

Godly Choice 521

Chapter 521: Consecrate the rosary

I don't know what Jin Liuli and her mother said on the phone, but Li Yun, who is supervising on the side, can tell that she is indeed calling her mother. This cannot be faked.

Besides, Li Yun was also on the phone, and had a phone call with the gentle and tactful Mei Shao woman, and successfully won her trust.

Finally, Jin Liuli hung up the phone triumphantly, indicating that he had obtained consent.

However, her mother made a request to her that there would be two bodyguards to protect her, and Wu Maoping would also follow.

Li Yun said helplessly: "I can take you there."

Jin Liuli showed a surprised expression.

"But you have to listen to me along the way." Li Yun glanced at Wu Maoping, who had an ugly face, "I told you to go east, you go east, if you ask you to go west, you have to go west, including you Everyone in the team will listen to me, can you guarantee?"

Jin Liuli's face blushed, slightly avoiding Li Yun, and said: "Then... you want me to take off my clothes, don't I want to take off too?"

"Cough cough cough!"

Li Yun was frightened by her words and couldn't help standing up and knocking her head: "What do you think, little girl, I have a girlfriend!"

"Hehe, well, it's not bad to listen to you guy."

Jin Liuli rubbed her head and agreed with a smile. She found that Li Yun was not that annoying.

"Okay." Li Yun waved his hand. "You also go and prepare things. We will leave after lunch."

"Oh oh!" Jin Liuli was obviously excited, like a cute daughter who followed her father to go to Spring, so excited.

Li Yun smiled, ignoring whether Wu Maoping's resentful gaze projected over him, and treated him as a clown who couldn't get over any waves.

"Ding, the host makes a choice and rewards (Golden Liuli Favorability +70, Experience Value +500,000, All Attributes +500, Medium Detoxification Pill, Restoration Pill, Foundation Building Pill*1, smooth skill upgrade to advanced level, additional rewards: Blue-grade consecrated rosary*1 (limited to Jin Liuli) has been distributed!"

Li Yun was very satisfied, greeted Jin Liuli over and handed the consecrated rosary to her little hand.

"This is something that can protect you from being attacked by zombies, but it can only be used once. Be careful, don't break it!"

"this is?"

Jin Liuli's white tender little hand was placed on Li Yun's, and he tilted his head and looked at him very cutely, "This is the monk's rosary? Is it really effective?"

She is only sixteen years old, the age of a young girl, her skin is tender and white, her hands are soft, with a warm, tender and tender, like milk, so that Li Yun can't help but pinch when she touches it. Pinch.

"what!"

Jin Liuli felt the strange contact, her small face was flushed immediately, she quickly withdrew her hand, gave Li Yun a puffed look, and scolded him in her heart as a monster.

"Anyway, just listen to me!"

Li Yun pretended that nothing happened, "Go get ready, remember to take your rosary with you!"

"Humph!"

Jin Liuli raised her smooth chin and looked proud, but took away the rosary.

Li Yun looked at her graceful and graceful figure, only to realize that although Jin Liuli's chest was mediocre, but her body was very soft. It seemed that she had practiced some kind of soft body technique, with her tender skin and her petite body hugging her. She must be very comfortable.

Li Yun was thinking about guilt and guilt again.

After lunch, everyone was ready, Zhou Lao sent two innate bodyguards to follow Jin Liuli, one of them was Rong Liang.

San Ye locked the door of the antique shop and turned his head to signal that he could leave.

Chapter 522: Departure, Fanyang Town

Originally, Li Yun and his party consisted of 6 people. After adding Jin Liuli, the team became 10 people. The team was too bloated and was suggested by San Ye to divide it into two groups. Guo Xun was a team of three and two bodyguards, and Jin Liuli followed. Li Yun.

Of course, Wu Maoping, who is psoriasis-like, just got in.

Li Yun didn't take it seriously, Jin Liuli seemed very excited along the way, babbling non-stop, causing everyone on the long-distance bus to turn their heads to look at her.

