

Godly Choice 651

Chapter 651: Moving into a new home (Part 1)

"It seems that I must find her for this nine-day fairy!"

Li Yun made a decision. Although he had more than 30 small recovery pills, he couldn't stand the two foodies, Black Feather Butterfly and Princess Yongning, who kept eating. Moreover, Princess Yongning is not Black Feather Butterfly. She has been taking pills, maybe there are. What consequences.

It's the best to be able to do it once and for all!

"Li Yun, still, can't it?"

When Fang Xue saw him silent, she thought that Princess Yongning could not be cured. She was actually quite angry when she learned about the princess last night, but after chatting with Yongning for a while, she quickly fell in love with the weak little girl.

She is well-behaved, obedient, and obedient, and has always called her sister Fang, innocent and cute, without a trace of falsehood.

She now regards Princess Yongning as her younger sister, and she loves her so much that she naturally doesn't want to see Yongning get sick.

"Sure."

Li Yun told the truth: "It's just a little troublesome. It won't be eradicated in the first half of the time. You need to take the medicine on time. But rest assured, at most two or three years, you are guaranteed to be like a normal person in Yongning!"

He guessed that Princess Yongning's body was a little different from ordinary people.

It seems that you can only find Fairy Jiutian or her descendants.

Fang Xue breathed a sigh of relief, and Yong Ning gave a hum, nodded his little head hard, showed a happy smile to Li Yun, then yawned again, and said with a vague look in his eyes: "My husband, I want to sleep and keep my body warm. It's warm, I can't open my eyes."

"We will go to see the house in the afternoon before going to bed after lunch."

"Um."

In front of Princess Yongning, she raised her spirits and threw herself into Fang Xue's arms to act like a baby, because she knew that Li Yun had something to do next.

The softness in Fang Xue's heart was touched, and Princess Yongning was not like her rival in love, but a younger sister, a sister who could be loved!

After eating lunch in a nearby restaurant, Princess Yongning insisted that she fell asleep in Fang Xue's arms soon.

In desperation, Li Yun had to take her to the house, planning to put her in the new home and let her sleep.

"The Emperor Exclusive Suite is not far away, just a few steps away!"

Manager Zhu acted as a shopping guide and enthusiastically led Li Yun to the house worth 9.99 million. He kept boasting about the benefits of the duplex building along the way, but he dared not look at Fang Xue.

Although Princess Yongning was wearing a sturdy long dress, only the snow-white skin of her neck and small hands were exposed, but she slept on Fang Xue's back, the sleeping beauty's bewildered look, still worth the eyes of the man who saw it.

Wearing Yanshi can have such a strong charm, it is hard to imagine how attractive her charm is when she wears pajamas or less clothes.

Manager Zhu didn't even dare to look at it, for fear that he could not bear to make a fool of himself.

"Here, the fifteenth floor!"

The elevator stopped. Manager Zhu walked in front and opened the door for Li Yun. At the same time, he explained: "The 15th and 16th floors are for high-end people. The two floors add up to only three households, and this 500-square-meter apartment The emperor's privilege is the most luxurious set in our Ankang apartment!"

The price of 9.99 million can only buy an ordinary house in Zhonghai City, but in Longyang County, it is already a top luxury enjoyment.

"Wow!"

Caixia couldn't help screaming as soon as she opened the door.

Inside the door, the spacious and bright living room, the retro-style chandeliers, the flower-like lighting and the large dining room all show the breath of beauty.

When I walked in, there is a large balcony outside the living room, with deck chairs, potted flowers and plants, and sunshades, which makes people feel very enjoyable when they see it.

Chapter 652: Moving into a new home (part 2)

"How?" Manager Zhu asked slightly.

Fang Xue smiled, "It's okay, it's about the same as my home."

"Hehe, is it far behind your villa, right?" Li Feng pierced Fang Xue's white lie.

Because Fang Xue once showed off when the two of them were quarreling, her villa was worth 100 million yuan upwards, which shows that the decoration is absolutely luxurious.

Manager Zhu was taken aback, and then took a closer look at Fang Xue, before he suddenly realized: "So you are the daughter of Chairman Fang Huyu!"

Fang Huyu was a dominant businessman in Longyang County, and Manager Zhu had the honor to meet several times at the banquet.

