

Godly Choice 751

Chapter 751: Ding, the prince of soft rice

"Option 2: Drive to the right, seek help from the Sage Fanqing, reward Sage Fanqing +1, experience value +500,000, all attributes +700, purple gift bag*1, get the skill: Prince of Soft Rice (Effect: Become a little fresh meat, your charm will rise, and your attraction to aunt will rise. Note: You can remove unwanted skills later.)

Option three: drive home, reward skill: the show of the flower. "

When seeing the system choice, Li Yun thought of a lot at this moment, and finally, he made a choice.

"Hey?" Gong Qingyu said in surprise: "This road doesn't seem to be home, it's a mistake!"

"No, that's right."

Li Yun's tone was rather unnatural and said: "Let's go to the Sanctuary of Vatican!"

Yes, he can only be the prince of soft rice today and seek help from the Sage Fanqing!

There is no doubt that the cheating system is mocking Li Yun for eating soft food, but he did not prefer to be forced to accept this skill or see Lian Yi in danger.

Compared with a woman who protects herself, Li Yun can tolerate this kind of minutiae. Besides, the passive skill of the soft rice prince is not harmful, and it can be eliminated later.

Therefore, Li Yun immediately decided to choose to find the Sanctuary of Vatican, without much hesitation.

The mother-in-law is not his style, he is decisive, decisive, and decisive. As long as he has such a decisive ability, the skills of the soft rice prince forced by the system will not affect him!

The jeep drove all the way, and soon came to the hotel where Fan Qingsheng was staying. Li Yun parked the car at the door of the hotel, opened the door and jumped down and ran into the store.

"Mr. Hey, don't stop the car in front of the door!"

"First... give birth, uh so fast!"

The lady at the front desk and the waiters were stunned, and the handsome man almost blew past like a wind.

Gong Qingyu got out of the car and took out his mobile phone and swiped the QR code at the front desk to transfer 10,000 yuan.

"The money is temporarily used as compensation, and I will send someone to talk to you later."

Li Yun came to the fifth floor and saw Saint Fan Qing. After a rough explanation, the Lord Saint agreed to follow him, acting more neatly and without any muddling.

"Ding, the host makes a choice, rewards Fanqing Sheng's favorability +1, experience value +500,000, all attributes +700, purple gift bag*1, skill: Prince of soft rice (obtains domineering skills, offsets the image of soft rice)."

The corners of Li Yun's mouth twitched. He just came to seek the help of Sage Fan Qing, so why did he have an image of soft rice?

Uh, it seems that the little maid Qingzhu looked at him wrongly. Wouldn't he really think he is the prince of soft rice?

But to Li Yun's surprise, Sage Fanqing actually added a favorability point? Reached the subtle level of 80 favorability points!

It can be both a girlfriend and a good friend!

It's strange, why he asked the lady of the saint for help, but increased his favorability!

"Let's go."

Sage Fanqing saw Li Yun again. Although he was here to ask her to save people, she still felt in a good mood for some reason.

Li Yun helped her before, and now she also helps Li Yun. The two are in an equal relationship.

In this way, Sage Fan Qing can trouble him more in the future.

Li Yun absolutely did not think of the subtle relationship in this, he even thought that Fan Qingsheng is a good character who is willing to help others...

"Qingyu, let's go."

When the three of them went downstairs, Li Yun greeted Gong Qingyu, and Gong Qingyu subconsciously turned her head to look. When she saw the fairy in the white dress clearly, she couldn't help but shake her heart.

This is the Sanctuary of Brahma? !

Chapter 752: Gong Qingyu's surprise

It is difficult to describe how Gong Qingyu felt when he first saw the Sanctuary of Fanqing.

Her mind was stunned by this cold and holy saint with a calm expression on her beautiful face. She looked at her blankly, only feeling that she had seen the legendary fairy.

Including the front desk lady and security guards in the hotel lobby, they have seen Saint Vatican several times, but every time they see her, they will be shocked by her beautiful appearance and holy posture.

"Qingyu, let's go!"

Li Yun smiled and pulled her, Gong Qingyu came back to her senses, and her face suddenly showed shame.

The same woman, and the future may be the relationship of competitors, but she showed such a shocked look.

Gong Qingyu felt that if he was a sage, he would definitely look down upon himself!

