Chapter 881: Bone Ghost Taoist

The scene fell silent for a while.

For a long while.

"Song Yuan."

Shangguan Lingxian said in an extremely serious tone: "I don't know what happened. I can't come to your side to know what happened.

But I know that Brother Song would not do such a thing, even if he did, he would fall into regret and pain, unable to forgive himself.

So Brother Song, don't make any more mistakes, okay? "

The gentle words of Shangguan Junior Sister made Song Yuan's originally distorted and vicious expression struggling, and he was holding his head in pain, unable to speak for a while.

"Sure enough, the mud can't support the wall." From the sedan chair came the cold voice before, "Song Yuan, you rubbish! I wanted to surrender by a woman who just said a few words? The three elders were really blind to train you. In my opinion, you might as well make a corpse refining a waste like you. The Houtian realm still barely has some combat power!"

"Uncle Bone Demon." Shi Taining smiled, "My father values Song Yuan for his reason, right?"

"Humph!"

The people in the sedan let out a cold snort of discomfort. Shi Taining's father is the third elder of Animal Dao. From the standpoint of his position, he is indeed better than him. In this operation, he can only act according to the orders of the other party.

After all, the action of Zhonghai City was formulated by the Lord himself, and no one can make mistakes.

"Well, I'll help this waste!"

A trace of hatred flashed in the eyes of the bone ghost Taoist in the sedan chair, but he could only chant a spell to calm Song Yuan's trash.

"what!!"

Li Yun's spiritual thoughts sensed a weird fluctuation in the sedan chair, and then Song Yuan yelled up to the sky, his eyes became more and more scarlet, and his eyes became more and more scarlet: "I, I, I, Shangguan Junior Sister... Ah, I'm going to kill you, I I will kill you!"

"Song Yuan, shut up!"

A man's scolding sounded from the phone, "You dare to say such a thing to the junior sister, it's really unbelievable! Elder Zhou, please shoot him immediately. If it doesn't work, kill him on the spot, and I will personally say this to the headmaster. Thing, to testify for you!"

kill him? Elder Zhou gave a wry smile. If Feng Changhua on the phone saw this scene before him, he would never think that Elder Zhou could kill Song Yuan!

"Kill it, you guys!"

After screaming for a while, Song Yuan calmed down, but his eyes became red, and his whole body exuded a horrible and weird appearance.

"what is this?"

"God, run away!"

"He is not a human! Song Yuan is not a human!"

"These people are not humans, and Sanyi Bai is not human, she is a zombie!!"

"Walk around, leave the village quickly, run for your life, it's dead!"

The villagers disappeared in a rush, and such a strange black energy emerged from Song Yuan, and he was not a normal person at first sight.

Contacting the four pale-faced Sanyi Bai who carried the sedan chair, the villagers could immediately guess that Sanyi Bai was dead and was made into a so-called corpse refinement!

"Jie Jie Jie, Song Yuan, kill all the people here!"

In the big red sedan chair, the bone ghost Taoist laughed terribly, and viciously ordered: "Rush up and kill the people in Zhangjiacun. This is your only role now. Go! Go and kill..."

boom!

A piercing gunshot interrupted the dreamlike words of the bone ghost Taoist, Shi Taining was taken aback, too late to stop, the bullet had whizzed into the sedan chair, and shot the sedan chair across!

Shangguan Lingxian was at a loss. She didn't complain about Li Yun shooting. The atmosphere on the scene was something she couldn't see, and she could only wait for the result anxiously.

Chapter 882: chaos

"good very good!"

Accompanied by a sound full of killing intent, the sedan chair seemed to come alive all at once, exuding an astonishing black air.

Suddenly, the big red sedan chair revolved, and it turned faster and faster, and slowly rose into the air, standing in the center of the surrounding black tornado, like a black dragon running through the world!

"This!"

"My god! What is this!?"

"Ghost, ghost, ghost!"

The village chief and some strong villagers who fled to the distance now saw this scene with a terrible face, their legs trembled, and they couldn't escape even if they wanted to escape.

"The old man wants your life!"

