

## Godly Choice 51

Chapter 51: Top picks and bursts

"Finish!"

Li Yun hit the Enter key on the keyboard, and several files were instantly compressed into an executable exe file. Li Yun named it: Pioneer Strike 1.0 version.

Although Pioneer Strike is small, Li Yun has endowed it with many functions by virtue of powerful computer technology.

Data interception, script injection, file modification, port query, IP tracking, etc.

Using this gadget to deal with Huangmao's plug-in is purely an overkill, another target targeted by Vanguard Strike!

"okay."

Li Yun confidently said to Wang Houliang: "You will pk as usual and leave the rest to me. Don't worry, you will have an extra son later!"

"An extra son?"

Wang Houliang was stunned, and then overjoyed: "So I'm sure to win?"

"The premise is that your pk technology is really better than the other party." Li Yun smiled.

"Grass! Brother Li, don't you believe me? I have played with poisoned milk powder for five years, and I have been in PK every day. There are five numbers on the Zun 10. Isn't it better than this kind of arena that is open?"

Wang Houliang sat back in his position excitedly, put his hands on the keyboard, his momentum suddenly changed, as if he had become a general holding a weapon and marching on the battlefield!

Li Yun shook his head amused and started the Vanguard Strike.

All the machines in the Internet cafe were under the same local area network. Pioneer Strike easily found the IP addresses of Wang Houliang and Huang Mao's computers, and silently monitored each other's data transmission in the background, preparing to intercept some suspicious data.

The people in the Internet cafe gathered around, whispering constantly, waiting to see this father-son game.

"Who will be your son next time?"

"Nonsense, then B hangs up, who can beat him?"

"This group of students can also hang up!"

"Don't you know? The plug-ins are also hierarchical. I think this Huang Mao often opens them. He must get the best!"

Yes, Lao Tzu's plug-in is an internal product, absolutely the strongest!

Huang Mao said triumphantly when he heard the discussion.

While waiting, he deliberately boarded a YY channel guild called 'Ao Zhi Z'. This is where he gets the plug-in!

Aozhi has five channels, and each channel is full of two thousand people. All these ten thousand people want to open and hang B. It can be seen how amazing the influence and destructive power of Aozhi is.

However, the plug-ins received by more than 10,000 people are all free functional versions, and only less than 500 people can get the internal paid version.

There is no doubt that Huang Mao uses the internal paid version!

The function is more powerful, the concealment is better, and the ability to compete with other plug-ins is also the strongest!

Huang Mao used this plug-in for half a year. He abused people in the arena. No one could ever abuse him. Even if someone opened it, he would kill him in seconds!

"Hey, I will come and have a fun with you!"

Huang Mao turns off the spike function, turns on the blood lock, turns on the skill to increase, cools down to 0, and turns on 10 times faster. He wants to slowly enjoy the feeling of killing Wang Hou Liang!

"3, 2, 1, GO!"

PK started, Huang Mao sneered, and casually pressed the G button, and directly cut with a knife.

However, the game character on his screen is motionless, and the system shows that his skills are cooling.

"What?" Huang Mao was shocked, "Isn't there no cooling time for my skills?!"

Moreover, his drawing sword is full-screen!

"Sand coins, what are you doing without moving?" A red figure rushed over, picked up + bursts, a set of 80,000, and directly knocked out half of the yellow hair.

Chapter 52: The most arrogant destruction (part 1)

Huang Mao hurriedly manipulated the characters to dodge, but he had been on the hook for a long time, pk had forgotten all about his skills, and was caught by Wang Houliang's red eyes within a few clicks, and he was killed!

Looking at the big LOSE on the screen, Huang Mao was completely stunned!

He hadn't lost for half a year because of the opening of the hook. Today, for some reason, the plug-in failed!

"Hahaha, cool!" Wang Houliang laughed triumphantly, and shouted provocatively with Huang Mao: "You little wretched man also calling yourself Lao Tzu? Then I am Lao Tzu now, and today I received a good son. Hahaha!"

"Hahaha, congratulations to Brother Liang for accepting a godson!"

"6666, Brother Liang's PK technology is awesome!"

"Hey, godson over there, your father Liang is here, why don't you come over and kowtow to father Liang?"

The classmates of Class 14 burst into laughter, and the Internet cafe was full of joyous atmosphere. The father-son bureau was indeed a source of happiness. In addition, being a son was so cool that it was so cool!

