

## Godly Choice 671

Chapter 671: No one wants to leave

black wood?

Everyone's eyes were once again attracted by the black wood. To be honest, the black wood gave people a very bad impression. It was pitch black and water chestnuts were distinct. It looked like a gavel used by the ancient county grandfather. It slammed it down. Can give people a great shock.

"The flower is alive, and the water is alive, but the black wood is dead!"

Li Yun sandwiched the piece of wood with his index finger and middle finger, and looked sharply at Mao Tianliang: "Dead wood absorbs vitality, allows flowers to wither, living water becomes dead, and absorbs wealth in a disguised form. Master Mao, what on earth do you intend to do!?"

The situation turned sharply, and a drop of cold sweat appeared on Master Mao's forehead.

What he just called the Tibetan wealth tree is nonsense, and Li Yun is also talking nonsense now, but this has already shown that it is also based on Feng Shui for food, and it is probably a disciple of a famous Feng Shui master!

As the so-called colleagues are enemies, under the premise that Li Yun can also be very nonsense, Master Mao actually feels that he can't beat him!

"Master Mao, why don't you speak anymore?"

Li Yun smiled slightly, "I'm waiting for you to explain how this black wood recruits wealth, so that my juniors can also open their eyes."

Master Mao's eyes narrowed slightly, "Do you know what a treasure tree is? Humph, you don't understand after I said it, please go back and ask your Master!"

"Oh, that's fine."

Li Yun nodded and took out his mobile phone and said, "I happen to have a chat group with Mr. Feng Shui. I will post this wooden breakthrough to see what they say."

Master Mao was taken aback, and hurried forward: "Return it to me! This thing is not something you can touch!"

He leaned on crutches, but still ran so fast, which was breathtaking.

Li Yun threw the hidden wealth wood to Fang Xue, and Master Mao turned to grab it again. Fang Xue was a little at a loss. Li Yun smiled and said, "Xiaoxue, give it to me."

"Ah, good!"

The two of them threw the treasure wood back and forth as if they were passing basketball. Master Mao was exhausted, panting, his old face was wrinkled and trembled with anger.

Father Fang was completely dumbfounded, what is going on? !

"Fuck, \*\*\*\* stuff!!"

Master Mao finally stopped, breathless, and almost collapsed to the ground with exhaustion.

Knowing that he couldn't get it back from Li Yun, Master Mao's face fell completely black: "Okay, okay, okay, I remember your Fang family!"

After speaking, turn around and leave.

Father Fang hurried forward, but it seemed that neither persuading nor not persuading him.

Who won the game just now? !

"Ding, the host makes the third choice, reward experience value +330,000, all attributes +348, blue gift bag\*1, extra bonus skill: advanced basketball."

What is the high-level basketball?

Li Yun twitched the corners of his mouth. It seemed that he had played too much, and the system couldn't stand it anymore.

"Smelly boy!" Father Fang didn't know what he had said to Master Mao, and turned his head and cursed: "Hurry up and return the hidden wealth...this black wood to Master Mao!"

From Zangcaimu to Blackwood, we can see what kind of changes Father Fang has experienced.

"Give it to me quickly!" Master Mao said with a cold face, "I will deal with you in a few days and lock your family's wealth again, but first of all, you don't know how to respect the elderly. The kid is going to disappear in front of me!"

The two generations of the Fang family were obviously relieved.

Rather than believing it is there, and not believing it is not, the prestige established by Master Mao in the past is still there.

"No, none of you three want to leave today!"

What Li Yun said coldly made everyone in the villa stunned again.

It's fine to slap in the face, but still not letting Master Mao and Zhou Kangwei and his son leave?

Chapter 672: The future hostess of the Fang family

Master Mao was furious, and his hand on crutches kept trembling, as if he was about to pick up the crutches and hit people at any time.

"Hmph, I want to go, see who can stop me!"

Master Mao completely turned his face away, shook off Father Fang, and strode forward.

Zhou Kangwei had a bad premonition in his heart. When he contacted Fang Xue to take his bodyguard to his villa, the feeling of bad feeling grew stronger and he couldn't help but keep up with Father Fang.

"Hurry up." He whispered to Zhou Xianming.

"I said, no one is allowed to leave!"

Li Yun spoke lightly, looking at his real girlfriend, Fang Xue immediately understood, stretched out her tender fingers, pointed at Master Mao, and shouted coldly, "Bodyguard, stop them for me. Without me, none of them are allowed to leave.!"

