

Godly Choice 761

Chapter 761: flame

Generally speaking, only those who have fallen in family status or relocate to other cities will never come back. Huang Xuanguo who relocates in settlement will sell his old house.

Zhonghai City is already the top city of Huang Xuanguo. The capital has long been occupied by countless dignitaries and it is not suitable for relocation. Therefore, only when the family is in trouble, that is, immigrating abroad, will you want to sell a house.

Housekeeper Zhou hesitated, and after taking a look at Qingzhu, he said helplessly: "That's it. My master thinks the Feng Shui here is not good, so I want to move to Lingxiao Mountain. If you want to buy it, this is the point. I need to inform you in advance."

Qingzhu laughed and said, "Feng Shui is all fake. It's just a superficial application of the formation. I can't think that people outside the world value this thing so much!"

Bad Feng Shui?

Li Yun wondered, this bungalow was the residence of the nobles who came to colonize here in the old days. Although foreigners do not understand feng shui, but these houses have lived for more than a hundred years, how come they suddenly say that feng shui is not good? I'm afraid it's not a psychological effect!

"Ding, trigger the option event, please choose from the host:

Option 1: Learn about what happened in Mansion 4, reward experience value +200,000, free attribute points +1500, blue gift bag*2.

Option 2: Turn around and leave, no reward. "

The sudden prompt of the system made Li Yun stunned. Although the cheating system occasionally cheated a little bit, at least it will not be aimless. In the 4th mansion, I am afraid that there are some relevant clues hidden!

Thinking of this, Li Yun pretended to be surprised and asked, "Feng Shui is not good? Can you tell me more about it, Mr. Zhou?"

"This....."

Housekeeper Zhou was obviously unwilling to expose the secrets of the host's house to outsiders, so he said vaguely: "It's just a small problem, so the master plans to move, but please put it down, there is absolutely no problem living here! And the price, trust the master. We will do some preferential treatment appropriately."

"Offer? No need." The little maid Qingzhu waved her small hand boldly. "My saint is not short of your money. Move it out quickly. Maybe the saint is happy for a while, so I will give you a few more amulets. You are safe and healthy!"

Gong Qingyu was speechless, this maid spoke and acted very arrogantly, not like a maid, but a big celebrity next to the empress.

Butler Zhou reluctantly smiled and did not take the conversation, "If you want, please come back for the formal meeting in a few days."

His meaning is obvious, see off!

Li Yun smiled indifferently, looked at Qingzhu and said, "Can you use flame spells?"

Everyone was taken aback.

Butler Zhou even wondered if there was something wrong with his ears, fire spells? Magic show?

"What do you want to do?"

"Don't ask first, you just do it, and you'll understand later!"

"...Huh, okay."

The arrogant little maid snorted and agreed reluctantly. Then, she stretched out her tender little hand with the palm facing up and the back of her hand down, and by the way gave Li Yun a white eye:

"I'm optimistic."

With a sound of 'Peng', a bright yellow flame appeared on the palm of her hand out of thin air, and the light yellow brilliance shone on the horrified face of Zhou Guanjia.

"This this this!"

After graduating from the famous TIBA Butler University in foreign countries, butler Zhou, who admits to be polite and never embarrassing his master, is finally embarrassed.

He retreated several steps in shock, and almost sat on the ground in fright, looking at the flames on the white and tender palms of Qingzhu with a frightened look!

The scene before him completely shattered his worldview!

Chapter 762: Master Zhou

There are many warriors who practice Yang attribute exercises in the rivers and lakes. When they are running True Qi, they can also make the people around them feel the hot breath.

But there is absolutely no warrior who can create something like flame!

Qingzhu gave Li Yun another roll of eyes. This villain asked her to perform a spell just to scare the housekeeper?

Li Yun smiled and said meaningfully: "Housekeeper Zhou, let me tell you the truth, we are not here to find a cat, but to deal with an enemy. He is hiding nearby and doing some evil things. Now, I want to go in and find out the truth, what do you think?"

Gong Qingyu couldn't understand.

Before Li Yun said that he did not need to enter the bungalow, but now he repented.

How did he know there was a problem in the house? Intuition?

Manager Zhou turned pale, and said quickly, "Please don't get me wrong, sir, my master never colluded with others, and never participated in these things!"

