

Godly Choice 431

Chapter 431: Ding, consume 1 million experience points

Gong Lianyi asked, "Where is the place where Mo Liang and the lord met?"

"On the outskirts of Zhonghai City, a place near the highway intersection is called Xunyang Road!"

Gong Lianyi looked at Li Yun, as if asking if we should take a look.

Li Yun pondered for a moment, and then asked, "Is Mo Liang set off now?"

"No, they agreed to meet at 8 o'clock in the evening."

"8 o'clock in the evening? I see."

Li Yun nodded, a mocking smile appeared at the corner of his mouth, it seemed that this mysterious person surnamed Yu...

"Ding, trigger the option event, please choose from the host:

Option 1: Investigate the origin of the mysterious person behind Mo Liang, kill and capture them, reward experience value +800,000, all attributes +1500, golden gift bag*1, justice value +2000.

Option 2: Do nothing, no reward.

Option 3: Escape from Zhonghai City, reward the danger perception upgrade, the two girls of the palace family will be tortured and killed by the enemy. "

Um? !

Li Yun frowned deeply. Sure enough, the person Mo Liang wanted to meet was not simple, he should be a strong man no less than the old man Tianyin, otherwise he wouldn't be rewarded so much!

With a full attribute of up to 1500, Li Yun looked greedy.

"Qingyu, Lianyi!"

Li Yun looked at the two women and said solemnly, ""I plan to investigate the people behind Mo Liang, how about you? There is a great danger in this operation, so you should consider it carefully. "

"Of course we will go together!" Gong Qingyu said naturally, "Auntie Lian, right?"

"Um."

Gong Lianyi nodded lightly and said nothing, but Li Yun could feel her determination in her gentle eyes.

"Well, we will act together this time!"

Li Yun is not a mother-in-law. Since he decides to fight, he should be fully prepared.

The so-called preparation, of course, is to upgrade with experience points and open gift bags!

"System, add all my experience to attribute points!"

"Ding, consume 1 million experience points, get a total of 3251 points!"

Li Yun gave a wry smile. Originally, 10,000 experience points would be able to obtain nearly 100 attribute points, but now his cultivation is in the late days of the day after tomorrow, and 1 million experience has only gained such a point.

But it went well. After his Nine Suns' Heavenly Scriptures rose to a high level, his cultivation has reached the late stage of the acquired, and now he has added many attributes, Li Yun felt that he had reached the realm of acquired consummation!

Last time I opened the gift bag, there were still two medium-sized Jidan Jidans left. Li Yun ate them all and added another two thousand attribute points. This time it was properly acquired and completed, and only one step would be enough to enter the Innate Realm!

The biggest difference between the innate realm and the acquired realm is that in addition to becoming more pure and vigorous, there is another important feature, that is, the innate real qi is endless, as long as the consumption is not great, it can be used all the time.

In addition, the innate true energy can emit a sword energy several meters long, and its power is quite amazing!

"It's better for me to ascend to the Innate Realm this time, but how can I break through?"

Others want to break through the innate from the acquired, they need the right time and place, and after making sufficient preparations, they will make a breakthrough.

Theoretically speaking, the vital energy in the body of 12-year-old and 25-year-old is the most vigorous, and the easier it is to break through the innate. Over 40 years old, the human body gradually ages, the internal organs are aging, and the vitality dissipates. It is almost impossible to break through the innate!

But Li Yun is different. With the system plug-in, he can easily break through, which is easier than eating and drinking.

Chapter 432: Acquired limit

When Gong Lianyi and the two women were preparing for battle equipment, Li Yun took out a pill that he had obtained a long time ago in his inventory.

"Skill Dan: Raise any skill by one level."

Yes, Li Yun intends to upgrade the advanced Nine Suns Scriptures to Master Level and break through to the Innate Realm in one fell swoop!

Although it's a pity that it can't be used when the Nine Suns Scripture is a master, but now it can't manage that much. It's important to improve your strength.

"In other words, the true qi in the human body seems to have a complementary relationship with my attributes."

Li Yun played with skill pill, thinking about the connection between the two.

Zhen Qi is the manifestation of life Qi in the human body, so theoretically speaking, the better the body, the stronger the Zhen Qi.

The attribute point is to improve the human body from the root, enhance the physical fitness, and strengthen the human body's tendons, bones, blood, and flesh.

