me to remind you, you thought there was some conspiracy over there and you were stupid.

"...You are not yet!"

Fan Linglong did not show weakness, "Thinking that he was invincible in the world, but was beaten up by one of our elders to vomit blood and escaped. I didn't even mention you!"

"What one is two!"

The two exposed each other's bottoms, which made Li Yun an eye-opener. Sure enough, if you live long enough, many interesting things will happen.

"Do you think so?"

After knowing Li Yun's thoughts, Wan Nishang gave him a white look: "What's so interesting about this, it's all about Chen Zhima's rotten corn."

"Really?" Li Yun said with a smile: "I don't think that when you mentioned the past, you were all very interested."

"..."

The two former saints stopped talking.

Recalling the past, especially after the desperate duel, and because of a man, their relationship has improved again.

Now they put aside their right and wrong, and can discuss the past in a relaxed and happy mood under the twilight of the night, accompanied by the man they like.

In this way, they are happy enough.

Chapter 4272: Drink together again

The atmosphere was quiet for a while, although the three of them were silent, but the atmosphere did not change from embarrassment. Wan Nishang even had the same kind of silent but tacit understanding when she walked all over the world with her and watched the scenery from all over the world. Atmosphere.

The familiar feeling surged in and made her fall into a trance. She has never forgotten the days of walking with Fan Linglong, and she has been looking forward to walking side by side with her again.

Even if I wanted to kill her, I just wanted to kill her, and then return to the underworld with her, live together with her, and die together with her.

At this time, Fan Linglong looked back and saw that those eyes in the dark night looked towards Wannian clothes. The two of them looked at each other, as if everything was in silence. They let go of all their prejudices, perhaps because of Li Yun's reconciliation. Or maybe they didn't have hatred in the first place, but their position made them compelled to do so.

"Shang Chang, is there any more wine?"

Fan Linglong gave a slightly mischievous smile, and intimately called Wan Nishang...

"Shang Chang?!"

Li Yun looked at them in amazement, Fan Linglong laughed, "She is younger than me, what happened to her called Chang Chang?"

There was a blush on Wan Nishang's face, and she was ashamed of herself. A large number of people would still blush in front of these two people.

But whether it was Fan Linglong or Li Yun, she could not refuse to call her Chang Chang. It was good to say that she refused Fan Linglong. In a big deal, she also called her some intimate names. When the two were drunk, they said all kinds of messy things. Come out.

But to refute Li Yun and forbid him to call Chang Chang out of shyness, Wan Nishang can say with certainty that this guy will definitely catch her, and then hit her in the back of the butt, which will be even more embarrassing.

"What is younger than you, I am obviously bigger than you!"

"You don't know when I was born, why are you still so shameless?" Fan Linglong turned around, walked over, and stood beside Li Yun, smiling and saying to him: "When I met her back then, I talked to her. Bye sister, ask her how old she is. She said she was nineteen, and then I said that I was twenty, and Shun Shunli became her sister.

Speaking of what he was proud of back then, Fan Linglong smiled even more happily.

Li Yun couldn't help but laugh, now Linglong, where are some of the mature looks after living for hundreds of years? She is clearly a girl!

In this world, he and Wan Nishang are the only people who can let her let go of her worries and laugh carefree.

Even in front of his daughter, Fan Qingsheng, Fan Linglong would be more reserved and would not smile so proudly.

"That's not your trick! Lie to me to talk about age first!"

Wan Nishang came over, and directly pinched Fan Linglong's beautiful face with both hands, and pulled it to the sides, turning the face of the new female saint of the Hidden Sacred Valley into a funny look.

In contact with Wan Nishang's identity, the former six-door saint was able to hold the face of the saint master of the Hidden Sacred Valley like this. I have to say that the arrangement of fate is really unpredictable, and even the former enemy has become intimate. Very good friends.

"Shang Chang, Chang Chang, let go of me, my husband is still watching~"

"That's your husband, not mine!"

"Um?"

"Ah, I was wrong, I was wrong, husband~~ My husband is also my husband, okay? Badass."

The three of them frolicked and came to a meadow by the river. Wan Nishang took out another jar of wine and looked at Fan Linglong.

Chapter 4273: Drink another altar

Fan Linglong also looked at her.

