

## Godly Choice 461

Chapter 461: Everyone's shock

Yuan Cheng, 41 years old this year, is the director of Mingxiu District, Zhonghai City.

He received a call to report the crime at around nine o'clock in the evening, saying that Zhonghai City was close to the highway intersection and there was a strange and mysterious explosion that occurred. The skyrocketing fire light made it clear to everyone at the highway intersection.

Yuan Cheng didn't dare to neglect. He didn't even have time to return to the game, so he called two heavy | case teams, at least 20 capable officers, each took their weapons and hurried over.

On the other side, the fire brigade also received a call, and a fire truck came roaring in.

Along the way, feeling that the matter might be very serious, Yuan Cheng deliberately made a phone call with the General Administration of China Shipping, and was instructed: if no casualties were found, the scene should be sealed off, the truth should be investigated, and the report should be reported in time!

"Strange, how could anyone create an explosion in the suburbs?"

Yuan Cheng still couldn't figure out why someone would engage in trouble on the expressway. Huang Xuan state banned guns. The security is much stricter than foreign countries. There are very few terrorist attacks, and Zhonghai City has been for five years. No reports of explosion incidents have been received.

The same goes for the people in the serious crime team. They thought that some kind of tanker had exploded, but the report they got was that it was in an abandoned mental hospital.

Abandoned mental hospital, there is an explosion? !

Everyone couldn't figure it out. Some people speculated that there were some unstable social elements fighting there, and they quickly got the approval of everyone.

"...When you get to the scene, stabilize the situation first, and all those who fled will be temporarily controlled!"

Yuan Cheng made arrangements on the walkie-talkie, but suddenly, the car squeaked to a halt, and the people in the car suddenly became nervous and asked what was going on.

"Yuan, Yuan Ju!" the driver yelled in horror: "Look out the window!"

"Out of the window?"

What's outside the window?

Everyone was taken aback and turned their heads to look out the window. All of a sudden, everyone showed a surprised expression.

I saw a black area outside the window. Numerous mosquitoes, snakes and ants were alarmed by the sound of their car's engine, screaming frantically, and the sound of hitting the window glass made people panic.

"Bats, cockroaches, moths, mosquitoes, flies, venomous snakes... my God!" someone exclaimed, "What the \*\*\*\* is going on? Why are there so many insects near the mental hospital!"

"How many insects is this?!"

Hearing this sentence, the driver suddenly had a clever idea and pressed the horn button forcefully.

"drop--"

The harsh horn sounded, and suddenly, it was like a stone being thrown into the calm lake. More than a million bugs were awakened. From big trees, weeds, stones, etc., all bugs in all directions were shocked, like a torrential rain. To these cars!

There is a saying that moths extinguish the fire and kill themselves.

But for the nearby insects, they all turned into moths at this moment, crashing toward the car frantically.

"Yuan Ju, we...!" The team members swallowed. Such a weird thing, even with their rich experience in handling cases, this is the first time I have seen it!

Yuan Cheng's eyes condensed, "Something must have happened in the mental hospital ahead. Let's go immediately and leave the bugs alone for the time being!"

"boom!"

While talking, there was a sharp gunshot in front of him, and everyone immediately woke up. Sure enough, someone was fighting!

"Okay, dare to shoot out in front of our heavy case team, boss, request to fight!"

"Don't be impulsive, wait and be careful!"

But when they drove to the door of the mental hospital and got out of the car, they were shocked again by the scene before them.

"Don't move, put down your weapon!"

Chapter 462: Villain

Seeing this group of plainclothes policemen with guns appeared, Li Yun was stunned for a long time.

He was about to use the last five bullets to cooperate with Gong Lianyi and the two women who would be killed by Li Sheng, but he did not expect an official person to come.

But it was right to think about it. He had a big explosion, and it was a highway intersection not far away. It must have been reported by someone seeing the fire.

"Don't move, put down your weapon immediately!"

"Who are you... who?!"

Director Yuan looked at Li Yun. To his surprise, this person was the only one holding a gun?

The rest of the people were all holding swords, and he immediately understood that this was a group of people from the rivers and lakes fighting together!

But who is that dark person?

There is also the one that is even more afraid. There are several sarcomas on his body. At first glance, it is the kind of big villain that takes half an hour of movie time to kill in a horror movie!

"Ahem!"

