

## Godly Choice 961

Chapter 961: Tens of billions of living expenses

"This....."

Zhao Lao, who is over eighty years old this year, is about to cry anxiously, but he is not easy to beg Li Yun to sell him a jade pendant. Who told him that he was blinded by lard before, and he dared to look down on Li Yun!

"I still have a magic weapon."

The little maid suddenly took out a small piece of stone from her pocket, shook it to everyone, and said with a grin: "Do you want it?"

The stone was transparent, not the size of a thumb, and some messy runes were engraved on it. Li Yun scanned it with his spiritual thoughts, and suddenly he couldn't laugh or cry.

This stone was probably used by Xiao Qingzhu for practice, and many spells have been carved on it, close to the edge of disability.

"I, I want!"

Mr. Zhao did not hesitate and directly bid: "Ms. Qingzhu, I will give you as much money as you want. I only hope that this magic weapon can make Zhao live longer!"

If he can live for an extra year, he will be able to leave more confidence in his descendants. Besides, now that the monk is born, it is impossible to guarantee that he will not be able to obtain it for longer in the future!

"Okay." The little maid smiled and stretched out her white and tender palm to him, "Give me 10 billion, pay with one hand, and deliver with one hand. I will give you a magic weapon that can absorb jade aura and nourish your body, how about? "

"Okay, great, just do what you said, Ms. Qingzhu, and I will ask someone to get the money right away!"

Old Zhao was overjoyed, and Liu Yinhua was in another village. He couldn't think of this magic weapon so simple to make, so he easily obtained another one.

Li Yun couldn't laugh or cry, and asked, "Xiao Qingzhu, are you short of money?"

"Huh, nonsense." Qingzhu said frankly, "The jade pendant just now only traded for a house. The usual expenses of the lady is not yet. As a maid, of course I have to be prepared."

Then she looked at everyone vigilantly: "Before I need the money, don't you guys ask me for magical artifacts, I don't have the time to make this stuff for you!"

The rich were speechless, and the artifacts were not so easy to obtain.

The monks may be very simple to make magical artifacts, but they don't even bother to refine them for mortals. Worldly money is of no use to them, and they have to be impressed with other things!

The rich can only look at Zhou Shimao and Zhao Lao enviously, and later find a way to obtain a magic weapon that extends their life.

"hehe."

Li Yun shook his head and smiled bitterly. He could already expect the price of jade to soar all over the country and even the world. To be precise, it is the unmined jade mines. The price of newly dug jade materials may be more expensive than antique jade pendants. !

Tonight came to an end. Zhong Ming and Zhong Nansheng were arrested on the spot for embezzling tens of billions of antiques. It is conservatively estimated that they will be locked for at least 30 to 50 years. Although Yang Dongxue has not violated the law, he can't stay in Zhonghai City anymore. Far away from home.

The rich people dispersed one by one, leaving only Li Yun, Liao Hua and others. Xiao Mingzhu did not leave and listened.

"Tonight's matter..."

Liao Hua looked solemn, frowning and thinking for a long time without a solution.

Li Yun shrugged, "This is the dignified and upright plan of the other side. They just want to tell these influential rich people that as long as you sell their lives to them, you can get benefits. You just saw it, return to youth and prolong life, rich people. I can't resist these temptations at all!"

"And the strength becomes stronger."

When everyone looked at her, Xiao Mingzhu showed a faint smile and said: "There are too many people in the arena who are crazy in pursuit of strength. If they know this, they will be very interested!"

Chapter 962: Go with the flow

Li Yun nodded, "This is also the reason why Song Yuan was selected by the Six Demon Sects, and the warriors on the rivers and lakes are also their target!"

"Song Yuan?"

The only thing Xiao Mingzhu frowned, she immediately understood, and suddenly realized: "It turns out that the story about the Song and Yuan massacre of Zhangjiacun that was spread last night was behind the scenes of the Six Demon Sects. It's no wonder that he was used as a pawn."

When she heard about this incident last night, Xiao Mingzhu was very surprised. According to her mother, there have been very few extermination tragedies in the rivers and lakes. Song Yuan was born in Tiandan Sect, and his roots are righteous and righteous. It stands to reason. He wouldn't do desperate things to destroy the door, and he didn't have that strength either.