At this moment, the two beautiful elder sisters and beauties were hugged by Li Yun cheeky. He was indeed cheeky, because Li Yun wanted to take a look. When the two of them were drinking together, if he joined in, What will become?

The effect is very successful.

"This jar of wine...?"

After Wan Nishang took out the drink, she stopped talking. She kept looking at her with complicated eyes. Fan Linglong was vaguely aware of something. When she looked at the mouth of the altar carefully, her pupils shrank, and Li Yun clearly felt her delicate body tremble. Tears faintly appeared in his eyes.

"Um."

Wan Nishang smiled softly, "We drank half of the wine that day."

Fan Linglong trembled again, biting her lip, tears finally gushing out.

Li Yun stretched out his hand, wiped her tears gently, and asked, "After half a drink, you guys started fighting?"

"...Yes." Wan Nishang replied.

Fan Linglong nodded with tears.

At that time, she took the initiative to pierce the identities of the two of them, so that they did not finish drinking, and the atmosphere fell into endless grief. In such an atmosphere, how could they still be in the mood to drink?

So, a big fight.

But Fan Linglong didn't expect that Wan Nishang collected the unfinished wine before the battle.

Stayed until now!

When the two are reconciled, sit down again, have enough time, have enough intimacy, and drink together again.

It's just that there is one more Li Yun now, but it seems that everything is so natural. The addition of Li Yun gives this jar of wine more meaning.

"Well, I should be happy."

Li Yun held Fan Linglong's tearful face and printed it on her lips. Fan Linglong looked at him blankly, and saw Wan Nishang approaching. After kissing Li Yun, tears slowly began to flow. Stop. Nishang didn't laugh at her, and Li Yun was even less likely to laugh at her. Fan Linglong's heart suddenly became a lot easier.

"exquisite."

Wan Nishang opened the seal of the jar of wine, picked it up, took a big sip, swallowed half of it, and held the other half of the wine, but her face was in front of her companion, looking at her with watery eyes.

Fan Linglong's gaze gradually softened, and he glanced at Li Yun who was stunned. After seeing his eyes shining very expectantly, there was a little bit of anger in his eyes.

But still satisfied with Li Yun's bad thoughts of seeing their intimacy, Fan Linglong greeted her, and she drank the other half of the wine in her mouth with her mouth facing and her lips pressed together with her confidant who had been with her for many years.

"..."

The process was so beautiful that Li Yun was so excited that he didn't know how to describe it. Wan Nishang and Fan Linglong obviously looked like a couple, but the pure friendship between the two made the people who they saw— —Only Li Yun can see, and cannot simply regard their behavior as a couple.

Not a couple, but in love; not in love (love between a man and a woman), but in love with each other.

The friendship between them has surpassed the scope of friends and lovers, but it is not as simple as being a confidant.

If there is a need to define it, it is "Vatican Linglong and Neon Clothes".

Yes, only the special emotions formed between them for a hundred years can describe the feelings between them.

They are the most special, and no one has been found in the world.

Chapter 4274: Sway

Therefore, even if Fan Linglong and Wan Nishang were drinking so intimately, Li Yun, the only one who could see this scene, did not feel the slightest ambiguity of the lovers. At most, he saw them being in perfect harmony and emotional harmony. One scene.

"How about it?"

Wan Nishang hugged Wan Nishang's slender waist, her cheeks were close to her, and she looked at Li Yun with a smile, and said, "Linglong and I have done the most extraordinary thing, this is how we drink."

Fan Linglong blushed slightly, but he was not nervous, and he still pressed her face to her face with Wan Nishang and looked at Li Yun.

Because she knew that Li Yun would not mind such a thing, and she even looked forward to it. This villain liked to see the closeness of the girls, and even when they were messing around on the third floor at night, he kept persuading them to do so. .

For example, Fang Xue and Li Feng, Gong Qingyu and Gong Lianyi, Xiao Mingzhu and Liu Xianxian, Hu Xiaomeng and Zhao Tianfeng, etc.

Or encourage them to cooperate at will. This bad guy treats the intimacy between girls as a side dish.

Fan Linglong dared to say that even if she had a relationship with Wan Nishang, Li Yun, the villain, would not mind, but would be more energetic and let them describe more of the original things.

It can't be worse! !

"that's it?"

Just as Fan Linglong thought, Li Yun was indeed very excited. What could be more joyful and happy than seeing two beautiful, lovely, tender and tender girls like this and that kind of intimacy?