But he didn't expect that Fan Qingsheng just glanced at her, without the slightest intention to speak, and there was no wave in his eyes.

Just as if she didn't exist!

For a while, Gong Qingyu was hit hard, and felt that he had lost more than half of it just by meeting!

After getting in the car, Li Yun introduced the three of them.

"Qingyu, the one in the white skirt is the sage of Fan Qing, from the hidden sacred valley, the saint of the hidden sacred valley, the one next to her is called Qingzhu."

"I got the surname given by Lord Saintess, and my name is Fan Qingzhu. I am the maid of Lord Saintess!"

Li Yun did not introduce her identity, so the little maid said in a rather proud tone, as if she was very proud of her identity as a close maid.

Gong Qingyu glanced at her, her face a little weird.

The palace also has some subordinate families that have been attached to for generations, and they have been housekeepers and servants for several lifetimes. However, after entering modern society, the relationship between the two parties is more of a contractual relationship. The children born to maids usually study outside. You will return to the palace without a good job, so you can choose freely.

As for personal servants, they are more of a sisterhood relationship.

For example, her four maids, spring, summer, autumn and winter, they grew up together since childhood, and have a deep relationship. The personal maid only talked about it when teasing, more similar to the relationship between a private secretary and an assistant.

But the Fanqing bamboo in front of me is indeed a personal maid!

"Hidden Sacred Valley, where exactly is it?"

Gong Qingyu was sitting in the co-pilot's position and glanced at Sage Fan Qing secretly again, and found that she had always maintained a calm expression, even when she was looking at the scenery outside the window, she did not yell.

—The little maid Qingzhu kept talking, as if she couldn't stop.

In Gong Qingyu's deep doubts and curiosity, the jeep came to the side of the Yellow River and entered the French Concession.

"Hey!?"

Qingzhu suddenly screamed again, and happily pointed to the house outside the window and said, "Master Saint, you see, the house here is pretty good! I don't know how much money it will cost. I think of a way to buy a house for Master Saint. Palace!"

Palace?

Gong Qingyu was almost not surprised when he heard this term. The term Xinggong refers to the palace where the emperor lived when he traveled. It was a unique noble title, and it was rarely used or used.

In other words, the Hidden Sacred Valley believes that their saints are as noble as the emperor, so everything is treated as the emperor?

"The house here is 10 billion, which is an antique-class residence." Li Yun smiled slightly, "Qingyu lives here. If you want to, maybe you can live in two rooms."

"Cut~" Qingzhu snorted, "The saint can't live in other people's houses. What is ten billion? When we came out, we took a lot of gold and silver treasures. It's not a problem to go to a pawnshop to be a few tens of billions! Hey, Bad guy Li Yun, take me and Master Saint to the pawnshop tomorrow, we have to..."

"Here, let's not talk about it!"

Chapter 753: Evil spirits pervade

While talking, the jeep drove to the front of Mansion 3.

Sage Fanqing turned his gaze to the house in front of him, just glanced at it, nodded slightly, and lightly lifted his lips and said, "There is evil here."

Gong Qingyu stayed for a while, the voice of the saint was also very nice, she was perfect everywhere, except for her cold personality.

No, what am I thinking! Evil pervades?

Gong Qingyu recovered and couldn't help worrying about Aunt Lian.

The jeep quickly entered the No. 3 mansion and stopped in front of the main hall. Gong Qingyu immediately couldn't wait to jump out of the car.

"Auntie Lian!!"

There were already many people waiting in front of the door. When everyone saw Li Yun stepping out of the car, they were all relieved, as if the uncle rushing back would definitely solve the troubles in the museum.

"Miss, Grandpa!" Gong Qingyu's maid, Qiu Zhiju greeted her, and was about to take the two to her grandma, but suddenly saw the two walking down from the jeep again.

One of them was wearing a white dress and was taller than her young lady. She looked immortal. After seeing her, Qiu Zhiju couldn't say the second half of the sentence, so she could only stare at her dumbly.

The eyes of the people around were all attracted by the woman in the white skirt. For a while, the scene was actually audible!

Gong Qingyu took a deep look at Sage Fan Qing, and the cold and holy temperament he carried on his body was too shocking for ordinary people.

Especially at the first sight of her, it feels like seeing a fairy in the heavenly palace.

"Where is Lianyi?"

When Li Yun asked, Qiu Zhiju came back to his senses, and hurriedly replied: "In the second building, another maid fell ill!"

