

Godly Choice 4351

Chapter 4351: go to the park

Li Yun took Xiao Su Bainen's little hand, and after leaving the playground with her, he drove to find a restaurant nearby. Li Yun wanted to choose a box with a box, but unfortunately there was none, so he could only be in the lobby with Xiao Su Jiang. have lunch.

However, the two of them seemed to be uncontrollable. Although they were not close to each other during the meal, they fed each other. Xiao Su was still full of happiness, and his tender and honeyed appearance made the people around him look over frequently and guess. The relationship between the two.

Li Yun ignored the gazes of others.

After eating, he took Xiao Su by the hand and left, and asked her: "Where shall we go to play in the afternoon? Do you want to take a nap?"

"Well, it's okay to take a nap."

Although Xiaosu is the reincarnation of a goddess, even if it is a goddess, she has to take a lazy nap, let alone reincarnation.

Taking a nap is a matter of enjoyment, rather than having to sleep.

"Go, go to the hotel?"

Xiao Su's face was shy, and his tone was trembling.

With the current relationship between the two people, now they are out on a date again. When a couple goes to a hotel to open a room, what will happen?

Although Xiao Su was certain that Li Yun couldn't help it at noon, she was 100% sure that this guy would bully her arbitrarily. It is estimated that when it is time to go out to play in the afternoon, it may be three or four o'clock.

"Don't go." Li Yun denied.

"what?"

Transformed? Xiao Su looked at him in surprise.

"Haha, let's go to the park."

Li Yun laughed, squeezed her little face, dragged her to the parking space, and drove away.

"Park? Go to the park for a nap? Right?"

Xiao Su wanted to understand, and his tone suddenly rose, obviously looking forward to such a thing.

"Yes, the weather today is very good. I should be able to find a place to take a nap under the shade of the trees." Li Yun drove out of the car. He had already found the park while eating, so he could just go directly.

"If you can't find it? Go to... the hotel?"

The park is generally very large, but not every place has a place suitable for sleeping. There are people coming and going in some places close to the road, and Xiao Su does not want to sleep in that kind of place.

In that case, it might as well go to the hotel.

A little bit bullied by this guy, Shinobu Shinobu passed away~.

"If not, we will go to the Qingshan Scenic Area. The scenic area is larger and covers an area of several kilometers. We will definitely find a place suitable for a nap."

"Well, it's almost...but."

"But what?"

"But I want to go to the scenic spot you mentioned, what should I do?"

"Hahaha, no hurry, next time, next time we go to play for one day, the scenic area is too big, it will take one day to play."

"Hehe, good."

Xiao Su responded happily, played on the phone alone for a while, then turned to look at Li Yun who was driving, his face turned red, and suddenly asked: "How long will we go to the park?"

"About twenty minutes, watch the traffic lights, after all, it's in the city."

"Twenty minutes... it may not be enough for you, a big bad guy." Xiao Su's face was even redder, making Li Yun inexplicable, "What's wrong?"

"It doesn't matter, I will try my best, and I won't be able to come out and ignore you~"

Xiao Su said, picking up the hair next to his ear, and leaning to Li Yun's driver's seat.

"stand up."

"Uh?"

"Get up, you're stupid."

"..."

Xiao Su got the milk tea, opened his mouth to bite the straw, and hummed for self-entertainment, looking up at Li Yun.

After being shocked, Li Yun quickly calmed down, and when the green light arrived, he continued to start the car.

Chapter 4352: thank you, wife

However, thanks to the advanced technology presented by the system.

Li Yun held the steering wheel of the car with one hand, and put the other hand on Xiao Su's head. In another sense, he also held the steering wheel.

"Didi."

Zhonghai City is too prosperous. The vehicles on the road flowed by like running water, and the sound of car horns continued to be heard all around. Li Yun was sure that if someone in a passing car turned his head and took a look, he would see his car. He is the only driver inside.

Xiao Su in the co-pilot was missing, and she could no longer see her head.

Because Xiao Su had lowered his head, biting the straw and drinking milk tea in a position no one could see, looking hard and leisurely.

