

## Godly Choice 4331

Chapter 4331: Hilltop Herb Garden

Li Yun and them walked along the road that was simply paved with fine stones to this low mountain that was no more than 70 or 80 meters high and less than 100 meters high.

Less than a hundred meters, in fact, is equivalent to a 20-story building. In an international metropolis like Zhonghai City, this low mountain is really short enough.

But in Zhonghai City, where there is an inch of land and an inch of gold, there is a whole mountain. It is almost impossible to describe the local tyrants. Even if it is located outside the relatively remote third ring road, the house price is still 20,000 square meters. This mountain is worth tens of billions.

However, the Yun Ling Pill developed by Shangguan Lingxian, not to mention tens of billions, hundreds of billions, even if it is worth one trillion.

She has the right to use the mountain, which makes sense!

"Awesome~"

When talking about going up the sky, everyone talked about the Yun Ling Pill. Wan Qingya gave Shangguan Lingxian a thumbs up. She can refine the pill with ordinary fire. Shangguan Lingxian's pioneering deeds are no less than pioneering one. The powerful technique of the door has been known for generations to come.

"Yes, it's not that great, it's all based on the guidance of sister Linglong." Everyone looked over, and Shangguan Lingxian blushed a little humble.

"Haha, it depends on your efforts from Lingxian. I'm just icing on the cake."

Fan Linglong can also say, but the smile on his face is very eye-catching.

Wan Nishang pouted her lips and didn't expose her old friend.

A group of people skipped the simple medical hall halfway up the mountain. There will be some renovations in the back to receive patients. Li Yun went directly to the top of the mountain with them.

At the top of the mountain, thorns surrounded a wall to prevent outsiders from entering, and the two soul-light realm masters, Wan Nishang and Fan Linglong, also laid out formations to ensure the safety and privacy of the mountain top and prevent outsiders from seeing it.

At the top of the mountain, ornamental trees are planted all around, and dozens of peach trees are planted behind the wooden house. Wan Nishang also catalyzes these peach trees with their force, so that they are just in the flowering season, and the pink peach petals are connected together. , The picture is beautiful.

"Oh, I really like it here~~~"

Su Muxin was very excited, and she ran under these peach trees with Caixia. Coupled with the fun-loving Wan Qingya, the cheerful voices of the three beautiful girls made people feel comfortable.

The wooden house on the top of the mountain is very big, and there is no furniture inside. Air conditioners, washing machines, TV sets, sofas, etc. are not bought, just almost an empty shell.

However, if you must live here, it is not impossible. Pulling a water pipe and then pulling the wire is almost enough for Shangguan Lingxian. Her requirements are really low.

But here, it seems that the posture is to become a place for women to relax and play, and it will definitely be built beautifully in the future.

"Lingxian, come here, this is your herbal garden."

Wan Nishang greeted Shangguan Lingxian, Fragrantberry ran along, and saw that the area had been cultivated once, covering more than ten acres, and a half-meter-high fence surrounded the herbal garden. Fragrantberry He cried out in surprise directly.

"so big!"

The herbal garden of more than ten acres occupies a large area on the top of the mountain, and the view is wide. The herbal garden is also surrounded by trees planted around it.

In the herbal garden, some pavilions for rest have been built, or spaces have been reserved, and if water pipes are brought in later, it can be completely automated and watered without so much trouble.

"Woo, thank you sister Nishang." Shangguan Lingxian was also very excited. Although it is still very crude, she has already seen how beautiful it will become in the future.

Chapter 4332: Want hot springs

"Do you want to build another hot spring?"

Wan Nishang smiled very charmingly, and suggested to the women: "I have been to the previous palaces and know that those favored concubines will have a palace dedicated to bathing. Inside is a big hot spring with petals in the pool. After mingling with the heat, the fragrance wafted out for several miles, making the emperor run like a sprint."

"Coco, the emperor means our good husband Li Yun, right?"

Su Muxin covered her mouth and smiled, and the other girls blushed, as if fantasizing about what Wan Nishang said:

On the top of this hill where they are alone, in a large palace, there is a hot spring. The girls are taking a bath in it, and Li Yun... just rushes and rushes into the hot spring like a hungry wolf. There was a big splash in the water.

