

## Godly Choice 791

Chapter 791: Maka

Li Yun did not hesitate to choose to investigate the inside story of the Song and Yuan incident. In front of the golden equipment, let alone investigating, even if he digs three feet in the ground, he has to make things clear and plain!

Don't look at Li Yun has already obtained a lot of golden equipment, even two pieces of colorful equipment.

But every piece of golden equipment rewarded by the system is a magical weapon, and it has a decent power, and the rewards are not too many!

"Wait, turn around and leave?"

Li Yun looked at the system prompt again, and found a very inconspicuous word. Could it be some kind of prompt?

Is Song Yuan in that orchard, hidden under the peach trees?

Thinking of this, a smile appeared at the corner of Li Yun's mouth, and when he stepped on the accelerator, amidst the exclamation of the little maid, the jeep came to the outskirts of Zhonghai City and stopped in front of an orchard at full speed.

"Uh~~~!"

After Qingzhu got out of the car, he patted his numbed little \*\*\*\*\* uncomfortably, and said with a grumbling expression: "Why do you ride so fast? I... I'm so uncomfortable."

Li Yun glanced at the little maid's place, um, the development is good, and the mature shape of the peach blossom is almost the same.

"Ahem, stop complaining, let's go in!"

Li Yun sternly said, walking towards the farm in front of the orchard, lest the arrogant little maid finds out what he thinks in his heart, let alone, although the little maid doesn't know about men and women, she has very sensitive minds. , The man's slightly astringent eyes can be noticed.

This place is said to be an orchard, but in fact it also serves as a farmhouse.

In addition to enjoying the flowers, there is also a pond for fishing. A farm-style restaurant was built in front of the orchard. There are various entertainment facilities, refrigerators, color TVs, and karaoke.

Although the decoration is a bit rough, people who come to play here will not care much considering that it is in front of the orchard.

"Handsome guy, how many?"

When Li Yun walked into the farm, an aunt came to greet him. The restaurant also served as a ticket office, and there was also a small shop that was packed into the same hall.

"Four people, how much are the tickets?"

When Li Yun asked this question, the three holy women of Fanqing also walked in. Suddenly, the three beauties, big and small, instantly attracted the attention of everyone in the restaurant. Even the ticket sales aunt forgot to answer, and the boss looked at Fan with big eyes. Qingsheng.

After a long while, the aunt came back to her senses and quietly gave Li Yun a powerful look in your eyes.

"Handsome guy, take three beauties to go outing, one of them is your girlfriend? Don't say, this girl's appearance is definitely the most beautiful one I've ever seen, handsome guy, you have to feel good about your girlfriend. Never meet one and love one!"

Li Yun couldn't laugh or cry for the small warning from the ticket sales aunt. She was really good at talking.

"Okay, I know, Auntie, how much are the tickets?" Li Yun said perfunctorily. If the aunt knew that he had several confidantes, she would be scared if it wasn't her chin.

"It's not expensive, it's thirty per person." The aunt swiftly took out four tickets, glanced at the Sage Fanqing again, and said: "If you eat lunch here and four people consume more than 500, the tickets will be free! By the way! If you go fishing, you can also take the fish you catch to the restaurant for processing, and calculate your market price."

It means that there are ponds for fishing in the orchard, but it also costs money, but the fish you catch are yours.

"Five hundred for four people?" Qingzhu interrupted and asked, "Isn't this a black shop? I heard that a meal from the outside world costs more than ten yuan."

Chapter 792: The ticket seller's vigilance

The ticket sales lady's face turned green, "Little girl, be careful when you speak. You can get a farmhouse for a dozen yuan? You can only eat a roadside stall for a dozen yuan. How expensive is 500 yuan for four people? It's just over a hundred, and people who come here say the products are good and cheap, and there are many repeat customers!

Qingzhu's face blushed, slightly embarrassed.

"Ding, trigger the option event, please choose from the host:

Option 1: Stand up and help speak, reward Qingzhu's favorability increase, Fanqing Sheng's favorability +1, white gift bag\*2.

Option 2: Ignore, no reward.

Choice 3: Taunt Fanqingzhu, reward the master and servant for a decline in their favorability, skill: a straight man of steel. "

At this time, there are also selective events?