Li Yun did it right, his eyes were straight, and he kept looking forward. However, he was not driving fast. After being round a bend by him in the original 20-minute drive, he drove for half an hour before finally driving. A parking lot was found near the park to stop.

"Bah, baah."

Xiao Su spit out the milk tea that he could not finish drinking into a bag, threw it to Li Yun blushing, and told him to destroy the body.

Li Yun squinted his eyes, smiled comfortably and satisfied, took out a napkin, scratched the corner of Xiao Su's lips, wiped it clean, then clapped his hands and said: "Okay, perfect, no one It can be seen."

"Hmph, I'm so considerate of you, how can you thank me?"

Xiao Su took a bottle of water in the car, instead of drinking it immediately, he took it in his hand.

"thank you, wife?"

Li Yun smiled and looked at Xiao Su, who was still blushing. The latter's little face blushed again, and he turned his head with a arrogant snort, and whispered: "This is almost the same, but it's still the same Not enough, you ***** deliberately persisted for so long, and it made me so tired, and it didn't make any difference if my mouth was dry.

"Wife is the best, my wife has worked hard~?"

"Hey, silly, walk around, get out of the car, it's a little bit faster!"

Li Yun took Xiao Su's little hand and got out of the car. Xiao Su still had a bottle of water in his hand. After entering the park by the riverside, she walked a long way in before she shook off Li Yun's hand and took the mineral water. Gudu took a sip, rinsed his mouth, and vomited the water into the flower garden.

After smacking, feeling that there was still a peculiar smell, Xiao Su rinsed his mouth twice before finally closing the bottle and turning his head to look at Li Yun.

"I'll take it!"

Li Yun took the bottle consciously. After all, the reason Xiao Su did this was because of him. Of course, his boyfriend had to help.

"Hmph, count your acquaintances, so much... will you despise me?"

Xiao Su wrinkled her little nose.

Li Yun scraped it amusedly, looked around, and whispered: "Let's find a remote place to take a nap, then you will know that I don't dislike it."

There are not many people in the park at noon, but there are some. Fortunately, it's not summer and the sun is not very violent. Li Yun took her little hand and quickly found a piece of grass on the grass by the river with his spiritual knowledge. There are quite a few remote places in the bamboo-leaf forest. Not far away, there are also tourists in twos and threes lying and resting, looking leisurely.

In theory, there are tourists here, but after seeing someone from the gap in the bamboo, they will consciously leave and find another place.

The place that Li Yun looked for was basically the best. There was bamboo covering most of the figure, and there was no road in front, so no one would come around.

If someone comes and sees him and Xiao Su in front, they will not go in again to disturb them.

Chapter 4353: Don't believe her

"This is it!"

Li Yun took Xiao Su's white and tender little hand, and the two of them went into the bamboo forest together, facing the clear river, behind which was a runway, but it was sheltered by bamboo. The river was wide enough, and the people on the other side could only see him and Xiao Su. But I can't see how old Xiao Su is.

It is very convenient for Li Yun and Xiaosu to be intimacy.

"Here? Well, not bad, barely~~"

Xiao Su said so, but in fact he was quite satisfied, and urged: "Quickly, take out a piece of cloth and spread it on the grass. It's uncomfortable to sleep on the grass~"

The grass that is warmed by the sun is actually quite good to sleep on, but if you spread a piece of cloth on it, you can isolate the uncomfortable feeling of the grass and enjoy the fragrance of the grass, which is really good.

This kind of grass is very short, the kind of grass that people can step on. Li Yun didn't feel embarrassed. He took out a patterned fabric and laid it down, pulling Xiao Su to lie down.

Naturally, Li Yun hugged Xiao Su in his arms. No matter how natural, Li Yun kissed her little mouth and proved that he did not dislike her with his actions.

Well, the facts have proved that there is indeed no peculiar smell, all are cleaned, and the sweetness is restored.

"Bad guy, sleep."

The afternoon sun was very warm, and after getting intimacy with the person he liked, Xiao Su became more and more lazy, lying on his chest, reluctant to move, and lazily hugging him.

"Well, go to sleep."

Li Yun touched her little face, and after making Xiao Su let out a comfortable grunt, he fell asleep quickly.