If there is a magic door that cultivates immortality, everything will be explained.

"This woman...very smart."

Gong Qingyu took a serious look at Xiao Mingzhu. The daughter of the richest man seldom spoke before and observed silently, but she inferred the purpose of the six magic gates and the things Li Yun was worried about from just a few words, which shows her IQ Very high, can easily perceive the truth of the matter.

Xiao Mingzhu, maybe her rival!

Liao Hua thought for a long time, looked up at Li Yun, smiled bitterly: "What do you think we should do now? I have no idea."

The open-minded strategy is called Yangmou, taking advantage of the momentum, and it is unstoppable.

Liao Huaguang felt frightened when he thought that the other party had mastered the ability to prolong life and cultivate powerful warriors.

How can this be stopped? There is no way to stop the world's desire to pursue immediate benefits!

Xiao Mingzhu was also thinking. Although she didn't know the details of the six magic gates, judging from the fact that the other party acted unscrupulously, the purpose of the magic gate was by no means simple.

Li Yun smiled and said: "My suggestion is very simple, let it go."

Go with the flow?

Everyone was taken aback, and Liao Hua subconsciously asked, "How can we go with the flow?"

"The surging river rolls to the east, taking away all the scouring along the way."

Li Yun's tone was quite emotional, "The floods are huge and boundless. Dayu's flood control is not by blocking, but by dredging, leading the river to flow toward the sea, and controlling the disaster within a certain range."

"I understand." Gong Qingyu smiled slightly, and said: "Li Yun meant that since the purpose of the six magic gates to stir the muddy water cannot be prevented, then we will follow their strategy and go down as far as possible to make the flood water. Follow the river we dug, instead of scouring the banks unscrupulously."

"Let's go with the flow, that is to say not to spread or control tonight's things?"

Xiao Mingzhu looked at Li Yun with a smile, and probably understood what he meant.

The events of tonight have been photographed, and the scenes of lightning and thunder, the battle of the immortals will definitely shock the world.

Li Yun's approach is not to stop it and let the video spread. If the audience believes, then they will be psychologically prepared and will not be frightened in the future.

It's okay if you don't believe it, just treat it as a vaccination and talk about it later!

As for the Six Demon Sects wanting to control a large number of chess pieces, there is no doubt that this must be resolutely investigated, and the rich are strictly warned, as well as the various factions of the world not to join the Six Demon Sects as minions.

Of course, there are still many details to consider, but Li Yun has no desire to participate in detailed discussions. Leaders such as Liao Hua can do better. They themselves do this professionally.

"That's it tonight, Brother Liao, we are leaving, you are busy."

Li Yun bid farewell to Liao Hua, and turned to look at Xiao Mingzhu. In the look of the other party's expectation and Gong Qingyu's inexplicable look, Li Yun and Xiao Mingzhu exchanged contact information, leaving them to contact later.

Chapter 963: Lord Saint, I love you

"Huh~"

Gong Qingyu snorted slightly, and then secretly pinched Li Yun's waist with his jade hand to show his dissatisfaction.

"Xiao Mingzhu is the daughter of the richest man in Zhonghai City. She will definitely come into contact with people or news from Momen in the future!"

"Huh~!"

"I gave her her mobile phone number, also to make contact in the future, there is no other purpose!"

"Huh~~~"

"real!"

Li Yun said something badly, and finally let the jealous Gong Qingyu's expression calm down, showing that Xiao Mingzhu gave her a strong sense of threat.

As for the Sage of Fanqing... Gong Qingyu felt that if Li Yun could win her, it would be called great, not Huaxin.

—She still doesn't know that Li Yun has been chatting closely with Fan Qingsheng for a long time, and even squeezed her face with his hands.

"Let's go too."

Watching Xiao Mingzhu leave, Li Yun turned his head and smiled at the four women. Looking at this beautiful woman with a flowery thinking, he felt a lot more comfortable. With them, there is no difficulty that can not be overcome!

"Go and drive, we're waiting for you here!" Gong Qingyu unceremoniously ordered, as Li Yun's punishing.

"Well, well, you guys wait, I'll drive right away."

Li Yun smiled and rubbed her head, causing the classical beauty to become irritated, blushing on her beautiful face, and angrily drove him away.