Li Yun had originally planned to stand up, but of course he has no hesitation now.

"Sorry, sorry."

Li Yun smiled apologetically to the ticket sales aunt, "This friend of mine is a little bit unseen in the world, and he is very straightforward. Four tickets are 120, right? OK, scan the code here?"

The best way to calm a person's anger is to benefit the other person.

After Li Yun bought the tickets, the aunt immediately turned her anger into joy and became enthusiastic again.

"Ding, the host makes a choice, Fan Qing Sheng's favorability +1, Qingzhu's favorability rises, white gift bag\*2, extra reward: four bottles of mineral water."

Li Yun was speechless, the extra reward is mineral water?

Yes, to play is to drink mineral water, this reward is very reliable!

...

After seeing Li Yun enter the orchard with her own eyes, the ticket sales aunt hesitated and dialed the number of the orchard owner.

"Who? The one who came to quarrel with me in the morning, grass!"

There was a grumpy man's voice over the phone, and he was woken up early in the morning, making him look very irritable.

"Old boss, let me tell you one thing."

"Aunt Wu?"

The boss who had just been awakened said impatiently: "If you have anything, please tell me quickly. If there is nothing important, wait for me to go to the orchard in a few days to deal with it!"

"No, it's not the boss." Aunt Wu hastily said, "You told me before that if someone comes, you will immediately report it to you, so I..."

"I told you?"

The orchard owner rubbed his temples, thinking about what was going on.

"Yes!" Aunt Wu said: "Just to let me see handsome men and beauties, or people with extraordinary temperament come here to play, I will tell you quickly, the last time a boss surnamed Zhou came, you too..."

"My Cao!!!"

I heard that this was the case. In his forties, the fat boss suddenly jumped up on the bed. While putting on his clothes, he hurriedly asked: "Who is here this time? How many people? Is it a man or a woman?? "

Aunt Wu told the boss one by one about Li Yun's appearance, temperament, age, and then hung up the phone.

"Should... be okay?"

Aunt Wu felt a little nervous, and the whistleblowing behind her made her a little uneasy, but she also guessed it, probably because the boss wanted to meet the rich people who came to play here, so as to expand her network.

It's just that, it's fine to inform.

Aunt Wu comforted herself like this in her heart.

It's just that she has some doubts in her heart. Last time a wealthy man surnamed Zhou brought his wife and son to go on an outing, but the boss did not personally go to entertain...

---

After leaving the restaurant, Li Yun took out the mineral water and asked them if they wanted it, but Qingzhu gave him a white look.

"Haha, unhappy?"

Li Yun saw the sadness of the little maid, and said: "It's actually nothing. Don't be so frank next time. The price of a dozen yuan is normal for a meal, but of course it's expensive to eat and drink when you come out to play."

Chapter 793: Peach Blossom (Part 1)

After being touched by Li Yun's embarrassment, Qingzhu's face blushed, and he overwhelmed and said dully: "I know... I won't talk to mortals next time, I'm so annoying!"

Li Yun smiled slightly. Just now, she didn't make trouble unreasonably, indicating that this little maid was actually quite sensible, but she was too blunt to speak so much.

Going forward, after entering the orchard, his vision suddenly opens up, and the air is full of fragrance.

It is now at the end of April and beginning of May, and most of the peach blossoms have withered, and the ground is covered with pink ruined petals. The petals after the slight decay, but exudes an increasingly rich fragrance.

The orchard is quite large, occupying two rolling hills with a pond in between.

In addition to peach blossoms, there are many other types of fruit trees. People walk on narrow concrete roads extending in all directions, enter the orchard, smell the fragrance of flowers and herbs, and look at the rare farm scenery in the city.

But unfortunately, the four of Li Yun didn't come here for outing.

"Qingsheng, do you see anything?"

Li Yun turned his head to look at the Lord Saint and asked, her spirituality coverage is amazing, if the other party did not deliberately hide it, walking into the orchard would be able to detect the problem.

"Nothing."

Sage Fanqing shook his head lightly, paused, and said: "There is a kind of evil spirit called Peach Blossom Miasma. It is made of peach petals mixed with other various petals and placed under a

peach tree that is more than a hundred years old. When a spring thunder fell, it was made by making it hit a peach tree.