Li Yun was non-committal, "I think you looked worried before, what happened? Don't worry, we are also very good at treating diseases in addition to dealing with evil enemies. We are all very good at weird and unusual places, even ghosts We are sure to solve it!"

Hearing the words ghosts and zombies, Housekeeper Zhou shuddered, raised his head tremblingly and glanced at Li Yun, then quickly lowered his head, hesitated, and said:

"First, sir, you are right. My master did encounter a strange thing not long ago."

really!

With the emergence of the six magic gates, weird incidents frequently occurred in Zhonghai City, probably because of the activities of the magic gates!

The little maid Qingzhu said impatiently: "What's the strange thing? Bad Li Yun, let's leave it alone, there are so many strange things in the world, and we can't manage it. Now it is important to find the hidden spellcaster!"

"Don't worry, maybe the enemy is hiding in it? For example, a basement or a cold room!"

Butler Zhou was taken aback. There was indeed a basement in the bungalow, which was used to store guns when it was built. There is no cold storage room, but there is a constant temperature and humidity wine cellar with thousands of bottles of famous wine in it!

If someone hides there...

"Sir, I will take you to see the master!"

Steward Zhou Fei also brought in Li Yun and the three of them, and hurried upstairs to invite Master Zhou down.

According to Gong Qingyu's brief introduction just now, Zhou's family is a traditional jewelry industry family, operating more than 2,000 top jewelry stores around the world, with a market value of more than 500 billion, and the family wealth is quite amazing.

And although the master Zhou in front of Li Yun was called the master by the housekeeper, he was only in his early forties. It was when the man was young and strong, wearing a light-colored Tang suit with a serious face.

"Qingyu, why do you have time to come to my house today?" After Master Zhou went downstairs, he greeted Gong Qingyu first, and put on an expression of indifference to Li Yun and Qingzhu, obviously not wanting to be unfamiliar. People have too many intersections.

"Hello Uncle Zhou."

The two are neighbors, Gong Qingyu is familiar with him, and was about to chat casually, but Qingzhu said impatiently: "I heard that you are in trouble? Let me help you solve it, and then you Sell the house to me, and the money will not be less for you!"

The scene fell silent for a moment.

Li Yun couldn't laugh or cry, patted the little maid's head, turned his head and smiled at Master Zhou: "Don't be surprised, she is a close maid of the saint, and a practitioner. She has a kind of arrogant psychology towards ordinary people, but in fact there is no malice. "

Chapter 763: Vaillant

Master Zhou had a weird face, he didn't understand what Li Yun said.

What saints or ascetics, when making movies!

Therefore, Master Zhou put on an indifferent expression, nodded, and said casually: "Are you a friend of Qingyu? You can relax in my house, but don't be too casual."

It means simple, warn her not to speak big words!

"Humph!"

The little maid Qingzhu and Liu raised her eyebrows and said angrily: "Mortal, let you see what I can do!"

After that, she stretched out her slender finger to the table, and with a bang, a whole set of precious porcelain on the table was turned into fragments.

Master Zhou and the maids in the living room were all shocked, but the amazing scene in front of them was not over yet!

I saw Qingzhu's small hand making a grasping action, and it was actually a volley that grabbed the hundreds of pieces of porcelain on the table. Then, countless porcelains turned into a giant dragon, flying back and forth in mid-air.

Roar!

The dragon hovered in the middle of the living room, and everyone was stunned, as if they heard the loud roar from it. Several timid maids fell to the ground in fright, their faces pale, their bodies weak and unable to move.

"enough!"

Li Yun calmly pressed Qingzhu's hand, "Quickly collect your magical powers."

The little maid snorted and glanced at Master Zhou triumphantly. With her little hand hanging down, the dragon in the sky instantly shattered, and the porcelain fell to the ground, making a ping-pong-pong sound.

Needle dropping in the living room can be heard.

"Qingzhu, I will pay Master Zhou for a tea set later." Li Yun knocked the little maid on the head. She was quite unconvinced. Li Yun smiled helplessly: "You know how expensive Master Zhou's tea set is. Is it a conservative estimate of tens of thousands of dollars!"

"Uh?"

Gong Qingyu glanced at him, and said slowly: "I guess you can buy one of the cups for tens of thousands of dollars."