The bone ghost Taoist screamed, manipulating the black tornado, and the big red sedan chair slammed down at Li Yun.

With a bang, countless sawdust flew, and the wind screamed, the gate of the ancestral hall was blown open instantly, and the white cloth placed on the corpse in the lobby was blown away, revealing five pale and pale human faces.

"What? Teeth...?" Elder Zhou who dodged inside was shocked to see that a pair of sharp scarlet teeth emerged from the mouths of the five corpses. The corpse's eyes were closed, but still exuding a gloomy atmosphere. , So that Elder Zhou, who was in the acquired realm, swallowed his saliva and slipped out quietly, not daring to stay with these corpses.

"Li, Li Yun!"

Elder Zhou wanted to tell Li Yun about this, but he turned his head to look, and was shocked again.

I saw Li Yun holding a ball of white thunder in his hand, and the electric current exuded an aura of destruction.

"Nine Heavens Thunder!"

Accompanied by Li Yun's indifferent voice, a white pike came out from his hand, and he mercilessly hit the bone ghost and Taoist!

After coming out of the red sedan chair, the bone ghost Taoist wanted to pretend to be forced, but suddenly felt a chilling wave of power in front of him, and in an instant, at a speed that made him unable to react, thunder rushed.

Boom!

A loud noise like the thunder of the summer sunset was the last sound Shangguan Lingxian heard. She held it in her hand and froze for a long time, still unable to think of what happened over there.

Gu worm, corpse, Song Yuan, Thunder, Zhou Elder...

"Brother Song!"

After all, Shangguan Lingxian still couldn't rest assured of her former senior. She suddenly stood up and was about to walk outside, but then was stopped by Feng Changhua, the second senior of Tiandanmen.

"Junior sister, do you want to find Song Yuan?"

"Yes, I have always suspected that at the celebration..." Shangguan Lingxian closed his mouth, and now that it was useless at the beginning, Song Yuan killed someone and couldn't look back.

An inexplicable light flashed in Feng Changhua's eyes, and he said faintly: "Now Junior Sister, you can't make it. Song Yuan and his comrades are killing you. When you arrive, it is not that he has been killed by Elder Zhou and others. , It has been killed by officers and soldiers."

"This....."

"Listen to me, stay in the martial arts and wait for Song Yuan's news to come. Believe me, the intelligence network of the martial arts is faster than you."

Shangguan Lingxian wanted to speak again, and finally sighed, his beautiful and gentle face was full of melancholy, "Okay."

Xiang Berry blinked. She felt that what the second senior brother said was right, and waiting was indeed a good way.

But for some reason, she always felt that if she were a former master sister, she would definitely go to Zhangjiacun in desperation to see everything that happened there in person.

Since when did the master sister change?

Because of the second brother's persuasion?

Chapter 883: Thief, die

The thunder burst behind him, and the loud thunder made the village chief and Wang Denian and others who were fleeing limp, and they couldn't help but thump to the ground.

They looked back in amazement and found that Li Yun, an extremely young man who came here with the sisters of the Gong family, was holding a thunder talisman in one hand and a pistol in the other. His figure was shrouded in thunder, like a majestic god. Conquer.

Around him, several corpses were really chicken dogs, destroyed by the powerful thunder!

"Okay, awesome!"

"Is that human being?"

"Spell...yes, it must be a spell, that's how it is!"

"The village chief, I found that we are so stupid. It turns out that Li Yun and Hou Baichen had already shown spells before, but we actually..."

"It's saved, it's saved, Zhangjiacun is saved!"

The village chief ignored the horrified gazes of others, he sat up with excitement, and looked at Li Yun's battle excitedly: "Zhangjiacun is saved, we don't have to run away, hahaha...Uh!"

With a bang, another thunder sounded, and the village chief was so frightened that he closed his mouth obediently and watched the battle nervously and excitedly.

But then, village chief Zhang Dehuai saw a scene that broke his heartbreak.

"A mere corpse, dare to be arrogant in front of my aunt's grandmother!"

After recovering from the shock, Gong Qingyu immediately took out the ghost-binding rope that Li Yun gave her and lashed it over.