The bodyguard standing guard at the door immediately blocked the three people's way, but there was a puzzled expression on their faces.

Of course they know Zhou Kangwei, so now they are wondering why the young lady gave such an order.

"Naughty!!!"

Father Fang's voice became louder again, and his anger was not light: "Xiaoxue, how does your dad usually teach you? How do you treat seniors with this attitude?! You guys, let me go! I personally send Master Mao away! "

Of course, the bodyguard also knew about Father Fang, so he was also prepared to give way, but Fang Xue said stubbornly: "No, grandpa, you can't let them go! Li Yun must be right, I believe him!"

"Xiaoxue, you!" Father Fang was shocked by his granddaughter, this girl was fascinated by Li Yun!

"Fang Long!"

Master Mao directly called out the name of Father Fang, blowing his beard and staring: "Look at the granddaughter you taught, okay, the Fang family has worked hard for several generations to stand firm in Longyang County, but I think your Fang family's The luck is coming to an end!"

Grandma Fang suddenly became anxious: "Xiaoxue, don't you let them go!"

"Don't let go!"

Fang Xue is very stubborn. She is the helm of the Fang family in the future. She was taught to be extremely independent by her parents since she was a child. She has her own opinions. She believes in Li Yun just like she believes in herself!

The form becomes weird.

The future hostess will not let go, but Father Fang and Grandma Fang insist on letting Father Fang go. Then, the only decision that can be made is the current Patriarch of the Fang family, Fang Huyu!

"This this....."

Fang Huyu had a big head, and said vaguely: "I think it's better for everyone to sit down and talk slowly. There must be some misunderstanding in this."

It means, don't let go!

Master Mao's eyes flashed with horror. Just as he was about to put on a stern threat, Li Yun finally spoke.

"Actually, there is no misunderstanding."

Li Yun smiled slightly. The reason he didn't open his mouth was because he wanted to see what Fang Xue's status was in the family.

Facts have proved that her parents respected her choice, and Fang Xue was able to stand up instead of being indecisive.

This is very good, very good, Li Yun likes her more and more.

Giving Fang Xue a soothing look, Li Yun said slowly: "Did you forget that you had a nightmare last night?"

Suddenly, the atmosphere changed again.

Father Fang froze with excitement, and glanced at Master Mao suspiciously. Could it be him?

Grandma Fang frowned, and no longer insisted that Xiaoxue let people go.

Several bodyguards were taken aback, and the body blocking the door became much firmer.

Until the matter is clear, they must not let these three people leave!

"Li Yun, what do you mean?"

Mother Fang asked cautiously.

Chapter 673: Courageous

Everyone looked over, and Li Yun clearly saw that Master Mao was indifferent to this, and seemed to have no idea about the nightmare.

"I mean very simple."

Li Yun held the black wood in the palm of his hand and showed it to everyone: "The reason for your nightmare is probably because of this wood. It is not a wood for wealth at all. On the contrary, it is an evil wood! A curse with evil energy. Shushu!"

Evil wood!

Everyone in the Fang family was taken aback, their faces looked at the black wood with horror, and they didn't know if they should believe it or not.

"Inexplicably, what evil wood, what incantation wood?"

Master Mao lowered his face, "What are you talking about? Have a nightmare?"

"Yes, that's it." Father Fang squeezed a smile on his face and explained to him the strange things that his precious granddaughter had encountered.

After listening, Master Mao sneered: "I have a collective nightmare, and the suspicion is on my head? Ha ha, good Fang Long, if you want to slander me, just say it straight, no need to slander!"

"That's right!" Zhou Kangwei also helped Master Mao speak: "I have had nightmares recently, but have I blamed others? No, absolutely not! I am not that kind of person, Zhou Kangwei!"

"It's so unreasonable to make trouble!" Zhou Xianming looked at Li Yun and said sarcastically, "Tell me, even if this piece of wood can bring a nightmare, but Master Mao brought the wood today, but you had the nightmare last night. And what happened the other day, how do you explain this?"

Fang Huyu was taken aback, indeed.

Faced with the questioning eyes of everyone, Li Yun smiled and said: "Zhou Kangwei, you also have nightmares? You also reminded me, how many people have nightmares in this villa area?"

