

Godly Choice 741

Chapter 741: Pour Yulianyi

Things didn't develop as the maids expected. Even if Li Yun wanted to do it, Qingyu and Lianyi would not be so ridiculous.

Therefore, Li Yun just came to the small living room on the third floor and had a brief chat with them.

"Qingyu, sorry."

Li Yun apologized to explain why he didn't come. Gong Qingyu had guessed his thoughts a long time ago, so although he was very angry, he quickly forgiven him.

"Really, always do it yourself!"

Gong Qingyu looked at him with enthusiasm: "Fortunately, I know you will read the text messages before you go to bed, so I force you to come to me, or else...huh!"

She wrote in the text message that if Li Yun does not come, she will not sleep tonight.

Li Yun gave a wry smile and shook her little hand to apologize.

"Li, Li Yun." Gong Lianyi's face was blushing, "What did you do tonight? Why are you free now? Are you busy?"

"Is it related to the Six Demon Sects?" Gong Qingyu looked at him tightly.

"Um."

Li Yun nodded, and briefly told them about today, no, it should be yesterday.

Before the two women had time to ask more questions, Li Yun smiled and patted Qingyu's fragrant shoulders and said, "Okay, it's good if you know this. Come here tonight and we'll talk about it tomorrow morning."

If he didn't say it, the two women would be so worried that they couldn't sleep, so they might as well say it.

"Alright, Li Yun, are you tired too?" Gong Lianyi kept holding the Baifu Peachwood Sword that Li Yun gave her. Because this peachwood sword had an early warning function, she was not really worried about someone coming to attack.

She said with concern: "I'll put hot water for you, wash your body before going to bed."

Li Yun smiled and nodded in agreement. Lian Yi's personality was gentle and watery, like a wife who cared about her husband, thinking very thoughtfully everywhere.

"OK then."

Gong Qingyu stood up, glanced at Li Yun sideways, and said slightly jealous: "I will go to bed and I won't accompany you. Your room is next door."

After speaking, she left. Before leaving, she took a look at Aunt Lian.

Gong Lianyi's face blushed instantly. How could Li Yun not know that this was the time Qingyu specially left for him?

Gong Lianyi really didn't know how to face Qingyu's humility, but Li Yun smiled slightly and walked to this beauty with a fox-like appearance, gently raised her chin, and looked straight at Gong Lian Yi's eyes.

"Lian Yi."

Li Yun's gentle voice caused Gong Lianyi to immediately abandon her worries just now, she just wanted to plunge into his arms and feel the temperature of his chest to his heart's content.

"Li, Li Yun."

Without saying more, Li Yun hugged her soft waist, and gently kissed the red lips of this beautiful woman with a fox-like appearance but an elegant and ladylike temperament.

Gong Lian looked at him drunkly, and called out softly: "Li Yun, I..."

"What am I? I want more? Come."

"Well."

After a long time, Li Yun put Gong Lianyi, who was soft and weak, on the sofa, shaved off her little nose, and smiled: "Okay, I'm going to take a bath, and you go to bed earlier."

Staying longer, it won't be that simple to end.

".....Um."

After Li Yun left, Gong Lianyi stroked her hot cheeks, tightly a simple kiss, which already made her addicted. If in the future... go further, how will she be ashamed?

Thinking of this, Gong Lianyi became more shy, waited for her body to recover a little bit of strength, and hurriedly fled from here, not daring to stay any longer.

Chapter 742: Eat breakfast

I slept in a bungalow worth tens of billions for one night. When I got up at nine in the morning, Li Yun was refreshed. After he was washed, he came to the first floor and saw two beautiful women, like flowers and jade, downstairs, close to each other side by side. Leaning together to watch TV.

"Qingyu, Lianyi, early!"

Li Yun smiled and greeted them. Gong Qingyu leaned his head on Lian Yi's shoulder. Obviously, the two of them had a very good relationship, such as sisters or mother and daughter, and they were very close.

"It's too early, big lazy pig." Gong Qingyu put his arms around Aunt Lian's waist, quickly kissed her on the face, and said triumphantly: "Your Lianyi is waiting anxiously to death, and he is about to be killed. You still get up if you take it away!"

"Snatched? You?"

