

## Godly Choice 911

Chapter 911: Give me ten recovery pills

"Don't mess around!"

Li Yun evaded quickly and pushed her back into the chair.

No matter how messy it is, it will not be that simple to end. Li Yun will let her know what it is because of Bao Ye Babai, and promise that she will not be able to get up to eat for three days!

"Huh~"

I also seemed to feel a bit too overwhelmed. Concubine Wan Qing went too far, and a blush appeared on her face with thick cosmetics, and she used her slender hands to straighten her messy hair. Her movements were unspeakable and charming, which made Li Yun a little bit. Don't dare to look at her again.

In a closed car space, outsiders can't see what's inside, and even if the car vibrates, they will only smile happily.

"Let's talk, what can I do?"

Li Yun said flatly.

Concubine Wan Qing's favorability rating for him is still 89. The last time she chose to help Sage Fanqing, her favorability rating dropped by 10 points.

However, just now Li Yun chose to have a secret chat with her, and added back 10 points of favorability, reaching a very strange number of 89.

It can be a girlfriend, but the relationship is a little ordinary, unable to be more intimate, wanting to do something other hug and hug is basically impossible, so I can take the opportunity to contact her just now.

"Give me ten recovery pills and ten detoxification pills!" Concubine Wan Qing opened her mouth.

"..."

Li Yun gave her a look of 'you want to be beautiful', "You think my medicine is sold at a roadside stall?"

"There are not ten, eight will do!"

"no."

"Five!"

"None."

Li Yun said lightly: "The pill is precious, what do you use it for?"

Concubine Wan Qing looked at him with a weird look, then suddenly laughed, hammered his shoulder with her little hand like a baby, and said softly: "Okay, little handsome guy, don't be angry,

I'm just testing whether you have Change your heart. After all, you and that woman are so close, I'm afraid she will blow you the pillow wind and let you follow her."

"According to my master, the saints of the Hidden Sacred Valley are very good at this set." She added.

"Pillow wind..."

Li Yun was helpless, "What are you thinking about? I and Sage Fanqing are innocent. We haven't even touched our hands. It's just a pure friendship."

"A simple friend?" Concubine Wan Qing asked tightly.

"Even if she helps me, I also help her, a friend of this kind of relationship."

Li Yun's tone was flat, and he pointed out that his choice was to be hostile to the Six Demon Gates. This point will basically not change!

Unless Concubine Wan Qing completely controls the magic door.

"Really it?"

"What else do you want?"

"..."

Concubine Wan Qing tilted her head to look at him, suddenly grabbed Li Yun's hand, held it with her two small hands, and carefully squeezed it, as if feeling the lines on each of Li Yun's fingers, plus the palm of her hand. Soft temperature.

"Then...I'm holding your hand now, am I going further than Van Qingsheng? Hehe."

Concubine Wan Qing's face was reddened. She originally wanted to play with Li Yun, but the temperature in his palm caused a warm current to rise in her heart.

"What nonsense?"

Li Yun gently shook her hand away, and Concubine Wan Qing didn't insist, she snorted and turned her head to look out the window, calming her pounding heart a bit.

There was a slight change in the atmosphere in the car.

For a long while.

"Concubine Wan Qing, what on earth do you want to do this time?"

Li Yun directly chose a very straightforward way to ask.

If it was just a meeting with Concubine Wan Qing, it would be impossible for him to ask such a question, it would be silly.

Chapter 912: Reiki is fundamental

But after the strange and ambiguous atmosphere just now, Li Yun felt that Concubine Wan Qing could at least be trusted.

One of the evidence is that Concubine Wan Qing jokingly told him about the wind on the pillow of the Fan Qing Sheng, which proves that Concubine Wan Qing still cares about whether Li Yun will completely fall to the Fan Qing Sheng.

"Humph."

Concubine Wan Qing hummed and stretched her waist, her slender legs stretched out long, as if doing yoga exercises, full of charm.

"What am I going to do? Didn't you just meet by chance?" Concubine Wan Qing leaned back on her seat and stared at Li Yun: "I really don't know how you met so many coincidences that happened to happen to us. His most concealed action, it almost made you dirty!"

"Me? Stir porn?"

Li Yun still felt baffled, whether she was talking about the casino in the orchard, or the gloomy wood in Longyang County or surrounding counties and cities.

Could it be Zhangjiacun's business?

"I can't guess, you are really stupid."