Zhou Kangwei and Master Mao's expressions changed immediately, their eyes suddenly widened, making everyone present see the problem!

"It seems that you are not brave enough."

Li Yun's voice became indifferent, "Mao Tianliang, did you put this wood in someone else's house? Say!"

With a stern shout, the spirit of spirit pressed against Master Mao fiercely, and he was so frightened that his legs were soft, and he fell directly to the ground, his face pale.

"I, I, I don't..."

"Dare to quibble!"

Li Yun raised his eyebrows and turned to Huyu and said, "Uncle, send someone to investigate and see if people around you have nightmares these days!"

"Okay! Just do what you said Li Yun!"

Fang Huyu didn't talk too much nonsense, and immediately sent a servant and some bodyguards to each house to inquire.

At this time, a servant stood up and glanced at Zhou Kangwei hesitantly. Huyu told him, "Master, I recently chatted with some of my friends, and they are also working in the villa area."

"What did you talk about?"

"A person mentioned by chance that Mr. Zhou had visited his wife, but there was only a wife at the time, so he rejected him.

Unexpectedly, Mr. Zhou would visit again the next day. "

Fang's mother was surprised, Zhou Kangwei also came to ask to see her!

"It's even stranger." The servant continued: "Some of my friends said that in the past two weeks, Mr. Zhou also visited..."

Zhou Kangwei showed a hideous and distorted expression, and suddenly said to his son: "Run."

After all, I just ran and ran so fast that I couldn't respond completely.

He couldn't help but not run, because this black wood was sent to those people's homes by him and Master Mao himself!

One does not fall!

The entire imperial court villa complex, more than a hundred families, all gave this evil wood! !

"Zhou Kangwei, stop for me!!"

Chapter 674: Dead pigs are not afraid of boiling water

When everyone saw Zhou Kangwei and his son running away desperately, how could they not understand?

Therefore, everyone shouted loudly, but no one caught up with the two father and son.

Sudden.

A black stream of light flashed, everyone's eyes flashed, and then they heard two consecutive screams, Zhou Kangwei and his son were hit in both legs by the black wood, and the two fell to the ground almost at the same time!

"Okay, so accurate!"

Fang Xue was stunned and couldn't help looking at Li Yun's hand. How did he manage to hit two of them with a piece of wood?

Li Yun shrugged, "Add a little bit of zeal and control its rebound. Xiaoxue, you can also have zeal in the future, don't worry."

"Hehe, okay~" Fang Xue took Li Yun's wrist and gave him a sweet smile.

She has been taking the pill given to her by Li Yun recently, and her body has indeed improved a lot, her skin is more supple and smooth, she wakes up in the morning for exercise, and ran two laps in the villa without panting.

The two bodyguards hurried forward to bring Zhou Kangwei and his son back. Father Fang took a closer look and saw that Zhou Xianming's calf was swollen, and he almost broke his leg when he was beaten by Black Wood.

"The acquired warrior!"

When Father Fang looked at Li Yun again, there was a hint of appreciation.

Being able to become an acquired warrior at the age of eighteen, and opening a company with a valuation of 50 billion yuan, has proved that Li Yun is extremely good!

The only pity is that this kid pedals two boats, or even more boats, his granddaughter can't suffer this kind of grievance!

Li Yun asked calmly: "You three, tell me what's going on?"

Master Mao was silent, and Zhou Kangwei and his son were in cold sweat now, unable to speak.

Fang Huyu originally had some pitiful old friends, but when he thought that he was uneasy and kind enough to put this black wood in his house, he couldn't help but get angry, and he didn't call a doctor. Let them hurt!

"If you don't tell me, I probably guessed it."

Li Yun motioned for the bodyguard to pick up the piece of wood. The powerful bodyguard with Kong Wu hesitated, his eyes were a little scared, until Li Yun smiled and said that the wood was harmless, he walked over to retrieve the black wood and quickly took it back. Handed over to Li Yun.

I can't help but not be afraid of bodyguards. This thing can make people have nightmares, which is not a good thing at first sight.

"Presumably someone gave you these pieces of wood and asked you to put them in someone else's house, right?"

Li Yun held the black wood and carefully observed its texture. In places invisible to the eyes, he could feel the slight fluctuations in the wood.

If you don't have spiritual thoughts, you won't be able to detect the abnormality of this black wood!

"you guessed wrong!"