After violating the anger and losing the game, Huang Mao's fellow gangsters completely lost their tempers, and all of them fell dejected, and asked Huang Mao, "What the \*\*\*\* is going on with you, where's your plug-in?"

Huang Mao was furious, "I don't know what's going on today, the \*\*\*\* plug-in doesn't work anymore! Grass, I spent a thousand oceans to buy this stuff, you wait, I'll ask the best management of Aozhi!"

Li Yun smiled faintly. Now anyone can take care of this matter. They are hard to protect themselves.

---

Zhou Xiaotian, male, 27 years old, a computer dropout from a well-known university, is now the most proud person in charge of plug-in technology, with an annual income of up to one million.

He studied hard when he was in high school, and after finally admitted to a well-known university, he seemed to make up for all his high school regrets and began to play online games frantically. As a result, he lost 6 of 8 courses in a semester.

After studying abroad for a year, I still didn't wake up and I was swept out by the school.

Later, Zhou Xiaotian came into contact with the game plug-in, either by coincidence or desperate. Finally, with his talent, he developed a plug-in for tainted milk powder, and formed the proudest with three other people from the game guild that he knew online.

Today's proudest, with tens of thousands of external users, the average number of purchases of the internal paid version is 2,000 (announced 500), and the price is 1,000 per month. They can earn two million in a month, plus the guild's The YY channel can also make money, and Zhou Xiaotian's life can be described as a very moisturizing life.

"Xiaoyue, go, I'll take you to the picture!"

After spending money, Zhou Xiaotian is now in addition to updating the plug-in every day, which is the girl in the guild. Just when he takes the girl to kill Antu in seconds, the BOSS has a full-screen super damage skill, which will stupidly stand the two people at the door of the dungeon. Give it a second kill!

"Huh? What's the matter? My plug-in is invalid?"

"Zhou Xiaotian, what the \*\*\*\* are you doing? Didn't you say that your plug-in is very powerful? Hmph, get out of here, I don't want to see you anymore!"

The girl yelled at him and left in a huff. Zhou Xiaotian didn't care to comfort him, so he hurried to check the update of the game.

Generally speaking, the plug-in fails, it is nothing more than the game update, and some loopholes have been patched.

At this time, Zhou Xiaotian is the busiest time, because there will be tens of thousands of people waiting for the plug-in update.

But this time, the situation seems a little different.

"All the keys are disabled?!"

Zhou Xiaotian was shocked, his face pale.

Chapter 53: The most arrogant destruction (part 2)

Generally speaking, even if the game fixes a few loopholes, most of the functions of the plug-ins he made can still be used.

Now that all functions are disabled, that means one thing:

Penguin Game Company, has been eyeing him!

"Xiaotian? Xiaotian?"

Another manager of Aozhizu sent him a window shaking, "What's the matter? The plug-in can't be used? Hurry up and fix it, everyone is waiting!"

"Can't everyone use it?" Zhou Xiaotian was taken aback, with a bad premonition in his heart.

"Yeah, everyone... wait, I'm Cao? Our YY channel has been hacked!"

"Has been hacked?"

Zhou Xiaotian's eyelids twitched, and then, his computer screen dimmed, the mouse and keyboard all failed, and a person appeared on the screen, looking at the camera with an expression of astonishment.

"It's me?"

Looking at his image on the screen, Zhou Xiaotian's face was pale.

His computer has been controlled by an unknown hacker, and his notebooks have their own cameras. There is no doubt that the cameras are now also controlled by hackers!

Zhou Xiaotian was trembling with fright. He has been a plug-in for more than two years and he is also proficient in many hacking techniques, but now he was unknowingly hacked by a highly skilled hacker, and the firewall he set up did not issue a warning at all!

The other party's hacking skills are at least ten times higher than him!

"Hello, Mr. Zhou Xiaotian."

A line of words appeared on the screen, and Zhou Xiaotian trembled with fright. The other party had never known how to obtain his personal information!

It is possible that he already knows his address, knows his family, and has insight into his whereabouts!

As a hacker, Zhou Xiaotian knows very well what a top hacker can do. Some of them can even hack into the ID card management system, hack into the satellites in the sky, conquer the missile base, and control everything from the network level. !

Outrageously strong!

"You, you, who are you?" Zhou Xiaotian asked tremblingly. After the camera and microphone are controlled by the other party, everything about him is under the control of the other party.