With a teasing joke from Concubine Wan Qing, Li Yun said slowly, "Song Yuan."

Song Yuan?

Li Yun frowned. An ordinary Jianghu man whose martial arts cultivation is only an acquired state, he was so valued by the Six Demon Sects. He sent a saint, an elder, and four people with good strength to cover him?

Not too possible.

Unless Song Yuan has an unimaginable talent in mana practice, is the next generation's master choice, and can unify the six magic gates, so many people will not be mobilized to protect him!

"It's stupid."

Concubine Wan Qing cursed with a smile, and said, "What do you think we make so many gloomy woods and spirit sticks for?"

"Collect evil thoughts." Li Yun glanced at her, we? Is it because she is still the Lord of the Demon Gate?

"There is a saying that you can't afford to be early without profit, why do you think it is?"

Concubine Wan Qing leaned lazily on the door of the car and put her feet on Li Yun's lap. She didn't care about the difference between men and women, or worried that he would have a man's reaction.

What's more, Li Yun still didn't know whether she made such a move, whether she was deliberately getting close, or she was extremely relieved and trusted with him, so she did something that even a girlfriend would rarely do.

"One more reminder." Concubine Wan Qing chuckled, "Spirit sucking stick, do you understand the meaning of these three words?"

"Spirit sucking stick?"

Li Yun put his hand on the feet of Concubine Wan Qing in front, without any movement, frowned and thought about her words: "The magic stick that absorbs grievances and souls was put in the casino factory and other places by you. In addition to causing lives, I don't know what else..."

"What an idiot, who said it absorbs the soul?"

Concubine Wan Qing smiled and said: "Spirit sucking stick, spirit sucking, what it absorbs is spiritual power!"

"Spiritual power? Can spiritual power be produced out of thin air?"

"Do you know what spiritual power is?"

".....have no idea."

Li Yun showed a rather helpless expression, causing Concubine Wan Qing to smile again.

"Spiritual power is the origin and general term of all extraordinary powers, understand?"

"All mana, demon power, magic power and evil spirits, etc., are manifestations of spiritual power."

Concubine Wan Qing said sadly: "In ancient times, spiritual energy was floating in the world, and there were many ancient powers, even gods, buddhas and demons, and everything in the world can be cultivated.

But with the decline of the spiritual energy between heaven and earth, and now the external aura is almost exhausted, we practitioners of the Six Demon Gates and the Hidden Sacred Valley can only rely on some special methods to obtain spiritual power for practice. "

Chapter 913: Resentment turned into evil

Reiki and spiritual power are the same thing, the two are only absorbed by the human body, and the other is still floating between the heaven and the earth.

Li Yun asked her: "You can get spiritual power for practice on the spirit stick and the incantation gloomy wood?"

"Otherwise do you think why the spirit stick can make people crazy?"

Concubine Wan Qing asked back and glanced at him at the same time.

Judging from the tone of this guy, he did not start cultivating, but there are many magical things on his body, which is incomprehensible.

".....so it is."

Li Yun thought of the gloomy wood resonance rune. When these incantation woods are gathered together, they can urge an evil ghost to control others.

This power is not created out of thin air, but comes from various resentments absorbed by the incantation wood.

"Human resentment, can produce evil?"

Li Yun looked at Concubine Wan Qing, who rolled his eyes and kicked him with his foot, disdain to answer this stupid question.

Li Yun grabbed Concubine Wan Qing's feet, rubbed it unconsciously, and thought about it: "So, I probably understand what you want to do... Hiss, your six magic gates are not small!"

Li Yun really took a breath, and looked at Concubine Wan Qing who was lazily leaning on the car door with a weird look.

This demon girl, and the six magic gates, had such a big conspiracy!

"Whee."

Concubine Wan Qing smiled triumphantly, "Poor Hidden Sacred Valley thought that this battle was the same as in the past, but sent some clowns to stop us, but I don't know how far-reaching our plan is!

But forget it, the general trend is complete, and no one can stop it, including the two schools, as well as you and me. "She took a deep look at Li Yun.

It was not that Concubine Wan Qing looked down on Li Yun, he had all sorts of magical medicines and magical instruments, but the general trend of the world, such as a torrent of torrents, could not be stopped by anyone.

Even if the torrent passes by, even if there are some indestructible rocks blocking it, it can only collapse under the continuous scouring of the torrent, and instead becomes a part of the torrent, being held forward!