There was a fierce beating, and the four roaring corpses were beaten to pieces. These corpses that had just been refined last night had no fighting power at all, and were used by the bone ghost Taoist to fight the sedan chair and pretend to be forced.

"Smelly girl is looking for death!"

After the bone ghost Taoist escaped Li Yun's two thunders, he was furious when he saw that the corpse he used to delay the time was destroyed, but he did not expect that another beauty would also attack him.

"Huh, ignorance!"

Feeling that there is no trace of magic power on the opponent's sword light, the bone ghost Taoist sneered disdainfully. He called himself a bone ghost Taoist because the bones of his body had already been refined by ghosts and became a hard existence comparable to hundred forged steel. , An ordinary innate realm warrior can't even break his skin, let alone hurt his bones!

"Little Niang Pi, come and be a slave girl for the old man!"

The bone ghost and Daoist stared at Gong Lianyi with lewd and evil eyes. This beauty was more exciting to him than Gong Qingyu. The only pity was that she was a living person.

The bone ghost Taoist likes dead bodies.

"Evil thief, die!"

Gong Lianyi's pretty face was sullen, and she did not treat Li Yun and Qingyu with the gentle and graceful expression, but showed a cold and frosty expression. The peach wood sword in his hand that Li Yun gave her gave her a bright sword light, like a shooting star. Like to pierce the bone ghost Taoist abdomen.

"Ding."

A metal crash sounded, and the elder Zhou on the side was dumbfounded. The bone ghost Taoist who exuded black aura actually used his body to block sword energy. Is he a strong man who practiced his physical body?

"not good!"

Until the Taomu sword hit him, the Bone Ghost Dao people suddenly realized that this sword was a magic weapon!

Moreover, it is also a magic weapon that specializes in breaking evil, just to deal with the monk who controls the zombie ghost like him!

Huh.

The peach wood sword penetrated into the body and pierced the bone ghost Taoist through. Gong Lian was about to turn the peach wood sword vigorously and drilled a hole in his abdomen. The bone ghost Taoist had already furiously shot, and a pair of black palms suddenly turned towards Hit the front.

"Little Niang Pi, the old man wants you to die!!"

Chapter 884: Gu worm again

Gong Lianyi felt the amazing power contained in these jet black palms, and quickly dodged away, only having time to make a diagonal cut across his body with a peach wood sword, and after cutting the clothes, the whole body of the bone ghost Taoist was exposed. body of.

"boom!"

Li Yun took the opportunity to fire another shot, which happened to hit the wound created by Gong Lianyi. The Bone Ghost Daoist was beaten with a scream, and was knocked back by the powerful impact of the bullet.

"you!"

After being beaten up by a series of attacks, the ghosts and Taoists were overwhelmed by the strange screams. A pair of narrow eyes stared at people bitterly, choosing them to eat.

"Uncle Bone Ghost, I'll save you!"

Shi Taining knew that if the bone ghost fell, he and Song Yuan would not be able to stop Li Yun anyway.

As for He Canghu, it is pure rubbish, more \*\*\*\*\* than rubbish, Shi Taining has never seen him directly!

"Huh, you have to rely on me!"

Hou Baichen finally arrived after hearing the thunder, and casually changed into a villager's clothes, which made him particularly upset.

"Steel Helmet Gu, Tiger Helmet Beetle, Flying Wolf Worm, come on to me!"

Shi Taining didn't bother to look at Hou Baichen. He slapped the bag tied around his waist. Suddenly, a few thumb-sized bugs fell on the ground. They grew up in the wind, and quickly grew several times in size, revealing sharp insect mouthparts. Especially the wolfworm, the two rows of fine teeth in its wide open mouth are like shark teeth, which is extremely scary!

"What? Another bug... No, you attacked me before!"

Hou Baichen's face changed, and the action he was going to step forward couldn't help slowing down a bit, looking at these insects with horrified eyes.

The bone ghost manipulates zombies, so there is no doubt that the person who used a bug to lure him away is Shi Taining in front of him!

