Chapter 691: What is an ID card

"Hey, what's the matter with your boss? Why don't you stay in the store for us?!"

"What? ID card? What is an ID card?"

"Oh, you mean a waist card... you can't live in a store without a waist card?! Why, who made this, ask him to come out and I will reason with him!"

Li Yun twitched the corners of his mouth. The Qingzhu maid's temper was really stinky, and she was justified without an ID.

"Ding, trigger the option event, please choose from the host:

Option 1: Go and help, reward the Fanqing Sage's favorability +0.5, justice value +50, white gift bag*1.

Option 2: Ignore, no reward.

Option 3: Come to the scene and laugh at .jpg as soon as possible, and reward evil value +1. "

Evil +1? This is the option that Li Yun has encountered with the lowest evil value.

As he walked into the small hotel, Li Yun's figure in his eleven meters immediately attracted the attention of several people in the hotel.

"Ah! It's you mortal! No, why are you here too?!"

The maid Qingzhu immediately stared at him fiercely: "From that county to the city, you have been following us?! Begging!"

As he said, he was about to show his long sword, and the boss lady was startled.

"Retrieve your weapon." Li Yun glanced at them both lightly: "Without an ID card, it means there is no way to go, and there is no way to stay in the store. If you want to live in a store, just follow me!"

After Li Yun finished speaking, he took a deep look at the cold and holy fairy, then turned and walked out of the hotel.

After waiting for a while, fortunately, both the master and servant followed.

"Let's go, I will take you to the hotel."

Li Yun has a good impression of Fan Qingsheng. After all, she is as beautiful as a fairy, and her temperament is cold and abstinent, which can very much arouse a man's desire to conquer.

But the other party was too arrogant and refused to speak more, so Li Yun would naturally not move up shamelessly.

—Although the fairy's voice is very good, it can be said to be like a natural sound, beautiful and beautiful.

"hotel?"

Qingzhu's eyes widened: "You take us to the hotel? Do you want to get drunk with me and the young lady, so that you can do whatever you want?! You protégé, filthy!"

As he said, the sword in his hand was raised again, as if I was going to work hard with you.

A black line appeared on Li Yun's forehead.

"What do you think! The hotel is also for accommodation, not for drinking!"

"Can't you drink?"

"...You can drink, but you can also stay."

After Li Yun struggled to explain to the grumpy maid, he finally convinced the maid that the hotel was a place to stay.

"Huh, huh, of course I know the hotel, I just test you..."

Qingzhu's small face was flushed with shame, and he snorted proudly, and turned his head away, his eyes daring not to look at people.

Li Yun glanced at her and had to say that the maid in a light blue skirt was actually very pretty, about six meters tall, delicate features, and a faint mole on the corner of her mouth. Although arrogant, she looked very pretty. Tsundere and lovely personality, coupled with the loyal and loyal protection of her young lady, is more lovable.

It was her young lady, who was too cold. She walked silently without a word. The fairy-like air made many passers-by hit the trash can.

After entering the hotel, Li Yun used some relationships to let them live in, the master and servant, and asked Liao Hua to get their ID cards.

It's just that Qingzhu is not happy for Li Yun to take pictures of her ID, and he doesn't want to give his real name. Fortunately, Saint Fan Qing is not so troubled. He stands silently in front of the white background wall and turns to face Li Yun, With a click, the photo is finished.

Chapter 692: Cold and holy fairy

"Sure."

After taking pictures of Qingzhu's girl, Li Yun sighed and said, "I have sent the photos to people. I guess someone will bring your ID to you after a while. This is proof of your activities in modern society. Don't lose it. ."

The hidden sacred valley is indeed the hidden sacred valley, and it is hidden from the world, causing the doorman to not even understand the ID card, comparable to the Princess Yongning who has slept for 400 years.

"Ding, the host makes a choice, rewards the Fanqing Sage's favorability degree +0.5, the justice value +50, and the white gift bag*1. Additional rewards the Fanqing Sage's favorability degree +0.5."

Li Yun had done his best to help him find a hotel, he opened a good room and brought them to the room, and he also helped to get an ID card.

As a result, the cold fairy added 1 favorability score, a total of 66.1 favorability score, not even the 70-point good friend level, Li Yun even wondered if she was born so indifferent.

Forget it, I don't bother to think, it is estimated that the people in Hidden Sacred Valley are like this.