Li Yun took out his phone, took a picture of Xiao Su's face, and sent it to Fang Xue, telling them where he and Xiao Su were.

I'm not afraid that they are worried, but just tell me that I and Xiao Su are okay, lest they miss them all the time.

After chatting with them for a while, Li Yun put down his phone, hugged Xiao Su's petite body in his arms, and slept lightly for a while.

During his sleep, Li Yun vaguely felt someone passing by, but did not stop, and no one came to bother him and Xiao Su. It was good. Although the park was crowded, it was still quiet.

After waking up, Xiao Su got up with a dazed expression. He was still not awake, and was held by Li Yun again, and his lips were also caught and kissed again.

"Well, badass."

After getting intimacy with him, Xiao Su took a lazy rest for a while, then got up to organize his clothes and pack things, and walked out of the bamboo forest hand in hand with Li Yun.

Outside, there were three girls standing together, probably walking around the park. When they saw Li Yun and her coming out, they were all surprised.

"You!" One of the girls looked at Xiao Su dumbfounded.

"You... are a couple?!"

The other girl was equally surprised. She was just looking at the two people in the bamboo forest outside, thinking they were lovers, but in the end...

"No, you are actually a couple?!"

She corrected it and was even more surprised.

Because Xiao Su's age didn't look like falling in love at all, but it turned out that the two of them were embracing each other just now.

But after Xiao Su came out, they were shocked.

"Yes~"

Li Yun was embarrassed, but Xiao Su blinked, stood on tiptoe and pulled Li Yun's hand to make him bend down, kissed him, and said with a smile: "I am my husband's daughter-in-law, and my husband raised me. Married~"

Not to mention that the three girls were dumbfounded, Li Yun himself was embarrassed, and quickly threw a sentence: "This girl is already an adult, don't believe her", and then quickly ran away with Xiao Su in his arms.

Chapter 4354: Ye Xiaosu, stop

The three girls were left looking at each other.

"Would you like to report a surprise?"

"You are stupid. Since that little girl has no objection and has been intimacy with her boyfriend for so long, it means that she is of course very willing. The relationship between the two is very good. If you report it, she will blame you instead."

"Yes, don't worry about it. You see that man is so handsome and he likes her so much. The little girl smiled so happily when she left, so leave her alone."

"He said she seems to be an adult?"

"I think it is."

"Actually, I still envy her such handsome boyfriend."

"I think you are thinking of spring~, haha."

The three girls left with a fuss. Li Yun carried Xiao Su away and ran a long way before putting her down. He struck her with a brainstorm, and said with a stern face, "Do you know what's wrong?"

Xiao Su was punished obediently, but, relying on her cuteness, she hugged Li Yun's arm and acted like a coquettish. She was so cute and quickly passed the test, making her triumphantly more than a scissor hand.

Li Yun couldn't laugh or cry, and pulled her out of the park.

People who met on the road also praised: "The relationship between the two brothers and sisters is really good."

"Not brothers and sisters, but...oooo."

Xiao Su's mouth was covered by Li Yun, and he hurriedly pulled her away. If he didn't leave again, this restless girl would spread the publicity of her relationship with him in the park.

Even if Li Yun is Li Chaoren, he can't resist the contempt of everyone. The key is that he can't say that Xiaosu has lived thousands of years!

The afternoon was the most boring. Li Yun took Xiao Su around in Zhonghai City and found nothing interesting.

During the period, Xiao Su drank another cup of milk tea in the car, and the rest was vomited into the bag and found a place to destroy the body.

In the end, Li Yun simply parked the car at a mall near the cinema, and took Xiao Su's hand to stroll around the mall with her. Xiao Su also changed a set of clothes and replaced the conspicuous Lolita skirt with a cool one. The girly outfit, wearing a pair of sandals, white and tender toes and jade feet, attracted the attention of all the shopping guides in the clothing store at that time. Everyone praised Xiaosu for being so cute, and also praised Li Yun for being so kind to his sister.

Li Yun could only laugh without saying a word.

Xiao Su wanted to say that he was his girlfriend, but Li Yun glared back every time he talked.

But this is not difficult for the Goddess of Light.

