

Godly Choice 661

Chapter 661: Fang Xue's jealousy

"Invest tens of billions, how come the valuation has reached 50 billion, right?" Fang Xue snickered while covering her mouth.

For a while, apart from Fang Xue, several members of the Fang family, as well as Zhang Konghui, all stared with big eyes, and they were so shocked that they couldn't speak.

Fang Huyu and Mr. Fang are both business elites, and they naturally know what industry is the most profitable.

It is not yellow, 1 bet, 2 drugs, nor is it the manufacturing, service, and transportation industry, but the cooperation with large companies in the country.

If the company can stay close to the government, it is all about lying down and making money.

Don't worry about not being able to pay the money, don't worry about the scams in the business, there will be no moths appearing, completely open and transparent, as soon as the contract is signed, the project is completed step by step, and you can wait to make money!

"Are you really cooperating with a state-owned commercial bank to invest 10 billion yuan?!"

Fang Huyu thinks the most incredible place is here.

The most important thing about working with a bank is not how good your company is, but whether you have a relationship or a way to understand these projects.

In many cases, the government's investment projects have not yet been released, and people who smell the meat have been eyeing them!

Li Yun nodded, feeling funny in his heart.

If his father-in-law knows that he has a good relationship with Liao Hua, or several leaders in Zhonghai City, and some big men in the military district, I wonder if his father-in-law will drop his jaw.

Li Yun looked at Father Fang and found that he had a wonderful expression on one of his faces, and he halted for a long time before he said: "Forget it, you are not bad, but don't be too proud. Focus on doing good projects and mess up the government's projects. , Don't even think about opening your company in Zhonghai City!"

He had never dealt with those people before retiring and knew the stakes.

"Ding, the host makes a choice, slaps the old man in the face, rewards experience value +100,000, spirit +500, white gift bag*4."

Li Yun smiled slightly, the people in the lower family would never object to him being with Xiaoxue anymore, right?

"Xiaoxue."

Mother Fang took her daughter's hand and asked solemnly: "Are you really going to be with Li Yun?"

She hadn't expressed any opinions before because of Li Yun's life experience.

In Fang's mother's view, even if her daughter and Li Yun have a good relationship, they have always been together in college, but after they came out to work, the chores of firewood, rice, oil and salt were enough to cause both of them to have a headache.

In addition, Fang Xue will be in charge of the Fang family in the future, and will take a completely different path from Li Yun, and there is almost no possibility of intersection between the two.

But it's different now.

Li Yun has also become a business elite. With the qualifications to stand with Fang Xue, the two worlds overlap, and in the future they can even help each other to make Fang's family stronger!

So Fang's mother had to consider what happened after Li Yun became her son-in-law.

"Um!"

Fang Xue nodded very simply, a blush of happiness appeared on her beautiful cold face, and she whispered: "Li Yun is my first love and the last person I like. He is very good, loves me, protects me, and cares. I love me... the only downside is the many other girls around me!"

After all, she gave Li Yun a sour look.

Li Yun secretly said that it was not good.

Sure enough, the Fang family and Zhang Konghui's eyes widened again.

"What's the matter?!" The old man Fang's voice was exceptionally loud: "You kid still pedaling two boats?! Okay, you are eating the bowl and watching the pot! I can never agree with this marriage. !"

Chapter 662: Collective nightmare event

Zhang Konghui's handsome custard boy blushed: "You, you, Sister Fang Xue are so good, you are not satisfied with having one, so dare you find another girlfriend?!"

Fang Huyu knew about this before, but at the time he thought Fang Xue was joking, but he didn't expect it to be true.

Li Yun looked embarrassed and didn't know how to answer.

"Hee hee~"

Fang Xue secretly laughed. She just wanted to see Li Yun make a fool of herself. Who told this villain to see one and love one?

Now punish him a little bit, let him know what's wrong, and then help him intercede.

But Fang Xue didn't expect Li Yun to change the subject directly!

"We'll talk about this later."

Li Yun was sitting in distress, and said solemnly and seriously: "I'm here today, except to visit my father-in-law and mother-in-law..."

"Don't call me mother-in-law." Mother Fang said with a cold face, with a look quite like Fang Xue.

"...Besides uncle and auntie," Li Yun paused, and continued: "There is one more important matter for your life and death!"