Li Yun pondered for a long time and couldn't think about the way to solve the situation. He could only sigh: "Did you make such a plan by the six masters? Or was it an instruction from an unknown powerful existence?"

"Oh?"

Concubine Wan Qing gave a weird smile, "I can't imagine that Saint Fan Qing is so close to you, and even told you about this!"

Li Yun defaulted.

Sage Fanqing once said that there is a deeply hidden black hand in the six demon gates, secretly controlling an extremely powerful force in the demon gate, and it is even possible that several masters obeyed his instructions!

In addition to the Lord, Li Yun also knows a few of the forces in the Demon Sect.

One is the Concubine Wan Qing in front of her, the demon saint represents neutrality.

The other is the hidden ancient venerables. They are immersed in cultivation and rarely show up. Although their status is not even better than that of the elders, their strength cannot be underestimated!

In addition to these, there may be some other forces, but Li Yun has not yet learned about it.

Concubine Wan Qing, naturally, would not speak of the school Mixin.

"Don't tell others about this, otherwise, it will lead to misfortune!"

Concubine Wan Qing solemnly warned that even she and the saint-in-law didn't know who was behind the scenes, or even who was the accomplice of the black hand.

The saint mother-in-law didn't care for a long time. After she took Li Yun's pill to recover some, most of the people in the Demon Sect were already promoting the feast of soul-removing.

The feast of seizing the soul, plundering the aura, and because there will be countless people will be swept into it, so it is called: the feast.

Chapter 914: I got it

Back to Mansion No. 3, it was almost evening.

7:30 in the evening was the start time of Wanbao Pavilion's auction, but Li Yun did not prepare anxiously. Instead, he called the Sage Fanqing and planned to chat with her alone.

"Bad!"

The little maid Qingzhu was refused by him to go in with him, she immediately puffed her cheeks, and said angrily: "Don't want to do bad things to the lady of the saint, be careful I squash you!"

She raised Xiaofen's fist as a threat, but Li Yun tapped her head lightly, "Well, Xiao Qingzhu, you should go watch TV. It is not suitable for you to know."

"Humph! I'll settle the account with you later!"

Qingzhu bulgingly covered his head, and after glaring at him, he walked away quickly with a reddish face.

Just now Li Yun's movements made her heart beat faster, and she couldn't help but blush.

Li Yun smiled at Qingyu and Lianyi, entered the door with Sage Fanqing, and gently covered it.

I believe the two women can understand his difficulties.

"Qing Sheng."

Knowing that Saint Fan Qing would not take the initiative to ask, Li Yun said directly: "I just met Concubine Wan Qing."

"Ding, the host makes a choice to hide, reward: Fan Qingsheng's favorability +2, purple gift bag \*1."

Li Yun's expression solidified for a moment.

Unexpectedly, this is also a hidden option. Telling Fan Qingsheng the truth can increase her favorability?

It seems that she really fits the character of Fan Qingsheng. She herself hates other people's nonsense, and even hates others who lie to her.

Li Yun took the initiative to tell her about this, and it was normal to increase her favorability.

"Um."

Sage Fanqing nodded slightly, Qing Li Wushuang still had Gu Jing Bubo's expression on her face. She sat on the sofa, took out a book, and asked while reading, "What did she say to you?"

Seeing the actions of the saintess, Li Yun couldn't laugh or cry.

If it weren't for knowing that Fan Qingsheng is not the kind of person who looks down on people, Li Yun must have thought she didn't want to talk to him.

After all, people who chat with people alone and have to take out a book to read, obviously look down on each other.

But this little-spoken saint... probably just doesn't want to waste time reading.

""Detailed Explanation of the Lieyang Brahma Array"?"

Li Yun glanced at the book in her hand, which was full of terms of formation theory, heaven, earth, yin and yang, five elements, etc., and could not understand it, far beyond the scope of intermediate formation theory.

"In addition to showing off his achievements, he also said the purpose of the Six Demon Gates' operations."

Li Yun sat opposite her, looking at her beautiful and holy face, suddenly relaxed a lot in his heart.

Fan Qingsheng has a reassuring temperament, especially when she is a teammate, it is more reassuring.

"Sullen wood, or Song Yuan?"

Sage Fanqing didn't raise his head, and asked in a flat tone.

Li Yun was stunned, "Qingsheng, how did you guess it?"

