Chapter 611: Zhu Shue

Just when the atmosphere froze, Princess Yongning raised her head, begging her father with tears in her eyes and said, "Father, you...you can let me talk to Master Li for a while, okay?"

Li Yun was a little stunned, why did this princess cry suddenly?

But the next scene made him frown.

The dog emperor and the housekeeper, as well as the Ouchi guards, imperial doctors and others, actually left the room, leaving a separate space for Li Yun and Princess Yongning to chat.

"This unscientific!"

Li Yun was shocked. You should know that in ancient times, let alone a man and a woman chatting in the same room alone, even if they spend a little more time outdoors, they will be pointed out. Although they may not be scolded or not, but The gossip behind it must be indispensable.

Not to mention that the dog emperor left without saying a word, unless he didn't love his daughter... No!

A flash of lightning flashed in Li Yun's mind, then turned to look at Princess Yongning with a slightly sharp look: "It's you!"

Li Yun didn't know what it was Princess Yongning, but it was because of her that the emperor and others behaved so strangely!

"Me, me, me!"

Princess Yongning was scared by Li Yun's stern eyes and her face flushed. She was ashamed, uneasy and ashamed. She was so nervous that she almost couldn't relieve her.

Li Yun's heart is softened, and Princess Yongning is so delicate and weak as water. Who can blame her?

"Okay, okay, my fault, I shouldn't treat you with that attitude."

Li Yun spoke to her in a coaxing tone. Princess Yongning's breathing slowly eased, and her face blushed after she lowered her head quickly.

For a long while.

"Princess, do you have anything to say to me?" Li Yun asked softly.

"Um."

The voice was still as fine as a mosquito, Princess Yongning hesitated, and then asked in a low voice: "Li, Li Gongzi, where are you from?"

With that said, she quickly raised her head and glanced at Li Yun's hair, then quickly bowed her head shyly.

Such a shy little girl is even worse than Cai Wei to communicate with people. It is really hard to imagine that she is a princess with a respectable status. This may be due to her being in bed for a long time and seldom playing with her peers.

"Me? Well, I'm from Huang Xuan country."

"Huang, Xuan, Guo?" Princess Yongning's clenched little hands slowly relaxed, "Is Huang Xuanguo a small country near Daming?"

"Are you the princess of the Ming Dynasty? What year of the Ming Dynasty?"

"Seven years of the Apocalypse (fiction)."

"The year of Tianqi? I remember the emperor's name is Zhu Youjian, and the name of Princess Yongning is Zhu Shue?"

There are many princesses named Yongning in history, and even in the Ming Dynasty there were two princesses of Yongning, so Li Yun could guess her name only when she said the year.

With his university-level historical knowledge, Li Yun quickly figured out the name of the shy princess in front of him, and even knew the date of her birth and death, from 1622 to 1624, and only lived two years old (fiction).

This is a record in the history books. The real situation seems to be a little different. Zhu Shu'e in front of him obviously lived to be sixteen years old.

"what."

Yongning Princess Zhu Shu'e whispered and looked at Li Yun with surprise: "How did the son know my name..."

After speaking, she remembered being shy.

In ancient times, the names of girls who did not leave the pavilion were rarely exposed, and even many women only knew their names by their parents and husbands.

"Because." Li Yun wanted to reach out and rub the shy girl's head, but considering that she was an ancient person, she could only give up.

"My son, because of what?"

Chapter 612: Friendship soaring

Yongning Princess Zhu Shue looked at Li Yun curiously, the blush on her face gradually disappeared.

"Ding, trigger the option event, please choose from the host:

Option 1: Tell the other party about your origins and reward Zhu Shu'e with +20.

Option 2: Deceive her with sweet words and reward Zhu Shue's favorability degree +25.

Option 3: Kiss her directly and reward Zhu Shu'e with +30. Congratulations to the host and Princess Yongning for a hundred years of friendship. "

Li Yun is very speechless, what are the three prompts of the system?