"Ahem, when I didn't say it." Li Yun was suddenly embarrassed. Do these rich people use antiques to drink tea?

"If you pay, what's so great? Why knock on my head, don't knock on my head! I want to knock you too!" Qingzhu stretched out his hand and hit Li Yun's forehead to express his dissatisfaction.

"no, I'm fine!"

Master Zhou, who came back to his senses, waved his hand quickly, the expression of indifferent expression on his face disappeared, and turned into a flattering and awe-inspiring smile: "Zhou does not know that this lady, you are a worldly expert, how many Offend, look at Haihan, and look at Haihan!"

Qingzhu chuckled, "Haihan doesn't need it anymore. I am not interested in dealing with you mortals. If you want to sell a house, I will buy it. We will pay the money and deliver the goods, and no one owes anyone!"

She was still thinking about finding a house for the Lord Saint.

The little maid yelled from a mortal, causing everyone in the living room to wipe the cold sweat on their foreheads, dare to love that the little girl in front of her was really a fairy!

"I'll talk about this later."

Li Yun looked at Master Zhou with a serious look: "The purpose of our coming here is mainly to understand what the housekeeper said, what is the strange thing you have encountered recently?"

At the mention of this, Master Zhou's face suddenly dimmed, but then he thought about a fairy standing in front of him?

Suddenly, his gaze at Qingzhu became extremely eager, "As long as Miss Fairy, you help me solve this matter, Zhou will give you this house, not a penny!"

"Miss fairy?" The little maid Qingzhu snickered, covering her mouth, "I am not a fairy, but the saint of my family is a fairy!"

"Yes, I don't know how to call you Miss?"

"Um...you call me Miss Qingzhu!"

Chapter 764: The sick little Zhengtai

After the little maid Qingzhu showed her strength, Master Zhou was finally willing to talk about the strange things that happened at home.

"A week ago, my wife and son went to an orchard in the suburbs for outings. After returning, my son Xiaopeng couldn't afford to be ill."

"I went to countless expensive top hospitals, performed a full set of examinations, and looked for a lot of famous Chinese medicine doctors, but I couldn't find out what disease my son was suffering from!"

"He is still sick until now, eats very little, and has worse spirits. He didn't even go to school!"

After listening to Master Zhou's narration, Li Yun frowned slightly. Could it be something like Gu worm again?

"Ding, the host makes a choice to understand what happened to Zhou's family, rewards experience value +200,000, free attribute points +1500, blue gift bag*2."

"Ding, trigger the option event, please choose from the host:

Option 1: Save Master Zhou's son Xiaopeng, give him a small detoxification pellet, reward justice value +1000, intermediate detoxification pellet*1, bonus free attribute points +1000. The host can get the favor of Zhou's family, which will help future business activities.

Option 2: Ignore, leave, reward skill: cold-blooded.

Option 3: Save Xiaopeng, reward: to be determined. "

After receiving the previous reward, a new choice event appeared. When he saw the third choice, Li Yun was a little stunned.

Reward to be determined?

"Fairy...er, sorry, please Ms. Qingzhu please help me!"

Master Zhou respectfully bowed to Qingzhu. He was almost desperate. If his son Xiaopeng died, Zhou's family would be in pain.

Because he and his wife had only had their first child after ten years of marriage, Xiaopeng is almost the only heir to the Zhou family in the future. If he dies this way, the family has no successors, I am afraid it will be devastated!

Although Zhou's family has a lot of side branches, they are side branches after all. Who wants to give his nephew the property?

"What do you mean, badass?"

Qingzhu looked at Li Yun, and Li Yun naturally nodded in agreement: "It's okay to go and see, let's go."

Qingzhu pursed her mouth. She originally came out to find the caster, but was involved in an accident.

Master Zhou was overjoyed and thanked Qingzhu constantly, and thanked Li Yun by the way—he always thought that only Qingzhu could heal his son.

Everyone went up to the third floor. Li Yun followed him into the room of Mr. Zhou's son Xiaopeng. Inside, he saw that there was a children's room. The room was not small. There were a lot of toys piled up in one corner. After walking a few steps inside, he saw a small room. The boy is lying in the hospital bed.

There were a few people nearby. A young woman in her early thirties was looking at Xiaopeng with a sad expression. This should be Mrs. Zhou.

"husband."