"Farewell, I'm leaving now!"

Li Yun dropped an indifferent word and was about to turn around and leave when the cold and holy fairy finally spoke.

"Feihumen."

Hearing her beautiful and beautiful voice, Li Yun stopped again 'being guilty'. Originally he was very suffocated, but he could hear this sound like a natural sound, and he saw the bright eyes of the fairy looking at him. , Li Yun's suffocation suddenly vanished.

Such a beauty really makes people angry.

"What do you want to ask?" Li Yun's tone softened.

"What's wrong?" The fairy asked calmly.

Li Yun can still want to complain, can you say a sentence in two paragraphs!

The cold and holy fairy looked at him with questioning eyes. The fairy was tall and dressed in a white dress, just like the person in the painting.

Li Yun wanted to speak but stopped.

"Ding, trigger the option event, please choose from the host:

Option 1: Tell her the story truthfully, reward Fanqing Sheng +1, experience value +50,000, white gift bag*1, the host and his actions can get a powerful thug.

Option 2: Give a sneer, turn your head and leave, and reward Fan Qing Sheng with a degree of -0.1.

Choice three: yell at her for pretending to be forceful, and reward the fanciful sage with a degree of -0.5. "

Li Yun was shocked.

Judging from the system's option events, whether it is swearing, sneered, or honestly telling her what happened, and so on.

These things are dispensable to the Sage Fanqing. The mood swings are very small. Even if Li Yun kisses her strongly (if they can kiss), it is estimated that she will not have any emotional fluctuations!

"Can't say?" Fairy asked again in her iconic tone without emotional fluctuations.

Every word is precious and precious.

Li Yun understood that the Sage Fan Qing was very stingy with words, and he refused to say a word.

"It's not impossible to say."

Li Yun smiled slightly: "But I want to know, what is the relationship between the Hidden Sacred Valley and the Six Demon Gates?"

"To be hostile to each other."

Said lightly, Fan Qingsheng turned around and entered the room, sat down in the living room, and then looked up at Li Yun.

Li Yun understood, and walked in, ignoring the fire in the eyes of the maid Qingzhu.

But no matter how unhappy she is, she still has to have the etiquette she should have.

Qingzhu wanted to make a fire to make tea, but he didn't know how to use these modern things, so he stared.

"Let me do it."

Li Yun stood up helplessly. From Qingzhu's performance, it can be seen that the Hidden Sacred Valley was probably still in the state of life it was a hundred years ago.

Chapter 693: Conversation with Fairy (Part 1)

Li Yun taught Qingzhu to use a hot pot to boil water. Qingzhu could use it after reading it, but he snorted proudly, turned his head and said that he was not a fool, and you don't need to teach it~!

"This faceless little girl!"

Li Yun gave a wry smile, and when his back was facing them, he quietly took out a pack of tea leaves from the space ring.

Fan Qingsheng's eyes trembled slightly, but he sat still, waiting for Li Yun to bring the tea.

"Give you."

Li Yun put the tea in front of Sage Fanqing. Sure enough, the fairy did not say thank you. He took a sip, and the beautifully-shaped double fringe became moist and shiny after being stained with tea, which made her feel more cold. A touch of charm.

"By the way, I don't know your names yet?" Li Yun sat across from her, smiled and said: "My name is Li Yun, I have no school, I am not the Hidden Sacred Valley, nor the Six Demon Gates. I regard it as a casual cultivator overseas."

"Overseas casual repair?"

Qingzhu tapped his chin in confusion, and said inexplicably, "Are there still practitioners overseas? No, are you a practitioner? Why don't you have any traces of magic power on your body?"

"I have divine mind, and I am a rookie who just started." Li Yun admitted frankly that he believes that Sage Fanqing will definitely know divine mind, and he is indeed a rookie, just the kind of beginner.

"Humph~, you are so weak!"

Hearing that Li Yun was just getting started, Qingzhu immediately became proud: "I am in the realm of refining the gods, you should call me senior~, hehe~, scream!"

Li Yun twitched the corners of his mouth and turned to the subject, "You haven't introduced yourself yet. Is your name Qingzhu? What surname?"

He was a little surprised, this maid is actually the cultivation base of God Refining Realm, which is really terrifying!

"Just, nothing."

Qingzhu glanced at her own lady with a guilty conscience, and said pitifully, "I am too weak to have the same surname as the lady."

Refining God Realm is still low?