"Hmph, of course, Aunt Lian was mine~" Gong Qingyu wanted to kiss again to show his sovereignty, but Lian Yi blushed and refused, and nodded her forehead, saying in shame: "Xiao Yuyu, Don't mess around!"

"Woo, Aunt Lian doesn't want me if she has a man she likes, Xiao Yuyu is so sad~"

"No, you are not sad, you little villain!"

The two women laughed and joked, the beauties played and were always pleasing to the eyes. Li Yun ate some breakfast while appreciating, and the two women blushed and stopped to tidy up their messy clothes.

Fortunately, there are no servants and maids around.

"Li Yun." Gong Lian looked at him with some worry: "Are you tired last night? You didn't get up until now."

The martial artist of the acquired and congenital realm, but generally sleeping for four or five hours is enough, but Li Yun slept for that long.

"Fortunately, last night I used a little more divine consciousness, oh, by the way, I have reached the innate!"

"Are you born?!"

Both women were very pleasantly surprised, especially Gong Lianyi, who stood up and came to Li Yun's side, holding his hand in his arms excitedly.

Li Yun's breakthrough to the innate means that they are more likely to be recognized by the palace family.

Li Yun picked two golden flowers from the palace family and wanted to truly gain the recognition of the elders in the family. God knows how much resistance he will encounter!

"I arrived not long ago, and I also got divine consciousness." Li Yun smiled, and scratched Gong Lianyi's little nose, making the latter squeak, very cute.

Li Yun actually likes to play tricks on Gong Lianyi. Although she is in her early thirties, she has never been in love, and her personality is like a girl. Because of her early birth, she also looks like a woman in her twenties.

What's more special is that Gong Lianyi actually looks particularly seductive, with a hot body, and when her eyes are full of sentimentality, she is even more fascinating.

But Gong Lianyi just used the fragrance of books to cover up her seductiveness. In normal times, few people found her charming appearance. Only when Li Yun kissed her like last night and moved her, Gong Lianyi would show her. That very charming, coquettish and moving posture.

"Is Divine Mind really that magical?"

Gong Qingyu asked curiously. She knew that Li Yun was the innate who made a breakthrough from the day after tomorrow. When she heard the driver's report, she and Aunt Lian were shocked.

"You have a vanity case in your pocket and a dagger on your thigh."

"Ah?!"

"In addition, there is a box in your other pocket with the pill that I gave you?"

"what!"

Gong Qingyu was so shocked that she clasped her arms tightly, her whole body was almost completely wiped out by Li Yun!

Gong Lianyi was stunned. Although she didn't mind being viewed this way by Li Yun, if someone else had mastered this ability...

Chapter 743: Split action

Seeing that both women had personally experienced the function of Divine Mind, Li Yun smiled and said: "Don't worry, Divine Mind can't see the internal condition of Houtian Realm. In addition, I can't see...the flesh, it's like an X-ray. The general situation, you will not be exposed."

Except for her husband and husband, no one can see the girl's body!

Hearing what Li Yun said, the two women were relieved, but they still had lingering fears. The magical effect of divine thought was extraordinary, and this thing was too threatening to people!

Fortunately, they have Li Yun on the side to guide them, otherwise they would not even understand how to defeat the practitioners.

Gong Qingyu looked at Li Yun with an admiring look. The person she liked broke through to the realm of Houtian Dzogchen. This is the supreme realm that no one has ever reached, which is only a legend in the world.

Not only did Li Yun reach it, but he also broke through his innate ability to obtain a powerful spiritual power, possessing such a magical thing as divine consciousness!

"It's a pity that I have broken through two years earlier." Gong Qingyu said, looking at Li Yun with enthusiasm. She also wanted something like Divine Mind.

"There will be in the future."

Li Yun smiled and squeezed her cheek lightly, it was smooth and round, and the touch of the girl's skin was first-rate.

"Divine Sense is not unique to the acquired Dzogchen, you can have it when your realm is reached in the future!"

"Those pills?"

Gong Qingyu immediately thought of this thing. The pill that Li Yun gave her was very magical. She could feel that her cultivation was going more smoothly, and she might be able to break through to the master realm in the future.

Thinking of her happiness, she couldn't help but leaned forward and gave Li Yun a fragrant kiss, then blushed.