Li Yun stood up with the gun in his hand pointed at Yu Lisheng, and shouted to Director Yuan: "My name is Li Yun, do you...do you know Liao Hua?"

"Don't even think about it!" Yuan Cheng pointed at him with a gun, and shouted sharply:

"Immediately put down the weapon, no matter who Liao Hua is, wait for me to deal with it!"

"Can not do it."

Li Yun shrugged and pointed at Yu Li Sheng in front of him, "You see this sarcoma monster, right? This guy manipulated tens of millions of insects in an attempt to refine the Gu King. You are not his opponents. Let me solve it. Him!"

"what?"

The team members all looked at the sarcoma monster. They are still being harassed by insects. Fortunately, after they came to the mental hospital, the residual heat of the explosion prevented the insects from approaching, otherwise they would not even be able to get off the car.

"Jie Jie Jie!"

Yu Lisheng rolled his eyes and laughed strangely, and said, "I am a monster? Hehe, who is the culprit in making this explosion, Li Yun? Hey, you idiots, don't you want to catch these people soon? live?"

Yuan Cheng and the others are in a daze, who are they listening to?

"You are Director Yuan!"

At this moment, Uncle Zuo stood up, bowed his hand to Yuan Cheng, and said, "My name is Zuo Gaochi, a deacon of the palace family. We met once before, don't you remember?"

"Zuo Gaochi?" Yuan Cheng had some impressions, but he was more interested in his other identity,

"Are you from the palace family?"

"Not bad!" Uncle Zuo introduced him, "This is Miss Gong Lianyi, the elder of our palace family, and this is Gong Qingyu, the daughter of the family master!"

"So that's the case, then he is..."

"Don't try to escape!"

Li Yun fired again and shot Yu Lisheng who was fleeing. Gong Lianyi immediately followed and swung a white sword gas at Yu Lisheng who was fleeing. At the same time, he said: "Director Yuan, please capture this person first. We will explain to you later!"

Perhaps because of Uncle Zuo, or perhaps because of Gong Lianyi's decent tone, Director Yuan finally believed in Li Yun and his party and chose to pursue Li Sheng with him.

"Yu Lisheng." Li Yun and Gong Lianyi forced him to stop. They smiled while holding the winning ticket, and said: "I advise you to surrender to science, and you can save a life, because Director Yuan is on the side and no one will kill. You, but if you insist on resisting, we can only kill you on the spot!"

"The little beast is looking for death!"

Yu Lisheng was furious. He originally wanted to take the opportunity to escape and wait for the opportunity to kill Li Yun and everyone present.

But as a result, Li Yun still blocked his escape!

"Who are you scolding, you old fellow!" Gong Qingyu yelled, and whipped at him again.

Li Yun is her husband, and Yu Lisheng scolded him, wouldn't it be tantamount to scolding her Gong Qingyu?

Chapter 463: beat

The battle started, but Yuan Cheng and others discovered that they really couldn't get in.

This monster with five sarcomas on his body is very powerful. It looks like a thin old man in his fifties, but his strength is amazing and his body is extremely hard. After Yuan Cheng's warning was invalid, he tried to open his thigh. One shot, the bullet actually pierced his skin!

"Strange, it's also a pistol. How could Li Yun's white pistol deflate Yu Li Sheng? One shot made a big wound, and our bullets weren't effective at all?"

Yuan Cheng was shocked, so he could only choose to swoop on the sidelines to guard against possible enemies.

Gong Lianyi is holding a peach wood sword as the main force, and Gong Qingyu's ghost-binding rope is flexibly supported, and Li Yun, who is armed with a powerful gun and can shoot defunct bullets as a threat, is infinitely powerful in combination. It is no wonder that Yu Li Sheng used Gu After the worm possessing method, he can still only flee in embarrassment!

In the end, Li Yun shot Li Sheng's right leg with a single shot, causing him to completely lose his mobility!

Fortunately, Yu Lisheng can't fly, and his strength is not even a bit worse than that of Concubine Wan Qing who can control flying hairpins. He was beaten to death by the three of Li Yun with powerful magical weapons!

"Surrender." Li Yun actually had no bullets in his Silvin pistol, but still pointed at him with the muzzle, and said in a flat tone: "You have no chance!"

Su Houde, who was watching from a distance, looked at Yu Lisheng who fell on the ground, his expression was extremely complicated, and finally he let out a long sigh of relief.