Fang Xue nodded slightly, and said after turning around: "The price of this house is not bad, you can win 10 million."

In a duplex building, there are four rooms on the upper floor plus a living room and a study room, three rooms on the lower floor + a kitchen, a living room and a small study room. Caixia also noticed that there are three bathrooms, so that you don't have to take turns in the morning and you can take a bath whenever you want You can wash it.

It can be said that this luxurious house is completely different from the place where they live now. Caixia has already begun to fantasize about a happy life after moving in.

Li Yun planned to take Princess Yongning to the room upstairs and let her sleep, but Manager Zhu was embarrassed and hesitated to say something.

"Oh, right!"

Li Yun took out a bank card and smiled slightly and said, "I'm very satisfied with this house. How about paying and going through the procedures now?"

"Yes, of course!"

Manager Zhu was overjoyed. He repeatedly said that this house will belong to Li Yun from now on, and he can use it whatever he wants!

If outsiders are allowed to sleep in before payment, the house will not sell well.

Li Yun ignored him and asked Li Feng to hand over with Manager Zhu, while he took Princess Yongning upstairs to sleep.

Don't get me wrong, Li Yun didn't intend to use the fourth method, which is a combination of 2 repairs, to treat Princess Yongning.

He observed the sleeping princess Yongning again with his spiritual mind, and found that her body had returned to stability and that mysterious power had also been suppressed, and he was relieved.

"Why don't you ask Concubine Wan Qing?"

Li Yun hesitated and made up his mind after seeing Princess Yongning's petite body sink into the soft quilt and calling her husband in a daze in her deep sleep.

"For Yongning, let the enchanting girl pit by Wan Qing concubine!"

Gritting his teeth, Li Yun called Concubine Wan Qing again.

"Van Qingsheng????"

"Don't mention this **** to me, die!!!"

With a snap, Concubine Wan Qing hung up angrily, making Li Yun stunned for a while.

what's the situation? Concubine Wan Qing is sleeping for a beauty sleep?

Li Yun gave a wry smile. Probably... The Sage Fanqing is really from the Hidden Sacred Valley.

"It seems that Concubine Wan Qing can't count on it anymore. When I see the people in the Hidden Sacred Valley next time, I will ask them again."

After making the decision, Li Yun handed some small recovery pills to Li Feng to prevent himself from going out and failing to give Princess Yongning medicine in time.

In the afternoon, Plucking was left to accompany Princess Yongning. Li Yun and the others returned to their hometown, moved everything to the new home, and officially moved in.

The spacious and bright house made the three sisters Li Feng very happy. There were four houses upstairs, and the twin sisters lived in the same room, which happened to be enough for five people.

Princess Yongning wanted to live with Li Yun, but she had no formal wedding after all, so she had to live in a room next to Li Yun.

After waiting for them to fall asleep again at night, Li Feng, who was wearing a piece of white silk and looked feminine, quietly opened the door of Li Yun's room.

"Bad Li Yun~, have you been thinking about it all day? Huh."

"Tonight, this is a special reward for you, hehe, you are not allowed to act on the princess sister, her body is so weak, you will be..."

"..."

Chapter 653: Go to see father-in-law

The house enjoyed by the emperor was very large, the walls were also very thick, and of course the sound insulation effect was very good.

So, after enjoying half a night, when I got up in the morning, Li Yun was finally satisfied one day in the morning.

"Ding, the option event is triggered, please choose from the host."

Li Yun was taken aback, triggering the event early in the morning? Is it to clean up the messy clothes in the room and not let the twin sisters and Princess Yongning find out?

There are carpets in the room, and clothes are thrown around when you are excited about playing.

"Choice 1: Buy a gift for the old man, reward a small Jidan*2, additional bonus skill: elementary formation law.

Option 2: If you don't go, there is no reward, and the host's girlfriend's family is likely to be in trouble. "

"Huh? It's not right!"

Li Yun woke up from the early morning reverie, his brows frowned immediately.

He made an agreement with Fang Xue last week that he would visit her home this week and try to get Fang Huyu's approval.

I had already discussed with Fang Xue yesterday, and when Xia Xianxue would drive to pick him up, he would buy some things by the way.

But judging from the system's prompts, today's visit may not be that simple!