The gloomy incantation wood and the spirit sucking stick are normal. After all, the six magic gates have worked hard to arrange a lot of places in Zhonghai City, but Song Yuan is definitely a point that is easy to be overlooked!

After all, Song Yuan was too easy to be overlooked compared to the behemoth of the Six Demon Gates. He was just an ordinary martial artist, and there was nothing special about him.

Except for his great fame now, there is nothing worth noting.

"In the orchard."

Sage Fanqing said with a beautiful voice: "I found the traces of the "Spirit Gathering Array" in the cellar, and this formation is extremely costly to the outside world."

Chapter 915: Storm Rising (Part 1)

In the explanation of Sage Fanqing, Li Yun understood the role of the Spirit Gathering Array.

As the name suggests, the Spirit Gathering Array can gather the aura of the heavens and the earth. This array was originally a necessary formation for monks in ancient times.

However, as the aura between the heavens and the earth decayed, no one in the outside world would use the Spirit Gathering Formation anymore, because the aura gathered by the Spirit Gathering Formation could not offset the materials used for the arrangement of the Spirit Gathering Formation, so it was naturally discarded!

But the Spirit Gathering Array has another effect, which is to lock the aura in the Array.

If you arrange the spirit gathering array, and then place the aura-filled things in the array, you can artificially create a small piece of aura-rich place, which greatly accelerates the speed of practice.

Still returning to the problem of consumption, items full of aura, such as pill, spiritual stone, spiritual grass, spiritual fruit, etc., are all expensive things, but Song Yuan can get this kind of treatment, which shows that he is highly valued by the Six Demon Sects. !

"Song Yuan, in fact, is a chess piece that the magic door stirred up the situation."

Li Yun said softly, looking at the Saint Fan Qing, this saint lady is still calm, it seems that no matter how far-reaching the six magic gates are, she will not be surprised at all.

Li Yun had to deeply admire the calm mood of the Holy Vatican.

"I can roughly guess what they want to do."

Fanqing Sheng said in a calm tone: "The resonance rune is very magical, and the people who created it are amazing. There may be more runes with other functions."

Li Yun nodded and sighed: "The resonance rune is the foundation of all the plans of the Six Demon Gates."

Concubine Wan Qing, as well as the Lords, Elders, and Lords of the Six Demon Gates behind them, their purpose of setting up so many conspiracies in Zhonghai City this time is very simple, which is to spread the resonance runes.

In other words, let more people hold the incantation gloomy wood and the spirit stick, both of which can absorb all kinds of negative emotions of people and turn them into evil spirits, so that they can be used by the monks to practice.

Evil energy, or spiritual power, is the foundation of all cultivation. The more people hold the spirit stick, the more spiritual power can be produced.

Millions of gloomy woods or spirit-absorbing rods spread all over the world, and the spiritual power they create will be extremely amazing.

At that time, it is very likely that there will be such a scene, all the martial arts practitioners in the martial arts of the rivers and lakes will become practitioners!

The warrior's battle may also be transformed into a weird way of fighting in which true energy and spells are mixed together!

This is also why Li Yun and Fan Qingsheng say that the resonance rune is the foundation of all plans.

"With the resonance rune, a large amount of gloomy wood that absorbs resentment may be produced, but the other party tried to let millions of warriors participate in the cultivation, what is the purpose?"

Li Yun frowned, guessing the other party's intentions.

The most likely reason is that the black hand behind the scenes wants to gather the spiritual power generated by the negative emotions of the entire Huang Xuan country and even the whole world to help him break through the current realm!

With more and more auras, it is even possible to reproduce the scene of demons and ghosts rampant in ancient times, and gods living for nine days!

"unknown."

The Sage Fanqing couldn't guess the real intention of the black hand behind the scenes.

But the other party's goal of causing a torrent of torrents has been achieved.

As mentioned earlier, Song Yuan has nothing special, but the only special thing about him is that he is so famous now!

As long as Song Yuan joins the Demon Sect and gains a powerful force through practice, he will inevitably take revenge.

At that time, people who practice martial arts in the martial arts forests will be horrified to see that Song Yuan, who was only in the acquired realm a month ago, can fight against the strong innate consummation, and will not lose the wind, and even kill the congenital consummation!

Chapter 916: The wind is surging (below)

In addition, Song Yuan threatened to slaughter the whole family of those who had offended him, which undoubtedly made him the focus of worldwide attention!