Miasma is very similar to a normal floral fragrance, which is difficult to distinguish. "

She rarely said so much, and everyone knew what she meant.

There may be people hiding in this orchard from the Six Demon Gates, using some means to make peach blossoms!

"What's the use of this peach blossom?" Li Yun asked diligently and studiously. Gong Qingyu also looked at her. At this time, Gong Qingyu admired and loved the sage from the heart.

Love is not the love of men and women or women. It is the kind of joy that you have such an excellent teammate.

Just think about it, if you play a game and meet a big guy flying the whole journey, don't you love the big guy from the bottom of your heart and want to give birth to a monkey?

Li Yun and Gong Qingyu are now being led by the boss!

"The miasma is poisonous and has many uses, such as feeding the worms to fly stiff, etc., which can make them inhale the miasma and become more powerful."

The words of Sage Fanqing made Gong Qingyu speechless.

Gu worms and zombies are weird enough, coupled with the poisonous miasma, they have become more unimaginably powerful!

"Poison is the least afraid of it."

Li Yun shrugged and smiled at Gong Qingyu, "Forgot that I have a detoxification pill? Don't worry, no poison can bother me!"

Sage Fanqing glanced at him. Last night, Qingzhu gave her a detailed description of the battle with the Taoist priest. The miracles that Li Yun showed were elusive.

Perhaps the two pills he gave her are really so magical.

"Let's go, we will walk this mountain again, and then go to another mountain!"

Both mountains are not high, just a short hillside less than 30 meters high. The ground is basically flat and suitable for planting fruit trees. It only takes two hours to walk at a normal pace.

The location where Zhou Mingpeng Xiaozheng met the man in black is unknown, but there is only a hint of a big peach tree, which is equivalent to not saying the same, Li Yun did not call him again, and it was no trouble to find it by himself.

"Four of you, stop!!!"

Just when Li Yun and the four were looking for one mountain and heading for another, they were stopped by two young men by the pond.

Chapter 794: Defloration flying leaves

Li Yun stopped and waited for the two young men with dark complexions to run over.

This road is close to the pond and is the only passage connecting the two mountains. There is a small house not far away, which seems to be used as a resting place for the forest rangers looking at the orchard. Two young people ran from there.

"What's up?"

Li Yun asked calmly.

These two people seemed to have been waiting here for a long time, and immediately shouted when they saw Li Yun and the four walking by.

"You are not allowed to go to the back mountain, you didn't listen..."

In general, the dark-skinned young man noticed the three beauties next to Li Yun, his eyes widened suddenly, moved his eyes up and down, and looked at the three from beginning to end.

"you!"

The little maid's Liu brow raised her eyebrows, she was about to get angry, but she remembered the ticket sales aunt, so she could not curse casually.

But the person's gaze in front of him was really annoying, so the little maid had to stamp her little foot fiercely and looked at Li Yun puffingly.

"It's okay, scold it." Li Yun said lightly: "A good temper is for a good person. You can't scold someone who has such kind of eyeballs indiscriminately."

Qingzhu's little face showed a surprised expression, but his mouth said: "You're just cursing, huh~"

The cute look was full of arrogance, and the two forest rangers on the opposite side were stunned again.

Qingzhu finally couldn't help it, and screamed: "What do you two prisoners look at? He didn't get back quickly, and disturbed the Lord Saint, so that you can't eat and walk around!"

Gong Qingyu laughed out loud, she deserved it.

"Oh!"

The one on the left stood up. He raised his arm, showing the tiger head tattoo, and shouted fiercely: "Little girl, I'm still screaming at Lao Tzu! Lao Tzu says no to go in, he is not allowed to go in, he wants to go in? Yes, unless The three of you kneel down and open your mouths to let Lao Tzu..."

"Shut up!"

Qingzhu may not understand what it means to kneel down. He just thought that he would kneel down and surrender, but Gong Qingyu had read so many comics, and even read some shameless pamphlets and fan comics. How could he not know this? Woolen cloth?