Li Yun was stunned. In this way, the Sanctuary of Vatican was at least the Return to Void Realm!

The three realms of practicing qi, refining god, returning to the void, the practitioner.

The first cultivator Li Yun encountered in the Lujia Martial Arts Hall was undoubtedly the cultivation level during the Qi refining period, but the old man Tianyin was able to remove his soul from his body, and he was also refining the gods.

Venerable Black Eyebrow, should he at least cultivate God Realm, right? It may also be a return to virtuality.

Judging from the way Concubine Wan Qing gritted her teeth to the Saint Fanqing, she was also in the state of returning to the Void.

"Your last name is Fan from now on."

The fairy suddenly spoke, Qingzhu uttered an ah, and then reacted, with a surprised expression on her little face.

She arrived at the Refining God Realm not long ago, but the young lady didn't say anything, she was not easy to ask, and now she can finally get the surname given by the young lady, which makes Qingzhu very happy.

Li Yun had difficulty understanding the three views of master and servant, and didn't want to get involved, so he changed the subject and asked, "Miss Fan, what is your name?"

"..."

Sage Fanqing glanced at him, took another sip of tea, and asked slowly, "Didn't you already know it?"

Li Yun was shocked, and quickly recalled it in his mind.

No, he did not call out the name of the Holy Spirit!

When the ID photo was taken just now, Qingzhu didn't give their real names. How did Van Qingsheng learn that Li Yun already knew his name?

"Hmph, do you still want to hide the magic eye of the saint?!"

Qingzhu changed his name to Lord Vatican Qingsheng as Lord Saint, and his eyes became fierce: "Say, are you a member of the Six Demon Gates? How else would you know the name of Lord Saint?!"

Dharma Eye? Is it a common sense of Dharma Eye? Still have eyes of spells?

Chapter 694: Conversation with Fairy (Part 2)

Li Yun looked at Fan Qingsheng with horrified eyes. Can this woman really see through people's thoughts? Is it even clear that he has a system?

"I opened my eyes."

Seeing Li Yun's doubts, Fan Qingsheng took the initiative to explain: "This is the Taoist method, similar to the Buddhist mindset, but you can't see through your mind, only vaguely perceive your state of mind."

"...This is amazing enough!"

Li Yun praised it as if it were true or false, and his inner warning bell was loud.

This woman is really not easy!

Even if she can't see through her mind completely, but being able to perceive her state of mind means that Li Yun and others who are weaker than her can't deceive her anything.

For example, Li Yun concealed his knowledge of her name. Although he did not reveal any flaws or even said related things, he was still seen through by the Sanctuary of Vatican!

"Well, I do know your name, Fan Qingsheng, right?" Li Yun had to admit it frankly.

Fortunately, this woman is the saint of the Hidden Sacred Valley, with a great reputation, otherwise it would be difficult for him to hide it.

"Yes."

Sage Fanqing nodded reservedly, leaving Li Yun quite speechless. This cold fairy was quite real, asking what to answer and what to answer.

"Can you talk about it? Feihumen matter." Fan Qingsheng said again.

The sound is so nice!

Li Yun sighed in his heart, took a sip of tea, and then said, "Actually, you probably guessed that Feihumen is a second-rate sect in the rivers and lakes. They should have taken refuge in the Six Demon Sects, acting as their minions, and doing some collection. Something resentful."

"Collect grievances?"

Sage Fanqing asked immediately, looking at Li Yun with his cold and bright eyes, as if he was carrying a force of pressure. The majesty is inviolable, and the sacred is inviolable.

Li Yun looked at her eyes for a long while, coughing, and turned his gaze: "It was a kind of magic weapon, which was similar to a stick before. It was one meter long and named Su Ling stick. What you met today is a new one. One kind is called the incantation gloomy wood? I don't know what it

is for. I only know that when they are gathered together, the evil spirit inside will emerge and can control the body of ordinary people."

"Hee hee." Maid Qingzhu snickered with her small mouth, and said softly: "What a fool, I just screamed the sullen wood, because it contains a spell, plus it is made of sullen wood. So it's called this."

Li Yun was embarrassed, this little girl was called sullen incantation gloomy wood at the time, she didn't know its real name at all!

Sage Fan Qing stretched out her right hand calmly. Li Yun looked over with some surprise and found that her hand is very beautiful, not only the shape is slender and graceful, but the skin is white and tender, as the verse says, it means peeling green onion roots. .

