

Godly Choice 4341

Chapter 4341: Have a special meaning

Li Yun took Xiaosu's delicate little hand and walked out of the villa. A low-key luxury car had been parked in front of the rockery spring water. The brand was rare and not part of the common BMW and Mercedes-Benz, but the level of luxury was beyond compare. It is suitable for when you don't want to attract people's attention.

"master."

The butler knew that Li Yun was going to use the car this morning, so he waited in front of the car early in the morning, bowed and saluted slightly, with a modest smile on his face.

"I thought you were going to the garage to get the car out, but I didn't expect it to be arranged."

Xiaosu is very happy. There is a car. Today, she can go to many places with Li Yun. It is better than when the two are flying. After all, you need to fly by yourself when you fly. But driving not only saves effort, but you can also travel together. Chatting in the car is much better than flying.

"Uh, yeah."

Li Yun's face was a little weird, and he didn't dare to tell Xiao Su that it was actually Lian Yi who ordered it last night, and Li Yun didn't remember asking the housekeeper to drive in early in the morning.

"Well, you can go busy. If Madam asks, she will say that Miss Su and I will go out to do something, and maybe we won't be back tomorrow."

Li Yun calmly said to the housekeeper, if you can do something, there are more things you can do.

"Okay, sir."

The housekeeper retired respectfully. Before leaving, he glanced at Xiao Su with a look-he vaguely felt something was wrong. This mysterious Miss Xiao Su, who did not seem to be an ordinary girl, was dressed too beautifully. The expression on the face is filled with the feeling of a girl in love.

Miss Su, fall in love with the master?

The butler was very surprised, but considering that the master is not an ordinary person, and Miss Su is definitely not an ordinary little girl, in the end he still silently retreats without saying anything.

With the current status of the master, as long as it is not forced, even if you really fall in love with a girl of Xiao Su's age, it... is tolerable. The hero always has some private hobbies, and the butler can understand this.

Besides, Miss Su is obviously not an ordinary little girl. She seems to have a very powerful power. Like the same mysterious young girl, she is even stronger than Madame Fan Linglong and Madame Wan Nishang.

...

"Walk around, it's late, let's go to the city for breakfast~~"

Xiaosu happily took Li Yun's hand in the car. She naturally sat in the position of the co-pilot and put on a seat belt very knowledgeable. The wide seat belt was tied to her petite body and let her appear more and more delicate.

"I thought you forgot about breakfast."

Li Yun got into the driving position and fastened his seat belt. After starting the car, he turned on the first gear of the air conditioner, and slowly walked out of the villa's gate and drove towards the foot of the mountain.

"How is it possible not to eat breakfast, think about it, what shall we eat later~? It must be special, not just a hotel breakfast!"

Xiao Su has become more headstrong than ever. Today is her date with Li Yun. She deliberately went out without breakfast in order to experience the feeling of being together all day with him.

It must be super.

"Soy milk fritters?" Li Yun drove the car and made a suggestion.

"Bad reviews, just eat these? It's not luxurious at all~."

"Millet porridge + pickles?"

"Bun roll powder?"

Li Yun suggested again.

"Rolling powder? It seems...Huh."

Xiao Su reacted and turned to look at him: "Are these things you used to eat? When you were in Longyang County?"

She knew Li Yun's previous life experience, so she was curious about how Li Yun could become stronger.

Chapter 4342: Zhonghai City for Breakfast

The deepest breakfast in Li Yun's memory is not those delicious breakfasts made by the god-level culinary skills he learned after obtaining the system. Although these breakfasts are delicious, they can only give him taste memories and cannot give him emotional resonance, even these. The delicious memories have faded away because of eating too many times.

In his impression, the breakfast that resonated emotionally was undoubtedly the breakfast he had when he was a child in Longyang County.