After teasing his girlfriend, Li Yun walked towards the parking lot in a happy mood. Many people who left like him also walked towards the parking lot.

Among them, one of them was very gorgeous, dressed in bright yellow cheongsam, and had a hot body. Li Yun took another look.

"How does this woman feel a little familiar?"

Li Yun murmured, the security guard at the entrance of the parking lot saw him coming and immediately gave way, nodding and bowing to Li Yun with a smile.

How could the two security guards not know what happened in the banquet hall? After all, the sky thunder was really scary, and many passersby stopped and watched, but they didn't dare to go in.

After getting in the car, Li Yun glanced at the gorgeous woman again and frowned. The other party just got in the car and smiled at him.

"Strange, she still feels familiar."

The gorgeous woman doesn't seem to be afraid of him, nor does she have the intention to please cling to it. There seems to be a trace of joking in her eyes?

"No, could it be...?"

Li Yun was shocked.

"Ding, trigger the option event, please choose from the host:

Choice 1: Step forward and strong\*her, reward all attributes +5000, golden gift bag\*1, there is a high probability of getting super extra rewards.

Option 2: Just do it and let her surrender! Reward experience value +10 million, colorful gift bag\*1, additional reward: to be determined.

Option 3: Pretend to be deaf and dumb, reward skill: Pretend to be deaf and dumb. "

It's harder to do it than to strengthen her? No, it should be said that strong\* is a simple option?

When Li Yun was in a trance, the cheongsam woman had gotten into a red sports car, and started the car, and flirted with winks and air kisses at him: "hi, handsome boy, meet again~! Remember to miss my sister, Sister will show you something good next time, hehe~!"

"..."

"Concubine Wan Qing, get out of here!"

"Hee hee hee."

Leaving a series of sweet laughter, the car of the magic door rushed away. When passing by the entrance of the banquet hall, Li Yun heard her triumphant sweet laugh again.

"Master Saint, I love you~~~! The little girl is looking forward to meeting you next time, and talking with Master Saint you Bingzhuye~~!"

Chapter 964: Enchantress

Everyone looked at the red sports car dumbfounded, their eyes protruding.

The saint of the Hidden Sacred Valley of the Cultivation School can remotely control a jade pendant that is more than 20 meters high. It is powerful and stable as Mount Tai, without any panic, and has the sound of nature. Has it been tricked by someone?

And it's really amazing to be molested by a woman driving a red sports car!

"This woman is so bold!"

"I, Cao, talk about Bingzhuye? She really dare to say!"

"Awesome, I will help you if Li is not convinced by anyone!"

"A woman does something that men like us don't dare to do, so why should we feel so embarrassed!"

Everyone looked at Saint Fan Qing with weird faces, but found that the saint had always maintained a calm and watery expression, and was not offended by the words of the woman on the red sports car, as if the other party was a clown.

Everyone breathed a sigh of relief, it really was a saint!

Holy and elegant, pure and unsullied, white and pure, the soul is always peaceful and consistent.

Qingzhu immediately guessed who she was. He originally wanted to get angry, but after seeing the unmoved look of Lord Saint, he forcibly endured it.

"Huh, this demon!" Qingzhu waved a small fist at the bottom of the red sports car and wrinkled his nose. "If it weren't for the city, Master Saint would want you to look good, huh!"

"drop--"

Li Yun clicked on the horn and motioned to the four women to get in the car. Seeing the little maid looking very annoyed, he smiled and said, "Okay, let's leave her alone for the time being. It is estimated that she is here to watch the show. She showed up in a large court once, and she likes to join in the excitement."

Last time Zhangjiacun was just a warm-up. This time showing strength in front of the rich in Zhonghai City is the first step in the real appearance of the Six Magic Gates!

"Big villain~" The little maid glanced at him, "You know her character very well?"

"Ahem, I guess, after all, she hasn't shown up just now, hasn't she?"

"Huh~~~"

In the envious eyes of the men, Li Yun left here with four beauties.

Liao Hua was surprised when she learned that the woman was the saint of the Demon Sect, and quickly took out the monitor in the banquet hall, intending to carefully observe her demeanor and movements, and infer the character of the saint of the Demon Sect.

But for some reason, the shots of her are always hazy, and she can't see clearly at all.

"What kind of spell is this?"