"What... uh?"

Just as Li Yun was puzzled, he saw a piece of black wood suddenly appearing on her right palm, it was the gloomy wood of the spell!

She also has a space ring!

Li Yun was shocked, thinking about it carefully, but taking it for granted that it is normal for a practitioner to do Sumeruko.

"Do you have a spirit stick on your body?" Sage Fan Qing asked indifferently.

"have."

Li Yun didn't take the initiative to take it out. Looking at her, she also fixedly looked over, her eyes didn't fluctuate at all, as if she was waiting for Li Yun's decision.

"Alright alright."

Li Yun couldn't stand the cold and holy fairy's eyes, and once again defeated the battle. After sighing, he took out the spirit absorption stick that he had seized from the Lujia Martial Arts Hall from the space ring.

"Let's show it to you."

Although the expression in the fairy's eyes didn't make waves, Li Yun always felt that she must be begging him.

Chapter 695: Walk together

"Eh?"

Qingzhu looked at Li Yun taking out a stick out of thin air with surprise, his eyes widened, his eyes filled with incredulity: "You also have a spatial magic weapon?!"

"Doesn't your lady have it too?" Li Yun gave her a rare and strange expression.

"That's different!"

Qingzhu's expression became weird: "Miss...no, what a noble status the Lord Saint is, not even an elder..."

"Qingzhu."

Sage Fanqing stopped what she continued to say, silently put the spirit stick and the black wood together, and scanned the runes on them with his spiritual thoughts.

Li Yun felt that he was fooled by the woman in front of him again!

Sure enough, as a senior expert said, the more beautiful a woman is, the more deceptive it is!

Sage Fan Qing estimated that he had seen him take out the tea leaves from the space ring before, so he looked at him with questioning eyes, and Li Yun could not hold back the secret of the space ring when she saw it with her pleading eyes!

Cheating!

"Next time, next time, I absolutely can't be led by this woman!"

Li Yun vowed secretly in his heart, but heard Fan Qingsheng ask in her beautiful voice: "Next, what are you going to do?"

"Ding, the host makes a choice, rewards the Fanqing Sage Favorability +1, a white gift bag*1, a powerful fighter (Hidden Sacred Valley Saint), additional rewards, Fanqing Sage Favorability +5."

Li Yun was almost moved to tears, adding 5 points of favorability at one time, and finally reached the level of a good friend of 72 points.

It seems that the benefits of exposing the secrets of one's space ring are a bit high.

"Ding, trigger the option event, please choose from the host:

Option 1: Invite the Sage Fanqing to act together, reward Sage Fanqing for favorability +0.1, white gift bag*2, and wisdom +100.

Option 2: Get up and leave, no reward.

Option 3: Ask for a reward from Van Qing Sheng, reward experience value +300,000, blue gift bag*1, obtain skill: Fairy, please stay (effect: ignore the beauty and temptation of the other party when negotiating). "

When Fan Qingsheng asked Li Yun, the system triggered another selection event. Sure enough, it was because the other party was Bai Fumei, no, she was a beautiful and cold fairy, and she was single, so the system madly hinted?

It's just that the system is cheating once again, and the options given are not at all indicative, pure nonsense!

Li Yun pondered for a moment, and found that Saint Fan Qing was still looking at him with her cold eyes. There was no emotional fluctuation in these eyes, there was no inquiry, no doubt, and no shyness and difficulty. Some were just like deep pools. Generally quiet.

Taking a deep breath, Li Yun slowly said, "I plan to visit Feihumen tonight."

The system once gave him a hint, which is to reward the skill formation, but Li Yun could not see any traces of the formation.

Therefore, if you want to track down what the six magic gates are doing, you can only sneak into Feihumen and check the news yourself!

Of course, asking Concubine Wan Qing directly is also a way, but...anyone with a little brain won't consider this way.

Sage Fanqing nodded slightly and asked, "Can I go together?"

"Huh?" x2

Not to mention Li Yun, even Qingzhu was taken aback by his saint.

Actually want to go with Li Yun directly? !

"Master Saint!"

Qingzhu yelled anxiously, but didn't dare to violate her decision, so she stared at Li Yun fiercely, as if he was not allowed to agree!

Li Yun shrugged and said indifferently: "If you want, then go together."

