

Godly Choice 681

Chapter 681: Ins and outs

"Okay, hee hee, don't talk about this now, let's examine Mao Tian and measure them to see who is so vicious that makes us collectively have nightmares!"

Fang Xue said vigorously.

To have such a good and powerful boyfriend as Li Yun, she is to be proud of!

Behind her, her parents, and grandparents, the four of them looked at each other, did not follow up for interrogation, but discussed some things outside, some things related to Li Yun and Fang Xue.

Entering the small living room, Li Yun sat in the main seat, Fang Xue accompanied him, and three people stood in front of him. Zhou Kangwei and his son were also untied, but the two of them had no courage to escape, and they did not even dare to look at Li Yun. .

The sky thunder that exploded in the ears shocked their guts!

"Let's start talking."

Li Yun took a sip of tea indifferently and ordered.

The three of them didn't dare to neglect, they rushed to tell all the things, for fear that they would slow down, the young man in front of them was a thunder with a spell!

It turned out that the course of the matter was also very simple.

Half a month ago, a person who was said to be the fourth elder of Feihumen found Mao Tianliang, lured him to join Feihumen, and took out a stick, demonstrating a power beyond common sense.

Mao Tianliang was extremely shocked by this, and after learning that this kind of power could extend his life, he agreed without much consideration.

As a result, Mao Tianliang obtained hundreds of these black woods, and put them into the imperial villa community according to the instructions of the other party.

Zhou Kangwei was eager to restore his family's status, so Mao Tianliang used Feihumen as a bait and also worked for him.

"What kind of stick?"

Fang Xue was a little confused when he heard it, but Li Yun had roughly guessed it.

"It looks like a club, one meter long, with runes engraved on it, and when it is waved, you can vaguely hear the scream of a whining ghost, which scared me enough!"

Mao Tianliang looked scared, and Li Yun laughed mockingly: "You are frightened and you are still working for him?"

Suddenly, Mao Tianliang showed an awkward expression, and he said, "I saw this legendary qi trainer for the first time. I thought it might be similar to some feng shui formations recorded in the book. You know feng shui too, you must know ancient books. It is recorded that the combination of

feng shui and the formation can form the effect of the heaven and the blessed earth, and people can live longer and live longer by staying in it, so..."

"Dong Tian Fu Di? Maybe there are, but it can't be done by Feng Shui!"

Li Yun knows the science of formations, and naturally knows that only by using advanced formations to lock the spiritual energy of the heavens and the earth, can it be possible to form an immortal treasure land suitable for cultivation.

Mao Tianliang was embarrassed again, "Yes, sir, what you learned!"

"Nothing else?" Li Yun asked again.

The three shook their heads together.

"Ding, the host makes a choice, the investigation of Master Mao is completed, the reward experience value is +500,000, the purple gift bag*1, and the additional reward of Feng Shui knowledge is promoted to the **** level."

"Okay, I won't make it difficult for you."

The three of them were about to breathe a sigh of relief, and Li Yun said again: "Mao Tianliang, I told you before, don't participate in events you don't understand, otherwise, you will die without a place to be buried! You are human!"

Mao Tianliang's face turned pale, and Li Yun smiled: "If you complete the task okay, you may get some rewards, but if things go wrong, hehe, I'm afraid you will live forever."

"eternal life?"

"Zombies, ghosts, stitchers, walking corpses, isn't this immortality?" Li Yun teased with a smile.

"What? Zombie?!"

Mao Tian weighed his legs soft, and sat down on the ground, shaking with fright.

Immediately afterwards, he knelt on the ground with his legs and crawled towards Li Yun and shouted.

"Who!? Stop!"

Chapter 682: Fairy

When Mao Tianliang was calling for help, a loud shout came from outside the door, and Li Yun heard a gasp in front of the villa.

Everyone seemed to see something terrifying, and everyone was so frightened that they didn't dare to breathe, for fear of shocking each other.

"what happened?"

Li Yun quickly stood up and walked out, Fang Xue followed closely. The remaining Mao Tianliang and the three of them shrank into a ball, thinking that it was the people from Feihumen who came to trouble them.

Walking out of the living room and coming to the door of the villa, Li Yun saw Zhu Dayu and the others staring blankly in front of them, as if being held down by a fixation technique.

The bodyguards, servants, and some wealthy people who did not leave, all looked forward in shock, watching the peerless figure slowly walking by.

