

## Godly Choice 511

Chapter 511: Onset

Of the five tomb robbers, three died from the tomb of General Xu, two of them escaped. One of them died last night, and the other one was lingering. The big hospital can't treat it, so they can only come to the private medical clinic to touch luck.

The whole incident revealed a strange color that made those who heard it shudder.

"Nonsense!"

Wu Maoping stood up, looked at Li Yun with a sharp gaze, and shouted: "I don't know what purpose the four of you have been propagating about zombie female ghosts, but I can tell you clearly that there is no such thing in the world. thing!"

"If you don't believe me." Wu Maoping fingered the door and sneered: "You go out and find someone to ask, those who often steal tombs, or the bosses who come into contact with a lot of funeral objects, have they encountered any weird things?"

"Even if there is, it is only a psychological effect!" He added.

Everyone nodded again and again, and their gazes at Li Yun became increasingly contemptuous.

Jin Liuli is a little confused, who is listening to him now?

"Believe it or not, you can't cure the toothpick disease." Li Yun's face was indifferent, and he turned to Master Bai and said, "I want to see this toothpick. If it is later, I'm afraid he will suffer an accident!"

Bai Masterzi's face was ugly, and he was about to refuse, suddenly.

"what!"

In the ward upstairs, there was a terrified man's voice, "Don't come here, I am wrong, I am really wrong, your lord has a lot, don't kill me!"

Judging from the hoarse voice, the man seemed to have seen something terrible.

Immediately afterwards, there was another sound of head knocking against the door.

Jin Liuli was taken aback, and was about to ask what was going on when she saw Li Yun dash up the stairs.

"Hey?" Without thinking, Jin Liuli also followed.

Following the sound to find the ward, Li Yun just opened the door and saw a short and thin man who was more than 40 years old, kneeling on the ground and kowtow, his face was bloody, but he still didn't stop.

This person should be a toothpick, but his figure fits his nickname very well.

"Toothpicks, stop!"

Li Yun quickly stepped forward and grabbed his shoulders and forced him to stop kowtow. Otherwise, Li Yun was afraid that he would get a concussion!

Jin Liuli was a little afraid of this weird scene. She took a quiet look at the toothpick and saw that his eyes were dull, his face was blue, and some foam was spitting out from the corners of his mouth. It was very scary.

"What are you doing? Let go of the patient!" Wu Maoping exclaimed, waved away Li Yun's hand, and held the toothpick. "You are not a doctor, so what is the fun? When the patient is not cured, you will only ask. !"

Li Yun glanced at this guy uncomfortably, and for the time being tolerated this time, next time he would dare to make provocations again, asking him to go around without eating!

Everyone was busy for a while, put the unconscious toothpicks back on the bed, the doctors wiped his forehead, and carefully checked the pulse, looked at each other, and finally looked at Master Bai.

"I'll take a look again!" Bai Masterzi was serious, sitting on the stool, stretched out his hand to pulse the toothpick on the hospital bed, and pondered for a long time.

Everyone dared not make a noise, for fear of disturbing him.

The toothpick is completely stupid, not only can't answer the doctor's question, he can't even say a complete sentence, and even his eyes are lost!

Jin Liuli tilted his head and looked at these doctors. Why didn't they speak one by one?

And Grandpa Bai, why does the frown get tighter, can't you see what's wrong?

Chapter 512: Hopeless

After a long time, Master Bai slowly released the toothpick's wrist, but the expression on his face became more solemn.

"Master Bai, how's that?" Even Wu Maoping had less confidence in his words.

"This..."

Master Bai thought for a while, and after considering his words, he said, "Although his pulse is very fast, it is very powerful. He should only be frightened occasionally. Just take a calming and nourishing medicine to make up for the lack of health, and he should be healed soon. !"

Wu Maoping breathed a sigh of relief, and took a provocative look at Li Yun: "You are right. The doctors here can't cure the patients, but in fact, he doesn't need to cure them at all!"

Doesn't it need to be treated?

The wealthy people onlookers did not think so. They saw the toothpick scared of urinary incontinence, and there was a problem with it.

Jin Liuli thought hard and suddenly said, "Could it be a mental illness?"

Everyone was taken aback.

"For example...being scared in an ancient tomb, leaving a psychological shadow, making you suspicious in broad daylight!"

Jin Liuli looked at everyone expectantly, Wu Maoping smiled and praised: "Sister Liuli is right, I also think it's a mental illness!"

