

Godly Choice 4291

Chapter 4291: Succeeded

Li Yun put it in his mouth and tasted it again. Anyway, the raw materials of these medicines are not valuable. This time, he produced fifty or sixty pills in the alchemy, and eating one is not a problem.

"Well, how do you say it tastes... It's not unpalatable." Of course it's not tasty.

Li Yun felt it, smiled and looked at Shangguan Lingxian who was still in shock, and said: "It should be a success. At least I took this pill and could feel some power contained in it. As for whether you practiced it or not. I don't know."

"I'll try it too!"

"do not."

Xiang Berry's hands and feet were very quick. Before her sister Lingxian stopped her, she also tiptoed to grab a pill from the pot and put it in her mouth without hesitation.

Suddenly, a cute face covered with sweat and messy hair, wrinkled into a bitter face, crying and said to her Lingxian sister: "It's so bitter...Sure enough, no matter if it is a pill or a potion, it is It's so bitter, Li Yun, you villain, lie to me!"

After speaking, the pill had already taken effect, making her all over her body seemed to be sweating, and soon her face was flushed with heat, and sweat was all over her small face.

"Quickly, go meditate quickly."

Shangguan Lingxian was full of distressed wiping off the sweat for Fragrantberry, so she wiped it with her sleeve, and did not dislike Fragrantberry's sweat to wet her clothes, "This kind of pill is to strengthen the body and help people cultivate. It doesn't matter if Li Yun eats, he is strong, you girl hasn't reached the acquired stage, how can you eat it all at once? Go meditate and digest the medicine."

"Woo, okay, okay, I, I will meditate in the herbal yard."

The heat flow in the body is getting more and more, Fragrantberry is a little flustered, walks to the side of the wooden house, on the stone steps under the eaves, facing the setting sun and the herbal garden planted by Shangguan Lingxian, meditating and practicing.

However, there is almost nothing to meditate in the acquired realm. Fragrant Berry just sat down and tried to control the heat flow, vaguely following the method learned before, controlling them to walk around the meridians, and let these heat flow dredge the occlusion in her body. The meridian gradually brought her more powerful strength.

Shangguan Lingxian carefully looked at Xiang Berry's expression, and after confirming that she was okay, he was relieved.

Then I was happy.

"Li Yun." She lowered her voice, not wanting to disturb Xiang Berry who was meditating, but her tone was still very excited: "I seem to... succeeded?! Sister Linglong's plan succeeded!"

"Well, look at it again."

"Well, I also take one. According to my previous inference, the effect should be..."

Shangguan Lingxian also used his fingers to pinch an elixir in the iron pan, put it under Qiong's nose and smelled it carefully, then stretched out the soft tip of his tongue and tried the taste of the elixir.

Li Yun could see that his throat moved, and he almost wanted to hold her, and taste what she was like.

However, there is still time tonight and these few days, enough for him to slowly try the taste of Shangguan Lingxian Tankou.

"Well, it seems..."

Shangguan Lingxian finally let the black pill into his mouth. Li Yun didn't stop it. After all, it was the pill that she refined, even if it was poisonous, she should also taste it, otherwise she would be useless.

If it were poison, Li Yun could not solve it. There were hundreds of small and medium-sized detoxification pills on his body, enough for her.

With the recovery of spiritual energy, the two big pill eater around him-Black Feather Butterfly and Little Princess Yongning, also reduced the amount of elixir used. Now they don't need to take one pill a month, and Little Princess Yongning is only here. Only take a small one when you need to be awake.

Chapter 4292: Acquired Fragrant Berry

"How is it?" Li Yun asked with a smile.

The bitter taste of the pill is nothing to Shangguan Lingxian. She frowns and slowly chews the pill, bit by bit, carefully tasting the taste of the pill to find out if it is inappropriate or something different from what she imagined.

But as a result, Shangguan Lingxian was pleasantly surprised.

"Woo..." She looked at Li Yun happily.

"We'll talk about it later."

Li Yun smiled and squeezed her face, and with a light squeeze, Shangguan Lingxian obediently took the pill in his mouth and blurted out: "Great!"

"Shhhhhhhhhhhh, keep your voice down, Xiang Berry is still meditating, did you succeed?"