Chapter 696: Fairy playing piano

"Ding, the host was forced to make another choice (to be invited by the Sage of Fan Qing) to reward the purple gift bag*1, and the piano score of Swordsman *1 (limited to the Sage of Fan Qing).

A black line appeared on Li Yun's forehead.

Forced to make a choice? !

How do you feel that he has become the receiver (passive), and the Sage Fanqing is attacking (active)?

This Nima... feels like she has become sissy!

However, this Xiaoao Jianghu piano score seems to be an ensemble of piano and flute. Li Yun can't play the piano or flute. It feels a bit strange to give her this stuff. Besides, Sage Fanqing had a cold appearance, it would not be appropriate to just open her mouth and give her something.

"it is good."

Van Qingsheng promised to act together next night, so he stopped talking and looked at the table in the hotel where there was a newspaper.

Qingzhu understood, and quickly stood up and fetched the newspaper for her, "Master Saint, I will bring it for you, hehe, Master Saint really likes to read... Well, I won't say anything!"

It is impossible to reveal the hobbies of the Lord Saint without permission!

After receiving the newspaper that Qingzhu handed over, Saint Fan Qing was in Li Yun's surprised eyes, calmly reading and reading the newspaper, he did not think of Li Yun as a human being!

—It means ignoring Li Yun as a guest and doing his own thing.

Li Yun thought of a certain classical beauty inexplicably. At this moment, his mobile phone rang, and when he took it out, he couldn't help but sighed that it was a coincidence that the classical beauty called.

Walking to the hotel balcony, Li Yun smiled and said, "What's wrong with Qingyu? Call me suddenly."

"Huh, don't call me Qingyu!! Call me Miss Gong!!"

"Um?"

Li Yun is inexplicable, why is she suddenly angry?

After thinking about it, Li Yun suddenly realized: "Okay, okay, it's me who is not good, I should find you first when I come to Zhonghai City, my fault!"

"You still know you were wrong!"

Gong Qingyu's voice was full of grievances, "If Fang Xue hadn't called me, I wouldn't know that you came to Zhonghai City, and you didn't come to live with me if you came, do you not treat Aunt Lian and me? ... Good friends?"

She wanted to talk about her girlfriend, but this guy was too irritating, so she just talked about good friends.

Li Yun smiled bitterly: "Fang Xue should have told you why I came to Zhonghai City, right?"

He guessed that Fang Xue contacted Gong Qingyu because he couldn't help much, and wanted her to help. As a result, Li Yun didn't find Gong Qingyu at all, so the two golden flowers of the Gong family were very angry.

"Do you think I can't help you?" Gong Qingyu's voice became louder, complaining.

"Don't worry, there will be times when you need your help, I will check it out tonight, and I will talk to you tomorrow, okay?"

After a lot of effort, Li Yun finally comforted her.

After hanging up the phone, I went back to the living room and found that Saint Fan Qing had taken out a guqin, and asked: "Can I play the piano here?"

"Speaking down should be fine."

After receiving Li Yun's answer, Fan Qingsheng began to pluck the strings, letting the beautiful ding-dong sound of the piano fill the entire hotel room.

Listening to the sound of the piano flowing slowly like water, and looking at a fairy in a plain white dress, Li Yun's a little irritable heart was relaxed and calm.

"Are you in a bad mood?" Fan Qingsheng asked softly while lowering his head and playing the piano.

"It's better now, thank you."

Only then did Li Yun come back to his senses. It turned out that Fan Qingsheng played this music to calm the mood for him.

Is this a return of the information he previously provided?

Chapter 697: Show hacking techniques to the saint

Li Yun is not annoying Gong Yu, she can care about herself, Li Yun is very moved.

The reason for his inner irritability is not someone else, but the Sanctuary of Brahma in front of him.

To be precise, it is because of the Six Demon Gates and the Hidden Sacred Valley.

With the emergence of the Sage Fanqing and the movements of the Concubine Wanqing, it means that these two invisible cultivators start to collide again. Is it to stir up a huge wave? Still lurking around for murder? Li Yun doesn't know now.

The two martial arts fighting against each other are both a crisis and an opportunity.

Now Li Yun and the two saints are making good friends-at least on the surface, this is his opportunity to understand these two cultivators!

Thinking of this, Li Yun had noticed in his heart, took out the laptop from the space ring, and started to operate it amidst the melodious sound of the saints of Fanqing.

"what are you doing?"