Why does a strong kiss of Princess Yongning directly increase her favorability, and congratulations to him? !

I always feel that the system is prompting him!

No, it should be said that Princess Yongning's unusually increased favorability makes people feel suspicious when they see it.

"because I....."

Li Yun was trying to fool around casually. After all, she was just a person in the world of illusion. There was no need to explain so much. As long as a few more events were triggered and her favorability level was full, she might be able to leave here.

But when the words came to his lips, Li Yun saw her eyes.

A pair of big eyes are bright and clear, like a Wang Qingquan, without the slightest impurities, completely trusting Li Yun, innocent and beautiful.

How could Li Yun bear to lie to such an innocent and beautiful girl?

"Because I am four hundred years from now."

Li Yun sighed in his heart, and Li Yun admitted frankly, but to his surprise, Princess Yongning did not appear to be shocked. Instead, she nodded her head thoughtfully, and said, "After four hundred years, Daming will be gone, right? ?"

".....Um."

Li Yun felt a little uncomfortable for her, even though she was just a virtual person.

Seeing Zhu Shu'e was also a little sad, Li Yun had no choice but to find a topic casually and tell her about history.

The atmosphere of the chat was quite pleasant. Zhu Shue first sat prudently, then turned his head to look at Li Yun, then put his chin in his hands, lying on the table, staring at him with big eyes unblinking. Li Yun was a little embarrassed.

This kind of pure and flawless eyes makes people unbearable to blaspheme, let alone ruining her beauty.

When talking about the fall of the Ming Dynasty, Zhu Shu'e was slightly sad, but only said that the father and the emperor knew that future generations would be unworthy, and he would definitely be sad.

After talking for a long time, Li Yun was worried about her body, so he stopped forcibly.

"Ding, the host has made a choice, and the reward (Zhu Shu'e favorability degree +20, additional bonus Zhu Shu'e favorability degree +5) has been issued!"

Uh, the favorability is already 95.

Li Yun was very puzzled, why did his favorability increase so fast?

"My son, is it over?"

Zhu Shu'e said without a head, her eyes filled with loss and regret.

Li Yun smiled and said: "What's the end? It's just the end of the conversation. The father-in-law can believe my words. I will give you a pill to restore your health immediately. Can you trust me?"

The answer was a nod of course.

The child of Princess Yongning was so pure, she didn't doubt him at all, which made Li Yun feel embarrassed.

However, Zhu Shu'e said: "Master, first, don't rush to take the pill, can you accompany me for a walk in the garden?"

"Ding, trigger the option event, please choose from the host:

Option 1: Promise, reward Zhu Shue's favorability degree +5.

Option 2: Reject, reward Zhu Shue's favorability +3.

Option 3: Propose to marry her, and kiss her forcibly, reward Zhu Shue's favorability +10086 "

Chapter 613: The world is about to collapse

Proposing and kissing forcibly! ! ?

Li Yun's whole person is not good, the system is messing up, what do you want to prompt him?

I didn't understand, so I had to ignore the system.

In the look of Princess Yongning's expectation, Li Yun nodded and said, "Okay, I also want to visit the beautiful scenery of Princess Mansion."

The shy princess smiled on her small face, and said shyly: "In fact, it's not very good. I'm tired of watching it on weekdays. If you like it, I'll take you to visit, how about?"

"it is good."

Li Yun agreed, Zhu Shue was even more happy, stood up and walked out the door side by side with Li Yun.

When I saw the dog emperor, uh, no, the emperor, the system rewards came.

"Ding, the host makes a choice, Zhu Shue's favorability degree +5."

"Ding, congratulations to the host for successfully obtaining Zhu Shue's full favorability, and rewarding a red envelope!"

Li Yun is a little bit strange, why doesn't the system prompt that this is the first girl who has a good impression of him?

Open the red envelope at will.

"Ding, get a red envelope."

??

Open again.

"Ding, get a red envelope."