"Forget it, why are you struggling so much? Just eat it directly, it can improve your strength!"

Li Yun no longer hesitated, and used the skill pill, obtained a skill pill, and directly added it to the Nine Suns.

"Ding, the host uses skill points, and the level of the Nine Suns Scriptures has been improved, and the current level: master level!"

boom!

An energetic force poured in from Li Yun's heavenly spirit cover and turned into a masculine torrent, rushing back and forth through the meridians in his body, broadening and strengthening the originally small meridians, making the true energy stronger and running faster. Faster!

However, after this force flowed to the dantian, it slowly lurked in it and stopped moving.

Li Yun slowly opened his eyes. He still didn't break through to Xiantian, but it didn't seem to be bad. The amount of true energy in his body increased by at least three times, more than ten times more than the ordinary acquired true energy. Fighting against the early stage of Xiantian realm, he is also confident and capable of overpowering each other!

"Strange, is it possible to break through innate only after I have a higher level of attribute points?"

"Then what realm am I now? It is stronger than the acquired Consummation, the acquired limit?!"

Li Yun couldn't understand it, so let it go for the time being and do the next thing he likes most.

Open the treasure bag!

Looking at the golden treasure bag in his inventory, Li Yun couldn't help but smile.

"A golden gift bag, five purple gift bags, plus a lot of blue, green, and white, I don't believe I can't open anything good!"

"System, open me ten blue + ten white + ten green gift bags!"

Li Yun boldly opened ten at a time.

"Ding, get three boxes of fruit, a bottle of eye drops, a kettle, a flashlight, a military dagger, a bucket of gasoline..."

"Ding, get skin care and beauty pill*2, small base building pill*2, small detoxification pill, and small recovery pill*2."

"Ding, congratulations to the host, get a purple item from the blue gift bag: amulet of exorcism!"

"Ding, get 200 free attribute points."

"..."

Among the mess of prompts, Li Yun prepared to see the purple prompt.

"My Cao! It's equipment!"

Li Yun patted his thigh fiercely with excitement. The most precious thing that came out of the gift bag was not a skill pill or something else, the equipment was the strongest!

He has now obtained a few pieces of equipment, and the effects are all against the sky, all of which are related to preventing various evil attacks. This is exactly what Li Yun urgently needs!

"Amulet of Exorcism:

Effect: Exorcising evil spirits and avoiding demons, to a certain extent, protect the person wearing it from evil spirits, ghosts, gu worms, and curses.

Explanation: If you suffer an unstoppable attack, this amulet is immune to one fatal damage. "

Chapter 433: Ding, Baifu Peach Wood Sword

Li Yun was basically satisfied with the effect of the exorcism amulet. With this thing, it should be able to prevent ordinary ghosts, gu worms and so on.

What's even better is that there is another immune attack function, and the value has risen several steps.

Although it is not as good as the five thunders exorcising evil jade pendant of the golden gift, it has the function of resisting damage 5 times, but it is already a big surprise when it comes out of the blue gift bag.

The only entanglement is, is this amulet for Gong Qingyu or Gong Lianyi?

"Keep driving! Hope to get another piece of equipment!"

Li Yun put his eyes down for the time being and fixed his eyes on the five purple gift bags.

"Ding, get an intermediate Jidan."

pit!

"Ding, get an Intermediate Detoxification Pill."

It's still a pit, these are all purple items!

Li Yun gritted his teeth and chose to open all of them directly.

"Ding, get experience points +300,000, get master skills: calligraphy art, get an intermediate recovery pill."

The corner of Li Yun's mouth twitched. This Nima's hopeless anticipation, what is it all!

Although the pill is very good, it is not what he urgently needs, which means it is of little use.

"The last one, the golden gift bag, open it for me!"

In an instant, the golden gift bag flew in front of Li Yun from the inventory, turned into a glittering lottery machine, and slowly began to rotate.

One by one, awesome objects flashed in front of Li Yun.

"God-level skill pill, space ring, immortal mansion spirit card, crying stick, seven-star sword..."

Just seeing the names of these items, Li Yun couldn't wait to reach out and pull them out of the lottery machine. Every piece of Nima was a great prize, enough to make him greedy!

Gradually, the pointer stopped.