Someone agreed with her, making Jin Liuli very happy, and her lovely face was full of smiles.

Li Yun was noncommittal, looking at Wu Maoping, but saw his expression change again.

His eyes were round, his mouth was wide open, He Hehe gasped, saliva flowed out, his hands clung to the sheet tightly, his toes cramped, and his body showed an extremely strange and terrifying distortion.

"Uh! Uh! Ah!"

The strange screams came out from the toothpicks, making the faces of the people present greatly changed.

The cry of this kind of person who is dying is shocking and extremely terrifying.

Master Bai immediately stepped forward, straightened the toothpick's weirdly twisted body, and shouted: "Come on and hold him!"

Only then did the doctors react, and the four people stepped forward to grab the toothpick's limbs and hold it, but now the toothpick has become very powerful. Wu Maoping had to grab his shoulder and asked someone to take a rope to tie him up. .

"Let's take a look again!" Master Bai reached out and grabbed the toothpick's wrist. As soon as he touched it, Master Bai's face changed drastically. Take the psychedelic medicine and take him first!"

One doctor turned around immediately, but another doctor asked in a low voice, "Master Bai, we have already given him a psychedelic in the morning."

"What?" The White Master was taken aback, "Why didn't you say it earlier?"

"At that time, we thought the patient was hysteria, you went out, and there was no time to tell you."

"You bastard, don't tell me sooner!"

Master Bai was furious, and then went to check the pulse of the toothpick, his face suddenly turned pale, "The pulse...weak, the heartbeat slowed down, his eyes turned blank, foaming at the mouth, unconscious..."

The doctor who wanted to get the psychedelic stopped. These signs indicated that the patient was hopeless.

The doctors looked at each other, and Master Bai was even more ashamed. The Bai Family Medical Center was a 300-year-old hospital. No patient had died here before.

But today, it is estimated that an exception will be made.

Thinking of this, Master Bai was ashamed, and the signboard passed down by the ancestor was in his hands, I am afraid it will be smashed!

"I'll do it, and there will be some treatment."

When the farce stopped for a while, Li Yun finally stood up, and everyone greeted him with questioning and angry eyes.

The patient is dying, do you still say that there is a cure? Unless you are Hua Tuo alive and Bian Que comes back to life, you will never be able to cure it!

Chapter 513: Get a pill

Master Bai glanced at the toothpick. He was already in a state of venting more and less, and he looked like he was about to die at any time, exactly the same as the patient who died in the hospital before.

Unexpectedly, he eventually lost.

"Please." Master Bai sighed in his heart, took the initiative to stand up, gave Li Yun a place, and said respectfully: "If you have a way, please cure this patient, and we should thank you for the old man!"

"What?" Wu Maoping was taken aback, and then anxiously said: "Master Bai, this kid doesn't know medical skills at all. How can he treat illnesses? Don't let him..."

"Shut up!"

"Shut up."

Li Yun and Master Bai said at the same time, Wu Maoping was dumbfounded, and finally he gave Li Yun a hateful look: "When the time comes, you will kill him, don't blame it at the Baijia Medical Hall!"

"Go away, don't get me in the way."

Li Yun didn't like this kind of idiot and walked directly to the toothpick.

Master Bai stared at Li Yun with his eyes, "Your Excellency Li Yun, how do you treat the disease?"

"I will give him the pill and just take it."

Li Yun didn't talk too much nonsense, took out a small detoxification pill from his pocket and stuffed it into the toothpick mouth, then closed his chin and let the pill enter his throat before releasing it.

Soon, Wu Maoping didn't even have time to ridicule, he saw the toothpick wow, opened his mouth to spit out a mouthful of pus and blood, and then coughed violently, but his expression became more ruddy, and even his eyes became clear.

Everyone looked at the pus-blood again, and was shocked to see that the blood turned out to be red and green!

"Corpse?"

"This is corpse poison?"

"The green one is corpse poison?"

"Will it be emitted?"

"My god, go!"

In an instant, the people in the ward evaded the mass of pus and blood, and all of them said they were frightened.

"This is...?" Wu Maoping looked around in confusion, and finally said the first complete sentence.

The expressions of everyone are wonderful.

In the Bai Family Medical Center, many doctors went up and down, and Master Bai came on the court himself, but there was no way to cure the toothpicks.