That picture is too vivid.

"Isn't he just a hungry wolf?"

Gong Qingyu squinted at Li Yun and said with a smile.

Li Yun stretched his hands, "Hot springs and so on are things that kill people's minds. How could a good person like me go soaking!"

"That won't be built." Xiao Mingzhu said plainly.

"do not."

Li Yun hurriedly stopped, "Build it. It's still necessary. Taking a bath is good for the children's health and also helps improve the skin. At most, it's better if we don't come so many times."

"Not so many times, do you mean six times a week?" Consort Wan Qing has also become an old driver, not afraid of slippery roads.

"How can there be so many, four times a week or three, five or six times is too much."

"Fuck off, pervert!"

"Are our skin not good enough? It also helps to improve skin texture, huh~"

"Husband, did the kid say me? Yongning is not young."

"It must be about Caiwei and Caixia."

"Woo, brother."

A group of girls were chatting and chatting. After walking around the top and half of the mountain, they basically confirmed how to transform this place in the future. Of course, the next work does not need to be changed, just let the engineering team. , If the money is enough, if you work overtime, it can be completed in about one or two months.

Wan Nishang has already done a lot of work before, including cleaning up the entire mountain, which has already been paved to the road. The engineering team behind only needs to harden the gravel road, reinforce the wooden houses a little bit, pull in the water and electricity network, and finally renovate it. .

As long as the decoration is completed, the magic of Wan Nei Chang and Fan Linglong can remove the peculiar smell after decoration and move in directly.

"Let's go back, Lingxian, Xiaoxiangberry, you have lived in my villa in Huangting Mountain for the past two months," Li Yun smiled to the two of them: "You can come and prepare to plant spiritual grass on weekdays, or do whatever you want. Yes, you can also go to the mansion..."

"Well, it's not that I don't know how to arrange it."

Gong Qingyu pulled the two of Shangguan Lingxian and Xiangberry, "Don't worry, there is a place to live."

"Hehe, thank you sister Qingyu~."

"Xiao Xiang Berry is so cute, come, kiss~"

"Woo."

"What's the matter? At night... I still have to kiss."

Gong Qingyu's words made the women's faces flushed and glanced at Li Yun. They knew that tonight, this guy would definitely not be able to fight with them before they would give up.

Li Yun didn't pretend that he couldn't hear it, but said politely: "Ladies, we have a banquet tonight, and I will personally cook!"

"Okay." Xiang Berry was still a little simple, and he cheered directly.

But I don't know how he will be treated after eating Li Yun's food, and what he needs to pay back!

Chapter 4333: Really exaggerated

The next day Li Yun woke up from the luxurious bed, Li Yun was in a good mood. Last night, he used a dinner party to exchange Fang Xue and the rest of the night's return. The Lingxian and Fragrantberry who had just joined at the beginning were still very uncomfortable, so they pushed Give up some, so that the two quickly entered the state.

However, as the girls around Li Yun gathered around him one by one, another heavy price he paid was that he didn't sleep until late last night.

No way, they all need Li Yun to be there.

"elder brother?"

The door was opened cautiously, Cai Wei's little head emerged from behind the door, and when she glanced into the room, her face turned red.

"Uh, Plucking, why are you here?"

Li Yun was still surprised, Caixia also popped her head, and when she looked in, her face flushed with shame.

"I, I saw that my brother and sisters hadn't gotten up for so long, so I came to have a look. I didn't expect my brother to get up already, hahaha."

Caiwei looked at the scene in the room, and then thought of what happened last night, her head became dizzy, she didn't know how to say it.

As for Caixia, it was worse, she couldn't even speak, but she refused to retract her head, her eyes widened, and she stared at the situation in the room.

The sisters are still resting.

However, unlike what Caixia sisters argued last night, Fang Xue and Gong Qingyu Shangguan Lingxian sisters, instead of covering them with a quilt, slept on this super-super-large custom-made bed. Half of the room is at least seventy to eighty square meters, which is the same size as the house of the grandfather they lived in before.

too exaggerated.