Everyone was taken aback.

Survival?

Li Yun said sternly: "This is not my confession. The people present, except for the guests, including Grandpa Fang, Grandma Fang and others, Xiaoxue, uncle and aunt, you have all been tricked by evil spells!

Everyone looked at each other.

What the evil thing?

Fang Xue gave Li Yun a roll of eyes, he must have deliberately changed the subject, this bad guy!

Li Yun said again: "Xiaoxue had a nightmare last night. The driver who drove us before also had a nightmare. If I guessed correctly, did you have a nightmare too?"

"I didn't." Fang's mother categorically denied, "How can people be okay and have nightmares? I think you changed the subject deliberately! It's a mess!

"Ahem... my wife, I seem to have a nightmare too."

Fang Huyu's expression was rather embarrassing, and she gave Fang's mother a glance. How could she not know that Fang Huyu had a nightmare? He said everything when he got up in the morning.

It's just that now the goal is to get this sweethearted man out, why Fang Huyu doesn't understand!

Until now, Fang's mother didn't think it was strange to have nightmares.

Li Yun smiled slightly, "If I'm not mistaken, many people in the villa have also had nightmares!"

It is not strange for one person to have nightmares, and it is not strange for three people, but if seventeen or eight different people have nightmares at the same time at the same time, it is a bit sensational!

"This unscientific....."

Zhang Konghui was shocked.

Mother Fang closed her mouth, and Father Fang was unsure. Fang Huyu waved his hand directly and said to the servant standing aside: "Auntie, you go and call all the people who stayed overnight in the villa last night!"

There are houses on both sides of the villa for bodyguards and servants, but they do not spend the night here every night. After all, they are not loyal servants who have been trained since childhood.

"Yes, sir."

Sanyi went out and called in the bodyguards and servants. There were fifteen people in total, ranging in age from twenty to fifty years old.

"I ask you a question!"

Fang Huyu looked serious, and said in a deep voice: "Someone had a nightmare last night. Regardless of whether you remember what the nightmare is, raise your hand."

The servants' bodyguards looked at each other, and then one person slowly raised his hand.

Then, one by one, in the end, twelve hands were raised!

"In other words, at least 15 people in the family had a nightmare last night!"

Chapter 663: Check Fangjia

Fang's mother's words, and the twelve raised hands, made the entire villa seem to be plunged into an invisible and strange atmosphere.

Zhang Konghui shivered, holding his hands in a trembling form, but still calmly said, "No, it's impossible, right? It's estimated that the northwest wind was blowing last night and the weather turned cold, causing everyone to sleep well. Nightmare..."

Even he himself felt unable to continue.

"What's the matter?!"

Fang Huyu's face was ugly. If it hadn't been for Li Yun's reminder, he would have probably not noticed it for several days, or even ten and a half months.

Because apart from husband and wife or close people, who would say nightmares at night?

"Ding, trigger the option event, please choose from the host:

Option 1: Initially find out the reason why everyone has nightmares, reward experience value +800,000, all attributes +1200, purple gift bag*2, it is expected that the host will be recognized by the Fang family.

Option 2: Do nothing, no reward, and everyone in the Fang family will prohibit Fang Xue from meeting the host again. "

Li Yun raised his eyebrows. Does this still need to be selected? It's all done!

"Nightmare is a manifestation of people releasing the fear and pressure in the subconscious."

Li Yun answered Fang Huyu's question, turned around and walked out of the living room indifferently. While walking around on the first floor of the villa, he asked:

"Xiaoxue, have any suspicious people come to visit recently, and have touched the furnishings and trees near the villa, such as people who watch Feng Shui."

With the knowledge of elementary formations and master-level Fengshui, Li Yun is more familiar with the yin and yang, five elements, and astronomical geography handed down from ancient times in Huang Xuan Kingdom. Part of the elementary formations are indeed combined with Feng Shui.

For example, draughts.

There is a saying that the first culprit in the Yang House is the most fearful of draughts, which means that the indoor air cannot be allowed to flow too fast, which makes the human body unable to adapt.

"It shouldn't be." Fang Xue shook her head, "Mom, has anyone come to visit these few days?"

"No! No one entered our house!"

Mother Fang was scared by what happened just now, so she didn't dare to hide anything at this moment.