A line of words appeared on the computer screen again:

"I'm just an ordinary dungeon player."

Zhou Xiaotian wanted to cry without tears. He understood that it was the plug-in he made that killed this great \*\*\*\* in seconds, so the great \*\*\*\* came to \*\*\*\* him!

"I was wrong, brother, let me go this time, I promise I won't be a plug-in again!"

"Hehe, let's play a game."

"Wh, what game?" Zhou Xiaotian was terrified.

"Battle Royale."

"Battle Royale?"

"I have posted your information, external evidence, looks, whereabouts and other information on Weibo and Tieba, as well as the colg forum."

Finally, a joking sentence appeared on the screen: "Next, it is the real battle royale time. How do you face the anger of the eight million warriors?"

"Great God, no, no, Great God, I will give you money, I will give you one million, no, two million!"

"Great God?"

The Great God left and the computer returned to normal, but Zhou Xiaotian was paralyzed and sat in a chair. This was all over.

His most plug-in of Aozhi has been offended. I don't know how many dungeon players. Now the information is public, I believe that soon, players will come to him for real PK.

"Button button."

There was a knock on the door.

Zhou Xiaotian was shocked and hurriedly shouted: "Who is it?"

"Me, takeaway!"

"Oh, wait."

The desperate Zhou Xiaotian got up and opened the door. The moment he grasped the handle and twisted it open, he suddenly remembered that he definitely didn't order takeaway!

"boom!"

A heavy punch to his face caused Zhou Xiaotian to be dizzy and dodge quickly.

"Palsy! Hide a hair? Are you the \*\*\*\*\* most proud author of the plug-in? I beat your mother so hard that you don't even know it!"

After a fat beating, Zhou Xiaotian screamed again and again. Nearby neighbors watched. After learning that he was the author of the plug-in, there was another beating. Even the ten-year-old dungeon player gave him several punches.

You must die, you die 10,000 times!

Chapter 54: Real PK, I also win

"Ding, the host makes a choice, and the reward (124141, 5000 general experience points, wisdom +200, spirit +150, extra reward blue gift bag\*3, justice value 100) has been issued!"

With his own power, Li Yun gave a triumphant smile to provoke the anger of the eight million players in the dungeon against Aozhi.

After receiving the rewards of the system, Li Yun smiled more comfortably!

He is now close to 10,000 experience points, and it's time to strengthen a wave!

Increased strength and physique to 500, and increased agility to 400, and the rest of the attribute points were also slightly increased.

Finally, Li Yun's attributes are as follows:

"Host: Li Yun.

Constitution: 500 points.

Strength: 500 points.

Spirit: 400.

Wisdom: 400 points.

Agility: 300 points.

Charm: 27.

Justice value: 130

General experience points: 5000.

Skills: Elementary Fist, Elementary Inch Fist, Intermediate Snake Step, God-level Cooking Skill, Master-level Computer Knowledge.

Owned items: women's panties, pens, ink cartridges, blue gift bags\*3. "

Ahem, apart from the embarrassment of seeing women's panties, Li Yun is very satisfied with his current attributes.

Just about to open the blue gift bag, Huang Mao over there stood up suddenly and walked over angrily.

"Son, are you leaving?" Wang Houliang yelled, and everyone laughed again.

"You are paralyzed to die!"

Huang Mao was angry, and was agitated by Wang Houliang's words, and hit him with a fist. The latter flashed past and scuffled with him.

It's just that Wang Houliang is the opponent of Huang Mao who is in the society, and he was beaten by Huang Mao in a few moments, and hurriedly avoided.

"Are you arrogant?"

Li Yun said lightly, and quickly stepped over, grabbed Huang Mao's raised right hand, and gently squeezed it. Huang Mao only felt that his hand was clamped by iron tongs, and it hurt him cold and sweat.

Several of his companions were taken aback and fisted to help. Li Yun grabbed Huang Mao, used him as a shield, slammed into it several times, and beat Huang Mao and several gangsters screaming again and again.

"roll!"

Li Yun pushed hard with his hand, and Huang Mao couldn't help but back up a few steps, knocking a few gangsters to the ground, and a group of people piled on top of each other and hummed.

"Accept your gambling." Li Yun patted his hands and looked at several people condescendingly: "Hand over your money, pay it to the owner of the Internet cafe, and get out of here!"

Wang Houliang and everyone in the Internet cafe were already stupid.