"System, I choose one!"

"Ding, the host makes a choice, rewards a small base building *2, additional reward: elementary formation law."

After receiving the knowledge of the formation law, Li Yun was very satisfied. The formation law and the knowledge of Feng Shui are completely different. This time the skills are related to the practitioner, similar to the Sun and Moon 28 Star Formation. If Li Yun encounters it again, he will not As for relying on brute force, or relying on the black feather butterfly to get in and eat.

As long as he has the skill level of the formation, he can break the formation with a small price.

"The system rewards me for studying the law. It seems that someone is plotting against my father-in-law, huh!"

A cold light flashed in Li Yun's eyes, and Fang Xue was his girlfriend. Don't hurt her!

Called Fang Xue, and after inquiring, found that there was no abnormality for the time being.

She got up, brushed her teeth and washed her face, pushed open the door of Princess Yongning, and found that she was still asleep, her face flushed, very cute.

"Yongning has slept for 16 hours from yesterday to now, and she has been sleeping like this before. No wonder the development is so poor."

Li Yun frowned slightly. It seemed that the small recovery pill could not stop her sleepiness. He could only wait to find the Jiutian Fairy.

After breakfast, Fang Xue just arrived. Li Yun asked Li Feng and the others to take care of Princess Yongning. After she woke up, she learned some modern furniture, and then left home.

Taking the elevator to the first floor, Li Yun saw his girlfriend sitting in the BMW car.

She was still so beautiful, and she waved to him with a smile, and could almost get everyone's soul away.

"Xiaoxue, please come and pick me up."

"Hehe, what are you talking about? Didn't you not buy a car? Of course I came to pick it up. You are not allowed to say anything outside!"

"Well, let's go, let's go shopping. By the way, what do your parents like?"

A smile appeared at the corner of Fang Xue's lips: "My parents like things, you have brought them to them!"

"Already brought it?"

When Li Yun was feeling inexplicable, Fang Xue pointed to herself and said shyly, "It's me."

What her parents like is their daughter, Fang Xue!

Therefore, Li Yun doesn't actually need to bring anything, as long as Fang Xue loves him, that's enough.

Li Yun was moved in his heart and couldn't help but hug the senior college flower from Zhicai High School, and kissed her on his lips fiercely.

Looking at the passionate young girl, the driver sitting in front looked helpless. The young lady asked her to drive. Isn't it because she wants to be intimate with Li Yun?

Chapter 654: Unusual nightmare

"Bad Li Yun, don't bully me!"

Fang Xue blushed and pushed her boyfriend away, and bumped him with her small head, not allowing him to be foolish.

Before Li Feng went to his room last night, he actually gave her a message, and even used his mobile phone to record, and sent it to her in the middle of the night.

Because Fang Xue knew that once the villain Li Yun was approved by her parents, he could not help but act on her.

So before that, she needs to know more relevant knowledge, and Li Feng is the object of her study.

Only after getting up in the morning, Fang Xue turned on the phone to receive the recording, only listened to the first 30 seconds, and then hurriedly turned it off.

The sound inside is simply... unrememberable!

Just thinking about it was enough to make Fang Xue face red. She really couldn't imagine that Li Feng, who was fascinating with boys in school, would make such a soft voice.

"Xiaoxue?"

Li Yun thought she was not feeling well, so he habitually glanced at her with spiritual thoughts, and found out immediately.

Divine Mind is Li Yun's greatest gain in Yongning Princess City. It is very useful. Basically, anything can't escape Divine Mind's search. As long as the other party is not blocked by Chi, Li Yun can detect Divine Mind. Any details of the body.

Just like X-rays, it's clear.

"what happened?"

Fang Xue looked at him suspiciously, thinking that this guy was making ghosts again.

Li Yun held her hand and asked solemnly: "Did you encounter any strange things after you went home last night? Are there any outsiders coming into or out of your house?"

He felt an obscure and gloomy breath from Xiaoxue's body, which was very weak and hardly affected.

But if you have been infected by this evil force for a long time, it would be hard to say!

Fang Xue's expression slowly became serious. She knew that Li Yun would not make jokes when she was serious.

"Last night... there should be no one. Except for the security and servants, neither my parents nor I received guests."

Fang Xue recalled carefully, "The only strange thing is that I had a dream at night."

