

Godly Choice 781

Chapter 781: Ding, golden gift bag

The sewer slowly calmed down. After the death of the Taoist, Zhao Yi and Zhao Er also convulsed a few times and stopped moving.

"Ding, the host makes a choice, rewards justice value +100, experience value +300,000, purple gift bag*2, rewards random martial arts skills: Qianjun leg technique.)

"Ding, the host makes a choice, traces and kills the real murderer behind the scenes, rewards justice value of +1 million, experience value of +2 million, all attributes +2500, golden gift bag*1)

The golden gift bag was not bad. Li Yun smiled with satisfaction. His attributes have now moved towards the fifty thousand mark, but he still does not feel that he is approaching the middle congenital period. It seems that if you want to fill the congenital period attributes, you need at least 200,000. Attribute points.

"This is the end?"

Gong Qingyu looked at Li Yun with a little astonishment. The sound of thunder was so loud just now that it can deaf ordinary people's ears in a closed place like the sewer.

"ended!"

Li Yun looked at the body of Zhao Yi and Zhao Er, shook his head and said, "Isn't this a court of death by apprentice to the Six Demon Sects? The two people are also self-inflicted. They did not practice the magic skills, but were used in vain, leading to the loss of their lives."

Gong Qingyu glanced at him and comforted: "Li Yun, you have done everything well. It is not your fault that you can't save these two people. Moreover, they have chosen to become a teacher by themselves because of the dead end!"

"Haha, do you think I am guilty?"

"Isn't it?" Gong Qingyu asked rhetorically.

Li Yun was taken aback and said with a smile: "Perhaps, I still feel uncomfortable to see someone die in front of my eyes. Forget it, I don't want this, Qingzhu, help me see what spoils are left on the Taoist priest."

"Huh...it's dirty." The little maid gave Li Yun a contemptuous look, "Do you think these magical instruments are made by this method?"

Li Yun shrugged, neither admit nor deny.

"But your charm is used repeatedly? It's amazing." The little maid nodded on her lovely face, with a pensive look: "The thunder power in the charm is somewhat similar to that of the Saintess... although it is better than the saint. The female adult is much weaker, it seems to be a kind of awe-inspiring power."

Haoran righteous?

Li Yun's heart moved, could it be that the Nine Heavens Thunder Talisman is still connected with the justice value? That's not bad.

After searching for the trophies, I found a few evil charms, only the magical tool for storing the three-eyed toad spirit was useful. The Taoist Taoist was very poor, and there were no bags of spiritual stones in fantasy novels. It can make people get rich in a battle.

"Forget it, let it burn."

Li Yun stood up and signaled Qingzhu to burn the table candlelight and the headless corpse of the Taoist Taoist here. These things may be poisonous. Ordinary people are better not to touch them.

"Always instigate me, badass!"

The little maid murmured, and obediently followed suit, taking out the flame flag and burning all the things here.

After retracting the magic weapon, her small face was a little pale, and she wiped the fine sweat beads on her forehead, and complained: "Next time you don't ask me to do these things, I don't have so much magic power to recover, and the outside world recovers. Mana is slow to death, for several days...Huh?"

When the little maid complained, Li Yun took out two small recovery pills and handed them to her, and smiled: "I said that my pills should restore mana, you try it!"

According to the system's notes, the recovery pill can not only restore the true energy, but also restore the mana, which is very powerful.

Chapter 782: go back

"you....."

Qingzhu's small face turned red all of a sudden, biting her little cherry mouth, hesitated for a while, and then he took the medicine from Li Yun's hand slowly, and said in defense, "I am not coveting your medicine. I'm just afraid that Master Saint will eat something that shouldn't be eaten, huh~"

Li Yun couldn't laugh or cry, this arrogant little girl was always wrong.

Gong Qingyu glanced at her, but didn't say anything, his eyes were vaguely jealous, but when he thought that his performance along the way was far worse than Qingzhu, he couldn't help being very discouraged.