Whether it's his grandfather giving him and Li Feng, Caiwei Caixia's millet porridge and pickles with eggs, or sweet potato corn instead, or he and them take breakfast money to the food stall in front of the school and spend two or three yuan to buy it. His soy milk, fried dough sticks, buns and so on, all gave him a deep impression and memory.

Of course, he still remembered the memory that he ate breakfast with Gong Qingyu some time when he ate the noodles.

Therefore, if Xiao Su must make breakfast meaningful, Li Yun thinks that it would be more special to experience these breakfasts in the past, instead of going to some high-end hotels and eating those exquisite foods—at least he thinks so. .

Exquisite food can make people happy physically and mentally, but as far as memories are concerned, because Li Yun and Xiao Su are no longer ordinary people, I can remember more when I go to the roadside stalls.

"Yes."

Xiao Su tilted his head, "Then go to Longyang County now?"

With the strength of her and Li Yun, moving the car to Longyang County did not delay eating breakfast.

"I don't think it's necessary. How about choosing a memorable one on the roadside?" Li Yun suggested.

"Oh? What's memorable? Is it a roadside stall?"

Xiao Su's expression saw through your thoughts, but he didn't object, instead he looked out the window enthusiastically: "I don't object, as long as you choose the right one, the most special one, not a random roadside stall~!"

There are many roadside stalls, and she can't remember any of them, although she will remember the breakfast this time because of Li Yun by her side.

"Okay, let's just stroll around Zhonghai City in the morning!"

Li Yun drove the car without looking at any navigation or sensing the surroundings with spiritual thoughts. He drove around with Xiao Su, driving on the outskirts of the city on busy roads.

"Why are there so many people?"

"Go to work in the morning, there are so many people."

"Well, well, there are many more people now than before. In the past, the total number of people on the earth was not enough for this city."

"Surprised?"

"a little bit."

The former Goddess of Light said with emotion: "The earth used to be monsters. Too many auras catalyzed things that were too evolving, but now that auras are gone, the surviving humans created such a prosperous civilization."

"Of course, relying on the sky and the earth is worse than relying on yourself!" Li Yun was also very proud.

"It's a pity~."

"What a pity?"

"The world is too cruel for ordinary humans."

"Ah? Why do you say that."

Li Yun asked, and parked his car by the side of the road. This is a relatively remote construction site with few traffic and few people.

"So surprised? It's all stopped."

"No, get out of the car and have breakfast!"

"Oh, this way, I thought you were too shocked, hehe."

Xiao Su opened the door and jumped out of the car and looked around, only to see two or three breakfast stalls on the corner of the road over there, selling some breakfast.

"Here? What's so special about this?"

Chapter 4343: Roadside breakfast

Those two or three breakfast stalls are very small, and they add up to a dozen stool tables. Because of the remoteness, you can safely set up the stalls and ask people passing by to stop for breakfast.

There are not too many people. A dozen people sat at four or five tables, and they had everything to eat, such as soy milk fritters, rolled noodle buns, fried noodle soup noodles and Xiaolongbao.

"This is it?"

Wearing a beautiful lace skirt, Xiao Su looked from left to right and didn't think these food stalls were special. He insisted on saying something special, but it was very remote, and you could have breakfast at ease without being passed by. Onlookers-she still feels a little ashamed of being onlookers.

"Well, that's it."

Li Yun took her little hand and came to a breakfast stall. This stall was a husband and wife, including them. Several breakfast stall owners and guests all looked over with strange eyes.

"Handsome guy, are you going to have breakfast?!"

The lady boss asked with a look of surprise, looking at Li Yun and Xiao Su again, focusing on her pretty little skirt and cute face for several times.

"Yes, what's the matter?"

Li Yun smiled and said, "My boss, aren't you selling breakfast?"

"Sell, of course!" The boss who was making the roll powder interjected, and couldn't help but glanced at Xiao Su, and explained: "But we...but you have never come with such a beautiful little sister. , The roadside stall had breakfast!"

Xiao Su's expression is a bit strange. If the boss knows that she is Li Yun's girlfriend, will he call the police?