Gong Lianyi on the side looked very shy and charming. Li Yun hugged her, and in her exclamation, he gave her a kiss.

"Bad guy! Big bad guy, big-eyed. Ghost! You know how to bully Aunt Lian!"

Seeing Gong Qingyu's puffed cheeks, Li Yun went to kiss her again. Gong Qingyu screamed and wanted to escape, but Li Yun grabbed his hand and pulled it directly into Li Yun.

Hug left and right, enjoy the beauty of the world.

A breakfast became lunch. During the period, the two girls didn't know how many kisses they had been kissed. In the end, Gong Lianyi was shy and hugged a pillow to hide aside. The autumn waves in the eyes were so embarrassed that Li Yun let them go and started. Talk about business.

"Ahem!"

Li Yun sat on the sofa, and the two golden flowers of the Gong family sat in the distance, resolutely not giving him a chance to get close.

"Qingyu, Lianyi, I'm going to go around Zhonghai City with Liao Hua in the afternoon, maybe it will be very late to come back."

Several counties under the jurisdiction of Zhonghai City, as well as several factories and places in the suburbs, have been placed with gloomy wood. The cleanup activity has started last night. Liao Hua is responsible for sending people to remove all the gloomy wood in the known locations. Collect all of them back.

It should be noted that the gloomy wood of the spell cannot be stacked, so as not to resonate and cause evil spirits to be stimulated.

In addition, this is only the location He Canghu said, and Li Yun has reason to suspect that the Six Demon Gates have more places to put gloomy wood!

"I'll go with you too!"

Gong Qingyu said immediately, staring at Li Yun with big eyes, for fear that he would not agree.

Li Yun nodded and looked at Gong Lianyi again. The latter hesitated and said softly, "I will stay at home. Someone needs to sit down at home."

"it is good."

After thinking about it, Li Yun agreed. Gong Lianyi was born in the late stage of cultivation, holding a Baifu peach wood sword, and the nearby downtown area, the people of the Six Demon Gates did not dare to mess around.

Chapter 744: Change

"Then let's go!"

Gong Qingyu said rather impatiently, acting with Li Yun gave her a sense of expectation.

The two bid farewell to Gong Lianyi, got in an ordinary jeep, and drove towards the outskirts of Zhonghai City.

The driver who drove was the one who sent Li Yun back last time. He was forty or fifty years old and loyal. He has served the palace family since his ancestors.

The jeep seemed ordinary, but Li Yun touched the window and knew that the two jeeps were modified, and ordinary blocking guns could not break this kind of tempered glass.

"Last time you had an accident on the highway, Aunt Lian and I were very worried."

The two sat in the back seat, Gong Qingyu took Li Yun's arm and said, "So Aunt Lian decided to order a reinforced car, just for you!"

Li Yun was very moved, holding her little hand and saying some sweet words, Gong Qingyu was very happy to hear it, but the driver driving in front was ashamed.

The young lady used to be very cold, acting a little eccentric, and often making strange decisions.

For example, go to Li Yun's press conference to make trouble.

As a result, after being defeated by Uncle Li Yun, she became more and more gentle and polite, just like the little girls in ordinary love. The changes were too great.

But for Li Yun

After chatting all the way, after listening to Li Yun's detailed itinerary about the ancient tomb, Gong Qingyu said with a weird expression: "So you now have a princess wife from 400 years ago?"

The driver driving in front: "..."

The first time he heard about this kind of thing, he suspected that it was Li Yun's nonsense, but thinking of Li Yun's amazing achievements in the acquired great perfection, the driver decided not to speak.

"I don't know if you are a fairy."

Gong Qingyu muttered, biting her blushing lips and looking at Li Yun, his experience became more bizarre, and perhaps soon, Li Yun will become a completely different person.

"I am not an immortal." Li Yun smiled and said: "I told you before, the Holy Vatican of the Hidden Sacred Valley, she is an immortal! I will introduce you to you when I have time, and I promise you will be surprised."

"She is also a big beauty?"

"Puff, ahem, Qingyu, your focus is very strange."

"Who told you to meet and love one, big villain!"

"Okay, okay, my fault, I promise it won't be like this in the future!"

The two flirted all the way to the destination. Gong Lianyi, who stayed at home, yawned, because she was a little sleepy because she had a mischief with Li Yun and Qingyu all morning, and she was a little bit scented. Sweat, so I took a shower and then took a nap.