"Hmm, success, success, great~"

Shangguan Lingxian lowered his voice, his words were full of excitement, and there were cheering expressions on her face, and her face was filled with irrepressible joy.

"Come on, drink some water, chew so carefully, you don't feel too bitter."

Li Yun brought a glass of water in front of her, Shangguan Lingxian's face turned red, and he defended: "I want to feel the smell of the pill... Um."

She didn't take the glass of water, but just leaned in, and pressed the lips of Li Yun's hand directly against the edge of the cup, sucking the clear water inside.

Li Yun slowly raised his hand, Shangguan Lingxian raised his head obediently, as if he was drinking water while holding a cup, but this scene inexplicably made Li Yun think of something bad.

Some things he and Gong Qingyu often do on the third floor of the villa mansion, in the living room and study.

Speaking of which, Shangguan Lingxian hasn't been like this with him yet, in the next few days.

"What do you think?"

Shangguan Lingxian got rid of the water cup, Jiao said, and he could see the bad thoughts in Li Yun's heart at a glance. This guy looked straight at her, obviously...

"Miss you." Li Yun replied solemnly.

"Bad... first, first," Shangguan Lingxian took a peek at the Fragrantberry who was still meditating, stood on tiptoe, quickly kissed Li Yun's lips, and left quickly, his face blushing. : "Wait, wait for the evening... not now, now, I still have to make alchemy!"

"no."

".....what?"

After being rebutted by his fiance, the silly psychic fairy is very cute.

Li Yun squeezed her face again, Shangguan Lingxian seemed to be immune to this squeezing action, but still blushed, begging: "Just, can't you wait for the night?"

"I said, I can't do it now... Haha, I'm so stupid, how are you doing alchemy now? Xiang Berry is still meditating, and it's bothering her."

"Huh? Right, then we..."

"Of course we should take a break first, pick up the pill, and then do this..."

After collecting the pill, Shangguan Lingxian was hugged. She struggled a little, and soon after Li Yun's domineering movements, she lost the ability to resist.

...

I don't know how long it took, Xiang Berry finally opened her eyes slowly, and she clenched her small fist subconsciously, feeling the surging power surging.

The heat generated after taking the pill, turned into zhenqi in her dantian, giving her the ability to use zhenqi!

She is already an acquired martial artist!

Less than sixteen years old, acquired realm! ! !

"Sister Lingxian, I...wow!!!"

Xiang Berry, who wanted to share her joy with sister Lingxian with excitement, saw her sister Lingxian sitting on the wooden bench in front of her fiancé with her fiancé. Neck, kissing him intimately.

Chapter 4293: Make a fire

But this is not the point, the point is, the hand of sister Lingxian's fiancé... that badass! ! !

Also, sister Lingxian's...light pink lotus pattern, incredibly beautiful belly...

Xiang Berry's eyes widened directly, and she was more shocked than she had broken through the Houtian Realm. After seeing sister Lingxian and Li Yun's incomparable closeness, the appearance of the two communicating feelings deeply reflected in her mind.

As if she broke through the acquired realm, the fragrance suddenly disappeared.

You have to have a glance with Sister Lingxian, and you are happy if you have a man who loves her, loves her, and cares about her.

Care about her?

Xiang Berry recalled that when she was meditating, Li Yun had always reminded Sister Lingxian to keep her voice quiet and not to disturb her...

Also, Li Yun was also taking care of her when she was practicing alchemy just now, and only asked her to do some small things. He did the heavy work...

Also, at lunch, sister Lingxian's fiancé, Li Yun, he also... made her two favorite dishes specially for her.

It was delicious, and it was so delicious that she wanted to eat all the dishes in her stomach.

If you care about her, then Lingxian sister's fiancé...he must care about her and love her too.

"Woo."

Xiang Berry blushed suddenly, lowered his head and dared not look at the man.

"Fragrantberry... I'm sorry, I'll get up right away."

Shangguan Lingxian got up from Li Yun's arms in a panic, but her feet were soft. She didn't know how long she had kissed Li Yun, and it was dark now.

"No hurry, Xiang Berry is very sensible."

