

## Godly Choice 91

Chapter 91: What happened

Colonel Fang made a bold statement, shocking everyone in the experimental class that their jaws fell.

They know Fang Xue's character too well, cold, reserved, strong, hardworking, elegant, etc., just like a lady who respects etiquette.

It was because she knew too much that she was so shocked when she saw Fang Xue acting crazy for loving someone.

"Ugh."

Yu Xiannian sighed secretly. He also chased Fang Xue for more than half a year, because Fang Xue was not only beautiful, but also from a good family background. This way of getting Fang Xue means that his family can break through the restrictions of Longyang County and enter In the vast market of Zhonghai City!

Unfortunately, after he chased him for half a year, he knew clearly that Fang Xue would never like him.

Of course, it is impossible to like Zhou Xianming!

So Yu Xiannian took the initiative to withdraw.

"This idiot."

Yu Xiannian glanced at Zhou Xianming. At the beginning, he took the initiative to withdraw, not that Zhou Xianming defeated him!

"Xiaoxue!!"

Zhou Xianming wanted to hold Fang Xue's hand, but Fang Xue avoided it.

"If you have anything, just say it." Fang Xue said lightly. Zhou Xianming was fine in elementary school, but the more she grew up, the more she felt incompatibility, and he always felt that he was ill-intentioned.

If it wasn't for the friendship from when she was a child, Fang Xue would not be friends with this kind of person!

"Xiaoxue, do you still treat me as a friend?"

Zhou Xianming lowered his head in a sad tone, but there was a hint of resentment in his eyes, and he wanted to kill Li Yun!

Fang Xue frowned. She didn't like being threatened. She said displeasedly, "What do you want to say?"

"What I want to say is!"

Zhou Xianming suddenly raised his head and said every word: "Li Yun is not worthy of you at all, I like you, Xiaoxue! I have been in love with you since elementary school, from the first time we met.!"

Zhou Xianming's public confession shocked everyone in the experimental class again.

They knew that Zhou Xianming liked Fang Xue, but it was the first time for such a direct confession!

"Sorry, I don't like you."

Fang Xue did not cause any waves in his heart because of his confession, but became even more angry, saying: "Zhou Xianming, I have already said, my boyfriend is Li Yun, please don't confess to me again, this is not polite!"

Colonel Fang was angry, and everyone was silent. Many of them had also been rejected by Fang Xue. Of course, Fang Xue was very polite when she rejected them, not as angry as she is now.

"Xiaoxue..."

Zhou Xianming lowered his head pretending to be sad, cursing Li Yun frantically in his mind, even Fang Xue was scolded by him as a cousin, and he was caught in two or two!

"Sorry, I'm going to read a book, please feel free!"

Fang Xue coldly rejected Zhou Xianming, thinking that he would be a little more peaceful, but the next moment, Zhou Xianming did something that made the whole school stunned.

"Xiaoxue, I won't give up, I love you, I must get you in this life, definitely!"

With that said, Zhou Xianming rushed out of the classroom, shocked everyone, thinking he was going to jump off the building, and hurriedly chased him out.

Fang Xue and Li Feng also ran out of the classroom along with them, their little faces a little anxious.

Fortunately, instead of jumping off the building, Zhou Xianming ran into the school broadcasting room.

Soon, his angry voice sounded from the campus:

"Li Yun, stand up if you have the guts!"

In an instant, the harsh sound spread throughout the campus, and thousands of teachers and students in the school were shocked.

what's the situation?

What happened?

Who is making trouble in the studio?

Chapter 92: Sensational campus

"Li Yun, just because you want to be Fang Xue's boyfriend?!"

"No, you are not worthy at all!"

"Only I, Zhou Xianming, is worthy of the snow!"

"I love you, Fang Xue!!"

"Love you for life, love you for ten thousand years!"

When he heard Zhou Xianming's words, Li Yun was chatting with Wang Houliang and the others in the classroom. The sound of the broadcast suddenly sounded, which shocked everyone.

Generally speaking, campus radio is only turned on in the morning, evening, and when English listening and emergency notices are broadcast.

There is no doubt that Zhou Xianming's unauthorized use of campus radio has seriously violated school rules and discipline!

"Go and get him out of me!" the principal shouted angrily, and all the leading teachers who were still in the meeting quickly got up and rushed to the broadcasting room.

"Brother Li, what's this going on?"