"Um?"

When Li Yun saw her, he couldn't help being stunned, what a beautiful woman.

Perfect face, tall figure, transcendent, cold and immortal temperament; ice muscle and jade bone, fairy spirit fluttering.

A pure white and elegant long dress, thick black hair hanging down her waist, perfect facial features, without a trace of expression, she only looked at the crowd with a pair of cold eyes, and then set her gaze on the pile of black wood.

"Miss, it turns out that the evil spirit is here!"

Next to the fairy is a seventeen or eighteen-year-old maid, wearing a light blue skirt, holding a sword in her hand, her small face is excited, and she looks very lively and cute.

If you give this maid's appearance a separate evaluation, everyone will give at least eight or nine points, definitely not losing to any female celebrity, but beside the cold and holy fairy, this maid's light is completely obscured. And can't see her.

Just like the nine-day fairy and the secular beauty, the two can't be compared at all!

"Beauty! Great beauty! Super beauty!!!"

With a strange cry, Zhu Dayou slammed his hands away, rushing over with a look of Brother Pig, about to put on a posture that he thought he was heroic and handsome, the next moment.

boom!

The maid in a pale blue skirt raised her eyebrows, unceremoniously swinging the long sword, and using the hilt to give Dayou Zhu a scream, the big-waisted man screamed, his body like a shrimp Fly out.

"Where are the mortals?!" The maid yelled, and pointed at the people with a long sword: "Don't leave quickly! Saint...Is this young lady accessible to mortals like you?!"

"Miss Saint? Saintess?"

Li Yun recovered from the shock that the cold and holy fairy gave him, because he was pinched on the waist by his girlfriend next to him.

Seeing the fairy Lian stepping lightly, walking to the black wood to check, Li Yun vaguely guessed something in his heart, took out the Silvin pistol from the inventory, and asked indifferently:

"Are you from the Hidden Sacred Valley?!"

Suddenly, the fairy finally turned to look at him, and the maid also showed a surprised expression, further confirming Li Yun's guess.

"Who are you?" The maid looked at Li Yun guardingly, and asked on behalf of her saintess, "What happened here?"

"Ding, trigger the option event, please choose from the host:

Option 1: Tell the truth truthfully, reward justice value +50, experience value +100,000, strength and wisdom +500, green gift bag*2, fan Qingsheng favorability +0.1.

Option 2: Conceal, no reward.

Option 3: Say that you are an accomplice of the Six Demon Gates and reward you with a green card from the prefecture. "

Holy Brahma!

Chapter 683: Ding, favorability 0:1

Li Yun finally confirmed the identity of the Sage Fanqing, he was indeed from the Hidden Sacred Valley, but he felt quite puzzled.

Before, he inexplicably got the 65-point favorability score of Fan Qingsheng, reaching the level of a friend, but now he only adds 0.1 favorability score?

There is also a saying of 0.1? !

"Say it!" Seeing Li Yun startled, the maid yelled again: "Are you a member of the magic door? Are these gloomy spells yours?!"

"... Are you asking people's attitude?"

Li Yun glanced at this maid speechlessly, this kind of condescending babble was very uncomfortable.

The maid didn't feel it, and gave Li Yun a contemptuous look: "If these pieces of wood are yours, I don't need to be polite with you and kill you with a single sword! If it's not yours, then you are a mortal, and mortal too Want to get close to us? Impossible!"

The faces of everyone were weird, and this high posture seemed to prove that the two of them were immortal cultivators with extraordinary powers!

Li Yun said angrily: "These woods were brought by the people from Feihumen. If you want to check, check them!"

According to Concubine Wan Qing, the hidden sacred valley and the six demon gates are mortal enemies, it is estimated that the hidden sacred valley finally realized something was wrong, and sent someone to investigate.

Li Yun is happy to see these two hidden cultivators fighting together, so he can fish in troubled waters and reap the benefits.

"Flying Tiger Gate?"

Sudden.

While the maid was puzzled, Sage Fanqing locked his icy sword-like eyes on a person in the distance, and said softly: "Qingzhu, let's go."

After all, the figure flashed, like a light milky white smoke, floating towards the distance.

Before everyone had time to react, they saw a middle-aged man fell softly to the ground, and then the cold and holy woman left with Qingzhu.

"died?"

"The fairy killed someone?"

"My Cao? Do you want to call the police?"

