Chapter 71: Thousands of attribute points

After Fang Xue left, Li Yun turned his attention back to the harvest of his trip.

"System, open three blue gift bags!"

With too many gifts open, Li Yun didn't have much sense of anticipation, so he directly chose to open them all.

"Ding, get a small experience pill*1, a small building foundation pill*2."

Sure enough, there was no good product, Li Yun had nothing to say, and directly ate the experience pill, and Zhu Ji Dan kept it for Li Feng and his sister Caixia.

Then, he added another attribute point, his experience points are now a full 20,000!

In the end, Li Yun's attributes rose a lot.

"Host: Li Yun.

Constitution: 1000 points.

Strength: 1000 points.

Spirit: 600.

Wisdom: 600 points.

Agility: 950 points.

Charm: 33.

Justice value: 260.

General experience points: 10,000.

Skills: elementary boxing, elementary inch boxing, intermediate serpentine step, god-level culinary skills, master-level computer knowledge, advanced singing, conquest, advanced steel and iron bones, advanced diamond fingers.

Owned items: women's panties, pens, ink tanks, god-level skill pill. "

Although 10,000 points of experience can only add more than 600 attributes, Li Yun is basically satisfied.

Converting his strength to the realm of ancient martial arts, it should be in the early stage of body tempering, close to the level of the middle tempering period.

However, Li Yun has high-grade steel and iron bones, his muscles and bones are very hard, and his attributes are fully developed. In actual combat, there is no problem in slinging against the strongest of the acquired world!

Going home happily, after checking the time, I was just ready to have dinner.

"I am back!"

Li Yun put the prizes he won and the jewelry he bought for Li Feng and the twin sisters on the table together, making the two sisters who came out of the room dumbfounded.

"Brother, brother, why did you buy so many things?!" Cai Wei asked in surprise.

"Wow, it's a game console, what brand is this? Ah, there is a 9th generation fruit machine, two 8th generation machines, and a Warwick mobile phone?!"

Caixia looked at Li Yun in surprise, "Brother, you spent a lot of money today, did you buy the mobile phone for us?"

Li Yun smiled and squeezed Caixia's cute face, "It's for you, but I didn't buy it."

"what?"

The three women were very puzzled. After listening to Li Yun's explanation, they were even more dazed for a long time, not knowing what to say.

Who believes that so many prizes were drawn in the game hall lottery draw!

"Okay, just leave it alone and use these prizes with peace of mind."

Li Yun assigned the 9th generation of the fruit machine to Li Feng, and the twin sisters each had the 8th generation of the fruit machine. As for Li Yun himself, a normal Warwick mobile phone was enough.

The three sisters were very excited. Under Caixia's bold leadership, one of them gave Li Yun an intimate kiss.

Of course, it's not between lovers, but between family members, the kind that kisses the cheek.

It's just that Li Feng and the twin sisters, and the three of them are not related to Li Yun. In addition, after Li Yun was frustrated by Fang Xue, after being kissed by each of them, they were more energetic and didn't talk a lot. Sentence is just an excuse to take a bath, relying on cold water to eliminate the inner flame.

"Why does my brother bend down and walk?"

Innocent Caixia asked curiously, turning Cai Wei flushed with shame, and quickly pulled the corner of her sister's clothes to signal her to stop asking.

As for Li Feng, she secretly laughed while covering her mouth, and she could see through Li Yun's current situation at a glance.

However, there is no way to help him now, so I can only find Li Yun after Caiwei and Caixia fall asleep at night.

Li Feng is still a little confident about the flexibility of his hands and feet.

After all, he has experimented on Li Yun many times.

Chapter 72: The opposition of Fang Xue's parents

Fang Xue left most of the prizes to Li Yun, and she returned home with a few plush toys.

Fang Xue's home is located in the top commercial villa area in Longyang County. It is surrounded by mountains and rivers and is close to the river that crosses Longyang County. The geographical conditions are unique. A villa here is worth 50 million yuan. above!

As for Fang Xue's home, this luxury villa with a rockery, garden, swimming pool and underground parking lot is 40% high and covers a large area. When Father Fang bought it, it cost a full 120 million yuan. Close to two billion!

The luxurious facilities, exquisite decoration, and beautiful environment are enough to make anyone who sees it for the first time in awe.

"Dad, I'm back!"