Unexpectedly, Li Yun took a pill and took less than a minute to pull the patient back from the ghost gate!

"The genius doctor, really is the genius doctor!" A rich man smiled openly on his face and praised Li Yun with a thumbs up.

The rest of the rich were not to be outdone, and praised Li Yun as the reincarnation of Hua Tuo, Xinglin's master and so on.

For them, the money for medical treatment is not a problem, and they are afraid that they cannot be cured. Therefore, it is very necessary to get to know some doctors with superb medical skills. Maybe you will use them in the future!

"Mr. Genius!" Master Bai saluted Li Yun with emotion. Li Yun couldn't stop him even if he wanted to. For Master Bai, keeping the sign of his medical clinic was too important, and I couldn't thank him too much.

Moreover, today he is also regarded as an eye-opener, seeing that there are outsiders and there are outsiders.

"Ding, the host makes a choice, rewards (Golden Liuli Favorability +5, Justice Value +10, Experience Value +150,000, Spirit +300, White Gift Bag\*5, Skills Obtained: Advanced Medicine, Extra Reward Medium Detoxification Pill\* 1

For this reward, Li Yun was quite satisfied. The small detoxification pill became a medium-sized one. This sale is worth it!

"You, you, you, really cured him?" Jin Liuli's big round eyes widened and looked at Li Yun in disbelief. "A small pill can cure a person. It always feels impossible. Thing!"

Li Yun shrugged.

"I also think it's impossible!" Wu Maoping saw that Jin Liuli was so concerned about Li Yun, and his face suddenly became gloomy. "Maybe the whole thing is that you direct and perform yourself, the purpose is to deceive..."

"Snapped!"

Chapter 514: Apologize or get out

A crisp applause sounded, everyone in the ward was startled, Wu Maoping went stupid, five fingerprints appeared on his left face, and he looked at Li Yun in disbelief with his face covered.

"You, you unexpectedly!" Wu Maoping was shaking with anger.

"The fight is to teach you a lesson."

Li Yun gently shook his hand and said calmly: "You have targeted me a few times before. I think you have tolerated the face of my friend Rong Liang, but you don't know what is good or bad, and you slander me with nothing, next time you want to Sue me for murder?!"

Everyone came back to their senses and thought carefully, it was indeed the case.

Wu Maoping didn't have any evidence, but he said that Li Yun and the toothpick colluded to make this game, which was obviously slander!

Li Yun did not look at Jin Liuli's face, but looked at Wu Maoping calmly: "Now I give you two choices. One is to get out immediately. I don't want to appear in my field of vision again with you! One, to me I apologize, this matter is cancelled. Choose!"

The tone was indifferent, but there was an aura of no anger and prestige. The few rich men and doctors present felt that their breathing was a little quick.

The atmosphere froze suddenly.

Wu Maoping stared at Li Yun deadly: "Why do you let me get out? This is your site? What are you?!"

Li Yun did not answer, but looked at Master Bai.

The meaning is clear, he also gave the white master a choice.

Either Li Yun stays or Wu Maoping gets out!

"Ahem!"

Master Bai did not hesitate too much and acted as a moderator. He said to Wu Maoping: "Little friend, Mr. Li's pill does have extraordinary effects. What you said just now is a little inappropriate. It's okay to apologize!"

Obviously, Master Bai turned towards Li Yun.

Several doctors at the Bai Family Medical Center could understand. Master Bai was very grateful to Li Yun for protecting the signboard of the Bai Family Medical Center, and naturally turned towards Li Yun.

As for Jin Yazhai, although the Jin Sheng Pavilion behind it is very strong, his hand cannot reach here.

"Should I apologize?! Impossible!" Wu Maoping refused in a cold voice.

Master Bai was speechless.

A faint smile appeared at the corner of Li Yun's mouth. He looked at Jin Liuli and said, "Different ways are not conspiring."

As long as you are not a fool, you can hear the meaning of this sentence.

But Jin Liuli was a little dazed: "You, do you want me to go?"

Li Yun stopped answering, his expression indifferent, revealing a sense of indifference.

Jin Liuli felt a pain in her heart inexplicably, and couldn't help but turn her head and said loudly to Wu Maoping, "Brother Maoping, can you apologize? You just said something wrong..."

What? !

Wu Maoping showed a shocked look, and even Jin Liuli turned towards Li Yun!