"The waste of the Hidden Sacred Valley, go away!"

Shi Taining gave a cold cry, and directed several Gu worms to attack Gong Qingyu and Gong Lianyi, buying a little time for the bone ghost and Taoist.

Hou Baichen's face blushed, angrily took out a charm, and threw it directly at the Gu worm.

Peng.

The spell ignited a large flame, but the gu worm in black and yellow armor that flew in the forefront actually retracted its wings and slammed into the flame with an extremely hard carapace.

In an instant, the flame disappeared and the spell was destroyed.

"This Gu worm..." Hou Baichen's eyes widened, and these three Gu worms were actually much more powerful than the ones that entangled him before!

"Trash, I don't bother to kill it!"

Shi Taining sneered and said, very satisfied with the Gu worms he had cultivated so hard, he laughed and asked them to attack Gong Qingyu.

"Be careful!"

Li Yun looked at the bone ghost and Taoist guard, and warned in a low voice, lest the two women would be forced to rely on the power of the magic weapon.

Now Li Yun didn't dare to look down upon anyone with the Six Demon Sects. These people had all cultivated weird evil skills, and they might overturn the car at some point.

"Yes, you are also careful."

"A bug again?"

Gong Qingyu frowned slightly. The last time she was in the mental hospital, she used a ghost rope to deal with this disgusting Gu worm one by one.

But the last time Dean Yu, and this time Shi Taining, who cultivated more powerful Gu worms, Gong Qingyu was at a loss.

She and Lian Yi were back to back, cautiously swinging a whip at the Gu worm.

"Snapped!"

After getting the rope that Li Yun gave her, Gong Qingyu has been practicing the whip technique very hard. He even took a few days off and didn't go to school in the morning. He was exclusively in the mansion. Practice the whip on the martial arts field.

Now her whip technique can be fast, accurate and ruthless, and can make some flexible movements of winding and shaking. There is no accident in hitting the steel helmet Gu.

Chapter 885: Still seckill

"Huh! It's useless!"

Shi Taining sneered, "The prototype of my Steel Helmet Gu is an iron beetle. After three years of catalyzing and multiplying and letting them swallow each other, the insect king finally obtained, the armor is extremely hard, even if you use sword energy...what!?"

With a snap of the ghost rope, the steel helmet gu was smashed. Shi Taining's extremely hard armor was smashed by a whip, and the yellow and green internal organs in the gu splattered all over the place.

The Helmet Gu did not even make a squeak of resistance and was killed directly!

"What? Your bugs are worse than the dean of the mental hospital!"

Gong Qingyu smiled triumphantly. Opposite her, Shi Taining was shocked. It turned out that the last time she was in the mental hospital, she also participated in besieging the dean!

"How can this be?"

Hou Baichen couldn't believe it. The Gu worm that he couldn't kill with a spell was actually beaten to death with a whip by this river and lake man. The strong contrast made him even doubt whether he had cultivated to a dog for many years of hard work. went!

"No, your whip is a magic weapon!"

Shi Taining reacted quickly, staring coldly at the weapon in Gong Qingyu's hand, a trace of greed flashed in his eyes.

He knew the power of the magic weapon because he also had one in his hand. It was from his grandfather, the third elder Shi Zhen of the Six Dao Demon Sect, and the power was amazing.

It is precisely because of its preciousness that Shi Taining has not been willing to use it so far, for fear of knocking it out.

But now, he has to use it, because the opponent's magical weapon perfectly restrains the Gu worm, making him completely unable to use his skills!

"So what?" Gong Qingyu said in a cold voice, and threw a whip in the air, killing the other Gu worm as well.

The action is relaxed and free, just like hitting a cockroach!

"Bitch, you are looking for death!"

Shi Taining was furious, and Gu cultivators were often stronger than cultivators of the same level. After all, after releasing a group of Gu worms, it was like a group of people beating one by one, with two fists hard to beat by four hands, and it was difficult for the opponent to parry.

But if there were no Gu worms, Shi Taining would be a toothless tiger, losing more than half of his fighting power!

"Humph!"

