

## Godly Choice 481

Chapter 481: Wicked Concubine

"It's me." Li Yun said in a deep voice.

"Which green onion are you~~?"

A # appears on Li Yun's forehead!

"Hey, why don't you speak?" The seductive voice laughed and said, "Which green onion are you? Why haven't I seen you~?"

"Wan Qing Concubine!!" Li Yun gritted his teeth, "It's me... Bah, it's me, Li Yun!"

He was almost taken into the ditch by the enchantress.

"Ha ha ha ha!"

Concubine Wan Qing smiled triumphantly, her silver bell-like laughter made it hard to believe that she was a centenarian.

Li Yun got goose bumps, and asked quickly: "Consort Wan Qing, how old are you this year?"

"...What?" Consort Wan Qing didn't recover for a while.

"How old are you?!" Li Yun said in a smiling voice: "I heard that your practitioners have a long lifespan. Perhaps your concubine Qing Qing is actually a hundred-year-old woman? I must call you grandma!"

"you you you!"

This time it was Concubine Wan Qing's turn to be impatient, her pure and beautiful face flushed, making it hard to imagine that she was actually the saint of the six magic gates.

"Okay, stop teasing you, I don't bother to care how old you are, let's talk business!"

Li Yun pulled back a city and was in a good mood, but Concubine Wan Qing's mood was not so good, and said angrily: "I am 800 years old this year. I am the mother you have never met. Come and call me mom!"

Li Yun raised his eyebrows, and it seemed that his background from an orphanage had been known by Concubine Wan Qing.

But it is estimated that Concubine Wan Qing couldn't find who Li Yun's biological parents were. Of course, Li Yun didn't bother to look for it. It was meaningless.

"Stop arguing with you, let me get it right."

"What business? Come and ask me for help?"

Concubine Wan Qing smiled slightly, "You showed great power again last night. I heard that a man named Yu Li Sheng was killed by you in the Divine Refining Realm?"

Li Yun's expression turned calm, and said, "Shi Taining told you?"

He found two takeaway boxes in Li Sheng's training room last night, which meant that there was one other person besides Yu Li Sheng last night.

"Don't worry about where I know it." Concubine Wan Qing said: "Even if no one tells me that the people in the Six Demon Gates want to check, they can quickly find out who is doing the trick! Unless you are from the Hidden Sacred Valley! "

But she knew that Li Yun could not have been born in the Hidden Sacred Valley.

Li Yun smiled and said, "What if I find it? What if I can't find it?"

"you!"

Concubine Wan Qing was so angry for the first time, she couldn't help but coldly shouted: "Li Yun, do you think you have some mysterious things and you are invincible? Have you known the Six Demon Gates and the Hidden Sacred Valley, do you know how much power our two families have? The six magic gates really want to kill you, let you run to the ends of the world, and within an hour, you will definitely die!"

"Then let them come!" Li Yun answered calmly.

Before she got angry, Li Yun laughed: "Okay, thank you for worrying about me, but please don't worry, please don't underestimate it, I am not that easy to kill!"

Concubine Wan Qing was speechless, and finally said angrily: "Whatever you do, I won't be sad if you die, I still live according to my lifestyle."

"?"

Li Yun seemed to think there was something in the words of Concubine Wan Qing, but she didn't say it, and she probably wouldn't say it even after asking.

"By the way, I'm looking for you this time, just to ask you a question."

"Ask? What kind of Gu worm do you want to know?" Consort Wan Qing smiled, as if she was not the one who was angry and angry before, and the person with rich emotional changes was not her.

"No, it's Gong Mingjian."

Chapter 482: Proud

"Gong Mingjian?" Concubine Wan Qing's tone became a little unpleasant. "People from the palace family? By the way, you have lived in the palace family in the past few days with two beauties. It feels good, right?"

Li Yun was helpless, "Concubine Wan Qing, did you send someone to follow me? Why do you know everything about me?"

"Don't, don't get me wrong!"

Concubine Wan Qing quickly denied, "I didn't bother to send someone to follow you, but Shi Taining asked my maid and asked me what is your relationship with the Six Demon Gates. The underlying meaning is that killing you will arouse my disgust."

What she didn't notice was that her cheeks were already flushed.

Because she really sent someone to collect Li Yun's whereabouts and information quietly, and she always knew what he was doing.

This kind of behavior is no longer surveillance, but...slut-style stalking.

"What did you say?" Li Yun asked calmly.