Before leaving the place where the clothes were sold, Xiao Su jumped out the door first, and directed at Li Yun inside the door, as well as the female shopping guides who praised her for her cuteness and praised Li Yun for petting her sister, shouting. "My name is Xiaosu, a goddess. Actually, I am Li Yun's girlfriend and fiancée. I love him, and he loves me too. We are dating~~~ They are not brothers and sisters!"

After speaking in one breath, Xiao Su chuckled and ran away. After running a certain distance, he looked back.

Li Yun and the shopping guides were all dumbfounded, making Xiao Su smile happier.

"Ye Xiaosu!!! Stop me!!!"

"La la la, my husband came to chase me, chase me~~ chase me, I will give you... milk tea, la la la."

Xiao Su ran happily in the mall, Li Yun followed closely, and after running for two floors, he finally caught her.

Snapped.

A slap on her little butt, the girl finally stopped.

The people who saw this scene laughed, only thinking that the cute sister and brother were playing around. They felt that the two brothers and sisters had a very good relationship, and they didn't think about being a couple.

However, many girls quietly expressed their affection for Li Yun, which made Xiao Su finally protect Li Yun like a food.

Chapter 4355: Unreasonable

After having trouble for an afternoon and going to the amusement park of the mall again, the blond son Loli finally stopped, clutching her belly and saying that she was hungry and wanted to eat dinner.

Li Yun said amusedly: "Didn't you drink my two cups of milk tea in the car? He also said that all my stomach was...whispering."

Li Yun was stepped on by the blushing Xiao Su, and then stared.

"Also, you guy, people want to stop drinking milk tea, but you press me and ask me to drink it, and you say you are full, bah, necrotic."

"Well, my fault, my fault, let's eat and go!"

Li Yun took Xiao Su's hand and entered a restaurant on the fourth floor of the mall. He had already fancied this place when he was walking around. Although he was in the mall, it was very elegant. It is estimated that the consumption is relatively high, even if it is in the mall. There are also few people in the mall.

Just suitable for Li Yun and Xiao Su.

After dinner, Li Yun originally proposed to go to the movies, but Xiao Su Bai gave him a look: "After watching the movie, your bad guy will take me to the hotel. I, I don't go to the movies first."

Her face was flushed, but she was ready to go to the hotel with Li Yun, not too shy.

"Where to go? You decide."

Li Yun is already talking with his girlfriend, rather than coaxing children.

"Go..." After going for a long time, Xiao Su still couldn't think of where to go to have fun, but she just didn't want to go to the movies, because she just finished dinner and couldn't eat popcorn when she went to the movies, she didn't want to. go.

"you think!"

Xiao Su has also become a standard girlfriend. He is ruthless and shameless. He threw the decision to Li Yun and added: "If you want to come up with a game that I'm satisfied with, otherwise I won't go~"

How to play...

Li Yun couldn't help squeezing her little face, Xiao Su wrinkled her little nose, turned her head to the side, and glared at him.

"go to the park?"

"I only went to the park at noon!"

"Noon is different from night. The park at night is more secluded and the night is charming. No one sees us intimacy."

"Bah, bah, I won't kiss you, if I don't go or go, the park is not fun anymore."

"Then go shopping?"

"Are we going to heaven just now?"

"Hahaha, isn't heaven your home? Uh, okay, okay, go again when you have time."

Speaking of heaven, Xiao Su felt a little depressed. Li Yun quickly changed the subject and said, "After a meal, take a break and take a walk to help digestion. Let's go. Let's go for a walk on the street and then go to the movies. "

"Well, well, barely possible."

Xiao Su agreed and stretched out his white tender and smooth hand towards him. Li Yun naturally took hold, and left the mall with her and walked onto the road.

Zhonghai City at night perfectly interprets the feasting and feasting of the bustling city. The bright lights illuminate the surroundings. If it were not for the night sky, people would never see that it was already night.

"It's so lively."

Xiao Su and him walking along the road holding hands, couldn't help but sigh.

"It's really lively, a big city of 20 million people."

Li Yun noticed the change in her mood and smiled slightly: "Xiao Su, in ancient times, when the gods were not sleeping, were there so many people?"

"how is this possible....."