"Ding, congratulations to the host for obtaining the golden equipment from the golden gift bag: Baifu Peachwood Sword!"

Li Yun raised his eyebrows, which was not bad. It was a golden gift bag, and he finally got what he wanted.

This kind of feeling is like playing a game and opening a box. After opening a few hundred dollars, there is no gross, and finally a hundred more is charged, and finally the feeling is opened.

Although it was very comfortable to drive, it was also expected.

Li Yun drew this peach wood sword from the scabbard and looked at it. The sword is one meter long and has a copper-colored sword body with blood-red charms engraved on it. Looking at it, there is a faint red light flashing, which is extraordinary.

"Baifu Peach Wood Sword:

Special effects: Wearing this sword can kill evil spirits and ghosts, and have a long fortune. Place the mansion to avoid the intrusion of demons and ghosts.

Description: Peach wood, the essence of five woods, also known as immortal wood, descending dragon wood, has the functions of town house, fortune, and evil spirits. "

Li Yun was very satisfied. With this thing, Gong Lianyi, an innate late master, would not be helpless when facing zombie female ghosts.

"Li Yun."

A soft voice came, and Li Yun looked up. It was a coincidence that Gong Lianyi was back, saying Gong Lianyi.

She put on a tight-fitting suit suitable for combat, and wore a black cloak. The close-fitting clothing revealed Gong Lianyi's graceful and mature figure.

In addition, Gong Lianyi held a sword in her hand, and her heroic appearance dilutes her charming appearance a lot.

"what?"

Gong Lianyi gave a light huh and looked at the peach wood sword in Li Yun's hand in surprise. If I remember correctly, Li Yun didn't have this thing in his luggage. Where did he get it?

"Haha, Lianyi is so cute!"

Seeing her tilting her head and looking at her with questioning eyes, Li Yun couldn't help reaching out and scratching her little nose.

Well, it's as warm as jade, and it feels great to the touch!

Chapter 434: How to thank me

Gong Lianyi's dignified face blushed, but he did not blame Li Yun, let alone avoid it, letting Li Yun act on her.

Attracted by her fox look, and Gong Lianyi's blushing face is really beautiful, Li Yun couldn't help stepping forward, reaching out across her cloak, and wrapping Yingying's slender waist.

"Li, Li Yun..."

Gong Lianyi's voice trembled, and the two eyes met, and Li Yun chuckled, "Lianyi, can you?"

"I....."

Gong Lianyi seemed hesitant, not knowing how to answer his question.

Fortunately, the development of the matter did not make her too entangled, Gong Qingyu walked in.

"Waiting for your answer later, don't worry."

Li Yun smiled and let go of Gong Lianyi, looking at his prospective wife, a flash of surprise flashed in his eyes.

Gong Qingyu put on the tights for battle like Gong Lianyi. Although the young girl's posture is not as mature as Gong Lianyi, she exudes a youthful scent, which makes people want to explore her mystery at this moment.

"What did you do just now?!" Gong Qingyu glared at Li Yun with the look of a wife caught cheating her husband.

"I was opening the gift bag just now."

"?"

"Come on, I will give you each one something!"

Li Yun changed the subject with a smile, and handed the peach wood sword to Gong Lianyi and the amulet to Gong Qingyu.

This is perfect for two beauties, one big and one small, one person and one outfit!

"what is this?"

Gong Qingyu looked at the amulet over and over again. Although it looked very ordinary, she seemed to vaguely feel the difference. There were many runes painted on the amulet, which looked strange.

"Things that can protect you."

Li Yun explained the function of these two things, and immediately both women smiled in surprise.

"In that case, I can be immune to Gu worms with amulet?!" Gong Qingyu was very happy, because since Aunt Lian was caught by Gu worms, she had been worried that she would also be attacked by the two yin and yang corpses. The thief is disgusting, she doesn't want to touch it!

"Yes!" Li Yun shrugged, "but only immune to those who are weaker, stronger ones cannot be immune, but it should be enough."

"Uh-huh!"

Gong Qingyu happily hugged Li Yun's arm, and couldn't help but tiptoe and kiss him on the cheek as a reward.

"My mahogany sword..."

Gong Lianyi carefully drew out the peach wood sword, carefully observing the lines on the wooden sword, she was shocked in her heart.

She vaguely felt the extraordinary of this wooden sword, as if there was a kind of energy flowing on it, but she didn't know what kind of power it was!