You know, although he and Jin Liuli are not childhood sweethearts, but every time they meet with Jin Liuli, under Wu Maoping's deliberate friendship, they both have fun. He thinks he has a good relationship.

Unexpectedly, Jin Liuli actually turned to an outsider!

Li Yun was also a little surprised. Jin Liuli's favorability for him was -24, but she also helped him speak.

"I, I just talk about the matter!" Jin Liuli said in a flustered manner, "I still hate you, don't get me wrong!"

With everyone facing Li Yun, Wu Maoping can only apologize to Li Yun unless he shakes his hand and leaves!

"Hug, sorry."

Wu Maoping's apology was as small as a mosquito, and Li Yun did not let it go. He also warned: "Let's not take this as an example."

Watched by everyone with weird and playful eyes, Wu Maoping's complexion was very wonderful, his fists clenched tightly, but in the end he didn't dare to be angry with Li Yun and could only endure it.

Li Yun was too lazy to catch him and turned to look at the toothpick.

Chapter 515: I continue to follow you

Toothpick has regained his sanity and figured out what happened, knowing that Li Yun rescued him.

But he was sitting on the bed with his back against the wall, silent, his eyes faintly with a trace of terror and confusion, as if he was thinking about something.

Li Yun asked directly: "Toothpicks, I want to know what you saw in the tomb of General Xu? What have you experienced?"

It is cruel to recall the horror, but the toothpick is a tomb thief with a strong psychological endurance, and Li Yun does not need to worry about it.

Toothpick still said nothing.

After a long time, it seemed that he had figured out something. He gritted his teeth and said: "I will pay you, but besides, I won't say anything, goodbye!"

After speaking, he got out of the hospital bed and walked out the door, looking anxious.

Everyone looked at each other.

"Don't worry!"

Li Yun smiled and pressed his thin shoulders, "If you have anything you can say, I can cure your disease, maybe there is a solution for you, let's talk in detail, how about it?"

Toothpick's expression was shocked, his eyes turned to Li Yun, looked at him carefully, and asked, "Are you from the South or the North? Or is it some expert?"

The so-called southern faction and northern faction actually refer to the saying in the tomb robbery. The methods of tomb robbery on the two sides are different and slightly different, but the divisions are not very detailed.

People who can deal with those weird things are rare in the tomb robber industry, and most people rely on a brutal force.

Li Yun smiled slightly, "I've seen a few zombies!"

Toothpick pupils shrank suddenly, his face was pale, he lowered his head, his hands trembled slightly, and finally nodded slowly: "I'm going to find someone."

"it is good."

Li Yun followed, Guo Xun and the three of them did not need to say, they also followed.

The people who were left continued to be dumbfounded. They couldn't figure out the truth or not of what Li Yun said, but they couldn't continue to follow.

The Bai Master thoughtfully sent Li Yun away from the Bai Family Medical Clinic.

As for the toothpick's medical expenses, he was automatically exempted from it, as it was because of Li Yun's face.

Wu Maoping breathed a sigh of relief, these guys had the best time to go, don't follow Jin Liuli in the future.

As long as he stays with her more these few days, he might be able to win the gold of this elder Jin Shengge. Then, it will be when his Wu Maoping is flying to Huang Tengda!

Thinking of this, Wu Maoping couldn't help showing a smug smile, turning his head to look at her: "Sister Liuli, it's too early, shall we go back?"

"No, I will continue to follow him and see what tricks he plays!"

"What?! Follow along?"

"Correct!"

Jin Liuli didn't hesitate too much, and followed Li Yun with an expression that I was sure of you.

She also couldn't tell why she still followed Li Yun, maybe she was just curious.

Li Yun ignored her, and found a fork in the antique street with the toothpick. After drilling into an alley, many mysterious sellers immediately came up to sell the antiques, but the toothpicks waved their hands casually and said that everyone could not listen. With a clear code word, all antique sellers retired with interest.

They knew that toothpicks were insiders, they couldn't deceive him, and they didn't feel uncomfortable.

From his previous expression, Li Yun knew that the toothpick must have encountered strange things in the ancient tomb. It is likely to be a zombie, but it may also be caused by psychological effects.

As Wu Maoping said, the tomb was dark and damp, and besides corpse poison, there were many organ poisons that could kill people.

Going around in the alleys, finally, the toothpick stopped in front of a short and old antique shop with a history of at least several decades.

"Arrived!"