Liao Hua was amazed, and his awe for these practitioners grew a little bit more.

The Haoting International Banquet Hall gradually returned to calm, as if everything that happened before was in a dream, but the old Taoist and fairy-like methods, as well as Li Yun's thunderous

thunder, and the beautiful and cold expression like the fairy of Fanqing. Deeply engraved in the minds of the rich in Zhonghai City, as well as everyone who saw that scene.

They are either shocked, panicked, or secretly surprised, but without exception, everyone believes that a new era is coming!

Whether it is good or bad, the world will change drastically.

...

Capital, Yuwen's house.

Yuwenfu, one of the four major families of the rivers and lakes, the owner of the Yuwen family, is now looking at a report very seriously.

In front of him, there were seven old men sitting, with all white beards and hair, but with crane-like hair, rosy cheeks and gleaming eyes, which were completely different from those of ordinary people in their 70s or 80s.

"Elders, what do you think of this incident in Zhonghai City?"

Chapter 965: Yuwenjia

The vast majority of people still don't know anything about what happened in the Huangting International Banquet Hall in Zhonghai City, but Yuwen's family has confirmed it through various channels, and many other larger families have their own intelligence networks. , They are probably also discussing countermeasures for this matter.

"Patriarch."

An old man wearing a pale golden robe hesitated for a moment before asking: "This is incredible and it is unbelievable. There will really be people in the world who reach out to call out the thunder?"

"I think so."

"Controlling the sword by hand is purely false, absurd!"

"Returning to youth is even more nonsense!"

The seven elders all expressed their opinions and concluded that the matter in Zhonghai City was false.

Each of them lived at least seventy years old, was well-informed, was in a high position, and knew everything in the world.

But the elders of the Yuwen family have never heard of rejuvenation, let alone remote-controlled flying swords, such ridiculous things as summoning sky thunder!

"Do you all think it is fake?" Yuwen Fu asked indifferently.

"good!"

"I think it's true."

Yuwenfu took a sip of tea calmly, and a cold light flashed in his eyes, "Li Yun, this son, has an enmity with my Yuwen's family. What you don't know is that he had acquired the perfect cultivation level more than a month ago."

"what?!"

The seven elders suddenly looked at the Patriarch in shock, "The day after tomorrow is perfect!?"

The elders of the Yuwen family know that there is a state of acquired great perfection, and even the masters of the Yuwen family who came out of this state a thousand years ago, there are more or less related legends circulating in the world.

Without exception, the peerless geniuses who have entered the Great Perfection of the day after tomorrow have all broken through to the realm of masters, becoming the top masters of the same generation, suppressing all geniuses, and disregarding the entire arena of martial arts!

It is also because, after hearing that Li Yun is the day after tomorrow, the elders are all shocked, for fear that Li Yun will also become a master in the future, thus crushing the master of the Yuwen family!

"Yes, it is the day after tomorrow!"

Yuwenfu's voice was full of chills, "He used the King Kong finger to abolish Yuwensheng's martial arts, and defeated Yuwenji and Yuwen Shangfu who attacked him, and killed Yuwen Shangfu on the spot, leaving Yuwenji in the mid-innate period to flee in embarrassment. Back to the family. All this proves that Li Yun's strength is extraordinary!"

The elders looked at each other. Even they didn't know much about what happened at the time. They always thought that Li Yun was the two innate masters who were defeated by the palace family. They did not expect that Li Yun killed and repelled two by himself. The innate of Yuwen's family!

"Clan, patriarch."

An elder asked with trepidation, "Are you suspecting that Li Yun relied on the mana of cultivating immortals to break through to the day after tomorrow?"

"hehe."

Yuwen Fu smiled faintly and shook his head: "How did he reach the realm of Dzogchen the day after tomorrow? We can ignore it. The question now is, how does Yuwen's family deal with the current crisis?"

To deal with Li Yun, you need to deal with the palace family standing behind him, and may even offend the so-called hidden sacred valley of the Xiuxian sect.

If you don't deal with him, this son will soar into the sky. In the future, he will become the invincible master of the world. The Yuwen family can only shrink in the next hundred years, and will never collide with Li Yun.

When the elders thought of this, they all looked at each other, God bless Yuwen's family?