There was a lot of discussion about whether or not to call the police. After all, this fairy was not an ordinary person at first glance.

Li Yun frowned and walked over, checked the middle-aged man, and found that his body had been cold for at least 30 minutes.

"Li Yun, she killed someone...?"

Fang Xue was bewildered by a series of things, and now she saw another dead person, and she followed Li Yun in fright.

"No, this is just a corpse controlled by ."

"Huh?" Fang Xue was stunned. After thinking about it, she only felt a chill rise from her heels, and her whole body was shivering with cold.

"It's fine."

Li Yun gently hugged her waist and gave her the warmest support: "Zombies and female ghosts are not terrible. I am here with my husband, Xiaoxue don't be afraid!"

Fang Xue bit her lip, nodded after a long while, but looked a little worried.

How could Li Yun fail to see his girlfriend's worries, but now he can't comfort her and deal with the matter first.

"Brother Liao, are you there yet?"

"Not yet, it's coming soon, what's the situation?"

"A person was killed, and the police will come later. It is a little troublesome to explain."

"Don't worry, I have already called the bureau of Longyang County, they will cooperate with you, you let them block the scene first, wait until I arrive!"

"Row."

Li Yun still contacted Liao Hua to deal with these matters. In addition, Guo Xun went to search Mao Tianliang's home and confiscated all the remaining black wood, also called the gloomy wood of the spell.

Chapter 684: Girlfriend Becomes Fiancee (Part 1)

In the afternoon, after finishing his chores, Li Yun finally got a little free time to chat with Fang Xue and her family in the living room on the second floor of the villa.

"Li, Mr. Li."

Grandpa Fang looked at him cautiously, and Li Yun smiled helplessly: "Grandpa Fang, and uncle, you still call me Li Yun, in fact, I am not a cultivator, just accidentally gained some mysterious power. "

The mysterious power just explained the equipment and pill that Li Yun obtained from the system.

The two generations of the Fang family were obviously relieved. When they thought of their previous attitude towards Li Yun, they felt sincere and horrified.

Li Yun dropped a sky thunder, fearing that he would not be able to blow up Fang's villa directly!

In fact, they think too much. Tianlei is good at dealing with zombies, ghosts or evil practitioners, but the real power is probably a little more powerful than ordinary bombs.

It is true that Li Yun can freely control the injected energy and control the attack range of the sky thunder after he obtains his spiritual thoughts, which is better than bombs.

"Dad, mom, and grandparents."

Fang Xue giggled, and solemnly shook Li Yun's hand, and said to the four of them: "You treat Li Yun as your son-in-law and grandson-in-law. I will marry Li Yun in the future, no matter how many women he has. ."

Speaking of this, Fang Xue was obviously jealous. After squeezing Li Yun's hand to show punishment, she continued: "As long as Li Yun keeps me in his heart, take care of me, worry about me, love me, pet me, and me. Will always, always be by his side, become his...wife."

Such an affectionate confession was still in front of his family, Fang Xue's beautiful face flushed with shame.

Naturally, Li Yun would not be indifferent, and moved her little hand tightly, and said: "Fang Xue, I know I'm a little bit promiscuous, but I promise you will always be my first girlfriend and my first wife. As long as I breathe, I will never change my heart!"

"Well, I believe you, Li Yun."

Fang Xue nodded shyly. If her parents were not watching, she would definitely plunge into Li Yunqi to act like a baby.

The two generations of the Fang family were moved by their confession. After a long time, Fang Huyu said, "I hope Li Yun will treat my daughter well in the future. Don't forget my Xiaoxue because of the number of women!"

"No, father-in-law! I promise!"

Mother Fang glanced at her daughter worriedly, "Xiaoxue, have you really thought about it? What will happen to your future life? Have you really thought about it?"

"Um."

Fang Xue quickly replied: "Actually, some girls around Li Yun and I have also met. They are all very good people, Li Feng, princess, Su Muxin, Gong Qingyu, their personalities are very good, although a little jealous, but not too repulsive... Maybe it is because we all love this bad guy."

Fang Xue and Gong Qingyu never met, but inadvertently, Li Yun invited them to play mobile games together, which led to her also getting to know Gong Qingyu and Gong Lianyi.

Fang Huyu was a little startled, and glanced at his son-in-law enviously. So many girls are envious of men!

"Then have you ever thought about it in the future?" Fang's mother asked again.