#### Chapter 516: Sanye Antique Shop

Li Yun glanced at this old antique shop. It was dark inside, and red candles were lit in broad daylight. The items sold were messy, from nails, hammers, shovel, to all kinds of antique gadgets, and even sold dry rice noodles. , Can be described as everything.

Looking up at the signboard, you can vaguely see the words'Sanye Antique Shop' written on the weathered plaque, but the red paint has already peeled off.

"San Ye!"

Toothpicks stood outside the door, bowing respectfully to the inside.

"Ahem, it's Zhu Zi, come in."

There was a coughing sound from inside the door. From the old voice, it was inferred that the person inside was at least 70 years old.

Toothpick said again: "San Ye, I brought a person to see you this time, you see..."

"Hehe, why are you polite with me? Just come in, my old bone is not a few years old to live, so what's the rule!"

After getting permission, Toothpick nodded to Li Yun, then turned to other people and said, "San Ye is not in good health. It is not suitable to see too many people. Please wait outside!"

This sentence was a bit rude, Guo Xun didn't say anything, but Wu Maoping immediately furious, and said forcefully, "Do you know who I am?"

"I care who you are!" The toothpick became impatient, and he glared at him horizontally: "I am the king of heaven, I am here, now I am not afraid, he will die!"

Wu Maoping was choked and speechless, and he could also see that toothpicks were not afraid of death at all.

As the saying goes, those who are afraid of being stunned, and those who are stunned are afraid of death. They are talking about the toothpicks in front of them.

But in front of Jin Liuli, he didn't want to lose face, and said in a deep voice, "Don't you give Jin Yazhai's face?"

Jin Yazhai is very famous on the Antique Street in Fair City, and all walks of life are willing to sell it for a good face.

Sure enough, after hearing the name, Toothpick's face changed slightly, and the third master inside the door also said: "Zhuzi, let them all come in, I am not afraid of seeing people."

With joy on Jin Liuli's face, he yelled his brother sweetly at Wu Maoping, making Wu Maoping more proud.

Li Yun still ignored her and entered the store first.

This antique shop was as messy as it was seen outside, but it was still spacious, and when I walked a few steps carefully without touching anything, Li Yun saw an...old man?

The old man in front of him is quite strange, with gray hair, wrinkles on his face, leaning on a cane, and the skin on his hands is also covered with age spots.

Judging from these, he is at least eighty years old.

But what is weird is that this old man named San Ye has extremely thick gray hair, which is nothing like what an elderly person over seventy should have.

Forty years old, at most fifty years old.

Because over 60 years old, senile hair loss will become more serious, unless they wear a wig, it is absolutely impossible for an 80-year-old to have such thick hair!

However, if the old man in front of him is a congenital period, he can do this, but the congenital period will not be so old, so it still seems strange.

"San Ye."

Toothpicks saluted the weird old man and introduced Li Yun respectfully. The others were all ignored by him.

"My name is Jin Liuli~"

He didn't introduce him, but Jin Liuli, a naughty little girl, took the initiative to greet San Ye with a grin, and said, "Hello San Ye, just call me Liuli. Your store is really interesting. I was fascinated by it just now. NS!"

Li Yun was speechless, no wonder she yelled all the way.

"Hahaha, your little girl speaks really likable." San Ye looked very kind, and smiled: "Well, if you like it later, just pick a few things in the store and go back, San Ye It's for you!"

Chapter 517: Meet once to pay off the favor

"Oh? Okay, thank you Grandpa San!" Jin Liuli was happy, and glanced at Li Yun triumphantly, as if showing off his affinity.

San Ye turned his turbid gaze to Wu Maoping and asked, "This is Jin Yazhai's friend?"

"Exactly."

"Okay, is there anything you came to see me for?"

"Hehe, what can I do if I ask you?" Wu Maoping asked back, sneered at the corner of his mouth:

"I'm here to accompany Sister Liuli for fun!"

He still hated the disrespect of the third master just now.

"so it is."

The third master nodded and said with a sigh of relief: "If this is the case, then the favor I owed Jin Yazhai back then will be counted as clear. When I go back and tell Elder Zhou, I will say that the third son is me, thank him for healing my true Qi in those days! "

Wu Maoping was taken aback for a moment, and he dared to let him into the store, not because of Jin Yazhai's reputation, but because his master saved him back then?

In this way, these three masters actually used to meet once, as a favor to return Zhou to save him! !