"Well, it doesn't seem to be poisonous?"

Qingzhu swallowed a small recovery pill, and her face gradually turned ruddy. She looked at Li Yun with a little surprise: "Your pill can really restore mana? And the recovery effect is not bad. Take two pills. It can be full of mana, better than the pill in the valley!"

"It's good if it works, let's go, let's go out."

Li Yun smiled faintly, and he didn't want to mention that the pill came from too many sources, so let them treat them as the pill made by overseas casual cultivation.

Leaping onto the ground along the rope, Li Yun found that the young man was still there, and after seeing him, he showed a frightened expression, holding his hand in front, and backing several steps.

Correspondingly, Zhou Shimao increasingly wanted to continue living by the Yellow River.

Fan Qingsheng turned his gaze to look at him, then looked at Li Yun, Li Yun quickly realized what she wanted to say, and smiled: "Master Zhou, I don't think you are because you are ugly, but you don't want to. Move away from your hometown?"

Zhou Shimao was shocked, and was about to deny it. Li Yun said lightly: "I'll tell you one thing, the master saint has a high level of cultivation and has reached the mysterious point of judging whether or not it is wise.

She can easily judge whether a person is lying, and if you still want to deal with Qingzhu in the future, don't lie easily, and don't conceal something, just tell it directly, they will not embarrass you."

Simply put, your little tricks, Master Zhou, or your little abacus, will not work in front of the Sage Fanqing.

Honestly, just say what you want to achieve, don't make a roundabout!

Otherwise, Sage Fanqing sees through your mind at a glance, although she will not blame her, but her maid is not that easy to talk!

Several people around were dumbfounded, it was the first time they had heard of such a magical spell!

Anyone who lied will be seen through. This seldom-speaking saint has a power that can be described as shocking and terrifying!

"Yes Yes!"

A drop of cold sweat appeared on Master Zhou's forehead, and he didn't dare to have any more tricks, and directly and happily said his true thoughts.

"Mansion No. 4 was bought by my father. I'm a bit old-fashioned and I really don't want to move."

"It just so happens that I and the owner of Mansion No. 8 are friends. He previously revealed to me that I was relocating to a foreign country."

Chapter 784: The difference between immortals

"Although he said he has intentionally sold the house to another person, he has not disclosed the information yet."

"I personally went and told him that I would definitely buy the ownership of the house!"

Zhou Shimao lay down the ticket and said with certainty.

Li Yun nodded, "The sooner the better. If he doesn't want to sell, he will come back and tell me, keep your house for yourself, we won't want it."

Zhou Shimao quickly agreed, saying that he would visit his friends now and discuss directly about the house.

With Zhou's financial resources, it is not a problem to buy directly at twice the price.

"Thank you, Mr. Li Yun, and Lord Saints for your help to restore Xiaopeng to health!"

After expressing his respectful thanks again, Zhou Shimao left with his wife and son.

Li Yun just sat and didn't send him off, only waved his hand to say goodbye to Xiao Zhengtai. Of course, Sage Fanqing didn't say anything.

"Uh."

Gong Lianyi couldn't laugh or cry, and didn't know what to say for a while.

Although the Zhou family is only a business world, it is much less powerful than the palace family, but with the relationship between the political and business circles, it has a lot of fame in Zhonghai City, and even all over the country, not to mention the top family, but At least first-class!

But the Patriarch of the Zhou family, his wife, and even the future heirs of the Zhou family, the family of three behaved very humble in front of Li Yun and Fan Qingsheng, and it was so humble to the dust.

Madam Zhou didn't even dare to speak, nor looked at the cold and holy Van Qingsheng, holding her son's hand all the way, telling him not to move, so as not to offend others.

"Mrs. Zhou... I remember that her family is also a powerful family in Zhonghai City. She belongs to the eldest lady's background. Now she is a first-class figure in Zhonghai City. She is prosperous and wealthy throughout her life and recuperates well."