Master Mao finally spoke, his eyes flickering, and said: "I admit that these woods are not called Zang Cai Mu, but Ju Cai Mu. I asked Zhou Kangwei to put it in each house for the purpose of capturing you rich people. Wealth has made Zhou Kangwei and I become prosperous."

"you!"

Zhou Kangwei was betrayed consciously, and his whole body was trembling with anger and pain.

Father Fang became excited again: "Mao Tianliang, fortunately, you are still the most famous Fengshui master in Longyang County, and you did such a thing!"

"No way, you have so many rich people. I have been dealing with you all the time, and it is inevitable that I am jealous. Besides, you have so much money, what happened to me?"

"You are shameless!"

"Hmph, whatever you say, you have to fight or punish, whatever you want!"

Master Mao looked like a dead pig was not afraid of boiling water. Li Yun sneered: "I'm afraid it's not a tree of wealth, right? It's a mouthful, even Father Fang was abducted into the ditch by you."

Father Fang: "..."

Does he want face?

Chapter 675: The anger of the rich

Master Mao lowered his face, "I'm telling the truth. The only function of this wood is this. As for the nightmare you are talking about, it has nothing to do with me!"

Li Yun raised his eyebrows, just about to intimidate a few words, a person hurriedly ran outside the villa.

It was the bodyguard sent by Fang Huyu to question.

"Old, sir, I've made it clear!" The bodyguard looked panicked and hurriedly said, "The nearby Zhang and Li houses, one was three days ago, the other was last night, they all had nightmares collectively!"

Everyone was shocked.

Grandma Fang was anxious and shouted to Master Mao, "What the \*\*\*\* is going on? Mao Tianliang, if you can't tell why, I won't let you get out of the Fang family!"

Master Mao managed to squeeze a smile, so stiff, he couldn't find any excuses to refuse.

Before long, there was a noise in the distance.

"Zhang Fan, have you had a nightmare too?"

"Yeah, I have been troubled by nightmares for the past few days, but I can't remember the things in my dreams when I wake up. I thought I was under too much pressure recently!"

"What's the situation? Hey, Fang's bodyguard, did you find something?!"

"Everyone, please come with me, my master caught the culprit!"

"What? The cause of the nightmare is Master Mao?! Speaking of which, it was indeed that after he visited my house, I started to have nightmares."

"Yes, yes, so do I!"

"Master Mao is playing tricks behind his back?"

"What about others?"

A group of rich people, with some family members watching the excitement, plus some of their bodyguards, as many as twenty or thirty people all came to Fang's villa together.

Moreover, the news spread to the chat group. Suddenly, the collective nightmare was completely detonated, and the owners in the Huangting Villa community came out to tell their own affairs.

As a result, more tycoons, with their bodyguards, came to Fang's house aggressively, wanting to get back an argument!

"Master Mao, are you kidding me?!"

"Okay! I said that you are a feng shui watcher, why came to visit me suddenly? It turned out to be to put some black wood on it! Want to quibble? Your black wood was found by my subordinates. I don't know what it is, so I didn't throw it away!"

"Master Mao, did you let Zhou Kangwei's crippling man also put black wood in my house?! I'm Cao You Dao!"

"Don't call him a master, this guy's real name is Mao Tianliang, my grandfather always saw him not pleasing to his eyes!"

"Mao Tianliang, tell me, is our nightmare related to you?! Can't tell why, I asked the bodyguard to kill you!"

"Having a nightmare... will life be short? My grandma can't eat well and sleep well recently, I blame this Master Mao!"

"Where is Zhou Kangwei? Get out and get beaten!"

A group of wealthy people quickly filled the lobby of Fang's villa, and everyone was clamoring, and Li Yun quickly came up with a summary of the information.

Since half a month ago, Master Mao and Zhou Kangwei have been visiting all the households in the imperial court villa complex, putting a piece of black wood in various places.

Vase, utility room, under the sofa, in the soil, in the garden, behind the wall, etc.

After the release, the family began to have nightmares, but not all of them had nightmares in one night, nor did they have nightmares every night.

Generally speaking, the nightmare is intermittent, and it is suspected that it is my own problem, and I will not think of others.

It wasn't until the nightmare was broken and everyone connected things together that it suddenly became aware of it!

"Everyone!"

Li Yun stood up and said in a deep voice, "My name is Li Yun, and I am Fang Xue's boyfriend. I first noticed something unusual about Master Mao."