Concubine Wan Qing was silent before she said leisurely: "Naturally tell the truth."

be honest?

Li Yun frowned, this Concubine Wan Qing always said half way, making it hard to guess what she was thinking.

"Well, it's okay, thank you for reminding me." Li Yun smiled, "Shi Taining wants to come and kill me, let him come, I don't pay attention to ordinary gu worms."

There are six divisions of the six demon gates, heaven and humanity, asura, etc. Shi Taining is a beast, that is, in Buddhist legends, people fall into \*\*\*\* after committing evil, and can only be reincarnated as beasts, and slowly accumulate merits before they can become people.

In the Six Demon Sect, the animal Dao seems to raise Gu?

Li Yun didn't ask Concubine Wan Qing about these things in detail.

"Hehe, I hope you really won't die." Consort Wan Qing smiled faintly, and turned the subject: "I have never heard of Gong Mingjian, and I am very curious, why are you asking about my palace family?"

Because the system prompts.

Of course, Li Yun could not say this sentence.

"I don't know?" Li Yun moved in his heart, "The detoxification pills I gave you last time, did you give you an elder to eat, does she know?"

"I don't know, I will help you ask her when I have time." Consort Wan Qing chuckled, "Do you want to deal with him? Do you need me to provide you with some information? As long as I want to check, no one in the martial arts can Escaped my eyes."

Her tone was extremely domineering, and she revealed a strong sense of confidence, as if the so-called martial arts in the rivers and lakes was a joke in her eyes.

In fact, it is true.

People who only practice martial arts are far from those of the Six Demon Gates. The former is not much better than mortals, and the latter is already a means of cultivators!

"Don't mess around, it's not about this, you just help me find the information."

"Row."

Seeing her promise, Li Yun finally breathed a sigh of relief, dealing with this demon girl is really hard.

"By the way, Qing Concubine, you have helped me several times, do you need me to do something for you?"

"Hmph, do you have anything to greet me? Except for the pill, I don't even look at it!"

"Don't need pill?" Li Yun laughed jokingly: "Detoxification pill, recovery pill, foundation pill... Forget the foundation pill, I guess you don't like it, but the first two are pretty easy to use."

Concubine Wan Qing couldn't help asking: "What is the effect?"

"Look, you still need it."

"...Fuck, what kind of dirty words are you!"

"Ah, that's roughly what it means."

Need, this word is a bit vague, I never thought that Concubine Wan Qing understood it.

As the two chatted, suddenly, Li Yun's heart jumped fiercely and turned his head to look behind him.

A tanker truck filled with gasoline was following him rumbly!

Chapter 483: The booming tanker

Li Yun's pupils shrank, this tank truck is not normal!

The tanker is huge and has an amazing load capacity, so even if it is on the highway, it will not be very fast, at least it should not be as fast as a car worth ten million!

But now, the fuel tanker made a huge roar, following closely behind the car that Li Yun was sitting on now, looking like it was out of control.

Li Yun swept away his eyes and discovered another amazing thing!

There are only two cars on the two-way six-lane highway!

One is the Bugatti that Li Yun is riding in, and the other is the tanker that can be called a giant!

The surrounding environment just happened to be in the wilderness, and there was only farmland that had not yet been sown, which seemed extremely barren!

This means that no one can see any accidents happening here!

"driver!"

Li Yun made a decisive decision and shouted at the driver who was still driving. It was at this moment.

"Ding, trigger a crisis event, please choose from the host:

Choice 1: Escape, reward experience value +100,000, all attributes +300.

Option 2: Wait for death and reward a green card to the prefecture.

Option three: escape and save the driver, reward experience value +300,000, all attributes +500, justice value +500, blue gift bag\*1"

Grass!

Li Yun cursed secretly, when is the \*\*\*\* of the system, he is still cheating.

Green card in the prefecture? Isn't it just death?

No, this is not the time to think about this!

"Driver, speed up the throttle and raise the speed!" Li Yun shouted immediately.

But the driver obviously didn't react, and asked with a dazed expression: "Ah? Why?"

The oil tanker behind him seemed to notice Li Yun's movements and suddenly increased his speed. The engine made a huge roar, and the ground seemed to vibrate.

"drop--"

The low and horn-like sound of the tank truck horn made the driver panicked. He actually looked at the tank truck subconsciously instead of speeding up the accelerator to escape.

"It's over!"

This forty-year-old driver, who has been working in Gongjia since his adulthood, flashed such thoughts in his mind when he saw the tanker ramming into him.