"Yes, I have."

Fang Xue replied naturally: "I will definitely not be a housewife. I am the only daughter of the Fang family. After college, I will slowly take over the Fang family. Even if the villain Li Yun doesn't want me, I can continue to do it. Career, hum!"

"Ahem, my wife, you joked, why would I not want you."

"Huh~"

"That's good! It's our family!" Father Fang slapped his thigh and said excitedly: "In the future, Xiaoxue, you and Li Yun will have more children, let one of them be named Fang..."

"grandfather!!"

Chapter 685: Girlfriend Becomes Fiancee (Part 2)

Speaking of having a baby with Li Yun, Fang Xue's face blushed again. She thought of Li Feng's recording of her. The sound that Li Feng made in the middle of the night was really... ashamed.

Grandma Fang looked at Li Yun with a little question in her eyes.

"I have no opinion." Li Yun smiled slightly: "The child can have any surname. I actually don't care about this, really!"

In Li Yun's concept, men and women are equal, so children have the same surname as anyone else. They are all their own children. Why bother to stick to one surname?

As for the issue of worshipping the Ching Ming Festival after death, Li Yun was an orphan since he was a child, and his grandfather had no spare time to worship, so for Li Yun, Ching Ming Festival is an optional festival.

Besides, after a person dies, everything is gone, so why bother about the issue of worship?

The key is to live a wonderful life, not to worry about whether there are descendants to worship after death.

"it is good!"

Grandma Fang smiled on her wrinkled face and said, "Xiaoxue is in good health. She will give birth to at least two in the future, regardless of male or female. The first is named Li and the second is named Fang. What do you think of Li Yun? If so, let Xiaoxue give birth to a few more."

"Grandma!!" Fang Xuejiao groaned.

"Well, grandma won't say anything, I just mention it a little bit. The key lies in the decision of your couple, ha ha ha."

Li Yun knew that the older generation cared especially about this. Although Grandma Fang was married, she had already assumed the responsibility and concept of inheriting the Fang family. She felt that she must have the surname Fang and inherit the Fang family.

Li Yun estimated that his father-in-law didn't actually care very much, otherwise he wouldn't have only given birth to a daughter, Fang Xue.

"By the way, I have some gifts for Father Fang."

Li Yun took out a few pills, some of which were rewarded by the system, Father Fang limited edition, father-in-law's mother-in-law limited edition, small Pei Yuan Dan, Zhu Ji Dan, etc., and gave them to the Fang family. people.

"These pills can make my cough better?" The old man Fang widened his eyes, his body is old and sick, neither Chinese medicine nor Western medicine can cure him, and occasionally he can be particularly uncomfortable.

"Yes." Li Yun smiled slightly, "Regulate your body, make your two elders live for a hundred years, beautify your face and skin care, and make you younger and younger!"

Fang Xue spit out her little tongue and took her mother's arm to coquettishly said: "Mom, this is true. This medicine can really make the skin better. Didn't you ask me what cosmetics I use? Actually, it's Li Yun. Give me my medicine!"

"Make your skin better?"

Mother Fang was very surprised. After a woman was in grade, the most worrying thing about her face was that the skin became loose and wrinkled. I don't know how many women went for cosmetic injections of hyaluronic acid for beauty. It can be said that if Li Yun took out these pills early, she would be sure Immediately agree!

Grandma Fang is also very happy. Her husband has a bad temper and a bad liver. With this pill, there is no need to worry about the old man taking the first step.

The family, including the prospective son-in-law Li Yun, chatted happily for a while, and Fang Xue stood up and said that he wanted to chat with Li Yun alone.

"Ah right!"

Mother Fang stopped the two, her voice indifferent, as if she didn't care about it and said, "Remember to take safety measures. If you have it, don't kill it and get married!"

"Mom!! Why did you come here!!" Fang Xue was about to collapse.

"It's not to blame me, your dad met your grandpa and grandma, and it didn't take long for me to be pregnant with you."

"...I'm sorry, my wife!"

Fang Huyu was embarrassed, Li Yun didn't smile, nor did he smile, he was dragged away by Fang Xue.

Chapter 686: A promise with Xiaoxue

The two went up to the third floor and after entering Fang Xue's boudoir, Li Yun saw that his wife's face was still red.

Obviously, after obtaining the consent of her parents and family, it means that Li Yun can do whatever she wants. Intimacy is no longer limited to holding hands and kissing, but can do something further.