At any time, the bright and lovely girl always attracts attention.

In particular, Jin Liuli wears a peaked cap and looks fashionable, which is even more attractive.

After the quarrel, Jin Liuli took out her cell phone to chat with her mother, took pictures of her surroundings and reported her whereabouts, and so on.

Li Yun estimated that she took this trip as a trip, went to the mountain to find a hole to dig, dig to the ancient tomb, find the coffin, stimulate the spirit, and then return.

In fact, if everything goes well, it is probably the same as she imagined.

In order to pass the time of the journey, Li Yun looked at the relevant information.

The tomb of General Xu was built during the founding period of the Ming Dynasty. It is said that the name of General Xu is Xu Tiande, one of the heroes of the founding of the country, and anyone who has ever written history knows his name.

This tomb is located in the south of Zhongli City, near a place called Fanyang Town. The location of the tomb is deep in the mountains. Almost no one knows that Sanye still found relevant records from an ancient book passed down by the family. He had been there when he was young. Once, the result...it was a disaster.

"Liu Li, here it is."

The long-distance bus stopped at the station in Fanyang Town. Li Yun pushed the dozing Jin Liuli. After playing around, the girl became very sleepy. Just now, she leaned her head on Li Yun's shoulder to sleep on the way, leaving her in the back seat. Wu Maoping was too jealous.

"Hmm." Jin Liuli rubbed her eyes and yawned again. Her white tender little hands blocked her bright red mouth, which matched the appearance of her begonia sleeping in spring, making her look especially attractive.

Li Yun suppressed the inexplicable fire in his heart. He didn't find Li Feng in the last few nights. No wonder it was so hot.

"Let's go down."

"Um."

Jin Liuli looked very quiet as soon as she woke up, perhaps because her mind hadn't turned around yet.

After getting out of the car, she could see her surroundings clearly, and she was shocked: "It's broken!"

Although Fanyang Town is called a town, it is estimated to be similar to the village. The surrounding area is dusty, the station has only one stop sign, and the long-distance bus stops on the side of the road.

Not far from the road, it was very lively, and there were a lot of people who set up stalls, but they were chaotic and very backward, making Jin Liuli, who had a good background, very curious.

Wu Maoping smiled and said: "Sister Liuli, how about we invite the tour guides to stroll around the town in the evening? Although it is small, it has a special flavor!"

"Yeah!"

The playful Jin Liuli immediately agreed to make Wu Maoping happy, but her next sentence made Wu Maoping unhappy again.

"Li Yun, shall we come out to play together at night?"

"No, take a rest tonight and hurry tomorrow. So I suggest you don't come out either, it saves you too tired tomorrow."

"Woo~~~" Jin Liuli bulged her cheeks, and looked similar to Li Yun that she saw in the morning, but it was pure annoyance in the morning, but this time it was a kind of coquetry, especially cute.

Wu Maoping was about to go crazy with jealousy, but he squeezed out a smile and said: "Sister Liuli, it's not a problem. We are martial artists. How can we get tired just by shopping?"

Jin Liuli asked Li Yun again: "You just recommended not to come out to play?"

"Correct!"

"But I want to come out and play."

"up to you."

"... Then forget it."

For some reason, Jin Liuli felt disappointed, because Li Yun did not agree with her to come out to play, let alone accompany her to play, so she was bored.

Chapter 523: hostel

Not long after Li Yun got off the car, two middle-aged men came to strike up a conversation.

"Several guests, do you want to take a car?"

A man in a white shirt showed a flattering expression, "Introduce me, my name is Dahu, and I am a native of Fanyang Township.

See you are tourists from other places, right? I'm going to spend the night here tonight. I tell you that although Fanyang Town is not big, it is still very difficult to find a suitable hotel. Just so, I know one! Take you there, by the way, by the way, only 20 yuan per person! "

While talking, he observed Li Yun and others, his eyes staying on Jin Liuli for a while, attracted by the beautiful and lovely face of the little girl, he secretly swallowed his saliva before moving away.

