

## Godly Choice 501

Chapter 501: Jin Liuli

Li Yun has a black line.

He just subconsciously glanced at the girl more subconsciously. After all, a girl with a good body can naturally attract the attention of a man. This is instinct, and it is difficult for a man to restrain his appreciation of beautiful women.

But the \*\*\*\* of the system actually prompted him to tease his sister?

Is he so hungry and thirsty? !

He was just going to help the girl, and he definitely didn't want to tease his sister!

"I'll take a look."

In the doubtful gaze of Guo Xun and others, Li Yun stood up and walked over and found that this pretty girl was tinkering in front of the ticket machine, as if she could not pick up tickets.

This girl is very fashionable, with a loose top, tight-fitting trousers, and wearing a peaked cap. She is less than 1.6 meters tall. She is very petite. She has only a pitiful breast, only A+, not B.

"This lady, do you need help?" Li Yun came to her and asked in a normal tone.

He's really not hungry|thirsty, just want to get a little system reward by the way, mosquito legs are also meat.

However, after this girl raised her head, Li Yun found out that she was actually pretty good.

Slap her face, a short, playful hair, a little baby fat on her cheek, and her cheeks are white and smooth.

The big eyes are bright and clear, the small nose is wrinkled uncomfortably, and it is more cute, especially her pink lips, like a piece of sweet glutinous rice cake, sweet, innocent and criminal. lure.

"what?!"

The girl is very cute, but her tone is fierce. It looks like Li Yun is a big bad wolf, trying to trick her into opening the door like Little Red Riding Hood.

Li Yun said innocently: "I'm just asking if you want to help, depending on how long you have been in front of the ticket machine."

The girl's face was red, her round eyes peeking around, a bit shy, but her mouth said fiercely: "I want you to take care of it, and I can get the ticket out by studying it a little bit. You don't need it. Kind of people come to help!"

Li Yun is speechless, what is his kind of person?

But it's no surprise that this kind of fifteen or sixteen-year-old girl is usually very alert, especially when there are no adults around.

"You first click on the screen to collect the ticket, and then put your ID card in the induction area..."

Li Yun didn't bother to pay attention to this cute little girl's reluctant expression and directly reminded her how to operate.

Unexpectedly, the little girl gave him a roll of eyes, walked to the other ticket machine angrily, and said: "I don't need your help. You must see that I look good, so yes. I'm plotting bad luck!"

Li Yun couldn't laugh or cry, the little girl's temper was really... hard to say.

However, he also saw the name on her ID, Jin Liuli, who was only 16 years old this year, and he didn't know how the family could rest assured that she ran out alone.

"Ding, the host has made a choice, and the reward (justice value +5, experience value +5000, money 3000, white gift bag\*2) has been distributed!"

5000 experience is really a mosquito leg for Li Yun now with hundreds of thousands of experience rewards.

Fortunately, the white gift bag is not bad. It's a surprise. Maybe you can get something good?

Back to their seats, the three of them looked at him with weird eyes. Li Yun shrugged and said, "Why do you look at me like this?"

"Oh!" Hu Fanbo sighed and gave him a thumbs up, "Brother Li is amazing, now I finally know why I don't have a girlfriend!"

Seeing every opportunity to hook up with girls, this is the secret of Li Ge's many girlfriends!

"You misunderstood me!"

"Hahaha, no need to explain, Brother Li, you will be my brother from now on, teach me more secrets?"

".....roll!"

Chapter 502: Xia Sanlan, Dengtuzi

"Passengers going to Fair City, Jiandong Province, please note that your flight FM9533 is now boarding. Please bring your belongings and board at gate 3."

Hearing the broadcast sound, Li Yun stood up and said, "Let's go."

Unexpectedly, Jin Liuli, the cute little girl not far away from him, also stood up, and also spotted Li Yun and gave him a roll of eyes.

Li Yun shrugged and arrived at Gate 3 at the same time as her left and right.

"Hmph, you guys really tried to do something wrong with me! Did you buy the same ticket as mine?"

Li Yun looked at her in amazement, but Jin Liuli stepped forward proudly and intervened in front of him, seemingly not giving Li Yun a chance to argue.

Li Yun: "..."

His current mood can only be described as complicated.

Unexpectedly, this is just the beginning.

After getting on the plane, in economy class, following the ticket to find his position, Li Yun's expression became even more complicated when he saw Jin Liuli with a small face next to that position.