A frost suddenly appeared on her pretty face, she stretched out her hand to pluck a leaf from the willow branch that was hanging down by the roadside, and flicked her tender little hand forward.

Whoosh--

Willow leaves let out an inaudible whistling sound, and accurately hit the thigh of the young man with a tiger head tattoo. He still didn't understand what was going on. He only felt that the roots of his legs were soft, and he knelt down uncomfortably. land!

"My Cao!?"

The other person was a little confused, and cursed unconsciously: "You guys, are you..."

"Mortal, beg!"

This time it was Qingzhu's turn, but she understood the meaning of the watch, and immediately became angry, and did not pick the willow leaves or anything, and directly stretched out her hand.

With a bang, a ball of air with the thickness of fingers directly hit his mouth, like a human slap directly on his face. The young man couldn't help but rotate three hundred and sixty-five degrees in place, and he fell into a dog to eat shit. .

Two well-trained adult men were beaten by two beauties in an instant, and they went to the extreme!

"Huh~"

The little maid triumphantly reported to Fan Qing Sheng: "Master Saint, two people with dirty mouths have been beaten by me. No one dares to block your way, Master Saint!"

Sage Fanqing: "...let's go."

The little episode will not be taken care of by her.

Qingzhu was very happy, and followed the Lord Saintess step by step, ignoring the people behind and taking out the mobile phone with a trembling hand.

"You, wait, don't run if there is a kind!"

Chapter 795: Orchard search

Gong Qingyu stopped, scared the two of them scrambling and fleeing, they still didn't understand what was going on, thinking they hit them with hidden weapons.

Because they didn't suffer any injuries, the two people just wanted to get people back!

"Li Yun, do you want to knock them out?"

"Need not."

Li Yun said lightly: "Let them call someone, yes," Li Yun's voice became louder and shouted to them: "You go and call the boss here. I want to know what the boss is. people!"

The two of them were taken aback. After this kid had finished fighting, he still dared to call this boss out?

What a mad tone!

For a moment, the young man with tiger head tattoo and the young man with dragon head tattoo all trembled with anger. The young man with dragon head tattoo stood in the distance, pointing at Li Yun, jumping and cursing: "Little boy, wait, look at Lao Tzu... "

Snapped!

This time it was Li Yun's turn. He flew a kick, and a small stone flew into his mouth. The young man with the dragon head tattoo directly screamed, feeling that his teeth were broken!

"The mouth is really stinky, and you will have your teeth knocked out next time!"

The indifferent tone made the young man with two tattoos no longer dared to pretend, and ran away dingly.

Li Yun shook his head as he watched, and walked forward, "Okay, let's go, these two are just pawns and don't know what the inside story is."

"Do you think this boss has a problem?" Gong Qingyu asked.

"what?"

Qing Zhu looked at Li Yun in surprise, how did he judge that the orchard owner had a problem?

"should be."

Li Yun pointed out the terrain problem here, "They were so unkind as soon as they met, and their attitude was very suspicious. It is estimated that they had received news early to intercept us, but they were not willing to enter the orchard to find them, so they waited here.

"I think so too." Gong Qingyu said: "It's just that we don't know who leaked the news, the ticket sales aunt before, or we were under surveillance very early."

"what?"

Qingzhu was surprised, "If I was monitored very early, then the boss here is the minion of the Six Demon Sect?"

"Not necessarily, go up the mountain first to see the situation, there is probably something shameful there!"

Li Yun quickened his pace, and the three women kept up with him. After passing through the fruit forest, they quickly reached the top of the mountain.

Li Yun jumped onto the top of a relatively large peach tree, stood on the top of the tree with his light work, and looked around. There were various fruit trees all over the mountains and plains, and there was no unusual discovery.

However, I did see the farm from a distance. There was a group of about 30 people, all holding clubs and machetes, running toward this side aggressively.

"So soon, more than 30 people were called? Is the owner of this orchard on the road? The orchard should be said that there is no profitable industry, and it is not a disco bar, unless..."

Li Yun thought of a possibility.

bet.

Zhonghai City has strict management systems, and even in chaotic urban villages, gambling venues are rarely opened.

If some wealthy people or idle unemployed people want to gamble, they can only go out to the outskirts of Zhonghai City and conduct gambling activities in secretly established places.