Without waiting for her to lead the way, Saint Fan Qing walked towards a three-story building next to the main hall, which was the second building!

"Eh?" Qiu Zhiju was a little confused, how did she know?

A girl in a green dress beside Fan Qingsheng answered her doubts.

"Master Saint, the evil here is so serious!"

Qingzhu looked around, "It seems like a formation, evil spirits are everywhere, people here will definitely get into trouble after a long time!"

Li Yun followed the pace of the two, and immediately said after hearing this: "Why don't I let Qingyu tell them to leave here first?"

"Need not."

Sage Fanqing shook his head slightly, "This is a kind of head-down technique, similar to the existence of a curse. Leaving without authorization will speed up the attack."

"Then what to do?!"

Gong Qingyu asked anxiously, then realized his rudeness, and then expressed his apologies.

"It's okay," Li Yun shook her hand, let her not worry, there will be a way.

"Generally speaking, as long as you kill the cursed person, his curse will naturally be lifted, right?"

"Some are, some are not. If it is a ghost spell, it cannot be cancelled when the spell is activated, and can only be resolved by spells."

Ghost trick please?

The maids and guards who followed just shuddered. Generally speaking, they could only ask for magic, which means that they use the power of gods, celestial beings, and immortals, which belong to the radiant and righteous way.

And please ghost... it's a weird sorcery no matter how you look at it!

"Can ghosts please?" Gong Qingyu was still worried, but she couldn't help but curiously asked when she heard the knowledge of this practice.

It was the little maid Qingzhu who answered her. She glanced at Gong Qingyu and said braggingly: "Heaven, earth, man and spirit, as long as they are within the six reincarnations, who can't please?"

Chapter 754: condition

The six ways of reincarnation, the six demon gates, mean that there are still magic arts in the six demon gates? Please Ashura, please evil spirits and other spells?

Thinking of this, Li Yun deeply felt the power of these two schools of cultivation, and they didn't have too many magical spells!

When he came to the second building and walked to the door, Qingzhu walked a few steps forward to clear the way for Master Saint, but suddenly he covered his nose, and said with an urn sound, "It smells so bad, it looks like it's happening!"

"Lian Yi!"

Li Yun took the lead in walking in, and saw Gong Lianyi standing in front of the hospital bed intact. He was relieved. Fortunately, she was fine.

"Li Yun!" Gong Lianyi showed a surprised expression in her eyes. She wanted to walk towards him, but saw the two masters and servants of Fanqing. She was immediately surprised by the attitude of the saint, "This is?"

Qingzhu looked at her, then at Gong Qingyu, and finally gave Li Yun a contemptuous look.

From the look in her eyes, she must be scolding Li Yun as a thief in her heart!

Fan Qingsheng ignored Gong Lianyi's question. She went straight to the maid lying on the hospital bed and stood by the bed staring at the maid.

Although Gong Lianyi has a gentle personality, she has been in Zhonghai City for two years and has been exposed to many palaces' industries. She has a delicate mind. Seeing the actions of Van Qingsheng, she knows that her personality does not like to talk to people.

It's a bit like Qingyu's character.

"She is called Fan Qingsheng." Li Yun briefly introduced Gong Lianyi, and said with a smile: "It is the foreign aid I invited to help solve this matter."

"so it is."

Gong Lianyi was relieved a lot, and explained to him what had happened before.

"...After I killed a big scorpion, another maid fell ill. I was worried that the pill was not enough, so I didn't dare to continue to give it to her. I want to wait to see the situation."

"Well, Lianyi did a great job!"

Li Yun praised, Gong Lianyi couldn't help but bend the corner of her mouth.

"lie!"

The little maid Qingzhu looked back at Gong Lianyi and said with an expression that you don't want to lie to me, "You woman doesn't know how to use spells. How can you kill the big scorpion in the patient?"

Gong Lianyi didn't get angry either, and smiled slightly. Qingzhu could not help being taken aback by her elegant lady's posture.

"No, I used the weapon Li Yun gave me."

She lightened the peach wood sword in her hand, and Qingzhu took a look: "What kind of peach wood sword is this? Hee hee, there is a spread of peach wood swords against zombies, but it is not at all. The peach wood sword does not work because it is peach wood. It is because of the power of thunder and lightning!"