I go!

Li Yun cursed in his heart, the red envelopes were filled with red envelopes, and the cycle was endless. This cheating system made it clear that it didn't want to reward him!

"My son, what's the matter?"

Zhu Shue looked at him, Li Yun smiled, "It's nothing, let's go, go to the garden."

"Um!"

Zhu Shu'e walked forward happily. He wanted to jump and jump along the way, but he still held the identity of the royal princess, so he had to make a small jump and walk forward briskly.

Li Yun glanced back. The emperor and several Ouchi guards all stood silently in the corridor, looking at them silently, their eyes dull, like puppets, terrifying and terrifying.

Seeing this scene, Li Yun seemed to have thought of something.

"My son, how old are you this year?"

"My son, where are you from?"

"Li Yun? Hmm... Then, then, Li Yun, you can just call me Yongning."

"Li Yun, do you know? I really want to walk happily like this. Yongning hasn't come out for a long time to play, either lying on the bed or sitting in the sedan chair. Father said I can't bear the cold, which is really annoying."

"Ah, actually I don't hate the father, I know he is also for Yongning's good..."

Flowers are in full bloom in the garden, and all kinds of untimely flowers are rushing to bloom. Even the hard-to-bloom cacti have flower bones and bloom quickly.

Flowers and princesses constitute a beautiful picture, and Li Yun silently admired the last beauty.

Because this place will collapse soon.

The sky gradually dimmed, the city collapsed inch by inch, and the pedestrians disappeared one by one. Soon, the abnormal change came to the princess mansion.

The maids became sluggish, the guards disappeared, and the emperor behind them was dim. The beautifully carved pavilions and pavilions were rapidly corrupting, cracking and dissipating without a trace.

The whole world, only this garden is left intact.

"what!"

As if only seeing the changes in the world, Princess Yongning exclaimed, subconsciously approaching Li Yun, her eyes full of horror.

"Princess?"

Li Yun's complexion held her small hand, which was very soft and smooth, with a fragile unreality. It turns out that her previous phrase "It's going to end" refers to this.

"here....."

Princess Yongning looked around anxiously, her little hand held Li Yun's hand tightly, as if thinking of something, she said eagerly: "Father said to me that the selection of son-in-law illusion can not last long. I want to... .."

Chapter 614: Husband, wait for me

"Mystic illusion technique?"

Li Yun felt inexplicable, but now is not the time to pay attention to this, this illusion world is about to collapse!

"Princess!" Li Yun asked quickly: "Do you know how to get out of here? You control this illusion, right?"

Before Princess Yongning said a word, her father left to make room for Li Yun to chat with the princess.

It can be seen that all people and things here are based on the will of "Princess Yongning".

"Are you leaving?"

Zhu Shu'e had forgotten about the collapse of her son-in-law's illusion. She bit her lip and looked at Li Yun pitifully, showing a sad expression.

Li Yun sighed in his heart, stroked her smooth little face lightly, and said softly: "Yongning, I am not from this world, and I will leave sooner or later."

Princess Yongning's tears were falling down.

The surrounding vegetation began to wither, and the blooming flowers withered and closed, falling on the soil.

It seems that the world is crying and sorrowing for this beautiful and shy princess, and everything in the world is crying for it.

"I haven't finished speaking yet."

Li Yun smiled lightly and scraped the nose of the crying little princess: "If you are willing to go with me and you can really leave, then I will take you out of here, and we will go together!"

"One, get up, go?" Princess Yongning forgot to cry and looked at him blankly.

"Yes, let's go together!"

If you can really leave.

Li Yun sighed again. He really felt very uncomfortable at this time, and the cheating system did not give a hint. Li Yun did not choose to take Princess Yongning away. It is probably because Princess Yongning was false.

"Then you..." Zhu Shue lowered her head shyly and asked in a low voice: "You, are you willing to marry me as my wife and be my husband?"

Concubine?