Li Yun supported her and arranged her clothes. Shangguan Lingxian bit her ruddy lips and glared at him, before looking at the coming Fragrantberry.

"elder sister....."

Xiang Berry said with a guilty conscience, she blushed, so Shangguan Lingxian thought it was because of seeing her and Li Yun, but didn't know that Xiang Berry was because of... her fiancé.

The sprouting girl has a heart and is at a loss.

"cough."

Li Yunqing coughed and said, "Let's go to dinner first, and wait until dinner is over."

Shangguan Lingxian took a deep breath and shook his head, "No, this time I will refine some pills immediately. I had a conjecture before, and I need to verify it immediately."

Li Yun understood that Lingxian was waiting for Fragrant Berry just now, so he didn't do it immediately.

"Okay." Li Yun nodded, and smiled at the blushing girl: "Xiangberry, you help your sister Lingxian, I will cook for you, make a good meal, a pot of medicine is almost ready... ..By the way, what do you want to eat?"

Xiang Berry's cute face turned red, and he said, "It's just like noon..."

"Okay, scrambled eggs with tomatoes and chicken soup with corn? How about you Lingxian?"

"Chili~!"

"Yes, even though my spirit fairy is holy and kind, he just loves to eat hot peppers."

"Hate, fairies have to eat chili too~ hehe, go ahead and wait for you~."

"Um."

When Li Yun entered the kitchen, Xiang Berry couldn't help but glance at his back again, his eyes showed something...

Shangguan Lingxian suddenly noticed something, this kind of tiny insight was completely out of a girl's instinct.

"Fragrant berries?"

"Huh? Oh, I, I will start a fire right away."

Shangguan Lingxian hesitated a little, and stopped talking, but still didn't say it.

...

"time to eat!"

Li Yun moved the table to the front of the wooden house and took out all the food. He had dinner with the herbal garden and the big pot, which had a special flavor.

Chapter 4294: Cooking

"Wait, wait, it will be done soon!"

Shangguan Lingxian was still busy, but the fire stopped, so Xiang Berry ran over to help Li Yun move the food outside. The little girl's face was very excited and blushed.

"Okay, then you are busy, I will make another cold dish!"

Li Yun entered the kitchen again, Fragrantberry also sneaked in, staring at him who was cooking the last dish, his eyes were complicated, and he didn't know what he was thinking.

"Xiaoxiangberry, what's the matter?"

Li Yun smiled slightly, and liked this little girl next to Shangguan Lingxian. She was just like his two younger sisters in the family, both very cute.

The last time he came to Tiandanmen, he met with Xiang Berry. At that time, because of something, Xiang Berry had a very ordinary relationship with him, but maybe his performance changed the little girl's view afterwards. When Li Yun came again, Xiang Berry had a much better attitude towards him.

"Do you...do you often cook?"

Xiang Berry swallowed her saliva. Although the dishes she ate at noon were all common dishes, but for some reason, they were so delicious that she almost snapped her tongue out. They were so delicious~!

"Almost, I will do it in the morning or on holidays. I don't have so much time at other times."

"...Make it for sister Lingxian, do they eat it?"

Xiang Berry knew that there were many girls around this man, and Sister Lingxian was just one of them.

She didn't understand it before, but after eating the dishes he cooked, Xiang Berry felt that it was not unreasonable for Sister Lingxian to miss him so much. After all, Sister Lingxian was so greedy.

"Um."

"It's weird...Don't you think you have no self-esteem?" Xiang Berry, who was leaning against the kitchen door, tilted his head and looked at him: "A big man, cooking for his girlfriend..."

"How to cook is also related to self-esteem?"

Li Yun looked at her in surprise, Xiang Berry blushed, and said: "I see those people in the martial arts, no matter it is the uncle or uncle, or the brother or sister, none of them have gone into the kitchen to cook..."

"That's them!"

Li Yun said amusedly: "Tiandanmen retains a lot of traditions and bad habits after all. The outside world is not so particular about men and women. Men and women are equal, and men can also go to the kitchen."

"...Oh." In fact, Xiang Berry had heard of these things, but she hadn't seen them. They had all seen them on the mobile phone. She had never been outside and stayed at Tiandanmen.

"In addition, caring about your girlfriends and cooking them occasionally is not a big deal."