Qingzhu looked at Li Yun with a complicated complexion. He would certainly not have thought that this was the first time that Master Saint played the piano alone to a man.

Even if they are not playing the piano alone, there are definitely not many people who can be fortunate to hear the beautiful piano sounds of Master Saintess in the Hidden Sacred Valley!

But the man in front of him was indifferent to this, and even took out his computer to play?

"Invading Feihumen."

"? Intrusion?"

Qingzhu wondered if Li Yun was a fool, how far away he invaded Feihumen? Even the curse with the farthest attack distance must be within ten kilometers.

"Uh."

Li Yun didn't know how to explain the hacker to her. Qingzhu didn't even understand the Internet, right?

The sound of the piano stopped, and the cold and holy lady of the saint stood up silently, walked behind Li Yun, stared at his laptop screen, and saw that the speed of Li Yun's code was a little messy.

Why is she curious about this?

"Are you a hacker?" Sage Fan Qing asked, shocked Qingzhu, Master Sage still understands this? !

"Yes." Li Yun was also a little surprised that Fan Qingsheng actually knew the hacker, "I am now hacking into the surveillance of Feihumen. From here, we can see the situation in the martial arts, so that we can sneak in at night."

Feihumen is not an invisible martial art. They are just a second-rate martial art. They communicate with the outside world intensively, so many surveillance cameras are installed in the martial art.

Li Yun obtained Feihumen's network address from Liao Hua, hacked directly into it, and left hidden surveillance software on Feihumen's computer. As long as Li Yun wanted to, he could obtain all Feihumen's network information.

But unfortunately, Li Yun checked it again and found that most of the information in the computer was produced by the island country. The only valuable thing was a financial report from Feihumen, which recorded that Feihumen had 2,000 disciples and deacons in total. Salary situation.

It can be seen that Feihumen is still very profitable. The industries involved include security, film and television, restaurants, etc. The wages of the disciples range from 10,000 to 50,000, which is quite high!

"Okay, amazing!"

Qingzhu, the maid who finally understood what Li Yun was doing, opened her small mouth in shock with an incredible expression.

Saint Fanqing silently took out his mobile phone and suddenly asked, "Li Yun, will the mobile phone be monitored?"

"meeting!"

Li Yun was very sure, and smiled secretly in his heart, it turns out that the cold fairy can also play mobile phones.

Seeing that she seemed a little worried, Li Yun smiled: "But you can rest assured that as long as others don't know the exact network address of your mobile phone, no one can invade. In addition, if you seal the camera, you will never expose the picture. "

Chapter 698: White skirt fluttering (on)

Li Yun taught her a lot of cybersecurity knowledge, and I don't know how much Fan Qingsheng understood, but after listening, she asked Qingzhu to find a piece of opaque tape and seal the front and rear cameras of the phone to ensure that it is foolproof. .

"Thank you, Mr. Li."

It was Qingzhu who said thank you. It was almost impossible to say thank you to Fan Qingsheng. She didn't understand at all, and didn't care about these people's sophistication.

After chatting for a few hours, Li Yun ordered a takeaway for the two of them, but the affection rate did not increase. It can be seen that the lady of the saint was extremely cold and cold.

"Let's go, go to Feihumen!"

Li Yun looked at the sky and was about to enter the night, then stood up and said to them.

Sage Fanqing also stood up and walked out the door, leaving Li Yun speechless for a while: "You don't want to change your clothes?"

"What do you want to do?"

After getting along for a while, the maid Qingzhu has become less sensitive, but when she hears "clothes", she still shows a fierce expression, looking at Li Yun like looking at a wolf.

Li Yun pointed to Fan Qingsheng's pure white skirt, and said helplessly: "We are going to Feihumen, your clothes are not suitable, it's too revealing!"

The Saint Vatican is very tall, at least one meter and seventy-five meters tall, with a fluttering white skirt and a shawl with long hair.

But wearing this suit at night is too easy to expose!

"Why is it inappropriate?"

Qing Zhuhu looked at Li Yun vigilantly in front of her master saint: "Don't think that you have spiritual consciousness, you can cross the wall of the hotel to watch Master Saint change clothes and tell you that this is impossible! Saintess Your lord can block the search by Divine Mind, you will never see a trace!"

The corners of Li Yun's mouth twitched. He was worried that he would be mad at her when he talked to this maid one day.

"We dived in, understand?!"