This guy has a lot of face! !

Wu Maoping was extremely annoyed, and he didn't know that Master didn't care about this favor, if he did care... it shows that the third master does have some abilities!

And he arbitrarily used the favor, I am afraid that he will be scolded by the master.

"Little third son?"

Jin Liuli was confused and couldn't help asking: "Grandpa San, how old are you this year?"

Generally speaking, to ask about the age of the elders is to ask Guigeng, but Jin Liuli is charming and cute, so asking directly seems innocent and lively.

"Little girl, the old man is not fifty enough this year." San Ye smiled.

Everyone was startled, Guo Xun looked at him once again, whether it was wrinkles or age spots, he said that the old man in front of him was at least 70 years old, and he didn't even think that he hadn't even reached 50!

Then why is he aging so fast?

"It doesn't matter if you don't mention things in the past." San Ye waved his hand and said he didn't want to mention the reason, and then asked the toothpick: "Zhu Zi, this time you are mobilizing people to come to me. I am afraid that something dirty happened?"

Everyone didn't even have a chair, so they could only stand and listen.

Li Yun estimated that the toothpick was surnamed Zhu. As for the name of the toothpick, it is not clear, but it does not matter. It is better to call him toothpick.

Toothpick hesitated for a long time, then bowed his head in shame, and said, "San Ye, I, I went to the tomb of General Xu!"

Suddenly, San Ye's smile froze, slowly turning cold, his expression was very serious, and he whispered, "How many dead?"

"Four." The toothpick expression was very painful, and his voice said bitterly: "My cousin, tall and thin, with severed fingers, died inside. After coming back, Hei Zhuang is also dead!"

"Naughty!"

The third master knocked \*\*\*\* the crutches, his wrinkled face was furious, and he shouted: "Didn't I tell you? There are big dumplings in General Xu's tomb. If you enter, you must die. Back then, I didn't believe in evil and went in. The result? Did you see me like this now? You are so mad...cough cough cough!"

He coughed, and the toothpick hurried forward to appease him.

Li Yun nodded secretly, it seemed that the tomb of General Xu had to go!

The reason why San Ye was abnormally aging was because he entered the tomb of General Xu. Toothpicks and the group of people went in. Five died and three died. The one who escaped was also dead. If it were not for Li Yun, the toothpicks would die.

It can be seen that this tomb of General Xu must be weird, but I don't know if it is related to the six magic gates. This needs to be investigated to understand.

Jin Liuli was breathing quickly, and couldn't help but glance at Li Yun.

Is he really going to the ancient tomb?

Are there really zombies, ghosts, and curses in the world?

For a while, Jin Liuli's mind was messed up, if she didn't understand, she just didn't want to, just follow this bad guy to see it!

Chapter 518: Way to survive

San Ye stopped getting angry, and tapped the toothpick on the head with a cane, which made him go away with his head.

"Back then, your dad asked me to take good care of you as the eldest brother, but you ran there. If it weren't for my lack of strength, I would have to beat you to death with a cane, lest you die and even reincarnate!"

The toothpick didn't dare to make a sound, until San Ye stopped, he whispered: "That's why I came to see you San Ye."

"Find me? It's useless to find me!"

San Ye sneered, "My method can only keep me alive, but how old are you? Half your feet are in the ground, you will go half-life after a toss, and that thing will follow you again. Think about it for yourself, even if you use it. My way, you can live for a few more years!?"

Li Yun understood. The third master probably also put some kind of curse in the tomb of General Xu. He only lived for twenty years by special methods.

But toothpicks are now in their forties, and that special method is very troublesome to operate, plus curses will make people age faster, so toothpicks simply wait to die!

"This....."

The expression of the toothpick is very complicated, like a patient who has received a diagnosis of advanced cancer.

Jin Liuli looked at Li Yun curiously: "Hey, didn't you cure him?"

"My name is Li Yun instead of Hey." Li Yun did not answer Jin Liuli's question.

"Cure?"

San Ye looked at Li Yun with muddy eyes, but shook his head, "No one can cure the strange disease brought out from the tomb, Zhu Zi, transfer all your money to your son and wife, and prepare for the funeral."

The tomb was robbed for money, and the explanation for the funeral was simple and straightforward.

"No!" The toothpick suddenly looked up, "San Ye, there is one last way!"

San Ye was silent for a long while before sighing: "Aren't you afraid of hurting your family?"