No wonder Fang Xue was so embarrassed that she blushed and didn't even dare to let Li Yun into her room.

After all, even if the two of them close the door now, no one will bother them, but Grandma Fang will be very happy, so that she can hug her grandson earlier.

"Well, it's not the time yet."

Li Yun took the initiative to hug Fang Xue, and when she exclaimed, he hugged her in and sat on a sofa.

This is Fang Xue's exclusive little world. Usually she will do homework here, surf the Internet, watch movies and listen to music, or lie on the sofa and chat with Li Yun.

This small area was the place where Fang Xue could feel at ease the most. Now that Li Yun was added, instead of destroying this sense of peace of mind, Fang Xue's heart was filled with sweetness.

"Isn't it time yet?" Fang Xue lay on Li Yun's chest and looked at him with anger. This villain must be thinking about something like that!

"Correct."

Li Yun smiled and scratched her little nose, "I still have some things to deal with. The six magic gates are not that simple. They have a lot of plots."

"what....."

Fang Xue struggled for a while, and asked in a lost tone: "Li Yun, am I very useless?"

"How could you say that?"

"Because the husband and wife used to advance and retreat together, but I can't help you in anything, I...too weak."

"Will not."

Li Yun knew that this was the reason why Fang Xue was unhappy before and told him alone.

Holding her soft little hand, Li Yun smiled and said: "Xiaoxue can love me when I have nothing, it is my blessing."

"Huh, that's because you didn't show your strength."

She thought Li Yun had always been great.

Li Yun kissed her smooth forehead, and Fang Xue obediently closed her eyes.

"No matter what, you will always be my fiancée Fang Xue. Besides, with me, you will become better in the future, so don't worry."

"real?"

"Of course. The day after tomorrow is not a problem."

After being comforted by Li Yun for a while, Fang Xue finally showed a happy smile and nodded Li Yun's forehead in an annoyed manner, and said: "Just now you saw that the fairy's eyes were different, do you want to pursue her again?"

"no."

Li Yun gave a wry smile, it seemed that his abusive behavior made Fang Xue very insecure.

But he promised that he would never take the initiative to pursue girls in the future!

For example, the anchor and star Bai Liwen he met when buying a house, he stayed away.

"Guaranteed not to actively pursue girls?" Fang Xue's eyebrows were bent into a beautiful crescent shape, "This is good, just do it, don't let you mess around!"

"I swear!"

Li Yun stretched out two fingers, but Fang Xue took the initiative to hold it, without swearing to him, and said softly: "Well, there is a **** who raises his head three feet, I don't want you to be bound by these, I believe you are enough... ..Moreover, I also chatted with Gong Qingyu and found that she was indeed chasing you, hehe."

Li Yun was moved in his heart and couldn't help holding her slender waist, and kissed the blushing little mouth.

For a long while.

Fang Xue weakly leaned on Li Yun, closing her eyes and said: "Bad guy, don't bully me anymore...Don't you still have to go to work?"

"Well, Xiaoxue, I will give you something."

Chapter 687: Open the bag again

Li Yun wanted to take out the space ring directly, but after thinking about it, the villa community is now exposed to the six magic gates. Although there are people who have been driven by Saint Fan Qing to spy on them, maybe those people will come back.

First, he had to ask Liao Hua to send someone to protect this place, and second, he had to leave Fang Xue with a magic weapon to deal with practitioners.

"I, Cao, realized that I was pretending too much!"

Li Yun rummaged through his inventory, and found that apart from the Silvin pistol and the Nine Heavens Thunder Talisman, there was actually no magic weapon, all of them were given away!

I gave Gong Qingyu, Gong Lianyi, Alice, Jin Liuli, etc., but even my real girlfriend had nothing to give away!

"what happened?"

Fang Xue tilted her head to look at him, her black hair slanted, her face was flushed, and she was particularly sultry.

"Nothing, wait, your husband will make a good thing for you!"

Li Yun gritted his teeth and opened all the gift bags on his body.

"Ding, get a bag of potato chips, a knife, and a power bank*1..."

"Ding, get a small building pill*1, a small detoxification pill*1..."

Open all the bags below the blue, nothing good was opened, Li Yun was depressed, and opened all the four purple gift bags.

"Ding, get a medium-sized building foundation pill*1 and a medium-sized peiyuan pill*1."