There was a commotion in the crowd.

Chapter 676: Zhu Dayu

Li Yun continued: "There are two important things now. First, find out all the black woods in your home and bring them to me. I can find the real culprit behind the scenes.

Second, interrogate Zhou Kangwei, Mao Tianliang and others, who they are, and why they put this black wood in your house, and for what purpose! "

Grandma Fang couldn't help but admire in her heart, the boyfriend her granddaughter was looking for was too good at speaking.

The first sentence first indicated that I was to find the hero of Master Mao, so that everyone would believe him, so as not to be suspected of being a Mao Tou boy interjecting indiscriminately.

In the second sentence, clearly list two things, so that the chaotic crowd can find what to do next.

Sure enough, although the wealthy people doubted Li Yun's ability, they immediately called home and asked people to dig through the boxes and search the hidden black wood.

"Master Mao."

Taking advantage of this time, Li Yun turned to look at him, and said calmly: "What else can you say now?"

One is a coincidence, and two can also be a coincidence, but as many as 20 or 30 households have had nightmares for a few days after being visited by Master Mao and Zhou Kangwei. This is definitely not a coincidence!

Mao Tianliang sat in a chair, watched by hundreds of people, without saying a word.

"Grass!"

A vicious man with a big waist and a round waist and long sleeves was forced to wear short sleeves. He looked extremely strong and annoyed. He kicked the wooden chair of Master Mao to pieces. Master Mao didn't check it, and just sat down. On the ground, he looked extremely embarrassed.

"Damn, dare to pretend to be forceful in front of Lao Tzu!"

The vicious man slapped it again, hitting Master Mao, using his \*\*\*\* as a fulcrum, and turning around on the spot, suddenly his nose and face were swollen.

There were more than one hundred people present, none of them stood up to speak for Master Mao, they all applauded!

Fang Xue used her tender white hand to cover her Yanhong mouth and snickered, and explained to Li Yun in a low voice: "This person is called Dayu Zhu. He used to be a gangster...the way he was, and now he opened many discos and bars with a lot of thugs ."

Li Yun nodded, and seeing Dayou Zhu raised his hand again, he stopped him and said, "Okay, don't fight!"

Zhu Dayou turned his head and glared at Li Yun, cursing: "You little \*\*\*\* dare to take care of me? Believe it or not, I even beat you!?"

"Haha, don't believe me."

Li Yun's eyes turned cold, and he said indifferently: "Your name is Dayou Zhu, right? If I hear another curse from your mouth, be careful I want you to look good! Get out of me!"

Zhu Dayou was furious, and was about to come forward to give Li Yun a fist, and a voice came from outside the door: "Boss, I found it!"

One of his little brothers hurried in with a piece of black wood, spitting wildly and said: "I asked someone to dig the ground three feet, and finally found this thing in the garden, grass! The thief is insidious!"

Li Yun ignored him and walked up to Master Mao to look at him. Fortunately, the old man was not beaten to death and his body was fairly strong.

"Master Mao, you have seen it too, now you can honestly tell the people behind the scenes, so as not to suffer from the flesh and blood!"

Master Mao looked depressed, but gritted his teeth and said nothing.

Li Yun was helpless. This guy wanted to use some small means to persecute him, but he was afraid that he could not bear it and just hang up, so there was really no way he could do it.

"Huh, trash!"

Zhu Dayou snorted coldly, and when he saw someone else bring the black wood, he rolled his eyes and shouted: "Bring the black wood over to me, don't give it to this kid!"

The rich and powerful also knew his details, and did not dare to offend him casually, so they gave the black wood they found to Dayou Zhu.

Chapter 677: act recklessly

In the end, there were more than 100 households in the Huangting Villa community, and more than 80 pieces of black wood were found. The rest were either no one was at home, or they were hidden away and could not be found for a while.

Zhu Dayou glanced at Li Yun triumphantly, and shouted to Master Mao: "Now what do you have to say? Old man, quickly tell the origin and function of these things, otherwise, Lao Tzu will blow you up!"

Master Mao groaned, but remained silent.

As for Zhou Kangwei and his son, they were terrified by many wealthy men and their bodyguards a long time ago, and they kept saying that they didn't know, it was all Master Mao who instructed them to do it.

Li Yun frowned slightly and glanced at the pile of black wood.