"There is nothing wrong with it."

Li Yun stood up and walked to the broadcasting room calmly.

Seeing this, Wang Hou Liang rolled up his sleeves and shouted: "How dare you \*\*\*\* a girlfriend from our brother Li, brothers, come with me and knock him to the ground!"

Everyone responded, everyone stopped going to class, and they all followed Li Yun to the broadcasting room.

Moreover, more than half of the students in the school also flocked to the broadcasting room, waiting to watch the excitement.

Li Yun's popularity is now unmatched. He and another boy are vying for the love of the university flower. This news is an explosion and shocked all the teachers and students of Zhicai High School!

As a result, the broadcasting room was surrounded by the third and third floors of the crowd. When Li Yun came, everyone took the initiative to give him a way.

"Is this Li Yun who wrote "Across the Rivers and Lakes"?"

"So handsome~, wow, he looks so handsome when he walks, without the slightest panic!"

"I heard that Fang Xue was in the class and announced in public that it was his girlfriend, making Zhou Xianming so angry!"

"Hehe, there is a good show, Zhou Xianming's house is not easy."

"Not easy? Haha, compared to Fang Xue's family, Zhou's family is a fart!"

"It deserves to be the author who wrote about the rivers and lakes, and he didn't panic in the face of this scene, cow!"

Everyone talked a lot, and Li Yun stood at the door of the school's broadcasting room and gave Fang Xue and Li Feng a calm look, and signaled them not to worry.

"Zhou Xianming, what are you doing!!!?"

Before Li Yun spoke, Principal Wang squeezed away from the crowd and screamed, shaking the surrounding students with fright.

Zhou Xianming walked out and waved his hand proudly: "Principal, you wait for me to speak first, and then you will be punished by you!"

With his family's wealth, he could easily settle a punishment, even staying in school for probation without panic.

"you!"

President Wang was so angry that he gritted his teeth and said: "Okay, I'll wait for you to finish!"

As the crowd watched, Li Yun smiled and said, "Just say what you have, but I want to emphasize: Fang Xue is my girlfriend. If you confess to her again, you are harassing her. Don't Blame me, you're welcome!"

Domineering words made everyone look at him.

Among the crowd, Wang Shuxian, a girl with a graceful figure and a nice face, who looked like a model, was looking at Li Yun with a pair of beautiful eyes.

She is the host of the campus radio station that Li Yun promoted in the morning. She originally admired Li Yun very much, but now seeing Li Yun's outstanding performance, her admiration for him has become stronger!

Some people who were not too cold towards Li Yun, after hearing what he said, couldn't help but cheer for Li Yun secretly!

Chapter 93: Show affection in public

Because Zhou Xianming confessed in public, it is a very romantic thing for girls, and it is easy to win girls' favor.

In addition, Zhou Xianming's words and sentences are tantamount to forcing Fang Xue to choose between Li Yun and Zhou Xianming.

But what Li Yun said was not only to resolve Zhou Xianming's despicable means of public confession in one fell swoop, but also to defend Fang Xue, indicating that she is Li Yun's true girlfriend, and it is not something that can be changed by a single word!

"you!"

Sure enough, Zhou Xianming was flushed with anger. With Li Yun's words, if he confessed to the other side, it would be tantamount to a shameless mistress.

Li Yun smiled faintly, walked a few steps, took the initiative to hold Fang Xue's hand, affectionately, and very firmly said: "I didn't want to preach that Xiaoxue is my girlfriend. After all, we have to face the college entrance examination this semester, but since If you do something like this, then I'll just say it straight."

Li Yun looked around and declared domineeringly: "Fang Xue, it is my girlfriend of Li Yun!"

Fang Xue's face was blushing, and she didn't say anything, she just raised her tiptoe and kissed Li Yun's cheek to confirm Li Yun's words!

Of course, after the kiss, Colonel Fang's face became even redder, and even the crystal-clear ear roots turned pink.

"how romantic!"

The girls all looked at Fang Xue enviously, being able to be shown love in public by two boys, and a gentle and domineering boyfriend like Li Yun, Fang Xue was really happy.

The boys looked at Li Yun enviously, and received the proactive kiss from the school flower in the crowd. This treatment is simply enviable, jealous and hateful!

"Just lemon, I'm so sour!"

"I want a kiss from the school flower too~"

"Unfortunately, no one of you is handsome, and no one is talented!"