Seeing Li Yun walking around, Fang Huyu said, "I asked someone to design this villa. The other party is a respected Feng Shui master in Longyang County. He has lived for 20 years and has been fine without any problems!"

Father Fang lives in the old house of the Fang family, and did not come to live in the villa.

He was very puzzled. Before Li Yun showed the appearance of a business elite and a learning genius, how could he become a Feng Shui master now?

Li Yun walked around in the spacious lobby on the first floor of the villa, and found no problems. The Feng Shui layout was very good, and he deserved to be a master video.

Going up to the second floor and the third floor, they turned around and inspected the living room, dining room and bedroom, but found nothing.

"Yes, did you find anything?"

Fang Xue's face was a little red. Just now Li Yun entered her boudoir. Even her father rarely entered her room after she was seven years old. However, Li Yun generously visited her and smiled at the white bear doll on her bed. She laughed, making Fang Xue more shy.

This bear doll was still a reward drawn when she and Li Yun were in the game hall.

"Not yet."

Li Yun frowned. Could it be that he misunderstood the system prompt, it was not the reason for the formation?

The only two things I know so far. One is that more than 80% of the people in Fang's villa have had nightmares, and some have been there for two or three days in a row. This situation was particularly serious last night.

Chapter 664: suspicious

Second, Li Yun scanned Fang Xue and her parents with his spiritual thoughts, and there was a wicked energy remaining in their bodies.

However, the two acquired bodyguards, Li Yun, could not scan, that they had True Qi protection in their bodies, and they did not have nightmares. It should be because of their stronger resistance.

Li Yun now doubts whether it is due to the lack of elementary formation skills. If this is the case, he can only use the god-level skill pill to forcibly improve the formation skills.

But I always feel bad!

"correct."

Just when Li Yun was at a loss, Mother Fang said inadvertently: "Speaking of which, something happened two days ago. Zhou Kangwei and his wife were suddenly coming to visit us, but I learned from Xiaoxue that his son was cheating by the dean of the department. So I rejected him coldly."

"Um?"

Li Yun recalled that Zhou Kangwei was Zhou Xianming's father, and Zhou Xianming had cheated against him during the first mock exam, which caused his school atmosphere to plummet, and finally went through the suspension formalities, but never saw him. Extraordinary.

"Zhou Xianming's family also live here?" Li Yun asked immediately.

"Correct."

Fang Xue nodded and said, "His family assets barely exceed 100 million. He bought a smaller villa here a few years ago."

Li Yun smiled. In the eyes of ordinary people, the assets of hundreds of millions are already very remarkable, but in the eyes of Fang Xue's family, the assets of hundreds of millions are just barely passing.

Of course, in the eyes of Su Muxin, Princess Alice, and Hu Xiaomeng, tens of billions are just starting out and not really rich.

"Okay, then let's go to his house!"

Li Yun is very decisive. Since the Fang family can't find any reason, then look for someone who has a grudge against the Fang family!

"You mean..." Fang Huyu hesitated, "Brother Zhou,"

"Do you still call him Brother Zhou?!"

Fang's mother gave a cold cry, and Fang Huyu immediately changed her words: "Ah no, Zhou Kangwei! He had a grudge against me for breaking up with him, so he found someone to do something evil against me?"

"Maybe it's possible."

If Li Yun remembered correctly, Fang Xue said that Zhou Kangwei's ability to develop has nothing to do with the Fang family. Zhou Kangwei and Zhou Xianming have been coveting the Fang family.

And now because of Zhou Xianming's cheating, Fang Xue turned his face, and Fang Huyu was also cold towards Zhou Kangwei.

Therefore, it is hard to say that Zhou Kangwei will not resent this.

"Hmph, I told you a long time ago, Zhou Kangwei is not trustworthy!"

Father Fang is very hot, and his only granddaughter is actually in a dangerous situation. If it weren't for outsiders, he would have to beat Fang Huyu severely!

Fang Huyu didn't dare to make a noise in front of his father. Father Fang was irritable and strode forward and said: "What are you doing in a daze? Let's go and see what the Zhou family is doing!"

"stop!"

Grandma Fang, as soon as the actual controller of the Fang family spoke, Grandpa Fang had to stop obediently.

"You're a seventy-year-old man, just go to someone else's house like this? It's just a fool!"