Li Yun made an understatement, and gave Huang Mao a few ferocious punks to uniforms. This strength is far beyond ordinary people, and it is outrageous!

"You, you, you are waiting!"

Huang Mao trembled and took out his mobile phone, threatening: "There is a kind of you kill me, otherwise I will call my uncle who learns martial arts later, I have to interrupt your hands and feet, grass!"

"act recklessly."

Li Yun drank coldly, flew out and kicked Huang Mao's belly, so that he vomited out for dinner, his appearance was so miserable.

But this Huang Mao didn't even bow his head, so he got his phone through with a fierce temper.

"Ding, trigger the option event, please choose from the host:

Option 1: Wait for Huang Mao's uncle to come, defeat the opponent, reward all attributes +200, random advanced martial arts, justice value 100.

Option two: escape, reward skills: see the situation is not good, slip away.

Option 3: Alarm, reward 30 for justice, and a random gift. "

Chapter 55: Surprise attack

Li Yun frowned. From the perspective of his previous perceptions of danger and the unusually generous rewards now, this yellow-haired uncle's strength is not trivial.

However, his full attributes are now close to 500, and he has 5000 experience points. There is no reason to be afraid of the opponent!

"it is good!"

Li Yun's eyes flashed, "I will wait for your martial arts uncle to come and see what he can do!"

After speaking, he ordered several people to take out their money and pay it to the owner of the Internet cafe. He took Huang Mao and strode out.

"Brother Li, Brother Li?" Wang Houliang said worriedly: "Do you really want to go alone? I heard that martial arts students are very good. They seem to be able to pinch a steel pipe with their hands. There is a legend. Some cultivators can fly in the sky, and we are not in the same world!"

Li Yun is noncommittal, flying in the sky? It is estimated that his attribute points are more than 100,000.

How can others do it? Unless there are really monks who can cultivate immortals!

Xiuxian?

Li Yun moved in his heart and said to Wang Houliang: "You guys keep playing, it's okay, I can handle it!"

Seeing him leaving the tall figure, several female classmates from Class 14 showed admiration.

"Brother Li is so handsome, ooh, want to be his girlfriend!"

"Hmm, yes, Brother Li feels safe~"

"We and Brother Li haven't discovered that he was so handsome and strong in three years. What a pity, it would be nice if we started early!"

Hearing the female classmate's discussion, Wang Houliang and several boys smiled bitterly at each other, and they couldn't be jealous of Li Gesheng.

Li Yun is too strong, and they are not at the same level at all!

——  
"You are dead to tell you! My uncle is an inner disciple of Feihumen, Zhonghai City, you \*\*\*\* dare to beat me!"

"Snapped!"

Li Yun slapped Huang Mao blankly, and the cursing guy finally calmed down.

After carrying him to a remote street, Li Yun threw him on the ground, "Okay, right here, let your uncle come over!"

"Humph!"

Huang Mao simply sat down on the ground, looking like a dead pig was not afraid of boiling water, and took out his mobile phone to contact his uncle.

Li Yun opened his personal panel and added all experience points to Agile, so that Agile directly soared to as much as 750.

His only intermediate martial arts is the serpentine step, plus there is a saying:

The world of martial arts, all invincible, only quick and unbreakable!

Super agility brings extremely high mobility. It only takes 5 seconds to run 100 meters. Coupled with strong physical fitness, if you hit an ordinary person, Li Yun suspects that he can be killed!

"In the future, I will have more and more attribute points, and I don't know if I can fly after I exceed 10,000?"

While Li Yun was thinking about it, there was a slight sound of footsteps on the other side of the street.

Li Yun calmly stood still, listening to the subtle footsteps getting closer.

This remote street is very dim, and there are dense trees growing on both sides of the road. The mottled shadows of the trees deepen the sense of darkness here, and those who are more timid may not dare to take this road at night.

Suddenly, a small figure rushed out of the shadow, with \*\*\*\*\* hooked into a hook, moving as fast as thunder, bringing a claw wind, and grabbing it straight to Li Yun's face.

"You are waiting!"

Li Yun yelled violently, dodged a fist, mobilized all the muscles of his whole body, and hit the attacker's abdomen fiercely.

With a bang.

The attacker hurriedly changed his moves in surprise, but was still hit by Li Yun in the shoulder. The short figure flew four or five meters away, and stomped the ground fiercely under his feet, only to stop his retreat.

"uncle!"