Zhou Xianming's face was blue, his fists were clenched, his eyes were full of gloom, and he looked at Li Yun and Fang Xue fiercely, looking like he could not choose someone to eat.

"Zhou Xianming, I have already said that Li Yun is my boyfriend, please don't do anything like this again in the future!" Fang Xue said, frowning slightly, she only felt that Zhou Xianming's temper was getting more and more irritable, no As gentle as before.

"Xiaoxue!"

Zhou Xianming reluctantly suppressed the anger in his heart, and pointed at Li Yun and said coldly: "Do you really think this little crouch can bring you happiness? I have understood that his family has no father and no mother, and he has two drags. The oil bottle clinked poorly, and he could only go out to work in the food stall at night, which caused his grades to be a mess!"

After a pause, Zhou Xianming's face was full of arrogance: "You said, how can such a person bring you happiness?"

The hidden meaning is that only he Zhou Xianming is worthy of the snow!

Li Yun smiled faintly, originally didn't want to say anything, but unexpectedly, it was Li Feng who stood up!

"Zhou Xianming, don't look down on people!"

Li Feng's face was frosty, and he shouted: "What if my brother and I don't have parents? We have a grandfather who loves us, and two lovely sisters. We also feel the warmth of the family. Unlike you, having parents is like Not like your parents, slander people without authorization!"

Everyone was dumbfounded, and Fang Xue stared at this old lady with wide eyes. She really dare to say it!

"I slander people?" Zhou Xianming said with a strange air: "I said your family is poor, and Li Yun even wants to work at night. Is it wrong?"

"Well, it was wrong."

Wang Houliang stood up and smiled jokingly: "Don't you know? Li Ge wrote about the rivers and lakes. Someone has already said that it will cost three million to buy the copyright!"

Chapter 94: Three million per song

"Three million can be considered a poor jingle, so are ordinary people like us from slums?" Wang Houliang asked rhetorically.

"three million!"

Everyone gasped, and was shocked by this huge number!

Although Zhicai High School is a private high school, it is estimated that there is not even one-tenth of a family that can produce one million in one go!

Zhou Xianming's face darkened again, and he insisted: "You can sell for three million? A joke, just believe what others say, are you stupid?"

"I think it's you who is stupid!" Wang Houliang said disdainfully, took out his mobile phone and tapped a few times, and Liang stood in front of Zhou Xianming: "It is the director of the signed martial arts film who said that he wanted three million to buy the copyright, Zhang Ke!"

"Moreover!" Wang Houliang said braggingly: "He said on Weibo, he was recommended by Liu Xianxian, and he was going to choose this song as the theme song of his next martial arts movie!"

Everyone looked strange.

Zhang Ke is a well-known director of martial arts films in China. The film he made has won the award of Best Foreign Language Film at the Academy Awards. It can be said that he is a well-known director at home and abroad!

Not to mention Liu Xianxian, she is an amphibious star of film and television songs. She has won the Grammys and won the Little Golden Man. There is no better-known star in China than her!

It also ranks among the top celebrities internationally, and has countless fans at home and abroad.

These two heavyweights said they would buy the copyright of Li Yun's song, so there is no doubt that this song will definitely sell for more than 3 million!

"three million!"

Fang Xue's eyes lit up. Although three million was only her pocket money for a year, it was different for Li Yun!

Li Yun has three million, can he prove his strength and go to see her parents?

"What is three million!?" Zhou Xianming continued to hold on, "Three million is still a poor ghost in the eyes of me and Fang Xue!"

"No, it's not."

Fang Xue shook her head and said to Zhou Xianming with a serious face: "Although my family is very rich, I will not underestimate the three million, because it is Li Yun earned with both hands, much more powerful than me!"

Li Feng also said: "My brother can earn three million at a time, and he can earn three million for countless times, but you, Zhou Xianming, can only rely on family members. You haven't made a penny, right?!"

"I!"

Being besieged by two big beauties, Zhou Xianming's handsome face was as black as the bottom of a pot, which made people look very funny.

Everyone looked at him teasingly. There is no doubt that if the girls were to choose, it would definitely be Li Yun, not Zhou Xianming!

Obviously, Li Yun's future is limitless, and his composing talent is enough to make him countless three million dollars.

And Zhou Xianming, if one is not good and fails to do business, he will immediately fall to the bottom!

