Chapter 771: Three-eyed Toad

A swift sound of breaking through the air sounded, Qingzhu was horrified to see that a fist-sized toad with a fierce sarcoma-like skeleton was hitting her chest with a fierce aura, and it hit her whole. The horrible momentum of body penetration!

"no, do not want!"

Qing Zhu Huarong paled and closed her eyes in fright. After all, she was just a girl under twenty years old. In addition, she had grown up in a hidden valley for many years, her mind was simple, and she would scold if she wanted to scold. Laugh as you want, I have never experienced such a crisis!

"Bang! Bang!"

Two gunshots, the expected impact did not come, nor did the chest pains, but a warm big hand around the waist, the annoying thing came from the ear, but it made people feel at ease. the sound of:

"carefully."

Qingzhu was rescued by him. After a long while, he quietly opened a slit in his eyes and took a look at Li Yun, and his face immediately became blush.

Gong Qingyu bit her lip. Seeing Qingzhu's sprouting spring heart, she knew that Li Yun, a bastard, was liked by a girl again!

At this moment, the little maid was so shy, how could she still look like her usual arrogant frown.

Li Yun took the pistol and stared at the toad that fell not far away. A bullet hole appeared on his forehead. He said in a deep voice, "This monster seems to have three eyes, one was knocked out by me! Fortunately, I felt that the worm was in the flames. It's a little weird to not step back in front of you, and take precautions."

"Forget it, you are good."

The little maid Qingzhu replied indiscriminately, and hurriedly picked up the flame flag in her hand, and waved it to the front again, and the flames burst into the sky again in an instant.

Gong Qingyu looked at her amusedly. Isn't Qingzhu using firelight to hide her shyness?

Really extravagant, such a waste of magic weapon.

"Enough is enough. If you burn the whole house, it will be almost gone. Don't you have to live with the Lord Saint of your family?"

Li Yun grabbed Qingzhu's little hand and stopped her because the three-eyed toad had escaped.

Qingzhu's face blushed, and he struggled slightly to get rid of Li Yun's hand, but couldn't get rid of it, so he had to let him hold it, and his small face became more and more blush.

"Ding, trigger the option event, please choose from the host:

Option 1: Chase the three-eyed toad, reward experience value +500,000, all attributes +1000, purple gift bag*1, extra reward: Intermediate Detoxification Pill*2.

Choice 2: No chasing, no reward, and another choice event of the host will fail. "

It really was a three-eyed toad.

Fail if you don't choose?

After thinking about it for a moment, Li Yun knew that the three-eyed toad was sent by the messenger behind the scenes tonight. If the three-eyed toad returned with injuries, he would surely be scared to flee in embarrassment. Choosing an event would naturally be a failure.

Then there is only one choice, chase!

"Qingzhu, Qingyu, let's go!"

Li Yun took the Silvin pistol and chased it in the direction where the three-eyed toad escaped. Before leaving, he left another sentence: "If you are afraid, you can go to the palace for protection temporarily. I will come back after solving this matter. !"

Master Zhou and Madam Zhou on the third floor looked at each other, and finally did not go over, because they thought that the enemy had been driven away by Li Yun, and Zhou's family was in a mess and needed to be dealt with as soon as possible.

"This toad runs so fast!"

Gong Qingyu couldn't see the shadow of the toad at all, and Li Yun's spiritual mind coverage was too short. Although he could feel the breath left by the three-eyed toad, the tracking speed was too slow.

"follow me!"

Qingzhu took the initiative to walk in front, there was still some blush on her little face, and tried not to look at Li Yun.

Chapter 772: Riverside Park

The three followed all the way, exited the French Concession, and entered the riverside park by the Yellow River, and finally stopped on a grassy slope.

At this time, it was almost evening, and the light of the setting sun shone on the water, reflecting dreamlike colors.

But Li Yun didn't want to appreciate it. He turned his head and asked, "Qingzhu, did that toad escape here?"

"Um....."

Qingzhu's voice dragged on for a long time, looking around the **** of the river bank, as if looking for something.

Li Yun scanned the surrounding area, and there was no trace of turning on the lawn. The river surface was wide. If the three-eyed toad jumped into the water, it would be really hard to find it!

"Did he run away?" Gong Qingyu checked the ground and straightened up to look at Li Yun.