However, the two sisters Caiwei Caixia unexpectedly felt good. The sisters did not hardly put together a quilt. Instead, they both had quilts and pillows. They slept all the way. Of course, some of them slept together, such as Sister Gong Qingyu. With sister Gong Lianyi.

But Sister Fang Xue and Sister Feng didn't get close, it seemed that it was different every night?

"Anyway, brother, have you...have you gotten up?"

Cai Wei's eyes rolled around, and she was too embarrassed to look at Li Yun.

"...It's up, wait for me for a while."

Li Yun hesitated, did not evade, got up directly under the quilt, put on the clothes and walked to the door hurriedly, "Go, let's go out first, don't disturb them to sleep, they... only went to bed at three or four last night."

"Three or four o'clock..."

Caiwei was stunned on the spot, and looked at Li Yun incredibly. Their elder brother turned out to be so powerful, as he deserves to be so powerful that he could only fall asleep so late.

How tired.

"Ahem, you go to the living room first, I'll rinse it off."

"Good~, brother, we are waiting for you."

Cai Wei took her sister Caixia's hand and went to the living room. The sisters were whispering on the sofa, exchanging the sights they had just seen, and guessing about something last night.

When Li Yun came, their faces flushed again.

"what happened?"

Li Yun smiled and sat between them, thinking for a moment, and then wrapped their slender waists, letting Caiwei and Caixia both lean against him.

The sisters went to see him early in the morning, and the meaning was self-evident. They actually participated deliberately last night, but Li Yun did not agree.

Therefore, they are here this morning. If Li Yun doesn't show them anything, Caiwei and Caixia still don't know what to do.

"Brother Yun~"

Cai Wei whispered tenderly, changed her name to Li Yun, and retracted into his arms, occupying his arms with Caixia.

Chapter 4334: Xiaosu is back

In Caiwei and Caixia's eyes, there were loving eyes that Li Yun was familiar with.

They no longer simply like him, but love him.

"You... nothing."

Li Yun sighed slightly, but Li Yun made up his mind in his heart. Since he didn't reject them, he should just cut it off, so as not to keep them entangled.

"Look up."

Li Yun said to Caiwei and Caixia in a gentle voice. The two girls were blushing with their small faces. They obediently tilted their heads up, looking at him like water.

Li Yun kissed them on their cheeks.

"Hehe~ Brother Yun is really bad."

Caixia smiled openly when she was kissed, she couldn't help but huddled up, gathered up her courage, and kissed Li Yun's mouth. With just one shot, the girl flushed with shame, but her eyes were full of happiness and smiles. .

Compared to her, Caiwei was much bolder, and after raising her head, she fell back for a few minutes.

But Caixia was not to be outdone. When it was her turn, she had been intimate with Li Yun for so long.

Li Yun did not refuse to come, and spent the morning with them on the third floor of the villa. Not long after, from about nine o'clock to more than 11 o'clock noon, Fang Xue and the others were still asleep. Used for that intimacy.

Until a little girl in a beautiful dress rushed towards the third floor excitedly.

"Li Yun, I..."

When the little girl saw the scene in the living room on the third floor, her excited little face collapsed directly.

"Ah, Xiao Su..."

Plucking with blurred eyes, after seeing that the person is the son Xiaosu, a small face became even more red, and she hurriedly wanted to get up, but her body was messed up, and she could not hide after she stood up. Plucking can only She turned her back in embarrassment, tidying up the top and bottom clothes in a panic and shy manner, trying to restrain her expression and make herself look more natural.

However, she had reacted, but Caixia was still confused, leaning on Li Yun, lazily next to him, not wanting to move.

Caiwei blushed, and quickly picked up Caixia's clothes that had fallen on the ground and put them on her. After looking at it, she felt that it was still not good. Caiwei picked up a big pillow on the sofa and placed it in Caixia's sorrow. She held it, so it was almost the same.

"Okay, don't hide, I have seen it all, and the big pervert is messing up!"

The saint Xiaosu walked up to them with vigour, Caixia finally reacted and exclaimed: "Xiaosu!! Why are you back?"

Xiao Su was not there last night, just came back?

Ah, isn't it... Yeah.

Caixia screamed again.