Talent is the most important factor that can truly prove that a man can support a family!

"Okay, enough trouble, right?"

The principal stood up and said seriously to Li Yun and Fang Xue: "Strictly speaking, the school does not agree with you dating in high school, but because you are in the third year of high school, if you are forced to separate now, it will only cause unpredictable consequences. But I like you to understand that now is not the time to fall in love, everything is school-oriented, have you heard?"

"I heard it!" x2

Li Yun and Fang Xue said in unison, and then smiled at each other.

"good very good!"

Fang Xue fell completely and became Li Yun's girlfriend. Zhou Xianming became furious and couldn't help but yelled, "Li Yun, dare you come and bet with me?!"

Chapter 95: Full score in all subjects is my goal

"What are you betting on?" Li Yun smiled faintly.

"Just bet on Fang Xue's ownership!"

Glancing at Li Yun, Zhou Xianming gritted his teeth and said: "Whoever won the first place in the whole year in the mock test of Zhonghai City on Thursday, who deserves to be by Fang Xue's side, how about? Dare to bet?!"

Li Yun's face sank, and when he was about to speak, the system prompt sounded.

"Ding, trigger the option event, please choose from the host:

Choice 1: Promise to bet and win, rewards Charisma +10, Experience +8000, Random Blue Gift Bag\*5, Random Master-level Science Skills.

Option 2: Reject, reward justice value +5, experience +1000, a random skill.

Choice 3: Reject, but still get the first prize, reward experience points, justice value +10, and a random purple gift bag. "

Li Yun frowned slightly, the choice given by the system this time was very confusing.

The reward for agreeing to the gambling contract is not low, but Li Yun can't choose it without a doubt!

"Ding, the host has made a choice, and the reward (justice value +110, all attributes +280 points, random blue gift bag\*3) has been distributed!"

Li Yun was stunned. He didn't even choose. Why was the system rewarded?

I took a closer look and found that this reward was from last night, and the system should have distributed the reward after the police caught the navy leader Feng Yuande!

No wonder the delay is so long!

"Why, don't you dare to gamble with me?" Zhou Xianming said tauntingly when Li Yun was silent.

Everyone also looked at Li Yun. Those who knew his grades were all muttering in their hearts. Perhaps it was because Li Yun was too serious about his subjects and didn't have the confidence to take the first place, so he didn't dare to bet with Zhou Xianming!

"Okay, there is nothing to bet on!" The principal wanted to make a round, and Li Yun twitched the corner of his mouth, revealing a sarcasm: "I won't bet with you, but it's not that I am afraid of you, but that the person I like is there. In my opinion, it is an extremely precious treasure, worth cherishing for a lifetime, she is not something you can bet on if you want to bet!"

Everyone was dumbfounded by these words, and the softest part of Fang Xue's heart was touched. Crystal tears appeared in her beautiful eyes. If the time was not right, she would take the initiative to hug Li Yun and offer her own scented kiss!

Li Feng was not jealous, and Li Yun's words also included her, but Fang Xue couldn't hear it.

After listening to Li Yun's answer, Zhou Xianming squeezed his fists, his teeth rattled, and said word by word: "Don't talk nonsense, dare you bet, see who gets the first place in the year in the mock exam!"

"Ridiculous!"

Li Yun glanced at him indifferently, "No. 1 in the whole year? No, this is far from my goal. The first in the city is what I pursue!"

First in the city? !

The classmates who were on the three floors inside and outside were stunned!

This Nima is too bragging, right?

The mock test that started on Thursday is a large-scale test involving hundreds of high schools in Zhonghai City!

Not to mention how many super geniuses there are in Zhonghai City, just talk about Longyang County and other counties under Zhonghai City, there are nearly 50,000 examinees, and among them, I don't know how many geniuses can be comparable to Zhicai High School!

If you get the first place in the mock exam, there is a high probability that you will be the city's college entrance examination champion!

In Longyang County, no high school student has ever won the city's champion in history.

If Li Yun can get the first place in the mock exam, he will make history!

The principal laughed, patted Li Yun on the shoulder and said: "If you take the first place in the mock test in the city, I will hold a commendation meeting for you alone and reward one hundred thousand yuan!"

Chapter 96: Engage in navy again

"Principal, is this what you said?" Li Yun smiled.

"Of course!"

Principal Wang patted his chest and promised, "The premise is that you really took the first place. That's OK, everyone is gone, go back to class!"