"Haha." Li Yun smiled, "Even if the rich have to eat the roadside stalls, besides, they are not rich, they want to eat when passing by, I... sister, she has never eaten these, and quarrels in the car. I want to get out of the car and eat."

"Hahaha."

The boss and his wife all laughed.

"Dare to love is to experience life, yes, what do you want to eat? Although we are no better than the handsome guys you usually eat, it is not bad, and the sanitary conditions are absolutely good!"

Sanitary conditions, can only be said that it is not dirty, and it is a bit far from being clean.

Li Yun said: "I'll have a few servings. I eat more. Soy milk and fried dough sticks, egg, lean meat, lotus root, and some peanuts. Give me some."

The proprietress laughed dumbly and wanted to say, handsome, can you eat so much? But after seeing the car on his side, he didn't say anything.

Anyway, rich people, only 20 or 30 yuan for breakfast.

"Okay, what do you want to eat, little sister?" The lady boss looked at Xiao Su.

Li Yun said, "Xiaosu, what do you want to eat? Order yourself, do you want me to hold you up and have a look?"

The stall is not good, but Xiaosu has to stand on tiptoe to see it. After all, the stalls set up on the roadside need to be taller and dust-proof.

"Humph!"

Xiao Su tried his best to stand on tiptoe, barely glanced at it, and said decisively: "I want the rolled-up thing made of corn lotus root, and I also need that—" Her little finger pointed to the steaming steamer, the finger tip Signed: "What's the name of that kind of very small bun?"

"Xiao Long Bao!"

"Yes, it's Xiaolongbao, bring me a box~"

"Puff, can you eat so much, little girl?"

The proprietress teased her, "Don't mess up your stomach... Forget it, for the little sister's cuteness, I have this breakfast today! I will give you half of the Xiaolongbao, eat first, and ask for it after you finish it. "

".....what?"

"Sit down first and send it to you right away."

Chapter 4344: Destiny Track

Xiao Su subconsciously refused, but the boss's wife's face was stern: "Aunty, can't I still afford a breakfast?"

"Hee hee, no, just... ah, I know, thank you auntie~~!"

"This is good~"

I have to say that after becoming lively Xiao Su acted like a spoiled child, that cute appearance can melt people's heart with laughter.

"Okay, the little girl sits down, and Auntie will give you breakfast right away!"

"Okay, thank you Auntie!"

Xiao Su replied with a sweet smile, not only made the lady boss smile from ear to ear, but also made everyone around her look at her.

It's so strange to see such an exquisitely dressed and cute little Lolita in such a cheap street stall.

Two girls who were working nearby came over, and after obtaining Xiao Su's consent, they picked up the phone to shoot at her, and then leaned in to take a photo with Xiao Su.

Maybe it's because I'm so happy today, Xiao Su came all the time, and didn't care about the boys who patted her in the distance. He smiled and put on a few cute shapes, scissor hands, akimbo, wearing a lace skirt. The desire to express is particularly strong-I don't know where she learned these loli-specific poses.

Li Yun looked a little weird. After all, such a cute blonde loli had a warm intimacy with him when he went out in the morning. These people can't believe it, right?

"Sister Xiao Su is so cute, ooh, I really want to have such a cute sister."

"Is Sister Xiaosu mixed? She looks good oriental, but she has natural blond hair. I really envy~"

"What? I am the reincarnation of a goddess, not the east or the west."

"Goddess reincarnation? Hahahaha, Sister Xiaosu is a good second in secondary school... Ah sorry, I should cooperate with you, what kind of goddess reincarnation is Sister Xiaosu? I will believe in you right away, hehe, goddess are to be believed?"

"I was the Goddess of Light in my previous life, in charge of the kingdom of God, followed by seven archangels and an army of millions of angels plus..."

"Wow, Goddess of Light? I believe I believe~!"