"You mean lightning strikes the wood, right?" Li Yun looked at her.

"Yes! Lightning strikes the wood!"

Qing Zhu pretended to explain: "And it's not an ordinary lightning strike wood. It needs to keep the wood alive after being struck by lightning, so that this piece of wood is qualified as a magic weapon, and you... hee hee."

The little maid chuckled, obviously mocking that the mahogany sword is not a magic weapon, but Sage Fan Qing only glanced at it and said, "It's a magic weapon."

"what?"

Qingzhu was shocked. In her divine observation, this weapon contained no magic power at all, but Master Saint said it was a magic weapon.

That means... the level of this weapon is very high, and it's a very rare weapon!

Then, was this mahogany sword given to his lover by Li Yun? Isn't this bad guy smiling for the beauty, so he swollen his face to fill the fat man?

You must know that there are not many artifacts of this level, even for the Saintess!

Chapter 755: Lotus Talisman

Or is it that Li Yun doesn't understand the value of this magic weapon at all?

Gong Lianyi looked at Li Yun moved, she could tell from Qingzhu's eyes that this mahogany sword was very powerful, but she didn't really use it, it was just for self-defense.

But Li Yun gave her such a strong peach wood sword!

Suddenly, a scent of flowers attracted the attention of everyone present. Gong Qingyu turned around and found that the fragrance of flowers came from the cold saint, and a lotus-shaped artifact appeared in her hand.

It should be a magical artifact, right?

Gong Qingyu saw that the lotus flower had a brass-colored appearance. The whole body was smooth, and a total of eighteen petals were blooming in sequence, just like a real brass-colored lotus, guarding a small lotus.

The strange aroma was constantly emanating from the lotus artifact, and it quickly overwhelmed the stench caused by the head drop technique.

Gong Lianyi was shocked when she smelled the fragrance of the flowers, and she thought of a poem.

The lotus leaf skirt was cut in one color, and the lotus opened to the sides of the face.

Fan Qingsheng is undoubtedly the most beautiful lotus flower, and Qingzhu standing beside her, wearing a green dress, has just become a foil of green leaves.

"The West is very optimistic about the world, the Buddha's light is pure and clean, illuminating the world of evil spirits."

Sage Fanqing held the lotus artifact, and again gently chanted whether it was a mantra or a rune for prayer, but the holiness and nobility that she exuded at the moment became stronger and it almost made people worship it.

Li Yun's spiritual thoughts observed a warm wave, and then, a ray of light emitted from the lotus artifact.

"what!!"

The maid on the hospital bed suddenly screamed and struggled, her expression on her face twisted, her body convulsed, as if she was suffering a lot.

"Hold her!" The little maid Qingzhu stretched out her hand and Li Yun immediately reacted and called the two guards to come forward to hold the struggling maid.

The light emitted by the lotus in the hands of Sage Fanqing became stronger and stronger. After reaching a limit, she suddenly threw the lotus out and sipped gently: "The lotus platform appears!"

Suddenly, the light was mastered, and an elegant and white lotus throne composed of light appeared in front of everyone!

"this is?"

Everyone was stunned. This is clearly the magic weapon of Guanyin in the legend, which is the seat that the Buddha likes, called the lotus platform, or lotus seat!

Li Yun looked over and found that this lotus pedestal is no different from the legend. There are four layers of lotus petals. Underneath is a sacred lotus pedestal. In the middle of the petals is a lotus.

The Buddha's light is dazzling, sacred and solemn, and the Dharma is majestic.

As if the evil atmosphere in the entire No. 3 mansion was swept away, everyone smelled this strange fragrance of flowers.

"what!!"

The maid on the hospital bed let out a loud cry, and then, a long black shadow shot out from her mouth, was suddenly illuminated by the Buddha's light, and suddenly turned into soot and dissipated.

In the distance, the Taoist descending head screamed and opened his mouth to spit out a mouthful of black blood. After falling on the ground, the black pus and blood exuded a foul smell, which made his two disciples look pale.

"Master, Master, is your old man okay?" One of his disciples, who was renamed Zhao Yi asked tremblingly.

"roll!"

The Taoist lowered his head and screamed in annoyance, Zhao Yi and Zhao Er were startled immediately, knelt and squatted his head, and ran outside.

"Idiot, come back!"