Carrying a lot of things, Fang Xue happily walked into the lobby of the villa. Her father Fang Huyu and her mother were waiting for her to come back for dinner.

Therefore, Fang Xue's happy appearance, and all the things in her hand fell in the eyes of the two!

"Xiaoxue, what are these?"

Holding on to Fang Huyu who wanted to inquire, Fang Xue's mother asked, her husband was very strict with her daughter on the surface, but she knew that it was precisely because she loved her daughter that Fang Huyu was so strict with Fang Xue.

"Hehe, Mom, these are the things I won with my...boyfriend today!"

Fang Xue hesitated, but finally spoke out, frankly Li Yun is her boyfriend and future husband.

"Naughty!"

Fang Huyu yelled, and Fang Xue shrank in fright, and Fang's mother hurriedly advised him to calm down.

But how can Fang Huyu calm down?

He is just a baby girl, but now he is abducted by a kid who doesn't know the origin, how can he not be angry!

"dad!"

Fang Xue plucked up the courage and began to defend Li Yun.

"Song and English scores?"

"Any hacking skills?"

"Strong fighting?"

"Very gentle?"

After listening, Fang Huyu's majestic face showed a disdainful smile, "Xiaoxue, you are not deeply involved in the world, you just see the surface, but you haven't seen the truth of the facts!"

"the truth?"

"First, two subjects have perfect scores, which means that the other two subjects are poor. When will he wait for his full scores in all subjects?"

"Second, how strong is the hacking technique? What is great is someone who writes code! This kind of person is everywhere in my company, your father!

"The third one is that the fighting is very strong? What if it is strong? Your dad and my company, there are more than 600 security guards alone, there is no lack of temperament that can block bullets, the masters of engraving and using infuriating are not the same as mine. Accept it?"

Fang Xue was still not convinced. Fang Huyu sighed and shook his head: "As for gentleness, there is a saying on the Internet that the gentleness of the poor is the least valuable! After you have suffered, you will know that the gentler man is better than But people who give you plenty of material life.

Besides, rich people don't necessarily have to be gentle, look at your father and me! "

Fang Huyu was quite proud, and Fang's mother pinched him quietly, causing a twist on his face.

Fang Xue bit her lip, snorted, turned her head, "After all, dad, you still think that Li Yun is not rich enough, you think poor and love rich!"

Fang Huyu was panicked when his daughter said this, but it was about her future, so she could only bite the bullet and shout:

"Anyway, in short, if you want me to admit Li Yun, you have to let him make a career! Otherwise, before that, you should not have too much close contact with him, let alone stay outside for the night!"

Chapter 73: Working classmate

"Humph!"

Fang Xue took a bunch of things he won with Li Yun and walked up the spiral staircase, making a grimace at Fang Huyu and said: "Smelly father, just wait, my boyfriend will definitely make you admire!"

The couple looked at them, and both showed helpless expressions.

Judging from the happy smile on Fang Xue's face when she talked about Li Yun, she was already very affectionate for the boy named Li Yun.

"When will the boy be invited to come home? Let's take a closer look at who he is?" Fang's mother turned her head and asked.

"no!"

Fang Huyu firmly disagreed, but he still felt sorry for his daughter in the end, and said relaxedly: "At least until the **** has made some extraordinary deeds, I won't recognize him!"

Mother Fang sighed slightly. Fortunately, she believed that she was well-educated and Fang Xue would not spend the night with others casually.

Just being in love is not too bad.

At 7 o'clock in the evening, Li Yun came to the food stall again and heard from the boss that he had found a replacement for him. Li Yun went to settle his salary today.

Although he no longer paid a few thousand yuan in his eyes.

"boss!"

After stopping the bicycle, Li Yun greeted the boss, and the next moment, he heard a familiar girl voice: "Li, Li Yun?"

"Xiao Li?"

Li Yun looked at Fan Xiaoli who was helping her boss in surprise, "Are you a new employee hired by the boss?"

She is a classmate of Li Yun, but there are not many intersections. In Li Yun's impression, Fan Xiaoli's family is not good, and she is not too keen on studying. She decided not to go to university early, and went there when the high school meeting was over. Part-time job in Zhonghai City.

"Um."

Fan Xiaoli's face was a little bit shy, and Li Yun still saw a trace of embarrassment in her eyes. It seemed that something happened that caused her to have to go out to work.

The lady boss was also very surprised when she learned that Fan Xiaoli was Li Yun's classmate. She even said it was a kind of fate, which made Fan Xiaoli embarrassed again.