As long as many warriors know that the power of Song and Yuan is gained through practice, then the warriors in the arena will inevitably have people who actively participate in it, and even the six magic gates will take the initiative to release the method of making resonance runes, as well as some superficial practice methods to provoke the martial artists. The nerves make them crazy!

"Those who are in pursuit of power, how many things with resonance runes will they produce?"

Li Yun could not imagine.

Various factions in the arena occupy many resources in the society, such as the palace family. They hide behind and control many listed companies. They can easily buy a tens of billions of bungalows and give them to Gong Qingyu as a birthday gift.

With the strength of the various factions of the rivers and lakes, if they all participate in the ranks of making spirit sticks or incantation gloomy woods, it is conservatively estimated that millions of products will be manufactured and distributed throughout the country and even the world...

The world will change for it!

"A different era," Fan Qingsheng raised his head and looked at Li Yun, with a complex expression in his eyes, "It is very likely to come, Li Yun, what are you going to do?"

Um?

Li Yun was a little wondering why Fan Qingsheng asked this question. It seemed that she wanted to ask another meaning.

"Ding, trigger the option event, please choose from the host:

Choice 1: Look at her with an expression, and gently say: Go hand in hand with Qing Sheng, and then kiss her. Reward: Fan Qing Sheng's favorability +20, experience value +5 million, colorful gift bag\*1, small probability to get Better rewards.

Option 2: Answer: Refuge with Concubine Wanqing, and reward Fanqing Sheng with a degree of -1.

Choice 3: Other answers, reward Fan Qing Sheng +1. "

Li Yun: "..."

The cheating system always gives messy options, can kiss Fanqing casually...wait!

Li Yun was surprised to see that in Option 1, as long as he actively kisses the Vatican, he can directly increase his favorability, and there is no possibility of failure!

This seems to be a reminder that Fan Qingsheng will not refuse him. As long as Li Yun takes the initiative, he can obtain the full favorability of this cold and holy fairy...

"Qing, Qing Sheng!"

Thinking of this possibility, Li Yun's head boomed, and he looked at the saint in front of him with a fiery, greedy, domineering, and possessive look.

He really likes the Sanctuary of Vatican and longs for the saint of this hidden sacred valley.

She is beautiful, cold, and holy.

With a noble background, pure personality, and extremely strong talent and strength, having her means that Li Yun can rise to the top, and the speed of future development will be greatly improved.

But can Li Yun do this?

Actively blaspheming this cold saint, although she will not refuse, it still does not conform to his usual style.

For a while, Li Yun fell into a deep entanglement.

"what happened?"

Sage Fanqing asked, she is no stranger to the look in Li Yun's eyes.

Only this time, Fan Qingsheng did not evade, nor disgusted, but quietly looked at him, waiting for his decision.

"Qingsheng, I..."

Li Yun looked at her, and when he met Fan Qingsheng's clear and bright eyes, Li Yun's restless heart gradually calmed down.

Fan Qingsheng is beautiful, and he likes her very much.

But just because she likes it, she should be respected.

Li Yun believes in her own charm. Even if she does not rely on a strong kiss, she can capture the heart of the Vatican. He only needs to flow slowly and slowly communicate with her.

No need for messy system prompts, just force kisses or something.

Chapter 917: Hug fairy

"nothing."

But even if he didn't force the kiss, Li Yun felt that the timing was right. After all, Fan Qingsheng had already asked him what to do. There was a strange emotion in his words, and Li Yun could not shrink back.

"Qing Sheng."

Li Yun held her little hand, and as soon as he touched it, he was surprised by the wonderful feeling of these little hands.

The jade skin with ice skin, the jade is clean and icy, as if touching a piece of fairy jade, it is gentle and delicate, which makes you love it.

"?"

Fan Qingsheng did not evade, allowing Li Yun to hold her jade hand and stare directly at him with cold eyes.

"No matter what happens in the future, I will stand by your side and advance and retreat with you!"

Looking at her eyes, Li Yun made a promise. The two eyes met and everything was silent.

"Um."

Sage Fanqing didn't say too many other things, he responded softly, and opened his hands actively, in a gesture of begging for a hug, finally there was a hint of expectation in his cold eyes.

As if she was expecting Li Yun's hug.

"Qing Sheng!"

Believing that no one could refuse the request of this cold and holy fairy, Li Yun was in agitated mood, hugged the fairy into his arms, hugged her tightly, and took a deep breath on the beautiful and holy body of the Holy Fanqing. The scent that comes out is soothing and unconscious.