"Huh!" A sneer appeared at the corner of Yuwen Fu's mouth, and his eyes were sharp: "My Yuwen family, please tolerate a kid standing on top of our head and pooping and peeing? He has the Hidden Sacred Valley, but we can also have six magic doors! "

The elders glanced at each other, their eyes are extremely complicated.

Chapter 966: Goodbye Princess Yongning

The next day, Li Yun got up early in the morning. He received a lot of calls last night, all of them calling him about what happened at the auction, whether it was true, and what the details were.

Li Yun was so annoyed that he directly posted a circle of friends, saying that he would talk to them in detail tonight.

They refer to the little pepper Su Muxin, the little fox Hu Xiaomeng, and Xiao Liuli—Jin Liuli and other beauties. They knew about this through various channels, so they called Li Yun directly.

"Aunt Zhang, I'm leaving first, and Qingyu and the others say I'll pick someone up when they get up."

After eating breakfast in a hurry, Li Yun and Aunt Zhang greeted them and asked her to tell Gong Qingyu and the others.

"Okay uncle, I will tell the young lady."

Aunt Zhang nodded, Li Yun went straight out the door, a jeep was ready, the driver was the same one last time, and Li Yun directly asked him to drive towards Longyang County.

After speeding up and driving for an hour, Li Yun returned to the downstairs of the Ankang Apartment in Longyang County. He had not yet approached him. He had already seen the familiar petite figure.

"Yongning!"

Princess Yongning looked at the door of the car expectantly after seeing the jeep coming. After Li Yun got out of the car and gave her a warm hug, Princess Yongning's tears of excitement finally fell.

"Woo, husband, Yongning finally sees you again!"

The royal princess from four hundred years ago hugged herself tightly, her petite and weak body trembling slightly, and her tender voice, like a screaming Huang Ying, made her heart affectionate.

Li Yun gently hugged her slender waist, gently picked it up, without saying anything, directly kissed her small cherry mouth.

"Hey."

The little princess' petite body trembled, and her eyes trembled shyly. Her husband is very domineering, but she doesn't hate it.

Closing his eyes shyly, Yong Ning weakly leaned on Li Yun and let him kiss.

"Zhu Shu'e this child!"

In the morning, there are couples doing these things at the gate of the community, so that a group of grandpas and aunts who wake up early to exercise are all stunned. They all know this weak princess, and they often see her following Li Fengji in the evening. People go down to the community garden to exercise.

It's just that this weak temperament, the little girl like a dodder, is very poor, and she is out of breath after a few exercises.

Grandpa and aunt always thought that Princess Yongning was still in junior high school, but she didn't expect that she even had a boyfriend!

"Do you want to call the police?" an aunt hesitated and asked.

"Don't mix things up. Didn't you see the girl who was waiting downstairs? The person she was waiting for was her boyfriend. Besides, I already asked. This girl looks very young, but she is actually sixteen years old. NS."

"Hey, let me tell you one thing. The day before yesterday I asked her how many grades she was in. She said that she had studied with the prince brother and a group of princes and princesses before, but then she stopped."

"Brother Prince? What title is this?"

The uncles and aunts finally did not call the police. They watched the man who got off the jeep kiss Zhu Shu'e for at least three minutes. The enthusiastic emotional exchange between the two made the uncles and aunts sigh that being young is good.

"Yongning, where is your sister Feng?"

Li Yun smiled and grabbed Princess Yongning's little hand, her face flushed with shame, and her body leaned softly against him, and it took a long time to relieve her anger.

"Sister Feng said to get some things...husband, husband, I think it was not good just now."

Chapter 967: Snooze

Princess Yongning put forward her opinions shyly, and there were so many people next to her husband who hugged her and kissed her. If this were in the age of her life, she would definitely be scolded by her father and the emperor, and others would look down on her. , Secretly scolded her as a shameless slut.

Yes, people don't scold men, they only scold women.

Although Zhu Shu'e liked Li Yun's domineering a while ago, she was afraid that others would accuse her, saying that it was because of her fault that she was dressed so beautifully, so her husband couldn't bear it.

"fine!"

Li Yun smiled and gently squeezed Princess Yongning's little face. The little princess's complexion improved a lot, and there was a little baby fat on her little face, as if she had started to develop again.

"What other people say is their business, and we haven't affected others. Modern and ancient times are different."