Li Yun shrugged, he had no idea about Fan Xiaoli.

Although Fan Xiaoli's appearance is not bad, she is not bad in appearance, but compared with Li Feng and Fang Xue, it is not even a bit different.

Fan Xiaoli is not even a class flower, but Fang Xue and Li Feng, two girls who are closely related to Li Yun, are the school flowers of Zhicai High School. There is no third girl who can compete with them!

"Li Yun, have you been working here for a long time?" Fan Xiaoli asked if she wanted to ease the embarrassment.

"It's okay, it's been a year or two, thanks to the boss for taking me in!" Li Yun smiled.

"Where and where."

The boss hurriedly waved his hand, "Xiaoyun, you are so good at cooking now, you can get a salary of tens of thousands of dollars in the future. No, it should be said that if you open a store in the future, you will be enough to defeat the reputation of King of Food A five-star hotel!"

Fan Xiaoli's eyes widened. What is the boss talking about?

Li Yun defeated the King of Food? Who is the King of Food?

Will he be able to pay tens of thousands of dollars at will in the future? Can you support a five-star hotel?

Fan Xiaoli looked at Li Yun with shining eyes. It seemed that from the time when he defeated Lu Shan, as if he had changed people, if he hadn't been in the same class with him for two years, Fan Xiaoli would really dare not recognize him!

"Boss, here's a piece of fried noodles...hey, wait? I'm Cao? The God of Cookery is there? God of Cookery, I want a portion of fried noodles. It doesn't matter if the price is three times more expensive!"

"What? The God of Cookery is here tonight? Bring me three dishes, two meats and one vegetarian, all cooked by the God of Cookery!"

"Me, and me, I want five skewers of lamb barbecue!"

"Brother God of Cookery, give me a stir-fried lamb, please!"

Chapter 74: Xue Boss

Fan Xiaoli was stunned as the crowd rushed to see the crowd. Not long after, the food stalls with only three or two people suddenly became full and lively. There were even many people standing on the street, craned their necks and looked greedy. While Li Yun was cooking, he anxiously waited for an empty seat.

It can be seen that Li Yun, who has the title of God of Cookery, is so popular!

The God of Cookery Li Yun!

When Fan Xiaoli heard this title just now, she looked disapproving, but now, judging from the fragrance of Li Yun's cooking and the enthusiasm of the diners, Li Yun deserves the title of God of Cookery!

"It's amazing! Li Yun, how did you do it?" Fan Xiaoli said to him enviously while she was fighting, her eyes seemed to show some love.

"so so."

Li Yun humbled, "I learned a little by the way when I was working."

In fact, it's all due to the system. Li Yun didn't really learn much. After all, he was already choking on miscellaneous work and didn't have so much time to learn cooking.

Fan Xiaoli's eyes were gleaming, as if she had found the direction of her future efforts.

During the small talk, Li Yun kept his hands free, made a few more dishes, and was about to leave.

At this moment, there was a chaotic yell.

"Has the God of Cookery come?"

"Keep out of the way, our boss Xue comes here to eat, and get out of the way if you don't want to die!"

"Rolling, our boss has booked out the venue today!"

"You are paralyzed and told you to go away!"

A fierce black-clothed thug, surrounded by a man who was slightly short and thin, with sharp and cold eyes, was about forty years old.

The black-clothed thugs yelled while pushing the crowd to make way for their boss. Several people who could not dodge were knocked to the ground by them, and the scene suddenly became chaotic.

"Everyone, bosses have something to say!" The boss hurried out to entertain them, crying to himself, but he also understood one thing.

It is difficult for Xiaochi to have a dragon, and the small temple does not provide for the big Buddha. Although Li Yun's existence will bring traffic to his food stalls, it will also bring a lot of unnecessary trouble.

"Boss, go away!"

Brother Tiger, who used to come here to eat before, yelled, and then respectfully smiled at the lean boss: "Boss, this is Li Yun, who has defeated Zhou Chunyong, the king of food, and has been awarded the title of God of Food. The fried dishes are so **** good. Eat, absolutely not deceiving!"

He pointed to Li Yun and said, several thugs around him nodded repeatedly to prove that Brother Tiger was right.

Li Yun's face was calm, and more than 20 black-clothed thugs were staring at her, but she didn't see the slightest panic. Fan Xiaoli became more surprised, and she couldn't help but want to escape. She barely stayed after seeing the calm and composed Li Yun.