Li Yun was both happy and sad, and his mood was so complicated that it made people feel frustrated.

"certainly!"

Li Yun hugged her slender and delicate waist, and finally kissed her on the forehead, "I, Li Yun, would like to marry Zhu Shue, Princess of Yongning, as his wife. The world is a lesson, and the sun and the moon are bright."

The soil surface cracked every inch, and soon, only the ground where two people stood still existed.

Zhu Shue's face was red, he took a deep look at Li Yun, and then slowly closed it.

"Husband, wait for me."

Illusion world, broken.

Li Yun appeared in a world full of white light. After recovering, a person appeared in front of him.

The dog emperor, uh, no, his father-in-law!

Although it is virtual.

Li Yun felt that he was talking about a short but profound online dating. It was not right. It should be called a phantom world love. From the name, you can see how painful this love process is!

But the person in front of him is virtual after all, and he should also be his virtual father-in-law.

"Good day, father-in-law."

Li Yun calmly said hello, and his heart was full of "I, Cao, Cao, and I, Cao, what are these things!" 'Mood.

"It's pretty polite."

Although I was very upset, the emperor had only this expression and said, "Your name is Li Yun? No matter where you are from or who you were before, but now, you have passed the test set by me. , I will hand over my most beloved daughter to you in accordance with the words of the fairy!

Remember, you must not change your heart, you must treat my daughter sincerely, otherwise, I will not be able to spare you when I return to the nine heavens! "

After speaking, before Li Yun could react, the emperor disappeared before Li Yun's eyes.

Chapter 615: Complete kill

Immediately afterwards, Li Yun saw General Xu Tiande's three meters, no, it had changed back to a 1.8-meter zombie body.

He returned to the real world.

But Li Yun's mind was still messed up, and the amount of information was too much.

"That illusion is the emperor's test? What does it mean to give my daughter to me? Yongning is still alive? There really is a heaven, or does this emperor consider himself the emperor and think he will be able to return to the heaven after death?"

"Also, who is the fairy?"

"Ah, Li Yun!!!"

Jin Liuli interrupted Li Yun's thoughts with a cheer, and the lively and lovely girl rushed over and hugged his arm to talk.

"So amazing, amazing, Li Yun, do you know? I went to a magical place just now! There are all ancient heroes. Everyone is robbing a person named Yongning Princess."

"Unfortunately, I was kicked out before I figured out what was going on with both sides!"

Li Yun was a little surprised. It turned out that Jin Liuli was also drawn into the world of illusion, and it was different from what he had experienced.

"It's great, it's great!" Alice was also very excited when she came back to her senses. She actually experienced the ancient city of Huang Xuan Kingdom, experienced the capital of the largest country in the East at that time, and felt the cultural landscape there. , It is great for her adventurous!

The only pity is that no one there talks to her, which is rather annoying.

After Li Yun asked clearly, he couldn't laugh or cry. Alice probably wandered all the way, but didn't notice Princess Yongning at all.

Among those present, Guo Xun, Yang Jie, Rong Liang and other congenital masters also experienced the illusion, while the others were fainted and only now awake.

"what!!!"

Suddenly, a scream shocked everyone. Li Yun turned his head and saw that it was Venerable Black Eyebrow.

His body became more and more bleak, he was rolling back and forth on the ground holding his head, and he began to make a painful begging for mercy: "No, I am not to blame, I just destroy the core of the formation!"

But a faint light burst from his body, and everyone could see that an invisible force was destroying the body of Venerable Black Eyebrow!

"I was wrong, senior, spare my life!"

Venerable Black Eyebrow began to be unbearable and began to beg for mercy, but in the end, this mysterious force destroyed his Law Bodies.

"what!"

Venerable Black Eyebrow screamed, and his body turned into a pale black bead, floating in the air like a black lightning, fleeing towards the Golden Luang Temple.

"Don't try to escape!"

Li Yun performed the god-level ethereal footwork, grabbing the bead in his hand, and at the same time, the system prompt sounded.