"Ding, trigger the option event, please choose from the host:

Option 1: Keep up with Hu, reward experience value of 10,000, white gift bag*2.

Option 2: Reject, no reward. "

Li Yun is speechless, how come there are selective events in all the mess?

"Yes!" Li Yun nodded, "The five of us, can we sit down?"

"Yes! Of course I can, I drive a tricycle, one car is enough to carry you!"

"Farewell, you drive one more."

"become!"

Da Hu Ma Liu greeted his companion to drive, and before leaving, he glanced at Jin Liuli again.

"Humph!"

Jin Liuli pursed her small mouth, "This guy is really annoying, his eyes are as nasty as your devil!"

Li Yun was embarrassed and dare to show off. Is the title of demon bound to him?

Wu Maoping smiled slightly and said, "Sister Liuli, don't be surprised, it's like that in rural areas. They haven't seen any beautiful women, so naturally they won't be able to walk when they see you." Beautiful women like to compliment, just like lively and cute little girls.

Da Hu drove over and drove Li Yun and others to a hotel. Before he left, he enthusiastically left Li Yun with a cheap business card, one for a printing shop, and said what he wanted to go to. If you want to visit the place, you must come to him as a tour guide!

Before leaving, he glanced at Jin Liuli again with some wicked eyes, which made Jin Liuli very angry. If he hadn't led the way just now, she would have to beat this guy!

Li Yun and Guo Xun talked on the phone. The other party was staying in another hotel. There was no activity in the evening and enough rest. They entered the mountain early tomorrow morning.

Li Yun opened 5 rooms and assigned the keys to them. The third master coughed again and said tiredly: "Go to bed early in the evening. The place is in the mountains. I may not have time to sleep tomorrow night!"

Although he didn't walk much, the troubles caused the San Ye's aging body to be exhausted.

"No time to sleep tomorrow night?" Jin Liuli blinked, "Grandpa San, why don't you have time?"

San Ye smiled and walked upstairs with the key and toothpicks.

But Wu Maoping's words made the two of them almost fall down the stairs.

"Sister Liuli, because we are going to find the ancient tomb tomorrow, naturally there will be no time."

Suddenly, several people at the front desk looked over, San Ye was taken aback for a moment, and then his entire face went dark.

Li Yun was speechless, the tomb robbery was really not suitable to be told in a large public!

"So you are going to rob the tomb!"

The waiter said a word, so that the toothpick didn't know what expression to show.

"Speaking of which, quite a few people have come to our Fanyang Town these days." Another waiter interrupted, seeming to be unaware of the tomb robbery, and only looked at Li Yun and the others.

"Oh?" Li Yun smiled, "They all came to rob the tomb? I still heard that there are ancient tombs here, so come and have a fun!"

Chapter 524: Miss Jin Liuli is very depressed

Li Yun said that he had a level of skill, saying that the reason he came here was to play, not to rob the tomb specially.

Coupled with his sunny and handsome appearance, several waiters didn't doubt that Li Yun was a rich second-generation rich, so he went to the grave for excitement!

"Hey, it's nothing!" a forty-year-old waiter said with a smile: "We were a big city in ancient times, and there were a lot of high-ranking officials and noble people. Coupled with the good mountains and rivers, the ancient tombs were everywhere. But ah, most of these tombs have been dug away, and you are hundreds of years late!"

Li Yun made a pity, asked a few words at random, and took Jin Liuli upstairs.

When Wu Maoping passed by the toothpick, the latter said in a weird way: "Don't talk nonsense like a **** idiot!"

"What are you talking about?!" Wu Maoping's face sank!

"Huh, I was wrong? If it weren't for Li Yun, you would have been exposed!"

"you wanna die!"

"okay!"

Jin Liuli interrupted the two of them, "Don't make a noise, listen annoying!"