For a time, all thoughts were lost.

"damn it!"

Li Yun cursed secretly and immediately launched a decisive action.

Being hit by a high-speed oil tanker, even if a master of the acquired realm runs his entire body to resist, he will definitely die!

Who made such a dead hand?

But now Li Yun has no time to think more, let's avoid this crisis first.

Reaching out and grabbing the driver's seat belt in front of him, he ran Zhenqi and directly tore off the strong belt. The driver was panicked, but Li Yun's big hand had already caught his collar.

"let's go!"

Regardless of other things, Li Yun kicked the rear door hard and dragged the driver directly from the driving seat to the back seat. The steering wheel lost control, and the expensive car, worth tens of millions, hit the railing of the highway directly.

But before that, Li Yun had grabbed the driver and jumped out of the runaway car.

At the same time, the oil tanker behind him also slammed straight towards them. In a critical situation, Li Yun stepped down viciously before he hit the ground.

boom!

A footprint was sunken on the hard high-speed road. The inertia brought about by jumping and the tremendous force of stepping down caused Li Yun to fly upwards obliquely, just jumping over the huge tanker.

"It's you, Yuwen Shangfu!"

As soon as he flew into the sky, Li Yun saw clearly the murderer driving this murder tanker. It was Yuwen Shangfu who was invited by Yu Wensheng to deal with him before, but was turned against the army by Li Yun and Gong Lianyi.

Chapter 484: conspiracy

Rumble!

There was a huge roar. First, Bugatti hit the railing, and then the tanker slammed into it. This luxury car even persisted for less than a second. It was crushed in an instant, and the fuel tank burst open. The cab of the tanker was blown to pieces.

Fortunately, the oil tank carried by the tanker is very strong and has not been affected.

Otherwise, Li Yun and the driver, as well as Yuwen Shangfu who jumped out of the cab before the collision, will be killed by the explosion of the tanker.

Because this tanker is really full of gasoline, it's very heavy!

"boom!"

After the Bugatti smashed, the tanker was slightly hindered, but it still broke through the railings and rammed into the farmland on the highway, leaving two traces of black wheels along the way, and slid more than 30 meters away. Just stopped.

Li Yun just jumped more than five meters high, escaped the impact of the tanker, and fell back to the ground in various ways, causing the driver to fall into a daze.

The driver felt pain all over his body now. Li Yun violently pulled him out of the car and fell from the ground more than five meters high. If he weren't also a body tempering martial artist, he would be able to get half of it in just a few strokes. Life!

"Ding, the host has made a choice, and the reward (experience value + 300,000, all attributes + 500, justice value + 500, blue gift bag\*1) has been issued!"

"Yuwen Shangfu!"

Li Yun put the driver down and looked at the gloomy Yuwen Shangfu on the opposite side. Out of the corner of his eye, he saw another person, holding a sharp sword, and hurried over from a distance.

In the middle congenital period, Yuwen plan!

This made Li Yun react immediately. It turned out that Yuwen Ji had been in ambush nearby, and Yuwen Shangfu was in charge of driving the oil tanker. Even if he couldn't kill him, he had to stop. Then the two of them started to kill Li Yun here. , Disguised as a traffic accident.

Even the highway was empty, and the two of them used the influence of Yuwen's family to temporarily close this section of the road in order to kill Li Yun.

But will Li Yun make them easy to succeed?

"You really want to die!"

Li Yun looked cold, took out a long sword from his waist, and said coldly: "What I said to you last time, it seems that you didn't take it to heart. Do you remember what it was?"

He secretly gave the driver a look and let him go first.

Yu Wenji frowned. It was strange. Where did this kid's long sword come from?

This sword didn't look like a soft sword, it was a meter two long, but the kid just touched it from his waist and took out the long sword.

what happened?

"Haha, pretend to be a ghost!"

I couldn't figure it out, so I didn't want to. Yuwenji looked at the driver and sneered: "No one wants to run today, you two must die here!"

"Yes! Today next year will be your death anniversary!" Yuwen Shangfu carried a sword when he jumped out of the tanker. At this moment, he and Yuwenji were left and right, blocking all the way for Li Yun and the driver. .

Li Yun smiled, "I'm curious, where did the confidence of the two of you kill me?"

"Hahaha!"