Right?

Especially these two beautiful girls, who are also confidantes around him, this feeling is even better.

"What do you want?"

Fan Linglong couldn't help but smile. Sure enough, this bad guy just wanted to see her and Wan Nishang had a romantic relationship like that, but really didn't.

He just wanted to get rid of it!

"No further?" Li Yun asked unwillingly. At this moment, Fan Linglong and Wan Nishang's two beautiful faces are attached to each other. They are beautiful and beautiful. If they ever had anything more. Li Yun will definitely be more excited about intimate matters.

Of course, I am very excited now, and almost can't control myself.

"no!"

The two former saints rolled their eyes to Li Yun together, then looked at each other and laughed loudly.

The laughter was full of friendships that I hadn't had in a long time.

Li Yun cheered, "Then... do it again? It will matter later."

Wan Nishang and Fan Linglong looked at each other. For some reason, they did not refuse. It was not because of something, but because Li Yun was the man they liked together. Such a thing was nothing more than a secret word in a boudoir.

It can increase the fun and sentiment of some couples, but will not be angry because of it.

"Come again!"

Reuniting with old friends and telling these things to the man she likes, Fan Linglong is in a better mood at this moment than when she drank with Wan Nishang a hundred years ago. She picked up the wine jar with great enthusiasm, and it was a pity that it was brewed for a hundred years. He raised his head and took a big mouthful of the old wine.

Then, he hugged the slender waist of Wan Nishang, leaned over her charming face, and blocked her with one mouthful.

Li Yun was a little less excited this time, and began to watch the two beautiful imperial sisters drinking while slowly admiring the wonderful scenery.

A sip of wine, a smile, another sip, a smile at each other, lips to lips, wine swaying wanton, different from the man's arrogance, the two women embraced and drank, both bold and charming, between expectations, It made Li Yun's heart drunk.

Chapter 4275: Huang Yixian

They drank most of Bantan wine in such an intimate manner, and Li Yun was finally satisfied for the time being, and leaned in too.

Fan Linglong, who was holding a sip of wine, gave him a white look, but greeted him obediently and gave him a sip.

Then, Wan Nishang and Li Yun drink again.

When the next jar of wine bottomed out, the three of them were already drunk, and the tenderness and affection between their eyebrows and eyes were rippling, and they looked over together.

Li Yun gave a chuckle, hugged the two of them, flew up, found a remote and clean grass, laid a soft carpet, and slowly enjoyed the beautiful night in the Hidden Sacred Valley with them.

...

Woke up the next day.

"Uh, last night..."

Fan Linglong clutched his head, struggling to get up, but saw that the grass was full of mess, wine jars, leftover food, packaging bags, burning bonfires, formations, plus she, Li Yun and Wan Nishang casually messed up. Throwing clothes are everywhere.

She recalled what happened last night, screaming for the two of them with a dark face, the three of them looked at each other, and then laughed scornfully.

Clean up together before going back.

"Mother!"

Wan Qingya was the first to greet her, her eyes widened: "You didn't return all night again last night? That's amazing? How many times?"

"..."

"Make you talk more!"

Wan Nishang knocked her head and glanced at Li Yun again: "Hurry up and make breakfast, I and Linglong are exhausted... Uh, no."

Wan Qingya burst into laughter, "Really, my mother didn't call me last night. Both my sister and I can help."

"Go by yourself, I won't go!"

Concubine Wan Qing couldn't stand her, and turned around to talk to Sister Qingsheng.

Li Yun, who took advantage of it, smiled. Last night, I made Fan Linglong and Wannichang reconciled. After spending another night with them, it would be much easier for each other afterwards. The plan to charter a luxury yacht to the island is even more so. further.

After breakfast, Fan Linglong took a short nap, and when it was almost noon, they went to find Huang Yixian with Li Yun and Wan Nishang.

As for their three daughters, they stayed in the house and didn't take them with them.

Although Huang Yixian only let Fan Linglong go, Li Yun and Wan Nishang still followed just in case.

The Hidden Sacred Valley was not too big, and the three of them didn't use flying, they soon came to the dilapidated room where the Spiritual Qi Rift was located.

The house looks not big from the outside, but there are other things inside, but Huang Yixian is not in the house, but sits on a stone in front of the house, closing his eyes and waiting for the three people to arrive.