After speaking, she pulled Li Yun up, and she deliberately exchanged rooms with the toothpick, in order to live next to Li Yun.

Wu Maoping wanted to invite Jin Liuli to dinner at night, but Jin Liuli complained that he was talking nonsense and ignored him.

In the evening, Li Yun ordered a takeaway, gave one to Jin Liuli, and did not go out to eat.

Fortunately, the takeaway website is very developed now, and there are shops in small towns.

After taking a shower after eating, Li Yun put the clothes in the washing machine on the balcony. He opened the hotel room for five days to dry the clothes.

"Hey!"

Li Yun took a stool and sat on the balcony on the third floor. He was playing with his mobile phone against the town's street. He looked up and found that Jin Liuli was wearing a white bear pajamas, lying on the balcony to look at him with a small face. It was full of melancholy expressions.

The two people's rooms are next to each other. Coincidentally, the balcony is also very close, less than one meter away.

"Ding, trigger the option event, please choose from the host:

Option 1: To comfort Jin Liuli, reward experience value +100,000, green gift bag*2, Jin Liuli favorability +20.

Option 2: Do nothing, and reward Jin Liuli with a favorable impression score of -1.

Option 3: Perfunctorily, turn around and enter the room with no reward. "

Li Yun was ashamed, this little girl was in a bad mood.

Looking at her, Li Yun found that although the naughty little girl had a mediocre chest, she had everything that should have been there, and her body also had the graceful curves of a girl, especially her buttocks, which looked like a green peach.

While Jin Liuli's chin was lying on the balcony, her posture was so graceful that she couldn't look away.

"What's the matter?" Li Yun smiled slightly, "Is homesick?"

"No, I'm not a kid!"

Back in the house and took a stool, Jin Liuli leaped lightly, stepped across the balcony, and sat down beside Li Yun, and looked at Li Yun's phone. When he found that he was playing on the phone, he was suddenly disappointed.

"Also say no."

Li Yun is playing the mobile phone king. The team members are Fang Xue, Gong Qingyu, Gong Lianyi, plus the pepper Su Muxin, and the five people start a black lineup.

Gong Lianyi was still taken by Qingyu to play together. Usually, she reads books or writes, but doesn't play games.

While playing, Li Yun said to her: "Look at your small face, it's full of 'I'm very depressed' expressions, come on, what are you upset about?"

"Not really!"

Perhaps it was because under the curtain of night, Jin Liuli was not as naughty and lively during the day, but rather quietly.

Chapter 526: Good girl, good fairy

excited look: "It's so amazing, so amazing. This time I came out with you as a villain, really right! Ah, I must take zombies. Take a picture of the look so that others don't believe it!"

"By the way, if I kill the zombies, I will definitely be famous. What kind of nickname do you think I should use?"

"Fairy Liuli? Hey, that's really annoying, I don't want to be called a fairy!"

"Master Liuli? It's not right, all heroes are male, and I don't want heroes either!"

After a meal, Li Yun couldn't keep up with her rhythm at all, but it was clear that Jin Liuli's mood was already happy.

The girl who left her mother alone for the first time was relieved by Li Yun's melancholy mood.

"Ding, the host has made a choice, and the rewards (reward experience value +100,000, green gift bag*2, Jin Liuli favorability degree +20, additional bonus Jin Liuli favorability degree +4) have been issued!"

Additional bonus for favorability?

Li Yun was taken aback, so Jin Liuli's favorability for him had reached 79.

"Large spooky ghost, I want to play games too!" Jin Liuli suddenly jumped over, took Li Yun's hand, and leaned over to look at his mobile phone.

".....Ok."

This girl can be annoying if she doesn't agree.

But Li Yun was very helpless. He had a good conversation just now. Why did she call him a big **** pervert?

Favorability is already 79!

"Liu Li, have you downloaded the game yet?"

"It's done right away... Ah, really, this game is so hard to play."

"..."

That night, Li Yun knelt for ten rounds in a row.