Mrs. Zhou stood up and glanced at the three of Li Yun hesitantly: "Who are these?"

"Haha, ma'am, this is the fairy I specially invited to see Xiaopeng! As soon as the fairy technique comes out, I promise that the medicine will be cured!"

Master Zhou was so excited that he was a little bit thoughtless to speak, Madam Zhou frowned, and her husband invited some messy people back!

Several family doctors nearby looked at each other, and one of them stood up and said, "Master, be careful!"

Qingzhu glanced at him and snorted proudly.

Master Zhou was afraid that she would be angry, so he said quickly: "Miss Qingzhu, please don't be offended, Mr. Fang is not malicious. I did invite some doctors from the rivers and lakes before, and they failed to cure Xiaopeng's disease, and even prescribed prescriptions indiscriminately. , Causing Xiaopeng to become weaker and weaker."

Chapter 765: Do it in one palm

Li Yun looked at the boy lying on the hospital bed. He was about seven or eight years old. He was a cute young lady, but his lips were white, his eyes closed tightly, and his breathing was very weak.

Qingzhu didn't say a word, and went straight forward, and took a look at Xiao Zhengtai's eyelids. She found that the pupils inside were dim and dull. Then she swept away her mind and found that there was a trace of evil power in his body, and she suddenly had a small face. Smiled:

"It turned out to be like this, it's very simple, what I thought it was!"

"what?"

Everyone was stunned, the little girl in the green skirt, looking at her underage, actually said it was simple?

Several family doctors were even more dissatisfied. They examined and discussed for a long time. Master Zhou even took Xiaopeng to more than a dozen top hospitals for examination, but none of the causes were found.

This little girl actually said simple?

Master Zhou was overjoyed: "Miss Qingzhu, can you cure it?"

"Of course! Didn't I say it's very simple?"

With a smug smile on Qingzhu's face, he stretched out his hand and patted Xiaozhengtai's abdomen through the quilt. Suddenly, Xiaozheng stood up too abruptly, and opened his mouth with a wow of blood.

This sudden change made everyone present stunned. After returning to their senses, Madam Zhou screamed, hurriedly supported her son, turned her head and glared at Qingzhu: "What are you doing?!"

Several family doctors also scolded one after another, but the little maid said with an innocent look: "Nothing to do, treat him, don't you see that the blood vomited out is all black? It's stinking! "

Everyone was stunned again, and turned their eyes to look intently. Sure enough, they saw that the pool of blood was black and red, it was obviously not the blood of normal people!

Li Yun smiled and said, "This is a necessary step. After all, your son is already very weak. Slow treatment will not be good. You need to use strong medicine."

At the same time, Li Yun sighed in his heart. It was a pity that Qingzhu little girl robbed him of his choice event.

"Strong medicine is good, strong medicine is good!"

Master Zhou was so happy that he praised Miss Qingzhu's medical skills as being comparable to immortal skills, and Hua Tuo couldn't compare to it in his second life.

Several family doctors were all dumbfounded.

They are not good at Chinese medicine, but Chinese medicine also pays attention to massage, squeezing acupuncture points, and special techniques to achieve the purpose of removing blood congestion in the body.

But this little girl, fifteen or sixteen years old, actually stretched out her hand and took a picture of the congestion in Xiaopeng's body. This method is simply amazing!

"Hmph, the wounds of mortals in the treatment area are very simple!"

Qingzhu said triumphantly: "This kid will wake up in less than a minute. Just wait!"

"Thank you Fairy, thank Miss Qingzhu, thank Miss Gong!"

Master Zhou exaggerated to the little maid, and Madam Zhou's brows stretched out, and she thanked her repeatedly.

The only thing to do now is to wait for Xiaopeng to wake up!

10 seconds.

20 seconds.

Half a minute...

As time passed bit by bit, Xiaopeng, who was lying on the hospital bed, still closed his eyes, except for his face a little better, he did not wake up in the slightest.

"Miss Qingzhu, is this...?"

Master Zhou was dumbfounded. Didn't the fairy still say before that his son can wake up in less than a minute?

"Strange." Qingzhu was puzzled, and opened Xiao Zhengtai's eyelids again, and looked at his eyes, "Is it asleep?"

A normal person was punched in the stomach and would not fall asleep even after he vomited a mouthful of blood.