After getting off the plane and coming to the airport to take a taxi, Li Yun recruited one more because there were four people and one taxi could not fit, but he never expected that he recruited the taxi in the back row. Sitting still is the little girl Jin Liuli! !

Li Yun clearly saw that the small face of Jin Liuli, a cute little girl, had an extremely exciting expression. She stared at Li Yun with big eyes. After brewing for a while, she finally broke out:

"You pervert, pervert, pervert, ruthless, shameless, badass, rascal, rascal, gangster, prostitute, thief, shameless, have you been following me!!!"

Li Yun: "..."

His current mood can no longer be summed up in two words.

Everyone at the airport looked sideways, their gazes at Li Yun became unfriendly, and the three Guo Xun were dumbfounded.

"Wh, what's the situation?"

The driver carrying Jin Liuli was very surprised. He said innocently, "Little sister, I just saw that this gentleman is also going to Antique Street, so I thought about driving you to go together. The fare is 40 yuan less, and you only need to pay 80 yuan. Just fine, how?"

"No, no, no, no!!!" Jin Liuli shook her head vigorously, with a bulging appearance. Fortunately, she is not a double ponytail, but a beautiful short hair, otherwise this action will definitely make her hair flutter. It should be very beautiful.

"If I die, don't take a car with this harlot. Go and go. I'll give you two hundred, so don't sit with this kind of person!" Jin Liuli was very angry and said plausibly, "Uncle driver, you don't know, this guy Follow me in Zhonghai City, follow me to Jiandong Province, and plan to follow me to Antique Street. He is too bad!"

Li Yun wanted to cry without tears, what a coincidence it is really Nima!

"Ding, trigger the option event, please choose from the host:

Option 1: Find a way to ride in the same car with Jin Liuli, reward a white gift bag\*3, Jin Liuli favorability degree -49, the host has a high chance of getting Jin Liuli's dislike, additional bonus martial arts skills: smooth (passive, make the body Lighter and faster).

Option 2: Scold her badly and reward Jin Liuli with a -10 favorability degree.

Option 3: Smile a little and reward Jin Liuli with a +1. "

The corner of Li Yun's mouth twitched, and the system gave him another cheating choice.

This is the first time he has seen it. The choice of many rewards will reduce the favorability of girls so much.

Wait, Jin Liuli has also been set by the system. Could it be that she is also a Bai Fumei? Will help him a lot in the future?

Chapter 503: Where do you not meet in life

But Li Yun no longer cared about beauty or beauty. He had enough girlfriends, and if he tried to provoke him, he might not be able to eat.

Just about to leave, she didn't expect that Jin Liuli showed a triumphant expression: "You big-eyed ghost, you are guilty of being scolded by me, right?"

Li Yun raised his eyebrows and smiled calmly: "I don't have a guilty conscience, but you are scared."

"What? You actually said I was scared?!"

Jin Liuli was furious, "What is there to be afraid of? I am a martial artist, and I have a strong ability. First... Many powerful people before come are not my opponents, I will be afraid of you as a disciple? Come up!"

With that said, Jin Liuli opened the car door and took the initiative to sit on the other side, with a provocative expression on her small face: "Come on, let me see what your bad guy is doing. If you dare to use your hands, see if I don't beat me. Fly you!"

The radical method really worked.

Sitting in the car, Li Yun sighed inwardly. He was fighting with a little girl, it was a price drop.

—Although he is only in the third year of high school, Li Yun thinks he is quite mature, much more mature than the innocent girl like Jin Liuli.

The driver smiled, thinking that Jin Liuli might have gotten angry with the little girl just now, so he didn't care, and said, "Young man, you also go to Antique Street? You two are 80, can you not?"

"Row."

The driver started the vehicle with satisfaction.

"Ding, the host made a choice, and the reward (white gift bag\*3, Jin Liuli favorability degree -49, additional reward for martial arts skills: elementary silky smooth) has been issued!"

Along the way, Jin Liuli was the same as on the plane. He went too far and didn't look at Li Yun, cheeks puffed up, and didn't want to talk to him at all.

But gradually, she felt a little strange.

Why did Li Yun never talk to her?

In retrospect, it was also on the plane. Li Yun played on mobile phones and didn't talk to her at all.

Could it be that he did not deliberately follow her?

"Hey--"

Jin Liuli turned her head to look at him, only to find that this guy was actually playing with the cell phone again, and immediately grabbed it angrily. When she saw the dialogue inside, her little face immediately blushed.