"You are here."

Huang Yixian slowly opened his eyes.

"senior."

The three of Li Yun stepped forward and bowed, and the courtesy they should have were still required.

"Linglong." Huang Yixian looked at Fan Linglong, who stepped forward and responded.

"I know what happened yesterday."

Huang Yixian's words made Fan Linglong and Wan Nishang feel a little bit shy, subconsciously thinking that he was talking about last night, they had a fool around with Li Yun all night.

Fortunately, Huang Yixian's tone and expression were very calm, so that Fan Linglong barely showed any strange expressions, and asked: "Senior, do you know him a long time ago and is a reincarnated body?"

"Yes."

Huang Yixian nodded slightly, "Ji Yongnian is the person appointed by the destiny to hold the mirror of reincarnation. What happened yesterday was both unexpected and reasonable."

"Uh, I don't know what it means?"

Li Yun asked. He was sure that Fan Linglong and Wan Nishang didn't understand either, so let him ask.

Chapter 4276: Years

Huang Yixian took a deep look at Li Yun and said: "The mirror of reincarnation can only be used by people who have obsessions in their hearts and desperately need reincarnation. He can reincarnate many times, proving that you, including others, cannot. He was persuaded to give up this matter, but Ji Yongnian had been lurking in the Hidden Sacred Valley for many years, but there was nothing in the valley, which proved that he was not a vicious and ruthless person. Therefore, his departure was unexpected and reasonable."

Li Yun understood, but the meaning is similar to what he analyzed yesterday.

"so it is."

Fan Linglong pondered for a while, and then tentatively asked: "I don't know the predecessors... about the situation of the Hidden Sacred Valley, and for the future, or for us, do you have any suggestions?"

By now, Huang Yixian's origin is not important anymore. His life experience must be more mysterious than Ji Yongnian. If he is unwilling to say it, no one can force him to say it.

So Fan Linglong only asked if there were any suggestions.

It's just that she asked many questions in one breath, which proved that Fan Linglong's heart was still a little uneasy.

Huang Yixian was silent for a while, did not immediately answer, turned to look at Li Yun: "Have you seen Guanshiyin Bodhisattva?"

"Yes."

Now Li Yun can be 100% sure that this Huangyixian is also a god!

It was just a guess before, but now I'm sure.

"We first went to Bodh Gaya and found the place where the Buddha was preaching to Bodhi. From a mountain guardian, we got a leaf..."

Li Yun briefly told the story.

After hearing this, Huang Yixian nodded and said: "The Bodhisattva surrendered to the heavenly demon, but now he has changed into a woman. It seems that there are more and more signs that the way of heaven is resurrecting again."

"?"

Resurrection of God? Does it mean the rejuvenation of heaven and earth?

However, judging from the situation of the gods, including the black pyramid and the Bodhisattva of the South Sea, this kind of recovery will have to wait at least ten years later.

It could be longer.

"Senior." Li Yun hesitated for a moment, and asked tentatively: "With the Bodhisattva, there is another woman. I don't know who she is?"

"I don't know either."

"Uh."

Li Yun closed his mouth, originally thinking that if this Huang Yixian was interested, he would disclose more information.

Huang Yixian smiled slightly: "If the Tao disappears today, even if the Bodhisattva comes to me, I don't necessarily recognize her. Besides, I haven't seen the woman? However, if she is not malicious to you, it proves that she is not. What will happen to you, besides, there are bodhisattvas to protect you, don't worry too much."

This sentence is a bit long, it seems that his attitude has improved a lot, and the three of Li Yun also relaxed.

"Hidden Sacred Valley..."

Huang Yixian's words turned around, paused, and continued: "In fact, it was created by the gods in the past and used as a resting place for the small world, including the six gates. The hidden sacred valley was created by the heavens. The door was created by the Buddhist school."

The three of Li Yun glanced at each other, basically the same as previously guessed.

"However, as the years go by, the time for the disappearance of the heavens is too long, and these two places are gradually abandoned. Most of the gods are no longer active, and this resting place is also abandoned and left for future people to use."

Too long, too long, so long that even the gods can't stand the erosion of time.

Fan Linglong asked, "Senior, you...?"

"Me? I have nowhere to go, so I might as well stay here and see you in my spare time."