Seeing that they were really rolling away, the Taoist fell into a rage and couldn't help but be furious, and shouted: "You two idiots, aren't you going out to find death now? Just stay with me!"

Chapter 756: Three-eyed toad

It's most taboo to expose your position when you drop the Gu, drop your head, or cast a curse.

However, the two disciples collected by the Taoist descended to carry a strong suffocating aura, and once the formation of hidden auras appeared, they would be immediately noticed by the other party!

He is a Taoist with a lowered head, not the idiot of the Taoist bone ghost, nor the idiot of the Taoist Jinjia, he is not good at tight fighting.

Quietly lowering his head in the distance, cursing the enemy's family to die tragically, is his profession!

"Stay at the door, don't take a step, do you hear it?" The Taoist descending head shouted.

"Know, got it, Master!"

Zhao Yi and Zhao Er hurriedly guarded the only way in and out here.

The Taoist Jiangtou looked at their backs and gave a dark smile: "These two people are really idiots, but if they are not idiots, they won't listen to me honestly. After three years of fighting ghosts, they will drop their heads. I stupidly believe that this is the test I gave them, Jie Jie Jie! Stupid, really stupid!"

After taunting these two people, the Taoist head fell a lot more happy and turned his attention to the Five Poison Drop Head Technique.

Both moves have been broken. According to the previous experience of lowering the head, this shows that the other party has a good understanding of the spell of lowering the head and is not afraid of this kind of thing.

It can be said that this time the lowering of the head has failed, it should be the time to get out of the way.

But Jiangtou Dao people are unwilling. The other party is just a little doll under twenty years old. He can't handle even a kid who is younger than him. In the future, don't want to be valued by the elders and venerables. More resources for practice are estimated. Don't even think about it!

Thinking of this, the Taoist Jiang's eyes flashed fiercely, gritted his teeth, and took out a weird black thing from the bag.

"Hmph, the old man obtained this magic weapon from the six elders of the Animal Dao, it is time to test its power!"

"There is formation protection here, forgive that kid can't find me, so I just try my best to use it once, let that kid taste the power of the three-eyed toad!"

The Taoist Jiang made up his mind, placed the toad in front of the candlestick, and began to chant the spell.

The toad was shriveled, as if starved to death, not to mention seeing the three eyes, even the toad's appearance was almost indistinguishable.

But as the curse was spoken, Yinxie's mana slowly flowed into the toad, causing its body to gradually swell.

"Crack!"

There was a muffled toad cry, and the dull cry reverberated in the entire underground cave. Zhao Yi and Zhao Er couldn't help looking back, only to find a huge toad occupying their entire field of vision.

Toad has a hideous face, and the original sarcomas on his body have turned into the appearance of skeletons, which is indescribably vicious and terrifying.

"Jie Jie Jie, yes, three-eyed toad is really amazing!"

The Taoist lowered his head with a weird laugh, closed his eyes and continued chanting the spell, causing the toad to grow bigger and smaller with his commands, and finally slowly flew out of the cave.

...

"It's over, it's over?"

The lotus seat was taken back by the Vatican, and the maids and guards looked at her in awe. The scene just now broke their three views. There really are fairy magic arts in the world, and there really are Guanshiyin Bodhisattva—at least she The lotus platform seems to really exist!

"no."

The Sage Fanqing took the lotus artifact back into the mustard seeds, and everyone was no longer surprised to see the sudden disappearance of things at this moment.

The magic Guanyin sitting lotus can appear, this kind of storage is just a small means!

Chapter 757: Ding, intermediate level

"The enemy will come again?" Gong Lianyi asked, looking at the Sage Fanqing with a complicated look. She has mastered such a powerful force, it is no wonder that she is so cold and holy. Maybe ordinary people are not in her eyes at all. .

"perhaps."

Sage Fan Qing said briefly: "I only broke his head-down technique, and the enemy did not really show up. Maybe they will flee, maybe they will attack again."

Li Yun thought for a while, and was about to ask, when the system prompt just appeared!

"Ding, trigger the option event, please choose from the host:

Option 1: Track and kill the real murderer behind the scenes, reward justice value of +1 million, experience value of +2 million, all attributes +2500, golden gift bag*1, after selecting this option, directly reward the skill of formation to level one.

Option 2: Mingjin retreats, reward skill: useless.