Everything is over, and the dean will be arrested and brought to justice. The patients and nurses who died tragically at the time can also be stunned.

"Do you think you can kill me like this?" Yu Lisheng lay on the ground. The seven Gu sarcomas on his body had been knocked out, and his whole body was so \*\*\*\* that he couldn't be more miserable.

But he still has a killer move!

"Boy!" Yu Lisheng stared at him fiercely with hatred, "I don't know where you got the three magic weapons, but I want to fight my six magic doors with this, you are still very tender. !"

"Even if you beat me, you can't kill me, you will die!!"

With a sharp shout, the wound on Yu Lisheng's body gushed out a lot of blood, which quickly soaked the ground, his head tilted, and he seemed to die.

But everyone was shocked, and Yu Lisheng definitely did not die, because the blood flowing out of him did not penetrate the ground, but instead flowed and enveloped his whole body.

Suddenly, Yu Lisheng seemed to become a blood-colored mummy, exuding a terrifying red light!

"What the hell... are people from the rivers and lakes so powerful?!"

A gunman screamed in horror. This strange scene completely broke his understanding of the world!

It turns out that those abnormally flooded insects are really caused by the sarcoma monster in front of me!

"Hurry up and attack him!" Li Yun yelled, and Gong Lianyi and the two women recovered from the shock, and quickly attacked Yu Li Sheng with weapons.

But it was too late.

"boom!"

The red mummy exploded and developed. Li Yun only saw a red phantom rushing towards him, fast as lightning. He only had time to stretch out his hand to block it, but the red phantom was not affected at all, and went straight into it. His body.

"Jie Jie Jie, boy, you are dead!"

A weird voice sounded directly in Li Yun's mind, just as the system was talking to him. The difference was that the voice of the system sounded deep inside, and this voice could only exist on the surface!

Chapter 464: Natal gu

"Li Yun!!!"

When everyone saw him being attacked by a red light, they were immediately shocked. Gong Qingyu was the first to react and hurriedly handed the ghost-binding rope to Li Yun, and wanted to

take off the evil amulet she had stored next to him and put it on Li Yun. , To be forced out of that red light!

"Don't waste amulets, I have a solution!"

Li Yun waved his hand to make them feel at ease. At the same time, he silently said in his heart: "Yu Lisheng?"

Without the human tone, Li Yun can only rely on guessing.

"Yes! It's the old man!"

As if the winner was in hand, Yu Lisheng became very proud, and even took the initiative to answer Li Yun's question: "Do you know what this is?"

"I would like to hear the details." Li Yun's face was flat, of course, Yu Lisheng couldn't see it now.

"Jie Jie Jie!" Yu Lisheng let out an arrogant laugh, "This is my natal gu. I have practiced "Insects and Demons" for 80 years, and I have cultivated to the Seven Insect Realm. I finally completed it ten years ago. Life Gu!"

"What is the natal Gu?" Li Yun spoke a little disdainfully, trying to arouse him.

Unfortunately, Yu Lisheng mocked and said: "The power of the natal Gu is far from what you can imagine. You only need to know that I can resurrect on you with this Gu worm, but you have no power to resist. I tortured and finally committed suicide in despair!"

"Of course, you have been controlled by me, it is impossible to commit suicide!"

"hehe."

"What are you laughing at?!" Yu Lisheng became angry from embarrassment.

"Yu Lisheng, don't you lie at this time, right?"

Li Yun smiled and said: "If you are so powerful, with your anger-prone personality, you will now control me instead of talking nonsense with me!"

Yu Lisheng was silent.

"I guess it will take a while for this natal Gu to attack, and it may even require me to become nervous. When I can't eat well or sleep well, when I'm weak, you will invade my soul again, right?"

Yu Lisheng was shocked, this kid was too calm, knowing that his three souls and seven souls were threatened, could he still talk to him indifferently?

This kid... Could it be that some old monster reincarnated?

But when reincarnation is said to be illusory, Yu Lisheng only read it in the Cangshu Pavilion in the school, and even the books say that this is an ancient method, and it is basically impossible for anyone to reincarnate in modern times!

"Huh!" Forcibly suppressing the suspicion in his heart, Yu Lisheng sneered: "What about knowing? I have been stored in your body and threaten your sea of consciousness all the time. One day you will reveal your flaws and be taken over by me!"