Li Yun couldn't help but froze. The breeze on the riverside was blowing. In the afterglow of the setting sun, Gong Qingyu, a classical beauty, was shrouded in a layer of golden sunlight. The black hair was swayed by the wind, which added to her. It's kind of glamorous.

"What are you looking at."

Gong Qingyu turned her head a little bit shy. The surrounding environment is very beautiful. If she comes here with Li Yun or Aunt Lian on weekdays, she doesn't mind being seen like this by Li Yun.

But now Qingzhu is still with him.

"Humph."

Qingzhu gave a small snort, and walked to the side to check on her own. Li Yun seemed to hear something like a badass pervert in her little mouth.

"Ahem, my Qingyu is so beautiful. When we have time, we will come here for a walk in the evening. It must be very comfortable."

This place is located in the riverside park, not close to the road, few people come, and you will not encounter many people walking along the coast.

"Come on, you don't live in Zhonghai City, how can you have any time!"

Gong Qingyu complained that Li Yun did not take the initiative to look for her when he came to Zhonghai City this time, let alone the future.

Li Yun smiled slightly, "The college entrance examination is still more than a month away."

"what?"

Gong Qingyu was stunned for a moment, and soon reacted, and looked at him excitedly: "Then you come to China Overseas University to study? Come to live in China Overseas City?! Come...?!"

Come to my house?

She didn't feel embarrassed to say the latter sentence.

"Of course." Li Yun scratched her small nose and smiled: "Well, don't rush to say this, wait for later."

"Um."

Gong Qingyu showed a joyful expression on her face. Li Yun's grades would definitely be able to pass the entrance examination of Zhonghai University. Then, won't she be able to be with Li Yun every day?

Originally, the arrangement for her at home was to study abroad, but now, of course, Gong Qingyu decided to study at the local Zhonghai University!

"It seems to be gone!"

After searching for a while, the little maid who was fed a lot of dog food by Li Yun and Gong Qingyu was in a bad mood. She pouted her mouth and turned her head and wanted to leave, "Go back, I can't find it. Waiting for me!"

"Don't worry."

Li Yun stopped her and said with certainty: "Toad did not escape, it is still nearby!"

The reason he was so sure was because the system hadn't notified him that the mission failed.

"Then you are still flirting here!"

On impulse, the little maid directly said jealous words. After the words were spoken, her little face flushed immediately. She wanted to swear loudly, but she felt ashamed. Finally, she stomped her feet in hatred and turned. Don't look at Li Yun if you go too far.

Tsundere looks extremely cute, but Li Yun didn't dare to tease her anymore, lest the little maid actually rushed to bite him.

Chapter 773: Sewer

"Qingzhu, didn't you find anything when you observed the underground with your divine mind?"

"What can I find?" The little maid said angrily: "I don't know which **** built it. The underground here are all tunnels. I can't find out if I want to check it!"

"Tunnel? You mean the underground pipe of the drainage system, right?"

Cities generally have drainage systems that collect rainwater from the ground to the river.

Li Yun's heart moved, could it be that he was hiding inside?

He immediately ran up to the river bank and scanned the ground. After seeing an obvious manhole cover, his eyes lit up: "It's there!"

"Where? Underground?"

Qingzhu followed, and when Li Yun opened the manhole cover, she felt a stinking odor coming towards her face, causing her to turn around and retching, and even the tears were smoked out.

"You, you bastard, wouldn't you want me to get inside this thing?"

Qingzhu didn't know what a drainage pipe was, but the smell coming from it was so life-threatening that she didn't want to go in!

Gong Qingyu also showed a look of embarrassment. Li Yun smiled helplessly. It was indeed inappropriate to ask two girls who looked like flowers and wore beautiful skirts to get into the sewer.

"You just wait outside, I'll go in and take a look!"

Li Yun didn't talk nonsense, took out a rope from his inventory and tied it to a big tree on the side of the road.

I have to say that the messy things out of the gift bag occasionally come in handy.

Although the rope was not a necessity, Li Yun tied it up just in case.

"Hello, beauty?"

Just as Li Yun wanted to go down, a young man who had been onlookers not far away, he saw Li Yun want to enter the sewer, and suddenly shouted in surprise.