Several girls exclaimed, but Xiao Su started preaching in a holy and sacred look. Li Yun didn't understand, how could a good breakfast be like this?

As he ate, he said that Xiaosu had a good appetite today. He ate six or seven dumplings, three steamed dumplings, and a box of milk in one go. He wiped out the tea eggs that the girl had handed over and wiped it with a paper towel. Wiping his mouth, he said contentedly: "I have received all the sacrifices you gave to me~, come on, what do you want in return?"

"Really?" A girl couldn't help laughing, and then said: "Then I want to find a super good boyfriend, handsome, rich, and love me very much! How about it, Sister Xiao Su can be satisfied My little poor believer's wish?"

Xiao Su was silent for a while, staring straight at her, as if looking at some revelation of fate, after a long while, he said: "That man is by your side, and is still pursuing you, but you didn't find it. "

"what?"

The girl was stunned, and subconsciously thought of a person, surprised: "That fat guy?!"

"Yeah." Of course, Xiao Su, "he likes you so much. He is now fat because he is sick, and he will look good when he becomes thinner in the future, and his family is also very rich. After the demolition, he has five houses to satisfy your desire to be rich. NS."

"...Ah." The girl was completely stunned.

Chapter 4345: certain

"What about me and me? I want to make a wish too!" The other girl looked at it as if it were true, and quickly said: "I want to find a good job. Can Sister Xiao Su help me realize it?"

Her childish face was full of expectation.

Xiao Su glanced at her, but shook her head, making the young girl dumbfounded.

"In terms of your current ability, no matter what you do, you can't find a good job that suits your expectations. You are destined to only find some very ordinary jobs."

"unless,"

"Unless what?!" The girl ignited hope again and asked eagerly.

"Unless you go back and repeat."

"what!?"

"Work hard for another year. With your ability, it is not a problem to take a bachelor's degree. You will learn computer knowledge in the university. Your logic is very good and you are suitable for learning computer. After graduation, you will enter the company with your gender advantage. After a few years, you will move to college. Company, in this way, you can get your own satisfactory salary~"

Xiao Su, who wore Lolita-style clothes, looked like a magic stick, and told about the future of the girl.

It's better than the magic stick.

The girl was stunned for a long time, "I...I'm going to repeat?! I've been out for a year..."

"Yes, in this era, it is difficult to succeed without a diploma. Even peeking into my destiny, you can't find your future in the chaos."

Xiao Su looked like a "goddess of compassion", "Among the countless lines of destiny, there is only the road to reading, which is the most spacious and bright, with more branches, and the more roads to happiness. If you don't go to university, You can only lower your expectations and live it away, or rely on your own luck."

Those words made the people around them feel ashamed. Most of them were people who didn't work hard when they were in school, but now they can only work hard.

Those on Douyin said that the bosses who don't come out of school and the employees of several key universities under their hands are actually nonsense.

After graduating from key universities, people who work in well-developed large companies will go to work under their hands?

Or do they act as leaders in the company? It's nonsense again. Without a diploma, you can't even get in the door of a big company.

Therefore, 99% of those who do not come out of school do manual labor, express delivery, takeaway, enter factories, construction sites, and so on.

"I see!"

The young girl showed a complicated look. "When I was in high school, I felt that studying was too boring and tired. I always wanted to graduate and play quickly... In fact, after I got out of work, I found out that I worked in two shifts 12 hours a day in the factory. The real torture is that people turn like machine parts. I never feel better in this year... No money, what to play?"

I know, I will buy a ticket and go back now and tell my parents that I am going to repeat the course!
"

The girl showed an extremely firm expression: "Isn't it just after coming out for more than half a year? The big deal is that I have been repeating for two years!"

Very few people go to college after two years of study, but they are not uncommon. In fact, no one in college pays attention to your age, even if you are four or five years older.

A gratified smile appeared on Xiao Su's cute face: "Russ can teach~."

"puff."

"What are you laughing at?!"

Xiao Su stared at him immediately.