When she woke up in the morning, Jin Liuli was a little afraid to look at Li Yun, she was still ashamed.

"Let's go, eat breakfast, and set off when you're done."

"Huh, I won't play games anymore!"

"?"

The two walked out of the hotel, and the others had not yet come down. Li Yun glanced around and saw a breakfast shop not far away. He was about to walk over, but the big Hu of yesterday came to meet him.

"Brother, go for breakfast?" Da Hu took out a cigarette with a smile on his face. Li Yun waved his hand and refused. He didn't smoke and rarely drank alcohol.

Da Hu was not angry, and took the cigarette back and continued to ask: "Brother, where do you want to go to play today? Yesterday I said, you can be your tour guide, the price is absolutely cheap! I will give you a 30% discount!"

He looked at Jin Liuli again with squinted eyes, as if to indicate that the 30% discount was for the face of this little beauty.

Li Yun waved his hand, "You don't need a tour guide."

"Then what do you want to buy? I..."

"Need not!"

Li Yun refused coldly, motioning for Jin Liuli to follow, and the two went to the breakfast shop.

"Humph!" He snorted insignificantly, Da Hu's eyes flashed a vicious smile, turned around, and walked to the side to call someone.

Li Yun listened attentively, frowning slightly, it seemed that this guy didn't give up.

Jin Liuli didn't realize it, picking and choosing in the breakfast shop, only to choose a bun, a vermicelli and a bowl of hot soup.

When the two of them had breakfast, Wu Maoping turned black. When he got up early in the morning, he saw the two walking downstairs side by side while brushing his teeth. Annoyed, he wanted to jump downstairs and beat Li Yun immediately. !

"Sister Liuli." Wu Maoping squeezed a smile on his face, "Why don't you wake up for breakfast without calling me?"

"Didn't you say it was done last night?" Jin Liuli blinked, "We gather at 8 o'clock in the morning, and breakfast is also served separately."

Chapter 527: Qianlong Mountains

"Then he..." Wu Maoping looked at Li Yun with a hint of resentment in his eyes.

Each came to have breakfast, but Jin Liuli was with Li Yun!

"I'm afraid I can't get up, so call me when you get this bad guy to get up!"

Jin Liuli opened her rosy little mouth, took a sip of vermicelli, and said, "You too, hurry up, wait for us to go quickly, and try to come back after we fight the zombies!"

Finished fighting zombies?

Wu Maoping became more and more angry, what did Li Yun say to Jin Liuli?

Li Yun didn't say a word. Although he was from the same team, he still didn't bother to have a good relationship with Wu Maoping. Wu Maoping was only an acquired strength. Li Yun had long been not concerned about it. No matter how he writhes, he can't make a fuss. Trouble is coming.

After eating breakfast, we waited for a while. At 8 o'clock in the morning, everyone assembled.

San Ye's complexion improved a bit, as if he was back to light, at least there was no problem in walking.

"lets go."

Li Yun nodded. Toothpick and San Ye were there, and there was no need for a guide to lead the way. Just go directly.

Their team set off first, and the five Guo Xun followed afterwards, relying on satellite maps to locate them, and waited for the deep mountain to meet again.

When I went out, Jin Liuli was very excited, carrying a backpack and holding a long-handled umbrella in his hand, talking squeakingly. Of course, most of the conversation was facing Li Yun and San Ye, Wu Maoping was like a fool. Like to follow.

"Um?"

Li Yun noticed something, looked at it from the corner of his eye, and suddenly understood.

"Little Li, what's the matter?" San Ye was indeed an old | Jianghu, and he saw it immediately.

"It's okay, it's just that a few flies are coming here, let's continue walking, it's not a problem!"

Everyone immediately understood that only Jin Liuli looked puzzled: "Flies? Where did the flies come in April?"

"fool."

Li Yun smiled and patted her little head, making Jin Liuli furious, and rushing towards him with her teeth and claws.

"Let go!"