Chapter 4277: trade

Huang Yixian smiled, "By the way, it's quite interesting to see the changing world."

Fan Linglong and Wan Nishang understand this feeling. They are also people who have lived for a long time. People who live long enough will become bored in many cases and need to find some hobbies to do, otherwise they will become more and more closed.

"If there are seniors in the town, the Hidden Sacred Valley will be much safer." Fan Linglong complimented him. In fact, Huang Yixian should have been sitting here for many years, but his appearance has been changing, I am afraid that even the oldest qualification. No one knows his existence.

"Me? I can't."

Huang Yixian shook his head, "Now, at best, I only live long enough. If I really want to protect the Hidden Sacred Valley, I still rely on you."

Fan Linglong was silent for a while, and whispered softly: "Yes, the younger generation will guard the hidden sacred valley!"

"Um."

Huang Yixian hesitated for a rare moment, then looked at Li Yun and said, "You and Linglong have entered the rift in the aura, what do you think of it?"

"There is a chaos inside, like a chaotic world that hasn't been split. It seems to lead to every corner of the world." Li Yun replied, he didn't believe Huang Yixian hadn't been in for so many years.

Wan Nishang hasn't heard of the rift in the spirit, so she can only listen to them.

But Huang Yixian's next sentence shocked the three of Li Yun.

"In there, all the secrets of ancient times are hidden."

"what?!"

Three pairs of eyes looked at Huang Yixian, waiting for one of his explanations.

"You should have been surprised a long time ago."

Huang Yixian smiled slightly, "In the final analysis, how this world changes depends on the aura, and the rift of the aura, including the migratory reincarnation mirror of the six gates where you are located, is one of the few sources that can release aura.

Just ask, how could an ancient **** let it go? "

Li Yun frowned. Indeed, he has seen four, no, five who can release aura.

The earliest is the resentment created by the six gates and transformed from human resentment. resentment is also a kind of spiritual energy, which can be used for practice.

The second one is the Hongmeng Purple Qi Immortal Bracelet he obtained from the system, and now it can automatically generate aura on the wrist of the Vatican Sage.

The third and fourth are the Hidden Sacred Valley and the Six Doors.

There is another one, Penglai Island, but the source of Penglai Island's aura is still unknown.

Of course, the system in Li Yun's hands is also a powerful plug-in that can generate aura out of thin air.

"In there..."

Li Yun looked at Huang Yixian suspiciously.

The last time he entered the rift in the aura, he and Fan Linglong and Fan Qingsheng did not go far. There were no traces of the existence and activities of intelligent creatures. If it weren't for a person who entered from other entrances and exits, Li Yun and the trio. Could not find any exceptions.

"There are many secrets in it, but none of them can be forcibly explored by you now. You'd better go in and search for them when you encounter opportunities."

Huang Yixian paused, "The reason why I told you this is just to make a deal with you."

"trade?!"

"Yes."

Huang Yixian smiled lightly and said: "You are also considered the strongest in the world, you have seen other gods, and you are qualified to know more things. This is the premise."

The three nodded.

"In addition, the world has changed a lot, and I don't want to go out and walk around, so the content of my transaction with you is that you tell me what you have seen or known."

Chapter 4278: conversation

Huang Yixian paused for a moment, and let the three of Li Yun think about it.

However, before they could ask, Huang Yixian continued, "Of course, I don't want to ask. You can tell me selectively, you can choose not to tell, you can even tell other people about my existence. Gu and Liudaomen are not hidden existences, many people know about them."

Li Yun can accept this explanation.

"Yes, we understand, senior."

After taking a look at Li Yun and Wan Nishang, and seeing that they had no objections, Fan Linglong replied on her behalf.

"Speaking of which, I did encounter a lot of things related to gods."

Li Yun said, making Huang Yixian look at him with interest, "Oh?"

"Some of them involve various reasons, and it's not easy to tell you seniors, but for some, I really want to say them and ask seniors to give us some suggestions."

"Let's go, is it from Penglai Island?"

"Correct."

Li Yun briefly talked about the gate of life and death, and then told Biyou Palace to see what Huang Yixian wanted to say.

Unexpectedly, Huang Yixian was silent for a long time after hearing Biyou Palace.

"Senior, you are from Biyou Palace...?" Li Yun said again: "The younger generation heard that Biyou Palace is the dojo of the Lord Tongtian, known as the dynasty of Wanxian..."