But this is just a guess, because Li Yun did not find the casino, nor did he find a lot of parking places for his cars.

"Hey!"

The little maid under the peach tree raised her head and shouted at him: "Did the badass Li Yun find anything? Lord Saint said that there is a strange place in the back mountain, we..."

"Oh? That's great, let's go!"

Before she finished speaking, Li Yun jumped down.

Chapter 796: Unvoiced Singing Soul Bell

The back mountain mentioned by Saint Fanqing is not the low mountain where Li Yun is now, but on the other side, far away from the farm.

Li Yun looked at the map and found that the opposite side was close to another road. If there was a gambling, the gambler should have driven from the opposite side.

The four went down to the foot of the mountain again, and they were already out of the orchard, but the peach trees still spread out. It seems that the boss here sees that the other party has no contract, so he shamelessly occupy the land.

"Here...it is very suitable for a picnic!"

Gong Qingyu observed the surroundings, and it was a bit like what Xiao Zhengtai said. There is a large lawn, and across a hill, there will be a big peach tree in front of it.

"Let me go and check it out! Yeah, that's true!"

The little maid rushed to the front happily, and looked down, she found a peach tree with lush foliage, twice the size of an ordinary peach tree, and with flowers!

Li Yun walked up the hill and looked back. At that time, Xiao Zhengtai's parents were probably spreading out tablecloths on the grass \*\*\*\* to prepare for a picnic, while Xiao Zhengtai ran around to play, but when she came here, she saw a big peach tree. There was a man in black standing on it.

After finding the exact location, Li Yun didn't talk nonsense, ran his vague footwork, and jumped to the top of the peach tree that was ten meters high.

"no?"

Looking around, Li Yun found that there was a wasteland in front of him with overgrown weeds and a road farther away. From time to time there were a few cars running on the road, not like an illusion.

"Didn't you find it?" Gong Qingyu flew to Li Yun's side with a twig on his toe, reached out and grabbed his arm, standing staggeringly.

Qingzhu under the tree watched her dress fluttering, her movements graceful and charming, and her beautiful posture was only slightly inferior to that of the lady.

"This villain... the girls around are so pretty!"

Even Qingzhu didn't realize that she was actually eating Gong Qingyu's vinegar when pouting her mouth.

Li Yun deliberately jumped repeatedly on the top of the surrounding peach trees to check, but found nothing, then went down to the ground and walked back and forth, still not finding anything suspicious.

"Strange, did the man in black that Zhou Mingpeng saw suddenly disappear?"

"Could it be that the opponent's speed was too fast, Zhou Mingpeng blinked, and the man in black was just running lightly, causing the illusion of disappearance?"

Li Yun and Gong Qingyu looked at each other. They were helpless, and they could only return to Saint Fanqing, only to see her take out a bell-shaped magical artifact.

When Li Yun was in Lidakang's factory, she had used it once before, and was used by the Saint Fanqing to stimulate the power of the gloomy wood incantation.

"Jingle Bell."

Under the gentle shaking of the Sage Fanqing, the crisp bell was full of penetrating power, and the sound entered his ears. Gong Qingyu only felt his body numb, as if the whole person was being passed through by electric current. After a while, he recovered, only feeling the whole body. Transparent, like eating ginseng fruit for a thousand years, crispy inside and outside!

"Hehe, this is called a voiceless soul ring."

The little maid smiled and explained: "This bell is in the hands of the Lord Saint. It can make the bell have magical powers, provoke the surrounding aura's reaction, break the evil spirits, and eliminate illusions. Of course, it is only good for her own people. Attacking the enemy is a super-wide range of divine mind attacks. The weaker ones can directly keep the opponent in place. If it is a ghost, it can even be scattered, and it will never be supernatural!"

Gong Qingyu took a deep breath and looked at the bell in the hands of Sage Fan Qing with complicated eyes, "The voiceless sound of the soul bell... It's amazing."

Chapter 797: Found the trail

Now Gong Qingyu can only use the three words "powerful" to influence the Sage of Fan Qing.

With a bell in hand, the white robe is like snow, the holy and noble Vatican has a sacred and inviolable and solemn temperament, which makes one cannot help worshipping her.