Therefore, what she didn't notice was that the Baifu Peach Wood Sword placed next to her pillow shook slightly, but it quickly stopped, as if nothing happened.

"Master, I found it! I just don't know whose hair belongs to..."

"Okay, well done, it doesn't matter if I don't know, as long as the hair comes from that mansion!

Jie Jie Jie, with it, plus the absence of the **** saint of the Hidden Sacred Valley, my five poisonous head-down technique can kill all the people in that house! Let that kid know what's the fate of offending my six magic gates! "

Somewhere underground, accompanied by a weird spell, an invisible spell energy floated over the concession's No. 3 mansion, slowly descended, and enveloped the entire house.

...

When Li Yun's palace and Qingyu went to clean up the gloomy wood in various places in Zhonghai City, the sage Fanqing and the little maid Qingzhu in the hotel were in great trouble.

"Master Saint, should we hire someone to drive a carriage? Ah no, it is to drive these iron cars."

Chapter 745: Saintess Modern City Travel Notes (Part 1)

Switching back to a white dress, she looked immortal. The noble and beautiful Sage Fanqing stood at the entrance of the hotel. She looked at the various cars, cars, buses, trucks, etc. coming and going on the road, she said quietly. Sentence: "Qingzhu."

"what?"

"We have no money."

"..."

The little maid Qingzhu was dumbfounded. They didn't bring money when they came out. Oh no, they brought money, but the money is paper money from 30 years ago, or silver dollars from 80 years ago or even gold and silver from a hundred years ago.

They didn't see Li Yun withdraw any money yesterday, so they took a mobile phone, pointed at a pattern with many black and white squares (actually a QR code), swiped it, and then said the payment was ready.

Qingzhu didn't know that in addition to making calls, mobile phones had this function!

Therefore, the two have been out for three days, and they have never seen what money is like in modern society!

"No, nothing!"

Qingzhu cheered up and looked around and said, "My Lord Saint, let's find a pawnshop and sell some gold and silver jewelry. These must be valuable!"

Sage Fanqing has no objection. She has realized that it is impossible to investigate the six magic gates today. It is enough to be familiar with the life style of this city.

Fortunately, the time set by the saint of the Six Demon Gates was two days later, and there was still time.

It's just inexplicable. Sage Fan Qing felt that everything went too smoothly, and always felt that something was wrong.

"Two beauties!"

While thinking about it, Saint Fan Qing saw a handsome man with a stout figure on a red sports car, and gave her a sunny smile:

"Beauty, where do you want to go? I'll take you there!"

In terms of appearance, the man in front of him is not worse than Li Yun, but inexplicably, Fan Qing Sheng thinks that he is too vulgar, completely incomparable with Li Yun.

—Subconsciously, Sage Fan Qing compared him with Li Yun.

Qingzhu glanced at him, enduring his desire to reprimand him, and said angrily: "This son, your car only has two seats."

The handsome man's eyes lit up, snapped his fingers and said coolly and handsomely: "I thought there was something wrong, the beauties, wait a minute, I will make arrangements for you, Young Master Liang, within five minutes!"

Seeing the two tops that are expected to strike up a conversation, no, the woman in the white dress is definitely the most beautiful and temperamental beauty he has ever seen!

Just seeing her, the handsome man couldn't help but flash in his eyes. If he could take down these two beauties, he would be willing to spend all the money in the card!

"Shao Liang?"

Qingzhu glanced at him with a slight disdain, and he dared to call him the young master in front of the Lord Saint.

"Master Saint, look at it?"

Qingzhu asked Fan Qingsheng's opinion, the latter shook his head slightly, took out a hairpin and gave it to her.

Qingzhu understood, holding the hairpin and shook this Liang Shao, "Did you see this?"

Shao Liang was taken aback, could it be the love of this fairy-like beauty? This is too fast!

Thinking of this, Liang Shao nodded frantically, his face overjoyed.

"How much is it worth?"

"..."

Shao Liang was dumbfounded. It turned out that this beauty said that she was also rich and didn't want to be accosted?

"Make a price, if the price is right, I'll sell it to you!"

Qing Zhu's next sentence made Liang Shao stunned again, what is the situation, really selling money?