Li Yun took the cold dish and handed it to the fragrant raspberry. The little girl took it in a hurry, looking confused.

Li Yun smiled and said, "It's like asking a little girl to do work occasionally."

"...I'm not a little girl!"

Fragrant Berry straightened his chest, as if I had grown up, Li Yun glanced down. It was not big, and Xiao He only showed sharp horns.

"satyr!"

Xiang Berry's face blushed, holding the dish in front of him, and went out in a panic, Fang's heart throbbed, his little face blushed like blood, and Shangguan Lingxian was surprised, the more weird his eyes were. some.

That guy Li Yun... shouldn't be messing up, right?

No, no, maybe not, Li Yun is not that kind of person, it's purely... Xiangberry's problem.

"Lingxian, are you okay?"

Li Yun also walked out, came to the iron pot, saw a lot of pill condensed inside, nodded in satisfaction: "It seems that it has succeeded again?"

Chapter 4295: Greedy

"Hmm, it succeeded again!"

Shangguan Lingxian quickly discarded the thought of fragrant berries, and said happily: "The purpose of adding ice cubes should be to quickly cool down and let the golden silk flowers exert the greatest effect. I always thought it was enough before, but I didn't expect it to be bad.

Some...Fortunately, sister Linglong reminded me, otherwise I don't know how long it will take to react~"

"Come on, say while eating, have you washed your hands?"

"Hee hee, it's not dirty, I can't wait to eat...Ah, okay, I'll go and wash my hands, okay? Wait for me, I'll come right away~"

Shangguan Lingxian carried his skirt and ran into the wooden house. There was a faucet there. Although Tiandanmen was a traditional Jianghu school, it still had some modern facilities.

Xiang Berry spit out her little tongue, and quietly said to Li Yun: "In fact, Sister Lingxian is very greedy, no matter how busy she is, she won't lose her food. She usually likes to eat a lot of small snacks, which are all in the house."

"Really?" Li Yun said in surprise, she didn't even notice the little hobby of Shangguan Lingxian.

"Of course it's true. I always run errands for her to buy snacks outside. When I buy a lot of...all kinds of junk food, it's because Lingxian is a doctor, so I don't want to avoid it."

Fragrant Berry said with a vow that Li Yun could not laugh or cry. The junk food Shangguan Lingxian probably knew that it was bad for the body and had poor nutrition, but she still ate so much, enough to see how greedy the Lingyi fairy was.

"Come on, come on~~~"

Before anyone arrived, the spirit doctor fairy came out with a cheerful voice. She walked back quickly, with her hands white and tender, and Xiang Berry quickly sat upright, pretending that she didn't know anything.

"Eating~~~"

Fairy Lingyi picked up the chopsticks, gestured to Li Yun and Xiang Berry, and took a piece of braised pork, opened his small cherry mouth, and ate it in one bite.

"Delicious~~~"

Feeling the wonderful meaty taste, Shangguan Lingxian's big smart eyes were narrowed into a slit, so happy that he didn't have the slightest frustration when he couldn't make alchemy before—can be eaten after the alchemy is over and the success is declared Li Yun's personally cooked meals, at this moment, she can imagine the happiness in her heart.

"Me too, try~."

Xiang Berry swallowed his saliva, and he couldn't bear it. He took a piece of Dongpo meat and put it in his mouth.

With one bite, my tongue is almost numb, so delicious~.

If she can eat such delicious things every day, she would rather stay with sister Lingxian for the rest of her life and eat Li Yun's meal, hehe.

"If it tastes delicious, eat more," Li Yun said with a smile: "In order to celebrate the interview of our spiritual medicine fairy, and by the way to celebrate our fragrant berry's successful breakthrough in the acquired world, I specially made a table full of dishes for you. "

Xiang Berry's small face showed a joyful look. Li Yun still remembered the things about her acquired realm!

"Don't hate it, call me that nickname again."

Shangguan Lingxian groaned, but he didn't listen to the movements on his hand and mouth, and was eating.

"You slow down, no one will grab you."

"Fragrant berries."

"Hehe, I can't finish it. Let Li Yun eat less, and the two of us eat."

"Cross the river and demolish the bridge?"