These **** hands are too scary!

"Xiao Li." Li Yun continued cooking.

"what?"

"Tomatoes are almost gone, go and wash some more!"

"..."

Fan Xiaoli is about to collapse. Is it time to cook now? Li Yun, didn't you see these little gangsters staring at you?

Everyone was stunned by Li Yun's attitude!

Being watched by a group of thugs, but still able to cook leisurely and leisurely, you simply don't treat this group of people as human beings!

"it is good!"

The boss of this group of black thugs, Xue Ji yelled, clapped his hands and applauded Li Yun, with a surprised expression on his face, and said: "As expected of the God of Cookery, what is professional? There is no point in cooking. Heart, do one thing wholeheartedly, this is called professionalism! You all learn something!"

He said the last sentence to the next step, and Hu and the others nodded quickly.

Chapter 75: Ding, a skill Dan

Li Yun smiled faintly, and said: "If you want to eat, you can line up, but I will leave after cooking a few more dishes."

"The God of Cookery said it."

Xue Ji smiled freely and asked Brother Tiger: "Little Tiger, go and see how many people are waiting now? Hurry up and queue us in, lest we can't eat the food that the God of Cookery makes by himself!"

"Boss?"

Brother Tiger looked dumbfounded, when did they queue up for dinner?

"I'm asking you to check it out!" Xue Ji smiled and patted Brother Tiger on the shoulder, "Look at who dares to line up to eat in front of me, Xue Ji, understand? Little Tiger!"

"Understood, Understood!"

The stout Brother Tiger was shaken by Xue Ji's slap and almost fell to the ground with cold sweat on his forehead. He hurried out and shouted to the people around him: "Who the **** wants to eat? Of? Stand up!"

Of course, no one dared to stand up.

Brother Tiger snorted in satisfaction, ran back again, nodded and said to Xue Ji: "Boss, no one wants to eat, now you are alone in the queue!"

The boss and the proprietress both dared not talk anymore, and kept winking at Li Yun and asked him to cook some vegetables for Xue Ji.

Fan Xiaoli stared at Brother Tiger for a long time, and suddenly became stiff, as if she recognized who he was.

Li Yun was indifferent, sautéed the last bean sprouts and put it on the plate. He heaved a long sigh of relief. He looked around and sighed and said, "Boss, I'm leaving. I will come back if I have a chance. Check it out."

The black-clothed thugs were taken aback, and Brother Tiger's eyes stared out.

Their boss has already stood in front of him, but this kid actually said to leave? !

"You fucking!"

Brother Tiger was about to get angry, but Xue Ji waved his hand, motioned him to shut up, and smiled: "The God of Cookery is worthy of being the God of Cookery. This demeanor, this aura, this pomp is much better than my little boss!"

"But." Xue Ji's conversation turned cold, his tone became cold, and he said: "My face is also given, and the truth is said. If someone refuses to give me Xue Ji's face, I am afraid it will be difficult for me to do it before my hands. No more this boss!"

The black-clothed thugs stared at Li Yun intently, as if as long as Xue Ji gave an order, they would rush to beat Li Yun violently.

"Ding, trigger the option event, please choose from the host:

Option 1: Follow the chef's professional ethics, cook for Xue Ji, and reward a skill pill.

Option 2: Refuse to cook for the casino boss Xue Ji, and scold the opponent as trash and scum. The reward is 10 for justice, a random advanced martial arts book, 5000 experience points, and charm +3. "

Li Yun was taken aback, the system really gave him a multiple choice question this time!

Regardless of the choice, Li Yun recognized the reasons listed in the system, and the rewards were not bad.

Simply put, it is a choice between professional ethics and justice.

"Xiaoyun!"

The boss winked at him desperately from the side, and the lady boss also showed horrified eyes.

Forget it, there are opportunities to teach Xue Ji.

Li Yun made a decision in his heart. Pointing to the dishes that he had just made, he said to Xue Ji: "If you drive people away, then these dishes are yours."

"You fucking!"

Brother Hu wanted to get angry again, this kid was completely ignorant, their boss came to this small restaurant to eat in person, but Li Yun refused to cook a few dishes for the boss himself?

"Ding, the host has made a choice, and the reward (a skill pill) has been issued!"