Originally, he just quietly admired the appearance of the two beauties. After all, their figures and temperament are first-class, absolutely not worse than those stars on the screen.

Unexpectedly, the handsome guy with the beauty suddenly found a rope and wanted to get into the sewer?

"What's the situation? The two beauties around, hugging left and right, too late to enjoy, they actually got into the sewer!"

The young man looked dumbfounded and called to him.

Li Yun looked up and found that he was a person of the same age, probably also 18 or 19 years old. It is estimated that he was either a third year or a freshman. He looks handsome and has no characteristics. Wearing short-sleeved shorts, he should be working out on the bank of the river.

This is the case in the city. Someone will notice when doing something, and Li Yun is also helpless.

After thinking about it, Li Yun shrugged and said, "My friend, I said I learned from Mario to repair the sewer, do you believe it?"

"..."

"Pouch."

The little maid laughed directly, and Gong Qingyu couldn't help but couldn't help laughing, covering her bright red mouth, her big eyes bent into crescent shapes.

The young man was dumbfounded, not because of Li Yun's words, but because of the smiles of the two beauties. He couldn't find the north until he saw Li Yun jump directly down the hole, his eyes widened suddenly: "My Cao?"

The exit of the sewer is on the bank of the river, and Li Yun also used a rope, but why did he just jump down? Isn't it superfluous?

"you....."

The young man was stunned. Because the two beauties were trustworthy, he walked over directly and looked into the cave. There was no bottom, and there was nothing dark inside.

"What are you doing?"

Hearing his question, Qingzhu snorted proudly: "Mortal, don't ask so much, it's not good for you!"

"?mortal?"

Chapter 774: Common trench

The young man looked dumbfounded and thought he had heard it wrong. Are you not a mortal?

"This matter has nothing to do with you, please stay away from here." Gong Qingyu's tone was flat and indifferent, completely different from the attitude he had when he was with Li Yun.

The young man scratched his head, "Two beauties, although I don't want to care about your business, it should be bad to enter the sewer..."

"boom!"

A muffled sound like thunder came from the depths of the sewer, and the young man's words were interrupted, once again stunned.

Why does it sound like gunfire?

The underground should be a small space, so the harsh gunfire echoed repeatedly, and after it came out, it was a loud thunder.

"You are..."

Before he could ask, Gong Qingyu had already jumped out of the entrance of the cave, followed closely, Qingzhu hesitated, and then jumped in.

Although they were disgusted with the smell of the sewer before, it is now clear that Li Yun has encountered an enemy!

The remaining young man opened his mouth, the whole person was stupid, and he didn't know what to do next for a long time.

"so big!"

After Qingzhu jumped down, he opened his mouth wide in surprise, but felt that it was too smelly here, and quickly closed it again.

The underground space was much larger than what she had seen in Divine Mind. There were almost two people tall, like a big cave, with electric lights on the top, but there was no electricity.

And it's not very humid. Rainwater and treated sewage flow through the ditch in the middle. There are walkable passages on both sides, much like an underground river.

Before jumping down, Qingzhu never imagined that this would be the case underground. She thought it was just a long tunnel.

"Don't make a sound first!"

Li Yun in front called them, holding a white pistol, looking at the surrounding with a serious expression, and whispered: "That toad is hidden in the water, be careful!"

When he first came down, the toad leaped up eagerly. Fortunately, Li Yun's spirit found it hiding in time. Later, after firing again with a pistol, the guy returned to the water.

The two women's breathing started quickly.

The inside of the sewer was dark, and only Li Yun wore a searchlight on his head to provide illumination. The water in the ditch was flowing slowly, and there was a sound of rushing water not far away, which should have flowed into the Yellow River.

Neither of them had experienced the environment of an ancient tomb, so they were very resistant to the dark underground space and felt very uncomfortable.

For a long while.

"Li Yun, we..."

"boom!"

The moment Qingzhu opened his mouth, the surface of the water suddenly exploded. Along with the splashing of white water, a huge toad with an injured forehead jumped out of the boiling water and slammed into Gong Qingyu.

Its speed is extremely fast, but Gong Qingyu is already fully on guard. Whenever there is a change, he immediately waved the ghost-binding rope in his hand, and at the same time, his figure flashed to the side.