As if being electrocuted, he threw the phone to Li Yun again, muttering in his small mouth: "Unexpectedly, you guy actually has a girlfriend. Who is blind to see you?"

Li Yun's face sank, "What are you doing? Why do you \*\*\*\* someone's phone?"

Jin Liuli was a little bit wrong, but still insisted: "Aren't you going to follow me? You didn't talk to me and kept looking at the phone. Is there someone like you?!"

Li Yun sighed deeply, feeling that he couldn't tell the little girl clearly, so he could only say perfunctorily: "You are the only one going to Antique Street? I'm not following you, we will go our own way when we get off the car."

Jin Liuli was very angry, but she didn't know why she was so angry, she could only get sullen, and she folded her hands on her plain chest, and didn't bother to care about Li Yun!

There was no other word all the way. After arriving at the destination, Jin Liuli opened the door and grabbed his luggage and ran away. The driver couldn't stop it.

"This stinky girl, she didn't pay!" The driver was very angry, and Li Yun was dumbfounded, so he had to say, "Okay, I'll pay for her."

Li Yun knew without thinking that Jin Liuli was in anger, and she rarely went out, so she probably didn't pay for the concept at all.

After paying for the car, the driver left contentedly.

Li Yun and Guo Xun joined together and mentioned this matter a little bit. The three of them were speechless for a while, which was a coincidence.

However, the coincidence of life is far more than that.

Chapter 504: It's not that the enemy doesn't get together

Jiandong Province, Fair City.

In ancient times, this place was a battleground for military strategists. There have been many wars left in history. Even in modern times, there are still many places of interest and historical sites. Many people visit this city every year.

Because of its rich historical and cultural heritage, the antique business here is extremely hot, and almost every tour group will take people to visit the city's antiques.

Antique Street is the most famous antique trading market in Fair City.

"It's very lively here."

Li Yun stood in front of the bustling street and looked inside. There were carved beams and pillars, antique buildings, numerous tourists and numerous shops. Jade, porcelain, jewelry, stone statues, celebrity paintings and calligraphy, ingots, etc., have everything.

Guo Xun nodded, "A friend of mine worked here as a security guard after retirement. I heard that the salary is quite high."

"Hahaha!" Li Yun smiled: "Did you suggest that I give you a salary increase?"

Guo Xun smiled, and Yang Jie asked curiously, "Li Yun how much do you pay him?"

"Twenty thousand a month, but only paid for one month. I didn't pay last month."

"I'm Cao!" Hu Fanbo cried out strangely, "A top mercenary, you actually drive 20,000 yuan a month?"

"So I made it."

During the small talk, Li Yun walked into Antique Street. In fact, Guo Xun no longer cared about money. Li Yun cured him of his hidden injuries, which was equivalent to paying hundreds of millions of wages in advance.

-Healing a middle congenital, several hundred million is not an exaggeration.

Along the way, Li Yun randomly browsed the antiques here. At a glance, 99% of them are fakes. Most of the genuine ones are placed in the store, and the prices range from tens of thousands to several million. It is difficult for anyone to find out.

Li Yun has PhD-level archaeological knowledge, and it is not a problem to judge the authenticity of most antiques.

Antique Street is said to be a street, but it actually contains a large area. In addition to the main road in the middle, there are many forks, and it seems to be a mixed bag. All kinds of people are setting up street stalls, and anyone who wants to pick up the leakage will come in Take a chance.

It is said that some small tomb robbers (people who don't have a fixed market), after digging a new tomb and taking out the antiques, will also choose to go to the small alley inside to set up a street stall.

These newly unearthed antiques do not even know the price of the tomb thief. What the buyer can buy is based on luck and skill. Both parties have the money and the goods. They are not responsible for leaving.

But Li Yun and the four were not here to buy antiques, so they ignored these and walked directly towards the destination.

"Here, that's it." Guo Xun said.

Li Yun looked up and saw that this exquisitely decorated antique shop with a spacious facade was named Jin Yazhai. Judging from its momentum, this shop is top-notch on Antique Street.

When I walked in and took a cursory look, Li Yun found that most of the antiques here are genuine. If you calculate this, plus the value of the store, the value of this antique shop is estimated to be 5 billion yuan. No wonder it can afford Guo Xun's level of security. .