Gong Qingyu threw another whip in anger. The violent breaking sound made Shi Taining's face changed, and his figure retreated, but he was still beaten on his arm by the whip. The power of the ghost rope caused a burning on his arm. A deep mark, a scent of burnt flesh exuded.

"you!!"

Shi Taining showed a hideous look. As the grandson of the elders of the Demon Sect, he had never suffered such pain.

He quickly took out a black sack from his waist and untied the rope that fastened the mouth of the bag. In an instant, the black sack expanded, as if it was inflated, and became a person the size of a person!

"What is this?" Gong Qingyu's face changed slightly, and the swelling bag in front of her gave her a very bad premonition.

Unexpectedly, the opponent made only one move, and countless sword auras would kill most of the hundreds of ghosts!

The remaining ghosts couldn't form the evil spirit to cover the scorching sun. After being exposed to the scorching sun, they screamed and swished back into the Hundred Soul Pouch.

It is equivalent to saying that with a move to reflect the sun's red swordsmanship, a powerful magic weapon's move was abruptly broken!

"how is this possible....."

Not to mention Shi Taining, even Hou Baichen had his jaw dropped.

The Jianghu people's sword aura can deal with ghosts, but at least they have to chop more than a hundred swords crazily to behead a ghost.

But just now, the act of killing a ghost with a sword aura really shocked Hou Baichen, and once again wondered if he had cultivated to a dog after years of hard work.

"Your wooden sword is also a magic weapon?"

Shi Taining's face was extremely ugly, and he looked at the peach wood sword in Gong Lianyi's hand. It was definitely the sword's problem, otherwise Li Gui could not be killed so easily.

"This is also given to me by Li Yun."

Gong Lianyi smiled lightly, "Qingyu, let's go together, get him off, and then help Li Yun!"

"Okay, a quick fight!"

The power of the two magic weapons sent by Li Yun made the two women more confident, and they jointly attacked Shi Taining and forced him into danger.

the other side.

After Li Yun first sent out two sky thunders, the bone ghost Taoist finally realized that the thunder talisman in the hands of the boy opposite was strange and powerful only in his life.

He could actually make a person who had an innate period without the slightest mana in his body shoot a sky thunder, the power of this thunder talisman was far beyond his imagination!

"If I get this Thunder Talisman, use real mana to stimulate its power..."

The bone ghost Taoist greedily looked at the thunder talisman that exuded powerful fluctuations in Li Yun's hands, and finally made up his mind to \*\*\*\* it over anyway!

Chapter 887: Snacks are coming out again

"Boy, the husband is not guilty, and he is guilty of his crime. It seems that you don't understand this truth, Jie Jie Jie!"

After the bone ghost Taoist let out a gloomy laughter, he took a big step forward and put on a horse-staging posture. With a violent shout, all his clothes exploded.

With countless rags flying out, the black and shiny body of the Hundred Ghost Taoist appeared in front of everyone.

He Canghu took the initiative to fight with Elder Zhou, and with his cultivation in the late innate stage, he actually fought back and forth with Elder Zhou who was older than him in the early stage of innate stage, which was indistinguishable.

He has been observing the surroundings from the corner of his eye, and after seeing the bone ghost and Taoist bursting into his shirt, he stared at him stubbornly.

"Bone ghosts, ghosts who cultivate bones... are so strange!"

After seeing the swarthy body of the bone ghost Taoist, He Canghu's eyes flashed with enthusiasm, if he had such a powerful body...

His whole body was black and shiny, like cast iron, his five fingers were as hard as eagle's claws, and his hair hung behind his head like a steel whip.

There is no flaw in the whole body, even the lower gear has retracted back, becoming full of rigidity!

"Hahaha, boy, you can see the old man's steel-bone flesh after a hundred years of tempering, you can look down!"

The bone ghost Taoist squeezed his fists triumphantly and made a banging sound. Now he is no longer the appearance of a seventy-year-old man who is dying in his twilight years. His whole body exudes vigorous vitality, black and shiny muscles, and he is simply better than a bodybuilder. Be tough!