Gong Qingyu couldn't figure out whether it was the temperament of Sage Fan Qing himself, or what kind of exercises she had cultivated that caused this effect.

"Jingle Bell."

The bell rang again, and Li Yun no longer looked at the holy and cold Sage Fan Qing. His divine mind sensed an obscure change in his surroundings. It seemed that something was dispelled by the bell, and the peach trees returned to their original appearance. appearance.

"Sure."

Sage Fanqing retracted the bell and nodded slightly to Li Yun.

".....Um."

Li Yun was completely stunned, what can it be, Saintess, can you make it clear?

But after thinking about it for a while, Li Yun thought of something. He hurried up to the top of the tree again with a haphazard footwork. Looking around, he found that a steel greenhouse similar to a factory appeared 500 meters away on the left. !

This kind of house, which is similar to a vegetable greenhouse, is usually used to store goods, or there are operating machines in it.

Of course, if there is no time to build a building in the wild, this kind of greenhouse will be temporarily used to shelter from wind and rain.

For example, on construction sites in the wild, there will be such temporary shelters next to many projects.

"found it!"

After Li Yun came down, he gave Saint Fan Qing a thumb and jokingly said, "My Lord Saint is really amazing."

"Of course!" The little maid Qingzhu smiled brightly, happier than Li Yun praising her.

"thanks."

Sage Fanqing nodded slightly, making all three of them a little surprised, Master Saint would still say thank you?

"Uh, let's go!"

Li Yun took the lead, took out his pistol and walked to the distant Dapeng building. It was on the other side of the foot of the mountain. There were all kinds of fruit trees along the way. Not long after he walked out, Li Yun saw the footprints in front.

"Sure enough, someone is here!"

Li Yun's eyes flashed, and the footprints here were messy. In addition, he saw traces of cigarette butts and mineral water bottles. It was simply a standard casino-gamblers would usually come out to light a cigarette and swallow. Take a rest, prepare to fight again later!

Moving on, Li Yun saw a relatively large parking lot with many wheel marks on the dirt, but there were only a few cars.

If this is a casino, then you can be sure that most people who come here to gamble will come in the evening or afternoon.

"What is it for? It seems that a lot of people are coming!"

Gong Qingyu was a little puzzled. She thought it was a den of the Six Demon Gates. It might be hidden under a tree or hidden in a crypt, but it was directly exposed on the surface, except for something that seemed to be a magical array to protect it. Outside, there are many people coming and going, and the risk of exposure is great!

"casino."

Holding the pistol, Li Yun walked into the greenhouse, glanced inward, and immediately came to a conclusion.

In the big shed, there are many tables, mahjong tables, card tables, slot machines on both sides of the walls, and scattered cards, chips, mahjong tiles and other garbage on the ground.

Among them, four or five young people were doing lazy cleaning. When they saw Li Yun showing up with a pistol, they froze for a while, and ran away after reacting.

"It's really a casino!"

Gong Qingyu smiled at the corners of his mouth when he saw the people who were running away. Following Li Yun's previous movements, he flew up and kicked the dirt on the ground towards them.

Chapter 798: Sweeping

With a bang, the mid-innate power was amazing, and a pit suddenly appeared on the mud ground, and countless pieces of mud were thrown at those who fled like raindrops. The strong mud was almost like a small stone, making these people's noses and faces swollen. Holding his head shivering.

"Hold your head and squat down!"

boom!

Li Yun yelled and shot a shot directly into the sky. The harsh gunfire made several people's legs soft, and they hugged their heads and squatted down, all with a 'finished' expression on their faces.

"It's ugly." Gong Qingyu retracted her foot, spit out her little pink tongue, and said shyly: "I won't learn from you next time, I won't be a lady at all!"

Li Yun was speechless for a while and wanted to say that you are not a lady. Although you look like a classical beauty, cool and elegant, and intellectually beautiful, you are actually an otaku. Watching anime and watching TV shows and brushing Weibo, you have a pretty personality. Arrogant...cough cough, I still don't say bad things about my wife.

"You all get me here."