Suddenly, a man next to him quickly rushed over, staring greedily at the hosta, and he stretched out his hand and grabbed it fiercely.

"Hehe, I want to be beautiful~"

If it were an ordinary person, the host had definitely been snatched away, but the man who came to rob with the cultivation base of the Qingzhu Divine Soul Realm was too slow in her eyes, how could he be snatched!

Chapter 746: Saintess Modern City Travel Notes (Part 2)

The robbing man rushed to the air, but he did not give up. He turned and rushed towards the host again, yelling fiercely: "Smelly girl, take things here!"

How can he not tell from his eyes that this hosta is an antique!

Moreover, it is an antique worth tens of millions. As long as you grab it and hide in the field for a few years, you will be able to live a luxurious life in the second half of your life!

"Mortal, bold!"

Being scolded by him as a stinky girl, Qingzhu immediately became furious and pushed hard at the man who leaped over.

Whoosh——!

With his feet off the ground, the robbing man only felt that he was light, like a cloud driving a fog, things in his line of sight quickly retreated and rotated, while the precious antique hosta was getting further and further away from him.

"My body is so light, am I, am I becoming a swallow?"

The robbery man paled in shock, and his body suddenly stopped in the next second, and the world became inverted in his eyes.

"I....."

The repeated changes, the upside-down body, and the pain like fractured chest bones made him scared to urinate, and Liang Shao, who was sitting in the luxury car, was even more stunned.

In Liang Shao's eyes, the robbed man was pushed by the little beauty in the green dress with a tender white palm. As a result, the robbed man flew directly into the sky, at least more than ten meters high and twenty meters away!

Then, the robber who flew into the air suddenly stopped in the air, turning into a superman floating in the air!

"My Cao?! Wife, come out and see God!"

"Wh, what shit? What did I see?"

"The dog's eyes are blind, someone is standing upside down, floating in the air, and ***** eating shit???"

"What happened? Why would anyone fly to the top of the tree and stand upside down?"

"Performance Art?"

"Which ***** I'm peeing and ***** on the tree? I'm Nyima! Pouring me all over! Let me down, I'm Cao! See if I won't interrupt... What? Someone is flying upside down and peeing in the sky?"

The streets and roads in front of the hotel were suddenly chaotic. The security guards on duty farther away, the hawkers selling breakfast on the roadside, the people rushing to work in the morning, the students doing morning exercises in the school farther away, the company small Leaders and executives...

Wait, at least five thousand people have witnessed this bizarre scene.

There was a middle-aged man, standing upside down on the top of a tree on the side of the road, his body trembling, yellow water flowing through his body and falling from his head.

"Come down."

Shao Liang heard the fairy in the white skirt say something softly. He turned to look and found that the fairy in the white skirt pointed at the man in mid-air with her slender and graceful fingers, and then slowly went down and pointed to the ground.

Liang Shao quickly turned his head to look at the robbery man who was standing upside down and peeing. Sure enough, he also fell slowly. Under the circumstance of people's attention, he slowly landed on the street and continued to receive the baptism of thousands of shocked eyes. .

The road was getting more and more congested, and everyone on the road stopped and watched the scene beyond common sense. The talk changed from small to loud, and countless mobile phones were pointed at the robbery man lying on the ground.

"Surprised! Live broadcast, the man just flew upside down in the sky to pee!"

"Suspected of modern performance art, a man urinates on the street and flies into the sky."

"Flying pee, is this a moral decay or a distortion of human nature? Please look forward to it at 8:30 in the evening..."

"My mother, how did he do it? There is absolutely no rope on him, my friends, I swear by the whole family! Absolutely! Yes! No rope!"

"You may not understand what it means to see someone flying into the sky. We usually only use two words to describe it: Immortal, beg a teacher!"

Chapter 747: Inverted levitation engages in art

Seeing the noisy crowd, the car that was jammed so far, almost endless, listening to the horns one after another, the little maid Qingzhu finally realized that she had caused a big trouble.

If it weren't for the Lord Saint to stop the robbery man in time, it might have been worse.

Killing in the street is a felony in any dynasty and generation!

"Master Saint, I'm sorry." Qingzhu looked at her pitifully.