"Li Yun, with it, I can kill the ghosts?" Gong Lianyi is still in disbelief. She has heard that ordinary ghosts are very difficult to kill with ordinary methods, and only the zhenqi with the strong sun attribute can deal with them. kick in.

"good."

Li Yun smiled and said: "Wait for the enemy we are facing is extraordinary, so naturally we must have professional weapons to deal with it!"

Gong Lianyi nodded fiercely, happy like a girl, and said softly, "Thank you, Li Yun!"

"Then, how can you thank me?"

Li Yun made a joke, but Gong Lianyi took it seriously.

"Ah, this..."

Gong Lianyi's eyes were erratic and her face flushed with shame, but in the end she closed her eyes and leaned in front of Li Yun, and kissed the corner of his lips in a panic. She wanted to kiss her cheek, but closed her eyes. Not allowed there.

The soft and fragrant Hu Meiyu sister's depressed petals made Li Yun especially enjoy, if you ignore the jealous gaze of Gong Qingyu next to her.

"Ahem, let's set off, lest Mo Liang should run away!"

Chapter 435: Farmhouse Hotel

Li Yun drove an unremarkable car to the outskirts, and the two beauties in the back seat sat side by side, whispering to each other.

Li Yun's ears heard some of their discussions.

"Sorry, Qingyu, it's me..."

"It's okay, there are several bastards..."

"Furthermore, so that we can always be together, without being separated because of marriage, don't you feel bad about Aunt Lian?"

"Uh, it's good, but..."

"It's nothing, that ***** is very powerful, he can deal with people in the family, you see that he knows all kinds of mysterious things, the origin is definitely not trivial."

"Okay, but I still..."

"It's okay, don't tell her first, he will be proud of the province!"

Li Yun vaguely listened to it. It seemed that Gong Qingyu was reaching an agreement with her Aunt Lian?

It's not a bad thing anyway!

A faint smile appeared at the corner of Li Yun's mouth, and he quickly converged. The highway intersection was right in front of him.

Turning a corner, Li Yun drove the car into a fork road, which is the so-called Xunyang Road, where Mo Liang and the mysterious man meet.

But they didn't say where they met on the phone.

Therefore, Li Yun drove the car to a roadside restaurant.

It was still early, and Mo Liang hadn't left yet, and Li Yun came here first to guard.

"Xun Yang Farmhouse Hotel."

After getting off the car, Gong Qingyu glanced at the sign, and after wearing a disguise mask, a smile appeared on her not pretty face.

She actually liked coming to these places with Li Yun. She had never had a chance to come before, and Aunt Lian refused to let her come to such a messy place.

Sure enough, Gong Lianyi showed a worried expression after seeing this restaurant.

"I don't know how hygienic the restaurant is, whether the food is clean..."

"Go in, don't worry, I will let the boss disinfect a few more times later!"

Listening to her talk, Li Yun was a little bit dumbfounded. He didn't expect Gong Lianyi to be a mother-in-law. Is it because she cares too much about Qingyu's health?

Gong Lianyi closed her mouth obediently, seeing Gong Qingyu wanting to laugh, and Aunt Lian was also a nemesis.

Well, Nemesis is her future husband!

The three, plus four bodyguards who followed them, entered the hotel. The bodyguards were temporarily held by the deacon of the palace family. Each of them had mid-innate strength. Therefore, there were six innate masters in this operation, plus Li Yun. People who are no less than innate are involved in the action.

The owner of the restaurant was very talkative, and Li Yun asked him to disinfect the tableware a few more times, and he really disinfecting more.

Seven people ordered a large table of dishes, and they didn't even look at the price of the dishes. The ostentatious profligacy made the boss happy, and the waiter must be sterilized seventeen or eight times, so that this group of rich second-generation young ladies can rest assured to eat!

As soon as the boss left with a menu, Li Yun received the prompt from the system again.

"Ding, trigger the option event, please choose from the host:

Option 1: While waiting for the dishes to come, tease your girlfriend, brag, and reward skill: Drinking table warrior.

Option 2: Sitting still as if silly, reward skills: Frozen green (IQ-250), reward.

Option 3: Go to investigate the abnormal situation nearby, reward experience value +200,000, wisdom and agility +500, green gift bag*3. "

Li Yun almost didn't spit out his tea. Is there no option for the cheating system? Actually gave such a funny option! You have an IQ of 250!