"Dream? What kind of dream?"

"A very bad dream, I don't remember it clearly."

Li Yun nodded slightly, and the driver interrupted and said, "Speaking of which, I happened to have a dream last night, but I can't remember it."

Dreaming at the same time?

It's a coincidence, but it's not impossible.

Fang Xue thought of something again: "My mother's complexion was a little bad when she got up in the morning. She said she was a little tired recently, which caused poor sleep quality..."

The inside of the BMW was quiet.

The driver did not agree, but Li Yun and Fang Xue, who had been exposed to the mysterious incident, couldn't help but think of some bad possibilities.

"Let's go shopping and go to your house as soon as we finish!"

"it is good!"

The two went to the mall and bought some high-end tobacco, alcohol and gifts. They spent tens of thousands of dollars, which were relatively cheap, just to express their feelings.

Li Yun carried his things and walked back to the underground garage. He couldn't help but sigh with emotion. If he hadn't had the system, he would have grown up, even if he had Fang Xue's love, it would be extremely difficult to see the old man.

How can ordinary people spend tens of thousands of dollars to buy gifts?

"What's the matter?" Fang Xue hugged his arm, and Li Yun smiled slightly: "It's nothing, let's go, go to your house soon!"

Fang Xue's face blushed, and she took her boyfriend home to show her intentions.

However, can Li Yun successfully gain recognition from her family?

Chapter 655: Enter the villa complex

Wong Ting Villa Community.

This is the top villa community in Longyang County. Although it is not comparable to some villa areas in Zhonghai City, there are also many rich people in Zhonghai City who come from Longyang County, and they will buy houses in their hometowns.

Therefore, the Huangting Villa Community in Longyang County is very beautifully built.

Security is tight. The villa area is surrounded by trees and birds. There are not only basketball courts, badminton courts and other common facilities, but also a relatively high-end coffee shop, which is specially provided to people in the rich area for consultation.

Li Yun saw several sturdy security guards standing in the community, all standing guard with guns. When he saw Fang's car, he only signaled Fang Xue to roll down the window and let him go.

The reason for showing up was because he was afraid that the people in Fang's car would be hijacked. The security guards only need to look at Fang Xue's expression to know that she is bringing people back normally.

But the security guards would never have imagined that Fang's daughter actually brought her boyfriend back this time!

"It's nice to live here."

Li Yun saw in the car that the landscape trees on both sides of the road were very neat. It must be a treat to get up in the morning and run in the villa complex, breathing the fresh air in the morning.

"Hehe, do you want me to lend you money and you also buy a set?" Fang Xue smiled proudly.

She is now not afraid of Li Yun's inferiority complex. The Baiyun Technology Company that this guy started has developed so well now, and she will definitely have money to buy a villa in the future.

"You have money?"

"My parents!"

"Hahaha."

"What are you laughing at? What are you laughing at? You bastards, my parents are just my daughters, and their money is my money, huh~"

When the two were laughing and playing, the driver drove the car to a three-storey, European-style villa.

This villa occupies a large area, with an estimated area of thousands of square meters, and the total area of the three floors adds up to a considerable amount.

There is a two-story small building on each side of the villa, which guards the main building. It is estimated to be used by security guards and servants. There is a garden and rockery in the front, and a grassland in the back. Some children-like slides are faintly visible, seeming to be Fang Xue Amusement park when I was young.

"Ugh."

Li Yun sighed, Fang Xue stared at him, as if asking, what are you sighing?

"I'm thinking," Li Yun held his girlfriend's little hand, and said seriously: "What good things did I do in my previous life to allow me to have such a good girlfriend as Xiaoxue in my life!"

Suddenly, Fang Xue's beautiful face flushed with shame, biting her blushing lips, but the corners of her mouth couldn't hide her smile.

"Xiaoxue..."

Just when Li Yun wanted to hug her and kiss her, a slightly excited shout came from outside the car window: "Sister Fang Xue, are you back?!"

"Hmph, I won't kiss you!"

After Fang Xue came back to her senses, she pushed Li Yun away in disgust, adjusted her disguise, carefully took care of her slightly messy hair, restored her frosty look on her beautiful face, and then opened the door and walked out.