"Ding, trigger the option event, please choose from the host:

Option 1: Destroy the true dharmakaya of Venerable Black Eyebrow, reward justice value +10000, all attributes +3000, experience value +1 million, golden gift bag*1, an additional advanced martial arts skill, a high probability of triggering six demons The anger of the door suggested that the host be careful to hide.

Option 2: Let it go, there is no reward, and there is a high probability of being retaliated by Venerable Black Eyebrow.

Option 3: Give the beads to Concubine Wan Qing, and reward Concubine Wan Qing's favorability degree +5. "

The real Dharmakaya?

"No, no, Li Yun, don't kill me!"

With divine thoughts of begging for mercy came into his mind, Li Yun raised his eyebrows, clenched his right hand without hesitation, and smashed the bead with a bang.

Venerable Black Eyebrow couldn't even say anything that threatened to curse in the end, and it was directly turned into fragments.

Chapter 616: The sleeping fairy falling from the sky

Li Yun didn't feel relieved, and swept away with divine thoughts, vaguely feeling a wave of fluctuations emerging from the broken beads, quickly dissipating in the heavens and the earth.

"This is the soul of Venerable Blackbrowed?"

Li Yun felt thoughtful in his heart, his soul needs something to sustenance. He destroyed the body of Venerable Black-browed in the cave before, causing Venerable Black-browed to be pinned in this bead.

Destroying the beads again, the soul of Venerable Black Eyebrow has nothing to rely on and can only dissipate.

"The ghosts and ghosts also need to rely on... For example, Nie Xiaoqian, the red umbrella is her rely on, and I put her into the soul-raising ring later."

Speaking of it, Li Yun hasn't used Nie Xiaoqian for a long time, and she doesn't know how she lives in the space of the soul-raising ring.

"Ding, the host makes a choice, justice value +10000, all attributes +3000, experience value +1 million, golden gift bag*1, and an additional advanced martial arts skill: Longming Sword Art."

Another swordsmanship?

Li Yun quickly accepted the essentials of this sword art. Sword art and sword art are different. Sword art is a maneuver, while sword art is more inclined to mind art. However, Longming sword

art also has a maneuver called Long Zai Jiu Tian. It can drive Thunder's power to slay demons and kill ghosts, which is quite powerful.

With this sword technique as the guideline, Li Yun's sword technique power has risen by 50% out of thin air, and the wind-slashing sword technique can carry a trace of thunder's power.

Sword Art is equivalent to a passive skill.

"has it ended?"

Jin Liuli came over and asked, looking at the broken bead curiously, but she didn't dare to touch it.
end?

This word reminded Li Yun of Princess Yongning, and he couldn't help feeling stunned. Even if he was getting a golden gift bag plus a set of very good swordsmanship, he couldn't be happy.

"Huh?" Alice looked out of the palace in surprise, "Li Yun, how do I feel that this place is getting brighter and brighter?"

Everyone also discovered this, and the catacombs are indeed getting brighter and brighter.

It used to be the moonlight of a new moon, but now it is brighter than the full moon!

"Go out and have a look!"

Li Yun couldn't care about General Xu, who walked quickly out of the Golden Luang Temple, and suddenly he saw a shocking scene.

Above the head, the sun, the moon, the stars, and the twenty-eight constellations, all radiated brilliance, and they complemented the golden temple on the ground, as dazzling as an immortal palace.

"Wow!!" Jin Liuli exclaimed and looked up at the sky: "Before it was only the sun shining, now the moon is also shining, and the position of the twenty-eight stars also shines, so beautiful!"

Everyone was shocked. In this tomb, the sun and the moon are two big spheres, and the twenty-eight stars are the entrances of the 28 ancient tombs to the catacombs.

But now, these things are all shining!

General Xu, who had returned to his normal height, walked out and was quite confused when he saw this scene, but soon he saw a familiar petite figure.

"what?!"