However, the system reminded him that the mysterious person about Moliang met at Xunyang Road instead of arbitrarily designating a place.

This Xunyang Road is weird!

Chapter 436: Thrilling place

"I'm going to buy some drinks, you sit down."

Li Yun just found an excuse to stand up, Gong Qingyu said in surprise, "Didn't we order coconut milk?"

"...I want to drink tea."

"I ordered tea." Gong Lian said weakly. She likes to drink tea, but she is not used to drinking other beverages.

"Uh... anyway, you guys sit down!"

Li Yun was helpless and had no choice but to prevaricate.

He now seems to understand the pain of a married man-going out to play at night, he has to deal with his wife's cross-examination.

Walking towards the boss who was killing the fish, Li Yun pretended to be looking at the condition of the fish, and asked: "Boss, is there any fun in your neighborhood?"

"interesting place?"

The boss, Monk Zhang Er, was puzzled, and his fish-killing action was a bit slow, but he didn't dare to offend the local tyrant, and quickly scribbled a few locations, such as Longshan Fengchi Lingquan, and even highway intersections were portrayed by him as international flights. The focus of convergence is incredible.

In fact, there is a funny ghost on the outskirts of Zhonghai City. The guests who come here are all long-distance drivers, or people who drive out at night for a ride, and by the way, eat supper at a restaurant.

Li Yun didn't mean to do this, shook his head and said, "What you said is very ordinary. What I want to ask is, is there a place that is thrilling, exciting, and exciting enough?"

"Oh! A thrilling place!"

The boss showed a suddenly realized expression. Nowadays young people are playing wildly, such as parkour, extreme sports, surfing, cave exploration and so on.

The boss lowered his head and thought, "There really is such a place around here."

His voice turned low, as if he was talking about some unbelievable secret.

Gong Qingyu and Gong Lianyi came together behind Li Yun and watched what he wanted to do.

"Oh?" Li Yun became interested, "What kind of place is it?"

"Mental hospital!"

"Mental hospital!?"

Gong Qingyu exclaimed, and many waiters turned their heads to look at this place one after another. Some people's expressions became unnatural, as if they knew this place.

"Yes, it's the mental hospital!" The boss nodded and began to tell the history of the mental hospital.

"This psychiatric hospital is called Jushan Psychiatric Hospital, and it was established more than 40 years ago."

"In the beginning, it only accepted some ordinary mentally ill patients, and then slowly transformed into a hospital with severe mental illnesses!"

"Detention?" Li Yun was a little surprised.

"Yes, it's detention!"

The boss eloquently said: "Those mental patients are all resting when they become ill, and they have the tendency to kill and self-mutilate in their eyes. Isn't that imprisonment?"

"so serious?"

"Yup!"

The boss said mysteriously: "I heard that some mental patients are schizophrenic and have some evil personalities. They laugh like they are in a horror movie, which is very weird. Think about it, most of your friends The time is good, but once you get sick, you will laugh at your back, and even pick up a knife and chop you crazily. Isn't it scary?"

Gong Qingyu shuddered.

Some waiters in the distance couldn't stand it anymore, and hurriedly shouted: "Boss, the old site of that mental hospital is near our hotel. Don't scare us!"

"Hehe." The boss closed his mouth with interest.

Li Yun asked, "The old site of the mental hospital? Did it mean it moved?"

"no!"

The boss shook his head, "Twenty years ago, a fire burned the mental hospital, as well as several surrounding factories. It is far from the city. The fire fighting team can't make it through. Burnt out!"

Chapter 437: Weird mental hospital

Li Yun frowned and asked, "Not only was it burned, but many people died, right?"

The boss's face was stagnant, and his expression began to become unnatural. After Li Yun's questioning, he said something that shocked everyone.

"How many people died? Hey, not many people escaped at all!"

"what?!"

Everyone was taken aback.

There are hundreds of people in a mental hospital, plus doctors and nurses, all of them died in a fire? !

Gong Qingyu asked in astonishment: "Why didn't you see the news after so many people died?"

"Because no one cares!" The boss shrugged. "Mental patients...it's ugly. If their family cares, they won't be sent to a mental hospital."