Gong Lianyi thought in her heart that when Mrs. Zhou went out, she didn't know how many ladies and wives of the family would be sought after. There were countless rich and noble ladies who wanted to establish relationships with her, and it was best to become a girlfriend to help her husband's business.

But in the end, she didn't dare to say much in the face of the Sage Fanqing.

"Practitioner, saint..."

Gong Lianyi took a deep look at Fan Qingsheng. The gap between these people and ordinary people is indeed too large, and the two are not people in the same world.

"Ok, today's trouble is finally solved!"

Li Yun stretched his waist casually, and smiled at Gong Lianyi: "Lianyi, are you ready to have dinner? I will stay here tonight with Lord Saint and Qingzhu. We won't go back to the hotel!"

He actually lived here last night, but Sage Fanqing was by his side. Li Yun was embarrassed to say that he hugged left and right last night, and fiercely played with the two golden flowers of the palace.

"It should be soon."

Gong Lianyi smiled softly: "Thanks for your hard work, Miss Saintess, please wait a while, and the food will be ready soon."

"Not urgent."

The Sage Fanqing had a flat tone, looked at Li Yun and asked, "Oh, what does kei mean?"

"..."

Gong Lianyi was a little stunned, Miss Saint would also ask this kind of question?

"Ahem, it doesn't mean anything." Li Yun couldn't laugh or cry. "This is foreign English, which means agree, agree and so on."

"Why do you use ok?" Fan Qingsheng asked seriously.

Li Yun looked at her clear eyes, and somehow understood the character of the saint lady.

"It's the influence of internationalization." Li Yun thought about it seriously. "Modern people always come up with a few words in foreign language. After all, there are too many movies and TV shows. Just like some foreigners also come up with Chinese, they are all international. The impact of change."

Chapter 785: Gong Lianyi's evaluation of the saint

Li Yun didn't know why Fan Qingsheng asked these questions, but she seemed to be meditating.

In the Hidden Sacred Valley, there are no courses for teaching English, and there are some modern knowledge, but only to the level of junior high school.

Maybe I need to learn these things.

Saint Fan Qing took out the modern knowledge popular science book given to her by Li Yun, and it seemed to himself that he ignored Li Yun and Gong Lianyi.

"Look at Qingsheng, I'll take a bath first, and eat later."

Li Yun shrugged to Gong Lianyi and walked out with her, but Fan Qingsheng just hummed and didn't look up.

After going out, Gong Lianyi covered her mouth and smiled: "It feels...Miss Saintess is different from what I imagined."

"Why is it different?"

"Well, how should I say, more straightforward. Although Qingyu's personality is also very straightforward, the two are actually different."

Gong Lianyi thought for a while, "She has a very pure temperament, like a handful of clear spring water in a mountain forest, silently there, very clean."

"Lian Yi."

"what?"

"Still spring water is usually very dirty."

"Hate, I'm just a metaphor."

"Hahaha! Okay, I'm just kidding."

No words for a night.

With the Holy Master and Servant of Fanqing in Mansion No. 3, Li Yun didn't dare to do anything to the sisters of the palace family. After eating a sumptuous dinner, he watched TV with the four girls in the living room for a while. Sage Fanqing was unexpectedly serious when watching TV.

But she didn't look much, and went back to the room at 8 o'clock in the evening, saying that she was going to practice.

The same is true for Qingzhu. It is said that when they were in the Hidden Sacred Valley, they either practiced or read books at night, and their lives were very monotonous.

When I got up in the morning and washed up, Li Yun went downstairs to the dining room and saw a large long table full of breakfast.

From ordinary steamed buns and fritters Xiaolongbao, rice porridge, soy milk and pickles, to exquisite dim sum, melons and fruits on a plate, exquisite cakes, etc., everything is available.