Li Yun coughed a few times, "Where did you learn these idioms? It's strange to say that ruins can be taught by a blond foreigner."

"Too lazy to care about you, how can you understand the goddess's ability? Humph~"

The blond son's little face was full of pride.

Chapter 4346: Goddess reincarnation

After the precedent was set, other people also swarmed up, wanting to ask the former Goddess of Light to also see their fate.

The corners of Li Yun's mouth twitched, and after Xiao Su pointed out the tracks of their fate to the previous girls one by one, he hurriedly took her little hand and left here.

However, Xiaosu did one last thing before leaving.

"Auntie~~"

The little girl's crisp voice made the boss who was busy making breakfast feel comfortable, and she responded, but she didn't stop her work.

"Auntie, I can satisfy your greatest wish!"

"what?"

"Just to make your daughter get better."

"what?!"

The lady boss who was making breakfast was shocked and looked at her in disbelief. Even her husband was so surprised that she blurted out: "Little sister, how did you know that my daughter has congenital heart disease?"

"Because I am the reincarnation of a goddess~."

Xiao Su stretched out a finger, volleyed and nodded the lady boss, a ball of light flew into her palm, showing a confident smile: "Auntie, you go back and put your hand on your daughter, her illness will naturally heal. NS."

The lady boss was dumbfounded.

"This is my reward for you, well, goodbye."

"Ah yes."

Xiao Su pulled Li Yun's hand and was about to leave. Suddenly he thought of something and said to them with a smile, "Didn't you ask me if he and I are brothers and sisters? Actually...I am his girlfriend~~"

Li Yun was forced to lower his head, Xiao Su stood on his slender toes, held his face, and kissed Li Yun's mouth.

Then, he chuckled and ran, and ran all the way to the car. Li Yun didn't dare to wait any longer and drove away.

If you don't leave, they will call the police.

A group of people were left looking at each other. The blonde little loli who was reincarnated by the goddess is already in love?

"Madame, your hand..."

Someone looked at the light ball in the hands of the boss, and suddenly asked, "I bought it for fifty thousand yuan. Is this... something with a supernatural power?"

"fifty thousand?"

The lady boss who reacted yelled: "I won't sell one million, this is my daughter's life!! Yingying waits, mom will go back to save you soon!!!"

She didn't care about the booth and wanted to ride an electric bike back, but she didn't dare to hold the handle with both hands, so she shouted, "Husband, hurry up!"

"Yes, yes, go back, let's go back!"

The boss hurriedly drove the electric drive to take her home, leaving behind a breakfast stall and people looking at each other around.

"The boss is not afraid of being fake?"

"False? Is the false good for those two people? It must be true! Even if it's not true, it won't be too ridiculous."

"Can he really cure his daughter?"

"Is that little girl really the reincarnation of a goddess?!"

"hiss!"

A group of people talked a lot, but they told people passing by that they looked foolish, what goddess? The goddess who eats breakfast at the roadside stall?

Go crazy!

Only the few girls who have been guided by the goddess to follow the path of fate, are determined to follow the goddess's guidance to decide their own lives.

Especially the girl who decided to repeat the reading, turned around and left, packed up, went home, and went to repeat the reading!

...

"Have you enjoyed it?"

In the car, Li Yun amusedly looked at Xiao Su who was still eating half an apple and biting a bottle of milk.

The girl was in a very happy mood. She took off her little leather boots, and her two slender feet in white socks were lifted up and placed in front. The cardamom-like toes were extremely cute inside the socks.

Chapter 4347: happy

"What's so fun?"

Shengzi Xiaosu's cute face is full of triumph, "I just used my power a little bit to let those people receive my help, hum, is this also fun? I'm not going to play. !"

"But I think you are very happy."

"No!"

The blonde little Lolita was arrogant again, but she was eating happily in her mouth, and her feet were dangling, very eye-catching.

"There's none?"