Suddenly, a golden light flashed in front of him, and Li Yun was immediately happy.

"Ding, congratulations to the host, get the golden grade equipment from the purple gift bag: Three Souls Necklace."

Li Yun ticked the corner of his mouth, what he really wanted, and the system was really awesome!

"Come on, open your hands."

"Huh? What the ***** is it... Yeah!"

As soon as Fang Xue stretched out her hand, Li Yun suddenly put a jeweled necklace on her hand. Suddenly, all of Fang Xue's attention was attracted by it.

The necklace is creamy white, with small pearls connected in series with a delicate line, and three heart-shaped jade pendants are dangling, beautiful and magnificent.

Judging from Fang Xue's eyes, this necklace cannot be bought for a million!

"Is this for me?"

"certainly!"

"Furthermore, it is not only an aesthetic effect, it can also deal with demons and monsters."

Li Yun explained to her the function of this necklace.

"The Three Soul Necklace:

Special effects: retreat from demons, keep the evil spirits intact, calm the soul and calm the mind.

Description: After wearing it, it can withstand three fatal attacks, make people's mind quick and quiet, remove distracting thoughts, and greatly increase the speed of cultivation. "

It can withstand three damages, which is two less than the five thunder and evil jade pendant given to Liu Xianxian.

But this necklace can calm the soul and speed up the cultivation speed, in a sense it is better than the five thunder and exorcism jade pendant!

"Thanks husband!"

After Fang Xue asked Li Yun to wear the necklace, she shouted sweetly and offered kisses again.

Li Yun smiled contentedly, "It's not over yet, husband, I still have something for you!"

"what?"

"Space Ring!"

"what!?"

"Hey, it's the magic ring that can suddenly take out things. There is a space of 10 cubic meters in it."

"Yeah... That's amazing!"

Looking at the function of his girlfriend's happy experimental space ring, Li Yun smiled and said, "You'd better not show this thing in front of outsiders. Except for your parents and family, it's best for others not to know the ability of this thing, including necklaces. ."

The preciousness of the artifacts can be seen by Li Yun from the greedy performance of Venerable Black Eyebrow.

Fang Xue naturally nodded and agreed, and shyly put her arms around Li Yun's neck, and kissed again.

Chapter 688: Shennong Heart Sutra

While the iron was hot, Li Yun continued to open the remaining two bags.

"System, open the golden gift bag!"

This golden bag was obtained after killing Venerable Black Eyebrow last time, and Li Yun still kept it unopened.

"Ding, congratulations to the host, from the golden gift bag to the golden grade equipment: Baifu Peachwood Sword!"

Is this weapon again?

Li Yun once drove one and gave it to Gong Lianyi. This weapon is not bad, it can warn, and kill the unjust souls of zombies. Give it to Fang Xue.

"Ah? Wooden sword? I only know some superficial swordsmanship!" Fang Xue said pitifully.

"It's okay, take it, and practice slowly in the future."

"Ok."

Li Yun focused his gaze on the last bag, and when he saw the light emitting from the gift bag, his heart suddenly became hot.

Colorful gift bags!

This thing is the reward he got for completing the hidden selection event. At present, it is the only item that is 100% out of the colorful grade, and there is a small probability of obtaining a peerless treasure. It is so precious that Li Yun can't bear to open it.

"A colorful gift... Why do I have to give me something that can quickly improve my strength?"

Concubine Wan Qing is very powerful, and the Saint Vatican who appears today is even more immortal, not equivalent to a mortal, Li Yun is eager to improve his strength.

"System, open the colorful gift bag!"

In an instant, a lottery machine exuding colorful colors appeared in front of him, and pictures representing top treasures flashed by.

Immortal clothes, swords, medicine pills, pagodas, prayer beads, divine bows, colorful clouds chasing shoes and so on.

In the end, the pointer of the lottery machine slowly stopped on a skill book.

"Ding, congratulations to the host for obtaining a colorful item from the colorful gift bag: Human Emperor Heart Sutra."

Emperor?

Li Yun raised his eyebrows. In Huang Xuan's mythology, there are three uncrowned emperors of heaven, earth, and man, which are the three emperors of the so-called three emperors and five emperors.

The three emperors have different opinions, usually referring to Fuxi, Suiren, and Shennong. They did not really claim to be emperors, but Huang Xuan people respected them as emperors.