"Huh~"

Saint Xiao Su turned her head and asked Caixia to arrange her clothes. Of course she knew that when Li Yun, the villain, was intimacy with them, his hands and feet were not honest at all and always messed up.

Although it is said that this is still a living room and not a bedroom, for Li Yun, the villain, the third floor has completely become a place where he can do whatever he wants, and he doesn't need to care about anything at all.

Caiwei and Caixia are intimacy with him here, don't they deliver them to the door by themselves?

"Little Su...sister."

After finishing her clothes, Caixia sat down honestly, thought about it, and apologized honestly:  
"I'm sorry! I'm really sorry!"

"I'm sorry?"

Xiao Su sat next to Li Yun, and after quietly pinching him, he deliberately looked at them with innocent eyes: "Sister, you were playing house games with Brother Li Yun just now, right? What a fun look."

Chapter 4335: Play house

"Uh....."

Caiwei and Caixia were very guilty of being asked, they could only say yes.

"Wow, so interesting~"

Xiao Su turned his head to look at Li Yun happily, with a naive tone: "Xiao Su also wants to play with Li Yun brother, OK...Um!"

Her big eyes suddenly widened, Li Yun's face completely occupied her field of vision, and her lips were even more unceremoniously kissed on her mouth.

Caiwei and Caixia were dumbfounded.

How could they not think that Li Yun would be so straightforward, just playing a game of kisses with Xiao Su?

This this.....

But what made them even more surprised was that Xiao Su resisted at first and kept beating Li Yun. After a few strokes, he seemed to be confused by the kiss. His slender hands naturally hugged Li Yun's neck, and the two were like lovers. Generally intimacy.

I don't know how long it took to end this kiss.

Xiao Su was out of breath and couldn't say everything. Cai Wei and Caixia didn't know what to say. Their brother was really messed up!

"Is it fun to play?"

Li Yun held back his smile and said to Xiao Su.

"...Go to hell, big villain."

Xiao Su went to pin him again, and the two of them were making a fuss, becoming more and more like lovers, rather than elder brother and little sister.

Caiwei vaguely saw that the problem was coming. Xiaosu appeared to be quite close to Li Yun. It was not like the first time she was intimate with him. She could probably guess that the saint son Xiaosu was a mysterious little sister. , And Li Yun has also had a very close relationship.

"Li Yun, are you outside?"

There was a lazy voice in the large room, and the three of them were shocked, especially Xiao Su, and immediately left Li Yun's arms, sorted out the slightly messy clothes, and glared at him: "Wait later in the afternoon. Find me... Caixia, Caiwei, don't tell me~"

After speaking, she stepped on her little leather shoes and stepped downstairs.

Caiwei and Caixia stared at Li Yun with big eyes, before finally laughing out loud.

"Brother is really good."

"What's so great? Where's it?"

"Of course it's amazing~"

Caiwei held back a smile, "Even the son Xiaosu...little sister and brother quickly made her fall in love with you, it's amazing."

Li Yun couldn't laugh or cry, stood up, "Don't be confused by appearances, Xiao Su is not an ordinary person, she is the reincarnation of a goddess."

"We know~" x2

The sisters said at the same time, Caixia thoughtfully: "However, even though this is the case, brother, I wonder if Xiao Xiao will like you too?"

"Ahem, don't talk nonsense."

Li Yun hurried to the big room to see if Fan Linglong and the others got up.

The remaining sisters looked at each other and thought, maybe they would?

Xiao Xiao is not an ordinary girl, maybe she can.

...

Li Yun and Caixia Caiwei couldn't hide their intimacy in the living room. However, the two of them had already expressed their hearts, but they would not surprise Gong Qingyu and the others too much. The sisters passed by with a smile.

The two sisters, on the contrary, abide by Xiao Su's words, and did not reveal any relationship between her and Li Yun. Even Li Yun went to her in the afternoon, probably because they were talking about love with Xiao Su. Did not reveal it.

Sure enough, in the evening, Caiwei and Princess Yongning were playing badminton in front of the villa, while sister Fang Xue and the others were sitting in the shade and chatting and resting, Caiwei saw that her brother seemed to have said something to them, and turned back into the villa. .

Probably, you are going to fall in love with Xiaosu, right?