Li Yun smiled secretly in his heart, Fang Xue was really tall and cold in front of outsiders. Li Yun's classmates even secretly said that she was the most arrogant school girl in the history of Zhicai High School.

After following out, Li Yun saw a fellow of the same age, fifteen or sixteen years old, wearing glasses and a very delicate face. He belonged to the kind of butterscotch, but he was more student-like.

"I remember you were..."

Fang Xue's hesitation caused the delicate young man to be hit hard, "Sister Fang Xue, I am brother Hui. We met again last year!"

Chapter 656: Father-in-law, three court hearings

Brother Hui?

Li Yun got goosebumps inexplicably, such a girly address, coupled with his delicate tone and actions, it was a weakness to be alive!

—Students who don't know what the weakness is, don't go to search engines to find out, otherwise, the three views can be easily distorted!

"do not."

Fang Xue obviously couldn't stand it, and she managed to squeeze a smile, and said, "I remember, your name is Zhang Konghui, right? I still call you Kong Hui, we are about the same age."

Zhang Konghui nodded in surprise, and took a step forward to have a more intimate conversation with Fang Xue, but Li Yun was already ready.

"Hello."

Li Yun stood in front of him, smiled calmly, and stretched out his hand: "My name is Li Yun, I am a senior in Zhicai High School, and I am in the same grade as Fang Xue."

This sentence shows in a disguised form that his relationship with Fang Xue is not ordinary, because now Fang Xue brings him to the house, and the two are just classmates.

Zhang Konghui didn't think so much. Instead, he showed a rather smug smile, stretched out his white hand and shook Li Yun:

"Hello classmate, my name is Zhang Konghui, my sister Fang Xue's... childhood sweetheart, currently studying abroad in a university."

"Are you in college?"

Li Yun was slightly surprised. Zhang Konghui looked younger than him and Fang Xue, as if he had just entered the first year of high school, but ended up in college.

Zhang Konghui was very satisfied with Li Yun's performance and said: "Yes, it is the Hafnium University in M country, the top five universities in the world."

Fang Xue couldn't help asking: "How old are you this year?"

"...17."

Seeing that the goddess in his mind didn't even remember her own age, the pride on Zhang Konghui's face suddenly collapsed. He looked at Fang Xue 'painfully' and said, "Sister Fang Xue, I study so hard just to graduate early. , Take on the responsibilities that belong to a man, protect you from wind and rain, and work hard for you..."

"Cough!" Li Yun coughed.

Zhang Konghui stopped and looked at him displeased.

"the weather is nice today."

Li Yun stretched out his hand to hold Fang Xue's little hand, and smiled at the delicate and beautiful man: "It's suitable to meet the old man."

Fang Xue gave Li Yun a roll of eyes, but her beautiful face was full of happiness.

"The weather is good, old husband...what do you mean?"

Zhang Konghui felt inexplicable. After seeing Li Yun holding Fang Xue's hand towards the villa, he suddenly realized: "You mean you came to see the old man? No, you, you, you!"

You have been for a long time, Zhang Konghui almost couldn't breathe in one breath. The next moment, he shouted in shock: "Sister Fang Xue, do you have a boyfriend?!!!"

With a shout, everyone in the villa heard it.

When Li Yun led Fang Xue into the villa, the scene was no less than when he was ascended to the church in ancient times. The neatly dressed magistrate sits high on the stage, standing on both sides holding sticks, and making a vicious service. The legs are weak.

Li Yun was calm and calm. He glanced around with his spiritual sense, frowning slightly, and quickly stretched out, leading Fang Xue to step forward, nodding respectfully and not politely, saying hello:

"Good Uncle Fang, good Auntie."

Li Yun first greeted Huyu, and a middle-aged beautiful woman standing next to him, before turning his head to look at an old man staring at him and looking very angry and said:

"Grandma, grandma, uncles and aunts, my name is Li Yun, and I am Fang Xue's boyfriend. Today is here specially..."

"stop!!!"

Chapter 657: Father Fang

Before Li Yun finished speaking, he was interrupted arrogantly by the old man staring at him.

"You said you are Xiaoxue's boyfriend?"

"Correct!"

"Not anymore!"