"Lian Yi, you have worked hard."

When there was no one, Li Yun stepped forward and hugged her slender waist and kissed the elegant beauty's red lips.

"No, don't make a fool of yourself, the lady of the saint will come down soon!"

Gong Lianyi is very shy. Even after having had a lot of kisses with Li Yun, she still acted like an innocent little girl, blushing at every turn, showing a shy and enchanting look, making Li Yun's fire very big!

"I'm just telling the truth." Li Yun said innocently, then raised her chin and kissed again.

Lian Yisheng was afraid that the Holy Master and Servant of the Vatican would be dissatisfied, so she ordered the maid to prepare a very rich dinner last night.

As a result, Qingzhu's mouth was so oily that she said that she had never eaten something so delicious in the Hidden Sacred Valley-she was very honest, in terms of eating.

Therefore, Li Yun is very grateful to Lian Yi, the gentle elder sister. She always considers everything very thoughtfully, which makes people very comfortable.

"Hmm~"

Gong Qingyu's voice came from behind, Gong Lianyi ran away from Li Yun's embrace in a panic, Hu Mei's face was flushed with shame, and even Qingyu's moving gesture was momentarily absent.

"Big villain, always bullying Aunt Lian!"

Gong Qingyu gave Li Yun a roll of eyes, but he leaned forward and kissed Aunt Lian's face. Then he giggled at Li Yun, as if to say, "Let's see, when do I want to kiss?" Whenever you kiss, it doesn't seem to be always sneaky.

Chapter 786: Eat breakfast

When the two women were playing and fighting, especially when Gong Qingyu kissed Lian Yi's beautiful and enchanting face, Li Yun only felt that his blood was surging throughout his body, and he almost couldn't control him.

Two beauties are laughing and playing, such a beautiful picture, if a man can hold back his heart, then he must be a learner on a white horse!

"Bad Li Yun, have you had breakfast?"

Qingzhu's rejuvenating voice came upstairs, Gong Lianyi hurriedly pushed Xiao Yuyu away, tidied up her clothes, and looked at the two bad guys who always bullied her with warning eyes.

"Eat, you guys come down!" Li Yun smiled contentedly, but the two women each gave a blank eye, and even the elegant Lian Yi showed such an expression, which shows how much just now...

Li Yun was very happy to have a meal. After all, he was eating with four beauties. The beauties are all natural and pollution-free, and there is absolutely no such kind of big beauties who have plastic surgery to become a net red face.

"Lian Yi, are you still staying today?"

After eating breakfast, Li Yun looked at Gong Lianyi and asked.

Today he is going to search for an orchard on the outskirts of Zhonghai City, where Xiaozheng Tai Zhou Mingpeng encountered the man in black who could get into the peach trees.

There is no doubt that Sage Fanqing wants to follow her. Her spirit is extremely strong, coupled with her natural intuition and keen intuition, she has an extraordinary perception of all evil, and she can save a lot of things if she goes.

Qingyu will also go together. After seeing the magic of Qingzhu's master and servant, she now wants to practice more quickly, and strive to achieve innate consummation before graduating from college, and then break through to the master state!

"Um."

Gong Lianyi smiled softly, "Yesterday someone from the Six Demon Sects attacked here once. Although it is impossible for the opponent to attack continuously, I'd better stay."

"Besides." Gong Lianyi was a little shy, "I ate the Zhuji Dan and Peiyuan Danhou you gave me, and now I feel like I'm going to break through."

Li Yun nodded, Lian Yi was the strongest one around him, and of course Zhu Ji Dan and Pei Yuan Dan gave it to her without hesitation.

As for the other women, such as Fang Xue and Li Feng, as well as the little pepper Su Muxin who is now studying hard, and Liu Xianxian who is taking a leave of absence to make a documentary, now they only need to build a small Jidan to practice slowly.

"A breakthrough? Innate Consummation?!"