The steel-bone flesh body was a powerful forging method that he had spent 20 years redeeming from the magic door library, and it took another 50 years to cultivate before he achieved a slight success.

In the following thirty years, he traveled all over the country again, enjoying the dead beauty's corpse while looking for suitable strengthening materials, and finally tempered Xiaocheng's steel-bone body further, so that his whole body and bones merged with each other. No flaws!

It can be said that the bone ghost Taoist is now a magic weapon, and it is still a powerful armored magic weapon that has vitality and can be thought of!

"Yes?"

A smile curled up at the corner of Li Yun's mouth, weighed the Silvin pistol in his hand, and smiled again: "I don't know if your body is harder, or the gun in my hand is more powerful?"

"gun?"

The bone ghost Daoist sneered, "Your gun is indeed a bit of a doorway, but its power is not so powerful, and it consumes a lot of mana. How many shots can you fire? Haha, it's just a joke!"

He is very disdainful of modern weapons. When he was small, he could use this body to fight \*\*\*\* the battlefield. At that time, the two sides used countless submachine guns and grenade shells to bombard him. The Ghost Daoist only shattered his skin, and killed all the more than a thousand people who were fighting, and then left calmly.

The so-called world war, in the eyes of bone ghosts and Taoists, is also a boring dispute between mortals.

Except for the two original bullets that wiped out an entire city at the end of the war, the other weapons, ghosts, ghosts, and Taoists are not in the eyes!

"Really? Then you come and taste for yourself how many bullets I have!"

The battle was about to start, and at this moment, there was a sudden movement in Li Yun's pocket.

"Oh, eat it!"

The snack food Black Feather Butterfly came out of Li Yun's pocket, with two small hands on the edge, poked his head out and glanced at the bone ghost Taoist, suddenly rushing out of water, his eyes gleaming at him.

Li Yun: "..."

Chapter 888: Still cruel

Li Yun felt that he had not adopted one of the top ten ancient fierce insects, but had adopted a gluttonous foodie.

Since the Black Feather Butterfly retracted her wings, she always appeared to eat, and every time she ate, it was an eye-opener.

In addition to the usual pill that Li Yun gave her, he ate one formation for the first time, and another Gu worm demon pill for the second time.

For the third time, want to eat the black and shiny bone ghost Taoist?

"Ding, trigger the option event, please choose from the host:

Option 1: Kill the Bone Ghost Daoist together with the Black Feather Butterfly, reward justice value +10000, experience value +2 million, all attributes +5000, golden gift bag\*1, extra reward is a random martial arts skill level upgrade.

Option 2: Alone, and head-on with the bone ghost and Daoist, kill him alive, reward (option 1 reward) \*2, and reward passive skill: advanced steel body.

Option 3: Escape, reward skill: Thirty-six counting is the best (a small increase in escape speed). "

Head-to-head?

Seeing that the system finally issued a selection event, Li Yun looked tangled.

It's really cool to double the reward, but Li Yun doesn't want to say whether he can directly punish the ghost and the Taoist.

This body-building method is very strong, but once it is activated, it will become jet-black like a bone ghost and Daoist. It is simply a black man, and it is ugly!

Li Yun didn't pay much attention to appearance, but he couldn't stand the setting of turning black after a fight, so he didn't choose the second item and just defeated the bone ghost and Taoist.

"Hey!"

Black Feather Butterfly crawled out of Ba Ba's pocket, followed his clothes and sat on his shoulders. The little finger pointed to the black and shiny bone ghost Taoist and said, "Ba Ba, he is delicious!"

The ferocious words, coupled with the cute appearance of the black feather butterfly, really have a kind of contrast.

"What is this?"

After seeing the black feather butterfly, the bone ghost Taoist lost consciousness for a moment.

He dared to conclude that this creature wearing a black skirt and only \*\*\*\* in length and width was a Gu worm, and a very powerful gu worm. After all, she was able to speak and crushed the rest in terms of IQ. A lot of Gu worms!

But this was not what made him feel lost, but because the moment the black feather butterfly appeared, the steel bone and flesh body technique gave him a hint.