Xiao Su shook his head and paused and said, "You myths and legends, you always say that the gods have millions of soldiers. In fact, they are not so exaggerated. At most one hundred thousand is great. Those mortals have fewer troops, making up five or six thousand. It's already pretty good."

Chapter 4356: Watching a movie (part one)

Li Yun smiled slightly: "Without the lack of gods, human beings have developed better and their potential has been discovered, but it has taken a lot of detours and it took so long to achieve such an achievement."

Xiao Su snorted and did not object. She was acquiesced to what Li Yun said, and she was also surprised at the development of mankind today.

"Little Su."

"Huh huh~?"

"Do you think in the future, if mankind goes to space, no, it colonizes space, what will happen?"

"What's the matter, that's it... It's not that the previous gods haven't lived outside the earth. The moon, Mars, Venus, and even the sun, there are some monsters running to live there. Oh, yes, if you do in the future Don't be surprised if you find traces of intelligent life activities on Mars."

"Haha, I might have been surprised before, but now that so many relics of ancient gods have been discovered, I guess the archaeological community will all be pushed on you."

"Hee hee~"

The two chatted for a while, and Li Yun seemed to have a better understanding of the ancient gods.

They are very powerful, they can live near stars like the sun, and they can create many magical buildings, which are completely impossible in the eyes of modern people.

However, these achievements and greatness all depend on the existence of aura. Once the aura of the universe and star space disappears, the gods and the things they created will also disappear and completely turn into ashes, and can only wait for the next aura to appear.

Li Yun really didn't know whether to complain about those gods.

Reiki is something that you have come into contact with, and there is nothing you don't like. It is the original force of the universe and can easily exert powerful effects.

But at the same time, it is too fragile to provide a steady stream.

If mankind develops aura technology, once the aura disappears in the future, mankind will have to disappear like the gods and become a cloud of history.

Is this the reason why the system rewards him for hacking technology?

"Go to the movies~."

Xiao Su shook Li Yun's feelings, clutching her belly, and said with a grin: "I'm hungry. After watching a movie, we will... go to the hotel~"

Speaking of the last sentence, Xiao Su's cute little face was obviously charming and shy, childish and cute but charming and sultry.

"it is good!"

Li Yun immediately put aside those messy thoughts, took Xiao Su to a nearby movie theater, bought tickets, bought a large bucket of popcorn and two cups of milk tea by the way, and quickly went into the theater to find a place.

"Hey, Xiao Su, come and drink milk tea."

Looking around, Li Yun said brazenly.

Today is not a weekend, nor is it a holiday. There are very few people in the theater. In addition, the movie has not yet opened, the lights are very dim, and Li Yun deliberately chose this upper corner position, except for the three or five couples in front of him. There will be no one.

Therefore, Li Yun, who was picked up by Xiao Su just now, wanted to invite Xiao Su to drink milk tea.

Xiaosu's small face was tight, and he held his milk tea very solemnly: "I'll just drink my own, so I don't want to give you your milk tea!"

"Come on, just this time, soon, ten minutes will be fine."

"Ten minutes?! The movie has started!"

"Five minutes, just five minutes, come on, good wife Xiaosu is the best."

Li Yun is like the big bad wolf who coaxed Little Red Riding Hood, enticing Little Red Riding Hood to fall into the trap step by step, and finally got his wish.

"Xiao Su is so good, my wife is the best."

Chapter 4357: Watching a movie (below)

Li Yun squinted his eyes, looked at the screen in front of the theater, put his palm on Xiao Su's small head, twisted a piece of popcorn with his fingers, and fed it to her.

As a result, Xiao Su, the little villain, didn't even bite the popcorn, so he drank it with the milk tea, and also bit the popcorn and the milk tea straw.

Let Li Yun take a cold breath.

"Gluck, the big bad guy asked you to tease me, huh~"

Xiao Su raised his head, gave him a coquettish look, and said, "I want popcorn, otherwise I won't continue~!"

"Well, a lot of popcorn, fifteen yuan a big bucket, enough for you to eat slowly."

"Bah, bah, I don't eat slowly or drink slowly. Hurry up, I want to watch a movie!"