"Oh?" Li Yun smiled, "Why don't you try it now?"

He really wanted to experience the feeling of being invaded by the Sea of Consciousness. Yu Li Sheng, the enemy is very weak, and Li Yun wanted to learn some 'experience' on him so that he could deal with similar situations in the future.

But unfortunately, Yu Lisheng is very weak now, and wanting to invade Li Yun's Sea of Knowledge is no different from hitting a rock with a pebble.

Li Yun probably guessed the reason, so he could only sigh, and said, "In this case, I can only kill you."

"you!"

With this extremely compelling tone, Yu Lisheng almost didn't spit out old blood - of course, he couldn't spit out old blood anymore.

"Hehe, what a joke! I want to see how you completely killed me!"

Yu Lisheng's self-confidence is not unreasonable, the natal Gu is very weak, but also very powerful.

Weakness is relative to not entering the human body, while strongness lies in the fact that once the natal Gu enters the body, it is extremely difficult to separate it unless the host is killed!

"Yu Lisheng, do you know? I'm actually a plug-in player!"

Chapter 465: Actually, I'm an opener

After saying this jokingly, Li Yun took out a small detoxification pill and put it in his mouth without hesitation.

At the same time, he found a medium-sized detoxification pill. If it doesn't work, eat one more!

But this seems to be enough.

The small detoxification pill turned into a magical power to flow all over Li Yun's body. Yu Lisheng's natal Gu, who was hiding in Li Yun's body, suddenly felt this repulsive force, just like Li Yun's body became a compact jade, white Flawless, perfect, no foreign things can stay at all!

All foreign filth was expelled.

"What is this? No! No, don't kill me, I surrender..."

Without finishing a sentence, a red light shot out from Li Yun's chest, and fell to the ground within two meters of flying out. Gong Lianyi raised the peach wood sword for fear that things might change. Completely kill!

"Ding, the host made a choice to kill Yu Li Sheng, and the reward (experience value + 800,000, all attributes + 1500, golden gift bag\*1, justice value + 2000.) has been issued!"

Li Yun only breathed a sigh of relief. This is the end of tonight's action. Although the process was tortuous, the gains were quite a lot. More importantly, the two golden flowers of the palace family

saw a lot of magical things. I believe that they will be able to fight with ease in the future when they face these Gu worms, souls and zombies!

Moreover, Li Yun also harvested a recovery pill and a golden gift bag. The recovery pill was temporarily not used and belonged to the treasure at the bottom of the box.

As for the golden gift bag, Li Yun is looking forward to another piece of equipment when it is opened together next time!

The best is a cold weapon similar to a peach wood sword.

"Li Yun~!"

Gong Qingyu threw into his arms, tears bursting into his beautiful and clear eyes.

"Okay, it's all right."

Li Yun hugged her tender body that was trembling slightly because of excitement, and stroked her beautiful butterfly bone with his right hand a few times to show comfort.

Can Li Yun feel bad for his girlfriend?

However, Gong Qingyu acted like a baby for a while, then let go of her, and instead pushed his Aunt Lian into Li Yun's sorrow.

"Ah... Li, Li Yun."

Gong Lianyi was so embarrassed that her whole body was tight. It was the first time that she was embraced by Li Yun so intimately, and she was still in front of her goddaughter or sister, which made her cheeks flushed with embarrassment. Even the disguise mask couldn't stop the blush.

Li Yun smiled softly, "Lian Yi, are you afraid tonight?"

Over the past few days, Gong Lianyi's favorability for him has risen to 97 points, but he has not been willing to move anymore. Li Yun estimated that because of Qingyu's relationship, Lianyi was a little unwilling to let go.

After all, Qingyu was the goddaughter she had been watching when she was twelve years old, but now Gong Lianyi wants to serve Li Yun with her...

"No, not afraid."

But even so, Gong Lianyi didn't want to let go of Li Yun. Instead, he gently wrapped his arms around his waist, leaning his head against Li Yun's broad chest, enjoying a trace of rare happiness.

"Because you are here with Li Yun, I am not too scared."

After uttering this sentence in Li Yun's ear, Gong Lianyi leaned on Li Yun's shoulder again.

One second, two seconds, three seconds.

Gong Lian reluctantly left Li Yun's embrace, her face was covered with happy blush, her head slightly lowered, like a shy little wife.

"Auntie Lian, how do you feel?"