"Don't let go! Bite you to death! Bite you to death, you bad guy always treats me like a kid!"

Thanks to the two people playing and laughing, they left the town without attracting anyone's attention, just as people from the city coming for an outing.

Soon, the team walked out of the town, and Li Yun received a text message from Guo Xun in a place where no farmland could be seen.

However, Li Yun only looked at it, ignored it, and continued to move forward with everyone.

Fanyang Town is located in a remote area. If you go south, you will come to the hills called Wild Yaling by the locals. These hills and hills do not even have a single tree except for weeds. Ordinary people would never come here.

After crossing the hills, you will come to the mountain boundary of the Qianshan Mountains on the map, but the locals still have a name for this, which is called: Qianlong Mountains.

Suddenly, Li Yun stopped.

Jin Liuli was about to ask something, but suddenly realized that several people in the distance were coming quickly.

"Brother Rong? No, there are a lot of people, at least ten people!"

Jin Liuli's experience is very immature, but she is the person with the highest cultivation level. She immediately heard the movement. She quickly said: "The steps are very messy, there are fifteen or six people, panting, it doesn't seem to be..."

"coming!"

While she was still talking, Li Yun interrupted her and motioned her to look forward.

"Yeah!" Jin Liuli exclaimed, with a surprised expression on her small face.

The road ahead was blocked by a group of guys holding knives and sticks, looking fierce and evil.

As Jin Liuli said, there were fifteen or six people in this group. Everyone had tattoos, except for the big Hu that Li Yun had seen before.

"Boy, stop!"

Da Hu stood up and shouted harshly.

Chapter 528: I'm machete

Among the group of suspected robbers with knives, headed by a sturdy man wearing a large golden chain, holding a cold gleaming machete, with a ferocious grin, slowly approached.

After Jin Liuli saw it, a surprised expression appeared on her little face, she wanted to shout with excitement, but she tried to suppress her mood.

Unexpectedly, this time I went out, I actually encountered the robbery!

In that case, isn't she going to become a chivalrous girl?

Just thinking of this, the smile on Jin Liuli's small face couldn't hide it, a cheerful look that made the robbers on the opposite side feel baffled.

"Boy!"

The smile on Da Hu's face disappeared, becoming extremely proud and mad, and he laughed and said: "How? An accident is not an accident? A surprise is not a surprise? Hahaha!"

Li Yun smiled without saying a word.

"Uh!" Da Hu felt shameless, and immediately sank his face and shouted: "I gave you shame, originally you gave me some money, I don't need to find Brother Machete to clean up you, I didn't expect your kid to be so ignorant. No way, today I will heal and return to my old career and get you guys out again!"

As he said, he looked at Jin Liuli again with a wicked look, and his saliva almost flowed out: "Brother Machete, I didn't lie to you? There really is a thief and beautiful girl in this group of people. I saw it yesterday. Shi* didn't fall asleep all night! His mind is full of images of this little girl leaning under me, grass! It's exciting to think about it!"

Jin Liuli raised her eyebrows, but at this time, she became calm instead, letting the big nonsense speak some nasty things without getting angry.

She looked at Li Yun and asked his opinion.

"Friends, I'm afraid you have found the wrong person!"

Toothpick was very calm, and backhand took out a double-barreled shotgun from his backpack, and shouted coldly: "It's all on the road, we are not easy to mess with, leave immediately if you know, don't be uncomfortable!"

San Ye gasped for a breath on crutches, glanced at Li Yun but said nothing.

"Ha ha ha ha!"

The fifteen or six young robbers on the opposite side all laughed. The next moment, seven or eight shotguns were taken out in an instant, and the black hole was pointed at the toothpick, making the latter's expression instantly change.

"Don't pretend to be in front of my Machete!" The strong man holding a machete sneered sarcastically. "Although I'm called Machete, I don't only have knives. I dare to flash my gun in front of me and look for death!"

There is a big mountain nearby. Every villager here has shotguns in every household to guard against wild wolves and boars. Therefore, the folk customs near the big mountain are mostly very sturdy. If you don't agree, you will do it!