Xiao Su continued to drink milk tea, and occasionally ate some popcorn that Li Yun brought over, cheeks bulging.

For Li Yun, she is now a very hard-working Xiaosu, but the movie soon began, and Xiaosu started to make trouble again.

"Stop drinking! You big bad guy deliberately for so long, I don't drink anymore, I want to watch a movie!"

Xiao Su raised his head and sat upright. Li Yun refused to say anything. As a result, Li Yun picked her up and hugged her in his arms. He smiled and said, "Shall we just watch the movie like this? No hurry, slow Slow down."

Xiao Su bit her lip, knowing that if she doesn't continue, this bad guy wouldn't let her go. He could only chat with him while watching the movie.

"The movie has started, give me popcorn."

Xiao Su looked at the screen while slowly grasping Li Yun's cup of milk tea with his hands, and motioned to Li Yun to give her some popcorn. Popcorn is the only way to watch movies. He always has milk tea with a stomach upset.

Li Yun sat lazily in the position, hugging Xiao Su's waist, chatting with her, he didn't watch the movies very much, Xiao Su specially selected love movies suitable for couples to watch.

However, Li Yun likes watching monster movies and some adventure movies, and horror movies are also more exciting, just as exciting movies as he and Xiao Su are now.

But there is no way, his girlfriend can say anything, Li Yun still chose this love movie with her.

So in the cinema, there are all couples, there are as many as four or five pairs, and they are very far apart from each other.

So it didn't take long for the lovers in the cinema to be like Li Yun and Xiao Su. The girls stuck to the boys, and they watched each other crookedly.

even.....

"Bah, I don't know how to be ashamed, and I don't even look at where it is."

Seeing the untidy couple in the upper left corner, Xiao Su viciously held Li Yun's milk tea cup:

"Always messing around to affect the weather, so the administrator should be driven out, shameless!"

Li Yun gasped, Xiao Su's standard point of criticism.

"Ahem."

Li Yun hurriedly kissed her, took out another popcorn for her to eat, and said: "It's almost too soon, it's almost over, my good wife is working hard, my good wife, come and eat popcorn."

Xiao Su's face was reddened, and he bit his lip and said, "It will coax people, and tell me when you want me to drink milk tea, otherwise it will be difficult to clean up."

"Yes, wife take a break and take your time."

"Well, all right."

Xiao Su released his hand and turned his head, Li Yun understood, and kissed her little mouth.

What is a movie? Can you eat it?

I definitely can't eat it, so forget it.

The movie about love on the screen may not be as good as Li Yun and her experience, so you don't have to watch it.

Chapter 4358: Take it

After a busy period, Xiao Su finally stopped Li Yun to stop. She opened the milk tea cup to one side and sat lazily in his arms. The two watched the movie together.

The movie was nothing good, but it was very long. It took more than two hours to wipe out a bucket of popcorn by Xiao Su and Li Yun. The movie came to an end.

Of course, when there were three kiss scenes, Li Yun and Xiaosu became intimate with each other, and the other couples in the theater were similar. This is the essence of a love movie. It can adjust the atmosphere to the best and make the couples room. The feelings are deeper.

After the movie was over, Xiao Su still didn't want to leave, but he still wanted to watch it again.

Li Yun said quickly: "We will see it again next time!"

"Well, all right."

Xiao Su glanced down and snorted, this big bad guy can't wait any longer, no wonder he wants to leave the theater in such a hurry.

"Go, let's go out!"

Li Yun took Xiao Su's white tender little hand, and walked out with two cups of milk tea and a bucket of popcorn that was almost finished.

"Uh, sir." The waiter had already come to the theater and saw that Li Yun had just thrown the popcorn bucket and a cup of milk tea into the trash can, and he took the initiative to say: "You can throw away the milk tea. Have you finished drinking it?"

But what surprised her was that the gentleman had eaten all the popcorn, but the milk tea in the middle cup was not finished, and he still held it in his hand.

"Let him hold it!"

Xiao Su said, the waiter looked at her in surprise, and after seeing Xiao Su's cute and immature appearance, he blurted out: "You watch the movie with him?!"

"Yes, is there any problem? I just like him~."

The waiter was shocked.

Several other couples who watched the movie were also shocked.