"Um."

Princess Yongning nodded obediently, and she knew she couldn't persuade her husband.

In fact, her dress is not revealing at all. Although she is wearing a skirt, she wears a close-fitting vest, anti-glare bottoms, and a small waistcoat. Logically speaking, she shouldn't be...

"Brother, you finally came back!"

Li Feng walked out of the residential building, looking at Li Yun with very excited eyes, but with a rather reproachful tone: "Yongning has not been able to sleep well recently, always looking forward to seeing you tonight. If you don't come back, your little wife will get sick."

It was precisely because he knew that Yongning was almost missed and became ill, so Li Yun told her last night to let her sleep well and take her to Zhonghai City today.

"Husband." Princess Yongning's face blushed again, and she lowered her head and said in a low voice: "Yes, it is Yongning that is not good, it shouldn't be troublesome...Ouch."

Before she finished her words, Li Yun flicked on her smooth forehead, and the little princess gave a cute exclamation, and a blush appeared on her cheeks again.

"Don't say these things, well, let's go and go to Zhonghai City!"

Li Yun was very energetic, and took Princess Yongning and Li Feng to Longyang County in the car, and did not go upstairs to visit his two younger sisters. It is estimated that these two girls are still sleeping.

Along the way, Princess Yongning sat in her husband's huddles, feeling his warm huddles, Yongning's mood that had been missing for many days was finally relieved, and she closed her eyes and hugged Li Yun into a deep sleep.

"Sister, has Yongning been very sleepy lately?" Li Yun stroked the little princess's hair in his arms. The beautiful and innocent little princess was not awakened. She gave a soft hug in her sleep and continued to hold him. Sleepy.

Li Feng had held his hand long ago, but placed it underneath, so that he would not be found by the driver.

After hearing his brother's question, Li Feng recalled: "Except for the day I took the pill, I was more energetic, and I was very sleepy at other times. I slept 16-20 hours a day."

Glancing at him with a weird look, Li Feng chuckles teasingly, "The time Yongning wakes up is to miss you except for eating, brother, you big bad guy, so girls are so fascinated by you!"

Except for eating, they are all used to think of me.

Li Yun was moved in his heart, and gently rubbed the head of the sleeping little princess. Wouldn't she miss him even in her dreams?

"I probably guessed why Yongning was snoozing."

"Ah? Why? Can it be solved?"

"Like Xiaodie, she lacks..."

At this moment, Li Yun's cell phone rang, and after connecting, he heard a familiar, crisp girl laugh.

"Hehe, Li Yun, I'm almost at the Zhonghai Airport, will you come to pick me up?"

Chapter 968: Airport

Huangdong Airport in Zhonghai City.

As an international metropolis, the daily passenger flow here is amazing. Countless rich people, entrepreneurs, celebrities, professors and lawyers set out from here to discuss business or participate in some of the industry's first-class seminars.

It can be said that you can see countless big stars, big entrepreneurs, and everyone is not surprised. When you see a well-known person, you will pick up your mobile phone and take a photo. Very few onlookers.

But today, it seems something is different.

"Little Li."

Wen Xiaoli graduated from a top school in China three years ago. She is currently working as a commercial lawyer in a multinational company and is responsible for fighting multinational litigation. Therefore, she often travels home and abroad and flying by plane is a bonus.

While she was sitting in the waiting room looking at her phone, one of her colleagues touched her shoulder, pointed at someone in the crowd coming off an airplane, and said fanatically, "Don't you think she Like a person?"

"A person?"

Wen Xiaoli followed the gaze of her fingers, and found that her colleague was pointing at a tall, elegant and noble beauty who also wore a mask and big sunglasses.

"Which star is it?" Wen Xiaoli smiled faintly. This kind of dress is usually a certain star to prevent fans from being recognized. She deliberately uses a mask and big sunglasses to cover her face.

But Wen Xiaoli knows that most celebrities have no fans to take this opportunity. Those fans who are so-called chasing celebrities are invited in 300 a day.

There are even some news reports that some self-proclaimed celebrities have hired more than a dozen bodyguards to prevent fanatical fans from rushing over.

But after getting off the plane, I was dumbfounded. The fans didn't have as many bodyguards, and they made jokes for nothing.

"Yes, it's her!!!"