"Be careful next time." Fan Qingsheng warned her a little, and then said: "Let's go, let the officers and soldiers handle it."

No matter how strong her mana is, she can't solve the immediate matter, so she can only leave and wait for the incident to subside.

"Hmm, leave immediately, no one knows that I did it..."

Qingzhu's words stopped and looked at Shao Liang who was sitting in the expensive red sports car. Shao Liang's face changed immediately, trying to show a pleasing smile, but couldn't laugh at all.

"Huh! Mortals, don't tell me about this, understand?"

Shao Liang nodded frantically.

"Also, can you buy this hosta?"

"..."

A bank card with a deposit of 50 million yuan was thrown out of the car.

The second one billion credit card was also thrown out.

Then came the mobile phone, and there was a weak sentence: "The password is 493973427, there are seven million in it, two beauties... No, two fairies, you can all turn away!"

Qingzhu's small face was black, and he took the hand of the lady-sama and left, muttering, "What are these things? I don't have money to change my hosta? I want to be beautiful!"

Liang Shao discovered that not only the robbing man who urinates in the street, but another person also urinates.

"Oh my God!"

After the two fairies walked away, Shao Liang wiped the cold sweat on his foreheads, and felt a sense of desperation. If the road was not blocked, he would definitely drive a sports car to escape just now. That would be so powerful and capable of magic. The two women are terrifying!

The chaos on the road gradually subsided, and the traffic started slowly.

Although some people have taken pictures of an upside-down suspension to urinate, after all, there is a single-person aircraft in the world, and many people who see it think it is this thing. In addition, there are many modern people who kill and make funny things, so this Most people just laughed at the matter, and it didn't cause any disturbances.

The man who robbed him was carried to the bureau. He was limp and unable to restrain his bowel and urine. He was so scared that he didn't feel relieved for a long time.

But when he woke up, he only confessed that he had robbed others, and never mentioned the issue of handstand suspension.

An important leader of Zhonghai City, Director Wang of the General Administration personally interrogated the case, and then inquired about Liao Hua, and finally figured out the general course of the matter.

"Fairy? Hidden Sacred Valley?"

Director Wang gave a wry smile, and sealed the record of this case with S-level encryption, which means it can only be circulated by a small group of people, and the rest can only see an ordinary robbery, plus the use of single-person aircraft to engage in modern behavior. Art, ordinary cases that cause traffic jams.

"Director, how should this person be judged? According to an ordinary robbery?" someone asked.

Director Wang pondered. The people named Fan Qingsheng and Fan Qingzhu had no major fault. Besides, they probably wouldn't want to come to the bureau to cooperate with the investigation of the case.

"Convicted him of robbery!" Director Wang glanced at the man. "In addition, the losses caused by traffic jams are also counted on him. Who told him to urinate and urinate upside down?"

As soon as this sentence was uttered, all the police officers laughed, but the robbery man fell dejected.

Robbery of 10 million antiques, plus a serious impact on public safety, requires at least 15 years in prison.

Chapter 748: See you tomorrow

"Qing Sheng?"

In the afternoon, Li Yun learned about the front of the hotel from Liao Hua. He almost didn't need to think about it. After hearing the name of the hotel, he guessed it was related to the Sanctuary of Fan Qing.

Sure enough, after calling and asking for a while, Qingzhu's maid complained and told the story.

Li Yun couldn't laugh or cry, "You slap a person into the sky more than ten meters high with one palm? Shouldn't the other party die?"

"Where is it!"

Qingzhu blushed, and defended on the phone: "I finally stopped. I just shot him flying with a soft force, and the Lord Saint also helped me to stop him... In short, nothing happened. Proper~"

"alright."

Li Yun sighed helplessly, making Qingzhu more embarrassed, and stuttered that it wouldn't be like this next time.

"Then what are you doing now?"

Gong Qingyu on the side pricked her ears to listen.

"I'm looking for a pawnshop, I don't have any money with Master Saintess..."

"Pawnshop? Oh, it turned out to be like this. You don't have any money... How about you go back today, and I will find you tomorrow to do these things for you, and then go to the Six Demon Sects together?"

"Okay, okay."

In fact, Qingzhu also missed Li Yun. If he was there, these things would never happen, so it would be beneficial to act with him.

"Master Saint also agreed, then see you tomorrow?"