In the horrified eyes of everyone, the twenty-eight stars of the sun and the moon shot out a beam of light, converging to one place in the air, forming an even more dazzling light.

Gradually, this bright light cluster slowly landed on the ground, and the rays of the twenty-eight stars of the sun and moon kept shining on it, but the light was getting weaker and weaker, and everyone gradually saw what was inside.

A coffin.

A transparent, ornately decorated crystal coffin.

There was a petite girl lying inside. She was wearing a beautiful long dress and surrounded by flowers. She was as beautiful and moving as a fairy, making everyone stunned.

Chapter 617: My wife is a princess

Is this a zombie? What a beautiful zombie!

When everyone hesitated, the crystal coffin landed slowly, and the light disappeared. Li Yun walked over quickly, opened the coffin directly, and shouted:

"Yongning!"

Following Li Yun's call, the eyelashes of the beautiful fairy in the crystal coffin trembled slightly, and Li Yun called again, reached out and hugged her, and gently stroked her smooth and soft forehead.

Finally, the sleeping beautiful fairy opened her eyes, and at the first glance, she saw the person she was deeply attached to.

"Husband, husband?"

Princess Yongning's voice was weaker than that in the illusion world, very light and light, like a newly born fragile chick, unable to withstand any devastation.

Li Yun hugged her distressedly. Sure enough, the petite body of Princess Zhu Shu'e of Yongning was incredibly soft, and even Li Yun suspected that she would crush her with a harder effort.

"Ding, trigger the option event, please choose from the host:

Option 1: Give Princess Yongning an intermediate recovery pill, reward justice value +1000, purple gift bag*1, extra reward recovery pill*1, red envelopes can be opened.

Option 2: Do nothing, watch Zhu Shue fragrantly disappear, reward evil value + 1 million. "

Li Yun was taken aback. In this way, Princess Yongning was indeed ill just like in the illusion world, and she was very sick, which made her very weak.

However, watching his wife die, adding one million evil points, this was something Li Yun could not think of.

But it seems to be reasonable. If a person can sit back and watch the death of a close person, he may already be evil and indifferent to the extreme, and the evil value of one million is normal.

"Husband?" Zhu Shue called again softly.

"Come on, open your mouth, and your husband will give you something to eat!" Li Yun quickly took out an intermediate recovery pill and stuffed it directly into her small mouth.

"Ding, the host makes a choice, rewards justice value +1000, purple gift bag*1, extra reward recovery pill*1, red envelope can be opened"

"Da Ming is dead?" General Xu was taken aback, but he quickly thought of what he had said with the emperor. The emperor said at that time. After he entered the tomb and fell asleep, it may take thousands of years to wake up.

Throughout the dynasties, no dynasty can sustain a thousand years of existence, and the fall of the dynasty is only a matter of time.

After understanding, General Xu sighed and said respectfully: "Even though Daming has died, I am still a citizen of Daming, and the princess is also Daming's princess. This will never change!"

Li Yun held Zhu Shu'e's little hand and smiled: "The princess is also my princess, and this will not change."

"Husband." Princess Yongning's face blushed again, and she lowered her head not to look at the crowd.

"Big villain, what the **** is going on?!"

Jin Liuli puffed up her cheeks and stared at Li Yun, her curiosity had overwhelmed her jealousy.

Li Yun nodded and helped Princess Yongning to sit on the railing in front of the Golden Luang Temple. General Xu frowned when he looked at it. This is too shameful to ask the princess to sit on the railing. It is not proper!

But now in this situation, General Xu can only open his eyes and close his eyes.

Li Yun told everyone about the illusion world, and Princess Yongning added an explanation.

"actually."

Zhu Shu'e blushed with a small face, and whispered: "Actually, when you enter here, I will be looking at you from the sky. After the phantom technique is activated, I will be able to see everything you do."

"Huh?" Jin Liuli became a little shy, "see me too?"

"Um."