Grandma Fang reprimanded: "I haven't determined what went wrong, so you are reckless. It's no wonder that when your dad was alive, you told him to hand over the family to your son as soon as he graduated!"

"I!"

Old man Fang flushed and coughed a few times with anger. Grandma Fang went to pat him on the back again, and Li Yun smiled bitterly. This is really strange to the old couple and old wife.

"Master Fang, Grandma Fang, Uncle and Auntie, you stay and wait for now. I will go to see the situation with Xiaoxue, how about?"

"...Well, take two bodyguards to prevent Zhou Jiagou from jumping over the wall in a hurry."

Chapter 664: suspicious

Chapter 665: Goodbye Zhou Xianming

Zhou family.

Zhou Xianming has had a hard time for more than a month. His cheating incident was a big mess. The entire Weibo and news were spreading. Longyang County was not small, but the scandal spread quickly.

Especially in the upper-class circles, they pay more attention to face. Many dirty things are just done secretly, and no one will put dirty things on the table.

Therefore, after the incident of Zhou Xianming's cheating was spread, the Zhou family quickly became the object of ridicule. Many people would despise the Zhou family while chatting at a party.

The richer you are, the more you pay attention to academic qualifications. Don't you see that many rich people madly donate money to foreign universities in order to allow their children to graduate from top schools.

It can be said that because of his cheating, the Zhou family was abolished, business partners left one after another, company projects stagnated, and successive layoffs.

After eating the old book, Zhou's family can only get out of Longyang County in despair and seek development in other places that no one knows.

"Master Mao."

Hearing his father's respectful words, Zhou Xianming looked into the living room, where his father was saluting an old man with a fairy-style bone and a gray beard respectfully.

It is said that this person is named Mao Tianliang, a famous Fengshui master in Longyang County.

At the same time, it is also the last hope for the Zhou family to survive this period of time in the future!

"How exactly?"

Master Mao, who has a long white beard and looks unusually immortal, asked indifferently.

"I have done it as you ordered!"

Zhou Kangwei showed a flattering smile. He has long been accustomed to this expression. In the first half of his life, he has only been flattered by the Fang family to transform from a poor ghost with nothing to a rich man with assets of hundreds of millions!

"Is everything done?" Master Mao's slightly turbid eyes flashed a light: "You know, this is something the Fourth Elder personally ordered. If you don't do it well, you and I can't afford it!"

"Yes, yes, I promise to do it!"

Zhou Kangwei nodded again and again, but suddenly, thinking of something, his face changed slightly, and he hesitated for a moment before he said, "That..."

"Say something!"

"This..." Zhou Kangwei said after hesitating for a long time: "There is still Fang's house, I couldn't get in."

"How did it happen?! Didn't you say that everything was done before?"

Master Mao was very annoyed and severely reprimanded Zhou Kangwei. Zhou Xianming saw his father wagging his tail like a dog, and he couldn't help but clenched his fists.

But in the end, he slowly let go of his fist, and the Zhou family now can only rely on this Master Mao

"It's like waste, I have to go out myself!"

Master Mao let out a vent, took a sharp sip of tea, stood up on crutches, and said with a gloomy expression: "Come with me, I will visit Fang Huyu myself!"

Zhou Kangwei breathed a sigh of relief. Master Mao's identity is extremely difficult. On the face of it, he is a Feng Shui master, but in fact he is a broker, who specializes in expanding contacts for people. All walks of life in Longyang County are very popular.

Fang Huyu would definitely sell him a face when he went out and invite him in.

"Report Master!"

Just as the two were about to go out, a sturdy bodyguard walked in and casually handed over. Huyu said, "Master, Fang Xue, the beautiful daughter of the Fang family, is here to visit!"

It can be seen from this sentence that the quality of this bodyguard is not very good.

But at this time, Zhou Kangwei did not pay attention to this, but was stunned: "Fang Xue?"

"Fang Xue?!"

The other person was also surprised, with a surprised expression on his face, and greeted him with strides, "Xiaoxue, long time no see!"

Chapter 666: Lilac, blooming

"When you go in, follow me."

Standing in front of Zhou's villa, Li Yun whispered to Fang Xue, and it was a pity in his heart that he didn't have any protective equipment, so he couldn't give it to his true girlfriend.