Coincidentally, the ghost-binding rope happened to hit the toad's body with a stabbing sound. The ghost-binding rope made a severe mark on its back, and thick smoke appeared in an instant.

The toad was blown out and landed on the ground, staring at Gong Qingyu with two humane vicious eyes.

"Sure enough, there is no blood in this thing, isn't it a living thing?"

A thought flashed in Li Yun's mind, and he kept moving in his hand. He pointed at it with a Silver pistol and fired three shots without hesitation.

Toad screamed, and the figure kept dodging, but Gong Qingyu, who had gained confidence, shook the ghost rope to attack it, and Qingzhu took out a token-like magical weapon, and under the wave, each one was silvery white. The rune appeared, rushing towards the toad like a tadpole looking for its mother.

Chapter 775: Flying head down

"Crack!"

After gathering three sieges, Li Yun finally seized an opportunity to hit him in the thigh again with a single shot, and directly punched him with a huge hole. The speed of the three-eyed toad suddenly dropped.

"what?"

Qingzhu only confirmed the difference between Li Yun's pistol, and was immediately surprised that she had never seen a magical weapon of this shape!

The launch speed is very fast, and the power is not small. More importantly, this thing has attacked many times in a row, and it does not need to consume mana, which is an extremely divine weapon.

"ended."

Li Yun pointed his muzzle at the wounded three-eyed toad and chuckled, "Kill you, then go to trouble your master."

boom.

A gunshot sounded.

"Little beast, look for death!!"

An angry shout came from the depths of the tunnel in the distance, and then, a red light flew quickly and accurately stopped Li Yun's bullet.

"The real enemy is here!"

Gong Qingyu tightly grasped the ghost-binding rope in her hand. She didn't have any mana and could only rely on the ghost-binding rope that Li Yun gave her that could flog the unjust souls and evil spirits.

But a person who flew in from a distance made her so scared that she almost couldn't hold the whip in her hand.

In the dark and dark tunnel, there were two red lights floating. After approaching, Gong Qingyu was shocked to see what kind of lights were these, it was clearly two eyes of a person!

And these blood-red eyes are on the face of an old man with a vulture-faced face, and the old man's face is on a head-this seems to be a nonsense, but if the head grows out of thin air, there is something empty under the neck. None, which is terrifying!

"Jie Jie Jie, you are finally here!"

The head of the old man floating in the air, his dry lips cracked, and a terrifying smile like a cannibalism, staring at the three people with satisfaction: "The old man sent a three-eyed toad, and finally brought you here, Jie Jie Jie!"

Gong Qingyu was shocked. Was the three-eyed toad just bait? Is this terrifying head in front of you the real killer move?

Li Yun smiled slightly, "How do I call you? You only have one head, which is not a good address. I will call you an eunuch."

"The eunuch?"

The old man's head was taken aback, Qingzhu also wondered why he was called an eunuch?

"Eunuch, there is no more underneath... underneath?" Gong Qingyu glanced under the opponent's head, don't say 'underside', not even the body and thighs, just an empty head.

"Really an eunuch!"

Gong Qingyu smiled, the fear in his heart slowly dissipated just now, Li Yun could still joke, it seems that this thing is not difficult to deal with.

"By the way, what kind of spell is this?" Gong Qingyu asked.

"Should it be flying head down?"

Flying head drop, as the title says, head drop technique activates a spell, moves one's head, and flies into the air. It can take the head of a person thousands of miles away. It is a very vicious spell.

"Yes."

Qingzhu glanced at this head contemptuously: "Although Feitoujiang looks terrifying, I heard Master Saint said that this is the worst kind. It is not powerful at all. It should be solved with one move. Look at me! "

With that, he picked up the flame flag again and waved at his head.

"Jie Jie Jie, are you the maid beside that bitch? Well, that's great!"

The head of the old man, that is, the Taoist who lowered his head licked his lips, and looked at her greedily: "I guess I can't beat that bitch, but! As long as I kill the people around the bitch, the Lord will definitely give me a reward. When...hahahaha!"

Chapter : 776 Three Eyes

"It's pretty beautiful!"

Qing Zhu Jiao screamed, and a large group of flames quickly gushed out from the flame flag, forming a huge flame bird again.