Li Yun turned his head and shouted at the few people, "Don't try to escape. Everyone of us will do nothing and can't escape. It's best to tell the matter here obediently. Don't worry, we are not police, and we won't embarrass you! "

"Not a policeman?!"

When Li Yun said this, the few people were even more frightened, and their legs trembled. If Li Yun had a gun in his hand, they must have fled early in the morning.

"Ding, trigger the option event, please choose from the host:

Option 1: Find out the real secret hidden here, perform justice operations, reward justice value +3000, experience value +1 million, all attributes +1500, special reward: blue gift bag\*15.

Option 2: Destroy the casino here, reward justice value +2000, experience value +500,000, all attributes +500, blue gift bag\*3.

Option 3: Go along with the orchard boss, reward evil +50,000, and the host has a high chance of breaking through the innate realm within a month. "

The system prompt finally came, but Li Yun frowned.

Is there a real secret here?

It seems that it is not just a casino that collects evil thoughts!

Li Yun smiled faintly, and said to the few people: "What are you afraid of? Hostile gangs? Or something else? It seems that there is something hidden here!"

"This....."

Several people glanced at each other, their faces hesitated, as if they wanted to speak, but they didn't dare to speak.

"Choose." Li Yun turned the pistol in his hand, and said in a threatening tone: "I shot and killed him directly, and treated it as a person who resisted arrest, or you can honestly explain it."

After quiet for a while, a young man finally stood up with a smile on his face: "Big brother, you have seen us sweeping the floor before. We are just horsemen and don't know much, because the salary is high. Just came here to work."

"Stop talking nonsense!" Li Yun's face was cold, "I know that this casino is not normal, and I am here for it too. I believe you know that too, so you only need to tell me what happened here!"

"Yes Yes!"

The young man said quickly: "In fact, people who come here think this casino is weird. You can't see it outside. You can only come in after going around."

"Walk around to get in?" Li Yun was puzzled, but kept a plain expression on his face.

"Yes, what I said is true!"

The young man swears: "Every time we go out, we must follow the previously trained and designated route, otherwise we will be trapped and unable to get out!"

Chapter 799: Orchard owner

"Right right! What Brother Zhang said is what we want to say."

Several other people also spoke quickly.

"I heard what the gossip array is, it's amazing!"

"I have long said that this is Zhuge Liang's marching method, but the boss will not let us discuss it."

"Oh, I knew something was going to happen, there is something wrong here."

"It's not a wicked one, it's a very wicked one! Didn't you see someone vomiting blood again yesterday? I gambled and my face turned red, and he sprayed blood, almost dead, but the boss chased him away and told him to spend a few days. Come back again."

"God..."

It seemed that it was because they were usually forbidden to talk. Now that Li Yun forced them to speak out, these horses immediately started to talk.

"There are peach blossoms all around," Fan Qingsheng finally said, "There is a lot of evil inside, especially there."

She pointed to a place not far away with her graceful white fingers. Li Yun looked over and found that there was a table with a dark cloth blocking it.

"Master Saint, I'll go see what it is, it's probably those pieces of wood!"

Qingzhu guessed the truth of the facts. She walked over and stretched out her hand to lift the black cloth. As expected, a pile of gloomy woods for spells were neatly placed on the table. These dark woods were all carved with runes. Scary.

Li Yun nodded and said, "I encountered this situation in Longyang County before. Feihumen also sent people to put the gloomy wood in a casino in a village in the city, which greatly affected the hearts and minds of the people in the casino. They become irritable."

"Desire."

Fan Qingsheng whispered: "The resonance of the rune power makes the gloomy wood a vehicle for absorbing grievances, and thus become evil... I think I know what the Six Demon Gates want to do."

"Um?"

Li Yun was trying to ask something, but at this moment he suddenly sensed that someone was coming behind him, and there were more than one or two.

Soon, the owner of the orchard rushed over with more than 30 thugs who looked like wolves and tigers.

"It's \*mother to hold my head and kneel down!!!"

The boss yelled, the momentum was like a rainbow, and the feeling that the roof of the steel greenhouse was shaking. With the 30 thugs standing behind him with sticks and machetes, the power was even more amazing.

Brother Zhang and other people who had been cleaning here before, his face paled again when he saw that he was bringing people with his big belly.