Li Yun complained in his heart, but suddenly thought of something.

"wrong!"

Chapter 766: Shennong Heart Sutra

"The selection event given by the system did not fail!"

Li Yun suddenly thought of this. According to the occasional failure experience in the past, after the incident is missed, the system will prompt him to do nothing and no reward.

But this time there is no hint about the treatment of Xiao Zhengtai!

This also means that Xiao Zhengtai has not been cured yet!

"Qingzhu, let me come!"

A light flashed in Li Yun's eyes, a disease that could not be seen by Qingzhu who cultivated the spirit realm, which made him interested in it.

The little maid did not believe in evil, and repeatedly checked with divine consciousness for a long time. Finally, she puffed up her cheeks and stepped away angrily. She said, "You come, huh, anyway, I can't help it. I think it will take the Saintess to come, and you don't think you can see anything!"

Master Zhou showed a disappointed expression, not even a fairy who knows spells, is his son...

"uncertain."

Li Yun smiled slightly, stretched out his hand to hold Xiao Zhengtai's hand, and gave him his pulse first.

The pulse condition was sudden and slow. This is a typical arrhythmia, but in Li Yun's mind observation, Xiao Zhengtai's internal organs were not abnormal.

For a long while.

"Did you see the problem?" Gong Qingyu asked in a low voice.

"I'll just say it?" Qingzhu also said, "He is not a physical problem, I am afraid that his soul has been damaged, so I have to rely on the Lord Saint to do it!"

Several doctors looked at each other. Modern medicine has not yet determined whether the human soul exists. Is it true?

"Soul? Maybe I can cure it too!"

Li Yun's heart moved, and in the eyes of everyone's astonishment, he slowly closed his eyes and began to use the mental skills he acquired not long ago: the Human Emperor's Heart Sutra.

Human Emperor is not the title of emperor, but refers to Shennong.

Shennong tastes Baicao. He is the inventor of Huang Xuanguo medicine and his medical skills are extremely clever.

Correspondingly, the mental method dubbed "The Human Emperor's Heart Sutra" possesses the mysterious function of calming souls and calming souls, can heal human souls, and return the three souls and seven souls to their positions.

"Born in spring and summer, do not hurt or hurt..."

Li Yun closed his eyes, meditating on the key to the Heart Sutra silently, and his spiritual thoughts slowly radiated out. When he touched Xiao Zhengtai, his consciousness instantly trembled.

When he reacted, his spirit had already come into a mysterious space.

"this is.....?"

Li Yun opened his eyes, but found that there was darkness in front of him, and in the darkness, there were many objects floating in a round transparent cover.

There are all kinds of weird things inside, or someone who can't see clearly, or a toy train, or a miniature high-rise building, or even a weird person with a huge mouth.

Everything in the world, all kinds of weird things can be found here!

"This is Xiaopeng's Sea of Knowledge?!"

An enlightenment flashed in Li Yun's mind, and the concept of the sea of consciousness was mentioned in the Human Emperor's Heart Sutra.

The sea of consciousness, the ocean of consciousness, represents all of what a person has seen, heard, thought, and thought. Entering the sea of consciousness means that he is spying on a person's inner world!

"In that case, I didn't enter here with divine consciousness, but divine soul sneaked in."

Divine Soul separation is originally a magical skill that can only be obtained by refining the Divine Realm, but Li Yun possesses the Human Emperor's Heart Sutra, so when he treats soul damage to others, he can also sneak in with Divine Soul.

There is no doubt that the separation of the soul from the body is of great benefit to Li Yun's practice. He is equivalent to prying into the realm of refining the gods one step in advance, which is of great help to the follow-up practice!

Chapter 767: Know the sea world

"But how did I find Xiaopeng?"

Li Yun raised his eyes and looked around. According to the records of Shennong's Heart Sutra, he needed to find the owner of the Sea of Consciousness in the Sea of Consciousness before the follow-up treatment could begin.

But it is a pity that the method to find is the intermediate or even advanced content of Shennong Heart Sutra, which Li Yun hasn't learned yet.

"Anyway, walk around first."

Li Yun walked around in Xiaozhengtai's sea of knowledge.

The world was empty and dark, like the boundless chaos before the world was opened, only the various objects floating around that represent Xiao Zhengtai's memory are emitting light.