The expression on the toothpicks' faces was very ugly. Usually when they came out to robber the tomb, they all pretended to be migrant workers, and they would not attract the attention of these local snakes.

But Jin Liuli is a noble air, coupled with her beautiful appearance, it is only natural to cause these rascal prying eyes!

San Ye coughed, and said slowly: "Young people, don't speak so aggressively. I'm afraid you are going to suffer today."

"What are you talking about, old guy?!"

Brother Machete on the opposite side was furious and pointed at him with a machete: "Believe it or not I will remove your leg?"

At this time, Li Yun received a system upgrade.

"Ding, trigger the option event, please choose from the host:

Option 1: Kill this group of robbers yourself, reward +10 for justice, +200,000 for experience, +500 for strength and agility, white gift bag*3.

Option 2: Let your teammates do it, and the reward will be halved.

Choice 3: Defeat them by yourself or teammates, report to the police, and no robber has died, reward justice value +2000, experience value +300,000, all attributes +500, blue gift bag*3. "

Chapter 529: Golden wire soft blade whip

really!

Li Yun nodded secretly, and the system did not recommend him to use lynching. Although it also rewarded justice, it only had a pitiful 20 points.

The alarm is different, the justice value soars directly to two thousand, and the reward is also very generous.

There was nothing tangled about this choice, and Li Yun directly handed the group to Jin Liuli.

"Liu Li." Li Yun smiled, "You go and clean them up, we are on the way, by the way, don't kill them, remove their weapons, just catch them, and wait for the police to deal with them!"

"Huh?" Jin Liuli was a little surprised, "Wait for the officers and soldiers to come? Okay, although it's a bit troublesome, it can't trouble me!"

After speaking confidently, Jin Liuli, who was already eager to try, walked out, and she stretched out her hand from her waist, and suddenly, a soft whip glowing with golden light was held in her hand.

"Hey! You nasty robbers, are you ready to be beaten up by your aunt?"

Jin Liuli grinned, flicked the golden whip fiercely, and made a crisp sound.

In the morning sun, this golden whip radiated dazzling brilliance, and the robbers on the opposite side were dumbfounded.

This whip is not ordinary at first glance, and it is conservatively estimated that it is not a problem to sell one or two million!

"Brother Machete, we posted today!"

He swallowed the saliva that came out, lively and lovely little beauty, a lot of greedy money, all together today!

Jin Liuli smiled without anger. With a wave of her small hand, the golden whip whizzed out at a speed that was too fast to respond. With a snap, the golden whip was more than ten meters long and hit the big whip. Hu's face.

Suddenly, Da Hu screamed back and forth again and again, a hideous bloodstain slowly appeared, the blood stains flowed down, and Da Hu's entire face was dyed red!

"what?!"

This group of robbers didn't react until now, and one by one was so scared that they retreated several steps.

Everyone was shocked. The golden whip looked less than two meters long, but once it was swung away, it could hit more than ten meters away, which was extremely terrifying!

Li Yun nodded secretly, this golden colored glaze really did practice soft inner strength.

And her golden whip is also specially made, soft and elastic, full of toughness, and good ductility. With innate strength, it is not surprising that it can be swung more than ten meters.

"How about it?"

Jin Liuli shook the whip and said triumphantly: "Dare you dare to speak big words after tasting my grandma's golden silk soft-blade whip?"

"You stinky girl!"

Big Hu was furious, but Brother Machete slapped him violently, hitting Big Hu upside down on the spot for a week, and fell to the ground with one butt.

"Brother Machete, I..."

"Don't **** call my brother, I don't have a brother like you!"

The strong man Machete kicked him viciously, and turned his head to make a small face to Jin Liuli: "Auntie is offended, the little ones are ignorant, I don't know you are a mess, I'm sorry, we Just go, go now!"

Jin Liuli was taken aback, why did she give a whip and these people surrendered?