They succumbed to Li Yun before, and later they were afraid that they would not be severely taught by the boss, and it might even be possible to cut off a palm and throw it out!

"Ding, trigger the option event, please choose from the host:

Option 1: Hold your head and squat, reward skill: pretend to be a pig and eat a tiger.

After reading the three options given by the system, Li Yun showed a playful smile, squinting at the bald boss who is less than 170 in height and 200+ in weight, "Are you the boss of the orchard here?"

"Grass!"

A little boss stood up, pointed at Li Yun with a machete, and cursed: "You kid doesn't have all the hair. You are surrounded by three beauties. You think you are a rich second generation, so you are awesome? Tell you , If you \*\*\*\* walked here today, don't even think about going out vertically!"

Chapter 800: Spike

The little boss cursed, but Wang Zhong, the owner of the orchard, sank in his heart.

Whether it is three beautiful women who are beautiful and beautiful, or Li Yun still maintains a calm expression after being watched by more than 30 thugs, he has a bad premonition in his heart.

These three people are probably those martial arts practitioners from the Jianghu school!

Thinking of this, the boss decisively ordered: "Take out the real guy!"

Everyone was stunned. Before the fight started, Boss Wang directly called out the real guy?

"Boss, is it necessary?" The little boss smiled: "We have more than 30 people here. This kid has three heads and six arms, and it is not enough for the brothers to cut a knife. The other three beauties are wearing skirts, and our swords only need to go up. With a swipe, hehe...Ah!"

Snapped!

When the little boss laughed and laughed, Wang Zhong slapped it directly, reached out his hand and took out the pistol from his waist, and sternly shouted: "I speak, how can you question it? If you don't want to die, it's him. Do it according to Lao Tzu's words. !"

The little boss was frightened, and quickly took out what was wrapped in cloth from his back, and quickly threw it away, revealing a shotgun inside.

Swish, the others did the same, pointing at Li Yun with shotguns, and roughly, more than half of the people had shotguns!

"Grumbling."

Brother Zhang was about to be scared to pee, and quietly moved to hide aside, for fear of waiting for the stray bullet to hit them.

They did not dare to breathe, but felt that the atmosphere had solidified all at once, as if the blood would flow into a river in the next second!

"Are you ready?" Li Yun asked calmly.

"What, what?"

Brother Zhang was stunned, and Wang Zhong was stunned. Behind him, more than 30 thugs holding shotguns, clubs and machetes were all stunned.

"I said," Li Yun said patiently: "Are you ready? I am going to break my hands and feet, I am going to break my mouth full of teeth, and I am ready to explain what's going on here, are you?"

In the next moment, Li Yun deceived him, and his figure appeared in front of Wang Zhong.

Before the orchard owner Wang Zhong had recovered from Li Yun's last sentence, Li Yun's sunny and handsome face appeared in front of him, and he even smiled slightly at him.

"Snapped!"

A crisp applause sounded, and Wang Zhong's huge body rose into the air, flying straight for five or six meters, and his plump body fell heavily to the ground, making a huge rumbling sound.

boom!

dusty.

The indescribable heaviness makes people feel as if a mountain of meat is rolling on the ground, and Wang Zhong is so painful that it would have killed him if he hadn't practiced martial arts for a while when he was young!

"Kill, kill, kill," Wang Zhong hissed and cried out, "Kill this kid directly to Lao Tzu, kill, kill, kill!!!"

Li Yun smiled and retracted his slap, and said with regret: "I didn't expect your physical fitness to be quite good. I had known it harder and knocked out your big teeth."

"I, Cao, dare to beat the boss? You are looking for death!!!"

The little boss was furious, and in the spirit of grabbing credit, he took a big step forward, fiercely raising the machete in his hand, and then severely cut it down at Li Yun.

The blade broke through the air, making a sharp whistling sound, and the heart of Zhang Ge in the distance was hairy. If this one hits, I am afraid that even his head will be chopped off!

"Ding." "Bang!"

When the machete fell, everyone first heard a loud metal collision accompanied by the dull sound of the machete landing, and then they were shocked to see that the little boss held only half of the machete in his hand and set it in place, and the other half fell to the ground.

"What? You..."