The old man was so angry that he was ascended to heaven, and said loudly, "My granddaughter of Fang Long, can't be inexplicably come from, but also was born in poverty, a poor boy who is not in the right family and was kidnapped! You two broke up immediately ,Did you hear that?"

Li Yun's expression stagnated, the old man's temper was really irritable.

"Master Fang!" Li Yun didn't get angry, and said patiently: "On the matter between me and Fang Xue, we are the first to make decisions. Secondly, I am not of unknown origin, and my net worth is innocent. Finally, I am not too poor. "

Father Fang almost forgot to gasp when he was choked. He stared at Li Yun with a pair of bull's eyes, looking very angry.

"Old man!"

A kind old grandmother should be Fang Xue's grandmother. She patted the dragon on the back to calm him down and complained: "The granddaughter's marriage is in charge of her. Those of the older generation of us can only give her a reference. ."

Fang Long was still angry, and Grandma Fang said again: "However, Xiaoxue is only in high school now, and it is too early to talk about marriage or anything. Let this matter go for the time being."

She turned her head to look at Li Yun again, her expression turned majestic, and said: "I don't object to your dating Xiaoxue, but you are not allowed to do anything too violent, otherwise, Xiaoxue, I will immediately be sent abroad to study. Did you hear that?! "

This means that it is impossible for Li Yun to do anything with Fang Xue, at most cuddling and kissing, it is impossible to go further!

The modern giants in TV dramas often drive the man away as soon as they hear that their daughter is in love, but in fact, as long as they don't have a big belly, normal love will not be opposed.

But obviously, Mr. Fang is a traditional person, so he can't understand Li Yun.

"No associations!"

Fang Long is still very angry: "Xiaoxue, you are only in high school now, how can you be distracted to fall in love with this kind of person? I heard that this kid's family conditions are very bad, so you can listen to grandpa's advice and hurry up with him. separate!"

Fang Xue gave Li Yun a helpless look.

"If you really want to fall in love, Grandpa can arrange a few young and handsome boys for you and let you choose one!"

"Grandpa Fang!"

Zhang Konghui quickly showed his sense of existence. Father Fang reacted and patted him happily on the shoulder: "Look, isn't grandpa bringing you a young talent today?"

Zhang's family and our Fang's family are family friends. I have seen this child Kong Hui since I was a child. He has a good character and a good character. He works hard. He went abroad to study at a young age. He was one year younger than you. It's college, Xiaoxue, you should learn from him! "

Li Yun smiled. The students most annoyed parents for comparing others. Sure enough, Fang Xue pouted and said unconvinced: "I don't have bad grades. I want to go to university a long time ago. Besides, my boyfriend His grades are better than mine, and I have mastered all my university knowledge a long time ago!"

"Xiaoxue, you, you, you!"

The old man Fang was so angry that he made smoke again, Li Yun laughed dumbfounded, because Fang Huyu and his wife, as well as Grandma Fang, were all eccentric.

It can be seen that it is normal for Mr. Fang to be angry.

"Xiaoxue, what did you just say?" Father Fang panted, and immediately asked: "You said that this kid Li Yun has mastered all the knowledge of the university?!"

Chapter 658: Make things difficult

"Uh...this."

Fang Xue closed her mouth. This sentence was casually said by Li Yun and her when they pressed the road, and she was not sure if it was true.

"Correct!"

Li Yun took the conversation with a smile on his face, and said, "I really have learned the university knowledge by myself."

He is not angry with the other man. After all, anyone who sees his granddaughter being abducted by a 'poor boy' will be angry in his heart.

What Li Yun has to do now is to prove that he is good enough to be worthy of the snow!

"it is good!"

Father Fang showed a surprised expression, clapped his hands, and said, "This is what you said? Xiaoxue, you heard it too. This sentence is clear and clear. You said you learned all the knowledge in college by yourself, right?"

Li Yun nodded slowly, "Yes, I have finished my self-study of all subject knowledge in the university!"

The villa suddenly became quiet.

Everyone looked at Li Yun with a ghostly expression. Before he said that he mastered university knowledge, everyone thought it was a certain or several subjects, such as mathematics, English and other general knowledge subjects.

Unexpectedly, Li Yun actually said to master all the subjects of the university? !

This cowhide is a little big!

Father Fang's eyes flashed with surprise, calmed down, and looked up and down at Li Yun.