Li Yun was calm, but Gong Qingyu looked at Aunt Lian in surprise.

"Um."

"Great! Aunt Lian is amazing~!"

Gong Qingyu was very envious. It didn't take long for Aunt Lian to enter the late stage of innateness, but she didn't expect to break through again!

And the breakthrough is the most important congenital perfection in the congenital territory!

Generally speaking, only by reaching the state of innate consummation, making one's own cultivation base diligently, without any flaws in the whole body skills, can there be a glimmer of hope to break through to the master state!

Even if you can't break through to the master, innate consummation is a very amazing achievement. There are no more than five people in the entire palace family who have this cultivation level!

As long as Gong Lianyi reaches this state, the matter between the two of them and Li Yun will be...

"Cut~~"

The little maid said triumphantly: "What is innate consummation? When I was ten years old, I could hang on congenital consummation with one hand, hum~"

Originally, this sentence was very offensive, but she looked cute, and her voice was charming and charming. Instead, Gong Lianyi covered her mouth and laughed: "Yes, yes, you know Qingzhu, you are amazing. I, a common man, can only try to catch up. ."

"Yes, not much."

The little maid blushed shyly again, causing all of them to laugh out loud.

Chapter 787: Rumors of Jianghu (Part 1)

After bidding farewell to Gong Lianyi, Li Yun drove four beautiful women toward the orchard on the outskirts of Zhonghai City.

According to the information given by He Canghu, the head of Feihumen, at 8 o'clock tomorrow evening, the people of the Six Demon Sects, together with the holy concubine Qing concubine, will be in a place called Heifengshan not far from Zhonghai City, preparing to carry out a secret operation. Conspiracy.

But Li Yun did not fully believe He Canghu's words. Firstly, what He Canghu knew was not necessarily true. Secondly, the Six Demon Sects might just make a noise. Finally, the Six Demon Sects carried out these activities in Zhonghai City this time. What is the real purpose? This is the most important point!

Without knowing the enemy's purpose, he can only follow the opponent's actions forever, very passive.

"In any case, we will first destroy the factory where the six magic gates produce the gloomy wood of the spell and collect all the gloomy wood. This is the most important point!"

Li Yun explained to the three women while driving.

Fan Qingsheng has no opinion, no matter how powerful she is, she is only one person. People who want to catch the six magic gates in the vast sea of people, unless they can use real immortal means.

Qingzhu said: "The elder has sent some people over, and it is estimated that they will arrive at night. No matter what the people of the Demon Gate want to do, Lord Saintess will try their best to stop it! Isn't it, Lord Saintess?"

"Um."

Sage Fanqing responded, but added: "It depends on the situation."

"what?"

Qingzhu was surprised, won't the Lord Saint stop the demon's conspiracy? Why?

Saint Fan Qing didn't explain much, and turned her head to look out of the window. She was interested in the scenery along the way. There was the airport in Zhonghai City. There happened to be a plane landing, and the loud roar was very harsh.

The car became quiet. Li Yun drove past the airport and headed for the outskirts.

"By the way, recently there was an incident in the rivers and lakes, or Zhonghai City, and there was a lot of rumors." Gong Qingyu said suddenly.

"What's up?"

Li Yun asked casually, he is not very interested in the sects of Jianghu now, unless it is a sect like Feihumen who takes refuge in the Six Demon Sects, otherwise, if the opponent has a master-level powerhouse, otherwise Li Yun is confident that he can be alone. Sling and hit each other.

Even if he was congenital Consummation, Li Yun would be frightened to death if he didn't get hacked to death. It was meaningless.

"Zhonghai City has a very small family called the Song Family."

Gong Qingyu explained: "The Song family's Patriarch only has the cultivation base in the later period of the acquired period, and generally only works in the vicinity of Zhonghai City.