Li Yun smiled, and while waiting for the red light, he looked at her: "The current Xiao Su is like a different person from the first time I saw you."

The blond saint was stunned.

She bit a straw in her ruddy mouth, and stared at Li Yun, her big eyes were full of weirdness.

The car behind it blew its horn, and Li Yun turned his head again and started the car to move forward.

The car fell silent.

Li Yun didn't speak either. He found an amusement park according to the map. After parking the car, he came to the co-pilot's position, bent over to pick up her little leather shoes, put on her petite jade feet, and put them on again. Putting his arms around her slender waist, he hugged Xiao Su down.

"Brother, your sister is so cute!"

A man who parked together couldn't help but exclaimed.

"Uh, thank you."

Li Yun answered with a smile, Xiao Su glanced at him, stepped on the ground with both feet, pulled Li Yun and ran.

"Wait, why are you so anxious?"

The man watched the two run away and sighed, "I want to have such a lovely sister. I also bring her to the playground every day and dress her beautifully. Hey... there can be many girlfriends. There is only one younger sister."

The next moment, his head was hit hard by his girlfriend who walked out of the car.

"Hi, my wife was wrong, and there is only one wife!"

"Humph!!"

...

Xiao Sula ran Li Yun all the way, attracting the attention of many people on the road. Fortunately, the girls who came to the playground were all well-dressed girls. Her Lolita clothes were not very conspicuous, but they were still lovely. The appearance and golden hair still attract the attention of many people.

The two bought tickets and entered the amusement park. The park is very large, with dozens of games and projects, including the common Ferris wheel, carousel, bumper cars, water park, and so on.

Li Yun and her were playing around in the amusement park. The two of them took a carousel, and then ran a bumper car. In the end, Xiao Su had itchy hands and pulled Li Yun to throw darts. The shooting method successfully scared the boss. Five hundred bullets were given, provided that the gifts that were shot can no longer be given to them, otherwise his stall will be closed.

After playing around, Xiao Su was greedy at the ice cream on the side of the road again. Li Yun checked the time and bought her a small one, but Xiao Su ordered one more and stuffed it into his mouth.

Helpless, Li Yun had to take the ice cream and licked it with her.

"Walk around, go to the Ferris wheel~."

After buying ice cream, Xiao Su took Li Yun to the Ferris wheel again. There was no queue, and it was her turn and Li Yun to board the Ferris wheel.

After the Ferris wheel began to rotate, Little Lolita was as happy as a child. She turned her head and kissed Li Yun's face, leaving a white mark on it-the lip print of ice cream.

"Happy?"

Li Yun looked around, hugged Xiao Su's slender body, rubbed her face against her, and made Xiao Su let out a comfortable laughter. He soon softened, and his voice was soft:

"Of course I am happy."

Chapter 4348: Ferris wheel

A cabin of the Ferris wheel is like a small car. It is enclosed to prevent passengers from falling. It is not fully open. Only four windows face the four sides, and the height of the enclosure is about the height of a person's waist.

This height is just enough to allow Li Yun to hug Xiao Su, while preventing her from being seen by people outside.

It is also the height where he can kiss Xiaosu without being seen by outsiders.

In fact, it was Li Yun's worry. Couple kissing on the Ferris wheel is also one of the selling points of this project. It takes about fifteen minutes to walk around the Ferris wheel, which is slow enough for couples to exchange feelings in the cramped space.

When Li Yun came up just now, Xiaosu made two laps, meaning that both of them would be in the Ferris wheel within half an hour.

There is enough time for Li Yun and Xiaosu to kiss.

Especially in the morning, Li Yun and Xiaosu had to pretend to be brothers and sisters, and couldn't even show a little intimacy. Now that they can finally get intimacy, plus there is plenty of time, the two people are very intimate. .

From the ground to the highest point of the Ferris wheel, within a slow half-circle, for about seven minutes, Li Yun kept his head down, and was intimate with Xiaosu sitting in his arms, and pressed his face when he was breathing. Continue to kiss.