"Ahem." Li Yun explained quickly, "I and her... are about the same sibling relationship! Let's go, Xiaosu, let's leave."

Li Yun hurriedly pulled Xiaosu away and didn't leave again. Xiaosu, who was reincarnated by the Goddess of Light, didn't know what shocking remarks he had made.

"Brother and sister?"

A girl who was watching a movie with the two of them just now obviously didn't believe it, "I obviously saw that they were also kissing and bowed their heads... Forget it, it doesn't matter to us, the rich are self-willed."

In her opinion, a person with temperament like Li Yun must be a rich second generation, and the bag in her hand to help the little girl is not simple. It is tens of thousands of dollars, and she can't take care of it.

...

Li Yun took Xiao Su out of the theater. After waiting outside, he threw today's third cup of milk tea, which Xiao Su could not finish drinking, into a relatively large trash can, clapping his hands, and destroying the body. Extinct.

"puff."

Loli, the blond son, couldn't help laughing, and said in a tired voice: "You bad guy is so courageous, you won't dare to go with me later... well."

If you go to the hotel to book a room, Li Yun will cover it up, and the people around are all people. If he is heard, he won't think about having anything to do with Xiao Su tonight, just go home.

"Really scared?"

Xiao Su looked at him amusedly, "What's the matter? In ancient times, those rich people were surrounded by several maids who were raised from childhood to adulthood. Aren't they all messing around. Besides, I am the real goddess reincarnation. , Not a kid, hum~!"

Xiao Su, the reincarnated goddess, is so proud.

Li Yun couldn't laugh or cry, and squeezed her little face: "This is not ancient times. Even if I am Li Chaoren, I can't be unscrupulous. Even if you are a goddess, you can't unscrupulously challenge people's moral bottom line. Otherwise, modern society is very It might crash."

Chapter 4359: Miss Xiao

"...I think you are talking nonsense."

The blond son squinted at him, "This modern society in your mouth looks very civilized and advanced on the surface, but in fact a hundred years ago your most powerful country was still doing the slaughter of natives and killing Indians. Light, and discriminate against those with dark skin. Even in modern times, there are islands of power like St. James Island. How can it be said that it is different from the ancient times?"

Li Yun was speechless. The most powerful country is a beautiful country. Their westward movement killed tens of millions of indigenous people. They also declared themselves to be a

civilized country. Originally, Li Yun was much lazy to pay attention to, but now in the Holy Light In front of the goddess Xiaosu, what this beautiful country did became a shame to mankind.

As for St. James Island, the water inside is deeper, and anyone who knows it knows that there are many evils hidden in it.

"Ok."

Li Yun raised his hand and surrendered, "I can't tell you, but when Xiao Su you talk nonsense, I really can only run away with you, I don't like to joke."

Xiao Su groaned, neither objecting nor agreeing, but there was a little blush on her face. Li Yun took her little hand, got into the car, and asked Li Yun to buckle her seat belt, like an obedient little girl. Waiting for him to take himself to the date place.

Li Yun kissed her again before he walked to the driving position, started the car, and drove towards a luxury hotel in Zhonghai City—in fact, it was the hotel of Xiao Mingzhu's house.

There are countless hotels in Xiao Mingzhu's home, especially in Zhonghai City, where eight of the ten five-star hotels belong to her.

When Li Yun goes to her hotel, it is the same as returning to his own home.

However, it is impossible for an ordinary waiter to recognize him. Li Yun ordered a five-star luxury suite according to the rules, which cost tens of thousands of dollars a day and set it for three days in one breath. I wanted to ask if he and Xiao Su were brothers and sisters. The managers and waiters all closed their mouths and respectfully led him and Xiao Su up to the forty-eighth floor.

Luxurious hotels, luxurious suites, and a two-hundred-meter-high skyscraper. This room has an invincible view. After opening the door, you can see the beautiful night view of the sea in the huge floor-to-ceiling mirror. The value of the flower!

Of course, for people who are not short of money, if they feel expensive when they move in, the beautiful scenery will not interest him.

"gentlemen."

The manager respectfully said: "If you have any needs, please ring the bell. We have a dedicated person on staff 24 hours a day to ensure that we can respond to your needs at any time."