"Welcome some." A smiling man in Tang suit walked up and asked if he needed help.

Li Yun nodded secretly. Jin Yazhai did not choose some beautiful women as waiters. This man in Tang suit had a good manners and had a good impression.

"Let's find someone."

Li Yun motioned to Guo Xun to say the name of his friend, but unexpectedly, there was a clear voice that he knew very well behind him.

"Wow!! It's you again!"

Chapter 505: Jin Liuli, you didn't pay

Big \*\*\*\* demon? !

In an instant, everyone in the store looked over, and some of the bodyguards who protected the antique shop in the dark also looked at Li Yun with scrutiny eyes.

"you again!"

Hearing the crisp and tender voice of this little girl, Li Yun's head became big. Looking back, it turned out to be Jin Liuli!

"What is me again? Don't you want to say it's a coincidence? You bastard!"

Jin Liuli walked into the antique shop in a hurry, just like walking into his own home. Pointing at Li Yun's nose with her white fingers, she cursed softly, "You still want to make a chance encounter? Humph, you bastard! From Zhonghai City. You have been here with me, and now you are in my place, you still..."

"You didn't pay."

"?"

Jin Liuli hadn't reacted yet, she was very upset when she was interrupted by Li Yun, and continued: "You filthy bastard, you said in the car just now that you weren't following me and now...what didn't you pay for?"

She finally recovered, her small face was full of astonishment.

Li Yun's face was calm, and he said sternly: "You owe me 80 yuan, the taxi money!"

"taxi....."

Jin Liuli was stunned, her small face showed an expression of trying to remember, and finally, a blush appeared on her cute cheeks, which slowly expanded, even her small ears were red, and she whispered: "I, I didn't pay for the car. ?"

"Of course." Li Yun shrugged, "I paid for it."

Jin Liuli flushed with shame, almost found a hole in the hole.

Li Yun looked at her funny, this girl was a little bit ashamed, she didn't play a rogue without admitting it.

"That, that, that!" Jin Liuli became stammered, her little face flushed, her eyes ran out of sight. Suddenly, a stride rushed to the counter, her little hand grabbed several delicate pearl necklaces into her hands, Then stuff it to Li Yun:

"Here you give it to you, this is for you! Hmph, I don't need the kindness of your bad guy!"

"what are you doing?"

Li Yun looked at her in surprise.

"I will pay you..."

"Let go!"

"Little girl, don't let it go!"

"Want to rob?"

"court death!"

"Put down those necklaces, are you worthy?"

For a while, Jin Yazhai was very chaotic, shopping guides and bodyguards all came out, glaring at Jin Liuli and Li Yun, suspecting that the two were here to rob!

Jin Liuli looked innocent and said, "This is me..."

"What happened?!"

Jin Yazhai has four floors. At this moment, a spirited old man walked down from the upper floor. His majestic gaze swept away, and the shop suddenly became quiet.

A shopping guide hurriedly replied: "Old Zhou, there is a disturbance here. She is a little girl who snatches things from the store without authorization. We just..."

"Naughty!"

Old Zhou reprimanded, and walked down accompanied by a young man, and said in a stern tone: "How many times have I told you! Don't panic when you encounter things. Even if you are robbed, you have to deal with it calmly. No robbery!"

Everyone dared not make a noise, Jin Liuli was wronged.

Looking at her, Zhou Lao's expression eased a lot, and he asked, "What did this little girl steal?"

Li Yun shrugged to Jin Liuli, seeming to say: Did you see it? Tell you not to mess around!

Of course, with Jin Liuli's temper, naturally he responded with a bulging expression, and his cheeks bulged again.

"These necklaces, as well as a Ming dynasty patina jade stone, worth more than six million!" The shopping guide gave Jin Liuli a fierce look, as if he wanted to report to the police at any time.

But the next Zhou Lao's actions shocked everyone's jaws.

Chapter 506: My home

"Are these?"

Elder Zhou grabbed those things and stuffed them into Jin Liuli's hands, and said with a kind expression: "You naughty little girl, if you want these things, just say, why bother to tease these people?"

Everyone was stunned!

This foolish little girl snatched the gold in the store. Instead of blaming him, Zhou Lao gave her something instead?

"I don't want it, ah, it's not what I want!" Jin Liuli threw the pearl necklace to Li Yun disgustingly, "This guy wants it!"

Everyone is numb.

This little girl actually hates it?