Hearing this, Yu Wenji laughed, "Boy, don't you think too much of yourself? In Zhonghai City, you have the protection of the palace family, so why don't we have to wait for this opportunity, you think you still have a palace around you. That \*\*\*\* Lianyi protects you? It's a joke to even say that we can't kill you...what!"

Before the words were over, a strong sword qi slashed, Yu Wenji was taken aback, and quickly dodged.

"The woman who insulted me, tried to murder me and die!"

Li Yun held a sharp sword, his eyes were full of indifference, and he struck Yuwen Shangfu with another sword.

Chapter 485: Kill you with one move

"Hehe, I really don't know how to live or die."

Yuwen Shangfu sneered again and again, facing Li Yun with a sword, he did not panic at all, but showed a cat-and-mouse-like expression, and said: "Boy, do you know the difference between the acquired and the congenital? My true spirit is five of yours. Bai, what did you fight with me? Alas, an idiot."

Shaking his head and sighing, the movements in his hands did not stop, Yuwen Shangfu raised his sword without hurries, and fought with a sword at will.

"clang!"

There was a sound of metal clashing, sparks flew everywhere, and at the moment the two swords were handed over, Yuwen Shangfu's playful face immediately turned into a thick horror.

He only felt that a powerful qi that was comparable to the innate realm, or even the mid-innate stage, sprayed out from Li Yun's sword and directly shredded and destroyed the zhenqi on his sword.

In the next moment, the long sword in Yuwen Shangfu's hand came out and was beaten by Li Yun!  
"what?!"

Yuwen Shangfu was a little dazed.

Originally, the quality of Innate True Qi was much higher than that of the Acquired Realm, but this axiom didn't work on Li Yun. His Acquired True Qi's purity was very high, and his power was not like what the Acquired Realm could possess!

"die!"

Li Yun didn't stop at the slightest. He raised his sword and stabs towards Yuwen Shangfu's chest. He moved quickly. When Yuwen Shangfu reacted, he already felt that his heart was being held back by the sword energy on his sword. He just had to move forward a little bit. It will die.

"Brother Ji, save me!" Yuwen Shangfu panicked and dodged Li Yun's killer move on the spot.

But he knew that the subsequent attacks continued and it was impossible to avoid it.

Sure enough, Li Yun took another sword and cut it at his waist.

The sharp sword aura pierced people's hair down, making Yuwen Shangfu completely frightened.

"Stop the little beast!"

Yu Wenji screamed, his wrist flicked, and a cold sword light came out, blocking Li Yun's killer move, and also saving Yu Wen Shangfu who was embarrassed.

Yu Wenji knew that Li Yun's reach was not weak, and his light work was even more impressive. He may not be able to deal with him alone, only two people can work together to kill this kid with all his strength!

However, Li Yun's strength is still beyond their imagination.

"Mysterious footwork!"

Yuwen Shangfu climbed up and rushed towards the sword he had fallen in the distance. He just picked it up, and saw a figure rushing over in a daze. He subconsciously raised the sword to parry, but his wrist was light, and then A piercing pain struck him, and he couldn't help letting out a scream.

With a "Bang Dang" sound, under the horrified and inexplicable sight of everyone, an arm holding the sword fell on the highway, the sword fell off, making a crisp crashing sound.

Everyone present was shocked.

Li Yun's speed was so fast that Yu Wenji couldn't stop him, and he flicked a distance of several meters in the blink of an eye, cutting off a wrist of an Innate Realm master!

"Little beast, you are looking for death!!"

Yu Wenji's eyes flushed with anxiousness, and the speed of this kid was three points faster than the last time I saw it!

The driver who hid in the distance looked stunned. He thought he was in a catastrophe today. After all, the other party had dispatched two innate realm masters, one of which was still in the mid-innate stage.

Generally speaking, the initial stage of a Congenital Realm is a sure thing to deal with the Acquired Realm!

So the driver didn't even think about fleeing, because the two of Yuwen's family couldn't run away at all, and they had to wait to die.

Unexpectedly, Li Yun made a clean move, and his strength is even more terrifying. He actually hit Fei Yuwen Shangfu's sword with one move, and even under Yuwenji's eyelids, he cut Yuwen Shangfu's wrist!

Chapter 486: The day after tomorrow

A dignified early congenital master, a congenital early master who belonged to the upper-class figures in various martial arts and families, was defeated easily by Li Yun like a chicken!

The driver suddenly ignited the hope of survival, staring at Li Yun with a pair of eyes.

"Shang Fu!"