"Where did you hear about this?"

Huang Yixian showed a weird look. Seeing that Li Yun didn't answer, he didn't follow up. He just said: "Biyou Palace is not as simple as what you see. Now the Biyou Palace on Penglai Island is just the outside palace. The Biyou Palace, you haven't seen it yet."

"so it is."

Li Yun smiled bitterly: "We can't get close to the Biyou Palace outside. If the real Biyou Palace appears, I am afraid that we outside mortals will be even more powerless."

Huang Yixian chuckled: "After all, the leader has lived long enough, and his strength is strong enough... You don't need to worry about the things about Biyou Palace and Penglai Island for the time being, and you don't need to let those people leave. Even if the leader wakes up, look. When so many people are on Penglai Island, it will only be happy, not angry. The leader wants to see the vigorous appearance of the people, not the stingy people."

Li Yun knew it, and it seemed that the Lord Tongtian had a good temper, and he was also happy to see mortals living on Penglai Island. No wonder there is a saying in myths and legends that there are thousands of immortals coming to the dynasty—isn't it similar to the thousands of immortals coming to the dynasty today? Does it look like ten thousand people live on Penglai Island?

"As for the gate of life and death."

Huang Yixian pointed behind him: "With this, there is no need for life and death."

"Uh?"

The three of them were taken aback. From Li Yun to Wan Nishang, they were all concerned about the doors of life and death, and they tried to open more, at least to find more doors of life and death first, and take a look at the secrets hidden inside.

But now Huang Yixian said that if there is a spiritual rift, there is no need for life and death?

"Hahaha."

Seeing the expressions of the three of them, Huang Yixian laughed and said, "Didn't I say something? The greatest secret of the gods is hidden in the world inside the rift in the aura. The so-called gates of life and death are just some kind of warning devices. Every door of life and death found and activated by others will attract the attention of the sleeping gods. If you open all the doors of life and death, you will probably be able to see all the gods are awakened and cast their eyes on you together. "

"It turns out...that's the case."

Li Yun suddenly realized that Penglai Island's life and death door was so dynamic, it turned out to be equivalent to the function of an alarm clock to wake up those gods.

Chapter 4279: ask

Huang Yixian smiled slightly, "If you are looking for ancient secrets with a deciphering attitude, then I am afraid you will be disappointed. You probably know the reason. It is nothing more than that. It is not a great thing."

Li Yun said: "For the predecessors, you may know everything in your mind, but for the descendants of us, understanding what happened in ancient times is not only interesting, but also significant."

"Yes."

Huang Yixian does not have an interface, so he defaults to Li Yun's approach.

"One more thing is that we went to the Pharaoh country, that is the country with many pyramids."

"Oh? Pyramid? The kind of building that is 100 meters high with big stones stacked like a pile of rice?"

"Yes, we encountered a tall temple entrance there. After entering, we went through some institutions and finally saw a black pyramid."

Li Yun told the story of the Pharaoh Country. Anyway, he has nothing to do with the gods in the Pharaoh Country, and there is no psychological burden to say it.

By the way, Li Yun also briefly mentioned the affairs of Alice and the goddess Athena.

"Do you pull God?"

Huang Yixian thought about it carefully, "In ancient times, this Ra **** didn't have much contact with people on our side of the heavens. He only heard about his confrontation and union with the Titans of Zeus. Goddess of Light was defeated, Ra God and Titan Gods were driven away one after another, or forced to surrender, but the mental state of the Goddess of Light was not very good. Those who surrendered her, Rashaen's subordinates and Titans, waited for opportunities. In the rebellion, they played harder than us."

US?

Refers to the side of Heavenly Court.

With whom did Heavenly Court fight? monster? Buddhism?

Li Yun inferred something useful from some of Huang Yixian's information.

After hesitating, Li Yun said: "In fact, that goddess of light, I have already seen her reincarnation."

"Oh?"

Huang Yixian looked over with a smile.

Li Yun coughed, and then said: "But she has a good relationship with me, I can't tell you, please forgive me, senior."

"It's okay."

Huang Yixian waved his hand. "Those people in the west are mostly concerned about faith. She was reincarnated again, probably for preaching. Fortunately, they are fair and upright, unlike those with bald heads who say that there is no desire and desire, and color is nothing like emptiness. If they do, they are more active in preaching than anyone else in action, and temples have opened one after another."