"Well, see you tomorrow."

Listening to Li Yun's agreement, Sage Fan Qing felt that her mood improved inexplicably. She looked at the strange world around her. Can she really adapt to the outside world?

However, even if it is difficult, as a saint, she will still try her best to do it with an important mission.

"Master Saint, he agrees!" Qingzhu said happily. Sage Fan Qing nodded slightly, turned and walked forward.

"Hey? Lord Saint, where are we going?"

"Go back and wait until tomorrow."

...

Watching Li Yun hang up the phone, Gong Qingyu chuckled and said, "That legendary saint who was born noble and powerful has no money to live in a hotel?"

"Not only does she have no money, she doesn't have an ID card, and she doesn't even know how to use a water heater." Li Yun shrugged.

Gong Qingyu chuckled her mouth and smiled. Now she is a little looking forward to seeing the Sage Fanqing. In addition, there is Princess Yongning, the royal princess 400 years ago. Isn't she a noble and graceful beauty?

The two have been wandering around Zhonghai City in the afternoon, but they have never encountered any abnormalities. The actions of confiscating the gloomy wood and sealing up the factory went smoothly. They did not meet the people of the six magic gates, only some flying tiger gates and fierce demons. The minions of the door were all defeated by Gong Qingyu.

As a result, Li Yun and Gong Qingyu's itinerary on this day was abruptly regarded as a date. Between the two, I let the people in the same group eat a lot of dog food.

"Li Yun!"

In the evening, Li Yungang had dinner in a certain factory building and planned to take a rest before going to another place to see, but suddenly received a call from Gong Lianyi.

"Lian Yi, what's the matter?"

Listening to her solemn tone, Li Yun had an ominous premonition in his heart.

"Yes, something may have happened."

"Don't worry, speak slowly, is there something unusual? If it is, I will rush back immediately!"

Under Li Yun's comfort, Gong Lianyi gradually calmed down and said in a slightly trembling tone: "There is a strange thing. A maid at home suddenly fell ill. At first I thought she was tired, so I called the family. The doctor went to see her."

Chapter 749: Black giant scorpion

"The doctor checked the pulse of the maid and said that she only occasionally caught wind and cold, so that she was weak and fell ill."

"Unexpectedly, her body began to emit a faint stench, making everyone around..."

"It's all poisoned?"

"Um."

Li Yun's pupils shrank, and the human body gave off a toxic odor. This is absolutely abnormal!

"Lian Yi, listen, give a small detoxification pill to the maid. If you have other people who fall ill, you will also give them the pill, but remember to save yourself a medium-sized pill. Detoxification pills, hold on until I go back!"

"You hold the Baifu Peach Wood Sword"

"In addition, before I go back, don't let people enter the mansion!"

Li Yun spoke quickly, calling Shangong Qingyu, and they got into the jeep between the two. They didn't care to call the driver. Li Yun drove towards Mansion No. 3 in person.

The driver who was left behind finished the meal and found out after a while, but he had no choice but to call a taxi back.

After listening to Li Yun's instructions carefully, Gong Lianyi felt a lot of calmness in her heart, and she felt a tenderness flooding into her heart.

Li Yun asked her to leave a medium-sized detoxification pill, obviously he was particularly concerned about her safety.

"Li Yun, I will guard this place and wait for you to come back!"

A firm look flashed in Gong Lianyi's eyes, holding the Baifu Peach Wood Sword given to her by Li Yun in her hand, turning back to the room to take out the bottle containing the medicine, and personally went to the three-story building where the maid lived, and entered. Until now, no one dared to enter the maid's room.

"Grandma Auntie."

Only forty years old, but the maid who looked weak and tired at the moment, with an extremely ugly face, lay on the bed and said in a hoarse cry: "Am I going to die of illness?"

Everyone in Mansion No. 3 called Gong Qingyu Miss, because this mansion was given to her by the palace family.

And Gong Lianyi, because she was the elder of the young lady and she was not married, so everyone called her grandma.

In fact Gong Lianyi is not old, grandma is just a respectful name.

"Still smelling."

The maid is still exuding a faint smell, Gong Lianyi is running in real aura, trying to contain these harmful auras, softly comforting: "Third aunt, don't worry, Li Yun is very powerful, he has already left to deal with this. Something about this situation. Come, I'll give you a pill, you take it quickly!"