"It's either a fool or a big fool to say something like this!"

Father Fang looked at Li Yun: "A man is responsible for what he says. I ask you now, dare you say this again?"

"I've said it twice, if you ask me again, I still say the same thing!"

"very good."

Father Fang nodded in satisfaction, and pointed to Zhang Konghui and said: "It just so happens that my old friend's grandson, Zhang Konghui, is a top student of Hafnium University of M, dare you dare to compete with him to prove your strength?"

"I'll say yes first." Father Fang patted Fang Xue on the shoulder, "My dear granddaughter hates hypocritical people the most. If you lied..."

"Then leave Sister Fang Xue!"

Zhang Konghui immediately added, looking provocatively at Li Yun: "Am I right? Li Yun junior, dare to come and compare me?"

"Ding, trigger the option event, please choose from the host:

Option 1: Accept the test and defeat Zhang Konghui, reward experience value +300,000, all attributes +500, purple gift bag*1, randomly upgrade a subject knowledge to doctoral level.

Option 2: Reject, reward skill: the green tortoise shrank. "

A smile appeared at the corner of Li Yun's mouth, and he said, "No."

Everyone was stunned, could he be a tortoise with a bowed head?

The old man Fang smiled with anger, "Meaning you are bragging?"

"I haven't finished speaking yet."

Li Yun held Fang Xue's little hand and looked at her with affectionate eyes: "I have no conditions for being with Xiaoxue. No matter if I win, lose, be poor or rich, I will be with Xiaoxue!"

Fang Xue's little face was red, and her heart was upset by Li Yun's affectionate confession. If there were no people around, she would definitely hug his neck and offer her own fragrant kiss.

"Of course you can."

Li Yun let go of Xiaoxue's hand, and confidently said: "Any subject, any question, as long as it is four or five years of university knowledge, I can answer it. If you don't believe it, just test me!"

Everyone's faces became more and more weird.

As Mr. Fang said, speaking of such arrogant people is not a stupid or a big stupid!

Because it is impossible for anyone to master all university knowledge!

Chapter 659: Spike Zhang Konghui

An angry expression appeared on Zhang Konghui's delicate face, and he opened an examination question directly: "Suppose $f(x)=x^2$ and multiplied by... find the value of $f(x)$."

He said while writing down the test questions on a piece of paper. Judging from the writing speed, Zhang Konghui was very angry.

"The answer is 3."

"Forget it...what?"

Just after Zhang Konghui finished writing, he was about to straighten up and let Li Yun do the question, but he suddenly heard the answer is 3?

"I have already figured it out, and the answer is 3." Li Yun repeated it again.

"How is it possible, I just finished writing!"

Zhang Konghui's whole person is going to be petrified.

The question he was dealing with was difficult, but it was definitely not easy. Without a written calculation, he himself estimated that it would take a few minutes to think about it to get the answer.

But Li Yun almost figured it out in three seconds? ! It's unbelievable!

"Nephew Kong Huixian, is this answer correct?"

Father Fang carefully checked, let alone high numbers, he almost forgot even the math in junior high school.

".....Correct."

Zhang Konghui popped a word from between his teeth, and said unconvinced: "I'll make another one! Suppose..."

"The answer is 5 points 1."

"...Come again!"

"The proof process is abbreviated. I will use the second definition of the sequence limit to prove it. The conversion is very simple."

"You!" Zhang Konghui was very angry, and his right hand trembled: "Again, I will make another one!"

...

Ten minutes later, the pen in Zhang Konghui's hand fell to the ground, and a custard-like face showed a deeply shocked expression, which was enough to make aunts over thirty years old feel distressed to death.

"How, how is it possible, how can you calculate so fast..."

Zhang Konghui seriously doubts life and feels that he is not a genius, but an out-and-out idiot!

Grandma Fang looked at Li Yun in shock. Just now, the young man answered fluently, and almost instantly got the answers to the questions of each subject, making her almost suspect that Zhang Konghui and him had a good deal.

Otherwise, how could anyone be so perverted!

Fang Huyu and his wife looked at each other. Their 'son-in-law' is really not easy, and Fang Xue's eyes are really amazing.

"Reward experience value +300,000, all attributes +500, purple gift bag*1, and the knowledge of English subject is promoted to doctoral level."