Chapter 76: You have so much face

Li Yun clicked the corner of his mouth, and he understood the meaning of the system.

The morality of the chef is to serve the cooked dishes to the guests. They can't make the dishes, but throw them away, which is a waste!

Now that the rewards are completed, Li Yun doesn't have to talk to the group of people, clapping his hands and laughing: "You guys love to eat or not. Today, my cooking task has been completed, and I won't be cooking here anymore. This is your last. I have a chance to eat the dishes I made!"

The onlookers did not know what to say about God of Cookery.

In the face of a group of fierce thugs, how much courage it would take to say "I love to eat or not"!

The scene was audible, and everyone was waiting for Xue Ji's response.

"it is good."

Staring at him with a cold and fierce look for a long time, Xue Jicai popped a word from his mouth, turned around and sat down without saying a word, and motioned to Brother Tiger to bring the food.

If these dishes are not delicious, he must interrupt this arrogant boy tonight!

"Xiao, Xiaoyun, this!" The boss stammered in fright, his face full of panic.

"Don't worry, I'll take care of it!"

Li Yun waved his hand and motioned the boss to back away. He sat opposite Xue Ji and watched the casino boss eat.

Xue Ji glanced at Li Yun calmly, picked up a few bean sprouts with his chopsticks and put them in his mouth, chewed carefully, his eyes lit up, and he shouted: "Okay!"

This is the third time he has spoken good words since he came here, but this time, it was obviously from the sincerity.

Xue Ji was completely impressed by Li Yun's cooking skills, and couldn't wait to gobble it up.

"The craftsmanship of the God of Cookery is really good! It's delicious, it tastes delicious!"

As Xue Ji ate, he praised them greatly, causing the black-clothed thugs who surrounded Li Yun to drool, looking greedy at the deliciously colored and flavorful home-cooked dishes on the table.

"It's so delicious? The boss is so exaggerated!"

"It is estimated to be true. The boss has been to the Venado Hotel in Zhonghai City for dinner, and the boss of well-known chefs has eaten it!"

"I really want to eat it too!"

After drinking and eating, Xue Ji gave Li Yun a thumbs up and warmly praised: "It's worthy of being a **** of cook. The cooking is nothing to say. Being a chef in such a small restaurant is completely overkill."

"I have resigned." Li Yun said lightly.

"Oh? Resigned?"

Xue Ji nodded and said mildly: "Quit, OK. Let me find a job for you. First go to my place as a chef. From now on, I will open a hotel and invite you to be a chef and pay you two wages a month. Million, there are stock dividends, what do you think?"

A monthly salary of 20,000 yuan!

Fan Xiaoli glanced at Li Yun enviously. The boss had made no mistake before, and Li Yun was able to get tens of thousands of yuan in salary casually.

"Ding, trigger the option event, please choose from the host:

Option 1: Accept the invitation of Xue Ji, reward 10,000 points of experience, advanced management, advanced escape skills, and the future host will probably stay in jail.

Option 2: Reject, reward 10,000 points of experience, a random advanced martial arts book, the future host will follow the steps and reach the pinnacle of life! "

Li Yun looked embarrassed, what are these messy options?

The option given by the system means that Xue Ji will be held in jail in the future, so he is implicated and is also squatting in jail?

However, with Li Yun's personality, how could he choose to follow others, let alone be under someone like Xue Ji!

"hehe."

A sarcasm smiled at Li Yun's mouth: "What are you? You invite me with such a big face?"

Chapter 77: Slashing wind sword technique, learn now and use it now

"Ding, the host has made a choice, and the reward (10,000 points of experience, advanced martial arts: Swordsmanship of the Wind) has been issued!"

Except for the system prompt that rang in Li Yun's mind, the entire food stall was silent.

Everyone was stunned by Li Yun's words!

He actually dared to call Xue Ji not something?

No, their boss is a thing, not right, their boss is not a thing...

Brother Hu's mind is blank. He has been with Boss Xue for two years, but in Longyang County, no one has yet to dare not give Boss Xue a face, let alone in front of the Boss, cursing him is nothing!

The expression on Xue Ji's face changed, and finally he let out a cold voice: "Okay!"

"okay."

Li Yun interrupted him and said impatiently: "You have said it three times. This is the fourth time. If you haven't read a book, you will say this? If you have no education, you must study hard. Don't be like a fool. Shout like!"