"Well, I know~, hehe." Fang Xue knew that Li Yun had a magical black feather butterfly, so she trusted him to protect herself.

"Xiaoxue, long time no see!"

Hearing this enthusiastic voice from a distance, Fang Xue's original gentle expression suddenly changed to a noble and glamorous face, and looked at the visitor with a tight face: "Zhou Xianming, please call me Fang Snow!"

"Hey-hey."

Zhou Xianming didn't take it seriously, showing a handsome smile, and said: "Xiaoxue, don't be like this. After all, everyone is a classmate, right? I admit that the last time I was wrong, but I have dropped out of school now. You have already been punished, you have a large number of adults, forgive me, okay?"

Zhou Xianming originally thought that he simply liked the Fang family's property, but after more than a month did not see Fang Xue, he realized that he actually missed her in his heart!

Looking at Fang Xue again at this moment, he suddenly realized that the heavens and the humans were so beautiful.

The tall figure, exquisite and cold facial features, the skin is white as jade, flawless.

I don't know if it is an illusion, Zhou Xianming thinks Fang Xue is several times more beautiful than a month ago!

Li Yun smiled faintly, "Zhou Xianming, you can correct it if you know your mistakes. This couldn't be better. You didn't violate the law last time. I hope you can learn from it and don't have other bad thoughts!"

Having said that, Li Yun was quite disapproving in his heart, and people always regretted it when they were desperate.

A flash of resentment flashed in Zhou Xianming's eyes, but in front of Fang Xue, he had to endure it.

Fang Xue's purpose was to enter Zhou's villa, and when she was trying to find an excuse to go in as a guest, a person walked out of the door, it was Zhou Kangwei!

"Xiaoxue, ha ha ha." Zhou Kangwei showed a kind smile and said, "You haven't been a guest at Uncle Zhou's house for a long time, so Uncle Zhou will feel a little stranger to see you again! Become a lot more beautiful! !"

"...Hello Uncle Zhou." Fang Xue shouted bitterly. The relationship between the two families is now delicate and not severed, but they are much stranger.

The two parties had an awkward chat. Before Fang Xue offered to go in as a guest, Zhou Kangwei took the initiative to invite her.

"strangeness."

There was some doubt in Li Yun's mind. Zhou Kangwei and Fang Xue's father's peers, it is logically impossible to welcome a junior in person in person. This is out of courtesy.

But seeing his girlfriend look indifferent, as if he was used to the humble attitude of Zhou Kangwei and his son, Li Yun suddenly realized.

It turns out that Zhou's family is a licking dog in front of Fang's family.

No wonder it is so humble!

After figuring it out, Li Yun felt both funny and pitiful in his heart. After shaking his head, he followed into Zhou's villa.

This villa is not big, not as lavish as Fang Xue's family, but there is also a small garden in front of the door, and Li Yun's spirit can only extend five or six meters now. If you want to check here, you have to use some means.

Looking around, Li Yun's eyes lit up, pretending to be happy, pointing to the garden and saying: "Xiaoxue, look over there!"

"Huh? What?"

"Lilac! It's blooming!"

".....what?"

Fang Xue's beautiful face was full of 'dumbfounded', and Li Yun held hands and entered the small garden in front of Zhou's villa.

Zhou Kangwei and his son were equally puzzled, especially Zhou Kangwei, with a weird expression.

Chapter 667: Mao Tianliang

These days, Zhou Kangwei is making excuses to enter other people's homes. Why is it like Li Yun making excuses to visit his home now? !

"Xiaoxue, haven't you heard of a song?"

Li Yun leaned down and took a deep breath of the fragrance of flowers, pretending to be intoxicated, but his spiritual mind quickly scanned the surroundings.

"What song is it?"

Fang Xue vaguely understood Li Yun's intentions, and asked very cooperatively.

"It's called Lilac."

"...I don't seem to have heard of it."

"No? Then let me hum a few words. The lyrics are like this: You say you love lilac flowers the most, because your name is it, what a melancholy flower, a sentimental person~"

While humming this gentle love song, Li Yun took Fang Xue to 'play around' in the garden. Fang Xue was actually attracted by the sad love song of this song. She forgot to cooperate with Li Yun and only looked at it with eyes full of love. he.

"Enough! Stop singing!"