These objects were wrapped in a film, and Li Yun did not dare to touch them without authorization, so as to avoid the consequences of amnesia.

But soon, after he sensed that there was no road under his feet, and naturally he didn't need to walk, Li Yun became a flying state, speeding up suddenly.

Finally, Li Yun discovered a very special situation.

When flying in a certain direction, the floating objects around will become more and more real. The water in the cup, the pattern on the carpet, the shape of the leaves of the trees, etc., are all clearly visible.

But when flying in the other direction, the situation is indeed reversed.

Objects not only become more and more blurred, but also more and more weird.

A laptop with long tentacles, a middle-aged man with a black body, a pistol with a horn, a tall building with wings, and so on.

These seem to represent Xiao Zhengtai's illusions about the outside world. For example, evil spirits represent viciousness, which proves that Xiao Zhengtai is very afraid of him.

High-rise buildings have wings. It is estimated that Mrs. Xiaozheng thinks that the building is very tall, as tall as a bird, so I have to add wings.

"It's kind of magical."

Li Yun was sure that when Xiao Zheng was too sober, he would never think of such things as tall buildings with wings. These weird objects should be his subconscious, perhaps the unconscious fantasy when he was three years old, or the sudden rush of thoughts and bursts of thought. Out of the result.

No wonder people have strange dreams. There are so many weird things in the sea of knowledge.

According to modern psychological research, people's dreams are actually the result of people's subconscious expressions.

"The subconscious mind, the soul, the sea of knowledge..."

Li Yun seems to have grasped a certain key to his practice, but unfortunately, it is not the time to think about this, his mental power feels exhausted, and he has to find the master here soon!

Flying in the direction of the surrounding objects becoming more and more curious, there should be the depths of the sea of consciousness, Li Yun finally saw the figure of a little boy in front of him who was entangled in black energy.

He is the son of Master Zhou, Zhou Mingpeng!

"Um?"

Li Yun stopped and carefully observed his condition.

Zhou Mingpeng squatted on the ground, holding his knees, his face buried in his knees, several black aurs emerged from the void and wrapped around him, and several floating black skulls were constantly besieging him.

Fortunately, there were two helpers standing beside Zhou Mingpeng.

One is a mighty man in gold armor...Master Zhou!

The other one was wearing a white dress with angel wings...Mrs. Zhou.

"Cough cough cough!"

After seeing the two clearly, Li Yun almost didn't vomit blood.

Although Master Zhou and Mrs. Zhou look good and look handsome in battle clothes, after seeing how they look in the real world, there is always a sense of disharmony between the two of them!

Especially Mrs. Zhou, the angel wings on the back are almost the same as the cheap wings in the page tour.

Chapter 768: Add 15 wings

No, maybe Zhou Mingpeng saw it in the unknown page game advertisements that often popped up when he was online, so Zhihaili showed this appearance.

After all, normal angels are all white wings, but Madam Zhou's wings are colorful. At first glance, you can see that this thing is not top-up more than 100,000, and it is strengthened to +15, the kind of awesome wings that you can never get.

"Page game ads kill people."

Li Yun sighed and thought, his white Silvin pistol appeared in his hand. This was not a real colorful-level Silvin weapon, but just a disguised appearance.

But it should be enough to deal with these skulls!

"Boom boom boom!"

Li Yun fired continuously, one shot with one black skull, and eliminated them all. Finally, he turned into a sword, and cut off all the black chains that bound Xiao Zhengtai. Finally, Xiaozheng moved too much. , Slowly raised his head and looked at Li Yun.

"Your name is Xiaopeng?" Li Yun touched Xiao Zhengtai's head and asked.

"Well...My father calls me Xiaopeng, and my mother also calls me Xiaopeng...Brother, who are you?"

Just hearing this sentence makes people think that he is not a fool, but this is Shihai, and anyone who has not been trained will be confused, even the owner of Shihai.

"My name is Li Yun, all right, you are fine, you wake up soon, your parents are very worried about you!"

Touching the little guy's head again, Li Yun's soul retreated, opened his eyes and looked at the time, only less than ten seconds passed.

"Well, Xiaopeng should be able to wake up soon!"

"Okay, okay?"

In the eyes of Master Zhou and Madam Zhou, Li Yun just closed his eyes during the pulse diagnosis. He didn't seem to do anything, but said Xiaopeng had been cured.