The onlookers took a step back in horror. Some of them had already picked up their mobile phones to call the police, because the God of Cookery was already crazy and actually provoked this group of black thugs in person!

"Stupid, stupid?"

Xue Ji was trembling with anger. Since he was thirty years old and became a body tempering realm martial artist, no one has ever dared to do this to him!

"Yes, you're a fool." Li Yun smiled faintly.

"you wanna die!!!"

Xue Ji's eyes seemed to be able to spit out fire, and he shouted angrily, stretched out his hand to lift the table, and slammed it at Li Yun fiercely.

Li Yun's pupils shrank, and with his super-physical attributes, he could clearly see the picture of the wooden table slowly turning in the air. It seemed that after his physique was broken, his body had undergone earth-shaking changes.

The vision becomes sharper, the nerve response becomes faster, and all human functions have been greatly strengthened!

"Inch punch!"

Li Yun, who had gained confidence, did not hesitate. He punched the table that was tumbling in the air. With a loud bang, the wooden table was broken with a big hole with his punch. Then, his fist joined the table, fiercely. Hit Xue Ji's body.

But Xue Ji is not a vegetarian. He has been out to mix with society for many years, and he has already practiced fighting skills.

He didn't panic right away, and after a loud shout, he crossed his hands and blocked Li Yun's punch with his wrists, his body stiffened against the wooden table, smashing it into pieces!

"boom!"

The poor wooden table was sandwiched between the two masters of Body Tempering Realm, and it only lasted for a round to declare its end of life. After it burst open, the sawdust was scattered all over the ground, and the audience was dumbfounded.

"If this Nima hits a person with a punch, I'm afraid the bones will be broken!"

"I'm sure that the God of Cookery is from the legendary Guwu family!"

"I'll go, God of Cookery is not only good at cooking, but also better at martial arts!"

"Okay, beat him, the God of Cookery beats his eggs!"

With a punch on the wrist, and the people next to him booed and cursed, Xue Ji almost crushed his teeth, staring at Li Yun angrily, and shouted murderously: "Fuck me, give it to me. The kid was killed in the street! Grass!"

"superior!"

"kill him!"

"Call me!"

More than 20 black-clothed thugs, together with Brother Tiger, took up the stools and wine bottles beside them, as well as the few steel pipes they brought, and they killed Li Yun together, all showing fierce expressions, as if they would not You won't give up if you are killed.

"Hehe, just now I praised the delicious food I cooked, and now I'll turn my face in less than three minutes, let me teach you how to be a qualified diners!"

A gleam of light flashed in Li Yun's eyes, and he stepped forward to grab the wrist of a black-clothed thug, and hid the steel pipe in his hand.

"Wind Slashing Sword Technique!"

Chapter 78: You are left, Boss Xue

The Slashing Wind Sword Technique is the strongest martial arts technique Li Yun has obtained. Just like the word wind in its name, this set of sword techniques is completely known for its swiftness.

The first type chasing the wind to chase the moon, the second type rushes the wind and the grass, and the final killer moves the wind and breaks the moon!

Although this set of swordsmanship only has three moves, one move is faster than the other, and the other is stronger than the other. It fully utilizes the speed to the extreme, without any extra bells and whistles, just fast!

Almost to the limit!

Li Yun changed all his 20,000 experience points into attributes, focusing on his agility, making his agility points soar to 1,500 points, his physique and strength each reached 1,200 points, and his speed was more than doubled!

"Chasing the wind and catching the moon!"

"The wind and the grass!"

Li Yun held a steel pipe instead of a sword. After rushing into the crowd, he repeatedly used the first two strokes of the wind-slashing sword technique, sweeping the audience like a whirlwind, and black-clothed thugs fell to the ground as they passed.

Either clutching his stomach cramps, or holding a thigh that seems to be broken, rolling back and forth in pain.

Every time the steel pipe in Li Yun's hand was shot, he would hit a black-clothed thugs and beat them to the ground. After a few strokes, they were all put to the ground by Li Yun, making everyone around him dumbfounded.

"This!"

Brother Tiger's jaw was scared off. Last time he wanted to trouble Li Yun. Now think about it. Fortunately, he didn't take the initiative to take the initiative. Otherwise, he might have his head broken by Li Yun with a stick. Now he can't get up in bed. !

"Brother Tiger."

Li Yun knocked the steel pipe in his hand, and said with a faint smile: "For the sake of helping me teach others the last time, if you let go now, you can save yourself a meal!"