"It seems that I won."

Li Yun smiled faintly, without much sense of surprise.

Zhang Konghui's talent is good, but he is far behind Gong Qingyu, let alone Li Yun, who has 30,000 wisdom and spiritual attributes!

Only by competing with Gong Qingyu last time can Li Yun have the joy of winning.

Father Fang couldn't understand Li Yun's unrestrained appearance. After taking a sip of his tea, he said, "Study is good, but the test of academic performance is to see if he can make money and whether he can contribute to society. , Get ahead and become a person admired by society! Don't be complacent with a little talent, understand?"

Grandma Fang was displeased: "Just now you said that you were the one who took the exam, but Li Yun answered fluently. You said that they are nerds, and you said everything!"

When his wife who had been with him for decades was stunned, Father Fang didn't dare to make a noise.

"Ding, trigger the option event, please choose from the host:

Option 1: Slap the old man on the face, reward experience value +100,000, spirit +500, white gift bag*4.

Option 2: Laugh without speaking, no reward. "

Li Yun picked his eyebrows. System events were triggered very frequently, and there was a rhythm of events happening.

Chapter 660: Valuation of a Fangjia

"I think I'm pretty good." Li Yun smiled slightly and said something shocking: "My Baiyun Technology leisure company, the current valuation should be 50 billion!"

"what?"

Father Fang wondered if he had auditory hallucinations because of a bad liver. This ordinary, even poor, sunny boy, actually owned a company valued at 50 billion yuan? !

"impossible!"

Zhang Konghui immediately denied, his delicate face rose red and said, "How can you own a 50 billion company? Even if it's your father, it's impossible to transfer it to you at this age!"

Grandma Fang, Mother Fang, and Father Fang all recovered and began to look at Li Yun with suspicion.

"I have no parents, and I came from an orphanage."

Li Yun said his life experience indifferently, but he didn't want to entangle too much here, and said: "In addition, I remind you that in accordance with the law|laws.regulations, citizens over the age of 18 have the right to start a company! "

"That said, it's too weird." Mother Fang still didn't believe it, and she looked at Li Yun with a little more scrutiny, wondering if he had deceived his daughter Fang Xue because of this.

"It's a real mother, I also voted 100 million!"

"What? A billion?!"

Mother Fang was startled by her daughter's words, and immediately stared at Fang Huyu: "What's going on? I don't know why Xiaoxue invested 100 million yuan?!"

"this....."

Fang Huyu touched his nose with some embarrassment, "My wife, didn't you say that you want to support your daughter's career indefinitely? The first time Xiaoxue invested, I couldn't stop giving money, right?"

"Then why don't you tell me?"

"Because... I'm afraid that Xiaoxue's investment won't come back, so I plan to carry it by myself..."

"You are really mad at me!"

"mom!!"

Xiaoxue took her mother's arm and said coquettishly: "I won't lose money when I invest, ah, it should be said that Li Yun is very powerful, so he won't lose money. Do you think Baiyun Technology is booming now? It became two billion, and it took less than two months~, hehe."

"There will be more returns in the future!"

Li Yun smiled and added, having said that, the game he bought is about to be released. After a while, he will go to Zhonghai City to hold a press conference, and then he will be able to make a lot of money.

Li Yun is confident in the judgment of the system!

"Really 50 billion?!" Father Fang widened his bull's eyes, looking at Li Yun like an alien.

The Fang family is not a family with a long heritage, but it took four generations of hard work to gain a firm foothold in Longyang County, and the family business slightly expanded to Zhonghai City.

The entire Fang family, cash, stocks, real estate, etc., add up to about 70 or 80 billion. It may not be a big deal to put it in Zhonghai City, but this is already the top local family in Longyang County!

But Father Fang never expected that Li Yun alone, at the age of early eighteen, started a company casually, and the valuation was comparable to the entire Fang family!

That is to say, Li Yun's hard work in less than a year has beaten four generations of Fang family!

"It shouldn't be wrong."

Li Yun smiled: "I own 51% of Baiyun Technology and 3% of Xiaoxue. The current valuation is not known, but Baiyun Technology has a joint venture subsidiary that cooperates with the State-owned Bank of China Shipping City and invested tens of billions. Develop a piece of software."