Chapter 4336: Got it right

Gong Qingyu took a meaningful look at Li Yun's back, and whispered something to Su Muxin and the others.

The women were surprised, and started talking quietly.

Li Yun's excuse was that he went back to find Xiao Su for something, but he didn't say what it was. Of course, Gong Qingyu believed that Li Yun had not deceived them, but he didn't tell the truth about the matter.

Most likely, he just went to find Xiao Su's intimacy!

...

In fact, Gong Qingyu was right.

Xiao Su was alone in the room, writing some weird knowledge about theology and magic on the desk.

However, after Li Yun entered, he hugged her petite body and put it on her lap. Xiao Su did not refuse, muttered not to move, and continued to concentrate on writing.

But as a lone man and a widow, Xiao Su's affairs were not very urgent. Li Yun used some means to put her in his arms and kiss him. Xiao Su responded several times and wanted to continue writing, but Li Yun just refused. The embarrassed former Goddess of Light simply threw the pen and threw his teeth and claws at Li Yun, fighting with him on the sofa and carpet.

It's just that the scuffles between lovers often change in the end.

Xiao Su was quickly suppressed, and his protests were subdued before long, and he put his arms around Li Yun's neck and became intimacy with him.

for a long time.

Li Yun hugged Xiaosu's petite and exquisite body, sat at the small desk, looked at the things she had just written, and said amusedly: "Are you a magical technique for the believers? Let me see, holy light pray The magic, the blessing of the holy light, the shining of the holy light... and the goddess of the holy light descending? Did you descend on your own?"

At the end, Li Yun was a little surprised. The Xiaosu in his arms was the reincarnation of the goddess. If there are believers who use these magic techniques, will she descend in the past?

—Even Li Yun didn't notice. He is now discussing divine matters, and he is more and more calm.

"Humph, idiot."

Lying in his arms, Xiao Su, who was still reminiscing about his intimacy, said lazily: "Where is the goddess so good to summon? Not only is it possible to use this trick requires extremely pious beliefs, but to go through my test, I I was only willing to come to help them in the past, and ah, my

coming is just a divine mind. Let the divine mind combine with their power to form a powerful  
\*\*\*\* clone to help them defeat the enemy... How can it be so easy to come? Now I Just give  
someone the right to use this trick, hehe, do you know who it is?"

Li Yun thought for a moment, and said with a weird expression: "Could it be Hu Xiaomeng, right?"

"Huh? You guessed it, how did you guess it?"

"Let me guess, that must be someone I know. Hu Xiaomeng and you have been doing all these  
things to recruit believers beside you. Isn't she, who else?"

"Hehe, really smart~"

Xiao Su kissed Li Yun's face and said with a grin: "I've been progressing very smoothly recently.  
Other gods are still waiting and watching. Only I can see the changing form of the universe and  
seize the historical opportunity!"

Li Yun's eyes widened, "The universe, history...what opportunity?"

"You~"

Xiao Su poked Li Yun's nose with his white and tender fingers, with a proud look on his face.

Pride is because she caught Li Yun, she was smart, not Li Yun.

Li Yun couldn't laugh or cry, but he probably understood in his heart that it was the function of the  
system that caused Xiao Su to mistake him for the so-called opportunity of the times.

Should you tell her about the system?

Chapter 4337: What is the system

Li Yun frowned and thought for a moment, Xiao Su quickly realized that something was wrong,  
after all, she was lying in Li Yun's arms now, and she could see the change in her expression at a  
glance.

"what happened?"

"Um....."

"Say!"

Xiao Su fiercely stretched out his tender palms, grabbed Li Yun's cheeks and pulled them, angrily  
said: "I was so barbarous to me just now, and now I want to be brutal to you, just say it, don't  
hide~!"

Li Yun was ashamed. The reason for his brutality was purely because Xiao Su's petite figure was  
unique among the girls around him. Moreover, Xiaosu is still a goddess reincarnation, completely  
legal, and Li Yun does not have any psychological burden to fall in love with her.

"Uh... I think about it."

Li Yun knew that there was a systematic thing about him, and he probably couldn't keep it from  
now. Besides, with the support of the Goddess of Light, he was probably not afraid of those gods, as  
long as he didn't leak it out.