Brother Tiger swallowed. The last time he accidentally helped Li Yun teach others, he did not expect to be a blessing in disguise this time, but saved him once.

However, Boss Xue is still with him, so how does this make Brother Hu choose?

"Boss Xue, go away!"

Brother Hu yelled, while rushing over in a messy manner, while desperately giving Li Yun a look, begging him to let him go.

"boom!"

Li Yun tapped Brother Tiger's head casually, and Brother Tiger snorted and fainted to the ground.

Seeing Brother Tiger being taught by Li Yun, Fan Xiaoli let out a bad breath and let go of her clenched fists.

"You are the only one left, Boss Xue."

Li Yun looked at the only person standing in the field, Xue Ji with a joking expression.

His face was so gloomy at the moment that Xue Ji had no idea that Li Yun was not only good at cooking, but also amazing in his ancient martial arts!

At the age of less than twenty, he became a master of Body Tempering, which made Xue Ji very jealous, who had only worked so hard to achieve this achievement at the age of thirty!

"Boy, what do you want?"

Xue Ji swallowed his anger and decided to withdraw for the time being today, and find someone to take care of this kid in the future!

He Xue Ji is not just relying on it, he also has several casinos distributed in Longyang County, enough to invite some masters to kill Li Yun!

"How about it?"

Li Yun smiled faintly, "Why didn't you mention this sentence when you came so aggressively and drove my guests away? Now that you become a lonely person, you came to beg for mercy, don't you think it's a bit late?"

"you!"

Xue Ji's clenched fists rattled and looked at Li Yun with fierce eyes: "Don't think that you will eat me today, huh!"

"Li, Li Yun."

Perhaps it was because Fan Xiaoli had the courage to stand up after seeing Brother Tiger being knocked down, she cowered and said, "I, I... that, Li Yun, don't let them go!"

Chapter 79: Stand and let you hit

"Huh?" Xue Ji smiled back, and now a little girl looks down on him?

"What's the matter?" Li Yun frowned and asked, "You seem to have a grudge with Brother Tiger? I have been watching him before I see you."

"um, yes!"

Fan Xiaoli took a deep breath, slowly telling what happened.

It turned out that Fan Xiaoli had to go out to work because she had no money in her family.

Her father has been around for many years, and the family's income mainly depends on Fan Xiaoli's mother.

Originally, Fan Xiaoli's father had nothing to do with each other, and the family was barely able to maintain it, but recently, her father was tricked into becoming addicted to gambling and lost 200,000 yuan overnight, causing the already fragile family to collapse instantly.

"That day, Brother Tiger!" Fan Xiaoli pointed to Brother Tiger who was slapped on the ground by Li Yun, and said bitterly: "He took people to my house and snatched all the furniture from my house, and said It was to pay off the gambling debt. My mother tried to stop it, but was pushed by them and beat her head to bloodshed!"

"Um?"

Li Yun frowned slightly, and the steel pipe in his hand fell unceremoniously on Brother Tiger's head, and shouted: "Don't pretend to be dead, let me see what your Brother Tiger has, how dare you oppress ordinary people!"

Brother Tiger, with his eyes closed, was sweating in cold sweat. After Li Yun knocked on his head again, he knew he could no longer pretend to be dead, so he quickly turned over and knelt on the ground and banged his head:

"Big brother, I was wrong!" Brother Tiger was already frightened by Li Yun's wind-slashing swordsmanship, and said in a panic: "It's all because of Boss Xue who asked me to collect debts, so I went to this little girl's house. !"

"Then why are you treating my mother so harshly?" Fan Xiaoli asked angrily.

"This..." Brother Tiger said with a mournful face: "Big Brother, I can't collect my debts, and I will be taken by Boss Xue when I go back..."

He glanced at Xue Ji, who smiled coldly, causing Brother Tiger to shrink again in fright.

"When I clean up Xue Ji, I will clean up you again."

Li Yun kicked Brother Tiger, kicked him aside, and said proudly to Xue Ji: "Originally, there was no hatred between me and my classmates, but the casino you opened disturbed my classmates, so I couldn't help but let him go. I will teach you a lesson!"

"hehe."

Xue Ji smirked, "You kid really thought you were going to eat me like this? Okay, today I will let you know that Xue Ji has been in Longyang County for so long, and I didn't get a false name!"