"Lao Zhou, this...?" The shopping guide looked at Lao Zhou with a dazed expression, but the latter said with a smile: "What are you looking at? I have come to meet Missy! This shop belongs to her, here Of course she will take whatever you like!"

Everyone suddenly realized, no wonder Mr. Zhou is not angry, this little girl is actually the boss's daughter?

Therefore, in Li Yun's four surprised expressions, everyone in the store lined up in two rows, respectfully welcoming the lady's visit.

"Hello Miss!"

"Ahem, everyone~~" Jin Liuli deliberately cleared her throat and glanced at Li Yun triumphantly.

The young man standing next to Zhou Lao frowned slightly, and his eyes looked hostile at Li Yun.

After the little farce was over, Zhou Lao asked everyone to go back to work, then looked at Li Yun and others, and asked who he was.

"Grandpa Zhou!"

Jin Liuli took Zhou's arm and acted like a baby. "The bad guy followed me from Zhonghai City to Jiandong Province, and followed me here from the airport, but he said he wasn't following me. This man is too bad!"

"Boy, what's going on?!" Zhou Lao's face sank, and he asked.

"Don't be afraid, Sister Liuli!" The young man pretended to be cold, guarding in front of Jin Liuli, and sternly scolded Li Yun: "No matter what you try, but in front of my Wu Maoping, you will never let my sister Liuli touch a finger head!"

"Hehe, thank you, Brother Ping~" Jin Liuli was still booing.

Guo Xun and the others were a little nervous, but Li Yun shrugged and said indifferently: "I am too lazy to care about you. I am here to find someone, not to follow you as a little girl. In addition, Jin Liuli, pay me 80 yuan for the fare. ."

Jin Liuli was angry again, she always felt that Li Yun's "little" girl had other meanings!

Wu Maoping was ignored by Li Yun, and he was naturally very upset. He gave him a hateful look and warned Li Yun not to play tricks in front of him!

"fare?"

"It's me taking a taxi from the airport..."

After learning what happened from Jin Liuli's mouth, Zhou Lao had a calm face and asked someone to take out five hundred yuan and hand it to Li Yun directly, saying, "Thank you for your kind help from this friend."

Other than that, nothing else.

Li Yun also understood that if he didn't invite to chat or drink a cup of tea, it meant seeing off the guests.

"Huh." Jin Liuli looked at the five hundred yuan in Li Yun's hand. The villain followed her all the way, and now he has an excuse to find someone, and even took her five hundred yuan, always feeling a loss... Wait, Find someone?

"Who are you villain looking for?" Jin Liuli decided in her heart that if the villain lied, she would definitely not spare him!

Guo Xun stood up: "I'm looking for a person named Rong Liang. He should work here."

He was afraid that Li Yun would have any misunderstandings with Jin Liuli if he talked again, so let him talk about it.

"Rong Liang?"

Jin Liuli immediately looked at Elder Zhou with questioning eyes, and Elder Zhou slowly nodded: "Rong Liang is the head of the security department here."

Chapter 507: exchange

Li Yun smiled and gave Jin Liuli a playful look, indicating that he was not following her.

Jin Liuli felt wronged and angry. Did she blame Li Yun all the way?

"But!" Seeing Jin Liuli's thoughts, Zhou Lao said calmly: "It's working time. Employees of Jin Yazhai can't leave their posts without authorization. If you want to see him, you can only talk about it after get off work!"

Li Yun was stunned, waiting to get off work? If this is not off work at noon, wouldn't they have to wait till night?

"Not bad!" Wu Maoping said mockingly: "Who are you? See you if you want to come? What is Jinyazhai? Get out, be careful that I ask security to drive you away!"

Li Yun frowned slightly, Jin Liuli stood up smilingly, and stretched out her small white hand toward him, the palm facing up, and the white onion-like fingers were naughty bends.

"What do you want to do?" Li Yun felt baffled.

"You idiot!"

Jin Liuli glared at him angrily, raised her slender eyebrows, and said softly: "I don't understand this? Give me back my money! In exchange, I will take you to see Rong Liang!"

Li Yun can't laugh or cry, dare to feel that this little girl always feels that she has suffered a loss, so she is thinking about getting 500 yuan back?

"in addition!"

Jin Liuli said plausibly: "I think you are still plotting against me. I have to hear what you talked about with Rong Liang in person before this matter is over."

"Huh? You want to listen to what we talked about with Rong Liang?"