At this moment, Li Yun felt that he was in a dream, and it was a great honor for him to have a beautiful fairy.

"Li Yun."

Fan Qingsheng leaned against him and felt the warmth from his generous chest, which made her cold and calm mood also changed.

"What?" Li Yun gently stroked her hair. The fairy's hair was black and supple, which made me love it.

What's more wonderful is that the fairy doesn't seem to refuse his nonsense actions, and allows Li Yun to mess up her hair without taking any action to stop it.

"I....."

"Um?"

Li Yun recovered from his excitement, held her shoulders and pulled her away from his arms, looked straight into her eyes, and said seriously: "Qingsheng, what do you want to say, just say it!"

"I don't know what love is."

Sage Fanqing lightly opened his lips and said, the two were very close, and the exhaled breath blended with each other, which made people think about it.

"I may not know what feelings are."

Sage Fan Qing said calmly, "Since I was a child, I have rarely experienced emotional fluctuations. Others cried or laughed, but I didn't seem to feel their feelings. I still watched with cold eyes, and there was no turmoil in my heart. Therefore, everyone said that I am A born saint, with a clear and pure mind, and born with a holy posture."

"nonsense!"

Li Yun stretched out his hand to block her red lips, the soft and moist touch made Li Yun's heart shake, and he quickly moved away, for fear of causing fire to his upper body.

"People may be born with emotional defects, but it is impossible to be born to do something!"

After a person is born, there may be natural symptoms such as autism and autism, but there is no such thing as a born saint!

Li Yun looked directly at her, and said seriously: "Ching Sage, you may be a little indifferent, but you should not be a born saint, nor should the saint have to maintain a holy posture... The saints of the Hidden Sacred Valley, all Wouldn't that be the case?"

Sage Fanqing nodded slightly, "I know what you mean, Li Yun."

He was thinking about her, and Sage Fanqing understood in his heart.

Li Yun smiled, and suddenly stretched out his hand to squeeze the beautiful and cold face of Saint Fan Qing, and squeezed her face into a very ridiculous expression, which would never appear on Saint Fan Qing's face in normal times!

Chapter 918: Pure and flawless

Sage Fanqing did not refuse, nor smiled, still looking at Li Yun calmly.

I have to say that sometimes, her character is extremely weird, but Li Yun is used to it.

"How is it? Is there any emotional fluctuation?"

Li Yun put out his hands together, so that Saint Fan Qing showed a smiling face, and imprinted the smiling face deeply in his heart.

"It seems... my heart beat faster."

Sage Fanqing took up Li Yun's lowered hand and placed it on his heart, allowing him to feel his own heart.

However, Li Yun suddenly retracted his hand after three seconds.

"Cough cough cough cough cough cough cough cough cough cough cough cough cough cough cough cough cough!"

Li Yun raised his head to look at the sky. He didn't feel the speed of Fan Qingsheng's heartbeat, but Li Yun's heart definitely accelerated countless times!

Because, as we all know, the human heart is on the chest...

Fan Qingsheng stared at him and suddenly asked, "Do you want to do it again? You are now the closest person to me. You can do anything to me at will. I believe you."

"..."

"..."

Li Yun took a deep breath and forced a smile: "No need, Qingsheng."

Once again, Li Yun is afraid that he will go crazy on the spot, so that Sage Fan Qing fully understands a certain mystery between men and women.

Lord Saint, pure and flawless, no, pure and flawless.

She saw that Li Yun wanted it, so she asked him if he wanted to do it again. She didn't feel ashamed at all. She gave what Li Yun wanted.

Perhaps this is an alternative way of expressing feelings by the Sage of Fan Qing.

Li Yunping regained his mood and smiled and stroked her unparalleled face. Sage Fanqing still did not refuse, letting him move.

"Qingsheng, I don't think you have no feelings."

Li Yun smiled and said: "Just imagine, if other men treat you like this, what would you do?"

"Before he touches my face, knock him into the air."

Sage Fanqing was very straightforward, and said quickly, without hesitation.

"Correct!"

A strong sense of pride rose in Li Yun's heart. The saint who was admired by countless people, with a beautiful appearance and noble life experience, let him caress his cheeks and make intimate behaviors, but the saint let him behave wisely. Acting by others, regard him as his closest person.