Chapter 466: Contact Liao Hua

Gong Qingyu's words made Gong Lianyi ashamed and annoyed. She felt that she was less and less majestic as an elder, and she was constantly teased by Qingyu.

"Qingyu, is your badass itchy?"

"Ah, forgive me Aunt Lian, they are just asking, and they didn't say anything!"

"Dare to say it!"

The two women were laughing and playing, and for a while, the strange atmosphere around them disappeared a lot.

Yuan Cheng issued a series of orders, including extinguishing the fire, collecting evidence, reporting to superiors, and blocking the scene, so that passers-by and villagers who were onlookers in the distance went back to sleep.

And those scattered insects, as long as the doors and windows are closed, the problem is not very big. The only worry is that they may eat crops and vegetables.

Fortunately, the suburbs of Zhonghai City are full of greenhouse vegetables, and the losses are still acceptable.

"Li Yun!" Upon receiving the order, Yuan Cheng hurried over with his mobile phone and said respectfully: "It turns out that you are the mysterious security expert. The leader of our General Administration knows you and wants to talk to you, uh, don't worry. , Not accountability, but want to know what happened."

"The leader of the General Administration?"

Li Yun thought for a while, only vaguely remembered that he was called Wang Anji, not only the director of the General Administration, but also a standing post in the city, and he was regarded as one of the major leaders of Zhonghai City.

Let the two women wait for a while, Li Yun talked with Director Wang on the phone and talked about it roughly.

But Director Wang had never come into contact with things like Gu worms. If he hadn't heard Li Yun's words, he would have thought he had been teased!

"Li Yun, are you sure what kind of worm is causing trouble?" Wang Anji's tone was shocked. He saw Li Yun two days ago and was already shocked by Li Yun's amazing hacking skills.

Unexpectedly, only two days later, Li Yun suddenly said that he had encountered some Gu worm.

"Ahem, Director Wang, do you know Liao Hua?"

"I know, we met two days ago, and he introduced you to me!"

Wang Anji came back to his senses. Liao Hua was the leader of the National Emergency Response Team. In this case, Liao Hua must know the inside story.

"How about I contact Liao Hua for you?"

"Trouble Director Wang." Li Yun smiled.

"No trouble, no trouble, you wait first, I'll be there later, this matter is a bit loud, I have notified Secretary Zhang, we will be on the scene immediately!"

Li Yun thought for a while, "Director Wang, although the suspect has been killed, the scene is still a bit dangerous. There are many bugs, and there may be comrades."

"What are the bugs afraid of? As for the comrades, it just so happens that we will catch this group of wanton criminals together!"

Wang Anji was quite angry, "I have called the soldiers of the brigade to go, if there are people who dare to make trouble, they will be killed on the spot!"

Li Yun shrugged and said nothing.

As the General Administration, Wang Anji's body naturally has an upright spirit that is overwhelming.

Telling the situation to the two women, Li Yun asked: "Why don't you go back first, you may be busy tonight for a long time."

"Do not."

Gong Lianyi shook his head and raised the peach wood sword in his hand: "If we leave, what should we do if there are enemies? Li Yun, didn't you say that there is another person named Shi Taining who also controls Gu worms?"

Li Yun was also surprised. It stands to reason that Zhou Guangfu sent a three-point takeaway, one for the three fools, uh no, for Su Houde, and the remaining two, can't Yu Li Sheng eat all of it, right?

Is this Shi Taining escaping because of the bad situation?

Chapter 467: Search the mental hospital

At this moment, the system prompt sounded again.

"Ding, trigger the option event, please choose from the host:

Option 1: Stay and search the mental hospital with official personnel, find Yu Lisheng's training room, reward justice value +2000, wisdom +1500, experience value +350,000, purple gift bag\*2, white gift bag\*5, The host has a high probability of obtaining Gu worm knowledge in the training room.

Option 2: Turn around and leave. Reward skill: The host who does not search for corpses is not a good host (effect: the host's IQ is reduced). "

Li Yun can't laugh or cry, this is simply a multiple-choice question, no need to choose!

However, the justice value is as high as 2000, which means that Yu Lisheng's training room is in danger and may hurt the police who searched for it?

"Lianyi, Qingyu." Li Yun looked at the two women and said with a smile: "Maybe the matter is not over yet."

"what?"