The underground tunnel that I thought was quite big before, the flame bird took up the entire space instantly after it came out, its wingspan had to be reduced a bit, screamed loudly, and ran into the old man.

"Small bugs, how can you be unprepared if the old man draws you over?"

The Taoist man lowered his head and let out a mocking laugh, his eyes red and bright: "Three-eyed toad, get bigger, kill everyone here!"

"Crack!"

The toad, which was originally only the size of a basketball, soared in an instant, and turned into a giant monster with a height of one meter. It was hit by Li Yun's Sylvan pistol and the traces of the back being beaten by the ghost rope and whip disappeared. It's gone.

Even more bizarre is that its third eye has grown again!

The skin showed a strange black-yellow color, and the skull sarcomas on the back became more and more disgusting, making people extremely nauseous, as if something would burst out of it at any time.

"Stop the firebird!"

The Taoist descended to give an order, and the three-eyed toad acted immediately. It lowered its head. Li Yun thought that the toad, also called the toad, would bump into it again.

Unexpectedly, it was the third eye on its head that made the attack.

Whoosh--

A red light lit up, hitting the flame bird in an instant, as if a sharp arrow pierced its heart, the flame bird's movements stopped, with a mournful cry, its body disintegrated every inch, turned into a ball of flames and fell down, evaporating most of the water in the channel .

"How, how is it possible!"

Qingzhu was frightened. Although the attack from the flame flag was not the most powerful move in her hand, it could be easily broken by the enemy. It has proved that the disgusting toad in front of her is extremely powerful, and she can't deal with it alone!

"Jie Jie Jie!" Jiang Tou Taoist laughed triumphantly, floating in the air. After opening his mouth, Li Yun could clearly see the hollow inside his mouth, and he didn't know how to laugh out loud.

"Little girl, this is a magic weapon specially given to me by the elder for this action!"

The Taoist Taoist commanded the three-eyed toad to approach slowly and sneered: "It is said that it was originally a living creature, but it was made into a magical artifact only for various reasons. However, this also caused it to become extremely powerful, both. The immortality of the magic weapon, and the elegance and agility of a living thing, can be compared to the existence of a magic weapon!"

"Spirit weapon!"

Qingzhu's face turned pale, how could she not know the power of the spirit weapon, the saint woman only had one spirit weapon in his hand, and the entire hidden sacred valley, the spirit weapon was so rare that it could be counted in one slap.

"Kill them." Jiangtou Taoist issued a cruel order, and then, on the third eye of the three-eyed toad, a red light came out again.

The red light spread this time, and it actually enveloped all the three of Li Yun. In an instant, as if countless ghosts and ghosts were breeding, Gong Qingyu's mind sounded a mournful wailing sound, which made her mind instantly blurred. stand up.

"Does it depend on you?"

Li Yun has been sitting on the sidelines waiting for the moment, now it's finally time!

He took out the Nine Heavens Heavenly Thunder Talisman, and was about to smash the head of the Taoist priest by a thunder and lightning. Suddenly, Li Yun's pocket moved.

"Wow!!!"

A black villain rushed out and slammed straight towards the three-eyed toad. The three-eyed toad became extremely vicious. The three eyes were full of cruel killing intent, casting the magical power of the third eye. At that time, he showed a vicious look of humanity.

However.

Chapter 777: Ferocious black feather butterfly

When the three-eyed toad saw the black villain from Li Yun's pocket, his pupils shrank with fright, and all three eyes showed a frightened expression.

Hearing the yelling of the little person who was shining with the black streamer, he even put away the red magical powers, turned his head and ran!

Yes, this three-eyed toad, which was covered with huge skeletal makeup sarcoma, was fierce, and looked cold and strange, when he saw this black thing, he was frightened and fled in embarrassment!

"what?!"

The Taoist descending head quickly controlled it. The Three-eyed Toad was his biggest ultimate move. Without him, wouldn't it be possible to use the descending head technique to deal with that stinky girl in search of death?

"Black Feather Butterfly?!"

Li Yun was also very surprised. The Nine-winged Black Feather Butterfly has not been very active since the last time he ate the defensive formation arranged by Venerable Black Eyebrow. In fact, she rarely came out, so that Li Yun only changed clothes at night. I can't remember her at all the rest of the time.