The maid straightened up in front of her, took a sip of water, and quickly swallowed the pill.

"Uh?"

The maid's body shook suddenly, and a black gas emerged from her, quickly forming the appearance of a scorpion, spreading its teeth and claws in the air, and issued a silent threat to Gong Lianyi in front of her.

"Grandma, this is...?!" The maid screamed out of fright. The black giant scorpion was about the size of a seven-year-old child, floating in the air, looking strange.

Moreover, this monster still emerged from her body!

"Whoo!"

Suddenly, the giant scorpion turned into a black streamer, rushing towards Gong Lianyi, a pair of huge pliers opened, as if to embrace Gong Lianyi.

"Naughty animal, die!"

Gong Lianyi was shocked for a while. Fortunately, Li Yun kept reminding her to hold the peach wood sword. When the giant scorpion hits over, she lifted the Baifu peach wood sword in time, and aimed at its body with a powerful sword light. .

boom!

The sword light pierced the black giant scorpion and cut a huge hole in the wall. When the dust settled, the maid was surprised to see that the giant scorpion had disappeared!

Chapter 750: Five Poison Head Down

"Auntie, I, I'm all right!?"

Another surprise was that the maid found that she no longer had the smell, and everything seemed to be intact and calm again.

"It seems to be." Gong Lianyi held the peach wood sword and approached her a few steps, and indeed did not smell the particularly disgusting smell, as if it was rotten.

"Great!" The maid got out of bed in surprise, and found that she was no longer weak, and she believed that her disease was better!

"Uncle Li Yun is really amazing!"

The maid praised with an open eyebrow, and the servants and guards who came after hearing the news also exaggerated.

"Uncle Li Yun deserves to be the man the young lady is fond of, and the medicinal pill left over will solve the matter!"

"Let me just say, grandpa can match Miss and grandma...cough cough, I mean, grandpa is really amazing!"

"Huh, the other side is really a silly thing, my uncle can do it with just one move!"

Gong Lianyi's face turned red when she heard them praise Li Yun so much, and she couldn't help feeling happy about it.

Li Yun easily won the approval of the people in the mansion. Perhaps, with the consent of the palace family, let her and Qingyu be together... it is not impossible.

Mansion No. 3 was beaming with joy. Somewhere in the distance, there was a spell caster of the Five Poison Head Drop Technique, an old man wearing a weird robe with a gloomy face. He was proud to show off to his triumphant opponents. Within a day, Mansion No. 3 Everyone nearby will die.

But after the black giant scorpion was killed, the ghastly old man was jumped with anger on the spot, blushing and cursing with a crooked nose:

"Asshole, I can actually break my first spell!"

"Okay, you guys are good, or I'm good at being a man!"

"Let you taste the second killer move of my five poisonous head-down technique, the seven-step stiff snake!"

The gloomy and venomous old man stretched out his thin right hand, took out a weird-shaped snake coiled into a mosquito-repellent coil from the bag, placed it on a table lit by two candles, and began to mutter. Spell.

Soon, there was another gloomy breeze in Mansion Three, and the Baifu Peach Wood Sword in Gong Lianyi's hand let out a soft cry, but it quickly fell silent.

"die!"

A curse was issued among the descendants of the Dao Dao people, and they opened their mouths and spit out, the candle flame seemed to have been splashed with gasoline, and a large group of radiance suddenly appeared, lighting the mosquito coil-like strange snake.

Candlelight also illuminates the surroundings. Two middle-aged men stood not far away, watching the master cast spells with fiery eyes, watching the strange snake turn into black light smoke, drifting towards the hole above the head, and dispersing outside.

"Hmph! They will die this time!" A triumphant smile appeared on the shriveled face of the Taoist Taoist.

The two disciples glanced at each other and immediately flattered. Master's spells are powerful, and Master's spells can kill people thousands of miles away. It's very comfortable to take photos of the Taoist descendant. He laughed and said: "Don't worry, I will do it and you will do it in the future. Master's ability depends on you to pass on!"

The two disciples were overjoyed at once, and knelt down quickly.

What they didn't notice was that the Taoist head down looked at them with a weird smile, as if they were very satisfied with the two disciples.