"Yu Lisheng has been hiding in the mental hospital for so long, there must be a lair here!" Li Yun looked into the depths of the mental hospital, "maybe we can find something useful in his hiding place."

Gong Qingyu became excited, "For example?"

"Knowledge about Gu worms!"

The two women's eyes lit up, and the eyes of Uncle Zuo and others became even more fiery. Although they and Li Yun defeated Yu Lisheng together, they did not obliterate their desire for Gu worms or for powerful power!

If they can obtain Yu Li Sheng's practice technique, I believe that even if it is disgusting, they can still practice with gritted teeth!

No one can resist the temptation to extend lifespan!

Seeing their desire, Li Yun frowned slightly, and said calmly: "After you find Yu Lisheng's training room, don't move anyone and listen to my orders. Otherwise, there may be all kinds of Gu in the training room. Poison, you can't resist it!"

Hearing Li Yun's warning, the four Uncle Zuo looked embarrassed.

Said it is Gu poison, in fact, it is just an excuse, the purpose is to let them not \*\*\*\* the contents inside!

Li Yun did not immediately search, but went to Su Houde to ask about the situation. He still had the memory of delivering food to Yu Lisheng.

After learning about Su Houde's life experience, Director Yuan expressed his sympathy to this dirty man who had been stupid for 20 years and said that he would report to the General Administration and give Su Houde a medal of bravery to comfort him for his years of hard work.

—That notebook is the result of Su Houde's heart.

Gong Lianyi said that in the future, the housekeeper would contact him and give him a sum of money to let Su Houde live a good life. Even though he is nearly fifty years old, it is still good to be able to get married.

As long as you have money, it is easy to get married at the age of fifty.

"Brother Liao, you are here!"

Not long after waiting, Li Yun saw Liao Hua jump from a military vehicle. There was also Long Xingyun who came with him. It seems that Long Xingyun was assigned to the emergency team by the leader to investigate with Liao Hua. The details of the six magic gates!

"Can I not come?"

Liao Hua waved his hand and drove away the flying bugs, and smiled bitterly: "If it weren't for your explanation, I would have thought that there was a Resident Evil here. This bug is...to be against the sky!"

This is what he said by a leader of a large position, which shows that Liao Hua's heart is shocked.

Li Yun smiled, "Don't worry, you will soon see more powerful and weird Gu worms, Brother Liao! Let's go and search Li Sheng's lair to see what's inside!"

He intends to befriend Liao Hua. After all, fighting the Six Demon Gates in the future will inevitably attract official attention. Just like tonight, it would be easier for Li Yun to have an official status.

Chapter 468: Training room

Li Yun didn't care much about the spoils left by Yu Lisheng. He had a system, and he was not afraid that he would not be able to improve his strength. Those things were treated as favors, and they were all given to Liao Hua.

Anyway, Li Yun would definitely not cultivate any Gu worms, not to mention disgusting, his power was not good.

Under Su Houde's leadership, everyone, including Li Yun, Liao Hua, Long Xingyun, Uncle Zuo, some leaders from the General Administration and Zhonghai City, all followed, ready to see what the so-called Gu worm is.

"Arrived."

Su Houde stopped in front of a two-story building, and said with emotion, "At that time, this was Dean Yu...It was Yu Li Sheng's office, which was built on purpose. It is estimated that it was to conceal people's eyes. There is actually a large room underneath Basement."

Li Yun nodded and said, "Or go back first, and we will take care of the rest!"

Su Houde was so stinky now that no one dared approach him.

Su Houde hesitated before agreeing to leave.

Li Yun looked at his dark back, and said to Gong Lianyi: "When you go back, please give him more money."

"Yeah." Gong Lianyi agreed, "I will ask the butler to give him 10 million, which is enough for the rest of his life."

If you can get Yu Li Sheng's spoils later, you will never lose it.

After arranging Su Houde's affairs, Li Yun took the lead to walk inside. Gong Lianyi and the two women followed him, followed by Liao Hua and others.

They didn't want to be the first one to enter, because the three of Li Yun had something to deal with Gu worms, and the others didn't know how to die when they went in.

"The slate mechanism...found it!"

On the first floor, Gong Qingyu found what Su Houde had said about the secret room, a very clean and dust-free stone slab. She pushed forward, and suddenly a deep hole that opened directly below was exposed.

Li Yun didn't think much about it and chose to go in directly, and the two women followed suit.