The Black Feather Butterfly drilled out of Li Yun's pocket, directly showing his wings that looked like a black starry sky, fluttered, and chased after the escaped three-eyed toad, yelling indiscriminately in his small mouth.

"boom!"

In the shocking eyes of everyone, the black feather butterfly, whose wings and dress were not enough to slap the size of a palm, hit the three-eyed toad. The petite body actually smashed it against the head, and it was a huge man. Toad, directly turned into a state of full-footed!

For a long while.

The three-eyed toad remained motionless, keeping his belly upside-down, and all three eyes closed.

"died?"

"???"

"impossible!!"

The Taoist descending head was shocked. What the **** is this little thing with black wings and a black skirt? There was no trace of mana fluctuations on his body, but he could float in mid-air, and in a collision, he actually killed the three-eyed toad in a flash!

"Ehhhhhhhhh, get up!"

"Toad, get up! Beads!"

The black feather butterfly hovered in the air, a pair of beautiful wings that looked like a beautiful starry sky slowly flapping, and the small face was full of excitement, staring at the eyes on the forehead of the three-eyed toad.

"Get up, bead, give it to me!"

The small voice was particularly clear in the quiet sewer, and finally, the toad trembled, and turned over slowly as if reluctantly.

Then, he opened his mouth.

Li Yun was surprised to see the third eye on its forehead slowly disappearing, and then, the toad spit out a transparent bead.

"Crack."

Even if it was a toad, everyone still heard the sadness, misery, and resentment in the cry, as if a woman of a good family had been robbed by the road, and suffered heavy physical and mental damage. They only felt that there was no hope in future life and the prospects were so bleak.

"Huh~"

Black Feather Butterflies didn't care so much. They landed and picked up the beads on the ground. They flew back to Li Yun triumphantly, and said flatly, "Baba, look, beads, delicious!"

"..."

Li Yun stretched out his hand to support the bear child, really wanting to say how you little girl can eat everything, and you still grab someone else's beads to eat, which is more than the last time.

But considering that Black Feather Butterfly helped him, Li Yun had to take out a medium-sized Jidan, which was considered an extra dessert.

"Hehehe, Baba is so good~"

The black feather butterfly danced up and down happily. In the distance, the three-eyed toad shrivelled down at a speed visible to the naked eye, and the Taoist head descended in horror, his eyes widened: "No, no, what's the situation! Why!?"

Chapter 778: Demon Dan

Soon, the three-eyed toad turned into a corpse again, and turned into a shriveled and shriveled appearance, completely losing its vitality.

"Ding, the host makes a choice to chase the three-eyed toad, reward (experience value +500,000, all attributes +1000, purple gift bag*1, extra reward: Intermediate Detoxification Pill*2.

After the death of Three-eyed Toad, one of Li Yun's selection events was finally completed.

"This bead... seems to be a demon pill?"

The little maid Qingzhu finally recovered from the shock, and took a closer look at the transparent bead, "The toad should be asleep, if its demon pill can absorb enough spiritual power, it can change back again. Living creatures... well, probably so!"

There are so many weird things that have been handed down from the ancient times, and it is estimated that even the master can't know everything.

"Demon Pill? Is this thing useful?" Li Yun asked, Black Feather Butterfly seems to be planning to give him the demon pill, but Li Yun has a system plug-in, so this thing is probably useless.

"The monster pill is the core of the monster's power. What magical powers the three-eyed toad has, it probably also has some magical powers, but it will be much weaker."

"Forget it, let's play with Black Feather Butterfly."

Li Yun smiled and put the demon pill into his pocket. Hei Yudie's IQ quickly understood the meaning of Baba. He cheered and slid into his pocket with a medium-sized Zhuji Dan, and ate and slept again. Life of eating.

Qingzhu hesitated, and did not ask Li Yun where the black feather butterfly came from. This human-shaped butterfly with black wings gave her a bad feeling. It seemed dangerous. Judging from the performance just now, the three-eyed toad is very Obviously knowing the black feather butterfly's fierce name, so he fled when he saw her.

"What did the villain Li Yun say before?"

Qingzhu glanced at him, overseas monk? Do people overseas keep such dangerous human-shaped butterflies?

"Eunuch, do you want to escape?" Gong Qingyu smiled and turned to look at the head of the Taoist Taoist who was floating in the air. His eyes had lost the red light, and he was quietly planning to slip away.