"I was wrong~~"

Under the starry sky at night, in front of the wooden house next to the herbal garden, Li Yun and the two girls had a sumptuous dinner together. After eating, their stomachs bulged and they lay on the bamboo chair in front of the wooden house. Hey, he can't move.

Chapter 4296: Leaving Tiandanmen

"Tell you guys not to eat so much."

Li Yun said with a smile, the two beauties lying on the bamboo chair and humming and holding their stomachs, they couldn't help being amused.

Fortunately, their strength is not low, otherwise they would not dare to give them such a beast.

"Because..." Shangguan Lingxian clutched her belly and looked at Li Yun with blurred eyes, "I'm afraid you will leave again tomorrow...so I want to eat more, I won't be able to eat it tomorrow, it's a shame."

Li Yun's heart softened a little, and he sat next to her and held her little hand: "Who said I will leave tomorrow? This time I will stay for at least a few days, at least three days, not this day, nor Count the day you left!"

Shangguan Lingxian's eyes lit up, and he didn't speak, but just kept looking at him.

Li Yun understood, went to kiss her ruddy lips, Shangguan Lingxian smiled contentedly, and said softly: "Okay~~Li Yun, you will stay with me for three days."

Xiang Berry was stunned once again. She is single, and she has never been in love, but feels that she will never find such a gentle and good cook in her life, so she spoils her like this.

Sister Lingxian has such a boyfriend. No wonder she always talks about Li Yun on weekdays. In her free time, she is watching with her mobile phone, either chatting with him or going to that group to chat with those girls and sisters.

"Three days...not enough."

Li Yun sighed, and squeezed the beautiful face of Shangguan Lingxian lying on the bamboo chair with the other hand, "You don't plan to leave Tiandanmen? Didn't you say before that you want to open a hospital?"

"Leave?!"

Xiang Berry looked over nervously, sister Lingxian is leaving? What about her...? Although she also has friends at Tiandanmen, she has become accustomed to being with Sister Lingxian. She is also sister and master. If Sister Lingxian leaves, she wants to follow along!

Shangguan Lingxian glanced at Xiang Berry and comforted her, saying that he would take care of her.

Li Yun saw in his eyes and thought inexplicably that Shangguan Lingxian deserved to be called a spiritual doctor fairy. Although he was a little stupid, he was really kind, not the same as Liu Xianxian.

Just like the previous time, Song Hee... she recognized Song Hee as her younger sister.

"I....."

Shangguan Lingxian hesitated and hesitated: "I don't mind leaving Tiandanmen. After I recently went to Penglai Island, I felt more and more that staying at Tiandanmen would do nothing to my medical skills and future. The good thing is to leave here and go outside."

Li Yun nodded, "What then? Just say what you think."

"But..." Shangguan Lingxian paused, and smiled embarrassingly: "Last night sister Lianyi told me that I bought me several hospitals and let me choose which one to operate. I was very surprised. "

Li Yun laughed.

On the contrary, Xiang Berry relaxed a little. It seems that Sister Lingxian's departure is a foregone conclusion. As long as she pesters her and walks with her, it is good to go and help Sister Lingxian. She can't work alone, she needs her. This little sister, right?

"Then," Shangguan Lingxian continued, "Sister Qingyu told me that if she is just a doctor or a hospital director, she can only treat a small part of the doctor. Fang and the like can save millions of people at once, and even benefit hundreds of millions of people."

She pointed weakly at the pill in the bottle on the table next to it, and looked over.

Chapter 4297: Future vision

Li Yun nodded in agreement: "Qingyu is right, but whether it is a doctor or a dean, they will treat people in the end. What do you mean?"

"I think so too...Qingyu is right, but...I'm afraid that I can't do well, so I plan and plan. That's it."

Shangguan Lingxian said embarrassedly: "I plan to open a hospital in a remote place in Zhonghai City. I don't need to receive too many patients. I will focus on those with intractable diseases. I can plant some herbs on weekdays. I will do research pills by the way. About the prescription and medicine... Li Yun, what do you think?"

"Don't be too tired." Li Yun smiled.

"You won't be tired. If you have something to do, you won't be tired. If you don't have anything, you will be tired after one day."