Zhou Xianming couldn't bear it and interrupted the sweet interaction between Li Yun and Fang Xue. He thought that Li Yun entered the garden to disgust him!

Zhou Kangwei barely pulled a smile on his face: "Nephew Li Yunxian, let's go in."

"Also."

Li Yun nodded, and the garden had been scanned for a while, but nothing was noticed.

"This song is so good!" Fang Xue happily took his arm, her beautiful eyes were colorful: "Li Yun, why have I never heard of this song? Did you write it?"

"Uh, this is a song that suddenly appeared in my mind. I will compose it for you when I have time."

"Okay~"

Fang Xueying smiled, her eyes full of tenderness, which made Zhou Xianming almost angry.

Li Yun does not know how he has this song in his memory. Perhaps it is the high-level music and singing skills that the system rewards, which brings benefits.

"Let's go quickly, don't let the master wait for a long time!"

"Grandmaster?"

Under Zhou Kangwei's urging, Li Yun and Fang Xue speeded up their pace and entered the living room on the first floor of the villa. Li Yun saw an old man with a fairy style.

"Come on, Xiaoxue, let me introduce to you, this is the elder Mao Tianliang, and everyone in Longyang County respectfully calls him Master Mao!"

"Hello, Master Mao, my name is Fang Xue. I have had the honor to meet seniors a few times before."

Fang Xue showed a faint polite smile. The villa in her house was the Feng Shui that he asked him to see. At that time, the developer of the villa community specially handed over one piece of land to the Fang family for development, so Fang Huyu asked someone to specially design a villa. .

Later, Fang Xue also met Master Mao on some occasions, and was no stranger to him.

"It turned out to be Fang's girl!"

Master Mao showed a gentle and kind smile, leaning on crutches, was about to walk in front of Fang Xue to chat with her, but Li Yun stepped forward and stood in front of him.

"Your name is Mao Tianliang!?"

Li Yun said this in an unceremonious tone, and the surrounding atmosphere instantly stiffened.

Zhou Kangwei didn't know how to react for a while. With his exquisite personality, he would never have thought that someone would offend a respected senior with the first sentence!

Master Mao narrowed his smile, put his hands on the crutches, looked at Li Yun carefully, and said in a calm tone: "Young people, don't be so aggressive. Only by knowing etiquette and general knowledge can you develop more smoothly in your life!"

After a pause, he looked at Li Yun sharply, saying word by word: "This is the advice of an old man!"

Fang Xue was so nervous that her breathing slowed down, but she chose to believe in Li Yun!

"Oh."

Chapter 668: No face

Li Yun's expression on Gu Jing's face was unwavering, and he looked directly at Master Mao, and said, "Then I will warn you as a junior."

Everyone's breathing suddenly tightened.

Is this just going on the front? !

But what is going on? This kid only met with Master Mao, why is his tone so aggressive? !

"What warning?" Master Mao said with a cold face.

"Don't try to participate in events that you don't understand, otherwise, you will surely catch fire!"

Master Mao's pupils shrank, and he took a step back in shock, staring at Li Yun fiercely.

"Am I right? Master."

Li Yun's expression was indifferent. After he entered the villa, he felt that the evil energy here was extremely sufficient, and then swept away with his spiritual thoughts, and immediately found that the evil energy in this master Mao's body was the strongest.

If I only saw him in normal times, Li Yun might have thought it was a coincidence, but when he appeared in the house of someone like Zhou Kangwei, he couldn't help but doubt the master of immortality!

"Huh, inexplicable!"

Master Mao's expression returned to calm, and he turned to talk with Fang Xue. Finally, somehow, he just said that there might be a problem with Feng Shui in Fang Xue's villa, and the alteration of the villa next to her might affect her home.

Simply put, he wanted to visit Fang Xue's house.

"This....."

Fang Xue looked at Li Yun, who nodded slightly before Fang Xue replied: "Okay, then I will trouble Master Mao."

"Where is it."

Master Mao smiled and said: "When you built a villa in your house, I also made a contribution. According to the life-long responsibility system, it is wise to show your home Feng Shui. After all, the surrounding environment has changed a lot in the past twenty years. Feng Shui has changed a lot!"

This was impeccable, but when she saw Fang Xue, she said she was going to see Feng Shui at her house.