However, his son Song Yuan is gifted, and he has become a brother-sister relationship with the spiritual doctor fairy. "

Li Yun is no stranger to Tiandanmen. The doctor who came to see Gong Lianyi before, the old man Qingnang came from Tiandanmen.

And Tiandanmen is also one of the eight schools in the arena.

Li Yun still remembers the so-called martial art formulas in the arena, two schools and four schools, eight schools and eight evils.

Gong Family and Yuwen Family are two of the four families.

"What happened to Song Yuan?"

Li Yun estimated that Song Yuan was the protagonist of the story told by Gong Qingyu, so he asked.

"Fairy Spirit Doctor?" The little maid's focus was on this, and she said proudly: "How can there be any fairies on your rivers and lakes? The only fairy in the world is the Lord Saint!"

Gong Qingyu: "..."

If you say this, you will definitely be chased down by fans of Lingyi Fairy on the rivers and lakes, but those fans will look at each other after seeing Sage Fanqing?

After all, the Sage of Vatican is indeed called a "Xian".

Chapter 788: Rumors of Jianghu (Part 2)

Gong Qingyu ignored the words of the little maid and continued: "Song Yuan and the spiritual doctor fairy are brothers and sisters. The relationship between the two is said to be good. Song Yuan is interested in the spiritual doctor fairy, but the spiritual doctor fairy has made it clear that only He treats him as a senior."

The little maid yawned, the car was very boring, and the story was boring. She had read it on the bookshelf in the valley many times.

Brothers and sisters, sisters and brothers, you are affectionate but I have no intention. I struggled repeatedly, and eloquently can write a thick novel.

If it were the apprentice and the master, it would be worth seeing...Hey, she didn't say anything!

"Then what?" Li Yun asked with a smile.

"Originally, Song Yuan was only one of the many pursuers of the spiritual medicine fairy, and there were several people who were pursuing the spiritual medicine fairy at the same time. They were all more hopeful than Song Yuan to chase the fairy of the Tiandan gate."

"But half a month ago, a sensation happened."

"what?"

Qingzhu became a little interested, and quickly asked, "What's the matter? Did Song Yuan and Lingyi Fairy suddenly get engaged?"

"I guess it's not an engagement, but a strong... ahem, is Song Yuan's intention to go wrong?"

It was too vulgar to say the word Qiangjian in front of the three girls, and Li Yun changed it in time.

"Bad intentions!?" Qingzhu Liu raised his eyebrows and stared at Li Yun: "Da Se. Wolf!"

".....what."

Li Yun said innocently: "I don't blame me, it's Qingyu who said that it caused a sensation in the arena and various factions. There must be only this kind of thing, otherwise it will not be that sensation."

Qingzhu ignored him, looked at Gong Qingyu and asked, "Qingyu, you continue to talk about the next thing, leave this bad guy alone!"

"...Actually, Li Yun guessed right."

"what?"

The little maid who was slapped in the face was stunned.

Gong Qingyu explained: "At a very grand celebration, Song Yuan persuaded Fairy Lingyi to drink, but it was discovered that he was trying to put medicine in the wine. It was estimated that he wanted to help Fairy Lingyi go back after getting drunk. Act by machine."

"Ah--" Qingzhu's voice stretched long, and his tone rose slightly: "This person is too bad, he wants to touch some doctor fairy while he is asleep, right? Huh, man It's all so bad!"

Having said that, she glared at Li Yun again.

Fooling around?

Gong Qingyu took a funny look at this little maid. She probably didn't understand men and women, so she thought she was just touching each other, right? In fact, Song Yuan still wanted to do...that kind of thing to the spiritual doctor fairy!

"What about the ending?" Li Yun knew that Qingzhu's little maid couldn't justify her, so she didn't respond at all, but instead she gave her a puffed look.

The answer is no, nor is it not answered.

Sometimes women make trouble like this, and so do girls.

"The ending was unexpected."

Gong Qingyu said with a little emotion: "Song Yuan was pointed out by Wanfu, and his parents also felt that their faces were not good, and committed suicide a few days later."