Master Zhou didn't believe it yet, but Madam Zhou suddenly grabbed his arm, with nails almost embedded in his flesh. When Master Zhou was in pain, his wife pointed to the hospital bed in an excited tone. : "Old, husband, Xiaopeng, Xiaopeng him!"

"What?! Could it be that..."

Master Zhou quickly turned his head and saw that his son opened his eyes and squinted his hands a few times. After seeing the two of them looking over, he said in a weak voice: "Dad, mom, I seem to have a dream. There is a very powerful brother in the dream... Ah, it's the brother you!"

Xiao Zhengtai saw Li Yun, her eyes lit up, and she said excitedly, "Brother, did you help me defeat the bad guys?"

Li Yun smiled and nodded, "Unexpectedly, you still remember the things in the dream. Okay, it's okay. There will be no bad guys to bother you in the future!"

"Yeah, thank you brother!"

After being sober, Xiao Zhengtai is obedient and sensible, much more agile than in the sea of consciousness.

"Great, Xiaopeng, you're finally okay, it's great!" Madam Zhou excitedly hugged her son tightly, her eyes full of tears.

As the news broke, the servants and guards of Zhou's family became happy.

The heirs of the Zhou family are safe and sound, which means that they can continue to work for the Zhou family, not to mention looking for them when they are unemployed. The Zhou family's salary is very high, and this kind of work is really not that easy to find!

The atmosphere was joyous and harmonious, and even the little maid, who had expressed dissatisfaction with her small mouth pouting before, was giggling now, looking at Li Yun with some other meaning.

Gong Qingyu breathed a sigh of relief. As expected, she was the one she liked, and the problem was solved as soon as she shot it, as if there was no difficulty in the world to stump him!

Chapter 769: cure

"It's really good!"

Seeing that Zhou Mingpeng could really sit up, several family doctors looked at each other. They only felt that they had studied medicine for decades. Li Yun seemed to have done nothing but held the patient's hand, but he was cured. !

Master Zhou was very happy, and when he said about the living room downstairs, Mrs. Zhou and several doctors were all frightened.

Li Yun ignored the excitement of Zhou's family. He touched Xiao Zhengtai's head and asked, "Tell my brother, what did you encounter at that time? Don't be afraid, there are brothers and sisters here, and I promise that no bad people can hurt you."

"Well, I believe my brother!" Zhou Mingpeng nodded obediently, and tried to remember: "I went to the orchard to see peach blossoms with my parents at the time. There were a lot of peach blossoms in it, but it looked good..."

"Is there a natural miasma there?" Qingzhu interrupted.

Zhou Mingpeng glanced at her and shook his head: "No, sister, although I don't know what flatulence is, I saw... I saw it."

He hesitated to speak, but after Li Yun's questioning, he finally spoke.

"I saw a man in black disappearing among the peach trees."

Everyone was shocked.

A person disappeared in the peach tree?

"It's true, Xiaopeng didn't deceive anyone!"

A child Zhou Mingpeng hurriedly explained: "At that time, Mom and Dad were preparing to have lunch on the grass, and I was playing around by myself, but when I heard a sound from the tree, I looked up and saw a man in black! "

"Then what?" Qingzhu quickly asked, depending on the situation, the man in black looked like a person from the Six Demon Gates.

"Then he gave me a disgusting look, and I immediately wanted to sleep. Before I fell asleep, I saw him disappear in a big peach tree!"

The room was quiet, and everyone was startled by this bizarre story.

Mrs. Zhou hugged him with tears: "Xiaopeng, it's bad for mom. Mom should have followed you at the time, otherwise you won't encounter this kind of thing. Fortunately, this gentleman is here, otherwise mom will die of guilt. of!"

It was only now that she remembered that she still didn't know Li Yun's name, and she quickly apologized.

"It's okay." Li Yun waved his hand, turned his head and smiled at Gong Qingyu and Qingzhu: "It seems that we have one more place to investigate."

Qingzhu was speechless, she felt a little confused.

Isn't this time to come out to find the caster? Why did something else happen suddenly, and Qingzhu didn't know what to do next!

Even Gong Qingyu looked at Li Yun with questioning eyes.

"fine."

Li Yun waved his hand: "You have to eat one bite at a time, and things are investigated one by one. Let's deal with the current affairs first, and then consider the peach tree side."