"Ding, trigger the option event, please choose from the host:

Option 1: Give Master Mao a slap, let's slap it first, reward experience value +200,000, strength and agility +500, green gift bag*3.

Option 2: Directly capture Master Xia Mao, Zhou Xianming and others, reward experience value +500,000, all attributes +500, blue gift bag*1.

Option three: Investigate Master Mao, reward experience value +500,000, purple gift bag*1, and increase Feng Shui knowledge to **** level as additional reward. "

God level?

Li Yun's heart moved. Although the knowledge of Feng Shui is far inferior to the knowledge of formations, most of them are deceptive things, but it is not bad to have a **** level!

When everyone went to Fang's house, Zhou Kangwei asked his son to bring a gift to Fang Huyu, and Li Yun sent a text message to Fang Xue while on the road.

"The origin of Master Mao?"

Fang Xue frowned slightly, and then forwarded this message to the housekeeper, asking him to help prepare some materials.

Master Mao is not a hidden person, and it is easy to find a lot of information.

Back to Fang's house.

Fang Huyu was surprised to see Master Mao coming to visit, and even more surprised to see that he actually came with Zhou Kangwei.

And when Master Mao, Zhou Kangwei and others saw that Grandpa Fang and Grandma Fang were also there, they also glanced at each other, but did not make a difference.

"Brother Fang, it was my godson who had no choice before! I'm ashamed of you!"

Zhou Kangwei slapped Zhou Xianming on the back of the head, and yelled, "You idiot, why don't you kneel down and apologize!"

With a plop, Zhou Xianming directly knelt down and slapped him in the face with a bow left and right, cursing that he was not a human being, and made a mistake for a while.

It was so fierce that Li Yun was stunned.

For the sake of prosperity and wealth this week, the family really doesn't have any face.

Chapter 669: Master Mao, don't move

Before Zhou Kangwei could not even enter the Fang family's door, now after seeing Fang Huyu in the face of Master Mao, he immediately staged a bitter drama, in order to win the Fang family's re-trust!

Such an effort is truly breathtaking.

"It's all right."

Even Fang's mother who drove away Zhou Kangwei coldly before can't stand it anymore, and stopped Zhou Xianming's self-abuse, saying: "Knowing mistakes can be corrected, and doing the

best, hacking through the teacher's cheating, and exposing the behavior of other people's test papers, will not do it again in the future! Otherwise, others will laugh at our Fang family and get along with some despicable people."

"Sorry, Auntie, I know I was wrong!"

Zhou Xianming made a very sincere and regretful expression, which made people unable to distinguish the true from the false.

"I hope you can publish notices on some public occasions that you will never do these things again. This will also help restore your reputation!" Mother Fang said again.

"Of course, of course, I will definitely post it, I will definitely post it!"

Zhou Kangwei quickly made an assurance that everyone was happy for a while, and the atmosphere was very harmonious.

"Hehe, don't move."

Suddenly, a sneer sounded, Fang Xue turned her head, and was surprised to see Li Yun indifferently grasping Master Mao's hand, and squeezing his wrist to a crunch, as if he was about to squeeze it off!

"you you you!"

Master Mao's old face was distorted with pain, and only felt the pain in his wrists, so painful that he thought his palm was broken!

"what are you doing?!"

"Boy, let go!"

"stop!!!"

For a moment, everyone was in a mess. Li Yun gave a light push, and Master Mao stepped back four or five steps, sitting on the ground with his ass, clutching his wrists and making a scream like a pig, the bones of the fairy wind road before. Nothing left, extremely embarrassed.

"Little bastard!!!"

The irritable old man Fang jumped out first, pointing at his nose and cursing: "What did you **** do?! To be so rude to Master Mao, really, really! Cough cough cough!"

After speaking, he coughed again with anger.

Everyone in the Fang family respects this master Mao who can fortune and see Feng Shui!

Except for Fang Xue, everyone else also glared at Li Yun.

"Master Fang, don't worry."

Li Yun smiled faintly, holding up a vase placed in the corner with his hand. This thing often appears in rich people's homes, usually placed in the hallway or in the living room with a pair of large vases, implying safety.

Bottle, Tongping.

Li Yun took out the flowers in the vase and turned the bottle upside down. Suddenly, a small piece of dark wood rolled out of it.