Swallowing this Gu worm, his steel-bone flesh body can directly become great, and it can also obtain unknown benefits!

"You little bug, I want it!"

The gaze of the bone ghost Taoist looking at Li Yun became more greedy. Whether it was a thunder talisman or this black gu worm, they were all invaluable, enough to make him salivate!

"Want? Get it yourself."

Li Yun smiled faintly, put the thunder talisman away, and turned into a dual-wielding action of holding a gun in his left hand and a sword in his right hand. Without saying anything, he shot the bone ghost Taoist.

The bullet whizzed out, Li Yun's right hand kept moving, and the third style of Zhanfeng Sword Art was Zhanfeng Broken Moon, killing the ghost and Taoist with fierce sword aura.

"Huh, little bugs!"

The bone ghost Taoist reacted in an instant, dodged slightly to dodge the bullet, and easily blocked Li Yun's sword with his iron palm.

With a ding sound, ordinary Fanjian couldn't leave any traces on his body at all!

"Hehe, do you know the gap between me and you?"

The bone ghost Taoist sneered, with five fingers into claws, and easily grabbed Li Yun's sword. When he was about to crush it, he suddenly saw Li Yun smile.

"Come and try this trick, Long Ming Jian Jue·Long in Nine Heavens!"

Chapter 889: Dragon in nine days

"Roar!"

Along with the Nine Heavens Dragon chant, a golden brilliance burst out from Li Yun's sword in an instant. The golden brilliance was extremely dazzling, just like a golden dragon palace, exuding supreme majesty.

The village chief and others in the distance were stunned. They saw a one-meter-long small five-clawed golden dragon appearing on Li Yun's head. The golden scales on the Shenlong body were clearly visible, shining with a biting golden light!

"kill!"

Li Yun gave a cold drink, and the dragon roared, dived down, and hit the bone ghost Taoist head straight, as if he was about to punch him directly through with a blow, the momentum was extremely shocking.

"What kind of trick is this!?"

The bone ghost and Taoist made a strange cry, and subconsciously folded his hands to protect his head, allowing the golden dragon to hit his dark hands, knocking him more than ten meters away, and fell into the ancestral hall with the five corpses inside. Together!

Righteousness, Long Weihehe!

The bone ghost Taoist's arms trembled, his eyes staring at Li Yun. At the moment when the Shenlong appeared, a burst of righteousness emerged from Li Yun, just to deter him for a short while, so that he had no time at all. Responds more, and was injured by the Shenlong swordsmanship to his arm.

His originally black and shiny arms have changed back to the dry and yellow arms of the old man.

There was a slight crack in the flawless steel body.

"The dragon is in nine days."

Li Yun answered him faintly, glanced at Gong Lianyi and the two women, and found that they had been able to beat Shi Taining down, and walked towards the bone ghost Taoist with confidence.

"Why, my trick is for nine days, compared with your steel body, who is more powerful?"

Li Yun showed a smile.

This Longming Sword Art was the martial arts he acquired after killing the Venerable Black Eyebrow. Originally, Li Yun had always thought it was a sword art, that is, a passive skill, which could only be used to improve his understanding of sword art.

But just now, he had an idea and thought that this Dragon Ming Sword Art actually had a killer move, so he took it out and tried it.

The result was beyond people's expectation. The dragon is extremely powerful in Nine Heavens, and can match his justice value, creating a kind of spiritual shock to the bone ghost Taoist, allowing him to expose his flaws, and making his moves perfectly hit him!

Shenlong has been the totem symbol of Huang Xuanguo since ancient times. It embodies the faith of countless people and represents justice, light and hope.

Li Yun's justice value of up to 60,000 points once again played a huge role!

"Hey, Ba Ba is amazing~!"

Seeing the bone ghost and Taoist falling to the ground injured, the black feather butterfly cheered, and her black wings shining with bright lights like the starry sky appeared again behind her, flapping their wings, and the small figure turned into a black streamer. , To kill towards the bone ghost Taoist.

"what?"