After finishing speaking, he turned his head to look at Zhou Xianming and said coldly: "You wait to write me a five-thousand-word review. If you write well, I won't punish you. If you don't write well, or your attitude is not sincere, I want your parents to come to school!"

Zhou Xianming didn't answer, he snorted and left. Before leaving, he gave Li Yun a look of resentment!

The crowd dispersed, Fang Xue whispered: "Zhou Xianming has never been first in grade. Where is his confidence?"

"Why? Because the dean is his relative."

Fang Xue was very surprised by Li Feng's words. Does she want to say that Zhou Xianming would let the dean of education steal the test papers?

Li Yun smiled and did not worry about the matter, but Wang Houliang was too anxious, scratching his head and said: "Brother Li, Zhou Xianming is absolutely uneasy and kind, and you are going to be the first in the city under the public. , I'm afraid he will make a ghost on this!"

"Fuck you?"

"Just ask the navy to hack you on the Internet!"

Wang Houliang danced with his hands and said in a spitting voice: "I heard that Zhou Xianming once played with a girl. After making some trouble, he hired someone to post it and said that she

was a watch and came to cling to him and did a lot of things. Everyone despised the girl and forced her to transfer school..."

"and many more!"

Fang Xue looked at Wang Houliang in surprise, "Is the girl you mentioned called Zhou Qingqing?"

"Yes, that's her!" Wang Houliang emphasized: "Zhou Qingqing is not bad, although she is fashionable, she is quite good, just likes to play, and Zhou Xianming..."

After listening to Wang Houliang's words, Fang Xue's face was solemn, which was completely different from what she had heard Zhou Xianming said at the time!

Does this mean that Zhou Xianming is actually a hypocrite full of lies?

"fine."

Li Yun patted Fang Xue on the shoulder and comforted: "Don't worry, no matter what method Zhou Xianming uses, I can easily resolve it!"

He now has god-level hacking skills, with nearly two thousand attributes, and his cultivation is comparable to the mid-term tempering realm. Li Yun does not need to be afraid of anyone!

Fang Xue's frowning brow stretched out, and after giving Li Yun a bright smile, he went upstairs to the experimental class with Li Feng.

Li Yun returned to Class 14 with Wang Houliang. On the way, Wang Houliang asked again:

"Brother Li, are you really worried about Zhou Xianming's shame on B?"

"There is nothing to worry about." Li Yun smiled faintly, "He wants to promote what I said on the Internet, and I can't stop it, just treat it as him who made me famous!"

"Damn, Brother Li, what you said is so awesome, it seems that Brother Li is sure to get the first place in the city!"

Wang Houliang bragged wildly, but Li Yun couldn't hear what he meant, and helplessly hammered the guy's shoulder: "What are you going to say? If you have a fart, don't blow!"

"Hey, I just can't hide from you, Brother Li!"

Wang Houliang gave Li Yun a sneer, then rubbed his hands, and said shyly like a little girl: "That's right, Brother Li, can you..."

"No, I have a girlfriend, so I don't want to get involved!"

Li Yun got goosebumps all over the place, this guy is disgusting now!

"Ahem, I didn't mean that!" Wang Houliang said quickly: "I mean, Brother Li, can you use your anti-plug-in software for my friends?"

"Anti-plug? That 'Pioneer Strike'?"

"Correct!"

Chapter 97: Vanguard strike

The last time Li Yun wrote the anti-plug-in software for Pioneer Strike in an Internet cafe, after teaching Huang Mao, he passed the software to him at Wang Houliang's request.

Of course, Li Yun also added some other functions, such as anti-theft.

"Brother Li, the software you wrote is so easy to use!" Wang Houliang said excitedly: "The day before yesterday, I went to the Internet cafe with a group of classmates to play the underground city. As a result, all the computers in the black Internet cafe were hacked software, MD, driving me mad!"

"What then? Everyone else has their accounts stolen, so are you all right?" Li Yun smiled.

"Yup!"

Wang Houliang was very excited, "Fortunately, I kept my eyes on it. Before I went to the game, I opened the software that Brother Li gave you. In the end, I was alone. They were all stolen, hahaha!"

Li Yun smiled, "You want to give it to them, is there any benefit, right?"

"Yes!" The prince said in admiration, "I can't hide anything from Brother Li!"