"Uh....."

Wan Nishang almost couldn't help laughing out loud.

As Huang Yixian, a senior, has a good relationship with them, he has also spoken more information, and he has gotten closer in words, even with his bald head...

Li Yun smiled: "A confidante by my side, these two daughters, Wan Qingya, she has received a lot of help from the Bodhisattva."

Huang Yixian smiled and said, "The relationship between Buddhism and Heaven is complicated. You will understand in the future."

What kind of answer is this?

Means, the relationship is too good, so it's okay for him to complain about Buddhism?

The relationship is still too bad, just talk about Buddhism.

"senior."

Wan Nishang's face remained unchanged, but she said a word that made Fan Linglong very ashamed. She said: "A hundred years ago, I fought Linglong, but when the two of them were exhausted, unexpectedly... I was pregnant. , This matter, you...?"

The look on Fan Linglong's face finally showed a blush, and she glared at Wan Nishang, not to blame her for saying it, but when she said it, she didn't discuss it with her!

Chapter 4280: the truth

Wan Nishang pretended not to see it. She knew that after speaking out, Fan Linglong would definitely not agree to say it, so she simply cut it out and played it later. Anyway, it is not too embarrassing to be pregnant because of the heavens. They are all pregnant.

"This matter..."

Huang Yixian showed a weird expression on his face, looked at Li Yun, and said, "You have already met her."

After all, Huang Yixian seemed to have revealed some great secret, not only did he keep silent, but after smiling at the three, his figure disappeared.

So scared to show up? Dare to continue talking? Don't want to continue answering?

Also, she? he?

Vaguely, Li Yun felt that Huang Yixian mentioned "she" because Li Yun had not seen many male gods, but more female gods.

"Is that the woman with the Bodhisattva?!"

But Wan Nishang suddenly remembered, full of surprise.

Fan Linglong was taken aback, and his face became weird: "You mean...because that woman drank you an emotional fragrant wine and let the three of you spend the night with Li Yun, so you suspect... it's her?"

Fragrant wine can inspire emotions, so that things happen overnight, and Fan Linglong and Wan Nishang, although they did not roll on the spot, they hugged each other because of "she", just like drinking last night. , Intimacy for a long time.

In the end, the two faces flushed, their eyes looked at each other straightly, hugged and trembled for a long time, and then they ran away.

Run away in shame.

That time, it was almost the first time they felt the power of emotion.

It is precisely because of this that Fan Linglong regards Concubine Wan Qing as her daughter, and Wan Nishang also regards Saint Fan Qing as her own daughter.

Before they told Li Yun that nothing more happened, which was correct, after all, that time was not in their heart, and it was just a kiss.

He didn't even lose his clothes.

"Don't you think?"

Wan Nishang looked at her with serious eyes, Fan Linglong frowned, and suddenly took Li Yun and her hands, and after saying goodbye to the predecessor, he left the spiritual rift.

What's the matter, go back and talk about it.

Just on the way back, they didn't know how to speak again.

I told Li Yun last night that those things were okay, and there was a cover of darkness that would allow them to let go, but now it's clear and clear, and it's not appropriate to talk about those shameful things.

"Forget it." Wan Nishang took the initiative to end the topic just now and looked at Fan Linglong: "At least we have a direction to look for, right?"

"Um."

Fan Linglong also agreed, "This matter...I'll talk about it later."

That woman, just hearing those things from Li Yun, she felt that the other party was not simple. Just now Huang Yixian didn't want to mention it any more, which shows that the origin is indeed amazing.

Fortunately, knowing that it was indeed a goddess who made them pregnant, and this really made them feel less in their hearts.

Touching his chin, Li Yun looked at the two, with some changes in his eyes.

"What are you doing?" Wan Nishang felt a little guilty.

Fan Linglong was also a little shy, as if he had guessed what Li Yun wanted to do.

"Speaking of it," Li Yun said meaningfully: "You haven't told me yet, you're pregnant...his."

The embarrassed Wan Nishang pinched directly on his waist and stared at him.

"What's the matter?"

Li Yun uttered Wan Qingya's lines and approached the two of them and said: "Let's find a time and repeat the scene at the time, otherwise I always suspect...hiss!"

"Go to hell!"

The two women gave him a kick at the same time.