It's exactly like a couple in love, there is no former goddess of light, and no blonde little loli, just a couple who loves each other.

"Okay, badass~, don't kiss anymore."

After the Ferris wheel reached the highest point, Xiao Su leaned his head on Li Yun's shoulder, looked at the scenery outside the window behind, and said lazily: "I kissed my mouth, take a rest... It's not that I won't kiss you anymore."

In fact, Li Yun's enthusiasm just now made Xiao Su really like it, but if they keep kissing, wouldn't it be meaningless for them to ride the Ferris wheel together? I don't even have to see the scenery!

"Okay, kiss again tonight." Li Yun smiled.

"What about this afternoon?"

"Let's go play in the afternoon, no time to kiss, now make up?"

"Don't... make it up at night, we will go to the movies at night."

"Wow, did you plan it?"

"Of course, eat first in the evening, then go shopping, then go to the movies, I want to eat popcorn, the legendary popcorn and coke~"

"What's in the legend?"

"It's just eating movies, ah no, it's a must-have snack when watching movies~, it's legendary.

"Puff...well, actually don't rush to experience it. Next time we still have a chance. We can't guarantee it once a week. There will always be once a month."

"That's what you said."

"certainly."

The two chatted, Li Yun bowed his head and kissed her neck, Xiao Su Yihui, turned his head very cooperatively, raised his little mouth, and soon became intimate with Li Yun.

After turning a half circle back to the ground, Li Yun woke up when there was an exclamation from outside, and quickly released Xiao Su.

"Have you seen it? It looks like... the man inside!"

"Oh my God, that woman is also shameless, and she stoops down."

"I'm afraid to sit down later."

"real or fake."

Li Yun was relieved by the discussion outside, not discussing him and Xiao Su, but another couple.

"Puff~, coward."

Xiao Su smiled and stretched out his fingers to scratch his cheek. Li Yun grabbed her little hand and placed it in his palm.

Chapter 4349: Once Xiao Su

"Can I not be afraid?"

Li Yun said to her innocently: "After all, if someone is seen, I can properly be blamed. Who made you look so young?"

Xiao Su's face was a little red, but he still giggled and said, "If I regain my power and become a blonde super beauty, are you afraid?"

"What am I afraid of?" Li Yun was inexplicable.

"Hmph, you don't know how majestic my body is. One look can scare you and paralyze you. When that happens, don't say bullying me like you do now, maybe you don't even dare to approach me~?"

"That's awesome, no way."

"Um?"

"Before my Xiao Su can get back the power of the previous life and become a super beauty, I have to bully her enough!"

"No way, no way... Yeah, the villain is forbidden to kiss anymore."

Xiao Su blushed and pushed him away, and hit him with his head, "I still want to chat with you, it's all around, you bad guys always want to kiss me."

Li Yun is embarrassed to say, who made you so sweet? Just now the two of them ate ice cream while intimacy, but the taste of ice cream is not as good as that of Xiao Su, and they are not tired of kissing.

"What are you going to talk about?" Li Yun became serious. "You were silent in the car before, did you want to chat with me?"

"Hmm... I can't hide it from you."

Xiao Su looked at him and asked: "Before you said...when I was in the small world, it has changed a lot from now, right?"

"Of course." Li Yun smiled slightly, "What do you say about you at that time, do you remember? You controlled..."

"No, it's creation! It's stupid."

Xiao Su wrinkled his small nose with a look of disgust and contempt. Li Yun could only raise his hand, "Yes, Xiao Su in my family created those people, not illusions."

"That's right, you don't understand my power at all, hum, keep talking."

Xiao Su looked at him.

Li Yun continued: "At that time, you were like a... how to describe it, like a person living in outer space. Can you understand this description, Xiao Su?"

"Humph."

The blond son Loli groaned, but she didn't know if she understood.

Li Yun also said: "It's people who are different from us, who are completely beyond human society, living in a lonely environment and not interacting with anyone. That's how it feels."