After seeing Gong Qingyu spotting him, the Taoist lowered the head screamed and ran away--don't ask why he ran away with only one head. In short, the Taoist lowered the head ran fast, with dry and long hair behind his head. Dancing in the wind, it has a somewhat elegant smell of shampoo advertisements.

"Hehe, can you escape?"

Gong Qingyu smiled and threw out a whip. With a snap, the end of the long whip directly hit the back of the head of the Taoist Jiang. The power of breaking evil collided with the power of Feitou Jiang's evil, and a wave of air erupted. Directly rushed his head into the darkness.

"Eh? It seems to be messed up." Gong Qingyu said with a little embarrassment.

"It's okay, he can't run far!"

Li Yun smiled, put away the Nine Heavens Thunder Talisman, and chased forward with the Silvin pistol.

The two women followed closely behind them, swiftly advancing on the roads on both sides of the sewer, and soon came to a wide area.

The sewers in Zhonghai City extend in all directions, and the roads on both sides are for maintenance personnel. In addition to drainage ditches, there are also tap water, natural gas, communications and other facilities in the tunnel. It is a comprehensive underground tunnel called: common pipe ditch.

This is a relatively advanced urban sewer facility. Except for large cities such as Zhonghai City, other small cities in China do not have such complete underground tunnels.

And this wide place is also called the manhole, which contains some control facilities, such as the electric lights on the top of the tunnel, which can be turned on here.

It's just that the manhole is now occupied by Jiangtou Taoist!

Chapter 779: Can you escape?

In the front, there is a table in the 5*5*5 manhole with incense candles and paper money placed on it. The candle is burning. There are several villains on the platform, one of which has a hair wrapped around it.

The whole picture looks very strange and gloomy, with an indescribable sense of evil.

"The lower head teacher is really not a good thing!"

After seeing everything in front of him clearly, a flash of anger flashed in Li Yun's eyes, he drew his pistol and fired a shot at the fleeing Taoist priest.

"This small altar is where you dropped your head? Damn it!"

Gong Qingyu was also very angry and threw a whip at the table, destroying everything on it.

At the moment when the candle was extinguished, Sage Fanqing, who was standing in front of the mansion gate observing the sky in the distance, said: "Li Yun has found the enemy, and the evil spirit has disappeared."

The people around looked at each other, this saint lady had been standing in front of the door for a long time, everyone was frightened by her temperament, except Gong Lianyi, others did not dare to approach at all.

Similarly, now that Sage Fanqing speaks, no one dares to ask questions.

"Li Yun and Qingyu...can defeat the enemy?" Gong Lianyi couldn't help but ask, she was also a little afraid of the aura of the Vatican. The cold girl in front of her is probably younger than her, but she has a holy and beautiful demeanor. , Can make anyone feel ashamed of it.

"The biggest reliance of the head descendant is to lower the head."

Sage Fanqing didn't explain too much, but Gong Lianyi had already understood it. It seemed that as long as the place where the head descended was destroyed, it would be easy to defeat the opponent.

At this moment, a guard came to report: "Auntie, Zhou Shimao, the Patriarch of the Zhou family, together with his wife and their son, come to visit."

"what?"

Gong Lianyi was a little surprised, why did the Zhou family come to visit at this time? And still come with his wife.

...

"Are you still running away?"

Li Yun shot it, exploding the neck of the body in front of Taoist Jiang, directly interrupting his idea of taking back his body.

In the original idea of Jiangtou Taoist, he urged the three-eyed toad, which caused most of the mana to be sucked away, so he could only use the three-eyed toad with the Feitudang, and rely on the powerful cursing power of the three-eyed toad to give the three-eyed toad's magical powers. Go to the next level and directly kill Qingzhu.

Unexpectedly, the three-eyed toad was uniformed by the black human-shaped butterfly that appeared inexplicably. He took one step and made a wrong step. In the end, Feitoujiang was completely transformed into a Feitou, and his original body was no longer. Loss of mana cultivation, can only practice from the beginning!

"you you you!"

The head descended to vomit blood, and Li Yun shot his neck exploded. He lost his body, which meant that only a little bit of mana was left on his head, and there was no hope of victory at all.