Zhu Shu'e took a quick look at her, then quickly lowered her head, "I saw Miss Jin, you stole a chicken called the Beggar Gang to eat, and while eating, you admire the knights of the rivers and lakes..."

"Ah, don't say it~~~!" Jin Liuli covered her ears, blushing and said: "At the time, I thought the people here were fake anyway, so I wanted to try the taste of eating, just not far away. It's just a chicken, so I..."

Li Yun smiled and said, "I'm afraid that the flower chicken was also specially made by illusion, right?"

He guessed the purpose of the illusion world.

Everyone who enters into the inspection will be eliminated immediately if they are strongly malicious, such as the Venerable Black Eyebrow.

For example, if Li Yun went crazy on the street and overthrew things selling candied haws to the ground, he would be disliked by Princess Yongning and would not even be able to enter the Princess Mansion.

Everything in the illusion world is controlled by Zhu Shu'e. She is the only conscious person, so she will notice Li Yun's short hair, and she will show a sad expression when she sees her father.

Chapter 619: Nine Heavens Fairy

"Then this tomb of the Emperor of Heaven was actually built for you?" Alice asked while looking at Yongning.

"The Tomb of the Emperor of Heaven?"

Princess Yongning was stunned and shook her head slightly and said, "I don't know. My father prepared this for me. I was very ill at the time. I only remembered what my father told me and said--" She glanced at Li Yun, his face blushed again: "The person who said that he came here, entered the illusion of choosing a son-in-law and can heal me, is my future husband."

Everyone looked at Li Yun with weird faces. Princess Yongning seemed to be only fourteen or five years old, petite and weak, and it was because of him that he could play it!

Li Yun was shocked.

This tomb of the Emperor of Heaven was built four hundred years ago. How did the emperor at that time anticipate the future?

Or is it that the emperor's father-in-law just built this tomb, just waiting for someone to open it, nothing more?

"Yongning, you tell me the ins and outs of things, this is very important."

Li Yun said sternly, Zhu Shue was a little strange, but nodded.

Li Yun probably already guessed the cause and result of the incident.

Four hundred years ago, Princess Zhu Shu'e of Yongning was born weak. No royal doctor could cure her. She could only watch the princess getting weaker day by day.

The emperor ordered a search for geniuses across the country, but there was still no way.

Suddenly one day, a man who claimed to be the Nine Heavens Fairy appeared in the palace, demonstrated a magical spell, and gained the emperor's trust.

But the fairy did not directly cure Zhu Shu'e, but personally directed one hundred thousand workers to build this miraculous tomb of the sun, moon and stars, with the purpose of maintaining Zhu Shu'e's vitality.

"The original official name was Sun Moon Star Tomb."

At first, San Ye said that this was the tomb of General Xu. Later, after Li Yun saw the formation, he called it the Tomb of the Emperor of Heaven, thinking that General Xu was a rebel.

Unexpectedly, these guesses were wrong!

General Xu is not only a rebel, but a great loyal minister. He was buried here after his death, acting as a guardian.

"I don't know what happened after that."

Princess Yongning shook her head and said: "Father said, let me sleep well. When I wake up, someone will come here and heal my illness. From now on, that person will be Daming's son-in-law, who is me. My husband... prince."

She looked at Li Yun, her eyes shining bright, full of happiness and love.

Li Yun smiled slightly, rubbed the shy princess's little head, and said with emotion: "That nine-day fairy is so powerful, he actually predicted my coming!"

In his heart, he was actually very shocked. Someone could predict what happened four hundred years later. This is horrible!

"Sister Fairy is indeed amazing!"

Zhu Shue seriously recalled: "I have met her a few times. Sister Fairy is a very easy-going person with a very good personality. She was born in the world. At that time, my father and my brother were treated to her...to her, uh. , I like talking to her very much."

Everyone laughed blankly. Although the Da Ming princess didn't say anything, they already understood.

It is estimated that even the eunuchs in the entire palace admired the fairy and were fascinated by it.