Chapter 56: Storm hammer

Huang Mao shouted out in surprise, revealing the identity of the attacker.

"Hehe, you are the uncle of this little bastard? You don't look very good!"

Blocking the attack, Li Yun gained confidence and looked at him with playful eyes.

The man is in his early forties, he is 1.6 meters tall, has strong muscles, and his eyes are extremely fierce. In addition to his short stature, he looks very cruel.

"uncle."

Hearing Li Yun's words, Huang Mao's heart jumped. His uncle's name was Wang Kai. He hated others for mentioning his looks the most in his life, and hated others for making jokes about his body. For this reason, Wang Kai did not hesitate to fight with others, and finally made trouble. In the event of death, he could only hide in Zhonghai City, a complex of personnel.

Now Li Yun actually taunts Wang Kai to his face, I am afraid his uncle will be angry!

"you wanna die!"

Sure enough, Wang Kai flashed a harsh look in his eyes, and he screamed, killing Li Yun like a wind.

Li Yun used the snake-like steps, his body turned into a viper going around, slippery and flexible, avoiding Wang Kai's attacks again and again, making the yellow hair look stupid.

He went so far as to provoke such a flexible person. Fortunately, he had his uncle's help, otherwise he wouldn't know how he died.

"Hehe, kid, are you a snake-like step?"

Wang Kai saw the footwork used by Li Yun and sneered disdainfully: "My martial arts in Feihumen is known for its mighty and strong. Can't resist, Jie Jie Jie!"

While ridiculing Li Yun, Wang Kai was shocked.

The previous sneak attack failed, and Li Yun hit him in the shoulder. Now he still feels a little pain, and his movements are inevitably slow.

One gift and one reduction made Wang Kai unable to keep up with Li Yun's actions!

"Yes?"

Li Yun stood not far away, moved his neck, and said calmly on his face: "The warm-up is over, now I have to do my best!"

"what?"

Both Huang Mao and Wang Kai looked at him in shock. Li Yun's movements were already extremely swift just now. Can his speed be increased?

In the next moment, Li Yun's figure had already arrived in front of Wang Kai, and immediately afterwards, Wang Kai's body bowed into a shrimp, which was hit by Li Yun's knee and kicked out without any resistance.

Then, Li Yun's three punches and kicks quickly made him completely unable to turn over.

"It seems that I won."

Li Yun stepped on Wang Kai, crushed it slightly, and asked in a cold voice: "I ask, you answer. If there is half a lie or don't answer, be careful to spend the rest of your life in bed!"

"Have the ability to kill me! Come on!" Wang Kai spit out \*\*\*\* sputum, his eyes full of fierceness.

"Yes."

A sarcasm smiled at the corner of Li Yun's mouth, and Wang Kai's arm was smashed with a click with force under his feet.

The permeating sound of broken bones made Huang Mao's body tremble like sifting chaff. How could he have seen such battles on weekdays?

Li Yun did not speak, but raised his foot and stepped on his other arm.

"Wait, wait, I took it, can't I take it?" Wang Kai's face was pale. He thought that Li Yun was a student and wouldn't be so fierce, but he didn't expect that Li Yun did not hesitate to act. , If you step on it, step on it!

From this point of view, Li Yun is probably the children of those aristocratic families, or those who have been apprentices to a certain expert, they are definitely not ordinary high school students!

Thinking of this, Wang Kai completely lost his temper. He didn't dare to provoke these quacks!

"Hehe, smart."

Li Yun retracted his foot and said indifferently: "I just stepped on your bones. I didn't step on them. The bones can still be picked up. Of course, the premise is to be sent to the hospital as soon as possible. Do you understand?"

"Understand, understand below, you must know everything!"

Chapter 57: Ding, the god-level skill Dan

"Go away, don't let me see you next time!"

Li Yun retired everyone, and the rewards of the system followed.

"Ding, the host has made a choice, and the reward (all attributes +200, advanced steel and iron bone, justice value 100) has been issued!"

Looking at the system prompts, Li Yun fell into deep thought.

If he had received so many attribute rewards at one time before, he might still be happy.

However, after asking Wang Kai about Feihumen information, he learned that in this world, there still exists another kind of people.

Ancient warrior.

That is, a warrior who cultivates ancient martial arts.

There are ancient warriors all over the world. Huang Xuan has become ancient warriors. Western countries such as M country are called knights, and some countries are called samurai.