No, after the three-eyed toad was frightened and took the initiative to spit out the beads, he had no chance of winning. He could only find a way to delay Li Yun's pace and let him escape!

"Zhao Yi, Zhao Er!!"

The Taoist lowered his head and shouted sharply, his eyes flashed red again, and he took a shot into the depths of the tunnel, and two screams suddenly sounded inside.

"There is anyone else?"

Li Yun was a little surprised, but what the **** is Zhao Yi Zhao Er? Would someone's name be so simple and rude?

Two tall figures rolled out of the dark tunnel awkwardly, both holding their heads and screaming constantly.

"Master, Master? What is going on?"

There was a burst of pain in his head, Zhao Yi and Zhao Er rolled on the floor with pain, the Taoist descending head hovered on the mid-air head, but he showed a weird smile.

Chapter 780: The role of demon

"What's the matter? Jie Jie Jie, my good disciple, it's time for you to contribute to Master!"

The Taoist lowered his tone, "Master has taught you so much, and now Master is in trouble. As disciples, you should not hide, but find a way to help Master, right?"

The two shuddered, these words sounded no problem, but if they were uttered from their vicious master, there would be a big problem!

"Master, forgive me, forgive me Master!"

Zhao Yi and Zhao Er didn't care about the pain in his head, and kowtowed his head frantically at the Taoist priest for mercy, but apart from the pain in his head that seemed to be gnawed by insects, nothing changed.

"Huh! I don't know how to promote it!" A cruel smile appeared at the corner of the Taoist's mouth, "I'm accepting you as my disciples, and wasting my practice time to teach you, but you are not grateful, ungrateful, and inexcusable! Master! I want to punish you now and die to me!!!"

With a sharp shout, a red light appeared in each of his eyes, shining on the two of them separately. In an instant, Zhao Yi and Zhao Erru were struck by lightning, and his body stiffened in place.

"This is... Yugui Jiang?"

Qingzhu said in a scared tone.

She has only seen this kind of head drop in the book. It is said to be the head drop technique used by the head drop master to manipulate the puppets. Simply put, it is to turn people into ghosts. It is much easier to manipulate, and it is much easier than hungry ghosts. Dao's methods of directly manipulating corpses are even easier to use!

Enslave ghosts, enslave ghosts, enslave ghosts.

And Yu Gui Jiang lowers his head while people are alive, and the cruelty is even worse!

"Ding, trigger the option event, please choose from the host:

Option 1: Use two detoxification pills to save Zhao Yi and Zhao Er, reward justice value +2, purple gift bag*2. Skill: Madonna's Heart (friendliness is improved, there is a chance of being recognized by some beautiful, benevolent, and noble Madonna).

Option 2: Ignore, no reward.

Option 3: Kill the Taoist Taoist directly, free Zhao Yi and Zhao Er, reward justice value +100, experience value +300,000, purple gift bag*2, and reward random martial arts skills. "

Two detoxification pills can save Zhao Yi and Zhao Er?

Li Yun looked at these two people. They were wailing in pain. It seemed that the detained ghost was dragged to the brink of death and could only be saved by the full version of the Detoxification Pill.

It's just that a detoxification pill is equal to a golden gift bag. Unless all the purple gift bags rewarded by Option 1 can produce golden-level gifts, Li Yun will definitely lose money.

As for the skill of Madonna's Heart, Li Yun directly ignored it.

"The two are dead."

The little maid glanced at Zhao Yi and Zhao Er, "The detained ghost descends into the body. Unless there is an adult saint, it will not be saved, and only one will be saved!"

"In that case, the dust returns to the dust, the soil returns to the soil."

After making a decision, Li Yun took out the Nine Heavens Thunder Talisman from his inventory and injected the true energy in his body into it.

The sky thunder spell emits dazzling electric sparks, and the sizzling electric current represents a powerful force being generated. Qingzhu was very surprised. When the Taoist Taoist saw it, his face

was pale, and he did not care about controlling his disciples and spurring him. With only the remaining mana, the head flees quickly.

boom.

The thunder shot out, the sharp arrow formed by lightning illuminates the surrounding sewers, and then hit the head of the Taoist, the huge thunder force instantly swallowed him, and even the soul was instantly annihilated and completely dead.