In other words, the Human Emperor Heart Sutra can actually be called Shennong Heart Sutra.

"The Emperor's Heart Sutra...hiss!"

After receiving the Human Emperor Heart Sutra, Li Yun gasped in shock.

Because of this mental method, the wife is too powerful!

The method of mind is different from the method of cultivation. The method of cultivation is to cultivate true energy, while the method of mind is to temper the three souls and seven souls of a person, making the divine mind extremely powerful!

In addition, as Shennong who tasted Baicao, the Heart Sutra handed down by him possesses all kinds of incredible abilities.

The first is peace of mind.

If a person's three souls and seven souls are damaged, they will become weak and free. Using Shennong's Heart Sutra, Li Yun can heal them with divine thoughts.

Second, to relieve the curse.

Most curses are attacking human souls. After Li Yun learns Shennong's Heart Sutra, as long as his divine consciousness is strong enough, most curses can be easily solved.

Third, let the divine mind become stronger!

This is especially important. Li Yun has obtained the gods for less than a week, but he has been deeply dependent on this magical ability. With this thing, he has become a practitioner, rather than a simple warrior!

"The system, using the god-level skill pill, will raise my Human Emperor Heart Sutra to the god-level!"

Li Yun didn't hesitate to directly use the god-level skill pill he obtained two months ago, the absolute value of the Human Emperor Heart Sutra!

"Ding, a small reminder: The emperor's heart sutra needs to be upgraded to the **** level. If the host uses it forcibly, the emperor's heart sutra can only be upgraded to a high level. Do you use the god-level skill pill?"

Chapter 689: Subordinate

Me Cao? There is also this setting!

Li Yun was puzzled, excited for nothing.

However, it is right to think about it. He only gains divine consciousness after he enters the innate. It can be seen that the spiritual power and the physical body are complementary to each other and cannot cure and improve the spirit.

"Forget it, don't use it."

Li Yun quickly calmed down, his current strength is strong enough, and if there is another Venerable of the Six Demon Gates, he will have the confidence to fight the last one!

"Xiaoxue, I'm leaving now." Li Yun stood up, looking at his girlfriend with soft eyes.

"Well, be careful!"

Fang Xue bit her lip. She knew that Li Yun was going to do something that had to be done, but she couldn't help anything.

"Don't worry, your husband is great for me."

Li Yun kissed her forehead again, turned and walked out.

After he left, Fang Xue raised her slender fingers and stroked her hot cheeks. She thought that Li Yun would be ready to move her hands and feet, but she didn't expect Li Yun to really hold back.

"Bad guy...makes me think about it!"

Fang Xue threw herself on the soft sofa and buried her head in the pillow shyly. She couldn't help but imagine that if Li Yun had just treated her...

"Big Brother!"

As soon as Li Yun arrived downstairs, Zhu Dayou greeted him with enthusiasm, nodded and bowed his head and said, "Big Brother, do you want me to do something? As long as the big brother says a word, my Zhu Dayou is going to the knife and going to the pan, and there is no other thing!"

Li Yun waved his hand, expressing that he was too lazy to interact with people like Zhu Dayu, and asked him to go back and forth.

Zhu Dayou's expression suddenly collapsed, and he said pleadingly: "Big Brother, I know that you have an extraordinary background. I am a bit rubbish, but I, Zhu Dayou, is not the kind of ungrateful person, I promise!"

Li Yun's expression was calm. The former principal of Zhu Dayou was arrogant, and now he is climbing the flames. He wants nobles to help him in a few words. How can there be such good things in the world?

Just about to ignore the drop and leave, the system issued a prompt.

"Ding, trigger the option event, please choose from the host:

Option 1: Instruct Zhu Dayou to do something, reward the medium-sized Jidan*1, Zhu Dayou's loyalty will increase, and the host will get an innate thug in the future.

Option 2: Ignore, no reward. "

Li Yun was a little surprised, a congenital thug?

Zhu Dayou is now also in the body tempering realm cultivation base, and he is more than 30 years old, even if he has the foundation pill and pill cultivation, it is estimated that it will be difficult to reach the innate realm.

But the system is so prompt, it shows that Zhu Dayou's talent is really good!

"Brother, do you have any more orders?"

Seeing Li Yun stopped, Zhu Dayou immediately licked his face again and slapped his chest to make sure that he was loyal and reliable. There were hundreds of people under his staff, hundreds of millions in assets, how many discos, and how many bars, as long as the eldest brother said a word. Give it all to Big Brother!