With his approval, Shangguan Lingxian cheered up and began to describe the future. The hospital in her mind does not need to be too big, just four or five low buildings. The backyard is where she lives. Similar to this, there is also a herbal garden for her. She planted it, and also placed an alchemy furnace near the herbal garden. In such an environment, Shangguan Lingxian was very satisfied.

"Whee."

Lingyi Fairy spit out her pink tongue cutely, blushing and shyly said, "Isn't my request too much? The land price in Zhonghai City is too expensive, I'm afraid I can't buy such a good place, right?"

"Is there no money?" Xiang Berry is actually very excited. Such a hospital is actually equivalent to an ancient clinic. It is private. You can do whatever you want. If you can live with the senior sister behind that hospital, it is surrounded by a wall. Visitors are not allowed to enter, they plant herbs in the backyard, refine the elixirs as they do now, and can usually treat some patients.

Fragrantberry likes this kind of life.

Of course, I have to eat the dishes made by Li Yun from time to time~, it's so delicious, it doesn't need to be too much, once a week, it's not even half a month, it's okay~~.

"Money is not a problem. Liuli and the others have made a lot of money on Penglai Island. They are much better than me." Shangguan Lingxian was a little shy, because that was not the money she made, although the sisters in the group had already put hundreds of The billions were distributed to her.

"Then you can't buy it?"

Fragrant Berry is still very clever, and quickly thinks through: "Zhonghai City is so expensive, and certainly not suitable for such a large venue, but also alchemy and planting herbs... are all things that the government does not allow?"

"Yes, it is difficult to buy." Shangguan Lingxian hesitated for a moment, "I can do without the plantation, I should be able to make alchemy?"

She looked at Li Yun hopefully.

"It's not necessarily." Li Yun pondered for a moment, and said.

"Ah? Can't alchemy work? Don't Zhonghai City have many laboratories?"

"No, I mean, you can buy herbal gardens and hospitals very close!"

Li Yun expressed his thoughts: "Near my home, there is Huangting Mountain where the rich live. There is a barren mountain behind it. It has not been developed yet. There is nothing but the woods. Farther away is a factory area. It's not a residential area anymore. If you can, buy that mountain and build a road leading to it. There are hospitals and herbal gardens. There is a mountain for you to plant."

"what!"

Shangguan Lingxian and Xiang Berry's eyes lit up, full of surprises, and hopeful after disappointment, and they were close to the place where Li Yun lived. They liked them even more.

"Yes, can you buy it? It seems that you can't buy it. It's difficult to get a title deed."

The title deed is quite old. Li Yun was amused by Shangguan Lingxian's rhetoric, and then squeezed her face: "Of course you can't buy it. It's all rented now. It's rented for 50 years."

Chapter 4298: relation

"Fifty years is enough!"

Shangguan Lingxian spoke very quickly, obviously looking forward to the days when he could live with Li Yun in the future, heal illnesses and save people, plus the planting of herbal gardens and alchemy.

However, she said weakly: "Li Yun, do you want to use your influence to buy... to rent that mountain? If it's difficult to rely on relationships, then it won't work..."

"You are wrong about this."

"Huh? Can you rent a mountain without a relationship?"

Shangguan Lingxian was very surprised, and Xiang Berry also looked over.

Li Yun smiled slightly, "It's not what you think, I'm wrong by relying on relationships, but...for people like me, relying on relationships will make the 'government' at ease."

"what?"

"Do you still don't understand? It's because I and you around me are too strong. If there are no desires or requirements, the officials will think that I am planning something, and even if they don't think so, they will feel that they are not. I'm sorry, so if I make some small requests or privileges, they will rest assured."

Shangguan Lingxian tried hard to think about it, but couldn't understand why, isn't it wrong to walk the relationship? Why is it right in Li Yun's mouth?

Xiang Berry thoughtfully: "It's because... you are too strong?" She was surprised, was this man so strong before.

"Correct!"

Li Yun nodded and admitted it.

Shangguan Lingxian said, "Do you also understand the truth in Fragrant Berry?"

"Hehe, Sister Lingxian, don't think about it. These are all human beings. I don't think it's useful. Sister Lingxian still concentrates on alchemy and cures the disease. Just leave these to... your husband.