With a flashlight, the tunnel is quite spacious, with steps, a little damp, and the walls are sealed with cement, so the tunnel is generally clean.

Everyone walked forward, nothing was strange all the way, until a table appeared in front of him, and Gong Lianyi's peach wood sword whispered softly, and Li Yun realized that he was approaching the training room.

There is nothing unusual about the table. Usually, Su Houde just pushes the slate away, walks in and puts the takeout here, which is equivalent to Li Sheng fetching it. As for the inside, Su Houde has never seen it.

Li Yun looked forward to an open stone door. It seemed that Yu Li Sheng was very confident at the time. He went out without closing the door, thinking that a few strokes would solve him.

It is a pity that Li Yun was shot to death indiscriminately.

"Li Yun, will there be a lot of Gu worms in it?" Liao Hua behind him was quite nervous. Gu worms were very evil when he heard them. He didn't dare to let the leaders of Zhonghai City come in.

"I'm not afraid of the Gu worms controlled by Yu Li Sheng, not to mention that he is dead. Don't worry, as long as there are enough pills, they will be scum!"

Full of confidence, Li Yun walked directly into Shimen.

Then, he was beaten in the face.

An unidentified pure black object, less than \*\*\*\*\* in size, flew from a distance with a whistling sound and directly hit Li Yun's face. It was not too powerful, but the sudden attack still made Li Yun agitated.

This Nima is too fast!

Immediately, Li Yun unceremoniously circulated the Jiuyang Tianjing Zhenqi, using a Yang Fist to hit the black unknown object.

"Ding!"

Chapter 469: Nine-winged Black Feather Butterfly

At this moment, the system prompt suddenly sounded, and Li Yun's consciousness also slowed down at this moment, and he could clearly see the unknown object that his fist had almost collided with.

It is a beautiful butterfly that is less than \*\*\*\*\* wide and thick and dark as splashed ink.

"Ding, trigger the option event, please choose from the host:

Option 1: Kill the nine-winged black feather butterfly on the spot, reward all attributes +10000, an extra god-level skill, and an extra piece of colorful-level equipment.

Option 2: Choose to let it go, and train her to grow up (Nine-winged black feather butterfly needs to eat something rich in energy to grow up), no reward, and an extra bonus for Jidan (limited to nine-winged black feather butterfly) , The host can get the feelings of the black feather butterfly. "

Li Yun: ".....???"

He slowly typed three question marks in his mind, and the system was giving him another problem!

There is no doubt that this is another life choice question, kill or let go?

Killing this powerful nine-winged black feather butterfly, Li Yun instantly received an unprecedented super reward, up to 10,000 points of all attributes, plus god-level skills, colorful equipment, these three rewards are all unpleasant. Something!

Moreover, this is also the first time that the system has given him two additional rewards. It can be seen that the god-level skills and colorful equipment are absolutely very strong.

But the second option made Li Yun very entangled.

"She? The system means that the Nine-winged Black Feather Butterfly is a human being, a butterfly with IQ?"

Li Yun looked at the butterfly, ignoring its appearance, Li Yun saw its eyes with his super vision.

Those eyes were small, but very bright, as if they were newborn chicks, looking at him restlessly and curiously, as if they were looking at his own father.

and many more.

"Get the feelings of Black Feather Butterfly? Could it be that..."

Li Yun didn't want to crooked elsewhere, but another possibility-this butterfly may have just been born!

After thinking about it for a long time, Li Yun finally failed to kill her under the weird butterfly and the emotional eyes.

Yes, this butterfly may really have an IQ.

"boom!"

Li Yun's fist was stopped abruptly, and the fist wind blew forward, but the black feather butterfly did not move, floating in the air quietly, and naughty fell on Li Yun's fist, and then flew up again. One came to him and looked at him.

"Ding, the host makes a choice and obtains a Jidan. The Nine-winged Black Feather Butterfly regards the host as a father/mother, and the host is requested to feed the newborn Black Feather Butterfly every day."

Li Yun can't laugh or cry, and his mother? Isn't this cheating!

Newborn animals in nature will regard the live animals they first see as their mothers. This is the imprinting learning in animal behavior.

Li Yun has seen an experiment. It is said that this kind of printing and learning will make small animals have an incomparable feeling of reverence and love for the creatures they see at first sight, which is very magical.