Option 3: Let Van Qingsheng chase the real murderer behind the scenes. Reward: The skill of the soft rice prince is promoted to intermediate level. "

Me Cao? Does the soft rice prince have an upgrade to this skill?

Three black lines appeared on Li Yun's forehead. He really wanted to scold him for cheating the system, but the time was not suitable, so I will scold him later!

"The cheating system, add all my experience points to the formation technique! Then I choose the first option!"

Li Yun chose option one decisively, but before making a choice, he wanted to upgrade the formation technique.

"Ding, the host currently has 6.15 million experience points, consumes 5 million experience, and the formation technique has been upgraded to intermediate level."

"Ding, the host makes a choice and rewards the upgrade of array skills. The current level is: Advanced."

Comfortable!

There was a lot of knowledge about formations in Li Yun's mind in an instant. Advanced formations were better than elementary formations, just like adults and children.

Before, Li Yun was just starting to play against, and he was in a state of little understanding.

But now, he dared to conclude that even if he encountered the Sun and Moon Twenty-Eight Star Formation again, he would... still not understand.

"I, Cao, the formation that the master of Vatican Qingsheng set up four hundred years ago is really strong, I have no clue at all!"

Li Yun estimated that the Sun-Moon Formation was at least a master craftsmanship.

"Ding, congratulations to the host for making the choice to hide, reward recovery pill*1, detox pill*1."

Um?

Li Yun was taken aback for a moment. Hidden choice means to upgrade the array law first, and then choose the option?

This is too simple, it is simply a bonus for nothing!

The two golden quality pills immediately made Li Yun uncomfortable. Qingzhu glanced at him: "What are you rascal laughing at?"

"No, I didn't laugh at all."

Li Yun was happy and made a decisive decision: "Qingsheng, I will go after the man who casts the spell. How about you stay and help me protect this place?"

Gong Qingyu bit her blushing lips. She and Auntie Lian were not as strong as Fan Qingsheng. Li Yun didn't count on them at this time. This feeling was really uncomfortable.

Sage Fanqing looked at him: "The person with the lowered head is not far away, but there is a high probability that someone will protect him, and the aura may be hidden by the formation. Can you find it?"

"It should be no problem, my formation knowledge is good!"

According to Concubine Wan Qing's statement, the caster of the curse, head down, or Gu worm must be nearby, otherwise it will consume too much mana and the gain will not be worth the loss.

This also means that the enemy is probably hidden in the circle of France|Rent. It is somewhere among these dozen or so houses!

Fan Qingsheng agreed to come down, but asked Qingzhu to follow Li Yun, and she sat alone in the mansion.

Gong Qingyu was ignored again, and she grabbed Li Yun's arm with angrily: "I'll go too, hurry up and go, hurry up and find the **** guy!"

Chapter 758: Hidden selection, nine days fairy

Considering the possibility of entering these bungalows, Li Yun took Gong Qingyu with her. She had two magical items on her body. One was a ghost-binding rope and the other was an exorcism amulet. They were both purple-grade equipment and had a certain ability against enemies. Combat power.

"Quick battle!"

Li Yun gave Gong Lianyi a relieved look, and was about to leave with the little maid and Qingyu, when something suddenly occurred to him.

"Master Saint, I will give you two things!"

"?"

Reaching out to take the things Li Yun handed over, Fan Qingsheng's eyes were slightly confused, "Pills? I have them."

Qingzhu smiled and said, "Bad Li Yun, what kind of pill are you? There are many alchemists in the Hidden Sacred Valley, and there are countless elixirs. Some pill can break through to innate consummation by taking one pill. You still keep yourself. Use it!"

The people around were shocked. Are there any spiritual pills that can directly break through to innate consummation? !

Above Innate Consummation is the Grand Master level, and every Grand Master level is a Taishan Beidou in the martial arts, with respected status, almost never shot, belonging to the absolute threat of the sect!

If this kind of spiritual pill of Hidden Sacred Valley spreads to the rivers and lakes, I don't know how many warriors will be crazy about it!

Li Yun smiled and said: "You absolutely don't have such a pill of mine. One is a pill that can completely restore true energy and mana. Except for the poor recovery effect of mental power, all the others are full of blood and blue!"

Qingzhu's eyes widened: "What is full of blood and blue? Impossible, do you know how precious the pill that completely restores mana is?! How can it be..."

"There is also a detoxification pill that can remove all the bad effects, curses, poison, and even broken hands and feet can grow back!"