"what is this?!"

Father Fang's anger came and went quickly, and now he stared at Li Yun with a pair of bull's eyes.

"What is this, you have to ask our Master Mao!"

Li Yun's tone was indifferent, and everyone looked at Mao Tianliang who was sitting on the ground. Just now, he should have put the wood in the bottle, but Li Yun caught him!

"Humph."

Master Mao gave a cold snort, stood up calmly, patted the dust on his body, narrowed his eyes, and said, "I am a Feng Shui Mister."

Meaning, this thing is used to determine Feng Shui!

"This is called Tibetan Caimu."

Master Mao explained: "As you can tell from the name, this wood can never see people. As a result!" He glared at Li Yun, "You kid stubbornly come out and get my treasure wood out. It's all right now. , The fortune is leaked, and your family will soon be unlucky!"

Chapter 670: Black as white

Fortune was leaked? !

These words changed the expressions of both Father Fang and Grandma Fang. The older generations were very superstitious about this. The first two were combined, and the one hundred and five-year-old elders immediately became impatient when they heard this.

At the same time, he gave Li Yun a fierce look.

"Master Mao!"

The old man Fang had completely lost his violent temper, and said with a smile: "Look...how can I save it? Put the Tibetan wood back again, okay?"

"put it back?"

Master Mao yin and yang stroked his sleeves strangely, and snorted coldly: "Hiding your wealth, how can you hide things that you see? You must not hide it. Your family's wealth will soon be lost, and the whole family can only live on the streets! "

What he said was extremely alarmist, even Fang Huyu and Fang's mother, who were not convinced, showed a hint of anxiety at this moment.

"It's you kid who made the ghost!" Father Fang yelled.

For a time, both generations of the Fang family stared at Li Yun!

"Oh, seriously, I admire you."

Li Yun's tone was flat, patted Master Mao on the shoulder, shaking his whole body with fright, and recalled the pain of being pinched by Li Yun's wrist.

"It's really high to be able to turn black into white, and to turn white into black!"

Li Yun really admired him, he deserves to be Mr. Feng Shui, one mouth can tell the dead alive.

"Humph!" Master Mao calmly took a step away from Li Yun, and sneered: "The ignorant is fearless. If that's the case, then I'll say goodbye!"

After all, he is about to leave here.

Of course, Father Fang would definitely not agree, and he hurriedly stepped forward to hold him, and after some kind persuasion, he finally left Master Mao.

"Boy!"

Father Fang persuaded Master Mao to stop and shouted angrily at Li Yun: "I will give you two ways, one, apologize to Master Mao and compensate him for the loss, and second, get out of our Fang family!!!"

Fang Xue's face turned white with fear, and she looked at Li Yun with a worried look.

"Ding, trigger the option event, please choose from the host:

Option 1: Apologize, reward skills: be stubborn and respectful.

Option 2: Get out of Fang's house, reward skill: Run away with your tail caught.

Option 3: I have a third option, and the reward is to be determined. "

To be determined? The cheating system is really good at playing!

Li Yun smiled and shook his head. The other man said, "No, I have a third choice. I want to slap Master Mao in the face!"

Slap in the face?

Hit the face of Master Mao? !

Everyone was taken aback, this kid was too arrogant, right? Even now, dare to say such a thing!

Before they could react, Li Yun said to himself: "Generally speaking, in the study of Feng Shui, the vase in the living room has three functions. The third lies in putting flowers and clean water in the vase."

With that said, Li Yun picked up the flowers that were originally placed in the vase. There was no water in them. These flowers were replaced by the servants.

When Master Mao heard this, his face suddenly changed.

This kid is also a knowledgeable person!

"Flowers and water purification symbolize the jade bottle and nectar water in Guanshiyin's hands, which can promote the prosperity of the family's wealth and continuous flow."

"Master Mao, am I right?"

Li Yun smiled and looked at Mao Tianliang. The latter's face was completely darkened, and everyone's expressions were weird. How could Li Yun know how to use Feng Shui?

"Hmph, some superficial knowledge, everyone who has learned it will understand!"

Master Mao began to be vague, Li Yun didn't take it seriously, and continued: "But you are putting a piece of black wood in a bottle that symbolizes wealth and prosperity. Excuse me, what is your intention?"