Xiao Su completely trusts him, and Li Yun trusts her too. This is mutual.

However, Li Yun still intends to conceal some more, and only reveal some information, just as Xiao Su didn't tell him completely about the antiquity, so he will tell him later, and Li Yun is the same, and he will say it later.

"Little Su."

"Say it~~"

"Do you know whether the ancient gods can do it. They can create many things out of thin air, and they seem to be able to create spiritual energy. In short, it is a treasure-like existence that continuously spit out things to you."

The expression on Xiao Su's face became a little weird, and he fumbled on Li Yun: "What is that treasure hidden in your body? What is it? A jade disc of good fortune? Or a rod of authority? An ancestor's book of wisdom? The spaceship that shuttles through the galaxy is in your hands?"

"Eh? What are these?"

Li Yun has only heard of jade discs for good fortune, rods made by authority, and books of wisdom. The spacecraft should refer to the spacecraft on which the first batch of alien gods descended on the earth in ancient times, right?

Didn't it mean that those gods left again? The spacecraft was not driven away?

"They are probably able to bring you these benefits, and at the same time~" Xiao Su pointed to himself and said triumphantly: "It can also make me undetectable treasures."

Hearing what she said, Li Yun relaxed a lot.

After all, the ancient gods had a lot of methods, and there were certain gods who had put something in his skull, which Li Yun probably couldn't detect now.

But Xiaosu, the former Goddess of Light, assures that, at least, the system attached to Li Yun can definitely be said to be a very powerful treasure, and theoretically it will not be the means of other gods.

"Just these treasures? Do other gods have any means..."

"Just these few, it's impossible!"

Xiao Su interrupted him and said confidently: "If you have other gods' powers in your body, you can't hide it from me, so don't worry."

She comforted Li Yun, and she knew that there was something powerful in him, and she was a little worried.

"What if neither?"

"if not....."

Xiao Su looked out the window, at the starry sky, and whispered softly: "Only the magical treasures left by the ancestors, or things from the outer starry sky, can make me undetectable."

The only gods who can be called the ancestors of the Goddess of Light are the first gods to descend from the spaceship.

For example, the first Titan God, Pangu, Kaos and so on.

These gods should have left the earth now, and have been away for tens of millions of years. The descendants of Xiaosu and the rest of them are waiting silently.

Chapter 4338: go on a date

Li Yun thought in silence for a while, shook his head and smiled: "The car must have a way to the mountain. Why do you think so much? I'll understand later."

".....Um."

Xiao Su reached out and grabbed his cheeks, with tender white hands, slowly touching his face, and whispered: "Don't worry, the stronger the existence, the less nauseous it is for a single person. They are often very kind, let's talk about it. Now, there is me~."

Li Yun laughed, bowed his head and kissed her with a small mouth, "I didn't say that I was worried. This treasure has been helping me before, but in the future, there is a high probability that it will also help."

"Hmm, when I get my power back, I will take a closer look at you!"

Xiao Su said, leaning forward and giving a kiss.

Li Yun hugged her slender waist.

Xiao Su was not irritable this time, and was very gentle and slow to get intimacy with Li Yun, and even swayed two white short legs up and down, very leisurely.

It wasn't until Li Yun started to mess up, that she became nervous and short of breath, struggled a few times, and soon lost her temper.

After a long kiss ended, Xiao Su took a long rest before regaining his strength, and muttered: "Bad, shall we go on a date?"

"what?"

Li Yun was a little surprised. In the context of him and the girls around him, the first date on a date often meant to exchange emotions, and it was to communicate further with each other.

Xiao Su is going on a date with him?

"going or not?"

Xiao Su quickly woke up and looked at him with a puffed mouth.

"go!"

Li Yun replied decisively, squeezing her little face that still had a blushing aftertaste, and smiled: "Tomorrow? The day after tomorrow?"

"None~."

Xiao Su chuckled, and kissed Li Yun happily, "The day after tomorrow, after you have a good exchange with them, they don't miss you so much, go on a date with me~~"

"A day or two?" Li Yun hugged her and sat up, put his arms around her slender waist, looking at her aggressively.