"Come less, just for the sake of friends, you wouldn't be like this." Li Yun said affirmatively: "Moreover, looking at the way you were just now, you are not only for friends!"

"Hey-hey."

Wang Houliang scratched his head, looked at no one from the left and right, and then whispered: "I recently met a beautiful and rich little \*\*\*\* the Internet. She also likes to play dungeons, but she was hacked once, so I thought... ..Hey, Brother Li, you know!"

"All right." Li Yun said generously: "Pioneer strikes me and I'll give it to you at night, and I'll add some more features."

"Thanks to Brother Li, if you have anything to do with Brother Li in the future, please tell me to do it, hahaha!"

With the right to use the anti-plug software, Wang Houliang immediately smiled happily, as if he was fantasizing about flying with that little girl.

This guy, Li Yun shook his head with a wry smile, and he added a few more functions when he went back at night. After all, his current computer technology is at a \*\*\*\* level, enough to make Pioneer Strike extremely powerful!

It's just that even Li Yun didn't expect that the god-level computer technology is terribly strong. After this pioneer strike comes out, it will set off a huge storm on the Internet!

...

Wong Ting Villa Community

Zhou Xianming returned home with a sullen face and saw his father, Zhou Kangwei, in the lobby.

"What's the matter with your face?"

Zhou Kangwei said to him in a majestic voice: "Didn't I tell you? Don't show your emotions, even if you are angry, don't show it on your face, what do you like!"

"How can you calm me down?!" Zhou Xianming said angrily, "Xiaoxue was snatched away!"

"what?!"

Zhou Kangwei was taken aback, and the cup in his hand fell to the ground by accident.

The funny thing is that just now he said he wanted Zhou Xianming to stay calm, but now he was shocked!

However, it is no wonder Zhou Kangwei was shocked.

Because Zhou Xianming and Fang Xue had known each other since they were young, the Zhou family has grown from an ordinary middle-class family to the upper class with a net worth of billions!

Without Fang Xue, this huge leap would require the efforts of at least three generations, and it would not necessarily be successful.

This shows the importance of Fang Xue to Zhou's family!

"How is this going?!"

"Blame that little beast!"

Zhou Xianming spoke of recent events in an angry tone. When Fang Xue took the initiative to say that his boyfriend was Li Yun in the crowd, Zhou Kangwei's face turned iron blue, and finally he threw the tea cup on the table. Up, making a loud noise.

Chapter 98: Zhou's plan

Fang's family had only one child from Fang Xue, and Fang Huyu also raised Fang Xue as his heir.

As long as Zhou Xianming takes the snow, the Fang family's hundreds of billions of property in the future will definitely belong to their Zhou family!

Zhou Xianming had even planned to take down the snow, and then coax her to transfer the company's shares to him. After that, Fang Xue, who had no family property, could not let him take control?

He Zhou Xianming has hundreds of billions of capital, he can play whatever he wants, and it doesn't matter how many lovers he can pack!

But now, Li Yun stepped in and turned all the plans of the Zhou family and his son into ashes!

"Bastard stuff!" Zhou Kangwei didn't get rid of his bad breath, waved over all the things on the table, and vented fiercely, before violently cursing Zhou Xianming: "You rubbish, you are so old for nothing, for ten years. , Even a girl can't handle it!"

"You're \*\*\*\* trash!"n/o/vel/b//in dot c//om

Worthy of being taught by Zhou Kangwei, Zhou Xianming immediately cursed unceremoniously: "If you are good, don't rely on the Fang family. Wouldn't it be better to do business by yourself?"

"What are you talking about? You rebel!"

The two people quarreled more and more, and finally squabble together, making a mess of the living room before stopping.

"Shut up!"

Zhou Kangwei panted and stared at his son fiercely. "What matters now is how to get rid of Li Yun's boy, or simply kill him, so that you won't be able to \*\*\*\* him away!"

"Huh! Kill it? It's totally unnecessary!"

Zhou Xianming calmed down and said disdainfully: "He is an arrogant little boy who thinks that he can get the first place in the city with the perfect score of two subjects. He is still publicizing it in the public. This idiot, I don't know if I can find some navy. Hype, is it enough to make him shameless?"

Zhou Kangwei's heart moved, "Yes, Fang Huyu is very conceited. If Li Yun were a nonsense person, he would never agree to Fang Xue being with him! This plan is feasible!"