"good!"

The corner of Li Yun's mouth twitched. Since meeting Jin Liuli, he has been speechless many times. Is this cute and naughty little girl born to deny him?

"Ding, trigger the option event, please choose from the host:

Option 1: Annoyed Jin Liuli, scolded her for wanting beauty, rewarded Jin Liuli with -20 favorability degree, aroused Wu Maoping and Zhou Lao's anger, and obtained random advanced martial arts skills.

Option 2: Give five hundred dollars to Jin Liuli, reject her request to listen, and reward Jin Liuli with a favorability score of -1.

Option 3: Agree to her request, reward Jin Liuli with a degree of favorability +20, blue gift bag\*1, and promote smooth passive skills to intermediate level. "

Except for the first choice, he didn't know how to choose the other two, so Li Yun looked at Guo Xun.

"I don't care." Guo Xun smiled, "We looked for some of the questions Rong Liang asked, and it is estimated that Mr. Zhou had also heard about the occurrence of rice dumplings in the ancient tomb of a general named Xu Tiande in the early Ming Dynasty."

Immediately, Zhou Lao's face changed, and he said solemnly: "You actually came here for this?!"

Li Yun nodded, "We heard about this, so we are curious to find out."

"Ancient tomb?" Jin Liuli looked at him with doubts and curiosity, "What are rice dumplings? Are they the rice dumplings eaten at the Dragon Boat Festival?"

Strangely, she didn't look at Xiao Guo Xun, but looked at Li Yun and asked.

Wu Maoping smiled faintly: "Zongzi can't be said to be rumored to be true. If you are only here for this matter, please come back from get off work tonight Rong Liang!"

He still wanted to drive Li Yun away, but the secret words of Zongzi had already aroused Jin Liuli's curiosity. This little girl was born to like weird things, so she insisted on listening to their conversation.

Li Yun looked at her with a faint smile: "Jin Liuli, the zongzi we are talking about is a terrible thing. Are you sure you want to listen?"

Jin Liuli is not a fool, zongzi + ancient tomb + terrible, and soon understood what Li Yun was talking about.

"Zongzi, zongzi...no, no, stiff, what are zombies!" Jin Liuli was very calm, and insisted: "The zombies in the movie are so weak, I can kill many zombies with one sword! Hmph, I'm not afraid! "

Chapter 508: Another dead

Li Yun didn't insist anymore, just let Jin Liuli listen. Zhou Lao loved her very much and agreed upon seeing her.

"Ding, the host has made a choice, and the reward (Golden Liuli Favorability +20, Blue Gift Bag\*1, Passive Skill Smoothly Upgraded to Intermediate) has been issued!"

Everyone came to the living room on the third floor and took their seats. Guo Xun's friend Rong Liang was also called up. Li Yun saw that he was a middle-aged man about forty years old with a square face, and he looked like a honest and honest uncle.

Through mutual introduction, Li Yun learned some information about Jin Liuli.

It turned out that she came from one of the eight schools of the "two schools, four schools, eight schools and eight evils", namely Jin Shengge. The specific origin is unknown, but from the respectful attitude of Zhou Lao towards her, it is estimated that the pavilion master or the elder's daughter and granddaughter , The background is not small.

Wu Maoping is Zhou Lao's disciple. He is estimated to be in his twenties this year, but he has not yet reached the innate realm.

This time Jin Liuli came to Jin Yazhai alone, first to come up with experience, but to come here at the invitation of Wu Maoping.

Li Yun estimated that Jin Liuli's cultivation should be in the early stage of the Innate Realm, otherwise the adults in the family would not be relieved to let her come out.

After serving the tea, everyone took a sip and started talking about business.

"You want to ask about the tomb of General Xu."

After listening to Guo Xun's question, Rong Liang scratched his head with a look of embarrassment: "You told me on the phone that you wanted me to pay attention to some weird things, so I asked about it and learned about it by accident. I knew it. I've told you all, and I don't know more about it. I guess you have to ask the survivor!"

"Are there two people who are still alive after returning from the ancient tomb?" Li Yun asked in surprise.

"Idiot!"

Jin Liuli choked him: "There must be one dead already!"

Sure enough, Rong Guangming nodded, and said with a serious expression: "I heard that he died in the hospital this morning. Moreover, the death was very miserable. It is suspected that he was infected with the miasma virus in the ancient tomb."

Li Yun asked, "What a tragic trick?"