"From now on, I will cut off blood ties with them. If I can't come back, I will let my son, no, let him change his surname!" The toothpick said in a stubborn manner.

Jin Liuli was confused, and Li Yun probably guessed. Could it be that they were afraid that the curse would be passed on to their close relatives?

Hu Fanbo smiled and said: "What you said is in the clouds and in the mist, I don't understand, what? I mean, you want to go back to the ancient tomb again?"

Toothpicks default.

"That's right, we also want to take a look at the tomb of General Xu, we can go together in a team at that time!" Hu Fanbo directly proposed.

San Ye glanced at him, but said nothing.

It is also good to have someone go to die.

Toothpick smiled bitterly, without concealing it, and said to Li Yun: "The truth is what you told Mr. Li, this tomb is really weird, you must consider it carefully, this is not a joke!"

"And me, I'll go too!" Before Li Yun could speak, Jin Liuli raised her white tender little hand.

Toothpick was taken aback, and asked in surprise: "You little girl, too?"

"You actually underestimate me? I'm an innate master! Do you know what innate is?"

After Jin Liuli showed off, she secretly looked at Li Yun, only to see this guy's indifferent expression, she couldn't help getting angry.

San Ye frowned, "Golden girl, there is nothing to look at in that tomb. There are bugs everywhere, it is dark and humid. You are a girl, don't go, obedient!"

"No, I appreciate the kindness of Grandpa Third, but I must go!"

Jin Liuli began to make excuses, saying that Li Yun would take the opportunity to steal the tomb and that he couldn't make money so easy and so on.

Li Yun didn't say anything, and let her play mischievously. It would be okay for a vote to veto it later.

Looking at the toothpick, Li Yun asked, "I want to know why you returned to the tomb again?"

Chapter 519: My head is hurting again

Toothpick smiled bitterly, "I was obsessed with my heart at the time. Because of the robbing of more tombs, my body was getting worse and worse. After thinking about a good life in a few days, I came up with the idea of the tomb of General Xu."

"After getting into the tomb, I desperately brought out a few things, thinking about leaving it to my son."

"Unexpectedly, the things in the tomb have been following me."

The toothpick showed a frightened expression, "I'm afraid that these dirty things will drag my ghost away after I die... So, I will take those things back and ask the owner of the tomb for forgiveness."

"Is this useful?" Yang Jie asked curiously.

To be honest, she hasn't understood what is in the tomb until now.

San Ye said: "It's useful and not useful, at least please be at ease, Zhu Zi, I'll go with you this time."

"What?" Toothpick was surprised, looking at San Ye's broken body, how could he go down to the ancient tomb with this trembling appearance?

San Ye sighed, "I have reached my age, and I will be alive in a few years, so I might as well go with you again and return my things while I can still walk."

"The things in General Xu's tomb... none of them can be touched!"

He said, looking at Li Yun, watching his face.

Seeing Li Yun nodded secretly after hearing that he could not take away the funerary objects in the tomb, but still calmly.

"Ding, trigger the option event, please choose from the host:

Option 1: Send a small detoxification pill to San Ye, reward +10 for justice and green gift bag\*1.

Option 2: Send a small recovery pill to the third master, reward +10 for justice and white gift bag \*3. .

Option 3: Send both, reward justice value +15, blue gift bag\*1.

Option 4: Ignore, reward green gift bag\*3. "

Li Yun raised his eyebrows, and there were four more options, and this time he could get rewards for ignoring the choices.

The first three rewards are not high, and Li Yun's perception of San Ye is very poor. He always feels that the purpose of this person is not simple, nor is he a good person.

So, just don't give him any medicine, as long as he can walk to the tomb.

"Ding, the host ignores the options and rewards the green gift bag\*3."

The conversation is over here, and the rest is simply discussing the next schedule.

Li Yun, Guo Xun, three people, plus toothpicks and San Ye, a group of six people, discussed about lunch and started preparing after dinner, and set off immediately. First, go to the town nearest to General Xu's tomb. tomb.

"Ding, the host makes a choice and rewards (experience value +300,000, all attributes +300, green gift bag\*3, extra bonus skill: advanced tomb robbery knowledge

This is the reward for investigating the ancient tomb, and the system will postpone it until now!

Now Li Yun has PhD-level archeological knowledge, coupled with advanced knowledge of tomb robbery, the two complement each other, and he is also a rare master in this industry.