After speaking, he shouted, his muscles bulged explosively, and his clothes were bursting, revealing his lean and strong upper body.

The crowd around the audience exclaimed, they did not expect that the lean Boss Xue's muscles were so developed!

"Huh!" Xue Ji was quite proud, but after seeing Li Yun's still calm expression, his face quickly became gloomy.

Li Yun hooked his finger at him and said with a smile: "Come on, let me see what your skills are like!"

"you wanna die!"

Xue Ji violently jumped into thunder, and slammed his feet on the ground. With this huge reaction force, he rushed towards Li Yun like a wind.

At the same time, swinging his fists and hitting Li Yun's abdomen!

"Boom!"

"what?!"

Xue Ji was taken aback. He tried his best to punch Li Yun with two punches. The opponent didn't move. Instead, Xue Ji was shaken to his fist and almost broke his wrist.

Everyone's eyes widened in disbelief, Li Yun forcibly blocked Xue Jili's two infinite punches!

Chapter 80: Hit you

The high-grade steel and iron bones are really strong, and the body tempering state that is hard to resist the simultaneous repair is no problem at all!

When Li Yun came to the conclusion, a joking smile appeared at the corner of his mouth: "Boss Xue, why are you so strong and didn't eat? It seems that the dishes I cooked just now are not delicious, which made you lose the strength."

"If that's the case, let me spit out what I ate just now!"

Li Yun's tone turned cold, and he kicked unceremoniously, hitting Boss Xue's abdomen, kicking him high, bowing his body like a shrimp.

Immediately afterwards, Li Yun flew another kick and kicked Boss Xue who was in mid-air. Blood spurted from his mouth. He flew upside down five or six meters away and hit the food stall table. The meals left by the guests he drove away poured him unceremoniously.

How embarrassed the appearance is!

"I'm going to kill you!"

Old Xue was desperate and roared, struggling to get up.

The corner of Li Yun's mouth twitched. He seemed to be a master of Body Tempering Realm, with outstanding resistance to fights.

He didn't feel relented immediately, and walked over and stepped on Boss Xue's stomach. The tremendous strength made him completely lose the ability to resist, and he opened his mouth to vomit out all the food he had just eaten.

"Have you taken it?" Li Yun said lightly.

Needles falling around can be heard.

The black-clothed thugs knelt on the ground, their heads drooping, and they did not dare to have any resistance.

Li Yun alone abused more than 20 of them, including Boss Xue!

This strength has exceeded their imagination of the martial artist, now who dares to refuse to accept it?

Fan Xiaoli was very excited, clenched her fists, staring at Li Yun unblinking, her eyes full of admiration.

She felt very regretful. If she had known that Li Yun was so handsome and so strong, she would have taken the initiative to chase him when she was sophomore in high school!

It's a pity that Li Yun and Fang Xue are closely related now, and she will send it to the door now, and Li Yun won't even want it.

"Give you a choice."

Li Yun said to Xue Ji, who shut up and pretended to be dead, "compensate for the loss of the boss and my classmates, then get out, and no more troubles in the future! Otherwise, I don't mind letting you lie on the bed for the rest of your life!"

"You!" Xue Ji was furious and roared: "Fucking debts to pay off, why do I...puff!"

Before he could finish a sentence, Li Yun kicked his feet on his stomach again. The kick made Xue Ji spray blood again, and he almost didn't heal his breath.

"Why? Just because I am Li Yun!"

Li Yun shouted coldly: "If you say half a word, I will make you look good immediately! Choose, lose money, or let me interrupt you for three seconds."

"one."

Everyone started breathing quickly, and the black-clothed thugs turned pale in fright. They had seen a lot of cruel men, and they had used steel pipes to fight with people, but they had never seen Li Yun at such a young age, yet able to kill. Ruthless person who decisively stepped on someone's hands and feet?

"two."

Xue Ji stared at Li Yun fiercely.

"three."

With the three-character exit, Li Yun lifted his foot without hesitation.

"Wait, big brother, wait!"

Brother Tiger timidly stood up and smiled at Li Yun: "Brother, we are willing to lose money, don't be angry!"

Having said that, he hurriedly persuaded Xue Ji and asked him to take out the money to compensate him, and I'll talk about it tonight.

The corner of Li Yun's mouth twitched. This tiger brother is quite powerful. He can pretend to be dead, judge the situation, talk about loyalty, and know how to reach out and not beat the smiley person. He is better than Xue.