"You hate other people's touch. Isn't that a disgusting feeling?"

"At the same time, you don't hate me like this." Li Yun gently stroked the smooth jade cheeks of Saint Fanqing, and smiled: "Doesn't this prove that you like me and accept me?"

Sage Fanqing did not speak. He looked at Li Yun and Li Yun also looked at her, but his eyes contained gentle affection, which was very different from the calm eyes of Sage Fanqing.

Sudden.

"Uh?"

Li Yun was stunned, Fan Qingsheng also stretched out his hand to pinch his face, just like he was just now, his little hand squeezed his face wanton, and made his face a ridiculous expression, which made Li Yun lose his majesty. , No longer handsome, became a funny clown on the stage.

"I'm so angry with you, are you angry?" Fan Qingsheng asked seriously.

"No, how can you be angry? Boy and girl friends are always so close."

Li Yun couldn't laugh or cry, Lord Saint, are you taking revenge on me!

"Girlfriend? I'm your girlfriend, and you are my boyfriend?" Fan Qingsheng asked again, his cold eyes seemed to change slightly.

"Correct!"

Li Yun admitted shamelessly.

"Yes."

A very faint smile appeared at the corner of Saint Fanqing's mouth, so weak that Li Yun even doubted whether it was true. Did Saint Fanqing really smile?

But then, Fan Qingsheng took the initiative to hug Li Yun and leaned his head on his shoulder, with an unprecedented soft tone:

"Li Yun, I like you to be my boyfriend, and I like to be your girlfriend."

Chapter 919: Ding, Hongmeng Purple Spirit Spirit Bracelet

The sudden confession made Li Yun so excited that he wanted to hug her, but was afraid of ruining the current atmosphere, so he had to bear it.

The coming day will be long, and the sentiment of the Sage Fanqing is thin, and it needs to happen slowly.

"Ding, congratulations to the host for making the right choice, rewards experience value +10 million, Fanqing Shengfavorability +100, peerless treasure: Hongmeng Purple Qi fairy bracelet (limited to Fanqing Sheng)."

"Ding, congratulations to the host for successfully obtaining 100 points of full favorability for the seventh girl, and rewarding a red envelope!"

Li Yun fell into a frantic mood such as dumbfounded, stunned, dumbfounded, shocked, and surprised!

The right choice means not to kiss the Vatican, but to talk to her slowly, so as to gain all her feelings?

Although you can hold the kiss directly, you can also have the cold fairy of Fanqing Sheng, but there is no doubt that the system has clearly pointed out that Li Yun chose the correct option! !

Not only the experience rewards are doubled, but also peerless treasures are obtained.

Judging from the system's cancellation of the rewards of the colorful gift bags and the prompts of the colorful gift bags, the peerless treasure is definitely more powerful than the colorful grade!

"what happened?"

Feeling Li Yun's shocked emotions, Fan Qingsheng left his embrace and raised his head to look at him.

"Qingsheng, we're sending it now!"

Excited, Li Yun directly kissed her beautiful face, and excitedly took out a bracelet that exuded divine light.

When Li Yun kissed her, Fan Qingsheng felt her heartbeat speed up again, but soon she was attracted by this magical bracelet.

"this is.....?"

"treasure!"

Li Yun took a deep breath and checked the attributes of the fairy bracelet.

"Hongmeng Purple Spirit Spirit Bracelet:

Special effect: born by the sacred purple qi, innate treasure, extraordinary and extraordinary.

Explanation: Hongmeng Purple Qi, the foundation of the avenue, is a natural manifestation of heaven and earth. The fairy bracelet is born in Hongmeng Purple Qi and possesses all kinds of magical functions. Because Fan Qing Sheng is predestined with it, this treasure can only Play a role in her hands. "

"My Cao?!"

Li Yun was shocked again.

The strength of the Hongmeng Purple Spirit Spirit Bracelet is far beyond his imagination. This thing is actually connected with the legendary sacred Hongmeng Purple Spirit. From its origin, this fairy bracelet can be called heaven-defying, and it is in the same rank as the Four Swords , May only be worse than Chaos Qinglian, Kaitian God Axe and other Chaos Supreme Treasures.

"treasure?"

Sage Fanqing frowned slightly, she could feel that this treasure was not simple, not because of its radiant appearance, but the treasure faintly exuding a kind of fluctuation, calling her to hold it.

"Hongmeng Purple Spirit Spirit Bracelet, for you!"