"This....."

Qingzhu was speechless for a while, and he didn't expect development to be like this.

"It's strange," Gong Qingyu continued: "Song Yuan has always insisted that he has not had any scheming thoughts against Fairy Spirit Doctor. It was one of his senior brothers who slandered him. In addition, after his parents died, Song Yuan When Yuan returned to Tiandanmen the next day, he attacked the senior madly, saying that he was the murderer of his parents and arguing at Tiandanmen, asking the head to be the master for him."

"Is he crazy?"

Qingzhu was surprised, "Who can slander someone and kill both his parents, unless there is some kind of deep hatred, endless dying, otherwise, how could it be so vicious?"

Chapter 789: Song Yuan's doubts

"I think so too."

Gong Qingyu nodded in agreement, "According to the news I heard, although the brother of Song Yuan also likes the spiritual medicine fairy, he has no feasts with Song Yuan, let alone a deep hatred, so he can't kill his parents. Most likely to commit suicide.

In addition, a few days ago, Song Yuan escaped from Tiandanmen, put down his cruel words before leaving, and wanted to kill the senior fellow and the whole family of several accomplices at that time. That's why there was a lot of trouble in this matter. Under the circumstances, Tian Dan goalkeeper Song Yuan expelled the school and let him fend for himself. "

The ending was unexpected again.

"So it's all caused by lust!"

The little maid looked at Li Yun again, her cheeks bulged, "Did you hear it? That bad guy who drove!"

Li Yun smiled and said, "Don't you think this thing is a bit strange?"

"Strange? Why is it strange?"

Qingzhu, who refused to use his brain, relied on Lord Saintess to ask directly.

Gong Qingyu glanced at Li Yun with a smile in his eyes, and said, "I also feel a little strange."

It was precisely because of this that she told Li Yun to listen.

Because Li Yun's IQ is not lower than hers, and may even be slightly better. She was not convinced before and directly confronted Li Yun at the press conference, but she even lost to him.

"Sister Qingyu, why is it weird?"

The little maid unconsciously used her sister's name, although strictly speaking, it is estimated that she is still older.

It's just that she's cultivated since she was young, and she is nourished by the spiritual energy of the Hidden Sacred Valley, making her look like a fifteen or sixteen-year-old girl. In addition, although Qingzhu has a very proud personality, but her simple mind makes Gong Qingyu look more like her older sister. Some.

"Sister? Hehe, then I call you Sister Qingzhu? That's a good name~"

Gong Qingyu snickered and explained: "The biggest doubt is that Song Yuan and Lingyi Xianzi are senior brothers and sisters. Although they are not the childhood sweethearts who get along day and night, Song Yuan also has countless opportunities to start. Why? Choosing to administer medicine on top of the celebration?"

"Huh? Why?"

The thoughtless little maid asked again.

"If someone wants Song Yuan to be ruined, it would be better to explain this way." Li Yun smiled.

Many people at the celebration, once a scandal broke out, it could spread the next day, and the seven aunts and eight aunts from all walks of life would wipe out the incident instantly, and they couldn't hide it.

"Yes, I think so too."

Gong Qingyu said again: "Furthermore, since Song Yuan persuaded the fairy doctor to drink, it means that the fairy doctor is also a person who can drink a little alcohol. Song Yuan has the opportunity to prescribe the medicine.

Another doubtful point is that Song Yuan's weird behavior after the death of his parents may be true.
"

The little maid was dumbfounded. Why didn't she expect so much when she listened to the story?

"I think there is another weird place."

Hearing these words, Sage Fanqing glanced at Li Yun, and there?

She also heard the story just now, but vaguely felt that something was wrong, but she did not find the suspicious point, and she didn't expect him to find out so many.

"Also? What is it?" Qingzhu couldn't help asking.

"The time when Song Yuan was expelled from the division!"