They seldom appear in front of outsiders, they are detached from the world, and they have their own way of doing things.

In Huangxuan, the circle of ancient warriors is called Jianghu, or martial arts.

The cultivation realm of ancient martial artists is divided into: martial artist, martial master, tempering body, acquired, and congenital.

A strong man in the acquired realm, with true Qi born in his body, strong and soft, can block bullets, cross the river with one reed, and easily do things that ordinary people can't!

As for the congenital realm and above, Wang Kai's insights are far from being touched, and Li Yun has no way of understanding.

"drink!"

Li Yun slapped a palm in the air, nearly a thousand kilograms of force, causing a strong wind in his fist, ten times stronger than ordinary people!

But this is far from the martial artist of the Houtian realm, Li Yun, he is now only equivalent to an ancient warrior in the early stage of the body tempering realm.

The power of a martial artist, 500 jin.

The strength of the body tempering realm, 1500 kilograms.

The power of a powerful person in the acquired realm can soar to 5,000 kilograms, and with one punch, it can easily explode the hardest skull of the human body. If you add acquired innocence, the power is even more amazing!

"The acquired state has such power, I don't know what the innate state will be like?"

"Above the innate realm? Is it possible to soar into the sky and become a cultivator?"

Li Yun looked into the distance and muttered to himself.

At this moment, there was a sense of pride in his heart.

In the future, he will definitely experience it personally, what it's like to be a master of innate realm!

"Huh, take your time."

Li Yun let out a sigh of relief and turned his attention back to the reward just now.

"System, open the blue gift bag!"

"Ding, get a small experience pill (1000 points)."

"Ding, get a small experience pill (2000 points)."

Li Yun was depressed, and it was rare to get a blue gift bag. How could it be an experience pill, couldn't he have something better?

"Open again!"

The lottery machine in front of him turned again, and Li Yun watched the treasures turn around with greedy eyes, almost drooling.

The pointer slowly stopped, and Li Yun's eyes widened. The pointer was now pointing to a golden-quality spatial ring, but it was still turning slowly, just without stopping.

"Damn, you stopped! Stop! Don't turn!"

In the end, the pointer stopped between the space ring and the next item, and Li Yun could not see what item he had obtained.

A colorful light flashed, and Li Yun lost consciousness for a moment.

"Ding, congratulations to the host for acquiring a god-level skill pill!"

Li Yun opened his mouth wide, and couldn't think of his first color quality thing, it turned out to be a pill?

"God-level skill pill: Upgrade any skill to god-level, and have a chance to comprehend stronger advanced skills. The effect depends on the level of the upgraded skill. The lower the level of skills, the easier it is to comprehend stronger skills. "

Chapter 58: Fang Xue's initiative

Li Yun shook his head with a wry smile. This thing is the same as the skill pill. It is said to be useful but not very useful or useless, but the utility of this thing is so strong that it belongs to the kind of thing that becomes stronger in the later stage.

"Forget it, don't worry, the god-level skill pill will wait until the time has come before using it."

Li Yun put this thing back in his inventory. As for the space ring that he didn't get, there will always be a chance to open it in the future.

—

The next day, Sunday.

"Kunkou, is anyone there?"

As soon as Li Yun finished his breakfast, he heard a knock on the door outside the door, and the sound seemed to be familiar.

"Fang Xue?"

After opening the door, Li Yun stared at the school flower standing outside the door with a shy smile on his face.

The weather today is very good. She wore a pure white dress with exquisite makeup. She wore a beautiful wide-brimmed hat on her head. With her white skin, the fashionable and beautiful temperament came to Li Yun's face. Such a momentary loss of consciousness.

Fang Xue at this moment is really beautiful!

"That, I~"

Fang Xue stopped, with a shy blush on her beautiful face, she lowered her head and whispered: "Li Yun, you said, we go to dinner together on weekends, so I thought, no, why don't we go shopping in the morning? Bar?"

Li Yun's heart was shaken, did she take the initiative to come to him for a date?

"it is good!"

"Did you agree?"

Fang Xue raised her head and looked at Li Yun in surprise. She had been looking forward to this morning since yesterday and Saturday. She was anxious all day, and now she got Li Yun's affirmative answer, she was very excited.

"Let's talk in advance."

A gentle smile appeared at the corner of Li Yun's mouth, holding her soft and delicate little hand, and bringing Fang Xue into the house, "My house is a little small, don't mind."

"No, no~, I believe Li Yun, your ability in the future!"