Li Yun nodded and was about to speak, but Xiao Su finally couldn't help but speak at this moment: "If we want something interesting, can you find it too?"

"what?"

In the end, the manager was dumbfounded and looked at Xiao Su with a horrified expression. He had guessed about the relationship between the two people before. After finally confirming it, he was still shocked and shocked. Although this gentleman looks rich, he can't be so messy. come.

"Ahem, she meant some toys." Li Yun quickly corrected it.

"Yeah," Xiao Su added solemnly: "It's between couples...well."

Li Yun covered her mouth, making Xiao Su's little hands flutter, and she couldn't get rid of the struggle.

The manager was even more shocked.

Li Yun helplessly said to him: "My name is Li Yun, you call the Miss Xiao from your house, and she will be responsible for telling you."

"Miss Xiao? Ah, you mean Miss?!"

Chapter 4360: Her name is Xiaosu

The manager finally recovered, and after repeated confirmation, he immediately contacted the superior, and then the superior contacted the eldest lady.

Regarding Xiao Mingzhu, although the manager has not seen her personally, she has heard too many rumors about her within the hotel group.

In the future, he will definitely be in charge of the Xiao family's hundreds of billions of assets, but they are not too concerned about the Xiao family's current business. But the point is that the Xiao family, including the managers, dare not and will not say anything. What, on the contrary, I admire her more and more.

Because Miss has become one of the shareholders of Baiyun Technology, I am afraid that in the future, I am afraid that I will not become the president of Baiyun Technology, and truly become a super female president that affects the world. the difference.

As long as the young lady can master Baiyun Technology, anyone in Xiao's company can manage it. No one dares to mess around. Baiyun Technology is too powerful and has become a symbol of Huang Xuanguo's step-by-step replacement of the beautiful country, plundering on a global scale. wealth.

The key is that Baiyun Technology's brutal plundering method has no country in the world dared to refuse.

To refuse, is to refuse to embrace the future, Baiyun Technology's series of black technologies cannot be enjoyed, and that is fatal.

Therefore, after hearing the young lady's voice, the manager immediately straightened his waist, "Miss, a customer on my side said that his name is Li Yun..."

"Oh, he, he's my husband, what's wrong? He's on your side now? In the hotel? With whom?"

"Uh, and..."

The manager looked at Li Yun and then at the blond loli. The lovely loli blinked at him, looking mischievous.

Li Yun couldn't laugh or cry, "Just tell me honestly, and Xiao Su, I'm with Xiao Su."

"what!"

Xiao Su, who has been mischievous all the time, finally changed his face after hearing these words, and hurriedly wanted to stop: "Don't say..."

But unfortunately, the manager didn't listen to her, and Li Yun smiled and hugged her waist, not allowing her to disturb the manager.

"Mr. Li Yun, with a very young...girl, she seems to be called Xiao Su."

"Oh....."

The manager heard that Miss Xiao used a very long voice and said meaningfully, obviously not being angry, but in a tone that understood something.

Li Yun also heard Xiao Mingzhu's voice in his mobile phone, and stretched out his hand dumbfounded. The manager quickly handed him the mobile phone.

"Pearl, it's me."

Li Yun's intimate tone made the manager stunned, and then he remembered with sweat, that Miss Xiao just now said that Mr. Li Yun was her husband! !

husband! !

Isn't Ms. Xiao's husband who is said to be the mysterious chairman of Baiyun Technology? !

For a while, the manager was confused again.

"Well, knowing it's you, how about it? Have fun with Xiaosu? Planning to stay in my hotel tonight? Open a room?"

Xiao Mingzhu endured a smile, "Although I know that Xiaosu is the reincarnated Goddess of Light and is in good health, you can't mess around casually. Pay attention to the influence. You see, now you have to call me, obviously. Have you been questioned? Hehe."

She finally couldn't help but laugh. She always wanted to laugh just thinking of how Li Yun and Xiao Su were stopped at the hotel.

Li Yun looked embarrassed, "I blame Xiaosu that girl, I have to say it..."

"say what?"

"Said I want some fun toys."

"Puff...you really, take a moment!"