While driving, Li Yun explained: "On the day of the celebration of the incident, Song Yuan seemed to have been found to have unruly intentions, but Tiandanmen did not expel him from the division.

A few days after the incident, that is, after the death of his parents, Song Yuan returned to Tiandanmen to make a big noise and was imprisoned. Tiandanmen still did not expel him from the division. "

Chapter 790: Slapped by the system

Li Yun said: "Until Song Yuan fled and released ruthless words to kill the whole family, Tian Dan Sect was forced by the situation to drive him out of the division gate."

The little maid frowned and thought hard, "Is there any problem with this?"

"The problem is big."

Gong Qingyu's eyes lit up, and she glanced at Li Yun approvingly, she didn't even think of this suspicious point.

"At the celebration, the attempt to administer medicine to the spiritual doctor fairy was supposed to abolish martial arts and then drive out of the school."

"Tiandanmen didn't do that. Maybe it was because there was something hidden worth investigating, so I didn't rush to do it."

Gong Qingyu said: "The evidence is that the spiritual doctor fairy has a high status in Tiandanmen. She is a disciple of the head and a big sister of the Tiandanmen generation. Her popularity is much higher than that of the big brothers, and her reputation is extremely high. All praised her for her superb medical skills, kindness and gentleness, and many people said that Tiandanmen might have a female head!

However, Fairy Lingyi has made it very clear that she only wants to treat illnesses and save people, but does not want to manage the sect, so she does not participate in the fight for the position of the head, making her more popular in Tiandanmen! "

She is popular, famous, more powerful, and has no ambitions yet. Even if she looks average, she might be called a fairy.

So Song Yuan's attempt to insult the spiritual doctor fairy can be said to have committed public anger.

"Perhaps the kind and gentle spiritual doctor fairy begged for mercy?" The little maid finally put forward a reliable guess.

"maybe."

Gong Qingyu smiled and said: "This matter is still fermenting. Song Yuan fled and disappeared. Several people who vowed to accuse him of prescribing medicine, their families are also worried that Song Yuan will retaliate. Song Yuan caught it, abolished martial arts and then mentioned punishment."

A martial artist in the acquired realm who has no father and no mother hides and waits for an opportunity to retaliate. It is inevitable for those people to worry about fear.

Li Yun shrugged, "But this matter has nothing to do with us. The Six Demon Gates are the big trouble."

"makes sense."

Gong Qingyu smiled slightly. She said that this incident was just to pass the time. She had heard about it from Aunt Lian, and she usually seldom paid attention to the affairs of the rivers and lakes.

Now that I met Li Yun and knew the Six Demon Sects and the Hidden Sacred Valley, Gong Qingyu was less interested in the various schools of the world.

The reason is very simple. Even a master-level martial arts master is as vulnerable as a three-year-old child when facing a cultivator of the Vatican.

Even Li Yun was able to fight against the master with the help of the sky thunder talisman, and the attraction of the rivers and lakes to her naturally decreased greatly.

at this time.

"Ding, trigger the option event, please choose from the host:

Option 1: Investigate the inside story of the Song and Yuan dynasty, return the martial arts world to the martial arts, reward experience value + 2 million, all attributes + 2500, a few gift bags, increase the prestige of the rivers and lakes, the fairy doctor favorability degree + 75, and randomly get a piece of gold equipment.

Option 2: Ignore, turn around and leave, reward skill: it doesn't matter to hang up high. "

Li Yun: "..."

It's damn!

As for the cheating system, Li Yun just said that Song Yuan's affairs had nothing to do with him. As a result, the cheating system couldn't wait to come out and make a face.

To seduce him with a piece of golden equipment and experience points or something, it directly increases the favorability of the fairy doctor who has never met.

Is he so easily tempted? !

With his Li Yun's personality, he can't even stand the enchantment of purple equipment, let alone golden equipment!

"System, I choose the first one!!"