Yuwen Ji stood in front of Li Yun and said coldly: "If you don't want to die, stop the bleeding as soon as possible. Let's work together to take this little beast. This little beast is so strong, it's no wonder that he dares to be so rampant!"

Li Yun was extremely annoyed by his left sentence of a little beast, and then he sank his face and hit him with a two-handed slashing wind sword technique: gust of wind and grass.

The sword light was shining, and Yuwenji didn't dare to neglect, and responded with Yuwen's ancestral swordsmanship "Extreme Flame Sword".

The sword qi of the two sides crossed vertically and horizontally, countless sword qi cuts wantonly, and crossings were made on the highway. The flowers and plants in the middle of the road were cut into a mess, and the debris was flying like a grass rain.

Even though Yu Wenji had raised Li Yun's strength infinitely, he was still surprised by his powerful strength.

This kid's zhenqi has the characteristics of the acquired realm, but it is thick and long, and the power of real qi is actually catching up with the innate realm, which is unbelievable!

"Something's wrong, how can the acquired stage be so powerful!?"

Yu Wenji was shocked, but thought of another possibility.

According to legend, there is actually another realm above the Houtian Consummation, which is called the Houtian Dzogchen.

Thousands of years ago, martial artists, some people with outstanding talents could break through to this realm, and then enter the innate, they can soar into the sky, break through the shackles of the master realm, and reach a height that is unimaginable today!

In today's martial arts, the Grandmaster Realm is the strongest, and it is said that only by laying a solid foundation in the acquired realm, that is, reaching the acquired Great Perfection realm, can it be possible to break through to a higher level again in the Grandmaster realm!

"This kid... the day after tomorrow is perfect?!"

Yu Wenji was so shocked that it was difficult to attach, so that the movement in his hand was a little slow, and the clothes on his abdomen were cut with a sword by Li Yun, and he was so frightened that he retreated quickly and looked very embarrassed.

Li Yun held a sword and smiled and said: "Yuwenji, if you don't concentrate on fighting, I'm afraid I won't be able to force 50% of my strength!"

"The kid is deceiving too much!"

Yu Wenji's eyes flashed a bit fiercely. Today, I definitely can't let the tiger go back to the mountain. The day after tomorrow's Dzogchen is too terrible. As long as the news is released, countless sects will throw olive branches at Li Yun, desperately trying to win them.

Even Yuwen's family may abandon them and don't want to offend Li Yun!

"Today, you must die!"

Yu Wenji turned his head and shouted, "Shangfu, come and join me to kill this kid!"

Yuwen Shangfu's wrist was severed by Li Yun, so he tapped the acupuncture points in a hurry and tied them with cloth.

But what made him unacceptable was that Li Yun cut off his sword's right hand, which instantly reduced Yuwen Shangfu's strength by more than 50%.

He also made him wish to swallow Li Yun in.

"Okay!" Yuwen Shangfu stared at Li Yun fiercely, "Either you die today, or we die! As long as you die, no one will tell you that we went to kill a beggar that day!"

The corner of Li Yun's mouth was hooked, showing a playful smile. It turns out that these two guys are still brooding about what happened.

"Really? But unfortunately, it will definitely be you who die here today."

Li Yun's tone was flat, "Not only will I kill you, I will also kill Yuwen's family some time to get justice, and see if your Yuwen's family is a nest of snakes and rats, and do all of these things. !"

Chapter 487: Defeating Xiantian with a pistol (Part 1)

"you wanna die!"

Yu Wenji was furious when he was insulted by Li Yun's family, but after seeing what Li Yun took out, he immediately laughed: "Boy, you actually want to fight us with this stuff?"

Li Yun took out a pistol and turned into a weird posture of holding a sword in his right hand and a gun in his left.

"Jie Jie Jie!"

Yuwen Shangfu let out a hoarse laugh, "This kid is definitely out of qi, no matter how powerful he is, after all, he is in the acquired realm, and he can't do it like our innate realm, so that the real qi can circulate and recover quickly!"

Yu Wenji sneered, "Don't underestimate him, I guess this kid is the legendary Hundred Great Perfection realm, and he has some strength. When we go together, let him be no matter how powerful he is, it will be hard to beat four hands!"

"The day after tomorrow is perfect!?" Yuwen Shangfu was taken aback, looked at Li Yun in disbelief, and then thought about it, it seemed natural.

In an acquired realm, even if it is acquired Consummation, it is absolutely impossible to cut off his wrist with a single sword.