For two days, I thought I was going to spend the night outside, with Xiao Su.

"Let's see again then~"

Xiao Su's cheeks became more blushing, and the first time he said with a bit of temptation, even though it was such an answer, both of them knew that they would definitely go on a date for at least 24 hours a day, and would not return until the next day.

This means that Li Yun's relationship with her will take a step forward.

"it is good."

Li Yun hugged Xiao Su again. Although this little idiot was a former goddess of light, he refused to reveal his identity and relationship with Li Yun. He could only talk to him for a while by hiding in the room. It's very hard.

It wasn't until the evening that Li Yun walked out of Xiao Su's room happily, leaving Xiao Su under a quilt to rest. She wanted to sleep for a while before going to dinner.

"Qingyu, Fang Xue."

Li Yun went back to the big tree in the badminton court in front of the villa. They were still resting in the shade to watch the game, and occasionally went up to play.

"It's over?" Gong Qingyu squinted at him.

"What's over... Oh, yes, what we are going to talk about with Xiao Su is over."

Li Yun forcibly pretended to be very calm, because he did talk to Xiao Su about the system and the gods, and he didn't deceive them.

"How many times did you chat?"

Su Muxin leaned forward again and asked with an ambiguous expression and a snicker.

Li Yun's eyelids twitched, "How many times? Is there a number of times to chat? Of course it's a chat!"

Chapter 4339: Be seen through

"Chat is not divided into times, but when you do something while chatting, you can divide it into several times."

Concubine Wan Qing's eyes were sharp, and she stretched out her left hand to press Li Yun's shoulder, making him unable to move, and then stretched out her right hand, scraping her fingers on the clothes on his stomach.

A scent of fragrance remained on her fingers, and Concubine Wan Qing glanced triumphantly at the shocked Li Yun, put her finger between her nose and smelled it.

"Huh? What is this?"

Wan Qingya did the same thing. After scraping the clothes around Li Yun's waist, she put her fingers between her nose, sniffed carefully, and suddenly shouted in surprise: "What a magical fragrance, like It's the nectar brewed from countless kinds of flowers, which makes you appetite. Husband, did you steal some nectar?"

Li Yun's petrochemical on the spot.

"He didn't steal the nectar, he just stole the blonde little loli who was reincarnated by the Goddess of Light."

Gong Qingyu also stretched out his finger and scratched Li Yun's waist clothes in the petrochemical industry. He also smelled it, with a strange expression on her beautiful face: "It really smells... Bad guy, it's really a blessing."

"Blessed? Hee hee."

Su Muxin leaned over and took a bite. In the surprised eyes of the women, she said with certainty: "It is very fragrant, and the taste is also very good. From now on... Hee hee, everyone is sisters, and we are also very lucky. Ah."

"You're going to die, little pepper!"

"What blessings are not shallow, I don't understand~"

"Little Chili is begging again, right?"

"Huh, is it so fragrant? Is the goddess so amazing?"

"Don't talk about Linglong, it's really fragrant."

The girls surrounded Li Yun, you talked about each other, making Li Yun look embarrassed, but these girls are all next to him, and the relationship between him and Xiao Su will be exposed sooner or later, simply Just default it this time.

"Ahem."

Li Yun said to them sternly: "Accept the order of the goddess, don't tell me what happened just now in front of the goddess, otherwise..."

"How about it?" Fang Xue held back a smile, "Are you still pretending to tell the goddess? Believe it or not, I'll go to Xiaosu to confront him now?"

"Don't go!" Su Muxin persuaded her: "Now the goddess is sure about it. Are you still resting?"

Li Yun petrochemical again.

The girls are overjoyed.

"Ahem, otherwise, the goddess will be shy and won't go on a date with me!"

Li Yun said it brazenly, which surprised them all.

"It's all about dating?"

"It seems that the relationship is about to be exposed, you villain, eating grass on the edge of the nest again!"

"Tsk tusk, it seems that you have to talk to Ruqing, and watch Xiaoxiao carefully."

"I don't think I need to look at her, Xiao Xiao... Don't you think the eyes are so...?"

"what!"

"Oh my God."

"What are you talking about?"