Touching her little face, Li Yun smiled and said, "For example, when you appeared, you were sitting alone on a big tree. If it weren't for your small appearance, I would have thought you were a young girl. "

"she?"

"Yes, Qing Girl was also sitting alone on a stone pillar, silently looking at the moon in the sky, her whole body exuded a breath of silence, as if she could leave at any time."

"..."

Xiao Su pressed his face to his chest and said softly: "That was how I was... you know? I've lived in a small world for thousands of years, and in my mind, I have Memories, I know that the outside is vast, but I can't go out, so I can only wait silently... after a long, long time, someone finally came in.

"That person is me?"

"Um."

Xiao Su said with a smile, "Actually, I was very happy at the time, but I didn't learn how to communicate with people in this life, so I changed into a little girl to approach you, hehe."

Chapter 4350: Lovely

Li Yun squeezed her cute little face, "Then we need to be punished now. It really scared the three of us back then."

"Yes? You villain is bold and always confident!"

"So you teased us?"

"Hee hee~"

"Finally!"

Li Yun's punishment was naturally to catch her small mouth and give her a fierce intimacy. After the Ferris wheel reached the top, Xiao Su slapped and pushed her away. After her lips separated, she gasped for breath.

Li Yun's heart was moved by seeing the soft and charming eyes in his big eyes.

"Bad guy~" Xiao Su put his arms around her neck and turned into a pose facing her, with a smile in his eyes: "What about me now?"

"Do you think you are getting better or worse now?"

"Of course it's getting better...No, for the goddess, it doesn't matter what my personality is. Even if I stay in the small world, I will always be fine, and I won't perish because of loneliness."

Xiao Su showed a proud look again. The little mouth that Li Yun had kissed many times was so cute and ruddy that Li Yun couldn't help lowering his head and kissed her again.

"Bad guy, necrotic, always want to kiss me."

The blond son Lori complained, but her face was full of happiness.

Li Yun hugged her and chuckled, "My little Su, now he is so cute and loving."

"Cute love?" Xiao Su's voice rose, surprised by this description, but she didn't know that her cute little face became more cute and loveable.

"Well, it's lovely."

Li Yun kissed her again, and after some hooking, because there was almost no time, the Ferris wheel was about to descend to the ground, so he let her go, and continued: "Somewhat arrogant and very arrogant, but this arrogant combination It's not annoying, it's a childish kind of arrogance, so cute.

Xiao Su blushed, why didn't she know she was cute? It must be Li Yun, the villain, who is coaxing her.

However, she didn't hate this kind of coaxing.

"Furthermore, Xiao Su now has become very lively and full of vitality, completely different from the silent little Lolita in the small world before."

Li Yun held up her little cheek, Xiao Su blushed and snorted, and then actively moved forward, raised his head, and waited for his kiss to fall.

She got her wish.

Holding his neck, he kissed affectionately again.

After a few minutes, the Ferris wheel descended to the ground.

The people waiting to get on the Ferris wheel saw a handsome young man with a healthy and tall figure, holding a very immature blond Lolita wearing Lolita clothes, walking down the Ferris wheel.

For a time, handsome men and beautiful women, no, it was the combination of handsome big brother and cute little sister that attracted the attention of many people.

"what?"

But some people also found that the cute little blonde loli in a beautiful lace ***** dress, her face was red, as if she was shy just now, and her little cherry mouth was even more rosy and shiny, as if...just kissing pass? !

Those who discovered this situation were all stunned. It was not a combination of brother and sister, but boy and girl friends?

"hiss."

Some were full of envy, and some were full of contempt. If the young man was not so handsome, they would all want to call the police.

However, judging from the blonde loli holding his hand tightly, she is willing to be intimate with her boyfriend, and they are not easy to bother. After all, there is no evidence that it is not. Besides, now junior high school students are falling in love too much , The pupils are ready to move.