Only the legendary Hou Tian Dzogchen can do such a shocking thing!

"Ha ha ha ha!"

Yuwen Shangfu suddenly laughed happily, and said: "Okay, the day after tomorrow is great! I thought it was just killing you but not addictive. After all, let us two Yuwenji's innates come and run for your kid in vain!"

However, killing a genius is worth the action of the two of us. No loss, hahaha! "

The driver was too anxious on the side, and he was even more anxious when he heard that Li Yun was the day after tomorrow's Great Perfection.

If Li Yun does not die this time, he will report to the family that Li Yun is the day after tomorrow. Even if Li Yun has a dark relationship with the two daughters of the palace, the family will definitely open the Internet and agree to him to take the two gold coins from the palace. flower!

But unfortunately, everything seems to be over!

Yuwen and Yuwen approached slowly, each with an excited grin. Li Yun, who was standing opposite them, had a leisurely look. He even smiled and said, "I'll remind you again."

"Boy, do you have any last words?!"

"I said last time, don't mess with me." Li Yun's tone was cold and slowly raised his sword: "Otherwise, no one can protect you from the sky, the mansion, the sky and the earth!"

"court death!"

"Arrogant kid, take your life!"

The two were furious, waved their long swords, issued a stern sword aura, and shrouded and killed Li Yun.

Li Yun dodged his body. In an instant, the attacks of the two innate masters cut dozens of cracks on the ground up to three inches deep, which happened to be cut on the Bugatti luxury car that had been blasted once, leaving the already dilapidated Bugatti. Once again destroyed in a disastrous manner, countless pieces of iron burst out, making the high-speed road in a mess.

"Pick me up too!"

With one mind and two uses, Li Yun turned to Zhanfeng Swordsmanship·Chasing Wind and Chasing the Moon, and hit Yuwenji, but raised his pistol with his left hand and shot a bullet at Yuwen Shangfu.

"I can't help myself, I'm still struggling when I die!"

Yuwen Shangfu smiled sarcastically, raised the long sword in his left hand, and cut it at the bullet.

"I want to defeat an innate realm with a pistol, joke!"

"Ding!"

With a crisp sound, Yuwen Shangfu's sarcasm smile solidified. He saw the bullet and broke the sword in his hand. The true energy on the sword could not stop the terrible blow, and the sound was broken into two pieces.

"Be careful!" Yu Wenji was shocked, and just reminded him that Li Yun's second shot rang again.

"boom!"

Chapter 488: Defeating Xiantian with a pistol (Part 1)

With a gunshot, the bullet whizzed through Yuwen Shangfu's body guard, breaking his ribs, and fiercely into his heart. The huge force caused Yuwen Shangfu's heart to be penetrated in an instant.

"I....."

Yuwen Shangfu vomited blood, his expression twisted in pain, and he staggered back a few steps while clutching his chest. The strength of the innate realm was useless when the heart was pierced. He only struggled a few times more than ordinary people, and finally fell down. Down.

"Shangfu!!"

Yuwenji yelled in horror, and Yuwen Shangfu, who was in the early stage of Innate Realm, was hit by a bullet in his heart! ?

Even if Yuwen Shangfu's wrist was cut, it shouldn't be so sudden!

Li Yun smiled faintly, "I said, no one can keep you today, Yu Wenji, the same with you, go to \*\*\*\* and repent!"

Yu Wenji was shocked. He looked at the white pistol in Li Yun's hand with a gloomy expression. He shook hands with the sword in his hand and said, "It seems that I can't kill you if I don't need to be absolutely knowledgeable!"

"Oh?" Li Yun's face was calm, "Then I want to see, what is your Yuwen family's unique knowledge!"

At this moment, Li Yun's confidence has greatly increased, even if he does not use the Silvin pistol and other plug-ins, with his all-round development attributes, he can kill Yuwen on the spot!

"Did you know? There are three things in Yuwen's family."

Yu Wenji held the sword in his hand and slowly backed away, with a weird smile on his face, as if some killer move was brewing.

Li Yun frowned slightly, "I would like to hear the details."

"First, my Yuwen family has inherited it for thousands of years. According to legend, it comes from the ancient times. The technique learned by Emperor Yan is called "The True Scripture of Emperor Yan!"

"Emperor Yan and Emperor Huang? They seem to be quite powerful."

"Secondly, it is called the Chiyan palm technique. This palm technique is infinitely powerful, powerful and powerful. It can make the palms as hot as a fire, and one move can burn the internal organs!"