Looking at the inventory and attribute bar, apart from the golden gift bag that hasn't been opened yet, the rest did not greatly improve his journey this time, so Li Yun temporarily left the experience points and gift bag, and opened it later.

"Hey!"

"Hello!?"

"Wow wow wow hello!"

Jin Liuli stretched her teeth and danced her claws in front of it, babbling strangely, trying to attract Li Yun's attention, but Li Yun never paid attention to her. Finally, the naughty little girl broke out and grabbed Li Yun's arm and shook it vigorously:

"You bastard, did you deliberately ignore me? I told you I would also follow, you are so necrotic! Bad bastard, big rascal, big rascal!!!"

Li Yun: "..."

His head started to hurt again.

Chapter 520: Ding, Jin Liuli's favorability is increased by 70

Sitting in front of the Sanye antique shop, Li Yun glanced at the toothpicks and Sanye he was busy preparing. Guo Xun went to buy takeout, prepared to make a living, and left after eating.

But Jin Liuli and Wu Maoping still didn't leave, and Jin Liuli kept making noises, so that Li Yun really wanted to catch her and threw it out! Nothing else!

"Golden Saint Pavilion, is it one of the top schools in the arena?" Li Yun looked at Jin Liuli.

"of course!"

Jin Liuli is very proud.

"Your parents can rest assured that you will go to the tomb with our big men?"

"What's this? There is also a school on the rivers and lakes, called the Gutomb School, they just live in the tomb!"

Jin Liuli defended, "Furthermore! Sister Yang is not a woman? She can go, why can't I?"

Moreover, she does not have a father, only a mother.

"Sister Liuli, don't compare yourself with these people!" Wu Maoping also persuaded: "You are the granddaughter of the elder Jinshengge. You have a noble status. You should not go to those dark and dirty places. If you are..."

"Hey, Brother Maoping, you are so annoying!"

Jin Liuli was straightforward and said directly: "Don't go if you don't want to go, but I want to go! Mom tells me to come out for experience, and going to the ancient tomb is also a part of experience!"

She actually doesn't like Wu Maoping very much.

"This!" Wu Maoping's face changed slightly, and he smiled reluctantly: "If you go, then I will definitely follow to protect you!"

"I don't need someone to protect!" Jin Liuli pursed her lips.

Li Yun has a headache.

But when the headache came, the system was still messing up.

"Ding, trigger the option event, please choose from the host:

Option 1: Bring golden colored glaze, reward gold colored glaze favorability degree +70, experience value +500,000, all attributes +500, medium detoxification pill, recovery pill, foundation building pill\*1, skill smooth upgrade to advanced, extra reward: blue Color grade consecrated rosary\*1 (Limited to Jin Liuli).

Option 2: Ignore, no reward.

Option 3: Scold her to go, reward Jin Liuli with a degree of -100. Jin Liuli's favorability will no longer be displayed. In the future, the host and Jin Liuli will no longer have the possibility of intersection. "

Li Yun was shocked.

Dare to love him not far away from Zhonghai City to Fair City to investigate the ancient tomb. It took a lot of hard work, but it was not as good as the reward triggered by Jin Liuli now!

The medium-sized pill is actually rewarded with one, and there are limited consecrating rosary beads, although they are only blue, they are also equipment!

Li Yun has never driven blue-grade equipment!

"Brother Li Yun~"

At this moment, Jin Liuli leaned in front of him, her naughty and cute face was close, her blushing mouth opened slightly, and Li Yun could smell the sweet scent she exhaled.

Li Yun couldn't help but feel the scent of the girl's body.

"Brother Li Yun, you promised me~!" Jin Liuli made a pitiful expression, with watery eyes in his big eyes, and said, "Liu Li really wants to go with him to the ancient tomb. People have come out to experience it. Besides, with your protection from Li Yun, Liuli will definitely be fine!"

Li Yun: "..."

After meeting Jin Liuli, he didn't know how much speechless.

Moreover, the title has changed drastically from 'great harlot and big pervert' to 'hello' and then to brother Li Yun.

She grabbed her arm for a while and shook, Li Yun helplessly said: "Well, as long as you get your parents' consent, I will take you there!"

"Yeah, you badass fooled, hehe~~!"

Jin Liuli laughed and let go of Li Yun's hand, but he didn't say that he didn't want to go, but he was proud to sell cute and Li Yun changed his mind.