Li Yun pondered, "Except for special physical problems, it can be resolved."

Princess Yongning's body should be a special physical problem.

With the spirit pill that broke through between the hidden sacred valleys to innate consummation, everyone heard of the recovery pill and the detoxification pill, but they didn't think it was an exaggeration.

Only Qingzhu and Fanqing Sheng knew that these two pills might be really powerful.

"Bad guy, shouldn't you poison him?" Qingzhu looked at him with a weird face, and Li Yun shrugged without explaining much. After seeing Fan Qingsheng took it, he turned and left.

Because Li Yun knew that Sage Fanqing could perceive danger, she could naturally judge that there was no problem with this medicine.

Sage Fanqing held two pills in his hand and took a deep look at Li Yun's back.

If the two pills were really as powerful as he said, they might be able to cure her master's illness.

A long time ago, Master had a life-and-death duel with the saints of the Six Demon Gates. No one knew the process. The Sage Fanqing only knew the final result.

Her master used the heavenly lightning of the gods to break the demon bliss of the demon saint woman, but the demon saint also used six reincarnations to fight against the general, and both sides suffered both losses. As a result, the two sects did not reappear in the century.

If Jiedu Pill can cure her master's disease, maybe...

After Li Yun walked out a few steps, the system prompt came again.

"Ding, the host made a hidden choice, and gave the detoxification pill and recovery pill to the Sage Fanqing, rewarded the Sage Fanqing's favorability degree +5, four kinds of pill *1, the host may gain the favor of the Nine Heavens Fairy in the future, and bonus skills Dan*1."

Me Cao? !

Li Yun staggered with fright, causing everyone to look over in surprise. Gong Qingyu quickly supported him: "Li Yun, are you okay? Would you like to take a break?"

"No, it's okay, I'm just so... pleasantly surprised!"

Chapter 759: Lord Saint wants to buy a house

Li Yun was frightened by the system's sudden prompt, and he started to walk a bit!

It is amazing to complete two hidden selection events in one day!

Four medicines*1, worth four golden gift bags, plus a skill pill, conservatively estimated to be worth 20 million experience points, if used to upgrade the spiritual mind, from advanced to master level, it is estimated that more than 20 million!

"Sure enough, kindness will be rewarded."

Li Yun's mouth almost smiled crookedly. He was only worried that the constant flow of enemies would cause the Sage Fanqing to be unable to hold it. In addition, he was worried that her too little experience would have caught the enemy's tricks, so he gave her two medicines.

Unexpectedly, there will be a hidden selection event!

The system prompts that you may gain the favor of Jiutian Fairy. Is Fan Qingsheng going to give the pill to Jiutian Fairy, that is, her master?

"Wait, Jiutian Fairy's favorability?"

Li Yun's face is weird, so let him go. The Nine Heavens Fairy is 400 years old, so he can't get enough of his taste!

Although Yongning is also 400 years old, she has been asleep all the time, about the same age as the cardamom girl.

"Li Yun, are you okay?"

Walking on the road of the old French lease, Gong Qingyu looked at Li Yun again with a worried expression.

"fine."

Li Yun showed a smile, stretched out his hand and scratched Gong Qingyu's delicate nose, and said, "Your husband, I have become a lot stronger again. I am happy, hahaha!"

He intends to take the skill pill after the Human Emperor's Heart Sutra reaches the intermediate level, so that his spirit will grow rapidly. Now his spirit exploration range is less than ten meters, which is too far away from the distance of one kilometer of the Sage Fanqing. !

"baffling."

The little maid Qingzhu gave him a roll of eyes, then looked around enthusiastically and said, "I don't know if the houses around me are for sale. It's good to live here."

"It's not easy to find a seller." Gong Qingyu said euphemistically: "The people who live here are not bad for money, and these bungalows are one of the top residences in Zhonghai City. Apart from Lingxiao Mountain, the houses here are the most representative. The identity of the upper class!"

"Lingxiao Mountain? Lingxiao Palace? Where is that?"

"It's a residential area on the east side of Zhonghai City. It is full of top-notch villas and castles. The rich people in Zhonghai City basically gather there. Maybe there will be houses in Lingxiao Mountain."

There are only more than 20 bungalows here, and the rich cannot buy it if they want.