Wen Xiaoli's colleague was extremely excited. She couldn't bear to stand up, staring at the beauty with a model figure in the crowd, and said firmly: "It's definitely her. I'm sure it must be her. Yes!!!"

"?"

Wen Xiaoli finds it inexplicable. Her colleague is not a fanatical star chaser, and as a first-class lawyer, she has developed a calm temperament in court, and will not be excited by a certain celebrity or big person.

After all, lawyers have come into contact with more cases, knowing that so-called celebrities have too many black spots behind their backs, all kinds of hidden marriages, cheating, drunk driving, scandals, and even drug use, etc. They are not as shining as on stage. Radiant.

"Ahhhh, it's definitely her!" The colleague was restless, walking back and forth on high heels, as if he wanted to come forward to identify, but didn't dare to disturb the idol in his mind.

"Xiaoli, do you know? I like her for five years!"

"Whether it is "Angel Wings", "Sunshine After the Storm", or the movie "War and Flowers", I love watching it!"

The excitement of her colleagues made everyone around her look at her. After hearing her words, everyone was stunned.

"Angel's wings? The sun is just after the wind and rain? Isn't this a fairy bun's song?"

"Yeah, it's my fairy song, there can be no mistake!"

"This woman said she liked her for five years, so she is..."

Everyone looked at the perfect figure, and the temperament could be vaguely seen, it was very pure and beautiful, and it looked like an immortal.

With such a special temperament, I couldn't find the second one in the entire entertainment circle. With her figure and several bodyguards faintly guarding her, everyone recognized her at once.

"Liu Xianxian!!!"

Chapter 969: Prosperous Beauty

Liu Xianxian, a child star, has made his debut for ten years.

When I was young, my cheeks were very cute, so I was loved by fans as "Fairy Buns".

But after entering puberty, Liu Xianxian's temperament has become more and more immortal, especially her clear and bright eyes, fascinating pill and phoenix eyes, and after learning the shape, the fourteen-year-old Liu Xianxian has a curvy body and \*\*\*\* fans. countless.

What's more amazing is that Liu Xianxian is extremely talented in film and music. He won an international music award at the age of sixteen. He won a film and song at the age of seventeen. It is a miracle in a miracle!

Therefore, after someone shouted out Liu Xianxian's name, the entire waiting room, as well as the people coming and going nearby, all looked over in surprise.

"Xianxian!!!"

"It's a fairy, my goodness!"

"Woo, I'm so excited, I can meet a fairy at the airport!"

"Is that fairy sister?"

"Sister Tianxian?"

"Damn, is it really Liu Xianxian?"

"real or fake?"

The airport became a sensation in an instant, and countless people craned their necks to look over. The fanatical fans had already squeezed by the suspected Liu Xianxian, eagerly trying to confirm whether it was an idol!

Wen Xiaoli was pulled by her colleague and squeezed to the person closest to the suspected Liu Xianxian. Looking at the beautiful woman in front of her, Wen Xiaoli suddenly felt her heart beating so fast.

Of course she knows Liu Xianxian, and she has also heard many songs by the fairy sister. The Xianxia movie made her shocked. She only thinks that Liu Xianxian is the most beautiful woman in the world, and Wen Xiaoli has been a fan of her for a long time when she was in college.

After working, Wen Xiaoli saw a lot. After all, Liu Xianxian was only fourteen years old, and she would lose the price if she was an adult who chased stars.

Unexpectedly, after seeing "Liu Xianxian" with my own eyes, memories of the past spring up again.

"Are you a fairy bun?"

When she blurted out these words to her, Wen Xiaoli's face couldn't help but feel a little hot, but she was very excited in her heart. Fairy buns seemed to suit Liu Xianxian, after all, she was younger than herself.

——Although Liu Xianxian has been out for a long time.

"it's me."

Surrounded by countless people noisy and yelling, the big star Liu Xianxian finally couldn't pretend, and helplessly reached out his hand to take off the mask, and then took off the sunglasses, revealing her perfect and pure beauty in front of the fans.

In an instant, the surroundings became quiet.

The tall and slender figure, the beautiful oval face, the baby-like skin that can be broken by blows, the red and phoenix eyes of the double eyelids, are pure and slightly charming, and the beauty is thrilling.