Xiang Berry admired Lingxian sister even more, she was so well protected by Li Yun.

"Okay." Shangguan Lingxian finally gave up, but he still urged that if the officials are embarrassed, don't force it.

"Reluctantly, I will know immediately."

Li Yun took out his mobile phone, and without a word, he called Liao Hua.

"Li Yun? Anything? I'll do it for you right away!"

Today, Liao Hua is already a high-ranking person. He is the main person in charge in the Beijing-level department dealing with the Reiki incident. He is at a very high level and reports directly to the important leaders of the capital. The future is even more limitless.

But the more this happened, the more Liao Hua respected Li Yun and did not dare to neglect the slightest.

Because he is one of the few people who know Li Yun's true strength!

The goddess of Amaterasu in the Kingdom of Sakura, the Pyramid of Pharaoh, Antarctica, Penglai Island, Bodh Gaya, etc., many things related to the gods, have the shadow of Li Yun.

Liao Hua knew that this young man from Longyang County had gone beyond the scope of ordinary people and became a half-human and half-god existence, and ordinary things had long been unattractive to him.

Moreover, every time Li Yun tells him something, it is a matter of great impact and is related to drastic changes in the world, and Liao Hua dare not neglect it in the slightest.

"Don't be nervous, these are nothing, I just want to trouble you one thing."

"Please speak! I'll do it right away!"

The other party said trivial matters, but Liao Hua still handled it with a serious attitude. This was an instruction from the leader.

Li Yun smiled slightly, "It is my fiancée Shangguan Lingxian. She recently used ordinary fire to refine some medicines-ordinary fire is ordinary fire, a flame that does not contain aura."

Now that aura has exploded, the concept of aura fire has actually been accepted by many people.

Chapter 4299: Get it done

Liao Hua understood as soon as she heard it, she was ecstatic in her heart, but she still wanted to confirm: "You mean, Shangguan Ming's sister, Shangguan Lingxian, used ordinary fire to refine a medicinal pill?! That kind of cultivator's talent? Refined medicine?"

"Correct."

"This, this, this is a big deal!!"

Liao Hua's tone was full of shock, and the expression on his face was full of astonishment. The more he thought about it, the more he felt that this matter was more important than what gods, goddesses, and relics appeared abroad!

The reason is simple. Those cultivators of the Six Dao Sects and the Hidden Sacred Valley can only use the Spirit Fire to refine the pill, but Shangguan Ming's sister, Shangguan Lingxian, can use the ordinary fire to refine the pill!

The pill that can be taken, instead of directly eating those spirit grass and monster blood.

To put it more simply, using Shangguan Lingxian's alchemy method, the planted spirit grass can be used more efficiently!

At the national level, even if the elixir of Shangguan Lingxian is only one level higher in efficiency, it is also quite an amazing effect, accumulating over time, enough to set Huang Xuanguo away from other countries!

"This is not a big deal... I mean, this is not the focus of my seeking you this time."

Isn't this a big deal?

Li Yun's indifferent tone made Liao Hua's face muscles twitch. I wonder if he is too Versailles, or he didn't realize the effect of this kind of common fire pill?

"Then you are...?"

"I'm looking for you, I want to rent a mountain through your relationship."

Li Yun smiled slightly, "It's behind Huangting Mountain in Zhonghai City. Isn't there a low mountain tens of meters high in the place where I live? It's all wasteland. I plan to rent it for 50

years for my girlfriend. , Oh, it is used by Shangguan Lingxian who refining the common fire. She wants to open a private hospital there, plus build a herbal garden in the back mountain, plant elixir, and study more prescriptions, all using common fire. I've come to refine it, but I should be involved in spirit fire refinement in the future."

Liao Hua's mind turned quickly, and Li Yun said a long list that did not prevent him from understanding: "So that mountain, you want to rent it for Miss Shangguan Lingxian to open a hospital and add alchemy?!"

"correct."

"No problem, of course no problem. You can do whatever you want with that mountain, as long as it doesn't affect the surrounding environment and the emissions don't make people angry. I'll talk about it later. I'll let you go through the formalities right away, free of charge. The rent is free!"