More than 80 pieces of black lacquered wood were piled together to form a hill. The black wood seemed to absorb the noon sun. There was no reflection of light, which was very strange.

"Li Yun, did you find anything?" Fang Xue asked softly. This hill of black woods gave her a very bad feeling.

"Not yet, but..."

Li Yun's eyes have also been staring at the pile of black wood, and his divine consciousness can vaguely feel an inexplicable force surging.

The rich are still clamoring. Some people suggested burning a fire, others suggested calling the police and letting the police handle it, but more people objected, saying that the police would not believe it, let alone how to deal with this collective nightmare. thing.

"Then you tell me what to do!"

"We don't even know what it is now, there is nothing we can do about it!"

"I think this thing has something to do with Maoshan Taoism. Is it the Jianghu school?"

"Impossible, as an acquired master, the old man has never heard of anything that can make people have nightmares!"

The rich are arguing, the bodyguards are also whispering to each other, and there are a few warriors who are cultivated in the acquired realm, and they are also helpless.

"Boy, what do you want to do?!"

Zhu Dayou stopped Li Yun's move to move forward, and grabbed forward with his big hand, trying to push Li Yun away.

But Zhu Dayu was surprised to find that Li Yun's body was like a steel plate, hard and firm, not what he could push!

"Oh, the kid is capable!"

Zhu Dayu was not convinced. He gritted his teeth and used the strength of a breastfeeding, but he could not push Li Yun away. Instead, Li Yun gave a slight shock. Zhu Dayu was like being hit by a car. He kicked back. A few steps, sitting on the pile of black wood.

There was a crash, and the wood was scattered all over the floor.

"Tell you not to mess with me, why don't you just not listen?" Li Yun's tone was calm, looking at him condescendingly.

"You, you bastard, looking for death!"

Zhu Dayu was furious. He has been in Longyang County for many years. When did he feel this kind of anger? And the other party is still a little Wang Ba Lao who is under twenty years old!

"Come on to me, interrupt the two legs of this ratio first!"

Zhu Dayu yelled, and a group of his younger brothers suddenly jumped out, all holding sticks, looking at Li Yun fiercely.

Fang Xue suddenly became nervous, and was about to call the Fang's security guard to step forward, but seeing Li Yun's calm expression, she quickly calmed down and prepared to watch Li Yun's performance.

All the rich and powerful also looked good at the show. They saw that Li Yun and the Fang family had a very close relationship, so that the Fang family and Zhu Dayu had to fight each other. No matter which one was injured, they would be happy to see it.

"act recklessly."

Li Yun shook his head calmly, and was about to step forward and beat Zhu Dayu to let him know that society is sinister and life is difficult, but suddenly, he saw a weird scene.

Chapter 678: mutation

Hundreds of weird black auras escaped from the black wood. In an instant, powerful evil energy occupied Li Yun's entire field of vision. In Li Yun's divine consciousness, a small half of Fang's villa was instantly shrouded in shadows. .

"I live and die?!"

Zhu Dayu had a grim expression and cursed bitterly: "Little boy, I will interrupt your hands and feet and let you lie on the bed for a few months, grass! I..."

While cursing, he let his men hurriedly step forward and besiege, and take this kid down!

but.

Oddly, his men looked at him with horrified expressions, as if they saw some monsters, which was daunting.

"Grass, what are you idiots doing? Why do you look at me like this? I don't eat people!"

While talking, Zhu Dayou only felt that something had gotten into his body, and suddenly he trembled and stood up uncontrollably.

In Li Yun's vision of divine consciousness, the black aura that emerged from the black wood was all poured into Zhu Dayou's body, causing his body to undergo earth-shaking changes.

In the eyes of Fang Xue and Zhu Dayou's Ma Zi, what they saw was Zhu Dayou's body rising into the sky with black flames, like a human-shaped pillar of fire, black fireworks churning freely, like one Only crazy screaming ghosts shrouded everyone in the Fang family villa under a black atmosphere!

In April, the sun was violent at noon in May, but suddenly, the whole world became dark, the sun was blocked, and it was dark and cold, like a winter dusk!

"Woohoo!"

A sharp strange sound that seemed to be absent came to everyone's ears, Zhou Kangwei shivered, and looked at the stiff Zhu Dayou who stood up in disbelief.

"What, what?"

Master Mao's lips were white, struggling to escape, but found that his hands and feet were soft and weak, and his whole body was shaking with horror.