"My family is beautiful in the prosperous age of immortals, lick and lick!!!"

With the scream of a female fan, the quiet atmosphere of the airport was broken, and countless fans became enthusiastic.

"Wow! Xianxian, I love you!"

"The fairy is the most beautiful, the fairy is the most beautiful, the fairy is a little fairy!!!"

"Liu Xianxian, please sign."

"Fuck, listen to your tone, you won't be a fan of my immortal family, please stay away from my mother!"

"It's so beautiful, she deserves to be the number one beauty in the entertainment industry!"

Liu Xianxian's bodyguards soon couldn't stop these restless fans, and the airport security also joined in, but the scene was still extremely chaotic, and countless fanatical shouts infected people who didn't chase stars and made them join the crowd.

"This..." Liu Xianxian wanted to cry without tears. She made a noise again this time, just want to see that person. Why is it so difficult?

At this moment, a loud voice clearly entered the ears of everyone present.

"Everyone, please be quiet!"

Chapter 970: Big star

Immediately, everyone in the airport became quiet, and this loud voice stopped in their ears as if they had swallowed an ice cream, and the whole body was icy.

"Li Yun!!!"

Liu Xianxian's eyes lit up, and the corners of her mouth curled, revealing a joyful smile. She couldn't wait to stand on tiptoes and look around, looking for Li Yun in the crowd.

Soon, the innocent star found the man she missed so much from the crowd.

"Li Yun!"

Liu Xianxian threw over excitedly, trying to hug him, but Li Yun held her shoulders with both hands in time.

Just kidding, holding him in front of a large group of fanatical fans of the international star, Li Yun wondered if he could go out alive.

"Whee."

Liu Xianxian covered her mouth and snickered. She understood what Li Yun meant. If she really hugged her, she would have to post a Weibo later, admitting that she was in love with Li Yun.

Although Liu Xianxian doesn't care about admitting the love affair, she already regards Li Yun as her future husband in her heart and is not afraid to open her love and affection relationship with him.

But considering that the two have not yet gone to college, and the troubles Li Yun is facing now, Liu Xianxian thinks it would be good to maintain this for the time being.

"Xianxian, woooo!"

The fans were dumbfounded. Liu Xianxian smiled cleverly and looked forward to his beautiful eyes. The eyes that looked at the man were full of tenderness and sweetness. Fans who are not stupid might have guessed that Xianxian... ..

"Woo, the fairy buns are actually..."

"Damn it, who is this man?!"

"Take Lao Tzu's forty-meter knife, and Lao Tzu chopped him out!"

"Duel, my immortal can only be mine!"

Countless envy, jealousy, full of anger, resentment, and sad eyes looked straight over. Li Yun was startled, and quickly raised Liu Xianxian's little hand and said, "Xianxian, let's go!"

"Ahem, dear fans, I'll take away the fairy. I asked her to have a very important thing to talk to her in detail, so let's go away."

Liu Xianxian was held by Li Yun and shuttled through the crowd, the smile on the corner of his mouth could not stop.

Because Li Yun had to hold her while forcibly 'playing' a way in her fan base without hurting her fans, it was very difficult to walk.

But Liu Xianxian was very happy. Li Yun's warm hands filled her with a sense of security, and she was not afraid of being attacked by fans. Li Yun could definitely protect her!

In fact, Liu Xianxian was very nervous after revealing her identity, but when she heard Li Yun's voice, she immediately felt relieved, and was no longer afraid of any fierce actions by enthusiastic fans.

Li Yun will protect her, but also protect her.

"Damn it, is this kid a loach? Run so fast with my fairy!"

"Beast, no, birds. Beasts are worse!"

"It seems like...this man and Xianxian are good friends?"

"With a fart! I don't think I admit it!"

Wen Xiaoli looked at the back of Li Yun taking Liu Xianxian away, suddenly felt a little familiar, hesitated, and asked her colleague: "He seems to be the boss of Baiyun Technology?"

"Seems to be."

"Then I know what the fairy buns are doing!"

Many people turned their heads to look at Wen Xiaoli's words.

"Today Baiyun Technology has a very famous game conference. It is estimated that the boss invited Liu Xianxian to promote it."

"how is this possible....."

Wen Xiaoli's colleague opened her mouth in surprise, "Going to be the spokesperson of the game?"