Liao Hua's chest shook the sky. It seemed that Li Yun would not accept the free charge. He hurriedly said: "The country is very interested in the Danfang. If possible, they can invest and promote together and strictly observe confidentiality. If it is promoted to For the whole country and the world, it shouldn't be a problem to make hundreds of billions of money...what do you think?"

"I'm not interested in money right now."

Li Yun smiled and said: "There will be some black smoke in alchemy, but it is similar to two or three households making fire and cooking. The pollution will definitely not be serious. Don't worry."

"Then there is absolutely no problem! This pill..."

"Let's talk about it later, I haven't asked Lingxian yet, well, I will eat now, and I will tell you when I have time, hang up first, don't disturb you."

Liao Hua wanted to cry without tears, and wished Li Yun to interrupt every moment.

However, Fanhuo's Danish relationship is too great, he must report it immediately, and strive to obtain the right to use or cooperate with this Danish.

"Finish."

Li Yun hung up the phone and smiled at Shangguan Lingxian.

Chapter 4300: The future

"real?!"

Shangguan Lingxian and Xiang Berry probably knew from the phone that things were going well, but they were still very surprised when they heard Li Yun say it.

Because, Li Yun has described to them before, there is a short mountain behind Huangting Mountain, where they can open a hospital, plant spiritual grass, make alchemy, repeat the comfortable life in Tiandanmen, and be so close to Li Yun, You can go to him at any time.

Whether it's getting intimacy with him, going to a meal, or chatting with the sisters, it's very convenient.

It can be said that Shangguan Lingxian's heart has flown to Zhonghai City, and the imagination of the future has been replaced by that scene.

Now that her dream can come true soon, how can she be unhappy?

"Of course, but you need to pay something. Of course, you don't have to pay, but it will be a little more troublesome."

"what?"

"It's that Danfang, it's like this, the government needs..."

After listening to Li Yun's words, Shangguan Lingxian hesitated.

"Unwilling? It's okay if you don't, I'll talk to him again."

"Nah."

Shangguan Lingxian hurriedly waved his hand, "I originally meant to make the alchemy public so that many people can use the alchemy, not to sell money... Uh, this is just my wishful thinking, and I don't know if it's right. , Maybe it's better to sell money...?"

She is very guilty, because she feels that she is very poor in the world.

Li Yun said: "There is no need to worry about this at all. The state will help you promote it as soon as possible. After the patent is registered, it can be refined in the factory according to the formula... The promotion is very fast, and each pill is only charged very little. This is actually good for promotion. If the pill formula is announced, it may allow those people to refine it themselves and cause accidents."

"Of course, more importantly." Li Yun added: "This Dan Fang can make our country stronger than other countries. It will be better to keep it secret for a period of time. What do you think?"

Shangguan Lingxian was convinced and nodded.

And Xiang Berry also felt that it should be kept secret, and plausibly said: "Those foreigners killed so many people in our country before, which is very damning. Sister Lingxian, your medicine should not be given to them directly!"

Shangguan Lingxian nodded, and was thoroughly persuaded, agreeing with Li Yun's statement, and even a little bit lucky that he shouldn't be so reckless to announce.

Although she has a character of great love and boundlessness, she is not so generous to foreigners.

"Ah, I almost forgot!"

Shangguan Lingxian suddenly screamed again, and both Li Yun and Xiang Berry looked at her, only to see her take out her mobile phone.

"I forgot to tell Linglong sisters about the success."

Shangguan Lingxian stuck his tongue out, got up and took some photos, sent them to the group, and reported the news of success. Before, she ate dinner after refining alchemy, but only now did she remember it.

Linglong Dingdong: "Really successful? Unbelievable!"

"Uh, isn't this sister Linglong you told me?"

"I don't know if I can really succeed... [Haha] Then I have a share of the credit?"

"of course."

"Shameless, just put gold on your face!"

"Okay~~ Lingxian is the most powerful."

"Wan Nishang, come over here!"

The group was full of joy, and Shangguan Lingxian couldn't help being joyful, and it was much better to share his happiness with them than to be happy alone.

While chatting with Li Yun, she chatted with the sisters in the group, telling them about her alchemy and what happened with Li Yun just now, and she also told them the existence of Xiang Berry.