Li Yun smiled and stuffed the bracelet into the hands of Sage Fanqing. It was impossible for Sage Fanqing to take this strange thing that appeared suddenly, just in case, but she believed in Li Yun, so she took the bracelet.

"Um?"

As soon as she touched the bracelet, Sage Fan Qing felt an unknown wave of fluctuations, making her instantly understand the function of this bracelet.

No need for refining, the Hongmeng Purple Qi Fairy Bracelet is already in her grasp!

"It's amazing."

Holding the bracelet, feeling its warm and luster texture, Fan Qingsheng said to Li Yun earnestly, and at the same time, her eyes also had a hint of questioning.

"Ahem!"

Li Yun coughed, and said helplessly: "My Lord Saint, don't explore the origin of this bracelet. Think of it as an alien from the sky or a gift from a god, okay?"

Chapter 920: Xianjiadongfu

"Can I know in the future?" Sage Fanqing asked seriously.

Li Yun thought for a while, then nodded, "Yes, but we need to stand on top of the world without fearing anyone. At that time, I will tell you everything!"

"it is good."

Fan Qingsheng made an agreement with him that she didn't like others to lie, but if others didn't tell her, she didn't have to know.

Li Yun is someone she values very much, but she also conceals him, because his strength is not enough to know those things now.

"This jade bracelet." Sage Fanqing touched it, and after thinking about it, he said: "If others ask, I won't tell them that you gave it, including my master."

The Hongmeng Purple Spirit Spirit Bracelet is powerful. Although the Sage Fanqing cannot perform its full functions, it is still an incomparably powerful weapon, and it also has powerful protection capabilities.

With it, Sage Fanqing is confident that he can retreat from the head of the Hidden Sacred Valley, and only a few Supreme Elders can overwhelm her.

More special, and most importantly, this bracelet can replenish spiritual power!

In the era of exhaustion of spiritual energy, the Hongmeng Purple Qi Fairy Bracelet can be regarded as the most effective magic weapon, which is more anti-the sky than any magical weapon that the sage has seen or heard of. No, it is better to say that there is no one. Magical artifacts can produce a steady stream of spiritual power!

Li Yun shrugged, "I guess I can't keep it, you can speak for me when the time comes."

After the bracelet was exposed, Fan Qingsheng would definitely be asked by countless people about the origin of the bracelet, but Li Yun believed her and would definitely stand on his side.

"Yes, I will."

Fan Qingsheng replied very seriously, hiding the divine light on the bracelet, as long as she didn't take the initiative to tell others that the fairy bracelet can supplement spiritual power, outsiders would only think that this is a powerful magic weapon that integrates offense and defense.

Li Yun smiled, and took the opportunity to squeeze her little hand a few times, feeling the touch of the holy and cold peerless fairy's skin, satisfying some inner desires. Later, Li Yun said:  
"Qingsheng, I will take you Go to a place and don't be afraid later."

"?"

Sage Fanqing didn't speak, but looked over with his eyes.

"A Xianjia Dongfu, hehe!"

Li Yun held her small hand and smiled triumphantly, and took out a lotus-connected magical artifact. It looked a bit similar to the lotus magical artifact used by the Sage Fanqing before, except that the lotus fairy house in Li Yun's hand was slightly exuding. Be fascinated, showing its extraordinary identity.

"Lotus Palace, come in!"

As soon as the thought moved, Li Yun and Fan Qingsheng disappeared into this world in an instant, leaving only the lotus-shaped artifacts falling on the table and shrunk into a small rice-sized thing. If you don't look carefully, you will definitely look at it. Not out.

"Tuk-Tuk, Tuk-Tuk~"

There was a knock on the door outside, and then a crisp and sweet voice of a little girl rang.

"Master Saint, how are you?"

"Master Saint? I'm here..."

Qingzhu, the little maid who hadn't seen an answer for a long time, gently opened the door, and when she saw the empty room inside, she was so scared that she screamed on the spot!

"Ah, Master Saint is gone!!!"

The screams caused Gong Lianyi and Gong Qingyu to hear about the future, and when they learned that Li Yun and Fan Qingsheng had both disappeared suddenly, the two women were also stunned on the spot.

"Master Saint!!!"

Qingzhu was anxious, tears were about to fall out, this was the first time that Lord Saint went out without telling him, that bad guy once again kidnapped Lord Saint, big bad guy!