Unexpectedly, this Gu worm has a high IQ, but it still retains this characteristic.

"what!"

Gong Qingyu exclaimed, "What a beautiful black butterfly!"

Everyone looked at the nine-winged black feather butterfly. The moment they saw her, they couldn't help but be taken aback, shocked by her beauty.

The posture is light, the two pairs of wings are as silky as silk, and the color is a very magical nine-color black.

Yes, black can also show a colorful appearance, which is the so-called colorful black.

This is a very beautiful color formed by black as the background color and various colorful lines. The black feather butterfly \*\*\*\* its wings gently, but the jet black wings reflect the brilliance of the colors. It is really beautiful.

Chapter 470: Gu Worm Theory

What's even more amazing is that the black feather butterfly flapping its wings is very slow and elegant, but it can hover in the air, like a hummingbird.

Hummingbirds are the only birds in nature that can really hover and fly back and forth, but hummingbirds rely on the flapping speed of their wings dozens of times per second.

And this nine-winged black feather butterfly \*\*\*\* its wings very slowly, no, the black feather butterfly just \*\*\*\* its wings at will, as if flying is her natural ability!

"She is called the Nine-winged Black Feather Butterfly."

Li Yun stretched out his palm, and the black feather butterfly fell on it obediently, and a pair of wings magically gathered up, like cicada wings, very supple.

"This is not an ordinary butterfly, right?"

Uncle Zuo stared at the butterfly with a fascinating look, and said nonsense—not to mention the name of the nine-winged black-feather butterfly, how can there be a butterfly that can fold its wings together in nature?

"It's also a Gu worm?"

"Correct!"

"It turns out that there are such beautiful Gu worms, I thought they were all disgusting!"

Gong Qingyu was very interested and wanted to step forward to touch the wings of the black feather butterfly, but the newly born black feather butterfly was very afraid of life and refused to be touched by someone other than Li Yun. The black figure flashed. Came to Li Yun's shoulder.

The wings have not yet been opened, but they can fly freely, which is an eye-opener for everyone.

After seeing this black feather butterfly that violates the laws of physics, Gu worms can basically conclude that it is real!

Being tightly supported by the Black Feather Butterfly, Li Yun had a headache. Forget it, just treat it as having a pet.

"Let's go in."

Li Yun stepped into Li Sheng's training room again, and this time no accident happened.

This training room is quite large, presenting a structure of three rooms and one hall. The hall is about a hundred square meters in size. The furniture is complete and the lights can be turned on. I don't know where Li Sheng got the wires.

There are several open rooms on the surrounding walls. At a glance, there are various items stored in them. Most people don't know them, and they don't dare to move around. They only know that they are related to cultivating Gu worms, because there are many bottles and cans.

In addition, there were two rooms with closed iron doors. Li Yun shot out with a palm, interrupted the lock, pushed the door open, and found that it was a bedroom, which is probably Yu Li Sheng's.

"Hey, Li Yun, Aunt Lian, come and see this!" Everyone didn't dare to move, but Gong Qingyu and the two girls didn't care. Qingyu saw a notebook on the table at a glance. When she opened it, she was immediately surprised. Call Li Yun and Aunt Lian to come over.

"Book Title: "Gu Insect Theory""

"Three Days Dream, poisonous worm, characteristic: the person with poison dies within three days, cultivation method: put five kinds of poison into...

Puppet Gu, just like its name, this Gu can control people, and the female Gu needs to be fed with essence and blood. The cultivation method:...

Yin and Yang two corpses..."

Li Yun raised his eyebrows, and he found knowledge about Gu worms.

This should be the method of cultivating Gu worms recorded by Yu Li Sheng. The pictures and texts in it are rich, not to mention, Yu Lisheng's hand-painted is quite powerful, and the pictures of Gu worms are lifelike, just like the printed ones.

The only pity is that there is no record of how to deal with these Gu worms. It seems that Yu Li Sheng kept a hand specially for fear of being accidentally taken away, leading to the loss of his biggest reliance.

Because the Gu worm cultivation method is very strange, the adult worm is also ever-changing. There are many worms created by Li Sheng himself in this book, which belong to him, and naturally cannot easily say how to deal with it.

But even so, the value of this book is still amazing. Liao Hua's eyes are almost shining, and he quickly asked: "Li Yun, I will also make a copy of "On Gu Insects", is it okay?"