"Sneak in? Why do you sneak in? Isn't it just going in?"

Qingzhu wanted to ask something, but was stopped by Saint Fanqing, and then closed the door of the hotel room and changed his clothes.

Li Yun shook his head with a wry smile. He can already predict how troublesome the infiltration will be tonight.

After going to the bathroom to change a pair of black long sleeves and trousers, Li Yun came back and waited for a while. The two masters and servants of the Vatican and Qing Dynasty opened the door and walked out.

"Uh?"

Li Yun looked at her in astonishment, Fan Qingsheng changed into a light red skirt with a double breasted skirt, with a dazzling snow white on her chest, and a white waistband tied around her slender waist to set off her beautiful figure.

Li Yun sighed with emotion, the cool temperament was mixed with the vitality brought by red, and the fairy in front of him was really beautiful.

"There is no black."

Sage Fanqing has a calm face and a calm tone: "Only red and blue."

"...Okay, red is red. If someone finds out, it's a big deal to dress up as a female ghost."

"Female ghost?! The Saintess is not a female ghost, you are, no, you are a zombie! Ugly zombie! Humph!" Qingzhu was furious.

"Have you seen zombies?"

"Have you not seen it?"

While chatting, Li Yun took the master and servant down to the hotel downstairs. He had already troubled Gong Qingyu to get someone to drive a car over, so he stopped talking nonsense and drove the two to Feihumen.

"I'm very curious, will you take a car?" Li Yun suddenly thought of this question. How did the two people get from Longyang County to Zhonghai City?

"Huh~"

Qingzhu was very proud: "As soon as I stopped on the road, the men stopped and said they wanted to take me for a ride... Don't get me wrong, it wasn't me who asked for it. They stopped by themselves. I was definitely not betraying you! Don't want to be crooked!"

Chapter 699: White skirt fluttering (part 2)

Li Yun was ashamed, I'm afraid those drivers didn't park because of you, but because of your Lord Saint.

Fan Qingsheng is comparable to the model's 175 height, plus a white skirt. Standing on the side of the road is definitely a beautiful landscape. It is definitely her that drivers see first, not the maid Qingzhu who is only one meter and six years old.

But Li Yun can't say this, otherwise Qingzhu, who has been defending the Lord Saint, will have to fight him hard.

The car drove all the way forward. Qingzhu looked around, exclaiming from time to time, and sighed with emotion at the high-rise buildings. She had been talking to Sage Fanqing, but it was obvious that the cold fairy would not speak easily and sat quietly along the way.

Li Yun guessed that Qingzhu seemed to be accustomed to her quietness and didn't care about it.

After driving for half an hour in the urban area, it started to accelerate after going out of the outer ring. After driving for nearly half an hour, the three of them finally came to a mountain forest.

"Here, we get off."

Turning the car off the road and stopping on an inconspicuous wasteland, Li Yun opened the car door and walked out.

The master and servant girls also got out of the car. Qingzhu looked around suspiciously. Although the sky was dark, she was cultivated in the Divine Soul Realm. She could still clearly see the green shelter forest all around, and there was no such thing as Flying Tiger Gate!

"I am not a disciple, nor am I indecent."

Seeing this arrogant maid's willow eyebrows upside down again, looking like he was going to be questioned, Li Yun said first: "Let's park the car here, walk over, wait for an opportunity to sneak in... sneak in, do you understand?"

"Who, who said that I don't understand!" The little maid said stiffly, "Isn't it just like those thieves with empty hands, with a black cloth on their face, sneaking into someone else's house quietly?"

Li Yun nodded, and the little maid Qingzhu murmured again: "If the owner of the valley and the elders knew that you would lead the saint to do this kind of thing, ten lives would not be enough!"

"It's okay."

Fan Qingsheng used two words to express that he didn't care about this. Li Yun smiled at her and said: "Okay, it's not early, let's go."

The time is now eight o'clock in the evening, and the moon tonight is just blocked by thick clouds. It can be said that the surrounding area is pitch black, which is suitable for sneaking activities at night.

Li Yun used his ethereal footwork to run among the treetops of the shelterbelt. At first, he didn't dare to use his full strength. After all, his ethereal footwork was already at the **** level, plus his innate level of infuriating energy, his speed was extremely terrifying.

But after seeing the light and fluttering postures of the two, Li Yun knew that he had underestimated the practitioner.