The bone ghost Taoist was terribly scared. After the humanoid Gu worm showed its black wings, it blacked him with an extremely dangerous feeling. Seeing her kill, the bone ghost Taoist could only roll over on the spot, and rolled to Zhang Xing's corpse. Aside.

"Give me food!"

The black feather butterfly's arrogance is very fierce. After a miss, the small body abruptly settled on the spot, and in a flash, it turned around and swooped down at the bone ghost Taoist.

"Damn it!"

The bone ghost Taoist injured his arm, and in desperation, he could only use his face to meet her collision.

As a result, with a bang, the black feather butterfly struck, knocking the bone ghost and Taoist away five meters away, and directly hit the wall with a dull crash sound.

Chapter 890: evil Dead

"you!"

"Give me food!"

"Grass!"

"You are a badass, if you hit you bang, I will eat you!"

Black Feather Butterfly issued a declaration of justice, incarnate as a small condor, constantly swooping and hitting, and fiercely hitting the bone ghost and Taoist back and forth. A pair of small fists hit him full of bags, without resistance. force.

Li Yun was very surprised. The nine-winged black feather butterfly he adopted looked like a small one. He didn't expect the body to be so hard that it could hardly regret the flesh and bones.

"Damn, get me up!"

The bone ghost Taoist was helpless, so he could only forcefully chant a spell, causing the five corpses lying on the ground to undergo corpse transformation.

Originally, these corpses were the materials he intended to refine into advanced corpses, especially Zhang Xing. Not only was he a martial artist in the acquired realm, but he was also tortured for a whole night and died of resentment.

Using his corpse to refine a high-level refine corpse, he will definitely be able to train a powerful refine corpse.

But a series of follow-up developments have completely messed up his abacus, and now the bone ghost and Taoist can only be forced to use these after tricks!

"Roar! Roar!"

The five corpses shuddered, and after suddenly opening their eyes, they opened their mouths and let out a roar of zombies.

In the distance, after seeing his grandson sitting up again, the village chief was pleasantly surprised for a moment, but he soon thought that grandson Zhang Xing could not be alive.

The only possibility is that the corpse has changed!

"My poor grandson! No peace after death, \*\*\*\* Song Yuan, blame him!"

Village Chief Zhang Dehuai burst into tears, and even his grandson's entire body could not be kept.

It is a pity that Song Yuan has long been missing. This made the village head itch with hatred. He didn't even notice when Song Yuan escaped.

"Xiaodie, I'll help you."

Li Yun smiled, very satisfied with the performance of Black Feather Butterfly.

Even if the Black Feather Butterfly is not very strong, Li Yun will continue to raise her, after all, Xiaodie is still very cute when she is cute, and it is distressing to call him babblingly.

But the Black Feather Butterfly has the strength to counter the enemy, which makes Li Yun quite overjoyed.

"Zhang Xing, and you guys, you are offended!"

Li Yun apologized and entered the battle with his sword. The god-level Nine Suns Scriptures were running, and the whole body exuded a billowing heat wave. Each sword could cause huge damage to these incomplete zombies. There are only a few tricks, just a few. The zombie fell completely, and the head of the corpse was cut off, completely unable to move.

But this has bought a little breathing time for the bone ghost Taoist!

"Two \*\*\*\* guys!"

The bone ghost Taoist took out a pill in distress, and after taking it, his hands slowly returned to some dark black, and the whole popularity became much better.

His long and narrow eyes stared at the Black Feather Butterfly, the next moment, with a violent shout, his body suddenly moved, like a tiger pounced, and rushed to the Black Feather Butterfly flying in mid-air in an instant.

"Be careful!" Li Yun shouted only in time, and the bone ghost Taoist had already rushed in front of Black Feather Butterfly.

"Little thing, go to hell!"

He hates Black Feather Butterfly very much. This little thing stretches out extremely flexibly and has great power. There is such a powerful force in its small body. I will grow her in the future, and I don't know what kind of Gu it will become. insect.

I am afraid that even the Giant Swallowing Python in the hands of the Lord of the Animal Dao is no better than the little girl who is no more than \*\*\*\* wide!

"Ah, the black guy is here!"