Li Yun pondered, was this fire a coincidence? Or is there any inside story?

Gong Lianyi murmured: "I have read in the book that mental patients who are seriously ill will have certain isolation measures. If there is a sudden fire, it is indeed difficult to escape."

Especially more than 20 years ago, when various safety measures were not in place, and there were probably no fire extinguishers, it was almost impossible to put out a fire in time.

"Yes." The boss nodded, "I heard that a patient suddenly fell ill, and then lit the kerosene lamp, and the whole building burned quickly!"

"Yes, yes, I saw it with my own eyes!" An elderly waiter, covering his mouth with his hand, whispered: "After the fire started, many people went to watch. I saw with my own eyes many patients on the floor under the night. Running around, but there is no way...it's too miserable!"

She ended with a terrible sentence, Gong Qingyu seemed to see the human body being burned by the fire, and was afraid in her heart, and her body couldn't help getting closer to Li Yun.

"Nonsense!" Another waiter interrupted, "I heard that the dean was embezzling, but I couldn't hide it, so I burned the mental hospital. I heard that the only thing I couldn't find was his corpse!"

"You're just talking nonsense, the fire is so fierce, maybe the dean's body is burnt to ashes!"

"I've heard another saying that an evil spirit called for his life. It was said by a mental patient who escaped. He always heard screams at night."

"Ghost? Nonsense. You said you are a mental patient. How can you believe his words?"

Everyone talked about it. The mental hospital was originally a taboo, and it was rarely discussed. Now Li Yun has opened up their conversation.

Li Yun smiled and said, "Boss, what you said about the thrilling thing is to go to the mental hospital to explore at night?"

Gong Qingyu suddenly became nervous, are you kidding? Go exploring at night where hundreds of people have died tragically?

"No, no, no!"

The boss hurriedly waved his hand and said embarrassedly: "I wanted you to go on an expedition before, but now I still advise you not to go, that place is really evil!"

"Oh? What an evil way?"

"I know this!"

The former aunt waiter interrupted and said: "In the first two years, there were also a few college students who came to explore on weekends and talked about live broadcasting in the evening. But the next day I saw the news and said that there were five college students, and only one came out. I'm still mentally out of order!"

"hiss!"

Some people who hadn't heard the news took a sigh of relief.

The boss was even more embarrassed. He even said that he didn't mean that, and urged Li Yun not to go exploring, for fear that his second generation would have an accident and his family would come to him for trouble.

at this time.

"Boss, is my takeaway ready?!"

Chapter 438: Weird takeaway

Li Yun turned his head and looked over, and found that the person here was not just a deliveryman's costume with a yellow robe, but a normal dress, even a little sullen.

He is about 30 years old, with tattoos on his arms and chest, and a scar on his face. He has a fierce temperament.

Such people also deliver food?

"Strange." Gong Qingyu said, "Is anyone in the outskirts of Zhonghai City ordering takeout?"

Um?

Li Yun woke up in an instant. This place is not an urban area. There are many residential buildings around, but they don't order takeaways.

The tattooed takeaway glared at Gong Qingyu and shouted, "Where is there so much shit? I can give it to the workers in the nearby vegetable shed, can't it?"

Gong Qingyu raised an eyebrow, but in the end he didn't get angry.

She doesn't bother to be familiar with such people.

Li Yun glanced at Gong Qingyu. She was now in a state of disguise, and her original stunning face was covered up. Otherwise, the food delivery person would definitely not dare to drink her.

"I know a lot of greenhouse vegetables in the suburbs of Zhonghai City, but the average migrant workers cook by themselves?" Li Yun said with a smile.

"Grass!"

The tattoo takeaway yelled again, pointing to Li Yun's nose and yelling at him. The boss hurriedly stood up and said, "Brother Zhou, your takeaway is ready. I will treat you tonight. No money, no money!"

The tattoo takeaway Zhou Guangfu turned his anger into joy and whistled: "You know the boss, you have a lot of nonsense from the guests here. I will spare them once for the sake of your face, not as an example!"

After all, Zhou Guangfu left with the takeaway bag.

Li Yun visually inspected it, and it was estimated that it was a takeaway for three people.

"Boss, has this person been ordering takeout here? Who is it for?"

In fact, Zhou Guangfu just now can be said to be his own takeaway, which means taking it home and eating it by himself, rather than giving it to others.