Sage Fanqing did not see any movement at all. Walking on the top of a ten-meter-high tree was like walking on flat ground. With every step, Li Yun saw that she had traveled at least seven or eight meters, and she was like a legend. As an inch!

"With this hand alone, I can't beat her for ten!" Li Yun gave a wry smile, as he deserves to be the saint of the Hidden Sacred Valley, this strength is terrible!

"Hehe~" The little maid smirked, covering her mouth, "You are really a rookie, and the way you go is still trivial, hum, it's too bad!"

Li Yun: "..."

"No." Fan Qingsheng rejected his maid's view, staring at Li Yun with clear eyes, and said: "This light work is the most mysterious I have ever seen. It seems to be a slender footwork, but it is more elegant and agile, almost god. Skills."

"God, magical skill?!" Qingzhu was taken aback by this evaluation, and then, was taken aback again, because there was a terrified cry from below.

"Ghost, ghost!!!"

Chapter 700: Surrounded by mountains and water, Feihumen

Qingzhu was frightened by the sound, and if Li Yun on the side hadn't caught her in time, this arrogant little maid would have to fall down!

"you!"

"Go!"

Before the shy red-faced maid burst out, Li Yun took her little hand and ran forward. He didn't expect that there were forest rangers watching the night in the woods below, and he happened to see three people standing on the top of the tree.

As a result, the forest ranger was scared to pee.

After all, when I saw a shadow in a light red dress standing on the top of a tree at night, can I not be scared to pee?

After rushing out of the shelterbelt and falling to the ground, Li Yun released Qingzhu's little hand, took a breath, and said with a wry smile: "Master Saint, you wear a light red dress at night, you will really scare people!"

"My fault?" Fan Qingsheng asked calmly.

"...No, it's just a coincidence."

Li Yun was speechless. He knew that the Sage Fan Qing was not in yin and yang, but the saint was really asking, asking whatever he thought of, should he say that he was innocent?

"You, you, you disciples, big thief!! I'm going to kill you!!"

After being released by Li Yun, the embarrassed little maid finally came back to her senses. She rushed towards Li Yun with her teeth and claws, and she scratched at Li Yun, with an expression of wishing to strip all his clothes off.

"The situation was urgent at the time. Besides, I just shook my hand... okay, okay, my fault, I was wrong, okay?"

Li Yun wanted to plead, but saw Qingzhu's eyes filled with tears, only to realize that she really valued being touched.

Her conception is probably the same as that of Princess Yongning. She is very particular about giving and receiving between men and women. Princess Yongning is also not allowed to touch her limbs except Li Yun, even touching her hands and shoulders!

Even coaxing and deceiving, saying all the good things, finally made the crying little maid stop her tears.

"If you dare to say anything about today, I will kill you with one sword!"

Qing Zhu said these words with tears in his eyes, without the slightest threat.

Li Yun gave a wry smile. He just heard the three words "Big thief", which made him think of Jin Liuli inexplicably. If that girl is here, he might be very excited to sneak into other people's sects in the middle of the night.

But then I thought that Qingzhu looked down on Jianghu people very much, but her concept was more conservative than Jianghu's "chivalrous women", and she couldn't see that she was a fairy who abandoned the commonplace.

It seems that the Hidden Sacred Valley is a more powerful sect, not truly otherworldly.

"Go on, be careful."

Li Yun took a deep breath of distracting thoughts under the air pressure, and continued to move towards Feihumen with his ethereal footwork, followed by the master and servant.

However, compared to before, Qingzhu's eyes looked at his back with a hint of other meaning.

Soon, the three of them arrived at the Feihumen resident.

A large mountain villa surrounded by mountains and water.

Li Yun stood on the hillside and looked down at the entire villa, and couldn't help but sigh: "It's so big!"

The mountain villa in front of you can even be said to be a village, built around a lake at the foot of the mountain, combining Chinese and Western styles. There are both hard cement buildings and antique pavilions, finely carved and finely carved, flying gold and heavy colors, reflecting the lake light. Looking at the surrounding lights, it looked very beautiful.

Just from the luxury of Feihumen's residence, we know how much social status the whole arena occupies, and a huge amount of benefits have been earned by various companies.

"Huh, what is this! My Hidden Sacred Valley is even more...well, I won't tell you!" Qingzhu wanted to brag about his martial art, but he closed his mouth halfway through the conversation.