"She also told me one thing, want me..." Princess Yongning looked at Li Yun, and said with some embarrassment: "Sister Fairy wants me to wake up, and then let me and Ma Ma go to talk to her, I will pay I thought it was just sleeping for a few years, but I didn't expect..."

But I didn't expect that after sleeping for four hundred years, when I woke up, the Ming Dynasty would all perish.

Chapter 620: Subsequent processing

Everyone looked at each other, and it was hard to believe such a thing for a while.

Four hundred years ago, there was a fairy of Nine Heavens. She built this magnificent miracle tomb and predicted that someone would come here to save Princess Yongning from leaving here.

Such a mysterious and bizarre thing, if it were not personal experience, everyone would never believe it!

Toothpicks have been robbing the grave for many years, and this kind of thing is unheard of.

Li Yun pondered for a moment, and soon gave up: "What kind of fairy, let's talk about this later."

"Um."

Princess Yongning nodded in response. The husband said that she could not find the fairy, so she would not look for it. The father said that she wanted her to listen to her husband instead of the fairy sister in the future.

"Ding, trigger the option event, please choose from the host:

Option 1: Find the legendary Nine Heavens Fairy, reward skill: God-level fortune telling.

Option 2: Do nothing, no reward. "

Li Yun was taken aback, he planned to ignore this fairy, but the system prompts him at this time?

God-level skills...Why don't you choose to have a look?

"Ding, the host made a choice and obtained the skill God-level fortune telling."

He was rewarded directly, but Li Yun smiled bitterly. This is really the **** kind of fortune telling, the kind of street deception, God-level fortune telling can let him fool anyone.

But the eggs are useless.

Li Yun stopped struggling and started to deal with the rest, because time was running out.

The twenty-eight stars in the sky have long lost their brilliance, and the light of the two large beads of the sun and the moon has gradually weakened. Soon, this tomb dedicated to the vitality of Zhu Shu'e is about to come to an end, because its mission has ended.

Li Yun was worried that this place would collapse, so he had to leave quickly.

"Let's go back to the Golden Temple!"

Li Yun looked at Princess Yongning, but found that she was trembling a little while sitting on the railing. This was how she reacted. After the sun and moon light diminished, the tomb began to be filled with a cold and cold atmosphere, plus the third person not far away was lying motionless. The zombies make the surrounding environment more and more cold.

"Yongning, put on this dress."

Li Yun took out a modern women's coat from the inventory and put it on Zhu Shu'e. The latter wore this kind of clothes for the first time, and seemed a little uneasy to hold onto the coat tightly.

Jin Liuli said sourly: "Big villain, I'm cold too!"

"Well, you also have...Ah, Miss Alice, do you want it?"

"...Thank you, no."

Princess Yongning ate the medium recovery pill, but her body was still very weak. Li Yun kept supporting her and returned to the Golden Luang Temple.

General Xu followed, seeing all this in his eyes, and sighed in his heart. He felt that he was getting tired, and he was approaching the limit.

After obtaining the consent of Princess Yongning, Li Yun opened the emperor's golden coffin, only to find that there was only a set of bright yellow dragon robes and a letter addressed to Princess Yongning.

Obviously, this is just a burial mound, the emperor is the emperor, surrounded by the 28 stars of the sun and the moon, the tomb known as the High Heaven Palace, only Li Yun's father-in-law of the emperor is qualified to enjoy it.

In addition, Li Yun also found the awl of Venerable Black Eyebrow on the emperor's father-in-law's burial mound. He scanned it with his mind for a long time. After feeling that it was not dangerous, Li Yun put it away and put it in the space ring.

He won't use this stuff for the time being. It's a choice for Concubine Wan Qing, but Li Yun worried that if Concubine Wan Qing and Venerable Black Eyebrow were in contact, telling her about it would cause trouble instead.

Venerable Black Eyebrow's strength is not low, this matter can be concealed as much as possible.