"Huh!" Zhou Xianming showed a mockery at the corner of his mouth. "Now his songs are on the Internet. As long as a little hype, everyone on the Internet likes to see geniuses being beaten in the face, hahaha!"

"Hahaha!"

The father and son looked at each other and laughed, as if the Fang family's property was already in their bag.

---

Returning home in the evening, Li Yun modified the Pioneer Anti-plug-in software to add scanning and virus removal functions, and then passed it to Wang Houliang.

After I had nothing to do, Li Yun's mouth curled up when he saw that he still had three random blue gift bags, and he chose to open them all!

"Ding, get a small experience pill."

"Ding, get 50 free attribute points."

"Ding, congratulations to the host, open the purple gift and get the advanced skill: music"

I opened the purple gift and gained a lot of music-related knowledge, such as lyre, piano, and harmony. Li Yun was quite satisfied. If someone asked him how to make "Zhengjianghu", he would not reveal anything.

Using the attribute points and experience pill conveniently, Li Yun's agility attribute is nearly 2000, and his lowest wisdom and spirit is 900. Next time, find a chance and use experience points to break the 1,000 mark!

After chatting with Fang Xue on the Internet for a while, Li Yun fell asleep after saying goodnight to each other.

The next day, after having breakfast in the morning, I went to school with Li Feng. As soon as he left the house, Li Yun ran into someone in front of him.

"Classmate, are you the author of the song "Zhengjianghu"?"

"Um?"

Li Yun stopped. The visitor was a middle-aged man in his thirties, wearing a pair of glasses, a briefcase in his hand, and a suit and leather shoes. He looked very gentle.

Chapter 99: Arrogant

"Yes, it's me!" Li Yun nodded, "Are you looking for something to do with me?"

"Is such that."

While talking, the middle-aged man took out a business card from his briefcase and handed it to Li Yun respectfully with both hands, saying: "My name is Ge Xiu. This time I am entrusted by the company. I want to talk to you about Regarding the copyright of the song "Zhengjianghu", I wonder if you plan to sell it? Our company's bid is absolutely reasonable!"

Li Yun took the business card and looked at it, Ge Xiu, thirty-two years old, Yinyue Entertainment Co., Ltd., marketing manager.

Li Feng also leaned over to take a look, looking at Li Yun with a smile.

Her brother's music can really sell for money!

Li Yun thought about it, but it would not be good to refuse directly, so he asked, "I wonder how much money your company can pay?"

The middle-aged man raised a finger, "One million!"

He looked at Li Yun condescendingly, his tone changed as if he was giving alms, faintly mixed with a trace of envy, as if he was jealous that Li Yun's song could sell for one million, and he was exhausted and he was only 20,000 a month. salary!

Li Feng frowned Liu's eyebrows, this person was stubborn, she didn't like it very much!

"Thank you, not for sale!"

Li Yun shook his head, took Li Feng's hand and left.

In fact, one million is not unacceptable, but Ge Xiu's tone is extremely uncomfortable. Even if the option event of the system is triggered, the reward is very generous, and Li Yun will definitely not sell it!

This is not a question of money or money, but Li Yun has an arrogant personality and will never bow his head to plead with others!

Ge Xiu was taken aback. He couldn't believe that someone would refuse one million. Does he think this song can really sell for three million?

"This idiot!"

Ge Xiu was annoyed in his heart, but forced his anger on his face, followed Li Yun's pace, and once again persuaded: "Student Li Yun, one million is not enough. You have to know how many popular songs have only been sold. Thousands of dollars, sometimes even packaged as gifts!"

"The songs of the fire can make 100 million yuan." Li Yun said lightly.

"Is your song a big hit? It's only on Weibo and some forums! In the real world, in shops and streets, do you hear other people sing it? It's impossible!"

"...In this world, I am Xiaoyao, the hero does not buckle for the beauty, the pride is higher than the sky!"

While talking, Li Yun came to the school gate. Coincidentally, the campus radio broadcast this morning was still "Zhengjianghu".

Li Feng smiled, Ge Xiu's face was swollen!

"The campus radio really doesn't cooperate."

Li Yun shrugged, ignoring Ge Xiu, pulling Li Feng away.

"MD!"

Ge Xiu's face was so dark that he thought that the trade fair was going well. The other party was just an ordinary high school student, and he should be very greedy for one million.

Why should he refuse a million?