Li Yun glanced at Qingyu. Her original character was quite cold. She was willing to talk to Qingzhu, which meant that she didn't hate the two masters and servants of Fanqing.

The three of them walked to the neighbor's house, in front of another bungalow, Gong Qingyu stood up and made up an excuse to the security guard in front of the gate, saying that his cat was lost and wanted to go in and search for it.

Several security guards felt very strange. It stands to reason that the cat was lost. Shouldn't the servants come to look for it? Why did the eldest lady from the palace come here in person?

But just because he knew Gong Qingyu's identity, the security didn't feel embarrassed, so he opened the door and let Gong Qingyu in, only to inform the housekeeper of this.

"Will there be people from the six magic gates hiding here? Is it in the basement?"

Entering the bungalow and walking in the garden in front of the main building, Gong Qingyu asked in a low voice.

Mansion No. 3 is close to Mansion No. 4, No. 2, and No. 5 respectively, and here is No. 4.

According to Li Yun, the person who applied the head drop technique would hide nearby to make it easier to cast the spell, so the surrounding houses were the targets they wanted to search for!

Chapter 760: Someone just wanted to sell the house

"There is no evil here."

Qingzhu shook her head and looked at Li Yun. Although she herself believed in her abilities, several experiences showed that Li Yun also had a lot of side effects that could play a role.

Well, only a little bit!

"I didn't find anything unusual."

After looking around, Li Yun came to a conclusion.

Gong Qingyu hesitated, "Would you like to find an excuse to enter the house?"

"Don't use it, let's go to other places. It's troublesome to enter other people's houses. We have to find a bunch of excuses."

Li Yun knew Gong Qingyu's difficulties. When he turned around and was about to leave, a person walked up from a distance and shouted to him: "Miss Gong!"

The visitor was a man in his forties, wearing a tuxedo, tie, and a pair of shiny black leather shoes. He seemed to be the housekeeper of No. 4 Mansion.

Gong Qingyu stopped, barely showing a smile on his face: "Hello, housekeeper Zhou."

Housekeeper Zhou walked over, bowed slightly and bowed, and asked respectfully: "Miss Gong, I heard the security guard say that your cat is lost. Can you find it now?"

"Uh, I'm looking for it."

"Do you need my help to ask someone to find it?" Mrs. Zhou said a little: "My wife lost a cat before, and finally found it not far away."

"Not for the time being." Gong Qingyu made up another lie: "My cat is very well-behaved. As long as I call it a few times, it will come out by itself."

"Alright, then I wish you success in finding that naughty cat."

After the brief conversation, Li Yun glanced at Steward Zhou a little strangely. Although he was very polite, Li Yun always felt that he seemed a little tired and worried about something. Helping to find the cat just mentioned it casually. Doesn't insist.

The little maid Qingzhu has no interest in these mortal conversations. She looked around enthusiastically, and before leaving, she said with emotion: "The houses here are really good. I heard that people now live in high-rise buildings. It's rare to have such a house!"

"Okay, I will help you figure out the house matter." Li Yun said helplessly, is this little girl deliberately reminding him?

"You want to buy a house?"

Before Li Yun left, the steward Zhou asked suddenly, causing the three of them to stop again.

"Do you want to sell?" Qingzhu's eyes lit up immediately, and he quickly said, "My lady saint is very rich, no matter whether it is 10 billion or 100 billion, it is absolutely no problem to buy your house! "

Lord Saint?

What a strange name.

But Steward Zhou didn't ask much, his eyes were slightly sentimental and said, "Master decided to sell the house yesterday. If you want, you can make an appointment and we will talk slowly."

A bungalow that has been handed down from the last century and is called a historical relic. It is also located next to the Huangjiang River in Zhonghai City, which has an inch of land. The value is definitely more than tens of billions. It is more expensive than the courtyard house in Beijing!

This kind of sale and purchase contract takes at least one month to finalize, and many details need to be dealt with.

Gong Qingyu nodded and said with a smile: "It's quite a coincidence, Miss Qingzhu, as soon as you said you want to buy a house, someone immediately wanted to sell it."

"Hee hee." The little maid was very proud: "The Saintess has a long and long blessing, and everything will come true. Whatever you think."

skillful?

Li Yun moved in his heart, looked at the housekeeper, and asked: "I take the liberty to ask, why does the owner here want to sell the house? Did he fail to do business or want to emigrate?"