While speaking, Fang Xue looked at the two-bedroom house with curiosity, and when she saw Li Feng sitting on the sofa, she nodded reservedly.

Since falling in love with Li Yun, Fang Xue has deliberately established a good relationship with Li Feng to prepare for the future.

Once she identified a person, as long as that person didn't make outrageous mistakes, Fang Xue would always like him.

"Brother, who's here?"

The twin sisters walked out of the room and were surprised when they saw Fang Xue. They never thought that their brother's "girlfriend" would be so beautiful!

"Hello."

"Hello, young lady."

Caixia greeted Fang Xue politely. As for Caiwei, she lowered her head shyly, and hid behind her sister in a quiet greeting.

Fang Xue blinked. She liked the twin sisters very much, they looked very cute, but because it was the first time they met, it was not easy to get too close.

However, there will be opportunities in the future!

Several people sat down and chatted for a while, and Fang Xue visited Li Yun's room and the kitchen on the balcony, which greatly satisfied her curiosity.

She wants to know more about Li Yun.

"Li Yun."

Standing on the balcony, Fang Xue whispered to him: "If you are free, how about you go to my house as a guest?"

She looked at Li Yun's house, and naturally wanted Li Yun to go to her house.

"Uh, is this a bit too fast?"

Li Yun was taken aback, now he went to see his parents?

The two just held hands, and they haven't done anything else yet!

"Hmm..." Fang Xue tilted her head and looked at him, "That's right, we haven't had any appointments or appointments yet."

Speaking of the word date, Fang Xue blushed directly, with an overwhelmingly embarrassing appearance.

Li Yun smiled softly and quietly held her little hand, "So, shall we go on a date now?"

"...Hmm!" Fang Xuexue replied and agreed. Today, he took the initiative to ask her to go on a date, but she did not invite Li Yun herself!

## Chapter 59: Dating with Fang Daxiaohua (Part 1)

In the sour eyes of Li Feng and the three of them, Li Yun put on neat clothes and walked out of the house with Fang Xue.

Coming downstairs, Li Yun saw a red Masatura. Fang Xue walked over, opened the door, and asked shyly, "Li Yun, can you drive?"

"Will not."

Shaking his head with a wry smile, Li Yun looked at the beauty of the famous car in front of him. The two complemented each other, making Fang Xue's beauty more outstanding and her graceful figure more charming.

"It's okay, I will."

Fang Xue seemed interested, "I have a driver's license when I was 16 years old. When I have time, how can I teach you?"

"Aren't you afraid that I won't have money to buy a car in the future?"

"No, no, I have said that I believe Li Yun, you must be excellent, making money to support your family, buying a car and buying a house are very simple~"

Fang Xue said playfully, "Didn't you just win Zhou Xianming one hundred thousand yuan? With your talent, it would be nice to be a mathematician in the future~"

Besides, I can and can support you.

Fang Xue added in her heart, thinking of this, two blushes appeared on her face again.

"Xiaoxue."

Li Yun stepped forward and took the initiative to hold her little hand. Fang Xue heard him call her name so intimately, and Fang's heart trembled, and she was so embarrassed that a seductive pink appeared on her white neck.

"Don't worry, I will make the people I like and the people with me live happily in the future. I will try my best to do this!"

"Well, I believe you." Fang Xue said softly. She likes Li Yun and is willing to be with him.

Moreover, she also believes that Li Yun likes her!

"It's just," Fang Xue spit out her little tongue, and said embarrassedly: "My dad may not agree with him, he can't in high school...so we can't do it before or before university, that..."

She was too embarrassed to speak anymore.

"Do that?"

Li Yun couldn't help thinking about something that made both men and women happy. Fang Xue became more shy, snorted proudly, and stepped into the car first, throwing away Li Yun's hand.

"Quick, come up, let's go shopping in the commercial street~"

"it is good!"

Sitting in Fang Xue's red Masatilla, Li Yun smelled a good smell. There was a little bear doll in front of the car, which was very cutely decorated.

"Li Yun, you are the first boy to ride in my car~" Fang Xue blushed and said, "From now on, you must not let me down!"

After speaking, the car started and drove forward. She looked straight ahead, obviously not giving Li Yun a chance to speak.

I don't know if it is because of shyness.

"Of course, Xiaoxue, I will make you happy."

Li Yun made a silent assurance in his heart.