Ge Xiu couldn't figure it out, so he called his boss, and was scolded bloody, and was ordered to buy the song!

After entering the campus, Li Feng asked with some worry: "Brother, will this offend people a bit?"

"how come?"

Li Yun shrugged, "Selling is by mutual consent. I don't want to sell. Can the other party make a strong purchase? Don't worry, it's fine!"

".....Ok."

Li Feng stared at him, and suddenly covered his mouth and laughed, a blush appeared on her delicate face, and said, "I... confessed our affairs to Fang Xue, and she agreed."

After speaking, Li Feng trot away quickly, his steps seemed a little flustered.

Our business?

Li Yun was taken aback, could it be those intimate things?

No, Li Feng actually said something like that to Xiaoxue, and Xiaoxue agreed?

Chapter 100: Sitting on two beauties

At noon, Fang Xue, Li Yun, and Li Feng went to eat together on the third floor of the cafeteria.

Since Li Yun got the system money, Caiwei and Caixia didn't have to come back to eat at noon every day. They could eat next to the school, and Li Yun could finally eat the food in the cafeteria!

The third floor of the canteen is a relatively high-end restaurant. Generally speaking, a meal costs two to three hundred. Ordinary students rarely come to eat here.

However, Li Yun has more than half a million in him, and there is one song that has not been sold, which is completely worthwhile.

"I have a treat today!" Li Yun said generously.

He is the only boy among the three. Besides, these two girls, one is his sister and the other is his girlfriend, both of them have to treat them for reasons and emotions!

"Hee hee~"

Looking at Li Yun, Fang Xue secretly laughed while covering her mouth.

She didn't care about hundreds of dollars at all, but Li Yun was willing to spend money for her, which made Fang Xue's heart warm.

"Let's go, let's go to the table over there?" Li Feng pointed to a place next to him.

"No! Let's go there!"

Fang Xue refused Li Feng's suggestion, and took Li Yun's hand to the window position with a proud smile, and smiled triumphantly at Li Feng.

Li Yun was a little surprised, didn't Fang Xue still want to have a good relationship with Li Feng before?

How come Fang Xue is incompatible with Li Feng after not seeing him for a day!

Li Feng sat down calmly, "There is nothing to argue about, I am my younger brother's sister, and you are my younger brother's girlfriend. The two are different."

"what?"

Fang Xue was stunned. Is Li Feng really willing to be a kid and not fight with her?  
n/o/vel/b//in dot c//om

With the girl's intuition, Fang Xue saw the secret relationship between Li Yun and Li Feng, and then found some free time to ask about the relationship between the two.

After learning about it, Fang Xue was shocked at first, and then became jealous. In the end, she couldn't change it, so she had no choice but to accept it.

Fortunately, she didn't hate Li Feng, if only a little bit of Li Yun's love was shared by her, Fang Xue could barely accept her.

The premise is that Li Feng is willing to be a child, and she Fang Xue must be the palace!

"In other words," Li Feng smiled crookedly, and said, "According to seniority, Fang Xue, you also want to call my elder sister ~ elder sister!"

Crit, kill with one blow!

Fang Xue's whole body is not good!

"No! Absolutely no! I won't call you sister!"

"Hehe, don't you like my brother?"

"Who said I don't like it? No, Li Feng, you \*\*\*\* lied to me again!"

The two flowery girls were noisy and attracted the attention of all the men in the restaurant. They were very surprised when they saw that it was the two school boys who were playing around.

"It turns out that Li Feng and Fang Xue have such a good relationship!"

"Yeah, yeah, I have never seen two people walking together before."

"I, Cao and Li Yun, are sitting on two beauties alone. Isn't this too extravagant?"

"Who calls someone talented? If you have the ability, you should also write a song that is the number one searched one!"

While eating, Li Yun received a call. After seeing the caller clearly, the corners of his mouth couldn't help but show a bright smile.

"Miss Liu, it's been a long time since I saw you, but you only contact me now, it's a bit slow!"

"Huh? Li Yun, do you recognize...me?"

"..."

After making an appointment with her, Li Yun hung up the phone and smiled at the two of them:

"Do you want to meet someone with me after school in the afternoon?"

"Who?" x2

Li Feng and Fang Xue said in unison, then glared at each other and snorted.

Li Yun laughed loudly, "A person you all know, I promise you will be surprised when you see it!"