But Gong Qingyu said, "Who orders the takeaway?" Zhou Guangfu immediately said that it was for someone else. It can be seen that he always gave it to others instead of eating it himself.

"I wonder who he gave it to."

The boss spread his hands, "He has ordered takeaways from me for three years. From the first day I opened, he would definitely come to take takeaways every noon and night. At first I thought it was because there were casinos and factories nearby, but he ordered There were too few takeaways, so I ordered for two people."

"Two people?" Li Yun asked immediately, "It was just a takeaway for three people, right?"

"It's for three people. I only started ordering three people last week."

Li Yun nodded slowly, and calmly said to the two women: "I'm going out to get some air."

Gong Lianyi saw his intentions and wanted to keep up, but was afraid that Qingyu would stay here alone, so she had to say: "You have to be careful!"

"Don't worry, I'll walk around, I'm tired from driving!"

Li Yun smiled and walked outside the door.

Gong Qingyu had a weird face, took Aunt Lian's arm, and smiled secretly in her ear: "Aunt Lian, you are about the same as the husband whom a young wife asked to go out just now."

"Wife, husband..."

Gong Lianyi was so ashamed that she reached out and squeezed Gong Qingyu's smooth jade face, "Xiao Yuyu, you are naughty again, let's see how Aunt Lian cleans up you!"

"Wow, forgive me Aunt Lian, hehe~!"

The laughter and noise of the two women dissipated the weird atmosphere in the shop. The boss glanced at the sisters enviously, and thought to himself that the rich second generation would really play.

Although the flowers of this pair of sisters do not look very good, they are exquisite and elegant, with elegant and charming temperament, and their skin is white and smooth, making them look no worse than an 8-point woman!

Chapter 439: Deliver food to an unmanned mental hospital

When Li Yun went out of the hotel, his car was parked outside. After pretending to sit in the car for a while, Li Yun quietly escaped into the darkness.

It was 7 o'clock in the evening, and the sky hadn't completely dimmed, but the suburbs were vague, and the shadows of people could not be seen clearly, but it was even more terrifying.

It didn't take long before Li Yun caught up with the figure in front of him carrying the takeaway.

"Lao Ge's, when I'm done, you guys have a play!"

"Grass, bring enough money tonight, I have money to gamble with you!"

Zhou Guangfu held a mobile phone to chat with others by voice. Listening to his tone, Li Yun seemed to be going to play cards with someone at night.

It's just...who does he deliver the food to?

Li Yun looked around. The sky near the night was very dim, and there were no people within a few kilometers. Li Yun could not see the village except for a circle of residential buildings near the road.

No green house for growing vegetables was even found, and the surrounding area was completely uninhabited.

Zhou Guangfu didn't ride an electric bike, but walked along the trail, chatting with people constantly on the road.

Li Yun immediately noticed one thing. Zhou Guangfu didn't use his mobile phone to illuminate him. Obviously he was very familiar with this section of the road. It is estimated that he would be able to find his destination with moonlight!

"Zhou Guangfu, who are you delivering food to?"

Li Yun's conjecture became stronger and stronger, and soon, the dilapidated buildings that appeared before confirmed his ideas.

Zhou Guangfu is delivering food to the mental hospital!

Moreover, this psychiatric hospital was destroyed in a fire twenty years ago, and hundreds of people died tragically in it. It is a very strange psychiatric hospital!

Zhou Guangfu, are you delivering food to ghosts?

"Fairy Bow-Silvin."

Li Yun took out his pistol from the inventory. The silver-white metal texture calmed his a little nervous heart.

Because the mental hospital in front of me is really scary!

The mental hospital is very large. The main body consists of four buildings, all of which are five stories high. In addition, there are also dining halls, playgrounds and other facilities, but they have long been deserted, with overgrown weeds and abnormal decline.

These buildings stood in the dark, without a trace of light showing through, as if they were sleeping ghosts, they looked very scary.

Li Yun glanced at this place. These buildings have one characteristic, that is, they are all dark and the traces of the fire are clearly visible.

"Grass!"

Zhou Guangfu in front of him cursed in a low voice, his body shivered, and he seemed to be afraid of coming here.

"It's paralyzed, I have delivered takeaway for ten years, this horrible place...or is... cheating, I must win money, this torture errand is quit!"