Li Yun nodded slightly, which was similar to his Nine Sun Heavenly Scriptures and One Yang Fist, both of which used yang attributes to destroy the inside of a person's body.

It's just weird that--

Li Yun raised the long sword in his hand, "You should also be able to control Chiyan? Why do you go further and further, is there another genius?"

"Not bad!" Yu Wenji smiled triumphantly, "My other genius is—"

Whoosh!

There was wind under her feet, Yuwen's plan was like a rabbit chased by wild wolves, and he fled away in panic, leaving only one sentence: "Thirty-six plans, go for the best plan, kid, wait, when the time comes, I will kill you!"

When Li Yun was shocked, Yu Wenji had already ran far away and couldn't catch up even if he wanted to chase after him!

"This....."

Li Yun couldn't laugh or cry, he was really tender, and was fooled by Yu Wenji's acting skills. Just now, this guy looked desperate, but he secretly prepared to escape!

"My son!" The driver walked over excitedly and respectfully saluted Li Yun, "Your strength is beyond my expectation. The realm of acquired great perfection is unparalleled in the world, and the world is truly majestic!"

The driver was flattering, Li Yun shrugged and said, "It's nothing, don't tell anyone else about this, except Qingyu and Lianyi."

The driver froze for a while, and immediately expressed his understanding.

The day after tomorrow is a great consummation, this is definitely a shock to the martial arts, and Li Yun will be harassed by countless people because of this, and maybe some people will resent him.

Therefore, confidentiality is the best choice!

It will not be too late for Li Yun to enter the Innate Realm in the future before revealing this secret.

Chapter 489: Turn around and flee

The only pity is that he didn't report it to the Palace Patriarch, but Gong Qingyu was qualified to know that this was enough to show her status in Li Yun's mind!

"The son is thoughtful!" The driver was still flattering.

Li Yun shook his head, "What is thoughtful, you really have to be thoughtful, so that you won't let the old thief Yuwenji run away!"

"It doesn't matter, I have one hand!"

The driver flattered his mobile phone and said, "My son, I have already filmed all the videos just now. The scheming of the two of them besieging us will soon spread throughout the rivers and lakes. By then, Yuwen The plan was scolded by thousands of people, and he couldn't even return to Yuwen's house, so he could only hide and dare not see anyone! Not to mention that you were a matter of the day after tomorrow, because no one would believe it!"

Li Yun doesn't really matter. He guessed that Yuwenji would definitely tell Yuwen's family about this, but as long as Li Yun didn't admit it, they would be broken by other people's guesses.

After Yuwenji left, the driver dared to contact Gong Lianyi. He didn't dare to take out his mobile phone just now, otherwise the two Yuwenji who wanted to keep secret would definitely attack him, instead leaving Li Yun passive.

Li Yun took out his mobile phone and wanted to contact Liao Hua, but after thinking about it, he first contacted Director Wang of the General Administration of China Shipping and asked him to send someone to handle the two cars on the highway.

"What? People from Yuwen's family dare to do something to you on the highway?!"

Director Wang was furious and immediately said that he would report this incident to Yuwen's family and ask them to hand over Yuwen's plan.

If it is a death fight between two people from the rivers and lakes in private, perhaps the country will not take care of it, but as long as you dare to break the law openly and cause trouble in the public, no matter what cultivation is from, which school you come from, you must accept the law. Sanctions!

The same goes for the palace family.

On the phone, Gong Lianyi told Li Yun that she had ventilated the matter with the family head of the Gong family. After learning that the driver of the family family had been murdered frantically by the people of the Yuwen family, the family members unanimously decided to give it to Yuwen family. Put pressure on them and let them hand over Yuwenji!

In addition, the Bugatti worth tens of millions was damaged as a result, and the Yuwen family had to compensate at least ten identical cars and cede the rest of the benefits, otherwise the matter would not be over!

...

"Home, Patriarch!"

In a secret room, Yu Wenji, who had secretly escaped back to Yuwen's house, looked at a middle-aged man sitting on the chair of the imperial teacher with fear.

This person is the head of the Yuwen family, Yuwen Fu, who is more than 50 years old this year, but his face is still more than 30 years old.

Because this Yuwen Family Patriarch practiced martial arts at the age of three, tempered his body at the age of five, acquired his body at the age of ten, and was born at the age of sixteen. More than ten years ago, he successfully broke through to the state of congenital perfection.