"okay."

Li Yun waved his hand to stop him, "You first drive me to Zhonghai City, and talk about it on the road, depending on your performance."

"Ding, the host made a choice and rewarded the medium-sized Jidan*1, and Zhu Dayu's loyalty increased."

"Yes, I will call the driver to drive right away!"

Sitting in a BMW 7-series of Zhu Dayu, Li Yun closed his eyes and rested, and said, "I want to know what you want from me. Don't hide it."

Zhu Dayu is different from the previous Qian Hu. Qian Hu is just a small boss with a very low level. However, Zhu Dayu sits on a large group of men, drives several companies, and is a veritable gray industry boss.

Chapter 690: Encounter Fairy Again

"I want to become a martial artist in the Houtian realm!"

Zhu Dayou confessed happily, and then took a cautious look at Li Yun: "Brother, do you have a solution?"

"What if I say there is no way?" Li Yun didn't ask why he wanted to become an acquired martial artist.

Zhu Dayou said with a bitter face: "Then I can only give up this idea completely. After all, someone as powerful as my elder brother can't do it. I can only say that I missed the best time to practice martial arts and I have no hope in this life.

"Aren't you doing well now? Why do you want to become an acquired warrior?"

"This... Brother, this is a bit of my personal grievances. Simply put, I can't swallow a breath!"

Li Yun smiled. It is estimated that Zhu Dayou was abused by the martial artist, so he wanted to get back with revenge.

"When you were possessed before, you were scared to death, but now you dare to mess with me?"

Zhu Dayou showed an awkward expression: "Big brother, I was only afraid of being caught up in this way. If I knew that big brother could deal with those things, I would definitely not be afraid! Really, usually I am quite fierce, after all, after all these years, Live a life with a knife."

"Live a life with a knife? What nonsense!"

"Uh?"

Li Yun briefly chatted with him a few words and learned about Zhu Dayou's early experience.

It was nothing more than forming gangs, fighting, and then setting up a company to contract projects, and then opening a bar to live a happy life.

"Big brother, I have never killed any good person!" Zhu Dayou swears to the sky: "Neither did you engage in drugs, nor did you force the good for prostitution. At most it was engaged in the princess of the box, but everyone was voluntary. I ensure!"

Li Yun asked: "Stop all these violating things, can you do it?"

"Of course, absolutely, I'm quitting this a long time ago!" Zhu Dayu was overjoyed, and then received a pill that Li Yun threw over, and almost jumped up on the spot with surprise.

The eldest brother really has a way to make him an acquired warrior!

"Go back and eat again. Whether you can reach the acquired state, it depends on good luck."

"Yes, I know, thank you brother!"

"...Call me the boss."

"Yes, boss!"

Li Yun closed his eyes and rested again. He was actually not satisfied with Zhu Dayu, but now he is really short of some people who can do things.

For example, if he comes to Zhonghai City, if there is no car and no driver, he can only go for a high-speed train, which is a waste of time, which is particularly troublesome.

And if you ask some ordinary people to serve him, and you see zombies that don't conform to the Three Views, you won't be scared to pee on the spot?

Therefore, Zhu Dayu is a last resort.

In addition, this guy was struck by his sky thunder, and his hair was still plasma perm, but he insisted on waiting in the lobby of the villa, indicating that he had patience and was also sincere and sincere to take refuge in Li Yun.

"After you go back, I will stop all your illegal, lawless, and disciplinary industries. If you are caught, not only will I not save you, but I will also abolish your martial arts by myself. Did you hear that?"

After arriving in Zhonghai City, Li Yun warned him again, which shocked Zhu Dayou and quickly promised that he would never do those things again.

"Okay, you can go."

Li Yun waved him to leave. He was about to go to the hotel to open a room, but he accidentally saw a tall white figure and the girl in a pale blue skirt next to her.

"...What a coincidence."

Li Yun was speechless. When he came to Zhonghai City, he happened to ran into Sage Fanqing and her maid Qingzhu.

Seeing the two walking into a small hotel on the side of the road, Li Yun twitched. Could it be a poor fairy?

"Forget it, what do I want to do so much? This guy is as easy to provoke as Concubine Wan Qing."

Shaking his head, Li Yun was about to walk away, but he heard a soft drink coming from the hotel.