"You, what are you asking for!" Jin Liuli's face turned pale, "Misery is miserable, so I don't need to say too much!"

Li Yun glanced at her. Isn't this little girl scared?

Wu Maoping smiled and said, "Sister Liuli, don't be afraid. The tomb was originally damp and dark, and there was a lot of cold air, and it is normal for tomb robbers to drill into these places all year round and contract some strange diseases." He glanced at Li Yun mockingly. "This is not a zombie corpse poison, I think some people are destined to be disappointed!"

Li Yun smiled, stood up and bowed his hand to Zhou Lao: "Thank you for the hospitality, we're going to say goodbye."

"Go slow, don't send it." Old Zhou nodded, standing up and politely. After all, he already knew that there were two innates in Li Yun's team.

"Are you going?" Jin Liuli's eyes widened, and quickly reacted: "Oh! You are looking for the tomb robber, and I will go too!"

Li Yun said helplessly: "Miss Jin, now that we have solved the misunderstanding, you don't have to follow me!"

"No! I'm afraid you will also go to the tomb. You bad guys look like you are not a good person!"

"no."

"Isn't it going to the tomb?"

"Really not."

"I do not believe!"

"If you don't believe it, you have to believe it!"

"Ahhhh, why don't you \*\*\*\* let me follow?"

To put it bluntly, Jin Liuli is going to watch with him, and Li Yun's head is big.

Seeing that the eldest lady was very curious, Mr. Zhou had no choice but to follow her meaning and smiled bitterly: "Little friend Li Yun, why don't you go with the lady. In the name of our Jin Yazhai, you can make your investigation easier. Some people will sell Jin Yazhai a face."

Chapter 509: White Master, Medical Hall

From the kid, to Li Yun, and then to the little friend of Li Yun, the subtle change in the address Zhou Lao gave him made Li Yun's brain hurt.

Because it means Jin Liuli, a naughty little girl, will always follow him!

As Zhou Lao said, it would be much more convenient to have 'locals' with them, so Li Yun couldn't refuse.

So, with the help of a few cars from Mr. Zhou, Li Yun and others came to a hospital, no, a medical hall.

This is not a big hospital, but a private medical center dedicated to serving special people.

Upon entering the door, Li Yun saw a large counter similar to the ancient times. There were rows of herbal boxes in it. There were several doctors in ancient costumes and elegant temperament. There were few customers, but all of them were extraordinary. Obviously they were all here. Senior officials and nobles trust the medical skills here.

"Master Bai, the younger generation took the liberty to visit, please don't be offended!"

Wu Maoping saluted an old man with a childlike appearance. Depending on the situation, the white master was the curator of this medical clinic.

Master Bai smiled slightly and looked at Jin Liuli and Li Yun, "Who are these?"

"Hello, Grandpa Bai, my name is Jin Liuli~"

As long as it's not facing Li Yun, Jin Liuli's temper is particularly good, and she cleverly declares herself: "It's Jin Huijian's granddaughter, Jin Liuli!"

"Jinhui Sword Saint?!"

Master Bai was moved, and several doctors in the medical hall also looked over, and obviously all knew the name of the Jinhui Sword Saint.

"um, yes."

"It turns out that you are her granddaughter. I saw you when I was a kid. You've grown up like this!"

Master Bai was very happy. He smiled and asked someone to come up with a box as a gift, and he just stuffed it to Jin Liuli.

Wu Maoping deliberately ignored Li Yun and chatted with Master Bai for a long time, but refused to introduce them.

But Jin Liuli didn't have this consciousness at all.

"Cough!" Li Yun had to interrupt them, because if you don't hurry up, what if the tomb robber is dead?

"Master Bai, hello, my name is Li Yun, I am looking for you this time because I want to meet someone!"

Master is a respectful name for an older and well-learned person.

When the conversation was interrupted, Wu Maoping's face sank, and he shouted: "You don't have a tutor, interrupting the conversation of the elders, are you decent?"

Li Yun's heart was upset. Wu Maoping seemed to have an antagonistic hatred with him, and had been against him. Li Yun didn't \*\*\*\* his wife and kill his parents!

"I'm here for something. Besides, the person who came out of the tomb of General Xu died because of time wasted. Can you bear the responsibility?"

Wu Maoping suddenly sneered, and Li Yun immediately reacted, something bad happened!

Sure enough, when he heard these words, several doctors in the hospital glared at him.