"Grass, grass, why are you looking at me like this?!"

Zhu Dayou's body shivered, and he yelled again. He wanted to move his hands, but found that he couldn't move anymore. The whole figure seemed to be sleepwalking, and his body was not under his control!

"My mother...hehehehe...yeah, it's...hehehehe, you guys...what the hell...die here!"

Two completely different voices came from Zhu Dayou's throat, one was his original voice, and the other was low and hoarse, as if hiding in a dark cave, staring resentfully at the evil corpses of the world, with a vicious tone. Speaking voice!

"Who? Who is in my body?!" Zhu Dayou was trembling with fright, but his body was extremely stiff.

The eyes of everyone were always red, Zhu Dayou's eyes flashed red, his hands hung down, and saliva dripped from his teeth, like a beast that chooses people and eats.

"My god, run away!"

Zhu Dayou's men dropped their weapons and fled. The rest of the rich and the bodyguards also dispersed in a rush. They fled to the distance and stopped trembling and looked at the few people in the field.

Li Yun, the trembling Master Mao, and the father and son Zhou Kangwei who were tied up.

Why not tie up Master Mao? Because at his age, he doesn't need to be tied!

"Li Yun..."

Fang Xue was dragged away by her mother, standing in the distance biting her lip and looking at Li Yun. She knew that Li Yun was very powerful, but could Li Yun overcome this monster beyond common sense?

"Heheho, you all, die!"

"Big brother, help!"

Zhu Dayou's mouth made two voices again, he wanted to cry without tears, if he could, he really wanted to faint.

Chapter 679: Brother help

When Zhu Dayou saw that everyone else was running away, Li Yun stood alone indifferently, where he didn't understand that this eldest brother was a capable person.

Therefore, in order to survive, Zhu Dayou can't wait to kneel for him!

But unfortunately, the body is no longer under his control!

"Big brother, please help my little brother... I kill you... no no, not what I said! Big brother, I was wrong, I was really wrong!"

Li Yun smiled faintly, his spiritual consciousness has already observed that those black qi has gradually spread to Zhu Dayou's forehead, and it must be a few seconds before Zhu Dayou will be completely controlled.

"Ding, trigger the option event, please choose from the host:

Choice 1: Ignore it, reward evil value +1000, skill: revenge if there is a grudge (passive, increase the damage to the enemy).

Option 2: Kill him with a single shot and reward evil value +5000.

Choice 3: Save the three of Zhu Dayou and solve these evils, reward justice value +500, all attributes +1000, experience value +500,000, purple gift bag\*1. "

"Roar!!!"

When the system prompted the event to be triggered, Zhu Dayou opened his mouth wide and let out a terrifying roar. The nearby Master Mao only felt a strong smell rushing over his face, as if Zhu Dayou hadn't brushed it since his birth until now. It's like a tooth, it smells inaudible, and it makes people want to faint!

Everyone in the distance was frightened. Zhu Dayou's body skyrocketed out of thin air, his muscles broke through his shirt, and a pair of blood-red eyes released light, choosing people to eat, and the black breath rose to the sky, and even the people on the road were shocked. Looked up.

"Damn! Run away!"

"It's over! The devil is born!"

"I\*! No wonder I have nightmares, such a scary thing hides in the black wood?"

"Escape, Longyang County can't stay, go to Zhonghai City, it's safe there!"

A group of wealthy men and bodyguards, as well as the maids who were watching from afar, and some of the second, third, and third, and so on of Jinwu Cangjiao, all were so scared that they ran away.

"Nine, Xiao, Heaven, Thunder!"

Li Yun took out a piece of golden rune paper, held it between his index finger and middle finger, and threw it high.

"Boom!"

There was a thunder in the sunny day, and everyone on the road in the distance saw only a blue thunder from a distance of 100 meters, and it fell right into the Huangting Villa complex.

Suddenly, all passers-by were stunned!

"I'm Cao? I'm blind?!"

"What's the situation? A hundred meters high lightning?"

"This unscientific!"

"There are immortal cultivators crossing the catastrophe! My mother, master, wait for me, the disciple will come! The disciple will also cultivate immortality!"

"Heavenly Tribulation? Big boss, big boss, can't provoke, can't provoke!"