Arriving at the commercial street in the county seat, Fang Xue stopped the car and walked forward together holding hands.

Although it was morning, the commercial street on Sunday was already lively. Many lovers, like Li Yun and Fang Xue, held hands intimately while shopping.

"Li Yun, look over there, there are jewelry for sale~"

"Do you want to?"

"No, hehe~." Fang Xue smiled and covered her small mouth: "I have a lot of jewelry in my house. Mom bought it for me. There are full cabinets. I want to buy two for Li Feng and you. Sisters, they don't have jewelry~"

Li Yun was stunned, a cabinet of jewelry, Fang Xue, how rich is your family!

But she was also very touched in her heart. Fang Xue now began to think about his family, showing that she sincerely wanted to live with him for the rest of her life.

"Okay, let's pick a few, but you don't need to pay, I will pay!"

"Huh, masculinity, okay, okay, let you show it~, hehe!"

Chapter 60: Dating with Fang Daxiaohua (Part 2)

Li Yun and Fang Xue walked into this jewelry shop holding hands, and a young shopping guide immediately walked over with a smile, "Two, I wonder what kind of jewelry you want to buy?"

When she saw the appearance of the two clearly, she was obviously taken aback.

This pair of young lovers, the handsome male and the charming female, are a match made in heaven!

"Sir." The shopping guide said enviously: "Your girlfriend is so beautiful, it will definitely be even more beautiful if you wear jewelry!"

Fang Xue's face flushed, and she glanced at Li Yun secretly.

Although the two had held hands, they didn't clarify the relationship. Li Yun knew that Fang Xue's family would not agree, so he didn't confess specifically, and waited until the time was right.

The shopping guide saw the two of them like this, and immediately understood that the two young students who looked like students must have not broken the relationship yet, and were still in the dark stage.

Thinking of this, the shopping guide noticed in his heart: "Sir, please come here, here are some jewelry that suits you perfectly!"

"Oh?"

"Heart-to-heart necklace, this is made of natural pearls...the most suitable gift for couples to express their hearts and minds!"

The shopping guide enthusiastically introduced Li Yun some of the best jewellery for couples, looking like he could not wait for Li Yun to buy them all.

"Xiaoxue, do you like it?" Li Yun picked up the pearl necklace and asked with a smile.

"Um!"

Fang Xue said happily, "I like everything you gave~"

"Okay, then buy it!"

Li Yun waved his hand boldly and motioned the shopping guide to install the necklace.

However, to the surprise of the shopping guide, Li Yun bought the other three pieces of jewelry at a total cost of nearly 50,000 yuan, and they were not given to his girlfriend, but to other people.

"Humph."

Fang Xue snorted proudly. He, this fool, gave the couple's jewelry to Li Feng, and he didn't know if it was intentional!

Thinking that Li Feng and Li Yun are not related, Fang Xue frowned slightly. Could it be that Li Yun also likes Li Feng?

"Mother!"

Not far away, a five- or six-year-old boy pulled the corner of his mother's clothes, pointed to another man and said, "Mom, mom, look, someone is stealing a necklace!"

"what?!"

The little boy's innocent words shocked everyone in the store, and he turned his head to look at the middle-aged man he was pointing at.

Li Yun saw at a glance that the middle-aged man was quietly putting a string of bracelets into his girlfriend's bag. After being identified, the man's movements stopped and the bracelet was half exposed.

"court death!"

Surprisingly, the thief was caught by someone and did not immediately run away. Instead, he took out a folding knife, opened it in a shameless manner, and shouted fiercely, "Who would dare call the police? Remember, life is Own, the money belongs to the boss, don't cause bad things on impulse!"

Everyone was frightened and avoided, and a clerk's action to press the alarm button also stopped, for fear that he would jump over the counter and ask her for trouble.

Fang Xue hid behind Li Yun, grabbed the corner of his clothes, and watched the development of the situation nervously.

"Mom!" the little boy said innocently, "Why doesn't anyone stop the thief? Didn't you say that the thief is a badass?"

His words were extremely harsh in the jewelry store where the needles could be heard. Several men who accompanied their girlfriends to buy jewelry all bowed their heads in shame.

"Hahaha!"

The thief laughed wildly, glanced fiercely, and sneered: "My kid, didn't your mother tell you that the road is one foot high, and the devil is one foot high? This society is where the strong is king, who dares to mess? If you move, I'll kill anyone!"

"Really? What if I move?"