Li Yun gave a chuckle. Even if an ordinary punk took a shotgun, he was still very imaginary against martial arts practitioners.

But he didn't say a word, let Jin Liuli solve it.

Wu Maoping wanted to stand up, but after hesitating, Jin Liuli shouted: "Don't, don't go!"

"Auntie?"

Brother Machete turned gloomy and asked, "Do you have any more orders?"

"Anyway, don't want to leave easily!" Jin Liuli had little experience in walking the rivers and lakes, and found an excuse indiscriminately.

Chapter 530: Golden Snake Dance

Jin Liuli yelled softly: "You rob grandma and aunt me, come and go as long as you want? There is no such easy thing in the world! By the way, get me down immediately, and I want the reporter to catch you and get the reward!"

Li Yun was ashamed, and she didn't know who learned Jin Liuli's taste of ancient female robbers.

"Find death, do it for me!!"

Brother Machete screamed, drew a black pistol from his waist, and fired a shot at Jin Liuli.

The sharp gunfire was particularly harsh in the wilderness, and the toothpicks were taken aback, and subconsciously shot them at them.

Li Yun smiled and said, "Just watch the show, let her handle it."

On the field, Jin Liuli raised her eyebrows, and an excited expression appeared on her small face. With a flick of the golden whip, the bullet fired by Brother Machete's pistol was hit by the whip.

The speed, accuracy, and strength are all quite amazing, making the robbers on the opposite side dumbfounded.

boom!

The bullet from the toothpick hit a person's shoulder, and with the screams, blood shot out instantly.

"Three characters!!" Brother Machete was furious, and shouted loudly: "Don't **** stand stupid, shoot them to me!"

"Yes, boss!"

Ten shotguns were raised, and the robbers were flushed by the blood. They fired and fired desperately. The bullets rained down, making the toothpick's face pale instantly, and quickly threw Sanye down on the ground.

"carefully!"

Toothpick shouted loudly, but Jin Liuli didn't move, and smiled on her cute face with baby fat.

"The golden snake dances wildly!"

Jin Liuli screamed, and the golden whip in her hand danced quickly. In a short time, the golden whip seemed to be transformed into a crazy dancing golden snake. The dazzling brilliance stabbed people's eyes and the sound of the whip hitting the air was extremely sharp.

Toothpick shocked inexplicably, only felt that this whip was like a giant golden net, stopping all the bullets.

"Boom boom boom!"

After a series of gunshots, the bullet fell to the ground, but the whip in Jin Liuli's hand was still intact!

Such a shocking scene stunned the robbers on the opposite side, and even forgot to replace the bullets. Some people even trembled, and their weapons fell directly to the ground.

"How's grandma's whip?"

Jin Liuli smiled triumphantly, and before they could reply, the petite figure flashed into the robber group.

In an instant, the whips pia, pia, and pia were thrown on them, hitting the group of armed robbers crying and crying. What's even more amazing is that Brother Machete wanted to pick up what he saw desperately, but Jin Liuli waved the golden whip. In one roll, he wrapped his gleaming machete, and then pulled it, and suddenly, this sharp machete broke into dozens of pieces!

"Damn!"

Brother Machete softened his legs and fell directly on his knees, peeing in his pants.

The power of this whip is too scary. If it wasn't about the machete, but his neck, Brother Machete believed that his head must have been separated from his neck, and he couldn't die anymore!

In less than a minute, all the robbers knelt to the ground, begging for mercy one by one.

"Grandma Aunt, please spare her life!"

"Auntie, we were wrong, and we don't dare to do it again!"

"Don't. Don't kill me, I surrender, I'm in jail, oooo, uncle police come!"

They were so afraid that they even hoped that the police would come soon. The psychological shadow of the whip in Jin Liuli's hand was too great!

"Ding, the host makes a choice, and the reward (reward justice value +2000, experience value +300,000, all attributes +500, blue gift bag*3.) has been distributed!"