"Ding, the host makes a choice and uses the Emperor's Heart Sutra to treat Zhou Mingpeng, rewards justice value +1000, experience value +880,000, all attributes +2000, purple gift bag*2, extra rewards wisdom, spirit +5000, Fanqing bamboo is good Sensitivity has increased significantly."

Li Yun is basically satisfied with the reward, but Qingzhu's favorability has risen again?

She couldn't help but glanced at the arrogant little maid, who happened to meet her eyes. The little maid blushed and turned her head shyly, without calling him a thief.

Being liked by such a cute and cute little maid, even though Li Yun said that he would no longer provoke girls, he still had a strange enthusiasm in his heart.

It seems that the little maid, Qingzhu, is also very cute and has a very good figure, and...

"boom!"

"Old, sir!"

Chapter 770: See also the army of bugs

Suddenly, there was a noise from downstairs, and the guard yelled in horror, as if seeing something terrifying.

Qingzhu recovered from her shy state, glared at Li Yun with an angry look, and then came to the window with a flash, then turned over and jumped down to the third floor.

Her spirit has already felt the abnormal situation downstairs.

"Wait for me, I will go too!"

Li Yun didn't talk nonsense, took out the Silvin pistol around his waist, followed by jumping from the window, Gong Qingyu followed closely behind.

The people who were left were dumbfounded, but Zhou Mingpeng was happy and shouted to Master Zhou: "Dad, the gun in my brother's hand is very powerful, he killed the monster bang bang!"

"This, this way."

Master Zhou's expression was the same as everyone else, with awe and awe, but in his heart, he had some different views from before.

If Ms. Qingzhu buys a house here, it means that it will be very safe. Even if there are enemies, she will not trouble others.

But when he encounters a difficult thing, he can ask Miss Qingzhu and Li Yun to help solve it. It can be said that it kills two birds with one stone!

It's just that he has promised to sell the house to Ms. Qingzhu before, this...

"what?"

Li Yun jumped down to the third floor, and immediately heard a rustling sound. He strode forward and saw a terrifying and familiar side in front of him.

Thousands of bed bugs, ants, and moths came surging, flying all over the sky, whizzing and swept, like a large black cloud, the picture rolling over is hopeless.

"My mother, what the **** is this!?"

"Why are there so many bugs?"

"Grass! A gun doesn't work, go to the kitchen to find fire!"

A group of maids and guards called and screamed and made a mess. The usual things to prevent thieves and robbers, such as pistols, electric batons, hemp, drunk guns and the like, seemed so weak in the face of thousands of bugs!

Li Yun's eyelids jumped, and he glanced at Gong Qingyu. Isn't this scene of the army of insects used to raise Gu controlled by Dean Yu in the mental hospital?

It's just that the scale is much smaller, there are no hundreds of millions of bugs, and it is estimated that there are only a hundred thousand bugs, but I don't know if there are any more.

"Hmph, little bugs dare to show off in front of me!"

Qingzhu looked at the bug in front of him with disdain, and took out a palm-sized red flag from his personal bag. With a wave in the wind, the flag quickly grew bigger and turned into a huge red bird.

The maids and guards were all stunned. Upon closer inspection, the red bird was clearly composed of flames. The whole body was full of blazing flames. It was one person tall, with wide wings, and it was as mighty as a condor.

"This! This!"

The crowd retreated several steps in horror, and the scorching smell made people feel that their hair was about to burn.

Feeling the smell of flame, the insect swarms screamed anxiously, but unexpectedly, these insects that were naturally afraid of fire did not retreat, and they still hovered and flew in front of the front door of the bungalow.

"Burn them out for me!"

Qingzhu stretched out his hand and pointed, the giant flame bird uttered a clear name, fanning its huge flame wings, and flew straight into the swarm of insects.

boom!

In an instant, the fire blazed into the sky, and a huge wave of air instantly melted the fountain rockery in front of the door, and shattered the floor-to-ceiling windows of the living room on the first floor, overturning dozens of maids and guards standing far away.

The scene was chaotic for a while, and the flames were extremely uncomfortable.

"Crack!!"

When everyone screamed and avoided, and the scene was extremely chaotic, there was a dull toad cry from the garden in front of the bungalow.