In the villa complex, when the thunder rang out, the rich, the bodyguard servants, the second, the third, the second, the third, the minor, and the subordinates of Zhu Dayou, as well as the father and grandma of Fang, were all frightened, and more than half of them were directly frightened. After falling to the ground, it took a long time for her tinnitus to recover.

"Li Yun..."

The only thing unaffected was Fang Xue, who trusted Li Yun so much.

There was a bright light in her beautiful eyes, she looked at Li Yun in the thunder light in surprise, and muttered to herself, the heroic posture like a \*\*\*\* was deeply reflected in her mind.

Fang Huyu and Fang's mother were shocked for a long time, and it took a long time before they looked at each other.

"The husband Xiaoxue looked for..." Fang's mother's expression was extremely complicated. No wonder Li Yun was able to have confidence in interacting with several girls at the same time. It turned out that he was already beyond the realm of mortals!

Chapter 680: Brother, get the magical powers

The sky thunder fell and hit Dayou Zhu, who was inflated in a circle. He was like a balloon splitting, and the black energy from all over his body was vented. Zhu Dayou immediately returned to his normal body shape. He was scorched and exploded. , As if just coming out of a coal mine.

"Ha ha ha ha ha."

Zhu Dayou giggled. Li Yun thought he was not doing well and was about to give him another thunder. Zhu Dayou was taken aback and jumped up quickly: "Big brother, brother, I'm all right, you take away the magical powers!"

"...Go away, I'm not Sun Dasheng."

Li Yun scolded with a smile, confirming that all the evil spirits had been split, because the system had given rewards.

"Ding, the host made a choice and successfully rescued the three of Zhu Dayou, rewarding justice value +500, all attributes +1000, experience value +500,000, and purple gift bag\*1."

"Yes, yes, eldest brother tells me to get out, I'll get out immediately!"

Zhu Dayou was also a ruthless person. He rolled around on the spot, still showing a dogleg smile. Li Yun didn't bother to pay attention to him, turning his head to signal that Fang Xue could come over.

"Wow, husband~, you were so handsome just now, hehe~"

Fang Xue ran over to take Li Yun's arm. Under impulsiveness, she called Li Yun's husband directly, and she tiptoed up and kissed him on the cheek, showing how excited Fang Xue was.

"Fortunately, fortunately, generally handsome." Li Yun modestly said: "Your husband, I only made a three-point effort!"

After pretending to be forced to get your own girlfriend's initiative to offer kisses, this treatment is good!

Fang Huyu and the other two generations of the Fang family are now looking at each other, never daring to ask about their daughter's marriage anymore.

Their son-in-law and grandson-in-law are not mortals!

A group of wealthy people walked back timidly, their eyes looking at Li Yun were full of horror, and they didn't even dare to pant loudly.

Incidentally, they were all in awe of the other family, because Li Yun is the son-in-law of the Fang family, which is equivalent to a family!

"Master Mao."

Li Yun ignored them, and spoke to Mao Tianliang who was sitting on the ground and frightened in a flat tone: "Now you should talk about who instigated you to do this!"

"I, I!" Mao Tianli's lips trembled, and finally he cried out in a frustrated manner: "I said, I said all, sir, please forgive me!"

"Hmph, if you want to survive, it depends on your performance!"

Li Yun asked the bodyguards to take Mao Tianliang and Zhou Kangwei into the living room, preparing to interrogate them separately. Zhu Dayou rolled his eyes and quickly asked: "Big brother, how do I deal with these pieces of wood? I burned them all with a fire?!"

"Let it go first."

"Yes, just do what the eldest brother wants!"

Zhu Dayou completely turned into a mud-legged man, madly trying to curry favor with Li Yun.

"Ding, the host made a choice to find the reason why everyone had a nightmare, rewarded experience value +800,000, all attributes +1200, purple gift bag\*2, extra reward: get the Fang family's awe, the harem achievement is achieved!"

Harem achievement?

Li Yun twitched, ignoring it.

Although he was secretly refreshed, after all, hugging left and right is the dream of all men, but he felt sorry for Fang Xue, Liu Xianxian, Gong Qingyu, and Xia Feiyao. With contradictions in his heart, Li Yun could only treat them well in the future. Some, make up for the debt.

"What's the matter?" Fang Xue saw Li Yun look over, and gave him a sweet smile. Li Yun was very moved by the admiration in his eyes.

"It's nothing, by the way, Xiaoxue, wait for me to give you something to make sure you like it!"