The reason for this mighty and domineering title, because his Chiyan palm technique has been cultivated to the realm of returning to nature, his power can be described as shocking and horrifying!

For this reason, Yuwenji was really afraid that the Heavenly Fire God would kill him on the spot with a palm. After all, he discredited Yuwen's family and put the family up and down to shame. It is not a pity to die!

"I want Qinger to hear the whole story." Tianhuo God Jun Yuwen Fu looked indifferent, slowly raised his teacup and took a sip, and said: "Don't hide anything, otherwise, you will no longer be surnamed Yuwen!"

Yu Wenji's face was pale, and he knelt down in front of Yu Wenfu with a plop, sweating like rain.

No longer surnamed Yuwen, which means that Yuwen's family will expel him from the family. Even after his death, Yuwenji cannot be buried in the ancestral grave, and Lingpai cannot enter the ancestral shrine. He can only become a lonely ghost!

#### Chapter 490: God of Fire

It is not that no one in the arena has done things that hurt the world, rape, rape, murder, arson, and so on.

But as long as you are not deprived of your surname, you can still welcome your ancestral grave after death and be buried in a family ritual. Outsiders will not say anything. After all, people die like a lamp, and the dead will no longer be held accountable.

Therefore, for people in the family, depriving of the surname is the most terrible punishment!

Therefore, Yu Wenji didn't dare to conceal anything, and told everything about it. He didn't even conceal the imprisonment of Yu Wensheng in disguise.

After speaking, Yu Wenji carefully raised his head and glanced at the Patriarch. Seeing that his expression was still indifferent, he couldn't help but become more nervous.

"Patriarch, it really wasn't my fault in the beginning!"

Yu Wenji argued: "It's all Yu Wensheng. He wanted to pursue the daughter of the palace family, but he felt resentment towards Li Yun and asked me and Shangfu to help get rid of the kid. As a result,

Yu Wensheng was angered by a beggar that night. Said to go with us to kill the beggar first, and then to kill Li Yun, the result..."

"You bastard!"

Yuwen Fu suddenly got angry and kicked Yuwen to the ground.

"Family, Patriarch, please beg your life!" As Yuwenji in the middle of the Innate Realm, he is indeed lying on the ground like a dog, begging for mercy.

Without mentioning the status of the Patriarch, the Heavenly Fire God's consummate cultivation base alone is enough to slap a hundred mid-innate realm, the gap between the two is too great!

"Yuwenji, you dare to beg for mercy!"

Yuwenfu kicked him again, and shouted coldly: "Yuwensheng doesn't understand as a junior. You have lived for forty years, and your brain has been eaten by dogs? Then Li Yun can be taken by the palace daughter and Gong Lianyi. Please come as a guest at home, it has been proved that he is a guest of the palace!

You idiot still agree to Yu Wensheng's proposal to kill him. Are you an idiot? ! "

Yu Wenji's face was pale, "I, I... At that time, Yu Wensheng only said that he wanted me to help kill someone..."

"Dare to defend!"

Yuwenfu smashed the teacup in his hand and slammed it on Yuwenji's front door. He was extremely embarrassed by the hot tea poured all over him.

"You stupid, if others want you to kill, you kill? There is no investigation at all. I really think I am invincible in the mid-innate period?!"

Yu Wenji's face was ashamed, and he dared not say a word.

"Oh, idiot, what do you want?"

"Family, Patriarch, please beg your life!" Yu Wenji once again hurriedly kowtowed his head for mercy.

for a long time.

Yuwen Fu gave a cold snort, poured a cup of tea again, and asked, "That kid is really the day after tomorrow?"

"Yes, it should be!" Yu Wenji's heart moved, and he said quickly: "Patriarch, or let us spread the news and let some people who are jealous of him in the rivers and lakes trouble him, until then..."

"idiot!!"

Yuwen Fu was furious again, slapped a palm in the air, and the scarlet palm hit Yuwenji severely.

With a bang, Yuwenji flew out, hit the wall, and then thumped down. He tremblingly covered his chest, where a burnt palm print appeared. Heavenly Fire God's extremely hot innocence was just a move, almost Burn all his bones!

"Idiot, this is your punishment."

The hostess's cold words made Yu Wenji a sigh of relief and kowtow to express his guilt, but he still had doubts in his heart.

"Others are courageous and conspiring, but a little bit bad, that is also courageous and inconsiderate, but what about you? You are brave and inconsiderate, you are born with a bad mind, and the mud can't support the wall!"