"You're here for him!" Master Bai looked at Li Yun and said solemnly: "This friend, do you think that my Bai Family Medical Clinic is a vain name and will only kill people?"

Hu Fanbo smiled and said, "Didn't one die last night?"

Li Yun gave a wry smile, and Hu Fanbo's words were too strong in the smell of gunpowder.

A doctor immediately retorted: "The other person did not die in our place, but in the hospitals run by Western medicine, screaming to death. The patient was sent to our clinic long ago and he will never die!!"

Master Bai stroked his long beard, "Although the old man's medical skills are inferior to the genius doctors and medical fairies of Tiandanmen, he has never died in my Baijia Medical Hall for 50 years, my friend, If you are here to find fault, then I advise you to leave immediately, otherwise! Humph!"

Li Yun laughed bitterly. He said in the hospital that the patient would die. This was indeed suspected of provocation.

But Li Yun couldn't help it. He actually suspected that the tomb thief had been poisoned with corpse poison and was in danger, so he had to hurry up to see him.

Chapter 510: What I know is not medical skills

"Ding, trigger the option event, please choose from the host:

Option 1: Laugh at Bai Master's medical skills, conclude that his patient's toothpick will definitely die, reward evil value +10, and obtain skill: master medical skills.

Option 2: Slap face, cure toothpicks, reward Jin Liuli favorability degree +5, justice value +10, experience value +150,000, spirit +300, white gift bag\*5, skills obtained: advanced medical skills, additional bonus medium-sized detoxification pills \*1.

Option 3: Leave without any rewards. "

Toothpick, that is, the tomb thief who escaped from the tomb of General Xu.

The industry of tomb robbers is hard to see, so it is often called by other names. Over time, everyone only knows the nickname, not the real name.

Seeing the prompt from the system, Li Yun smiled at the corner of his mouth. Now he was 100% sure that the toothpick was poisoned by corpse!

After all, the urinary nature of the system, as long as it saves people, it will reward the same things. Because of the low justice value, it is probably because of the identity of the tomb thief of the toothpick.

"why are you laughing?!"

Wu Maoping was aggressive: "Don't you think that Master Bai's medical skills are inadequate, so you ridicule?"

Suddenly, Li Yun received several murderous glances.

There is a saying, you can insult me, but you can't insult my personality!

To think that a doctor, mocking his poor medical skills, treating illnesses will only kill people, it is tantamount to insulting his personality!

Li Yun smiled faintly, "I didn't say anything, but I'm sure you can't cure his disease!"

The faces of Master Bai and the doctors in the medical hall changed.

Wu Maoping sneered. He didn't need to provoke Li Yun anymore. This kid completely angered Master Bai. He just had to watch a good show and wait for this kid to make a fool of himself, so that Jin Liuli could no longer be interested in him!

"So, can you cure him?" a doctor asked in a deep voice.

"good."

Li Yun nodded calmly.

Jin Liuli's face was weird. Since she knew, no, since she met this guy, every word of him made Jin Liuli feel very angry.

But with the lessons learned before, Jin Liuli decided to watch silently to see if this guy could heal the disease!

Anyway, the tomb thief did a wicked thing, and died when he died, and Jin Liuli didn't have a psychological burden to watch.

"Your Excellency has a big tone."

Master Bai's face darkened, "Dare to ask where you are from and what is your opinion on medical skills?!"

"Not bad!" Another doctor echoed and asked: "How dare you say that we must not be able to heal that toothpick, do you have a virtual consultation method? Or is it a clairvoyance? Huh!"

Many doctors asked questions, and some of the rich and powerful people who were seeking medical treatment here also looked at Li Yun with contempt, thinking that he was young and frivolous, so they uttered wild words!

Li Yun smiled slightly: "What I know is not medical skills."

"Then you don't know how to heal..." A doctor wanted to choke him, but he closed his mouth when he said something. He thought of something, and his face changed immediately.

Master Bai frowned, Wu Maoping sneered: "It's not a medical technique. Could it be the so-called corpse poison?"

"Exactly!" Li Yun said: "I think the toothpick was poisoned by some kind of corpse poison because of a tomb robbery!"

In a short time, the medical hall became quiet, everyone looked at each other, and they could not think of such a result.

Corpse poison? Zombies?

The rich people who came to seek medical treatment did not know the situation, but under the doctor's whispered discussion, they quickly understood what happened.