Li Yun heard Zhou Guangfu murmur an unclear sentence, and then he kicked open the door of the mental hospital, making an ear-piercing clang.

"Three fools, come get the takeaway!" Zhou Guangfu shouted inside.

This voice became more and more weird in the empty night.

Moreover, Zhou Guangfu was still shouting at a long deserted and empty mental hospital towards the night!

What's more **** weird is that he still has a takeaway in his hand!

"I'm Cao!"

Li Yun couldn't help swearing in his heart. This Nima was an ordinary person. She had long been scared by Zhou Guangfu's neurotic performance and her legs were numb, and she crawled and fled here. Who the **** saw this supernatural? Things are not scared?

Zhou Guangfu is more than 30 years old. Could it be that he also experienced what happened 20 years ago and left a psychological shadow on it, leading to the delivery of food every night?

Still, some of his relatives were burned to death in it, so Zhou Guangfu...

Chapter 440: Chop the bones with a kitchen knife

Soon, a dark shadow emerged from the mental hospital, overturning all Li Yun's previous thoughts.

"Grass, you idiot always wants me to call before he will come out!"

Zhou Guangfu scolded again. With the light of his mobile phone, Li Yun could clearly see the people who came to pick up the food.

A muddy eyes, very dull, black and yellow skin, like a dirty man who has not had a bath for 20 years!

Li Yun couldn't tell how old he was, because the man was covered with black mud all over his body. There were cracked lines on his face. He didn't know whether it was mud or wrinkles. In short, he was very dirty.

"vomit!"

Zhou Guangfu retched, smelling the soaring smell on the man's body, his internal organs almost came out, and he couldn't help cursing:

"Three idiots, can't you **** take a bath? No matter how bad, coming out when it rains and rolling in the mud a few times is better than you are now!"

Li Yun gave a chuckle, these three fools are so delicious, they are really amazingly dirty.

The three idiots were not angry even after being scolded, a smirk appeared on their faces, looking at Zhou Guangfu dementia, saliva came out.

"Grass!"

Zhou Guangfu resisted the nausea and approached him, handed the takeaway bag to him, and said: "You **** take it away, I can't stand your scream!"

"Hey, okay, okay, hehe." The three fools took the takeaway happily, without looking back, jumping into the mental hospital like a child.

Moreover, it is a psychiatric hospital that has been abandoned for twenty years and the outside world has always thought that there is no one inhabited!

Li Yun took a deep breath. The selection event of the system was indeed correct. Zhou Guangfu, the three fools, the mental hospital, the mysterious man, and perhaps the fire that happened 20 years ago, there must be some connection between these people and things!

Hidden in the dark, seeing Zhou Guangfu's angry expression, Li Yun moved in his heart and thought of an idea.

"Nima's, this fool is quite suitable to live in a mental hospital!"

Zhou Guangfu finished the task tonight, feeling relaxed, couldn't help but laughed at the three fools again, and turned around to go out.

But at the moment he turned his head, he seemed to see a white figure, flashed by with a scream, and Zhou Guangfu was so scared that his whole body froze!

"What, what?"

Zhou Guangfu's cold sweat dripped from his forehead, his face pale, and it took a while before he could react. He tremblingly touched his pocket with his right hand, and held a string of Buddhist beads tightly in his hand.

"Don't, don't be afraid, I am young and energetic, and I have the consecrated Buddha beads from Tianlin Temple at a high price. Will I be afraid of you demons and ghosts?!"

"Do!"

A voice came from not far away, the cold sweat on Zhou Guangfu's forehead, this voice is...?

"Do!"

There was another dull sound, Zhou Guangfu understood now, it was the sound of a kitchen knife cutting the bone!

"Do!"

The sound of chopping bones with a kitchen knife for the third time sounded, and Zhou Guangfu trembled with fright.

This kitchen knife, cut human bones, right?

In the dark night, in the mental hospital, someone cut a person's bones with a kitchen knife? !

Zhou Guangfu's expression changed uncertainly, and finally he became fierce. He stretched out his hand and took out a folding knife. He opened it with a sound, his face was savage, and he strode with the knife under his feet to the place where the sound was made, and he shouted:

"I have been sending late-night takeaways for more than ten years, so I am afraid of you evil things?! I am full of vitality, and I have the ability to show me out!"

There was no one there.