The little princess Yongning came back after playing badminton. This delicate girl who always slept, now she is sweaty and pleasant, looking like an energetic girl.

After listening to them in a daze, Caixia looked at Li Yun's waist in amazement, "What's wrong with the fragrance? Does it have anything to do with Xiao Su?"

"You fool."

Caiwei attached to her ear, and whispered: "Sister Xiao Su's height, isn't it exactly that position when kissing Brother Yun?"

"just?"

Caixia tilted her head and looked at Li Yun. After thinking about it, she finally realized that her small face was full of weirdness.

It turned out to be like this, no wonder!

Chapter 4340: Set off

Li Yun is more than 1.8 meters tall, Xiao Su's height is just 1.2 meters tall, if she stands up to the same height as Li Yun, the little \*\*\*\* will almost reach Li Yun's waist.

Xiao Su didn't know that she had been exposed. She took a rest, yawned and put on her clothes, went out to have dinner with them, and soon went back to the room in a daze to continue sleeping.

Not even the girls looked at her with weird eyes.

However, Caixia saw the charm between Xiao Su's eyebrows and her eyes, which was very beautiful.

So this is ah.

Li Yun pretended not to know anything. In the evening, he chatted and messed with them on the third floor. In the morning, he got up and chatted with Caixia and Caiwei. In the afternoon, he played with them in the villa or with Shan Xiaoxiao. A girl went to Zhonghai City to play, and then went to see Xiao Su in the evening or evening.

After waiting for four or five days, when the weather was fine, Li Yun finally asked them for a day off. The excuse was to go out with Xiaosu on errands.

Gong Qingyu and the others already understood what to do, and they quickly agreed, and they discussed in the group with a little excitement.

Li Yun didn't care about that much. In the morning, he slipped into Xiao Su's room.

"Xiaosu? You got up, don't you want to take you out to play today?"

In the pink room, Xiao Su was still sleeping, and only got up lazily for a long time. However, after realizing that he was going on a date today, he soon became sober.

"You go out first and wait for me!"

Xiao Su pushed Li Yun out with a blush on his face. If this guy is in the room, she doesn't know how long it will take to change clothes, so it's better to get him out!

Li Yun waited patiently outside the door. After half an hour, Xiao Su's door finally opened, and a slender and beautiful figure came into Li Yun's eyes, firmly attracting his gaze.

Petite and exquisite figure, cute face, lace and lace skirt, the skirt fell to the calf, surrounded by patterns, wearing small leather shoes on the calf, white cotton socks on top and under the skirt, revealing a small touch of white and crystal skin .

The beauty is incredible.

The golden hair braids are woven into a beautiful look, and the little face is slightly shy, but he mustered up the courage: "Li Yun, me, me now, do you look good?"

".....nice!"

Not only is it good-looking, it's so good-looking that Li Yun can't take his eyes off.

The current Xiao Su is exactly a cute loli-like loli, lace skirt, blond hair, petite body, it can be said that any man will look at it more when he sees it.

"Hehe, like a fool~"

Xiao Su suddenly became confident, walked out with his head held high, and handed the phone and bag in his hand to Li Yun, and said proudly: "Go, let's go on a date~, hehe."

Worthy of being a goddess, even so excited about dating.

Li Yun laughed.

"What are you laughing at?" Xiao Su glared at him.

"I'm laughing... Well, my girlfriend is so beautiful and I can't walk anymore, what should I do?"

"Huh, cold salad."

"How can it be cold, as a girlfriend, you should take responsibility."

"What do you want to do? No...well."

Xiao Su had already reacted, but Li Yun was still holding her waist, picking her up, and then holding her small face, and kissed him in one bite.

The two stood at the door of the villa and kissed for a long time before it was over.

Xiao Su glared at him with a wink, "It will make things worse, I just put on lipstick..."

She blushed.

"Do you still wear lipstick?" Li Yun looked at her in surprise.

"Can't I wear lipstick? Light-toned lipstick, you don't know that? Thanks to so many women around you, you are so stupid~, forget it, hurry up and go on a date~!"

Xiao Su took Li Yun's hand and walked outside happily.

This day will be her happiest day in tens of millions of years.
